

Boone Co. Begins New Government

Boone County will begin a new form of government with the beginning of the new year—a commission form of government. This form has been in effect for some time in Kenton and Campbell Counties.

According to a news item in the Cincinnati Enquirer by Cadeen Blincoe the new form of government replaces the magisterial form and was approved by voters in November of 1972.

Boone County Judge Bruce Ferguson and fellow members of the Boone County Fiscal Court favor the new system of government which is said to promote county-wide thinking rather than sectional promotions of the court.

With the added responsibilities comes an increase in salary for commissioners, \$3600, double the amount they made as magistrates. Each of the three commissioners will be responsible for the operation of a county governmental department within the legislative duties of the fiscal court.

Commissioner "Dick" Houston said he feels the new form of county government is good and will be beneficial to the southern section of Boone County and surrounding areas.

Other commissioners are Ken Lucas, Florence, serving his first term, and Galen McGlasson of Hebron who has served the fiscal court in previous terms.

Judge Ferguson said he realizes it will take some time for people of the county to adjust to the new system.

A special fiscal court meeting is scheduled for today (Thursday) to discuss the reorganization. The first regular session will be January 8.

Church Basketball Scores

In the first game of Dec. 22 Al Saints defeated Hickory Grove by a score of 90-71. L. Ryan led the winners with 29 points. R. Bowen led the losers with 20.

Walton Methodist edged New Bethel in the final seconds of the second game 80 to 79. Terry Strong had 27 points for the winning team and Dixon got 32 for the losers.

Walton Christian outmanned the Eggleston Methodist squad 99-45. Ferguson had 24 points and J. McCauley got 22.

In the final game Union defeated Piner 76 to 68. George Hatton led the winners with 28 points as Palmer had 28 in the loss.

4-H Club Officers Named

The Briarcrest Briddlers held their annual Christmas party on Friday, December 14 at 7:00 p.m. in Hickory Grove Baptist Church.

Dinner was served for the members of the club and their families. Four guests who attended the party were Paul Meyer, Diane Schneider, Bob Crouch and Jim Scheben.

After dinner there was a ceremony for installation of officers. Patricia Spurlock took over her duties of president along with

Peggy Simmons as vice-president. Peggy Leffer corresponding secretary, Paula Collins recording secretary, David Carter treasurer and Rhonda Bene publicity reporter.

The Briddlers then presented Mrs. Keeney the 4-H leader with a plaque to show their appreciation for her time and effort.

Gifts were exchanged among the club members and a film was shown. Then refreshments were served.

From bottom and left to right are David Carter, Paula Collins, Peggy Simmons, Peggy Leffer, Patricia Spurlock and Rhonda Bene.

4-H Variety Show Winners

The 4-H Club Act of the Piner Clover 4-H Club won on November 10 at the Kenton County 4-H Variety Show and then went on the Northern Kentucky 4-H Variety Show at Pendleton Co. where they placed first. The name of the club is the Piner Frodoanders and consisted of lively square dancing. As a result of being selected first they will now represent Northern Kentucky at the State 4-H Variety Show to be held during the 1974 Kentucky State Fair.

Pictured on the front row, left to right, are Cheri Smith, Cindy Parker, Janet Bray and Dawn Morehead; second row: Scott Parker, Dexter LaFollette, Chris Parker and Doug Smith. Leaders of the 4-H club are Mrs. Eula LaFollette and Mrs. Faye Bray.

For Those Who Have a Heart Attack... Knowledge Of Early Warning Signs Speeds Response And Saves Lives

(This is the first of eight articles about the Early Warning Signs of Heart Attack)

Kenton ASC Election

Results of the Kenton County ASC Convention have been announced by Mose Black, Chairman of the Kenton County Agricultural Stabilization and Conservation Committee.

Chester Ballinger was elected to a three year term on the committee, beginning January 1, 1974. Mr. Ballinger will fill the spot on the committee which will be left vacant by Mr. Black's retirement.

Elected as Chairman of the committee for 1974 was W. W. Worthington. John Shaw was elected as the Vice-Chairman.

Warren Van Horn was elected as the first alternate to the county committee and Robert Northcutt as second alternate.

A correction should be made for the alternates for the Decoursey-Towers community who were elected December 3rd and previously reported in a news article. The alternates should be Cyril Blau and Ray Darrell.

Funds For Union

Governor Wendell H. Ford and Transportation Secretary Elijah M. Hogge have announced the 1973-74 Municipal Aid Program for the City of Union in Boone Co. The of \$1,054.09 for the coming fiscal year.

Highway Commissioner James E. Gray explained that the program provides for blacktop resurfacing of the Mt. Zion Road.

The activities authorized will be accomplished by the city with the Bureau of Highways financing all or a portion of the work in accordance with the Municipal Aid Agreement with the municipal aid agreement.

The Municipal Aid Program, which became effective July 1, 1973, is the product of Governor Ford's concern about the money problems of Kentucky's cities and towns and his campaign commitment to find some manner of help beginning July 1 is \$9,230,000. This sum is distributed among the incorporated and unincorporated areas according to the terms of a formula chosen by the General Assembly in 1972.

The program is selected annually after consultation with the city or urban place. A formal agreement has been signed by officials acting for each party.

File In January For Faster Refunds

Want a faster refund this year? The Internal Revenue Service says that all taxpayers who file their tax returns in January should get their refunds in four to five weeks. After January it may take six to eight weeks.

Paul Niederecker, District Director of Internal Revenue for Ky., said that January filers gain about a two-week advantage over those who file later because the ten IRS Service Centers can process returns and approve refunds much faster early in the filing season when workload are not making the thoughtless errors heavy.

"Taxpayers who file early avoid making the thoughtless errors that often occur in their rush to meet the April 15 deadline," said Niederecker. "Those who wait until the last few weeks to file often fail to read the instructions carefully, neglect to sign the return, or forget to attach all schedules and W-2 forms. These mistakes can delay a refund for as long as four additional weeks."

To avoid the rush and beat the January filing deadline for an early refund of the money due them, taxpayers should start getting their tax records together now.

In the next three or four minutes you can learn enough about the early warning signs of heart attack (EWS) to save your life if you are stricken with this disease.

The key to surviving heart attack is a prompt call to your doctor or a trip to the hospital emergency room when you first feel the kinds of discomfort that almost always precede or accompany an attack.

Each year approximately one million Americans have heart attacks. Over half of these die during the acute stage—the first few weeks. Over sixty percent of these early deaths occur before the patient reaches a hospital, most during the first one to four hours.

Of those reaching adequately prepared hospitals, at least four out of five survive. Applying this figure, one can reasonably hope that the majority of those now dying outside the hospital could survive if they were aware of their condition and obtained treatment promptly.

In one predominantly rural area of a midwestern state, a saturation multi-media education program of heart attack reduced the average response time from 14 hours to about 7.5 hours. These times were taken from an 11-month sampling of 207 patients admitted to the cardiovascular care unit of one hospital. This sampling, the first survey made in the United States.

(Continued On Last Page)

1973 Tobacco Crop Is Short

The 1973 burley tobacco crop is estimated at 500 million pounds. At that amount, the crop is about 100 million pounds below 1972 production and 90 million pounds below auction sales last year. The short crop this year resulted from much lower yields per acre—caused by adverse growing conditions.

The short 1973 burley tobacco crop, plus a small decline in old stocks, has resulted in an estimated total supply of 1,739 million pounds of burley. Total burley supplies have not been this low since 1961. Total supplies are sufficient to last about 2.9 years at current use rates—down sharply from the 3.5 years supply of 1970.

Total use of burley for the year ending October 1, 1973 was 600 million pounds. Domestic use of burley in domestic manufacturing about 2 percent above that of the preceding year. The higher use of burley in domestic manufacturing was related to increased cigarette output and a slight increase in burley used in cigarette blends.

Burley exports were 68 million pounds during 1972-73, or about 24 percent above that of the preceding year. Increased use of American-type cigarettes overseas and currency devaluation appear to be the major reasons for the strong export demand for U. S. burley.

Electric Rate Increase

The Union Light, Heat and Power Company today applied to the Public Service Commission of Kentucky for an electric rate increase of \$3,453,000, or 13.2 percent per year.

The application cited increased costs for construction and capital, along with higher operating and maintenance expenses, as reasons for an increase in rates.

The Company noted that its last increase in the base rates for electric service was received in 1960, and that the rates were decreased in 1965.

ULH&P provides electric service to 80,700 homes, businesses and industries in Northern Kentucky, including 73,000 residential customers. Increases are being sought for customers in all classifications.

The amount being sought would add \$1.62 per month to the average residential electric bill, which is now \$11.88.

License Plates Now On Sale

Motor vehicle plates went on sale January 2 at the Boone Co. Clerk's office in Burlington.

The fees are as follows:
Auto—\$12.50;
Farm Truck—\$12.50;
Commercial Truck 6,000 pounds, \$12.50;
Motorcycle—\$6.00.

In order to obtain your new license you must bring your 1973 registration certificate. To obtain your license by mail send your 1973 registration certificate, together with \$13.25 (\$12.50 license fee and 75c postage) to Jerry W. Rouse, Boone County Clerk, Burlington, Kentucky 41006.

Auto license plates expire December 31, 1973, and must be on the vehicle by March 1, 1974.

Truck plates expire April 1, 1974 and must be on the trucks by April 1, 1974.

The clerk's office will be open daily 9:00 a.m. to 4:30 p.m. beginning Friday, January 11th. The office will be open every Friday evening until 7:00 p.m. during January and February.

EMT Graduates

Four Boone Countians have been certified as emergency medical technicians (EMTs) by the Department for Human Resources' Bureau for Health Services.

They are Mrs. Beverly Bonar Martin of Walton, Ms. Debbie A. Fightmaster of Florence, Larry A. McClanahan of Florence and Mr. Donald W. Stith of Florence.

They are among 32 who successfully completed a 12 and one-half week course at the William Booth Memorial Hospital in Covington. The EMT course is part of a federally-funded project co-sponsored by the Department for Human Resources and Law and Justice. It covers all aspects of emergency medical care and transportation of the sick and injured.

Chief Cady Arraigned

Walton Police Chief P. Thomas Cady, indicted recently for conversion, will be arraigned January third.

Chief Cady was charged with conversion, selling a gun, in October, and was released on his own recognizance.

Former Mayor Dallas Justice draws a winning ticket for Cliff Dryer of Boone County Carpet Mill on Dec. 22.

Winners of a 9x12 rug were Dorothy A. Sallee, Green Road, Walton, and Maynard Meadows, shown above.

COUNTY
AGENT'S
1/2 ACRE

—by—
JOE CLAXON

A slowing pace of economic activity is expected in the year ahead. Real output is expected to increase by only one to two percent, which would be sharply lower than 1973's 6.0 percent real gain.

At this time it is difficult, however, to assess accurately the negative impact of the energy crisis and the fuel shortage on the U. S. economy.

Additional slowing signs are the expected declines in residential construction and in business investment in plant and equipment. Too, business investment in inventories will be restrained by relatively high interest rates. Also, consumers invested heavily in automobiles and consumer durables during the past year and will likely show caution in spending for non-food items in 1974.

Price inflation will continue to be a major problem. Worldwide demand for raw commodities, both farm and nonfarm, has risen dramatically and will keep upward pressure on prices in the U.S. However, we may see inflation rates slowed by mid-1974.

Total exports of goods and services are expected to exceed imports by a small margin. The U.S. may be in a stronger trading position than in recent years. Foreign demand for U.S. farm commodities will be unusually high.

Strong export demand for U.S. agricultural products is expected to maintain the value of U.S. agricultural exports at or above the record \$12.8 billion level for fiscal 1973.

AN EDITORIAL:

by Clarence M. Kelly, Director Federal Bureau of Investigation

The time has come for Americans to understand and appreciate the humanitarian nature of the law enforcement profession.

Obviously, there is much the police officer does that is distasteful to many. Depriving people of their liberty, even by lawful arrests, is rarely regarded as an endearing human act. The intensity of vigorous and penetrating investigations is likely to offend even those persons interviewed though they have no complicity with crime. The urgency and directness of many law enforcement inquiries necessarily fracture the social amenities some people would like to receive.

Hence, it is not surprising that the actions of law enforcement personnel in their performance of duty often arouse criticism.

But the officer has no alternative—he must carry out his legal duties. He must enforce the laws of the land so that all of us can enjoy the benefits of liberty and justice.

Far too frequently, I regret to say, the human qualities of these men of the law are overlooked—or deliberately denied.

In my more than 30 years in the law enforcement profession I have known thousands of officers. They are not cold ogres, inhuman automatons, brutal sadists. No, they are human; they have emotions; they possess a deep and abiding concern in their fellow man.

If citizens could see the officer off duty they would realize that he enjoys his family and children, he is a good neighbor, he faces the sicknesses and tragedies of life like all of us.

Inconsiderate words or deeds by citizens can offend—and undercut—the countless acts of genuine compassion which these officers perform daily for their communities.

Is there ever an hour in the day when an officer does not risk his life for a fellow citizen?

How many times has he helped the needy, the sick, and those who are accident victims?

How many times has he consoled the brokenhearted... shown kindness to the despondent... calmed the distraught?

I would very much like for Americans to look upon their police as friends... as men and women who are human, compassionate, and understanding.

In our democratic society the officer of the law is not to be feared... but respected for his ability, his fairness, and his humaneness. This is the kind of officer we have today.

Local & Society

Miss Suzanne Grant of Ludlow spent the holidays with Mrs. Leona Jump.

Mr. and Mrs. Vernon Speth spent the holidays with her parents in Fairfield, Ohio.

Mrs. Rosella Hughes is able to be out again.

Mr. and Mrs. Larry Cook and children attended the Grieser family Christmas dinner Thursday at her parents home in Burlington.

Mr. and Mrs. Gene Penn and family were guests of his mother, Mrs. Anna Louise Penn during Christmas.

Mr. and Mrs. Eddie Pyles of Sherman were Sunday afternoon guests of Mr. and Mrs. Lawrence Wilson.

Home Winburn of Jones Road is a patient at Booth Hospital. Mrs. Edith Gerth (formerly of Walton) is in Booth Hospital from a heart attack.

Mrs. Zella Baker of Chambers Avenue is in St. Elizabeth Hospital and had surgery Monday morning.

Mrs. Rebecca Brown called on Mr. and Mrs. David Carnes on Sunday afternoon.

Dwayne Cook spent Sunday with Mr. and Mrs. Charles Pralther and family.

Mr. and Mrs. Ray Brewster spent the holidays with Mr. and Mrs. Charles Smith and children of Detroit, Michigan.

Mrs. Clifford Farwell returned home Saturday from the hospital. Mr. and Mrs. Lawrence Wilson spent Christmas with Mr. and Mrs. Pat King and children of Cynthia.

Mr. and Mrs. Jimmie Gibson had as holiday guests Mr. and Mrs. Rich Myers.

Timmie McCubbin of EKV spent the holidays with his parents, Mr. and Mrs. J. B. McCubbin.

Keen Age-Club Meets

The Keen-Age group of the Walton area met for their Christmas Party and covered dish dinner in the home of Rev. and Mrs. Bob Sheffield of Roe Street.

Mrs. Louise Callen gave the devotional.

The following members enjoyed games and gift exchange in their fellowship: Mrs. Mabel Maddox, Mrs. Lil Young, Mrs. Rella Day, Mrs. Teresa Baker, Mr. and Mrs. Levi Pennington, Mrs. Leona Jump, Mrs. Fanny Adams, Mrs. Margaret Wilson, Mrs. Clara Presser, Mrs. Lela Wasson, Mrs. Mae Burdine, Mrs. Louise Callen, Mrs. Elizabeth Jones, Mrs. Elizabeth Farrell, Mrs. Nora Warren, Mrs. Elizabeth Fairchild, Mrs. Leo Flynn, Rev. and Mrs. Larry Cook, Amy Cook and the hosts.

The next meeting will be on January 21 at Walton First Baptist Church in Fellowship Hall.

Piner Elementary**Talent Show Winners**

The Piner Elementary School 4-H group met at the school on December 10th. They had their own version of a "talent show" with the following people showing their talent:

Lisa Oliver—piano solo;

Becky Huffman and Roxanna Connolly—poem "Clickety Clack";

Martina Mullins—A Christmas Poem;

Martina Mullins—A Christmas from the Bible;

Michael Harden—Music on the harp.

Miss Diane Schneider gave out project books and told the students some of the things they could make.

CARD OF THANKS

I want to thank everyone who remembered us during the illness and in the passing of my mother, Mrs. Clara Haddix.

Your cards and words of comfort are greatly appreciated.

—MRS. LISA LAWRENCE

Piner Clever Clovers

The November meeting of the Piner Clever Clovers 4-H club was held at the home of Janet Bray, acting as hostess.

The meeting was called to order by Dexter LaFollette, vice-president, in the absence of the president. The pledges, led by Doug Smith were recited and two songs were sung, "Mine Eyes Have Seen the Glory" & "Cindy."

The roll call was answered by Tings to be thankful for The members present were: Janet Bray, Dexter LaFollette, Dawn Morehead, Cindy Parker, Cherie Smith and Doug Smith, leaders, Mrs. LaFollette and Mrs. Bray. The Secretary's and Treasurer's report were given and approved.

Our club participated in the Kenton County Talent Show on Nov. 10 at Twenhofel Junior High School. The act consisted of square dancing with the title "The Piner Promenaders". The club received first place and champion ribbons and also a beautiful trophy. Then on Nov. 12, our club went to Falmouth, Ky. for the Area Talent Show. The act received first place and champion overall.

The club received letters of congratulations from Diane Schneider, County 4-H Extension Agent, and the "Green Road Special" 4-H club. Thank you. Also two thank-you notes for Field Crops Award and the curtain pulling by Scott Parker and Dexter LaFollette at the talent show.

All the members filled out their enrollment cards and took projects they wish to complete for this coming year.

Record books will be due on Dec. 7th for projects completed.

The club drew names to exchange Christmas gifts at the Dec. meeting to be held the home of Cherie and Doug Smith.

The meeting was adjourned and refreshments served.

Reporter, Doug Smith

ELECTED PRESIDENT

Cincinnati attorney John S. Wirthlin of the firm Belne and Wirthlin was elected President of the Alumni Association of the Salmon P. Chase College of Law of Northern Kentucky State College at the group's annual meeting recently in Cincinnati.

Service Men's News

Airman John W. Perry, son of Mr. and Mrs. Donald E. Perry, 444 Banklick Station Rd., Independence, Mo., has graduated at Sheppard AFB, Tex., from the U.S. Air Force aircraft mechanics course.

Airman Perry, who was trained to repair current Air Force jet fighters, is being assigned to Webb AFB, Tex., for duty with a unit of the Air Training Command.

The airman is a 1973 graduate of Simon Kenton High School, Independence.

Bit 'N Spur 4-H Club

President Debbie Ryan called the last meeting to order as Kathy Lanter led the 4-H pledge.

Included in the old business was a report on selling puzzle books for children; turning in record books; and the state fair results.

The group discussed the variety show, skating party and trailride. One leader, Mrs. Campbell, was present.

VARIETY SHOW

The Bit-N-Spur 4-H Club got a Grand Champion at Boone Co. Variety Show with an act called "Miss 4-H America."

In the area contest they received a red ribbon.

Members participating were John Benton, Sand Lanter, Elaine Campbell, Jeff Afterkirk, Debbie Ryan and Kathy Lanter.

4-H Meeting Monday

There will be a meeting of the 4-Leaf Clover 4-H Club on Monday, January 7th at 7:30 at the Walton Christian Church.

Vocational School Plans.

Students of the Simon Kenton High School area will be offered sheet metal courses and commercial art when the new Kenton Co. Vocational Education School is completed.

The inclusion of the two programs was made possible when bids were low enough to permit the additions.

The bid of Stephen Gross and Sons, Hamilton, O., was approved by the Kenton County Board of Education. It was for \$1.218 million. Air conditioning for the health careers facilities also was included in the bid.

County School Supt. Don Davis voices hope for ground breaking ceremonies sometime this month with a completion date of November 1974.

Next step, expected shortly, is approval by the Kenton County Fiscal Court.

The first city central labor body in the U.S. on record was the Mechanics' Union of Trade Associations in Philadelphia in 1827, according to the U.S. Department of labor.

CARD OF THANKS

We would like to give special thanks to our friends and neighbors for their kindness and sympathy in the death of our mother, and a very special thanks to the Walton Life Squad, Shirley Steward and Chip Martin.

—THE CHILDREN OF
EDNA K. MCINTYRE.

Twelfth Night Festival

Protestants and Catholics from the Walton-Independence area are joining in the celebration of Twelfth Night, 5 p.m. Sunday, Jan. 6, at the LaSalette Academy auditorium, Seventh and Greenup Sts. Covington.

The tenth annual festival, marking the arrival of the three wise men at the crib of the Infant Jesus, is sponsored by the Northern Kentucky Interfaith Commission. Mrs. Joseph Kuchle and Mrs. James Simpson are chairmen of the event.

There is no admission charge and following the festival, there will be refreshments served during the fellowship hours.

Service Men's News

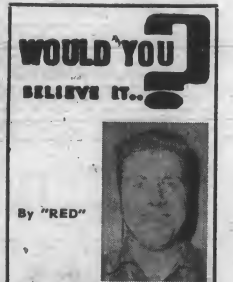

U.S. Air Force Staff Sergeant John A. Lucas, son of Mr. and Mrs. Ralph A. Lucas of 74 Alta Vista Drive, Walton, Ky., is a member of a Thailand-based wing that has earned the Presidential Unit Citation for the sixth time.

The sergeant is an illuminator operator with a unit of the 8th Tactical Fighter Wing at Ubon Royal Thai Air Force Base which received the highest U.S. honor accorded a military organization for extraordinary heroism in Southeast Asia from Jan. 1 to April 1, 1971.

The 8th was specifically cited for its effectiveness in carrying out reconnaissance, low level strike and interdiction operations against heavily defended enemy forces.

Sergeant Lucas is a 1965 graduate of Walton-Verona.

FIRST BAPTIST CHURCH

47 South Main Street, Walton, Kentucky

CORDIALLY INVITES YOU TO ATTEND ITS SERVICES**Move over Scotland Yard...****L&N carman****C.H. Bicknell****doesn't miss a clue.**

Sharp eyes and a knowledge of what it takes to keep shipments safe and rolling to their destinations... Carmon H. Bicknell has them all! And so do all his associates on the L&N!

Carmon represents the high caliber of all L&N associates. He, his wife, and son are members of the Beech Grove Baptist Church in Estill County. Carmon was a former coach of the Little League Baseball Club of Irvine and took time to serve his community as State Representative in Frankfort for two years.

He is active in the Estill County Chamber of Commerce, the Sportman's Club, and the Board of Directors of the County Fair. He is an avid hunter and

fisherman. These activities, together with his other community and railroad interests keep him a mighty busy resident of Irvine.

He has been employed on the L&N for 28 years. On the job, Carmon and his associates inspect decking, ceilings and linings inside, car; couplings, brakes and wheels outside. Only when their training and experience tell them "This car is safe" will the train move.

L&N is proud of Mr. Bicknell and every one of its 17,000 dedicated men and women. As citizens of their communities and as co-workers, they make L&N a far better railroad. Because of them, the L&N is better able to serve you and your community.

L&N**A better railroad because Kentucky people care!****HANG-UP DEPARTMENT:****WHAT'S BEYOND IT?****IS IT LOCKED?**

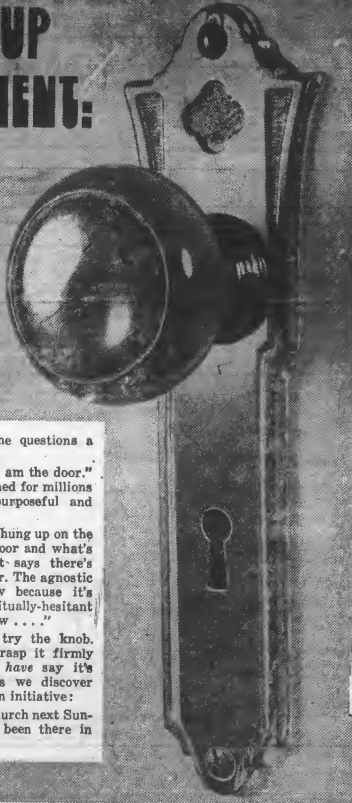

Sure, these are the questions a door raises.

Jesus once said, "I am the door." His teachings have opened for millions a more meaningful, purposeful and satisfying life.

Yet people still get hung up on the questions of a locked door and what's behind it. The atheist says there's nothing beyond the door. The agnostic says we'll never know because it's locked. And the spiritually-hesitant just say, "I wish I knew..."

Sheer logic says try the knob. Common sense says grasp it firmly and turn. Those who have say it's amazing what rewards we discover with one twist of human initiative:

It's like going to church next Sunday when you haven't been there in years.

USDA EQUIPMENT MANUFACTURERS PROPOSE FUEL CONSERVATION CAMPAIGN

Representatives of farm equipment manufacturers have pledged their support for an educational campaign to help conserve fuel used in farm machinery.

The industry spokesman met with Nicholas H. Smith, the director of the U.S. Department of Agriculture's energy crises activities, to outline ways the industry could contribute to efforts to help conserve the nation's energy resources.

"Farmers will be given priority, though they will have to curtail their use of fuel," Mr. Smith said. He added that Secretary Butz has directed all agencies of the department to give top priority to energy matters and to support President Nixon's determination to insure adequate supplies of fuel for the nation's agriculture needs.

The purpose of the education program will be to:

1—Make sure tractors are in good condition and properly tuned.

2—Make use of wheel weights to reduce slippage when pulling heavy loads, removing the weights when doing lighter work.

3—Match machinery and tractor size carefully to obtain full efficiency.

4—When "pulling lighter loads," shifts up to a higher gear and same ground speed and saving up to 25% in fuel consumption per acre.

5—Adjust diesel fuel pumps so that excessive black smoke does not pour out of the stack. (Black smoke means inefficiency and wasted fuel.)

6—Store fuel in a protected or shaded area. This reduces loss through volatilization, (pass off in a vapor) a common fuel loss that most farmers do not consider.

The farm equipment industry spokesman vowed to work on their own and with USDA in every possible way to aid farmers in the saving of energy in their farming operations.

Heart

EWS programs, showed that a population armed with knowledge of heart attack can do much to protect itself.

This educational program, sponsored by the Heart Association, is still being carried on by regional newspapers, radio and TV, and is designed to reduce response time to one hour or less. This approach has proven so effective that the Kentucky Heart Association today is launching a similar public education program. It is hoped that this program will significantly reduce the deaths from this disease in our state.

So what should you know about the early warning signs of heart attack?

First, realize that the heart is in the center of the chest, not on the left side, as many believe. The most frequent location of pain will be under the necktie, just behind the breastbone, in the middle of your chest.

The next most frequent sign is pain that radiates from the chest into one or both arms.

Pain may also occur in the neck, jaw, upper abdomen or back, either by itself or in company with pain in the central chest or arms.

The discomfort felt in the chest may be a sensation of pressure, fullness, squeezing or aching, and may be accompanied by sweating, shortness of breath, nausea or vomiting.

If you experience any or all of these discomforts, call your doctor or get to a hospital emergency room immediately.

Your Heart Association suggests that you clip this article, and the seven other articles that will soon follow, and keep them in some prominent place in your home so that every family member may get to know the EWS. This authority adds that getting heart attack patients to the hospital on time will rank in life-saving priority with the spelling out of such heart attack risk factors as smoking, obesity, hypertension and high cholesterol in the blood. Knowledge of the risk factors can help you plan life-long preventive measures against heart disease. But knowledge of the early warning signs can give you immediate control over a life-threatening situation.

How about taking just another minute to reread and memorize the signs of heart attack? Remember that where this disease is concerned, early attention can mean prevention.

(This is the first of eight articles. Next: The likeliest victims of heart attack.)

REAL ESTATE COURSES

AT NKSC-SPRING, 1974

Two courses in real estate will be offered at Northern Kentucky State College during the spring semester, which begins January 7, 1974. The courses, Real Estate Principles I and Real Estate Finance, will both meet in the evenings in Nunn Hall on the campus.

Shooting Incidents Reported

Two incidents involving trucks being shot at were reported near Walton during the trucker's protest during mid-December.

One truck was hit in the windshield as it traveled on I-75 near the I-71 overpass. The driver was treated for minor cuts about the face caused by flying particles of glass.

Another trucker said his truck was struck by a bullet as he traveled I-75 near Richmond.

—DEATHS—

TOM GORDON, 85, of Glenoe, died at 7:45 p.m. on Monday, December 17 at his home from an apparent heart attack. He had lived in this community for 47 years and was a retired trackman for L&N Railroad.

He was a member of Glenoe Baptist Church where services were conducted on Thursday.

Survivors include his wife, Ethel Webster Gordon; daughter, Mrs. Pauline Beach, Florence; a sister, Mrs. Anna Webster of Owenston and two grandchildren.

MRS. MARY ANN JOHNSON, 85, formerly of northern Kentucky, died Monday, December 17 at Clermont Nursing Home, Milford, Ohio, where she had lived three years.

She is survived by a son, Claude Shelton; 13 grandchildren and 27 great-grandchildren.

Services were Wednesday afternoon at Hamilton's Funeral Home.

EULA HUMPHREY, 88, box 350, Morning View, was found dead at home at 11:00 a.m. Wednesday.

Survivors are daughters, Mrs. Jean Oliver, Erlanger; Mrs. Joyce Hudson, Latonia; Mrs. Charlotte Stevens, Independence; and sons, Harry, Morning View; Thomas of Independence; Kent, Atwood; and brothers, Alfred, Curtis, Harold, Joseph all of Morning View; Louis of Cincinnati; Charles, Nashville, Tennessee; Marion, Roy Edward of Taylor Mill; sisters, Mrs. Ann Sullivan, Covington; Mrs. Lillian Reeves, Bromley, 28 grandchildren.

Services were at 11:00 a.m. on Saturday at Chambers and Grubbs in Independence.

CHARLES D. CASE, 61, Green Road, Walton, was found dead in bed at 6:30 a.m. on Tuesday at home of a niece, Mrs. Jill Smith, Covington.

Other survivors are a sister, Mrs. Jenny Higman, Latonia; nephew, Jack Case of Covington. Services were at 2:00 p.m. on Friday at Chambers and Grubbs in Independence.

MRS. EDNA KATHERINE McINTYRE, 64, of 67 High Street, Walton, died on Monday, December 24 at 11 a.m. of an apparent heart attack at her home.

She was a member of Walton First Baptist Church.

Survivors are five sons, George Elbert, Jr., Donald, Thomas Eugene of Walton; Phillip, East Lebanon, Me.; Edward Life, Mempho, N.J.; two daughters, Mrs. Margaret Philips, East Lebanon, Me.; and Mrs. Marilyn Joyce Blades, Walton; and a brother, Edward McIntyre of Cincinnati.

Services were held on Thursday at Chambers and Grubbs, Walton.

MRS. FRANCIS STEPHENS KEENEY, 84 of 561 Old Courthouse Pike, Independence, died at 7:00 p.m., Monday, December 24 at the home of a son, Donald, of Riggs Road.

Mrs. Keeneey was very active in community and civic affairs and had been a correspondent for the Walton Advertiser for many, many years. She was most active in the Staffordburg United Methodist Church and the WMU. Also, she was an active member of the Homemakers club, Kenton County Garden Club, Brucewood Senior Citizens club and other groups where she could meet and be with people and serve the Lord.

Immediate survivors include 4 daughters, Hope Keeneey, Houston, Texas; Mrs. Kathryn Wharton of Independence; Mrs. Emily Kleete of Park Hills, Mrs. Ruth Fryer of Austin, Texas.

Also two sons, Paul of Lake Bluff, Illinois and Donald of Independence.

There are two sisters, Mrs. Margaret Rector of Independence and Mrs. Mary Stephens, Independence; a brother, Byron Stephens of Ft. Wright and 12 grandchildren.

Services were Friday morning at Chambers and Grubbs.

JAMES RANDALL BURKHART, young son of Mr. and Mrs. Jerry Reed died Saturday, December 22, after a long bout with leukemia.

Services were held at Chambers and Grubbs for the family and at White Tower Pentecostal ch.

Other survivors are a sister, Jena Kay Reed; grandparents, Mr. and Mrs. Lazarus Saylor of Morning View and Mrs. Catherine Reed of Florence.

Honor Student

Miss Alice Lambert of Florence is among '36 Morehead State University seniors selected for the 1973-74 edition of "Who's Who Among Students at American Universities and Colleges."

A sociology major, she is the

daughter of Mr. and Mrs. Robert Lambert of 15 Dell Ave., Florence. She is president of Pi Gamma Mu honorary and a member of Cardinal Key National Honor Society and the Morehead Players.

Miss Lambert, who is on the Dean's list, is in the MSU Honors Program and is the student representative on the Honors Program Board. She is a former photographer for the MSU yearbook.

White's Tower 4-H Club

The White's Tower Elementary School 4-H meeting of December 14 was opened by Sean Daugherty, president.

Sergeant Pat Ryan, a policeman, was guest speaker. He told about the proper and safe riding of a bicycle, and also showed a film. The meeting then broke up into groups to work on their individual projects.

Next 4-H meeting at the school will be held January 4, 1974.

WALTON, KENTUCKY — THURSDAY, JANUARY 10, 1974

Volume 59 - Number 2

Time Change Began On Sunday

TWELVE COUNTIES IN KENTUCKY ALONG THE NORTHERN AND NORTHEASTERN SECTION JOINED THE OTHER STATES WHICH WENT ON DAYLIGHT SAVINGS TIME SUNDAY. Governor Wendell H. Ford asked President Richard Nixon to include these counties which are so closely related to Ohio in regard to the thousands of workers who transit between the states each day. Those twelve counties include Boone, Kenton, Grant, Campbell, Pendleton, Bracken, Mason, Lewis, Greenup, Carter, Boyd and Lawrence.

E. Wright Is Sheriff

Sheriff Elmer Wright

Among Boone County political figures sworn into office this week is the Sheriff of Boone County—Elmer Wright.

Mr. Wright, 45, a native of the New Columbus community of Owen County, is well acquainted with the duties of the sheriff's office having been a deputy under Melvin Collins for four years and also serving under Reuben Kirtley a short time.

His chief deputy is his wife, Eva Loh.

Dave Barry, with Sheriff Collins about 1½ years, and Russell Irvin Luck round out the department.

Sheriff and Mrs. Wright are the parents of two daughters and live on U.S. 42 near Florence.

Judge Bruce Ferguson presided at the swearing in ceremony on Monday.

Prior to entering the sheriff's office, he was associated with two oil companies at Florence.

Walton Lodge To Meet

Walton Lodge No. 719 F&AM will meet Thursday, January 17. This will be a family Night and dinner. All members are urged to come and bring the family. Visitors are welcome.

Early Warning Signs of Heart Attack Persons Of Any Age, Sex Or Occupation Reduce Death-Risk By Knowing Symptoms

(This is the second of eight articles about the EARLY WARNING SIGNS of heart attack.)

Are you a candidate for a heart attack?

Are you a man? Men are more vulnerable to heart disease than women. Are you a woman past the menopause? Once past child-bearing age, women rapidly catch up with men as likely victims.

Do you smoke cigarettes? A pack a day doubles heart attack risk.

Do you have high blood pressure or a high cholesterol count? These conditions often precede heart attack and indicate that the heart and blood vessels are not functioning at their best.

Are you overweight? Excess fat increases not only the waistline but also arteriosclerosis, hardening of the arteries.

Do you work under pressure and get little exercise? Emotional pressure may over-tax the heart; lack of exercise prevents the heart muscle from strengthening itself.

If your answer to any of these questions is "yes", you are a statistically higher risk for heart attack than those who can say no.

But even if you are in the "no" category, you should be constantly on the lookout for the early warning signs of heart attack (EWS), the pain or discomfort that almost always accompanies heart attack and usually gives you time to call your doctor or get to a hospital emergency room. More than 250,000 Americans die of heart attack each year before they get to a hospital. The majority of these—and that might include you, a family member, friend or business associate—could probably be saved if they sought help within an hour after the onset of these symptoms.

Under The Necktie
The first thing to keep in mind is that the heart is in the middle of the chest, "under the necktie," immediately behind the breastbone. The most frequent location of heart attack is the center of the chest. By contrast, pain in the region of the left breast is usually quite harmless and is almost always chest wall discomfort, fre-

Francys Keeney, who wrote the Staffordburg news for the Walton Advertiser for the last 25 years or more, passed away Christmas Eve.

She was a member of the Staffordburg United Methodist Church; charter member of the United Methodist Women of the church. She taught the Adult Sunday School Class for 24 years—had to give it up a few months ago when her voice failed her.

She was also a charter member of the Staffordburg Homemakers Club, member of the Kenton County Garden Club and the Senior Citizen Club of Brucewood.

She is survived by four daughters—Hope Keeney, Kathryn Wharton, Emily Kleete and Ruth Fryer; also two sons—Paul and Donald.

Her husband, James, passed away in 1962.

Boone Cancer Meeting

The Boone County Chapter of the American Cancer Society will meet at one o'clock on Wednesday, January 16 at the Boone County Health Center on Woodpoint Rd.

John Lillard DAR Christmas Meeting

The December meeting of the Lillard Chapter, Daughters of the American Revolution, was held in Park Hills in the beautifully Christmas decorated home of Mrs. Charles A. Kloner, Sr., with a delicious luncheon. She was assisted by Mmes. E. H. Martin, Charles Hudson, Dr. Lenore Chipman, Misses Elizabeth Flegle, Louise Flegle, hostesses and Mr. Charles A. Kloner Sr., Charles A. Kloner Jr.

Miss Martha M. Blaine presided. The financial report reflected a \$40 contribution to the Miss Laura Dickerson State Regent, Duncan Taverner Service Kitchen Fund. The gift was made in lieu of a member Christmas exchange.

Mrs. Charles Alphin said that the Soviets accepted our overtures of trade and goodwill but did not change their long term ambitions of a world conquest by our inner economic powers.

Miss Louise Flegle gave a flag display report.

A reprinting of the Grant County History will contain about 100 pictures and will cost \$465, half of which will be paid by the library board.

Mrs. Ransdell reported members whose magazines are due. She also presented the Junior Members items for sale.

Mrs. Martha Daugherty, Boone County Art Teacher presented "A Colonial Christmas at Williamsburg," vividly done with pictures and brochures of Taverns, Burton Paris Church; museums, concerts, etc.

A concert of Christmas music was given by the group with Mrs. Jennie Poore as leader and Mrs. Kloner on the organ.

Members and guests present included Mesdames Charles Alphin, Kate Barnes, G.M. Bennett, Harry Bishop, Ivan Clements, Zayda K. Clore, B.C. Cotton, Robert Dorsie, Ambrose Feldman, Evan Hancock, Amram Hodge, Charles Hudson, John Juet, Charles Kloner Sr., Roger Lanter, Daniel Luby, E.H. Martin, Winston Mason, Jennie Poore, T.A. Perry, Alva Ransdell, K.H. Smith, Misses Martha Blaine, Laura Dickerson, Elizabeth Flegle, Louise Flegle, Mary K. Shipp, Dr. Lenore Chipman, Louise Rogers and Chester Tietge.

Commissioners Assigned To Various Committees

Boone County Commissioners held their first caucus meeting on Thursday and were appointed to various committees which were to be approved on Tuesday of this week.

David "Dick" Houston was appointed to the roads and public safety committee which will oversee county police, fire and ambulance departments.

Ken Lucas was named to head the social services committee that includes juvenile and aging programs, neighborhood services and welfare programs. He is the only new member of the fiscal court.

Galen McGlasson was named to the public works committee, which includes county planning and zoning, new buildings and water and sewer improvements.

Retirement Dinner

Honors FB Employee
From the office of William Maddox, Boone County Farm Bureau, comes the following message—

"You are cordially invited to attend a retirement dinner honoring John E. Crigler on Saturday, January 12, 1974, at 6:30 p.m. in the Boone Aire Country Club dining room. Reservations must be sent, along with a check for \$3.75, to William Maddox, Boone Co. Farm Bureau, Burlington, Ky. 40601, not later than Friday, Jan. 11th."

A reception will proceed the dinner at 3:00 to 5:00 p.m. for those unable to attend the dinner. Please notify the office 586-6142 if you plan to attend."

Cady Trial Set

Walton Police Chief P. Thomas Cady will go on trial January 17 in the Boone Circuit Court on a gun conversion charge. He was bound over to the grand jury last October and was indicted last month. He has charged that the action against him is a "political setup and says his innocence will be proven in the courtroom."

LIFE MORE PRECIOUS THAN GASOLINE

By Congressman M. "Gene" Snyder

Too much emphasis can not be given to the danger of stocking up on gasoline, or carrying it in vehicles.

State Fire Marshal Warren Southworth has warned Kentuckians that transporting gasoline in automobiles is illegal as well as dangerous. His words bear repeating: "Flammable liquids expand, and if your car gets hot from the sun and you have a couple of five gallon cans of gas in the trunk, it'll put vapors in your car. Lighting a cigarette or even turning on the lights can ignite the vapors and cause an explosion."

The Office of Consumer Affairs has just issued a warning about this matter, and made a number of important life-protecting suggestions. I repeat it here, word for word:

Thinking about storing gasoline?

Read this: Gasoline shortages & price increases may be giving you ideas about stocking up on gasoline. Before you spend your money for a gasoline storage container, consider the hazards: Hospital emergency rooms treated 13,500 persons last year for injuries related to gasoline; about 7,000 of these persons were burned and about 6,000 were poisoned because of swallowing gasoline.

Consumer Product Safety Commission (CPSC) has made the following suggestions about storing gasoline:

ing and using gasoline:

- If it is necessary to keep a small amount of gasoline on hand contain it with a tightly closed lid. Never store gasoline or other liquid fuel in glass or plastic bottles and, in particular, never use empty soft drink bottles, which could be attractive to young children.

- Place the container in a ventilated, cool area. Never keep gasoline or other fuel inside the house or in the basement.

- Never store gasoline near open flames, pilot lights, stoves, heaters, electric motors or any other sources of ignition or sparks.

- Never use gasoline near an open flame. Never smoke near gasoline.

- Never carry gasoline in the trunk of the car. Escaping vapors can easily ignite.

- Keep gasoline, kerosene, other fuels and polishes out of the reach of children.

- Avoid repeated or prolonged skin contact with gasoline and avoid breathing fuel vapors.

- Avoid careless use of gasoline when cleaning clothing, cleaning paint brushes, exterminating insects, priming carburetors and starting or feeding fires.

- If a child accidentally swallows gasoline, do not try to get the child to vomit. Call a doctor or other medical help immediately.

National Bicentennial Era Led By Kentucky

A joint session of the Kentucky General Assembly officially opened the Kentucky '74 Bicentennial at 7:30 p.m., January 9. Leaders of both houses of the Legislature invited Dr. Gordon Stewart Wood, who has been commissioned by the American Enterprise Institute for Public Policy Research, to address the special joint session. Dr. Wood has already indicated to the legislative leadership that he will appear upon receipt of the official invitation. The following plans will be carried out:

Grasslands Conference

Set For January 15th

Farmers who want to learn the latest information about the production and feeding of alfalfa and silage should plan to attend the Kentucky Grasslands Conference on January 15.

The conference is sponsored by the University of Kentucky College of Agriculture and the Kentucky Forage Council. It will take place in the auditorium of the Agricultural Science Center on the UK campus states Darwin Foley, Kentucky County Extension Agent.

Sewing Machines Needed

The girls of the Daniel Boone Center at Burlington need sewing machines to use. They would appreciate donations of machines whether they are in working condition or not. If you have a machine to donate, please call 485-4641.

IS YOUR SUBSCRIPTION PAID?

John A. Hartman Delivers Address To Walton Literary Club

Miss Mary West, Reporter
The Walton Woman's Club meeting was held at the Christian Church on Wednesday, January 2. Hostesses were Mrs. Cameron Brakfield, Mrs. Carl Comer and Mrs. Walter Whitson.

The guest speaker was Attorney John A. Hartman who spoke on the "Individual's Responsibility to Our Town." He thinks the next five years will be the most critical period in Walton's history. He considers the Walton citizen's attitude as uninformed, with a negative approach to improvement and stated that gossip was the most definite attitude. He cited various examples like unpaid city tax, water and garbage bills, but failed to say who was responsible for this situation. He believes we should follow the progressive path or we fail. He thinks the Woman's Club can aid in changing the present attitude of the town but made no suggestions except unity and law enforcement.

This speech was followed by the Spiritual Guidance by Mrs. W. W. Rouse who read from Matthew, chapter five, on the "Beatitudes."

Mrs. Carl Comer read the minutes in the absence of Miss Virginia Beverly.

Mrs. Claude Thompson, president, announced a meeting and conference to be held January 28, 29 and 30 at Ft. Mitchell's Round-tower Motor Inn. The theme of the meeting is "Education with Character."

The club voted to make a donation for pieces of furniture for the Youth Club at the Old Baptist Church.

Mrs. W. R. Belcher explained about the Community Club Awards Buyer's Guide and the coupons that are given at the places mentioned in the booklet distributed. These coupons are to be given to Mrs. Belcher January 28 and 29, February 12, 13, 26 and 27.

At the close of the meeting a delicious frozen salad course was served. The tables were decorated with various colored candies and just enough greenery suitable for the season.

Those present were: Misses Rachel, Acree, Louise Conrad and Mary West; Mesdames W. R. Belcher, Cameron Brakfield, W. R. Brown, John Campbell, James L. Cobb, Carl Comer, A. H. Gaines, W. W. Rouse, Claude Thompson, Walter Whitson and the guest speaker, Mr. Hartman.

Walton Squad Runs

Jan. 1-0225, Loraine Stealy, 50, illness, no service.

Jan. 2-2337, Charles Trapp, 59, R1, possible heart attack, St. E. Jan. 3-1046, David Felz, 24, Crittenden, poss. ankle fracture, St. Elizabeth Hospital.

Jan. 3-1745, Stella Comer, 65, Crittenden, fell in kitchen, St. E. Jan. 4-1121, Auto-truck accident on I-75, Pauline Batts, 40, Turner Station and Steve Nowek, 12 of Cleveland, Ohio, bump on head, to St. Elizabeth Hospital.

OFFICERS ELECTED
Officers elected for 1974 on Monday evening were:

Chief—Ed Berkeimer,
Deputy Chief—Charles "Chick" Worthington,

First Assistant—John Taylor,
Second Assistant—Ken Berkeimer.

Secretary—Jess Thornton, and Charles Worthington, assistant.

Treasurer, Al Martin, and Bill Frederick, assistant.

EMERGENCY RUNS ONLY

After a lengthy discussion, the Walton Volunteer Fire Department and Life Squad re-affirmed Monday evening that the life squad will make only emergency runs to a hospital or doctor's office.

Not included under "emergency" runs are pre-determined transportation or transportation from the hospital to home.

Members felt this action was necessary because of limited availability of equipment and manpower.

The department does not wish to deny any person emergency treatment and necessary transportation. However, in some cases, the patient may be transported in a private auto.

Upon the advice of a physician or during an actual emergency, call the life squad at 485-4141 and receive prompt, efficient attention.

Kenton County 4-H Club
Upcoming area dates are: Record Book - January 19, Jr. Achievement Day Feb. 9, Sr. Achievement Night - April 8, Area Demonstration - March 30 and Area Talk Meet - May 10.

Joan Perkins of Central Avenue returned home after surgery at St. Elizabeth Hospital, but will remain in bed for some time yet.

Holiday guests of Mr. and Mrs. Robert Stephenson of Verona were their son, Gary and daughters, Kasey, Karen and Kelly of Naples, Florida.

Mr. and Mrs. Roy Hale and

family of Catalina Drive visited their families in London, Kentucky during the holidays.

Mr. and Mrs. Al Martin spent Christmas Day with their daughter and family, Mr. and Mrs. Glenn Blocker and Ricky.

Mr. and Mrs. Dennis Glacken and girls; and Mrs. Della Glacken were Sunday dinner guests of Mrs. Ruth Glenn and family.

Holiday guests of Mr. and Mrs. John M. Taylor and "Skeeter" of Catalina Drive included Mr. and Mrs. Denny Taylor, Mark and Denny; Mr. and Mrs. Eddie Lindsay, Tammy and Tonya; Mrs. Lay and Bobby; Mr. and Mrs. James Conway, Jay, all of Covington; Mr. and Mrs. William Lindsay of Alexandria; Mr. and Mrs. John C. McDaniel, Karen, Mary Ann and Dale of Lewisport; Mr. and Mrs. Mike Glenn and Michelle; Mrs. Joe Glenn, Mrs. Delmaray Spencer and Mrs. Mayme Lindsay, all of Walton. Billie Jo Glenn entertained Betty Tackett and Peggy Glenn with a pajama party Saturday evening. Mr. and Mrs. Richard Lawrence and son were in Bloomington, Indiana over the weekend to visit friends who are ill.

Most students have returned to their classes after a holiday visit with parents and friends.

Mr. and Mrs. Henry Sleet entertained for the holidays, Mr. and Mrs. Harry Sleet and children of Milwaukee, Wisconsin.

Mr. and Mrs. Malcolm Simpson entertained New Year's Day for Mr. and Mrs. Hale of Sleet; Mr. and Mrs. Raymond Roter; Mr. and Mrs. Henry Sleet and Joella.

Mr. and Mrs. James Lawrence entertained New Year's Eve for Rev. and Mrs. Robert Yates; Rev. and Mrs. Jimmy Rose, Mr. and Mrs. George Stuard, Mr. and Mrs. Paul Ramsey and David, Mr. and Mrs. Richard Lawrence and John. Mr. and Mrs. Lewis G. Davis had a very enjoyable evening entertaining Mr. and Mrs. Bill Leitch and Mr. and Mrs. Dick Davis last Saturday evening with dinner and dancing at the York-shire Club.

Mr. and Mrs. Albert Hatton and family of Augusta, Georgia were holiday visitors of her parents, Mr. and Mrs. Preston Hodges. Mrs. Pearl Baker, who underwent surgery last week, will soon be coming home.

Mr. and Mrs. William Dance were Saturday guests of their sister-in-law, Mrs. Aline Dance.

CLASS MEETING

Bible Learners Sunday School Class members of Walton Baptist Church were entertained at the home of Margaret Finnell for a Christmas party.

A devotional concerning love was ably given by Mrs. Wendell Brown, followed by the singing of Christmas Carols by the entire group. Much fun was had in the playing of games and in the gift exchange. A delicious salad plate was served by the hostess.

Some time was spent in assembling fifteen assorted plates of fruit to be given to some of the shut-ins in the community.

Members present were Mesdames Herbert R. Day, Sr., Mrs. Homer Farris, Joseph Dance, Harry Danford, William Duechmeit, Joseph Neumeister, Woodrow Ross, John Burgess, Ross Kite, D. Maddox, John Wood, Stanley Kacaba, Ruth Stone, James Gibson, Joseph Code, Leo Flynn, Glenn Laws, Ron Schneider and the hostess.

CARD OF THANKS

I wish to thank all my friends and neighbors for the cards and prayers during my illness.

A special thanks to Dr. Huey and the Walton Life Squad. Also, to Brother Sheffield for his welcomed visit to the hospital. May the Lord be with you all.

—BESSIE JOHNSON

Local & Society

CHANGE MEETING DATE

The Wa-Na Club meeting date has been changed to January 10 at 8:30 at the Walton United Methodist Church. All members are to bring a covered dish.

Mr. and Mrs. Robert Ryan, Keith and Janelle Ryan of East Peoria, Illinois arrived on Saturday to spend Christmas with Mrs. Ryan's parents, Mr. and Mrs. Leo Flynn and other relatives.

Recent Sunday guests of Mr. and Mrs. Leo Flynn were Mr. and Mrs. Dennis Flynn and sons; Mrs. Trent Pickett and Marie Armstrong of Covington; Mr. and Mrs. Bradford Armstrong of Independence; Mr. and Mrs. Lawrence Farrell of Verona; Mrs. Marie Sexton of Erlanger; Mr. and Mrs. J. B. Losey, Morning View; J. B. Losey and Harry Armstrong of Staffordsburg; Mrs. Eldon Pickett, Mrs. Jesse Stith, Mr. and Mrs. John Lucas and sons, Mr. and Mrs. Robert Barnett of Kent, Ohio. Mrs. Kay Kelly and children of Taylor Mill were Saturday guests of her mother, Mrs. Mamie Johnson and daughter, Betty.

Mrs. Lawrence Wilson has been ill at her home.

Our town has been unusually beautiful during the past several days as the trees and shrubs have been covered with a layer of ice which appears like a fairyland.

STAFFORDSBURG

Mrs. Dawson Ballinger

I noticed the death of Reverend Clarence E. Baker of Phoenix, Arizona. He was pastor of Oak Island Church in 1907. I was a small child but I remember him as he preached my mother's funeral in March 1907.

Mr. and Mrs. Maurice Allen and daughter, Amy, spent the holidays with her parents, Rev. and Mrs. A. L. Osborne.

Dorothy Richett and son, David, of Eminence, Ky. attended Mrs. Keeney's funeral last week. Ralph Howard, who has a broken leg, has returned home from the hospital.

Several ground here who intended to go to Florida for the holidays did not go due to the gas shortage.

HOMEMAKERS MEETING

Staffordsburg Homemakers Club met Wednesday, January 2 at the REOC Building on Walton-Nicholson Pike.

The meeting opened with prayer by Mrs. Chelmer Ballinger presiding. A pledge to the flag was given followed with devotionals entitled "The Year Ahead" with ten goals to consider that can spur many accomplishments.

Members answered roll call by describing "their greatest joy during Christmas."

Those present were Mesdames Lena Finnell, Helen Wayman, L. J. Rapp, Nancy Brantigan and daughter, Elizabeth Frankfurt, Opal Shaw, Genevieve Nitschke, Shirley Domico, Kathryn Wharton, Evelyn Harney, Lynda Rees, and Dorothy Ballinger.

The club extends sympathy to the family of Francis Keeney who was one of the charter members of the club.

—DEATHS—

FRANK A. RAMSON, 67, a physicist and electrical engineer, died Thursday at Georgetown Hospital after undergoing heart surgery. At the time of his death, Mr. Ramson was with the Naval Electrical System Command of the Department of Defense, where he had worked since 1966.

Born in Chattanooga, Tennessee, he grew up in Boone County near Verona, Kentucky. He received a bachelor's degree in physics from the University of Chattanooga, attended Syracuse University under a fellowship and then graduated

from the Illinois Institute of Technology where he also studied under a fellowship.

He joined the Lockheed Aircraft Co. in California. He entered federal service in 1942, working for the National Bureau of Standards.

Mr. Ramson was a member of the Chevy Chase Masonic Order and the Kenwood Country Club.

He is survived by his wife, Ursula, and a son, Parker Conrad, a daughter, Linda Ann, 2 brothers James Edward of Florence, Ky., and Henry Cleveland of Chattanooga.

The Ramsons resided in Bethesda, Maryland.

COMMUNITY SHOPPING GUIDE

BRAKEFIELD DRUG STORE

ED HARDEN — OWNER

This is where pharmacy is a true profession. The BRAKEFIELD DRUG STORE is located at 10 So. Main in Walton, phone 485-4303. They are well known in this area for excellent service and the best in quality drugs, with related merchandise and supplies. It has been said that a druggist should have a complete stock of popular drugs, including the patients, as well as standard drugs. This drug store carries an impressive name brand selection and we are sure you will be impressed with their expert service as well.

BOONE COUNTY CARPET MILL

CLIFF DRYER & BILL VAUGHAN — PARTNERS

Does your home or office have tired floor coverings? The BOONE COUNTY CARPET MILL, located at 16 So. Main in Walton, phone 485-4171 has a wonderful selection of floor coverings and quality carpeting with designs and colors that are calculated to lure you to an exciting new level in living.

Trained personnel at the Boone County Carpet Mill can help you roll out a room full of beauty. This is one of those places where quality reigns and style is paramount. They feature distinctive quality products for the fashionable at reasonable prices with budget terms available.

WALTON BOWL & PIZZERIA, INC.

JIM DARLINGTON — OWNER

The WALTON BOWL and PIZZERIA, INC. is located at 74 N. Main in Walton, phone 485-9638.

Any person interested in the great sport of bowling will certainly find it a real pleasure to bowl on these modern lanes. No matter whether you are an expert or a beginner, you can certainly improve your game by bowling here. They feature a menu with pizza and other delicious items on the menu, along with your favorite beverages. The management deserves to be complimented on the manner

KING'S ALUMINUM SIDING

GUS KING — OWNER & OPERATOR

Many fine homes within a wide radius of this area have had their aluminum siding done by KING'S ALUMINUM SIDING located on Highway 127 in Glenoe. They have gained a reputation second to none and afford their clients the very best in aluminum siding installations. They offer a wide variety of beautiful decorative colors to choose from with baked-on enamel finish. They can truly

make an old building look like new.

They also feature remodeling and roofing service, aluminum storm window and door installations, etc.

So regardless of whether you are remodeling or building a new structure, this is the firm to see for all aluminum siding, storm windows and doors and remodeling work. You will find them just

BARTH MOTORS

FRANK BARTH — OWNER

Complete mechanical repair and service on most all makes of cars by trained mechanics is offered by BARTH MOTORS located in Walton at 130 N. Main St., phone 485-4898.

Their complete service includes engine tune-up and overhaul, ignition service, transmission work, brake service, wheel balancing,

etc.—as well as expert body and fender, work and also painting. Here "service" is their motto, and it's backed by their fine reputation. The finest expert mechanics give your automobile what attention it may need from the smallest repair to complete overhauling or rebuilding job — and they also specialize in insurance claims, so

SAFARI BROTHERS BUILDERS

Your Dream-Home can become a reality simply by contacting SAFARI BROTHERS BUILDERS, located at beautiful Suburban Estates in Walton.

This well established contracting firm is noted for quality, custom-built homes. They also have a reputation for getting the job done quickly and in the most professional manner, while using only the highest quality materials. Examples of their fine work may be seen in beautiful Suburban Estates, located off of Frog-town Road, between 175 & 42, where they are now developing and building — choice locations now available.

They offer many different floor plans for you to choose from, or they can design one to fit your desires. Along with this they can provide a complete professional decorating and designing service to go with your new home.

Safari Brothers Builders have the experience and modern up-to-date equipment which enables their skilled craftsmen to handle fine custom home building promptly, and all jobs are finished with expert detail, at the lowest possible cost to you.

Call 894-3772 for estimates or information.

KINMAN CONSTRUCTION

Arthur L. Kinman — Owner

There comes a time in the life of every young married couple when they would like to own a home of their own, but the homes available to them at the time are just not suitable — they are too large, too small, in the wrong location, the kitchen is too small — or something else is wrong.

If this is your situation then you do not have to compromise — the home you have always dreamed of can be yours if you contact KINMAN CONSTRUCTION, located on the Trif Highway in Dry Ridge.

They will build a home designed to your specifications, on your lot, or on one of the fine building sites they have available at present. They have justly earned their reputation as builders of fine homes — using quality materials — in a reasonable length of time — and at a reasonable cost to you.

For information call 824-7131.

as courteous on a small job as on a large one. They do the same expert work and will stand behind their workmen to assure satisfaction.

The compilers of this Community Shopping Guide are pleased to endorse the professional policies of this contractor to our readers. Call 643-5129 for free estimates or information.

let them handle your insurance work.

Every car needs some adjustments at sometime or other. Be a wise owner and keep your car in first class condition.

For guaranteed satisfaction, we the writers of this Community Shopping Guide suggest you take your car to Barth Motors.

SOUDER'S RADIO & TELEVISION SERVICE

OMER SOUDER & LARRY SOUDER — OWNERS

Color TV, Stereo, Radio, or a combination, this is the home of the best.

Here they maintain a modern, up-to-date establishment where the best of parts for your set can be secured. They also have the latest scientific equipment and devices for testing your set in order to detect anything that may need replacement or adjustment. They are familiar and experts with every Zenith type and invite you to drop your set off the next time you're in town.

LANTER'S BODY SHOP

MIKE LANTER — OWNER

Williamstown, phone 824-0919.

The men at this shop fully understand body and fender work as well as auto painting. These men work the metal so as to require the least amount of filler, and then insure the surface until it's as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area.

So whether your job is a small crease, a bent fender, or a complete "roll over," we know you'll be entirely satisfied with their work.

And, please remember that when insurance companies now permit you to choose the body shop you like best to repair your car, so choose them to do all your insurance work.

CRUME MOTOR SALES

J. MARVIN CRUME — OWNER

For many years, automobile dealers considered "used cars" as a side line to the business of selling new models.

Things have changed in recent years and one of the big reasons for the change is the kind of business operated by CRUME MOTOR SALES.

They believe that the used car buyer is just as important as the

new car buyer. They are determined to give each customer the finest quality and the best possible price. They have a large "family" of customers who return because they know that integrity, service and quality are passwords here.

The safe way to buy a used car is a CRUME MOTOR SALES located on the Sparta Sanders Rd.

ARNOLD BUICK & PONTIAC CO.

BUDDY ARNOLD — OWNER

Williamstown — you will be amazed at the new brilliance of performance and ease of handling — and at prices with in the reach of all.

When you purchase a car from this well known agency it does not mean that the transaction is closed, for they realize that pleasing a customer after the sale as well as before means success to them. They have at the disposal of the public one of the most modern

and up-to-date service departments and most complete parts departments in the area — equipped to service and repair any make or model car.

This Guide and its writers highly recommend that you make the new and exciting Pontiac or Buick your next car from the Arnold Buick & Pontiac Co., a dealer who regards each customer as a friend after as well as before the sale. Phone 824-3304.

TOM'S LIQUOR & FOOD SHOPPE

T. E. BISCHOFF — PROPRIETOR

A startling array of party beverages rocks the shelves of the TOM'S LIQUOR and FOOD SHOPPE, 175 & Richmond Exit 338 in Walton, phone 485-4418. The hours are 9 a.m. to 9 p.m., Monday thru Saturday.

From Bourbon in Gin, you will see a variety of liquors, some familiar and other exotic types you'll want to try for the first time. There is no end to the types of party beverages available here. Also ask about their special case prices.

For instance, Vodka is a distinctive party drink. It is rapidly becoming America's most popular drink.

How about rum? It's great with a cola drink.

Their selection of wine and champagne is seemingly endless, and you'll always find your favorite brand of beer or malt liquors in stock.

It's this extra friendly service and fair prices at Tom's Liquor & Food Shoppe, located at 175 & Richmond 338 Exit in Walton, phone 485-4418.

This place is headquarters for people who want to keep their food bill at the lowest possible figure and still eat like a king.

No matter what you may need, package meats, canned goods, dairy products, or picnic supplies, they have it here. Due to their large volume of business and intelligent buying practices they are able to provide you with large selections of groceries and fresh vegetables at lower prices.

Here they have an able and efficient management, whose job is serving you, and they are glad to do it.

LUCILLE'S FASHION SHOP

LUCILLE PEURUNG — OWNER

It makes it a special point to buy stock from manufacturers who are leaders in the clothing field. Another important thing is that they do not hold garments from year to year that are not sold at regular prices. This enables them to keep stocked with clothing that is new and different.

Lucille Peurung, the owner, has worked hard to make this one of the finest ladies and childrens apparel stores in this area and her work has paid off because this store is one of our finest.

It is with great pleasure in this Guide that we recommend the Lucille's Fashion Shop to all women in this area and suggest that you visit this shop soon. Make them your headquarters for all your clothing needs. You'll be glad you did.

CREDIT BUREAU OF NORTHERN KENTUCKY

In our modern economy, good credit is one of the most valuable assets an individual can possess.

But even if one does have an excellent credit record, if there isn't anyone the businessman can turn to, check on an individual's credit habits and capabilities, that excellent credit rating is worthless.

The MID-STATE COLLECTION SERVICE, located at 806 Scott in Covington, phone 491-4643, has proved itself a valuable business in this day and age when credit is so prevalent. They offer a dignified and personalized service to each and every client. This collection agency will accept credit results and will handle all your collection problems anywhere in the United States. They are known

for their high business ethics — if they do not collect, there is no charge — and for their outstanding collection results.

If you own, operate, or manage a business in this area and your sales are up, but the profit picture is down, perhaps you have a collection problem. No doubt you have some accounts which are delinquent — and very possibly some which you have completely given up on. Turn them over to the Mid-

The firm we, the consumers, have to thank for providing this valuable service in our area is the CREDIT BUREAU OF NORTHERN KENTUCKY, at 36 West 5th in Covington, phone 431-9474. They act as a large clearing house of credit information, thereby relieving of individual businesses of the difficult job of each keeping these

same files, in addition to their regular operation.

So you see that they provide a very valuable service to both the market place and the consumer and that is why we, the compilers of this Community Shopping Guide wish to bring their admirable efforts to the attention of all our readers.

MID-STATE COLLECTION SERVICE

State Collection Service and you will be amazed at their excellent results.

The manager invites all businessmen from this area to stop in at their office and discuss your collection problems.

We congratulate the management for their remarkable business policies and fair dealings. They give you a service you can truly "bank" on.

GALLATIN COUNTY FARM BUREAU INSURANCE

WILLIAM D. SULLIVAN — AGENT

This firm is located on Main Cross in Warsaw, phone 567-6331. There is no institution that is conducted in the area, which is deserving of more favorable comment than this well known firm. Members of Farm Bureau and subscribers to Farm Bureau Insurance have long looked to these concerns as serving the best interests of the agricultural community with service and integrity. Farm Bureau was organized in the agricultural community and dedicated to free market practices.

Each year the value of insurance is more than ever recognized as shown by the ever increasing number of policies that are written. When in need of anything in the insurance service, you can do no better than to take your problems to this reliable firm who are the local agents for Farm Bureau, one of the older and more respected firms in America. They meet

the needs of the people in the most straight-forward and business like manner and offer many protection plans to fit all needs, including the Farm and Liability as well as auto, life, disability, and crop hail protection. Farm Bureau Insurance is qualified under the Keogh Plan and has a retirement policy available.

In writing this Guide we, the authors, are pleased to suggest that you contact the Farm Bureau Insurance for all insurance needs.

DECKER ENTERPRISES

NORM DECKER — OWNER

necessary to do the best possible cleaning of your rug or carpet.

If you haven't tried them, you don't know how expert a cleaning job your rugs can have. Yet they charge no more.

Now is the time to have your WALL-TO-WALL carpet professionally cleaned. Here they specialize in and feature both a hot water extraction process and a modern shampoo process for your precious carpeting. They deeply vacuum and pile brush your carpeting to raise its nap, then it is hand-fluffed to its original texture

and sparkling color tones.

So, for the finest in expert carpet cleaning and care, go to Decker Enterprises. They are located at 58 East Orchard Road in Ft. Mitchell, phone 331-0909. Here they provide residential and commercial services of expert carpet cleaning. Their professional process also allows deodorizing, anti-static treatment, and soil retardants to be used.

We, the editors of this Guide Issue take this opportunity to endorse Decker Enterprises to our readers.

IRS Asks Employers To Issue W-2s Early

Paul Niederecker, Internal Revenue Service District Director for Kentucky, today asked employers to give their employees their W-2 forms or equivalent earnings statements early in January so they can file their tax returns by January 31 and receive their refunds sooner.

The deadline for issuing W-2 forms remains January 31, but taxpayers who file their tax returns in January should receive in four to five weeks, he said. Those who file during peak periods such as late February, late March, or April may have to wait up to eight weeks for a refund.

It stands to reason that the 10 IRS service centers can process returns and approve refunds much faster when workloads are not heavy.

As an integral part of an IRS program to be conducted next month to tell the taxpayers "it pays to file in January," the IRS will remind taxpayers that "Your refund is ready, but you must file your return to get it. File in Jan-

uary and get your refund a lot sooner."

Another aspect of the "File in January" program relates to the frequency of errors made by late filers. Taxpayers who wait until the last few weeks to file, often are in a hurry and make thoughtless mistakes that can delay refunds.

As in previous years, an employee filing his return for 1973 must attach a W-2 form from each employer. Each form should show earnings, income tax withheld, and social security information.

The IRS expects to issue some 60 million refunds this year, totaling about \$20 billion. This year's average refund will probably approximate last year's \$345 average.

The International Typographical Union, formed in 1852, is the oldest national organization of workers in the U.S. that still exists.

If golf seems to be for the birds it may be because prior to the 19th century, golf balls were made of feathers.

White's Tower PTA Christmas Program

The White's Tower PTA was recently entertained by the sixth grade choir directed by Mrs. Klein. Christmas Carols and other songs were presented. Each child at White's Tower was given a Christmas gift by the PTA and Santa Claus stopped in to deliver them.

The Whites Tower PTA will meet on Thursday, January 17, 7:30 p.m. at the school. The program will be a student talent night, directed by Miss Childers.

VERONA NEWS

Dorothy Renaker, Reporting Those on the sick list:

Buck Washum got to come home from the hospital for the holidays, but will re-enter later for treatment.

Dougan Brown is in St. Elizabeth Hospital, but has improved some.

Sympathy is extended to the Coyle family in the death of their dad, James Coyle of here. Mr. and Mrs. Orville Brown of Tennessee were here over the holidays visiting their son, Dougan Brown and family, and their other children and relatives. They left for home on Wednesday morning.

Mr. & Mrs. Glendel Hicks had as Christmas Day guests, her sister, Mrs. Bonnie Hendren and children of Gallatin County. Mrs. Hicks' daughter, Glenda, went home with them to spend the night with her cousin.

Mrs. Dorothy Renaker and twins spent the afternoon on Christmas Eve with her family, Mr. and Mrs. Russell Lonaker of Falmouth. Mr. and Mrs. Calvin Surgeon spent Christmas Day with his niece, Mrs. Frances Brown, Roger and Connie of Latonia.

Clayton Renaker received a call Christmas night from his sister in Florida, Mrs. Mildred Farolo. The weather there was more like Christmas than here.

South Fork Christian Church had their Christmas play on the 23rd. Everyone enjoyed refreshments afterwards.

Mrs. Allie Chandler had as Christmas Day guests, Mr. and Mrs. Winfred Swearingin and sons; Mr. and Mrs. Dave Taylor; Mr. and Mrs. Winfred Swearingin and two sons spent the night with her other before going on a short trip to Florida.

Dougan Brown got out of the hospital January second. Mrs. Mae Wilson is visiting Mrs. Allie Chandler for a few days.

Cassy Risner is on the sick list. Mrs. Janie Hocker went to Tennessee this past week to spend a few days with her father who is sick.

Mr. and Mrs. Eli Tucker and family will be moving from their home in Verona to Carroll County. We welcome the Wolfe family to Verona.

We extend our sympathy to the family of James Ransom, one of the Verona Bank directors, in the death of his brother, Frances "Bones" Ransom. He was the son of the late Grover Ransom.

Sympathy is also extended to Mr. and Mrs. Carl Ray in the death of his niece, Miss Paula Stone.

DEDICATION SERVICES

New Bethel Baptist Church had their dedication services December 31 for the steeple and chairs they have hoped for for sometime. Rev. Ralph Huffman, former pastor, brought the message. Rev. Jerel Treas is pastor now.

CARD OF THANKS

Note of appreciation to all my many friends in Walton who remembered me while I was in the hospital. Thanks so very much. Psalm 138:1

BIRTH—

Born to Ralph and Kathryn Huffman of Thomas Drive in Independence, a girl on January 4 at 10:02.

WOULD YOU BELIEVE IT..?

By "RED"

Between 1903 and 1913, the automobile underwent some remarkable improvements in appearance as well as in performance. The first unit housing plant, composed of engine, a clutch and transmission, was made, shock absorbers were introduced as were dismountable rims, storage batteries became standard equipment, front bumpers appeared and other innovations included magnetic speedometer, silent timing chains, motor driven horns, baked enamel finishes and the switching of the steering wheel from left to right was a standard specification for automobiles. The speed racing cars were much improved and schools for automobile mechanic training were established.

Annual Kentucky Dairyman's Conference

By
DARWIN FOLEY
Kenton County Extension Agent

The third annual Kentucky Dairyman's Conference will take place in Louisville on January 31 and February 1. Sponsored by the University of Kentucky College of Agriculture and the Kentucky dairy industry, the conference will be held at the Holiday Inn on Brownsboro Road.

The conference will consist of three half-day sessions centering on three different topics—feeding,

herd health, and management. All dairymen in the state are urged to attend.

The conference will begin at 9:30 a.m. on Thursday, January 31, with the session on feeding. Ron Wendland, UK extension dairy specialist, will discuss feeding your colostrum to young calves. Profitable levels of feeding grain will be covered by Roger Hemken, UK Professor of Animal Sciences. J.P. Everett, Director of Dairy Research for the Ralston Purina Company, will talk about new ways to feed dairy cows.

The luncheon speaker will be Eugene C. Meyer, managing editor of Hoard's Dairyman magazine. He will describe what's ahead for dairy farmers.

The session on herd health will be on Thursday afternoon. John Nichol, UK extension dairy specialist, will discuss procedures for mastitis control. Nelson Philpot, of Louisiana State University,

will tell how to treat mastitis. Nichol will return to explain what to do when the somatic cell count reaches one million. Philpot will conclude this session by describing new research on how milking machines affect mastitis.

The session on Friday morning, February 1, will center on management. Simple approaches to waste management in Kentucky will be the topic of Robert Walls, UK area extension dairy specialist. Charles Schultze, a Kentucky dairyman from Otterheim, will tell how to get maximum milk production per acre. Frank Murrill, national DHI coordinator with the USDA's Agricultural Research Service, will discuss commercial milk production. John Specker, of Michigan State University, will outline the steps to profitable dairying. The luncheon speaker will be Robert Walton, president of American Breeders Service, who will talk about genetic improvement.

On Friday afternoon, the annual meeting of the Kentucky Purebred Dairy Cattle Association will take place.

The American Dairy Association of Kentucky, KYDA Division of Dairyman, Inc., and the Kentucky Purebred Dairy Cattle Association are co-sponsoring the conference along with UK.

Johnny Bench was MVP in both 1970 and 1972. He finished 10th this year.

Minimum increased from \$5.00 to \$5.50.

RATE GS-1

(Fourth Revised Sheet No. 7 cancelling and superseding Third Revised Sheet No. 7)

Proposed new charges:
First 200 kilowatt hours at 4.00¢ per kilowatt hour
Next 300 kilowatt hours at 2.00¢ per kilowatt hour
Additional kilowatt hours at 2.00¢ per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE GS-1I

(Fourth Revised Sheet No. 9 cancelling and superseding Third Revised Sheet No. 9)

Proposed new charges:
First 200 kilowatt hours at 4.50¢ per kilowatt hour
Next 300 kilowatt hours at 2.50¢ per kilowatt hour
Additional kilowatt hours at 2.50¢ per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE GS-1I

(Sixth Revised Sheet No. 11 cancelling and superseding Fifth Revised Sheet No. 11)

Proposed new charges:
Secondary voltage service.
Demand Charge:
First 15 kilowatts of demand or less \$1.00
Next 35 kilowatts of demand \$2.20 per kilowatt
Next 50 kilowatts of demand \$2.15 per kilowatt
Next 80 kilowatts of demand \$1.70 per kilowatt
Additional kilowatts of demand \$1.00 per kilowatt

Energy Charge:
First 500 kilowatt hours at 4.50¢ per kilowatt hour
Next 1,000 kilowatt hours at 2.75¢ per kilowatt hour
Next 3,000 kilowatt hours at 2.25¢ per kilowatt hour
Next 60 kilowatt hours per kilowatt of demand \$1.10 per kilowatt hour
Next 120 kilowatt hours per kilowatt of demand \$1.10 per kilowatt hour
Additional kilowatt hours \$1.10 per kilowatt hour
Plus or minus the fuel adjustment clause.

A three phase customer whose demand does not exceed 15 kW will be charged an additional surcharge of \$4.00 per month for the three phase service.
Minimum: The demand charge for the billing demand but not less than \$3.00.

Primary voltage service.
Monthly discount per kW billing demand:
(For customers receiving service under this section as of January 9, 1974 at their present location).
Monthly discount per kW billing demand:
(For new customers or customers who move to a different location after January 10, 1974).
Over 2500kW \$0.25

The demand shall be the kilowatt demand derived from the Company's demand meter for the fifteen minute period of customer's greatest usage during the month, as determined by the meter, or power factor, as provided herein. At Company's option a separate meter may be installed if the nature of the load clearly indicates the load will have a constant demand, in which case the demand will be the calculated demand. A demand meter may be installed on a single phase service when consumption equals or exceeds 120 kilowatt hours per month for four consecutive months or 240 kilowatt hours for two consecutive three-month billing periods.

The minimum billing demand will be 1 kW for single phase service and 5 kW for three phase service. When single phase service and the demand for single phase service and for three phase service.

In no event will the billing demand be taken as less than the higher of the following:
(a) 85% of the highest monthly billing demand similarly established during the period from June 15 through October 15, including three days before or after this period when required for meter reading purposes.
(b) 75% of the highest monthly billing demand similarly established during the period from June 15 through October 15, including three days before or after this period when required for meter reading purposes.
(c) If a customer's record shows an account, the customer's demand record for the prior 12 months will be used to establish the billing demand for the preceding billing period, will be used for billing purposes until superseded by a power factor determined by a subsequent last made at the direction of Company or request of customer.

Power Factor Adjustment
For customers receiving service under this schedule as of January 9, 1974, the power factor to be maintained shall be not less than 85% lagging. If the Company determines customer's power factor to be less than 85%, the billing demand will be the number of kilowatts equal to the kilowatt ampere multiplied by 0.85.
For new customers or customers receiving service at a different location after January 9, 1974, the power factor to be maintained shall be not less than 90% lagging. If the Company determines customer's power factor to be less than 90%, the billing demand will be the number of kilowatts equal to the kilowatt ampere multiplied by 0.90.
Power factor may be determined by the following methods, at Company's option:
(a) Continuous measurement
(b) The power factor, as determined during the interval in which the maximum kW demand is established, will be used for billing purposes.
(c) Tasting (for customers receiving service under this schedule as of January 9, 1974).
(d) The power factor, as determined during a period in which the customer's measured kW demand is not less than 85% of the maximum kW demand of the preceding billing period, will be used for billing purposes until superseded by a power factor determined by a subsequent last made at the direction of Company or request of customer.

(Fifth Revised Sheet No. 13 cancelling and superseding Fourth Revised Sheet No. 13)

Proposed new charges:
Demand charge:
First 10,000 kilowatt ampere of Demand \$10.000.00
Next 10,000 kilowatt ampere of Demand \$1.000.00 per kilowatt ampere
Additional kilowatt ampere of Demand \$1.000.00 per kilowatt ampere

Energy Charge:
First 120 kilowatt hours per kilowatt ampere of Demand at 0.70¢ per kilowatt hour
Next 120 kilowatt hours per kilowatt ampere of Demand at 0.65¢ per kilowatt hour
Next 240 kilowatt hours per kilowatt ampere of Demand at 0.60¢ per kilowatt hour
Additional kilowatt hours per kilowatt ampere of Demand at 0.65¢ per kilowatt hour
Plus or minus the fuel adjustment clause.

Quil Smoking—For Those You Love

This New Year, plenty of people made a resolution to quit smoking—for those they love.

People are still trying to quit smoking for their own sake. But another dimension has crept in. More and more people are kicking the habit because others care so much. A steadily increasing stream of requests for anti-smoking information comes in the mail to your lung association. The information is not for the people who write in—but for those close to them. For their friends, grandfathers, neighbors, wives, brothers, workmates, uncles and daughters.

The message to smokers has registered: we who love you want you alive and well. That kind of concern is hard to resist.

The concern works both ways, too. Smokers are beginning to worry about the effects of their smoking on others. For example, at recent smoking withdrawal clinics conducted in a large insurance company by a lung association in Hartford, Connecticut, more than half the people who attended were afraid their smoking might be harming those around them. That was one of the reasons they wanted to quit.

Smokers have started to realize that their smoking is unpleasant

and even harmful for those they live with, share offices with, eat near at lunch counters, or sit next to on buses. And smokers are beginning to care how nonsmokers react. Because nonsmokers are telling them straight out: Mutual concern is strong stuff. And social attitudes toward smoking are changing fast. To find out how you can help people you love to quit smoking or what effects your smoking might have on others, contact your lung association. And as you live and breathe, give more to Christmas. Seals. They help fight all problems that affect your lungs.

Boone County Garden Club

The Boone County Garden Club had their annual Christmas Party at the Ramada Inn, Florence. Ornaments were made by each member which were donated to the Tri-County YMCA Christmas Tree. Many beautiful and original ornaments were on display but the most original were awarded to Mrs. J. Canton Berkshire and Mrs. Ralph Vonderschmitt.

An inspiring Christmas Devotion was presented by Mrs. Wm. Conrad. A delicious luncheon was served to the following members: Miss Lucy Lee Grant, Madames Sidney Anvots, J. Clinton Berkshires, Larry Burcham, Hillard Collins, Willie Coleman II, Wm. Conrad, Kitley Cropper, Cl. Colpper, Florene Eades, A.W. Fullerton Jr., L.L. Franks, Of Hewlett Charles Kelly, Kay Kelly, Courtney Kelly, W.E. Layter, George Morith, Roy Lockwood, Grant Maddox, Roy Lutes, Boyd Mahan, Leroy M. Neely, John Schram, Edward Smith, Ralph Stith, Marshall Thomas, W. H. Wesler, Harry Woodson, Ralph Vonderschmitt, M.A. Yelton, Roy Nester, Lewis Judy, Hollis Gritter and Frank Dils. Guests were Madames Marie Bies, Ruth Chase, Frances Berkshire, Naomi Chaney and Ethel Daugherty.

Hostesses were Madames Ralph Vonderschmitt, Roy Lockwood, Hillard Collins and Ralph Stith. Games were played and an enjoyable afternoon was had by all.

All I Want For Christmas—

The December meeting of the Pioneer Clover 4-H Club was held at the home of Cherie and Doug Smith; Scott Parker presided. Pledges were led by Cindy Parker and three songs were sung "Silent Night", "Away In A Manger" and "Deck The Halls".

Answering roll call by things everyone would like to get for Christmas were Janet Bray, Dexter LaFollette, Dawn Morehead, Cindy Parker, Chris Parker, Scott Parker, Cherie Smith and Doug Smith; leaders Mrs. LaFollette and Mrs. Bray; also a guest, Mrs. Seng.

The club decorated the firehouse as one of their community projects.

The 1974 project books were given to all the members.

Gifts were exchanged and refreshments served after the business session.

331-6141

(Fourth Revised Sheet No. 22 cancelling and superseding Third Revised Sheet No. 22)

Proposed new charges:
For kWh up to the maximum shown in tabulation below according to size of water heater, but only after balance of energy use (but not less than 40¢ per kWh) is billed at the applicable standard "Residence Service" or "General Service" rate.
(1) 1.7¢ per kWh
Plus or minus the fuel adjustment clause.
Minimum: Increased from \$1.00 to \$2.15 per month to be added to the minimum of the standard service rate.

(Fifth Revised Sheet No. 26 cancelling and superseding Original Sheet No. 26)

Proposed new charges:
A. For electricity used during the five month period beginning with customer's initial monthly meter reading taken on or after April 15 of any year.
All kilowatt hours at 1.90¢ per kilowatt hour.
B. For electricity used during the remaining seven months of the year:
The first kilowatt hours equal to fifty percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above.
At 1.90¢ per kilowatt hour
The next kilowatt hours equal to twenty percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above.
At 1.25¢ per kilowatt hour
All additional kilowatt hours at 1.05¢ per kilowatt hour
Should operation begin within the full five month period described in Section A above, a representative peak month for such period shall be mutually agreed upon between Company and customer for billing purposes.
Plus or minus the fuel adjustment clause.

(Fifth Revised Sheet No. 27 cancelling and superseding Original Sheet No. 27)

Proposed new charges:
A. For electricity used for space heating, during "heating period," \$2.50 per month plus 1.2¢ per kilowatt hour for all kilowatt hours used.
Plus or minus the fuel adjustment clause.

(Fifth Revised Sheet No. 28 cancelling and superseding Original Sheet No. 28)

Proposed new charges:
(1) 6.7¢ cents per kilowatt hour.
Plus or minus the fuel adjustment clause.
Minimum: Increased from \$1.00 to \$2.15 per meter per month.

OPTIONAL RATE
COMMON USE IN APARTMENT BUILDINGS
(Original Sheet No. 32)
Proposed New Rate

APPLICABILITY
Applicable to electric service required for the purposes of heating water, drying clothes, space heating and lighting in areas of common use in apartment buildings. The water heater size and demand size must meet with the approval of the Company. Not applicable for air conditioning usage; i.e. kilowatt hour usage during June-July or July-August cannot exceed the kilowatt hour usage during January-February.

NET MONTHLY BILL
Computed in accordance with the following charges:
First 400 kilowatt hours at 4.50¢ per kilowatt hour
Next 300 kilowatt hours at 2.75¢ per kilowatt hour
Excess kilowatt hours at 1.70¢ per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum: \$2.15
A three phase customer will be charged an additional surcharge of \$4.00 per month for the three phase service.
All other provisions relating to AVAILABILITY, TYPE OF SERVICE, PAYMENT, TERM OF SERVICE and SERVICE REGULATIONS are the same as stated in other tariff sheets included in Company's electric tariff P.S.C. Ky. No. 3.

RATE WB
(Fourth Revised Sheet No. 10 cancelling and superseding Third Revised Sheet No. 10)

RIDER OP
(Fourth Revised Sheet No. 11-A cancelling and superseding Third Revised Sheet No. 11-A)

RATE GSB
(Fifth Revised Sheet No. 11-B cancelling and superseding Original Sheet No. 11-B)

The above rates are hereby cancelled.

The penalty for late payment of bills is reduced on all rates from 5% to 3% of the total amount due.

The fuel cost adjustment clause applicable to certain rates is proposed to read as follows:
Plus or minus an amount per kWh equal to a pro rata portion of any charge or credit to Company's cost of power in the next preceding calendar month due to the fluctuation of the fuel adjustment clause in Company's purchase power agreement. The amount of charge or credit per kWh will be determined by dividing the total fuel adjustment as billed by the Company by the kWh sales in the applicable period. In the event of a revision in the fuel adjustment base of \$5.00 per million Btu the base for calculation of this clause.
The Public Service Commission of Kentucky has suspended the proposed increase for five (5) months and ordered a hearing for 10:30 A.M. on January 15, 1974 at its office in Frankfort, Kentucky.

Copies of the present and proposed rates, Company and Commission rules and regulations and Kentucky Public Utility Laws are on file and open to inspection at the Commission's office in Frankfort and at the Company's offices and places of business: 107 Brent Square, Covington, Kentucky; Main and Lynn Streets, Florence, Kentucky; and 154 North Main Street, Walton, Kentucky.

Sunday School Lesson For January 13

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

LIGHT FOR THE BLIND

John 9:1-7; 35:41

The noted Christian author and educator William Barclay said, "The tremendous thing about Jesus is that the more we know Him the greater He becomes. The trouble with human relationships is that it so often happens the better we know a person the more we know his weaknesses, his faults, his failings, his feet of clay; but the more we know Jesus, the greater the wonder becomes; and that will be true, not only in time, but also in eternity." We have learned in past lessons that Jesus was the water of life and bread for the hungry. Today we shall see Him as the light of the world. We shall see Him giving light for the blind.

The Bible passage calls our attention to a problem.

A PROBLEM

As Jesus and His disciples went along their way they saw a man who had been blind from birth. This would have been a common sight in Jerusalem during the days of Jesus' earthly ministry. His blindness posed no problem for the disciples of Jesus. They, like so many of us today, had learned to look upon human tragedy without being unduly disturbed. This did give them an opportunity to pull Jesus into a discussion.

Jewish theologians held different views concerning this problem. Some believed that one could actually begin to sin while he was still in his mother's womb. Others believed in the pre-existence of the soul. They believed these pre-existent souls could be either good or bad. Some actually believed that it was possible to bring affliction to the body by sins committed before birth.

Then there was the idea that sins of the parents were carried over to the children.

Jesus refused such answers to bodily affliction. It is not uncommon in our modern day for people to misunderstand why they are afflicted. It is easy to feel that God is punishing me for some wrong committed sometime in the past. How wonderful it is to hear Jesus say that this isn't so. Jesus sees in this an opportunity for God to manifest His love to broken humanity.

This also enabled Jesus to remind His disciples, and us, that time was running out. The day comes as an end. Night cometh. The time comes to every man when his day of opportunity is past. The attitude of Jesus is here shown, "As long as I am in the world, I am the light of the world."

Jesus goes on to demonstrate His willingness to share this light with men. He made clay of the spittle, and anointed the eyes of the blind man with the clay. We do not know why He did this, unless it was to enable the man to exercise faith. The man did respond in faith as is seen by his obedience to the instructions of Jesus.

Our Bible passage also centers on a Person.

A PERSON

When Jesus later found the man who had been healed excluded from the synagogue, He confronts him with a question. Jesus' question concerns the man's faith in the Son of God. "Do you believe on the Son of God?" This is the question every man must face and give his response. God's salvation is a free gift of His grace but man appropriates this gift by his response of faith. It is important, it is essential for men to believe on God's Son.

The man did not know who the Son of God was, but he was open minded. Such a significant question called forth his best attention. "Who is He, Lord, that I might believe on him?" The answer comes back immediately, "The very one who is talking with you." The man exercised God-given faith and bowed before Jesus saying, "Lord, I believe."

Our final Bible passage suggests a Purpose.

A PURPOSE

The coming of Jesus into the world as the light of the word demanded a response on the part of man. Men's attitude toward the Person of Jesus Christ will determine whether they see or their blindness be sealed.

There is a warning in this passage. Even the religious leaders were so blind they were unable to see in Jesus their promised Messiah.

Here in these final verses is the discussion of the most serious kind of blindness. The Pharisees were blind spiritually. Their blindness was a moral blindness. Had they been born morally blind, they would have had no responsibility. Their sin was in refusing the light. No man can escape his light. No man should want to. This light brings life to all who turn to it in trust.

LITTLE BOY

Somehow men never quite seem able to get over being little boys. They can handle responsibility, but sometimes their spirits sink.

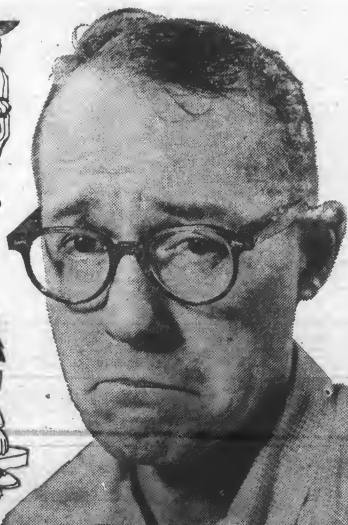

Cares can overtake a man. That's when he reverts into an unhappy, discouraged little boy. At times like these, his wife must strive to help, to understand.

A wise wife knows that the Church offers an answer to their problems. At church hope and faith are common, and friends abound.

There is something in regularly going to church that gives a person perspective, strength and faith.

Heart

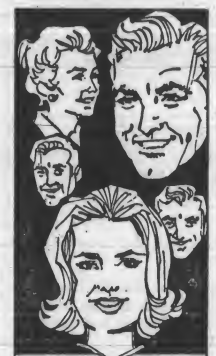

quent in tense individuals, rather than an indication of heart attack.

Other Pain Areas
The next most frequent spot is the inside of one or both arms. Pain may also occur in the neck, jaw, upper abdomen, or back, either by itself or in company with pain in the central chest area or arms.

What you feel in the chest may be sensation of pressure, fullness, squeezing or aching. This may be accompanied by sweating, shortness of breath, nausea or vomiting.

What To Do

Call your doctor or get to the hospital emergency room immediately if you experience any of these signs. Early attention can mean prevention of serious complications. In Walton, the number is 485-4141 or 555-6666.

SMILE-MAKER PROTECTION AND SERVICE

The company we represent, State Auto Mutual, believes in Smile-Maker Service—so do we! Service that will bring a smile of satisfaction is the kind we try to offer.

State Auto is known for fast, fair, efficient claims handling. With local agency service, you can be confident that you are well protected.

Try us for Smile-Maker Service.

defense against death due to a heart attack.

This applies to young persons as well as old. The occasional deaths of athletes in their twenties reminds us that heart disease is no respecter of youth.

One man in his twenties, whose mother had suffered for several days with a heart attack that she regarded as "indigestion," commented that "this is the kind of information we need to be given while we are young so that we will have it on tap when we need it later on."

So, even if you're not now a high-risk candidate for heart attack, learn the early signs. The knowledge could save your life or the life of someone close to you.

In case of any emergency, know the telephone number of your ambulance service. In Walton, the number is 485-4141 or 555-6666.

The Federal Mediation and Conciliation Service is an independent agency of the Federal government and was established by Congress in the 1947 amendments to the National Labor Relations Act.

Taxpayers Ask Internal Revenue Service

Q. My 2½ year old son attended college full-time for two months last winter, dropped out to go to work, and returned to school full-time in September. He earned about \$3,000 during the year. Can I still claim him as a dependent?

A. Yes, if he meets all the dependency tests, including your having provided over one-half of his total support. If your son is a full-time student during some part of each of five months of the year, there is no limit on how much he can earn and still remain your dependent. These five months do not have to occur consecutively.

Q. I know that a political contribution to a candidate or his campaign committee may be eligible for a deduction or credit. What about contributions to a political party?

A. Contributions to a national, state or local committee or a national political party may also qualify for the deduction or credit. You may deduct up to \$30 (\$100 on a joint return) or take half of your contribution as a direct credit against your tax up to \$12.50 (\$25 on a joint return).

Q. I've transferred \$2,000 worth of investment securities registered in my name to my child. I am custodian for the account. Do I have to pay gift tax on this transfer?

A. A transfer for the benefit of a person under 21 generally qualifies for the \$3,000 annual exclusion from gift tax, provided the minor has use of the property and income from it before he turns 21

and any property or income not disposed of by that time passes to him.

The 3,000 annual gift tax exclusion will still be allowed even though state law requires the property to be distributed to the minor at age 18.

Q. I'm a school teacher. I paid a person to substitute for me for a day. Can I deduct the amount I paid for the substitute?

A. Yes. Amounts you pay for a substitute teacher to take your place are deductible. However, you are not entitled to this deduction to the extent that it is allocable to amounts excluded as sick pay.

BIRTHS—

Born to Roger and Linda Oditt, of R-1, Verona, a boy on January second at 6:57 a.m.

Born to James and Barbara Acuff of R-1, Walton, a boy on December 29th at 11:52 a.m.

SNOOPY IS BACK—Snoopy, that world-famous skater and World War I Flying Ace, tangles with the Red Baron in the 29th edition of Holiday on Ice, coming to Cincinnati Gardens from February 5 through February 10.

Veterans Administration News, Comments

Q. What are some of the advantages of a Veterans Administration GI home loan?

A. VA guarantees 60 percent up to a maximum of \$12,500 of such loans, no down payment required usually, the agency appraises the house to determine its reasonable value, and there usually is a long repayment period.

Q. I was honorably discharged last month after three years of military duty, none of it in Vietnam. Am I eligible for education benefits?

A. Yes. Any veteran separated after Jan. 31, 1965, with an other than dishonorable discharge after at least 181 days of active duty has eligibility for eight years or until May 31, 1974, whichever is later. Geographic location of service has no bearing on eligibility.

Q. Rather than write a letter to the Veterans Administration to give my change of address can't I do it by phone?

A. Yes, but you should be prepared to provide as much identifying information as possible, such as claim and/or social security number, date and place of birth, etc.

Le Bateau by Henri Emile Penot Matisee hung in New York's Museum of Modern Art for 47 days, upside down.

Fields Realty Company

Margaret Fields - Broker
Etta L. & Don D. Fields - Sales Representatives

Whether you are interested in real estate for an investment, business or a home, every deal should be fully investigated by someone with experience extensive enough to insure you that both parties receive dollar for dollar value.

For the best interest of any readers contemplating selling or buying we honestly believe that the wisest preliminary step would be to consult with the FIELDS REALTY COMPANY, located at 7408 Dixie Highway in Florence, phone 371-6251.

This firm can be relied upon for astute judgment as to values of all types of property in the

Northern Kentucky area. At the same time they have established a reputation for fast action on buying or selling and completing transactions. Their complete service includes farms, homes, business and industrial properties—as well as appraisal service and insurance plans.

It's with pleasure that the staff of this Guide are able to unhesitatingly bring them to the attention of our readers in this Community Shopping Guide.

The Fields Realty Company would like to take this opportunity to wish a "Merry Christmas and a Happy New Year" to all.

Ammon-Garden Center & Landscaping, Inc.

Dick Ammon & Bob Maddox - Owners

THE AMMON GARDEN CENTER & LANDSCAPING, INC., at 459 Burlington Pike and I-75 in Florence, phone 371-5299 is well known for their integrity and high standard of operation. They are experts in all phases of landscaping, whether it be residential or commercial. And they offer a complete landscaping design service.

From annuals to perennials, they offer a complete selection of all types of plants; shrubs, evergreens, flowers, trees and materials for you to choose from. Their stock is well cared for and healthy.

Landscaping, by these experts, will help beautify your home or property and increase its

value as well. You should take advantage of the professional services offered by this reliable firm. You will find their employees friendly and their prices right. Remember the name AMMON GARDEN CENTER & LANDSCAPING, INC., and that they are always willing to discuss your plans and advise you on any job. Nowadays, many families enjoy doing their own planting. For professional advice and instruction let this reliable firm be your headquarters for landscaping your home or property.

The owners extend a hearty Season's Greetings to their many friends, neighbors and patrons.

Convington Optical Salon

Kentucky Licensed Optician
Carl McGovern - Owner

For the best in sight and smart good looks, the place to go in this area is the CONVINGTON OPTICAL SALON at 625 Scott Street in Covington, phone 431-7025.

They specialize in filling your eye physicians prescription, and they will fill it in the most careful manner.

They have a wide selection of beautiful frames distinctively and comfortably styled to each individual.

Where your eyes are concerned, there is no substitute for quality.

and you can count on them for the best. If you need a pair of fine prescription sunglasses, be sure to come in and look over their wide selection, consisting of many beautiful styles. They also feature plastic lenses — for safety as well as comfort.

The Convington Optical Salon does expert repair service, precision fitting and adjusting, and their work is fully guaranteed. We, the writer of this Community Shopping Guide, highly recommend this reliable firm to all our readers, for their important service is unexcelled anywhere.

D & J Auto Body

Joe Sinclair - Owner

Many people have looked far and wide for someone who does good body work. The automobiles of today require a specialist to repair or replace body panels and to refinish them to their original beauty by matching the new paint perfectly with the original paint.

The professional body shop in this area to see is D&J AUTO BODY at 33 E. 10th Street in Newport, phone 491-8226.

The personnel at this shop fully understand body and fender work as well as auto painting. These men work the metal so as to require the least amount of filler,

and then hand sand, or wet sand the surface until it's as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area. So whether your job is a small crease, a crushed fender or a "roll-over", we know you'll be entirely satisfied with their work.

And please remember — they also specialize in insurance work.

We, the editors of this Community Shopping Guide, advise you to see D&J Auto Body for all your bent fenders, crushed bodies or repaint work — and they wish a "Happy Holiday Season to All."

Beckman Construction Co., Inc.

B.L. "Barney" Spille - Owner

THE BECKMAN CONSTRUCTION COMPANY, located at 3148 Crescent Avenue in Erlanger, are authorized dealers and erectors of the popular Butler Metal Building Systems. Metal buildings offer the most modern answer to building construction in the last century. They give you economy with versatility. The BECKMAN CONSTRUCTION COMPANY can construct a building of permanence in any length or width you desire, and without changing construction of building

detail. Phone 341-4800 for estimates or information.

It can be truly said that the BUTLER METAL BUILDING is one of "America's best building buys." They are non-combustible, wind resistant, and are adaptable to many industrial and commercial applications, including offices, stores, warehouses, schools, garages, institutional, etc. — and they can be planned, designed, delivered and finished out far faster than conventional structures — and at a lower cost.

Community Shopping Guide

Independence Bakery

Glenn Klette - Owner

For the best in baked goods try the INDEPENDENCE BAKERY at 5253 Madison Pike in Independence, phone 356-5133. Here special orders are catered to, including: fresh bread and fresh and tantalizing pastries, along with special wedding and birthday cakes. No order is ever too big or too small.

Famous for the quality

and flavor of their baked goods, this institution is a model of cleanliness and efficiency. Their bake shop is immaculate. Only the purest of staple ingredients go into their products and the deliciousness of their baked goods is the talk of the town.

No better baked goods can be obtained than those produced by this shop, where prices are so

reasonable that you can well afford to let them do most all your family's baking.

For that party, wedding or special occasion, be sure to call the INDEPENDENCE BAKERY. Season's Greetings are extended to their many friends and local patrons.

The Editors of this Guide highly recommend this fine bakery for delicious taste tempting baked goods.

AAA Bonding Company

Jim McGarr - Proprietor

clients are delighted with the service which they receive.

Mr. Jim McGarr, owner of this business, has had a long experience with Bail Bonds, and is thoroughly competent in every respect. His advice in matters pertaining to bonding is sought after and respected. We never know when an emergency such as this might oc-

cur — and with their 24 hour service, they are always available to serve you.

We, the writers of this Community Shopping Guide are not often able to give the wholehearted recommendation to any firm we give the AAA Bonding Company at 115 Park Place (Park & Court), in Covington.

Remember to call 291-9600 — for 24 hour service.

Brogan Tire Company

Don Burns - Owner

are backed by one of the strongest guarantees in the tire industry.

In this area you can purchase Firestone for your auto, truck or tractor at the BROGAN TIRE COMPANY located at 3303 Dixie Highway in Erlanger, phone 331-5544.

Here they successfully meet your driving needs with a wheel balancing and front-end aligning service that allows you to

enjoy the built-in long wear and safety of these fine tires — and their complete line of tires includes the popular Wide Ovals.

They also offer engine tune-ups, shock and muffler service, etc.

We, the editors of this Guide would like to compliment the Brogan Tire Company for their fine service to the people of this area — and they wish a "Merry Christmas to All."

Tri-County V W, Inc.

The dealer to see is TRI-COUNTY V W at West 4th & I-75 in Covington, phone 581-7112, for any of the 1974 Volkswagens, including the 1974 Beetles and Super-Beetles — which are available for immediate delivery — as well as the Kharman Ghia and the popular V W vans and campers.

And don't forget the "Bug" Big Brother, the 411 Four-Door. Tri-County V W is well known in this area for their high integrity. You can be assured that you'll receive the highest trade-in value for your old car, as well as the best service anywhere from their team of Factory Trained Volkswagen Mechanics.

Stop in at Tri-County V W and let them show you the advantages of owning any one of the many models of Volkswagen for 1974, and Merry Christmas to All.

North Star Dry Wall, Inc.

Paul Stracner - President

The introduction of dry wall construction in building is one of the most important and time-saving developments since building began. In this area, call NORTH STAR DRY WALL located at 18 West 17th in Covington, phone 291-9892 for all commercial, residential and industrial dry wall work.

Methods of building construction have been constantly improved

since the first crude structures. The smooth, sturdy and adaptable dry wall construction has been a boon to the home building and remodeling business — as well as to commercial and industrial building.

Call them to learn about the reasonable rates for dry wall installation. Complete dry wall service is offered here including installation, taping and texturing.

They also feature a complete stock of dry wall materials and supplies for sale — including wallboard, metal screw studs, joint cement products, tools, and all accessories.

The compilers of this Community Shopping Guide unhesitatingly recommends NORTH STAR DRY WALL for dry wall contracting in this area. They wish a "Merry Christmas to All."

Chuck's Heating & Air Conditioning

Chuck Perkins - Owner

types of heating work. They feature total home comfort, and air control. Whether you need a new unit for your house, or a complete heating or cooling system for your business, these men will be more than happy to look over your particular needs and design, install, and service an economical system for your particular application.

These men are experts in the heating and cooling field, and have had much experience in all

the job with the utmost of competency, and will complete it in the shortest time possible. Repair jobs are given prompt attention at reasonable prices.

They are authorized dealers for such well known brand names as FEDDERS, WILLIAMSON, CRANE, and others.

Call 371-8624 for information.

"Merry Christmas to All."

Many fine homes within a wide radius of this area have had their aluminum siding work done by the WAT-CAL CONSTRUCTION COMPANY located at 5 Airview Drive in Erlanger. They have gained a reputation second to none and afford their clients the very best in aluminum siding — and their service also includes aluminum awnings, patios, vinyl siding, storm doors and windows, continuous guttering, etc. The many contracts that they have completed in this area

Scothorn Motor Company

Once again the Chrysler Corporation has proved to the people their superior knowledge of automobile engineering, by giving the people what they want and what they have been looking for since the beginning of the automobile industry.

The Plymouths, Chryslers and Imperials, on display at the SCOTHORN MOTOR COMPANY, on Highway 20 in Hebron, offer smoother and faster performance and at prices within the reach of all. When you test drive

one of the fantastic new models you will be amazed at the new brilliance of performance and ease of handling — and don't forget Chrysler's entry in the economy car market, the popular Valiant.

They realize that pleasing a customer after the sale as well as before means success to them. They have at the disposal of the public one of the most modern and up-to-date service departments and most complete parts departments in the area — equipped to service and repair any make or

model car. This Guide and its writers highly recommend that you make one of the new and exciting models by Chrysler your next car from the SCOTHORN MOTOR COMPANY, a dealer who regards each customer as a friend after, as well as before the sale. They also offer a good selection of quality used cars — on display at 6613 Dixie Highway in Florence. Call 586-6218 for information.

"Happy Holiday Season to All."

Calvin Cress & Sons

The great International Harvester line does a great deal to develop the United States and has always provided the latest improved farm machinery that will do the work in the least time, at the lowest cost. They have invented more labor saving farm machinery than any other company, and have always been in advance of their competition.

This leading manufac-

turer is well represented in this area by CALVIN CRESS & SONS on Highway 18, in Burlington, phone 371-4488, who do their part to further the agricultural interests of the community by supplying the well-known International Harvester line of tractors and farm machinery at the lowest prevailing prices.

Their full line includes the famous International

Cub Cadet lawn and garden tractors and mowers, the popular Bush Hog equipment, Mometite chain saws, economy tractors, etc. They also have a complete parts department — with trained mechanics — to help you keep your equipment in good condition.

They would like to take this opportunity to wish a "Merry Christmas and a Happy New Year to All."

Flaig's Welding

Bob Flaig - Owner

With such a rapid industrial development of this area, an efficient welding service becomes more necessary. By having a dependable welding service, much delay is avoided and operation costs are drastically reduced for industries, contractors, farmers, etc.

It makes no difference how large or small the job may be, FLAIG'S WELDING at 596 Ridgeview in Florence,

phone 283-2432 will do it in such a manner that you will be entirely satisfied with their work. They are fully equipped for all classes of commercial and industrial welding, including electric, acetylene, heli-arc, etc., and they do each job according to the latest approved methods. They are specialists in the repair of broken parts for farm machinery, heavy equipment, trucks and trac-

tors, as well as for steel fabrication, tank building and repairing, etc.

The management are specialists who understand in detail the intricate processes of welding various types of metals including aluminum, carbon steel, stainless steel, brass, cast iron, etc., and they also offer complete portable welding service.

"Happy Holidays to All."

Florence American Service

George Pierce - Owner

FLORENCE AMERICAN SERVICE, at 320 Burlington Pike, the Burlington Exit of I-75 (I-75 & I-71 area) in Florence, is recognized in this area as the experts for dependable auto and truck towing service — as well as complete auto repair, including major and minor mechanical work, and expert transmission overhaul.

FOR 24 HOUR SERVICE, CALL 371-8490 — NIGHTS.

SUNDAYS & HOLIDAYS CALL 371-9581.

They feature 24r towing service with radio dispatched equipment, along with courteous and experienced personnel who will professionally handle the job so that you do not have to worry about anything.

This firm is insured and meets both local and state requirements. They go anywhere at any time for your convenience.

For emergency long or short distance tow service, this firm cannot be beat. Reliable, heavy-duty wreckers and trained drivers are just some of the reasons why they are so well liked in this area.

We, the editors of this edition recommend them for expert towing service — and the best in automotive repair and service.

"Merry Christmas to All."

Mister Robert's Meats

Bill Roberts & Jim Calusing - Owners

MISTER ROBERT'S MEATS located at 87 Locust Street in Florence, phone 371-6775 is your headquarters for quality custom cut and wrapped beef and pork.

sacted through their concern, and because of their up-to-date business methods, they have gained a large patronage that extends throughout the entire area.

Wat-Cal Construction Co.

William R. "Bill" Watkins, Jr. & Clyde Calhoun
Owners & Operators

Many fine homes within a wide radius of this area have had their aluminum siding work done by the WAT-CAL CONSTRUCTION COMPANY located at 5 Airview Drive in Erlanger. They have gained a reputation second to none and afford their clients the very best in aluminum siding — and their service also includes aluminum awnings, patios, vinyl siding, storm doors and windows, continuous guttering, etc. The many contracts that they have completed in this area

stand as evidence of their ability.

They use quality materials on all jobs, and they feature aluminum siding in a wide variety of beautiful decorator colors for you to choose from, and with a baked-on enamel finish that can make an old building look like new.

Stress is placed on skilled craftsmanship and fair dealings. Their adherence to the highest ethical standards has gained them a respected reputation — which they guard with close attention to every detail — and the gullest cooperation with their customers.

The compilers of this Community Shopping Guide are pleased to endorse the professional policies of the WAT-CAL CONSTRUCTION CO. to our readers and we suggest that you contact them for all siding and aluminum work — whether for new construction or remodeling. Call 283-2046 or 371-7451 for estimates or information.

They wish a "Happy Holiday Season to All."

Joseph H. Hoban Agency, Inc.

AGENTS

Robert Hoffman, Jack Mitts, Blanche Fuller & Frank Butler

The people of this area are indeed fortunate to have in their midst a friendly insurance agency that has built a fine reputation in this area by serving local needs through all types of insurance, including life, auto, fire, casualty, or whatever else you might need, and all from reliable major companies.

There are a lot of in-

surance agencies and agents in this area. What makes one stand out above all others? It's the service and personal interest that they take in the welfare of you, your family, and your personal property.

Most of us do not want to think about the many things that could happen to us or to our property...and there is no need to think of them if we

have a competent insurance agency planning for our future security.

For security and peace of mind, we, the editors of this Guide, recommend the JOSEPH H. HOBAN AGENCY, located at Cross & Garvey Avenues in Elsmere. Phone 341-5332 for information or an appointment. They offer "Best Wishes for Happy Holidays".

Serving A Progressive Community—Boone, Kenton, Grant & Gallatin Counties

10c Copy

Subscription: \$4.00 Per Year

WALTON, KENTUCKY — THURSDAY, JANUARY 17, 1974

Volume 59 - Number 3

CITY OF WALTON INCLUDED IN ALLOCATION OF MONEY FOR SEWER IMPROVEMENTS

Governor Wendell H. Ford has announced that 22 Kentucky cities and counties will receive a total of \$23.8 million to help finance sewerage projects. Bob Benson, executive director of the Kentucky Pollution Abatement Authority, said the communities have entered into assistance agreements with the authority.

The money, obtained through a recent bond sale, will be loaned to the communities as the state's 25% share of construction costs to improve sewer collection, treatment and disposal systems.

Appointed Boone Co. Heart Fund Chairman

The appointments of Dr. Ferd J. Metzger, Florence, as Boone Co. Heart Fund Advisory Chairman, and Mrs. Annalee Ferrante, also of Florence, as Boone Co. Chairman in the 1974 Heart Fund drive have been announced by state campaign chairman, Fran Curci, head football coach at UK.

The month-long Heart Fund appeal will be launched Tuesday, February 5, with Coffee Day. The house-to-house solicitation will be conducted on Heart Sunday, February 24th.

Coach Curci urged full support by the media of the recently launched statewide educational campaign on the "Early Warning Signs of Heart Attack" by the Kentucky Heart Association. "If our fellow Kentuckians heed these signs, the loss of life from heart attacks could be significantly reduced," Curci said.

Mrs. C. E. Whalen will continue to serve as year-round Memorial Gifts Chairman for heart in Boone County.

A new high total of \$587,535.81 was contributed last year in Ky.

YES, THE MAIL DOES GO THROUGH

Many times complaints are heard about the poor service rendered by the postal service. This week we received a letter from a subscriber in Williamson who says the Advertiser had come to their location with only the box number listed. This happened two weeks and the paper was still received on time.

We appreciate hearing from our readers about any odd or unusual events in their daily lives. Thanks, for letting us know that the mail does go through.

Police Court Thursday

Walton Police Judge, Robert "Shorty" Coyle states that Court Night will be held every Thursday night at 8:00 p.m. starting on January 17.

DESK CALENDARS AVAILABLE

For those of our readers who need a desk type calendar, we have a few left at the office. Stop by and pick one up or we can mail you one for eight (8) cents.

Legion Auxiliary Enjoy Yule Dinner-Meeting

The American Legion Auxiliary Unit No. 277, held their regular monthly meeting December 5th at the Legion Home on High Street. The meeting was presided over by vice president Laura Wedington with the pledge to the flag and a prayer. Mrs. Maude Webster, president, was unable to attend due to an injury.

After the dinner hour, they had an exchange of gifts. They then conducted the regular business meeting making plans for fruit and candy to be delivered to the shut-ins for Christmas.

There were 18 adults and six junior members present who were Lorene Abshire, Mary Berkenmeier, Margaret Chapman, Aurelia Day, Athena Donovan, Nellie Egan, Virginia Forder, Lila Howard, Janet Poole, Sarah Poole, Flora Ryan, Florence Ryan, Hilda Varner, Audrey Ward, Eva Waters, Laura Wedington, Charlene Wisener and Georgia Stephenson. A guest was Nora Caswell.

Junior members are Marsha Donovan, Mary Donovan, Lisa Kaye Poole, Terri Solomon, Tonya Ward, and Lara Lee Abshire. After the meeting everyone enjoyed a social hour.

You are invited to join the group for an enjoyable evening.

It is better to live rich, than to die rich—Samuel Johnson

Heart Attack Early Warning Sign Can Be "Under Necktie"

If you are asked to give the pledge of allegiance, hand over heart, would you reach for your left shirt pocket? If you do, you're right in your patriotism, but wrong about where your heart is. Your heart is almost exactly in the center of the front of your chest, a fact that is stressed in a heart attack gran now under way in the area.

Or you could say it's the heart is "under the necktie" as one physician put it for a mass media campaign planned and financed by a state affiliate of American Heart Association.

Pain Heart geography is basic in the early warning sign project, because that helps explain where pain signaling a heart attack most frequently begins.

In about 70% of cases the first feeling in the chest is one of pressure.

However, it can be a sensation of fullness, squeezing or aching. The pain usually intensifies as it spreads. It may be persistent. It may gradually decrease or go away, only to return. Pain can come during rest or exercise, day or night.

Pain may extend into one or both arms or into the neck and/or jaw. These are the most common areas to combine with chest pain. However, pain also may penetrate to the upper abdomen or back, and there may be sweating, shortness of breath, nausea, or vomiting.

The early warning signs project also teaches about a dull discomfort in the left chest with sharp jabbing pain. This often is found in tense persons and frequently is mistaken for a heart attack, according to the Heart Association. A physician told of one hospitalized patient who had experienced such pain periodically for 30 years and had led a sheltered life because he feared it was heart pain.

"This is one kind of chest pain that is a pleasure to treat. You can't cure it because you usually

cannot change the nervous makeup of an individual, but you can certainly make the patient happy by convincing him he is not about to die from a heart attack," one physician states.

Angiography The correct diagnosis of chest pain of nervous origin can usually be made from the history alone, but complex cases may require coronary angiography, a procedure which provides X-ray movies of the heart and arteries.

Statistics show that in a high percentage of patients—about one third—angiography reveals no evidence of heart disease, thus relieving undue anxiety.

The physician pointed out that calling the doctor first, permits identification of cases of harmless chest pain, which often can be determined by telephone, thus preventing a needless journey to a hospital emergency room.

The doctor regards this screening of harmless chest pain as "one of the most important parts of the program" because it "has brought in for diagnosis a very important group of patients, those needlessly fearful of dying from heart disease."

But any discomfort in the chest, even if it's not "under the necktie," should be checked by a physician or at a hospital. Such checks can bring peace of mind.

If the chest pain turns out to be a heart attack early warning sign, this "Early attention can mean prevention."

For Life Guard service in the Independence area, call 366-6686.

New City Council Hold Quiet Meeting

The new Walton City Council had a well organized and conducted meeting on Tuesday, January 8, 1974 at 7:30 p.m.

All newly-elected officials were present including Mayor Sam Gamble, Jack Norris, D. H. Vest, Kyle Nicholson, Byron Kent, Roscoe Denny and David Peebles.

Motions approved were: Previous action by town council on November 13, 1973, relative to payment to Tom Cady in approximate figures of \$2,285.94 for the balance of his so-called contract with the city be rescinded.

Previous action by town council approving payment to John A. Hartman in the sum of \$3,465.00 be rescinded and Mr. Hartman prepare a detailed, itemized statement of services rendered so the council can review his claims.

A stop-payment order be issued to Dixie State Bank on checks issued to Tom Cady and John A. Hartman.

Because of the felony indictment pending against Tom Cady and other questionable conduct, that he be suspended immediately from all official duties on behalf of the city as a police officer without pay pending the outcome of his indictment and an investigation by council to determine if there is good cause to terminate him. Also, Cady is to turn over all equipment owned by the City within 24 hours.

"Chip" Martin was terminated as a police officer effective immediately.

The resignation of Douglas Henley was accepted.

Melvin Collins was employed as a member of the police department and he is made acting police chief and assume his duties pending outcome of Tom Cady's suspension.

Officer Collins is to compile an inventory of equipment that was purchased during time Cady was Chief and report any equipment unaccounted for.

\$5,000 was given to the Walton Fire Department from Revenue Sharing Fund. (This amount was first reported to have been \$11,000 by the council in November but only the lesser amount was available.)

Willard Rowsey presented brochures and prices on equipment for ice and snow removal.

Kyle Nicholson was elected Mayor Pro-Tem.

Bill Martin gave the oath of office to Melvin Collins. Attorney Melvin also commended Mr. Baillinger for his job well done as police judge.

A copying machine is to be purchased for use of the city clerk.

60th Wedding Ann.

Charles and Edith Hedger celebrated 60 years of marriage Sunday, January 13 at the home of their son and wife, Preston, of South Main Street, Walton.

Mrs. Hedger's brother, Howard Feidhaus, was present to help them remember the occasion and join in the delicious cake.

Walton Squad Runs

Jan. 9, 1220—Lorraine Swanson, 49, Piercetown, Ind., possible broken nose, auto accident on I-71, to St. Elizabeth Hospital.

Jan. 12, 1597—Ruby Fish, temporary loss of limbs, St. Elizabeth.

Jan. 12, 2125—Clarence Altha, 81, Elliston, Ill at Club 25, was taken home by nephews.

Jan. 13, 1015—Paul Phelps, an auto accident on Alta Vista, no service.

Jan. 13, 1820—Mattress on fire at Bill Ryan residence, Needmore Street.

Good Night Watchman

Des Moines zoo director has a roaring good idea on how to discourage vandals. Following a costly incident where vandals sprayed zoo animals with paint and set some species free, he provided the zoo community with a roving watchdog. A lion was allowed to patrol the enclosure after dark.

MELVIN COLLINS

Kenton County Parents Ballot School Time Choice

An appeal from a parent from Piner and the Kenton Elementary School—as well as from parents from Beechgrove and Caywood—has led to action by the Kenton County Board of Education to poll parents on school starting times.

The decision was made at the January meeting of the Board.

Superintendent Don Davis announced that the principals would conduct the polls with children taking a "ballo" home to parents.

Parents who appeared before the board voiced fears for the safety of children in the early morning hours.

If a time is changed, some 300 working high school students may lose their jobs or have to adjust hours. Approximately 60 teachers taking college work are also involved.

Another factor cited to the Board was the plight of working parents who might have to leave children unattended during the early hours should the time be changed.

Special students transported to other school districts also are involved as are high school students taking classes at the Northern Kentucky Vocational School.

Sports Show Coming

Have you ever seen a real Texas Longhorn in the flesh?

You will get your chance at Bob Hart's Cincinnati Sports, Travel and Vacation Show starting on Saturday, January 26, and through Sunday, February 3.

That's right, a 2000 pound Texas Longhorn, with an eight-foot span of horns, will be corralled in the lobby of the Cincinnati Convention-Exposition Center during the nine-day show.

IRS Forms Available

Paul Niederecker, District Director of Internal Revenue for Kentucky, suggests that taxpayers requesting tax forms singly or in quantity refer their telephone requests to 502-562-5388 in the Louisville area or call or visit their IRS office, post office, or other federal installation, whichever is the most convenient. Requests to fill form orders by mail should be directed to IRS, Supply Room NE 23, Box 1735, Louisville, Ky. 40201.

PTA MEETING AT KENTON ELEMENTARY JANUARY 17

The Kenton Elementary PTA will meet January 17 at 7:30 p.m. in the gym.

"Sports Night" will be the program for this evening with Mrs. Wanda White officiating. Children with achievements in sports and other categories will be honored. Everyone is invited to attend.

HONOR ROLL STUDENT

Jean Renee Huey of Walton has been named to the honor roll at Transylvania University in Lexington for the recently completed Fall Quarter.

Miss Huey, daughter of Dr. and Mrs. Gaines E. Huey, is a freshman student, majoring in elementary education. She is a graduate of Boone County High School.

ON DEAN'S LIST AT ECU

Students from the Walton area listed on the Dean's List at ECU for the 1973 Fall semester are: Lois A. Lay, James R. Shields, Margie A. Shields.

FROM CITY HALL

By Mayor Sam Gamble

The Walton City Council unanimously voted to suspend Police Chief Tom Cady without pay and without further duties pending an investigation by the newly constituted town council into his official affairs while Police Chief of the City of Walton.

While campaigning to become Mayor, I promised, as did the entire present City Council, to fully investigate and reform the City Police Department. Last Tuesday night's action constitutes the first step in keeping the promises made by myself and the Council during our campaign. There has been considerable interest and criticism of the manner in which the Walton Police Dept. has been conducted. Most of that criticism centers around Chief Cady. The Council and I intend to institute a full investigation of every facet of the Walton Police Department to determine what improprieties, if any, have existed during Cady's tenure as chief. If our investigation justifies action, Cady will be dismissed.

In the meantime, however, we could not in good conscience continue to allow Chief Cady to receive the taxpayers' funds or to perform the duties, as our Police Chief, Cady is presently under indictment in the Boone Circuit Court for conversion which this Council considers enough cause in and of itself to justify his suspension without pay and without duties. Also, after an investigation of their own, the December term of the Boone County Grand Jury strongly recommended to Circuit Judge James R. Ford, and our Council, that Cady be immediately suspended.

Also, Council has unanimously agreed in its meeting to dismiss Officer Martin as a member of the Walton Police Force. He is to be immediately terminated and relieved of all of his duties as a police officer.

As a second step toward upgrading our police force, I am happy to announce that Council unanimously agreed to employ former Sheriff Melvin Collins as a Police Officer for the City. We are pleased to have Officer Collins on our staff. He is a mature, prominent law enforcement officer with many years of experience. We believe that his honesty, integrity and wisdom will add a great deal to our City. His duties will begin immediately.

AN OPEN LETTER—

January 1, 1974
TO MAYOR SAM GAMBLE:
Dear Mayor Gamble,

I, Douglas G. Hensley, do by submit my resignation effective January 7, 1974 as Police Sergeant with the city of Walton, Kentucky provided that you or the City Council of Walton, Kentucky or any other person/persons try in any way to compel me in any way to repay any money to the City of Walton, Kentucky, especially the salary that I have drawn while under suspension as it was not my wish to remain under suspension.

I hope that you will read this letter publicly to the Citizens of Walton on your first meeting as I want the citizens to know that I am resigning because I have been offered another job with higher pay and not because you or the City Council has taken office.

I have watched you, Mayor Gamble and Councilmen Jack Norris fight against the old council for much needed improvements within the Police Department and I know that you men will stand up for the protection and rights of each and every person in the City of Walton, Kentucky.

I want to congratulate the Council and you, Mayor Gamble, on the winning of the election. It has been not just a pleasure but an honor serving as a Police Officer in the City of Walton, Ky.

I have made a lot of good friends in your City and will always remember them.

If there is anything I can offer to do to help you or the Council with Police Resources or any other matter, please call me.

I want you to know that I left my personal desk in the rear of the Police office and I wish the city to make use of it.

Again I want to say I have enjoyed working for the City of Walton and the good people in your City.

Thank you,
DOUGLAS G. HENSLEY

PTA MEETING TONIGHT

The Pine PTA will meet Thursday, January 17 at 7:30 p.m.

A program will be the Children's Christmas program due to the cancellation in December.

Walton, Kentucky
(Published Jan. 10, 17, 24, 1974)

Interest on the public debt cost U.S. taxpayers \$10.3 billion in 1963. For 1973 they will have to shell out an estimated \$23.4 billion.

Local & Society

Mr. and Mrs. Larry Cook and family spent Sunday at Nicholasville, Kentucky.

Mrs. Bob Sheffield is visiting her sister in Birmingham, Alabama.

Emmitt Ward of near Walton is a patient at St. Elizabeth Hospital where he had surgery on Monday. Woodrow Treadway of Walton-Nicholson Road is a patient at St. Elizabeth Hospital for lung treatment.

Staffordsburg

We have heard of several falling on the ice but none we know of have had any serious injury.

Mr. and Mrs. R. L. Cooper returned home after spending seven weeks with their daughter and family of Broomfield, Colorado. They were there during Thanksgiving, Christmas and New Years. We heard Hogle Barlow had the misfortune of breaking her hip. The Barlow family lived near here for years.

Glenn Fennell, Greg Fennell and Bruce Rapp returned to college after spending the holidays at home.

The ice is beginning to do a lot of damage to the trees. I noticed several broken limbs this morning.

Physicians Honored

By St. Elizabeth Hospital
Twenty physicians who have each given twenty-five years of service on the staff of St. Elizabeth Hospital were honored at the annual Medical Staff Banquet held Tuesday, January 8, at the Rowntown Inn.

Receiving quarter-century awards from administrator, Earl R. Gill-reath were: Lawrence T. Hiltz, M.D.; Carl W. Kump, M.D.; and William J. Temple, M.D.

W. Donald Janney, M.D. was presented an award for his service as President of the Medical Staff during 1973.

Pauline Frederick, NBC News United Nations correspondent, and Charles Robbins, past president, the Atomic Industrial Forum, addressed the medical staff, board of trustees, administrative staff and their guests on the subject of the energy crisis.

TANK Gets Grant

Senator Marlow Cook and Gene Snyder announced in Washington on Wednesday that the Transit Authority of Northern Kentucky had been granted \$3,188,816 by the Urban Mass Transportation Administration to help improve service to Boone, Kenton and Campbell counties.

Cook and Snyder said the money would be used to purchase 74 air conditioned and radio-equipped buses seating 45 persons; four 30 to 35 passenger buses; 32 registering, lock-type fare boxes; 34 bus stop shelters; three supervisory automobiles; two service trucks and related equipment and tools.

BEAVER LICK

Most people are about to get all their tobacco finished and ready for market.

Most of the sick people around Beaver seem to be improving and doing better since they were visited by Santa Claus.

Rev. and Mrs. Gary Light, who are attending school in Morehead, spent a few days of the holidays with Mrs. Light's parents, Mr. and Mrs. Gene Stephenson, then they visited his relatives in South Carolina.

Mr. and Mrs. Albert Rhodes are now enjoying the nice warm sunshine of Florida. They plan to stay two more months. They sure are smart to stay out of this cold, icy weather we have been having around here for several days.

Students have missed several days of school because of the icy road conditions.

Sonny Rhodes is in the hospital suffering a severe heart attack. We wish him a speedy recovery.

Charlie Trapp and Bonnie Sue Wilson may come home from the hospital this week.

Mrs. Mabel Rosenstiel went to Hazard last week, due to the death of her brother. She was called to Jackson in November for the death of a brother.

BANKAMERICARD
welcome**KEA President Urges Priority For School Energy**

The president of the Kentucky Education Association says schools should be among the agencies receiving highest priority for fuel and energy supplies during the energy crisis.

"Toward that end we are urging teachers through their local education associations to take the lead in seeing that activities less essential than education are curtailed first. Any decisions made locally should include teacher-association input," said Mrs. Louise Hite of Middlesboro.

"School time should not be short-

ened while non-essential activities run full tilt. If school time is reduced for any long-range period we will raise a generation of educationally handicapped adults, which will cost us more in the loss of human productivity.

"Schools account for only a fraction of our energy consumption, and making less use of them should not be viewed as energy-crises panaceas just because they are more politically vulnerable than other types of public and private agencies," she declared.

She noted that precedent has already been set to include schools among agencies receiving highest priority in energy shortages.

Mrs. Hite is pleased that Gov. W. H. Ford has told newsmen one of his three main priorities in conserving fuel is to make sure that the school year does not have to be altered.

The KEA president said teachers are assisting local, state and national energy conservation efforts by pointing out to pupils the nature of the crisis and how they and their families can help through personal alertness and sacrifices to conserve energy.

She said she believes a four-day week for schools, proposed in quarters, would have a negative effect. More electrical energy would likely be used than saved, especially with increased TV view-

ing by so many youngsters. We would also have a lot of boys and girls with time heavy on their hands wandering the streets, since in a great many families both of the parents work. This could only lead to increased juvenile delinquency.

Mrs. Hite also cited reasons why cuts in normal school bus transportation, another proposal that has been advanced, are undesirable. Such cuts would provide a basis for increased school absenteeism; increase the use of personal transportation between home and school, with the potential for greater fuel consumption; expose children to less safe methods to get to and from school, and increase hitchhiking among boys and girls—also very dangerous.

YOUR FOOD DOLLAR

You can often get a good buy on pork by selecting the less popular cuts. Retailers usually lower prices on those cuts that do not sell rapidly. For example, a recent comparison of pork prices in a large supermarket showed good buys in shoulder cuts, which are normally less popular than loin or rib cuts. Shoulder pork chops cost considerably less per serving than center or rib chops, and shoulder roast and smoked Boston butt—also a shoulder cut—were also relatively low in cost.

SCHOOL LUNCH PROGRAM

Recently the Senate passed legislation which provides additional money for the school lunch and milk programs. This bill, which raises federal participation from 8 cents per meal to 12 cents, now must be reconciled with the House version raising the amount from 8 to 10 cents.

The school lunch and milk programs are time-tested programs, with years of successful operation to their credit. And of time, has also proven itself to be both worthwhile, and beneficial to many children in need of nutritional meals.

During the 1972-1973 school year some 93.5 million lunches were served to Kentucky school children under this program. And 137 million half-pints of milk were served.

We know from a number of recent studies that a hungry child does not learn well, that a child whose diet does not meet minimal standards is likely to lag behind the normal child in school progress. We also know that the normal child who does not have an adequate and nutritional meal may not function in school as well as he or she is capable.

Recent increases in food costs—a fact well-known to participation in these programs. With fewer commodities available through the surplus food programs and with higher food prices in general, the need for additional financial assistance is self-evident.

The legislation seeks to guarantee that the school nutrition programs are continued at an adequate level. We are not greatly expanding these programs nor liberalizing the eligibility requirements. Instead, the Congress is acting to insure that the programs are continued at a level comparable to previous years when surplus commodities were more readily avail-

able and food costs were lower.

The only alternative is for school systems to charge more for participation in the nutrition programs, a move that would probably discourage participation by the very ones who need it most. I believe the action of the Senate was in the best interests of our country, our schools, and most especially our children.

Recently the full Government Operations Committee will take up the so-called Budget Bill, which is designed to establish and enforce an annual ceiling on federal spending. I am a member of the Subcommittee on Budget Management and Expenditure which drafted this legislation and I hope we can get a similar bill reported out of the full committee for action by the entire Senate.

I think it is extremely important for Congress to put a limit on federal spending to prevent the huge budget deficits that have occurred in recent years. Only by limiting spending can we as a Congress and as a Nation make a meaningful determination of what our spending priorities shall be. We simply cannot go on spending money that we do not have.

WOULD YOU BELIEVE IT..?

By: Sandy

At the beginning of the 20th century, the future of the automobile was in dispute as to which type of car would dominate. Would it be the electric, steam or gasoline vehicle?

The Waverly Electromobile, produced by the American Bicycle Co., was one of the earliest and best known electric cars. It boasted a variety of desirable features, including 34 inch wheels with solid rubber tires, produced a speed of 16 miles per hour and its body rode 27 inches off the ground. It was advertised as the car that not only was light and safe, but was also noiseless, odorless, clean, comfortable, durable and simple to operate. It's simple to get tires at G & G Tire Company. Our prices are so low, anyone can afford new tires from us. Stop in today and see for yourself.

FOR LOCAL TOBACCO
MARKETS FOR 1973 CROP

The Covington Board of Trade had a meeting January 14th at the New Burley Tobacco Warehouse and set a closing date of Tuesday, January 22, 1974 for the Erlanger Tobacco Market and the New Burley Tobacco Warehouse.

ESTATE

AUCTION

SATURDAY, JANUARY 26 — 1:30 P.M.

LOCATION—Warsaw, Ky. on State Highway No. 35
(Warsaw and Sparta Road)

IN ORDER TO SETTLE THE ESTATE OF THE LATE MISS
MARGARET LANDRUM, I WILL SELL THE FOLLOWING:

Real Estate

TRACT NUMBER ONE—A nice brick home consisting of 6 rooms, 3 halls, full bath and 1/2 bath, full attic described—FIRST FLOOR has large living room with fireplace and beautiful mantel with mirror, dining room, large kitchen with sink and cabinets, 1/2 bath, kitchen has pantry room, has two entrance halls, enclosed back porch, has oak finished floors, has front and side porches with entrances.

SECOND FLOOR has 3 bedrooms, hall and full bath.

THIRD FLOOR is full attic.

THE HOUSE has partial basement with oil furnace with registers to all rooms and halls, has city water and city sewer, is in good state of repair, has new roof, interior is plaster, is adjacent to natural gas line, has storm windows and doors, and also has an outside double storage building.

THIS TRACT has a smaller house consisting of four rooms plus full bath and utility room, living room, two bedrooms (1 with large sliding door closet, 1 with walk-in closet), kitchen has sink, utility room, wall oil furnace, city water and city sewer, storm doors and windows, recently painted, has outside storage building.

BOTH of these houses are situated on a nice lot 200' x 240' depth with lot nice shade trees and evergreen shrubbery. This lot contains 1.14 acres.

TRACT NO. 2—Adjoining Tract No. 1—is 3.18 acres of land which has 946 pounds tobacco quota (100%), all in grass except where tobacco was grown in 1973. This tract has two storage buildings and small barn. This lot has frontage on Highway No. 35. Both tracts contain 4.32 acres. All this land lays well, is level. This property is well located approx. 4 mile south of U.S. Highway No. 42 and approx. 6 miles from Warsaw-Sparta exit of Interstate Highway I-71 and is in the city limits of Warsaw, Kentucky within easy driving distance of Covington and Cincinnati area or Louisville, Kentucky. It is located in a good neighborhood.

Tract No. 1 will be offered separately and Tract No. 2 will be offered separately with rights reserved to combine both tracts and sell as a whole.

IMMEDIATE POSSESSION.

This property may be seen any day before day of sale. This is a nice piece of property with a lot of potential value. TERMS—20% of purchase price to be paid down day of sale. Balance of purchase price to be paid upon delivery of deed.

The American Bible Society

Now we are four. Our family has assumed a new dimension. Molly has a brother, and we have a son.

There is new richness and happiness in our lives, but there is also new responsibility. Sure, we'll need to keep that "roof over the head," but there's much more to being a parent than that. Sometimes, when you look at the headlines in the paper, you get scared. As these kids grow up, can you face "the new moralities," the endless changes?

No—not alone. But you have the strongest ally in history to help you: the Church. In case you haven't noticed, the Church has been keeping pace with change.

Why not start next Sunday—and bring yourself up to date?

LOVE AMONG BELIEVERS — JANUARY 20

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(John 13:1-5, 12-14, 34-35)
Grenfell of Labrador once came to John Hopkins University looking for a nurse to come back to Labrador to help with the work there.

This is the way he made his approach: "If you want to have the time of your life, come with me and run a hospital next summer for the orphans of the Northland. There will not be a cent of money in it for you, and you will have to pay your own expenses. But I'll guarantee you will feel a love for life you have never before experienced. It's having the time of anyone's life to be in the service of Christ."

It is not only the useful life but also the happy life that loves and serves. Jesus said and did many things to teach men how to live. Sometimes He acted out the lesson He sought to teach. Lessons of love and humble service can best be taught by example.

EXAMPLE

The time was just before the passover feast. This would be a time when the people of Israel would be charged with high feelings of emotion. Why? This passover festival turned their minds and hearts back to Egyptian bondage and deliverance. They remembered the story of the slain lamb and its blood on the posts of the door.

If this was such a time for the people of Israel, how much more for God's Son? He was that "Lamb of God" who would "take away the sin of the world."

Jesus came to this hour in full consciousness that His death was near at hand. His death was no accident. He knew that His hour had arrived. Even in that hour the great heart of Jesus reached out to His disciples. How much He loved them! "I loved them unto the end" probably means that He loved them to the uttermost.

The Devil had found in Judas an instrument for his evil plan. It is difficult for us to understand the action of Judas. Here was the height of spiritual blindness. Let's be aware that he was yielded not to Satan's suggestions.

Jesus faced the hour of death in the confidence that all things had been given into His hands. Jesus knew that His hour of glory had arrived. He also knew that He had come from the Father and that He was returning to the Father. It is easier to face death when one knows that he is a product of God's grace and that heaven is his destiny.

With this knowledge and confidence what will Jesus do? What will He preach to His disciples? He rises from supper, lays aside His outer garments, takes a towel to wrap around Himself, pours water into a basin and begins to wash the feet of the disciples. Surely they were astonished and Jesus gave them an explanation.

EXPLANATION

Many have understood this lesson to be taken literally and many dedicated and sincere Christians practice washing one another's feet in connection with the Lord's Supper. One may do this and yet miss the one intent of the lesson. What did Jesus mean by this action? He asked them this question, "Do you know what I have done to you?" Surely they knew He had washed their feet. Was there more to be understood in what He did? Let us read on. "You call me Master and Lord; and you say well; for so I am. If I then, your Lord and Master, have washed your feet; you ought to wash one another's feet."

Jesus had given them, and us, a lesson in love and humble service. One could bend down and wash his brother's feet and yet be filled with pride, jealousy, or resentment from the literal act of washing feet. This commandment of Jesus is to be taken seriously. It is to be obeyed in all of our relations with one another.

There is a further and deeper explanation by Jesus of His action in washing their feet. In verse 10 of the background scripture, Jesus said, "He that is washed (bathed) needeth not save to wash his feet, but is clean every whit; and you are clean, but not all." Jesus turns from the physical to the spiritual. When a person is saved by God's grace he will not need to be saved all over again. Nevertheless, there will be the daily defilement of sin.

In our final passage Jesus issues an exhortation.

EXHORTATION

Jesus gives them a new commandment. They are to love one another. Is this new? No, but the rest of the commandment is—"as I have loved you." Jesus' love for them was not based on their goodness or abilities. He loved them with an unselfish, unmerited, unwanted, unending, undeserving love. When Christians start practicing His love for one another, the world will sit up and take notice. Then the world will know we are real.

TIPS TO SAVE ENERGY

One of the many practical ways of saving energy is to avoid any waste. The marketing supervisor of a leading power company recommends a few simple measures that can be taken by average residential customers to cut energy use and power bills.

Take a look around for the innocent little monster—the leaky

hot water faucet. A leaking hot water faucet can waste up to 1,000 gallons of water per month. Assuming it doesn't leak too badly and only wastes 429 gallons per month, that is equal to 107 kilowatt hours per month.

Additional energy savings can be accomplished by using a cold water detergent for just one out of eight wash loads.

And then there is the matter of poor insulation. Good insulation can save you money every day of the heating season—as much as 50% of your heating bill. With the application of this kind of common sense, energy-waste prevention, a mountain of the energy crisis will dwindle to a mole hill in short order.

Faulty Healing System produces Carbon Monoxide

You can not see it, taste it or smell it, but it can kill you. Carbon monoxide is making its cold weather rounds.

Produced when fuels such as wood, coal, oil and natural gas are incompletely burned, carbon monoxide is odorless, tasteless, colorless and deadly.

Properly-working heating equipment produces only a small amount of carbon monoxide, but when heating equipment is not working right or properly vented, dangerous amounts of the gas may seep into a room or house.

Some safety precautions are: —Make sure that heating equipment is vented into a safe chimney, whose walls are tight and well-maintained. Keep the chimney clean, remove soot, broken brick, bird nests, and anything else that might keep gas from escaping. Test the chimney to see if it draws well by placing a lighted match near the clean-out or other opening. opening. If smoke is drawn up the chimney, it is drawing properly.

—Check vent pipes to make sure there are no holes or loose connections where gas fumes can escape back into the house.

—Use barbecues and other charcoal grills outdoors only. Never be tempted to grill a steak in the garage or closed-in porch.

—Symptoms of carbon monoxide poisoning are drowsiness, head-

aches, dizziness, confusion, nausea, muscular weakness, and unconsciousness. However, do not depend on these symptoms to warn you of possible danger. If someone is overcome by carbon monoxide gas, get him to fresh air immediately, begin mouth-to-mouth rescue breathing.

PAPER MONEY

By GENE SNYDER

The first priority of Congress must be a reduction in federal appropriations. This is absolutely necessary if the battle against inflation is to be won. Spiraling prices are fueled by carefree government spending and unless we tighten our fiscal belt there will be no halt to higher costs. It is not enough to pay lip-service to economy in government but positive steps must be taken to reduce deficit spending. All we have to do is to take a hard look at history to see what happens to a nation that throws thrift to the wind in its attempt to be all things to all people.

In August of 1922, the money supply in Germany totaled 252 billion marks. Fifteen short months later—due to an astonishing increase in inflation brought on by government spending and a corresponding devaluation in currency—the total amount of marks multiplied 2 BILLION times. The German mark literally ended up not being worth the paper it was printed on and economic chaos

ultimately set in. Thousands upon thousands of workers became unemployed and the country was in financial ruin. A reason given for this collapse of the German economy was that the government officials lacked "the courage to resist the pressure of those who demanded ever greater quantities of paper money."

And how do we stand here in the United States in 1973? In the current fiscal year it will cost the hardworking American taxpayer \$27 1/2 billion just to pay the interest on the federal debt. Translated into understandable terms that is \$872 a second; or \$52,320 a minute; or \$3,130,200 an hour, or \$75,340,800 a day. Yet there are those misguided individuals who still say: "The size of the federal debt makes no difference—we owe it to ourselves." It is this type of fuzzy reasoning that will eventually bankrupt our nation if it is not stopped. That is why you may be sure that extravagant and wasteful government proposals have not—and will not—receive my support.

If the free spenders have their way there won't be enough money left to build the poor houses—where we'll all end up living—due to their "budget busting" schemes.

Tom Cady Trial Dismissed Friday

WALTON POLICE CHIEF P. THOMAS CADY'S TRIAL LAST WEEK IN BOONE CIRCUIT COURT, WAS DISMISSED THROUGH A TECHNICALITY.

Mr. Cady was being tried in a gun conversion case. After testimony by several witnesses, Judge James R. Ford conferred with the attorneys and it was ruled that the case be dismissed. William Johnson of Frankfort Cady's attorney, told of the difference between custodial care of property and possession of property.

He said, "The most proved (in this case) was that Cady had custody and therefore no legal conversion."

"If you give a person the right of property and that person takes the item and sells it, that's possession (conversion). But if a person is walking down the street and finds a gold piece and knows who it belongs to, that's custody."

Commonwealth Attorney, Otis Lanter, complained that the point was stretched too far and that he disagreed with the law as interpreted by the Court of Appeals.

Former Walton Police Sergeant Doug Hensley told the court that Chief Cady traded the gun to him for a stereo and \$20.00 on September 5, 1973.

The gun in question was reported stolen from Ron Jenkins, a service station employee, on May 18, 1973.

It was reported that most of the day last Thursday was spent in selecting jurors.

After the dismissal, Mr. Cady said he was very happy and had said all along that he would be found innocent.

Firemen Install

Trustee Charles Worthington

Florence Fire Department was host to the January meeting of the Northern Kentucky Firemen's Association on Tuesday night.

Judge Bruce Ferguson installed the new officers:

President, Chief Donald Roberts, Florence;

Vice President, Chief Ed Bohart, Highland Heights;

Secretary, Assistant Chief Paul E. Radenheimer, Fort Mitchell;

Treasurer, Chief Adolph Lombardo, Woodlawn;

Trustee for three years, Deputy Chief Charles Worthington, Walton.

The Walton Volunteer Fire Department has been a member of the Northern Kentucky organization for some 30 years and this is the first member to serve on the board.

Mr. Worthington goes into this post very well qualified. For 17 consecutive years he served as Chief of the Walton group. He is now in the position of Deputy Chief and assistant treasurer.

RHONDA THOMAS

Miss Rhonda Thomas, daughter of Mr. and Mrs. Tevis Thomas of Verona was in competition with all Junior High School students of Boone County and has won first place for her essay, "My Favorite Sport."

Heart Attack Early Warning Signs Can Be In Arm Or Arms

(This is the fourth of eight articles about the EARLY WARNING SIGNS of heart attack.)

Bursitis or heart attack?

Pain in one arm or both arms occurs frequently in combination with chest pain as an early warning sign of heart attack, according to a public education program under way in this area. But pain can also occur in the arm without being in the chest at all.

CALL A PHYSICIAN

In the absence of an obvious reason for a pain or discomfort in either arm or both arms, a prompt checkup by your physician is indicated.

The education program, developed by the Kentucky Heart Association in consultation with the American Heart Association, suggests that persons who experience early warning signs should call physicians first. This enables the doctor to participate in a decision on the mode of travel if a patient needs to go to the hospital. In many cases, a physician may advise a patient that transport by auto might be preferable to an ambulance, as a time saver, especially in rural areas.

COMFORTABLE POSITION

In any case, one physician advisor says that a patient who does not feel faint is more comfortable sitting up. The most common mistake made by well-meaning relatives or friends is to have someone who is experiencing heart attack warning symptoms lie down. The physician stresses, however,

ARM PAIN
Second to this discomfort "under the necktie," as one physician puts it, is arm pain.

This may be a sensation of pressure, fullness, queezing or aching, and can also occur in the neck, jaws, back or upper abdomen or in a combination of those areas. There may also be shortness of breath, sweating, nausea or vomiting.

The Heart Association urges that you don't gamble that a pain in your arm is bursitis rather than a heart attack. Have it checked by a physician. There is good sense in the EWS rhyme: "Early attention can mean prevention."

In case of heart attack symptoms, residents of the Piner-Elkburg area may call 456-4329 for prompt efficient first aid and transportation.

Mr. and Mrs. Ralph Lucas of Alta Vista, Walton received this photograph of their son, Staff Sergeant John A. Lucas, being re-enlisting into the Air Force on December 11, 1973, at Ubon Royal Thai Air Force Base, Thailand.

REPORT . . . From The General Assembly

By State Senator Clyde Middleton

The 1974 session of the Kentucky General Assembly got underway on Tuesday, January 8 with its own Headstart Program. This was due to the exceptional activity of the interim committees. Committee of House and Senate members from the 1972 session which have been meeting regularly since then. These committees, and individual legislators, pre-filed over 200 bills to be considered during this session. Thus, for the first time a bill was reported out of committee in the Senate during the first week and was voted upon during the first week. In the past, the normal time lag from introduction of a bill until passage prevented such early action.

DAYLIGHT SAVING TIME

As you know, the governor recommended and the federal government approved, the exemption of the Eastern Time zone of Kentucky from DST, then further exempted our Northern Kentucky counties from the general exemption, leaving us to go on Eastern Daylight Savings Time along with Cincinnati. While there are many who would prefer to stay on Standard Time, this proposal by Governor Ford was probably the best available under the circumstances. I applaud him for taking our special needs into account, when many Kentuckians were urging him to keep the entire Eastern Zone in Kentucky on Standard Time. There are still several bills in the legislature to do this, but they are not likely to receive any consideration now with the Governor's action an accomplished fact. You can be sure that Northern Kentucky's legislators will stand together against any such attempts, as we did earlier in asking the Governor to keep us in step with Cincinnati.

NO-FAULT INSURANCE

This issue is one which sparked great controversy during the 1972 session, and is likely to do so again. Several bills were submitted during the last session and were bottled-up in the Senate judiciary committee. Then, a special committee was created to study the subject in greater depth, hold public hearings and report back to the 1974 General Assembly. This was done, and the hearing transcripts have been published. I've read them and can assure you that the committee did a thorough job of assembling all the information available. Several of the committee members have written a new "no-fault" bill which will be submitted soon to the legislature. It provides a "threshold"—a level of claims for bodily injury—below which an injured person's own insurance company will pay his claims, regardless of who was at fault in the accident. Beyond this threshold, the insured will be free to sue in court for reimbursement of additional losses, if he believes that someone else caused the accident. There will probably be several bills entered on this subject with varying provisions.

The intent of this kind of legislation is to try to reduce the cost of automobile insurance by reducing the time and money involved in having smaller claims heard in court. The outcome of this battle will affect your automobile insurance rates and possibility of recovery of damages greatly, so I recommend that you follow the course of it closely.

AUTO DRIVER'S LICENSE

Sometimes we find some unbelievable provisions in the existing law, and one of these came to my attention when a Boone County mother attempted to sign the application for her daughter's driver's license. The law said only a father could sign. I pre-filed a bill to correct this "mate chauvinist" provision—and now find that several other legislators were also shocked by this section of the statutes. One other bill was entered in the Senate, and at least one other in the House. My bill received favorable action and should be voted upon soon.

If you want to express your views on any matter relating to State government, you can reach any of us by addressing your letter to us at the Capitol Building, Frankfort, Kentucky 40601. The General Assembly will be in session until March 22.

ENERGY CONVERSATION IN THE HOME MEETING

Are you concerned about the energy crisis?

Do conflicting stories have you puzzled?

The Boone County Extension Service is planning a program on Energy Conservation in the home. It will be held Thursday, January 24, 7:30 p.m. at the Boone County Health Department. The public is invited to attend.

The program is aimed toward what the average citizen can do to conserve energy. Whether you consider the energy shortage to be critical or not, it is estimated that as much as 50% of the energy consumed in the United States is wasted.

We certainly cannot afford to waste any valuable resources.

The program will be presented by Bill Smith, representative of Owen County RECO and Nancy Norman of Boone County Extension Office.

REPORT CARDS

Students' report cards from teachers at Walton-Verona will be given out on January 24.

ALTAR SOCIETY MEETING

St. Cecilia's Society Social will meet Sunday, January 27th, 2:00 p.m. at St. Cecilia School.

FIRE DESTROYS BARN AND ENTIRE CONTENTS

On Thursday evening, January 17, an unexplained fire struck the tobacco barn on Percival Road that was owned by J. R. Flynn of U.S. 25 south of Walton.

Lost in the blaze were 1500 tobacco sticks, 200 bales of hay and several pieces of farm machinery.

The Walton Fire Department responded to the scene but were not able to save the wooden structure.

Loss of contents was set at near \$5,000. Arson is suspected.

Local Resident Will Pay Increase In Phone Bills

Cincinnati Bell's 60,000 northern Kentucky customers will be paying an extra \$1.25 a month for phone service which has already gone into effect.

The increase affects Boone, Gallatin, Kenton, Campbell, Grant, and Pendleton Counties.

HIT BY AUTO

Little Miss Kim McLoney, an 8-year-old daughter of Mr. and Mrs. Ernie McLoney was injured when struck by an auto Tuesday morning.

The accident occurred in front of her home on U.S. 25 south near Breeden's Texas.

She was taken to St. Elizabeth Hospital by the Walton Life Squad where she was treated for back and leg injuries.

Kim was reported to have been on her way to attend classes at Piner Elementary school where she is a third grade student.

Announce Engagement

Mr. and Mrs. Ray Smith of Independence, announce the engagement of their daughter, Betty Jean Smith to William L. Clinkenbeard, son of Mr. and Mrs. William Clinkenbeard of Walton-Nicholson Road, Walton, Kentucky.

The wedding date is Saturday, February 23, 1974, at 7:30 p.m. in the First Baptist Church, Walton.

The public is invited.

Safety For Buses

Reflectors and fluorescent paint are being placed on Kenton Co. School buses as a safety measure in the early morning go-to-school hours.

Parents also are being advised by Supt. Don Davis to dress their children in light colored clothing, equip them with flashlights and caution them to wait off the road until the school bus comes to a stop.

The warnings—and action—came after a poll in which 4370 families participated and voted not to change starting hours.

Of the votes cast, 2649½ voted to remain on present schedules while 1720½ voted for a change. One family split its vote thus accounting for the ½ votes. The ratio was approximately 60-40.

Of the schools involved, 11 voted not to change while five voted for a change.

Receives American Flag

Members of the petit jury of Boone Circuit Court last week presented Judge James R. Ford an American flag to be flown at his Owen County home. Judge Ford has served as Boone Circuit Judge since 1957 received the flag in appreciation of his fairness with all those with whom he comes in contact.

Grant County Gets Local Ambulance Service

Grant County ambulance service began this week. Charles Alexander of Dry Ridge has contracted with the county to provide 24-hour emergency service. A vehicle donated by Eckler Funeral Home will be used as the emergency vehicle for the present time.

CARTER LUMBER

Carter Lumber Company has expanded by opening its newest retail building materials outlet in Florence, Kentucky on U.S. 25 (Dixie Highway) ½ mile south of Devona. Mr. Rudy Rutan, manager, welcomes everyone to come by and get acquainted.

Carter Lumber has over 66 lumber yards throughout Ohio, Pennsylvania, Indiana, Illinois and Kentucky. Inventories are arriving daily at their modern 32,000 square foot Cash and Carry facilities. Carter Lumber stocks quality, name brand building materials and sells "all items" in the yard at excellent, low Cash and Carry prices. Mr. Rutan encourages all do-it-yourselfers and contractors to come to Carter Lumber—open from 7:30 to 6:30, six days a week.

Staffordsburg

The tobacco market has closed. The farmers will have about six weeks before starting another crop. Tobacco is about a 10-month crop and it brought a good price this year, but not according to

other things. Just try farming and find out.
 Emily Kleete and Alberta Ballinger visited Balson Mills at the Ambassador Rest Home in Ohio. They found him looking better than they had expected. He had diabetes and is totally blind.
 I found a clipping I had cut out of the Advertiser 50 years ago this February 17 where the Starfordsburg Missionary had an all day meeting. There were 24 women present and only three of the 24 are living now. A true saying—Time changes things. Thought—To care is to be found doing.

SECOND BIRTHDAY PARTY

Mr. and Mrs. Bob Jones entertained with cake and ice cream to celebrate the second birthday of their daughter, Rebecca, on January 17. Those on hand were her brother, Scott; Mrs. Sue Poteet, Pam and Robin; Mr. and Mrs. Herman Shuster; Mr. and Mrs. Kerry Vest and Klm of Verona.

—DEATHS—

ALOIS OBERMEIER, 76, former resident of Independence, died at 7:30 a.m. Monday at Woods-point Nursing Home, Florence.

He was a native of Bonn, Germany, and a retired farmer. Survivors are daughters—Mrs. Mary Teresa Cain, Verona; Mrs. Louise Haut, Cleveland, O.; Mrs. Betty Baker, Blue Ash, Ohio; Mrs. Rosemary Fahey, Burlington; Mrs. Emmille Linton, Covington; sisters, Sister M. Hilda and Sister M. Mildred, Order of St. Benedict, St. Henry School, Erlanger; Mrs. Cenny Hofmann, Latonia; 16 grandchildren; one great grand son.

Funeral Mass was Thursday at St. Cecilia Church in Independence. Arrangements were made by Chambers and Grubbs.

Mass of Christian Burial was conducted Monday morning at St. Cecilia Church, Independence, for **BERNARD GOEDDE**, 59, of Old Decoursey Pike. He died at home.

A retired farmer he leaves his mother, Bernadine Goedde with whom he lived; a brother, Joseph of Independence and a sister, Mrs. Marcella Fediv of Warren, Michigan.

ERMA STOCKMAN, 78, died in Grant County Hospital last Friday. Services were at Hamilton Funeral Home on Monday with burial in New Bethel Cemetery.

Survivors are a daughter, Mrs. Louise Stephenson of Walton, 3 brothers, Acy, Cincinnati; Warren of Walton; and Robert of Villa Hills; a granddaughter and two grandsons.

KENTUCKY ALLOCATED FISH AND GAME FUNDS

Kentucky's share of the federal money returned to states for fish and wildlife restoration and hunter safety programs amounts to close to \$1 million, according to Senator Marlow Cook. He reported that the U.S. Department of the Interior had allocated \$99,451 to the Commonwealth, of which \$630,388 is to go for wildlife restoration, \$231,014 for fish restoration, and \$96,049 for hunter safety programs.

SWINGING FOR 714

Hank Aaron, who finished the 1973 season with 713 career homers, will get his first chance to swing at Babe Ruth's "unbreakable" mark of 714 when the Atlanta Braves visit Riverfront Stadium to open the 1974 season.

 (Published Jan. 10, 17, 24, 1974)

The Keen-Age Group will meet January 28 at 11:00 o'clock at the Walton Baptist Church. Those attending are asked to bring a covered dish.

The Beacon Sunday School Class will host the quarterly fellowship dinner Sunday evening at 6:30 at Walton United Methodist Church.

Homer Winburn of Jones Road returned home from Booth Hospital last Wednesday.

We are glad Wilford Rice has returned home from the hospital and is improving.

We extend sympathy to Mrs. Louise Stephenson and family in the death of her mother, Mrs. Erma Stockman.

Donald McIntyre is confined in Booth Hospital.

Mr. and Mrs. Stanley Allen had as Sunday dinner guests, Mr. and Mrs. Leebus Stephenson and grandson.

Miss Lisa Dance of Visalia spent the weekend with her grandmother, Mrs. Aline Dance.

Mr. and Mrs. Lawrence Wilson spent Saturday with Mr. and Mrs. Pat King and children, Cynthia.

Mrs. Zella Baker remains in the St. Elizabeth Hospital. Saturday evening guests of Mr. and Mrs. James Lawrence and Randy were Mr. and Mrs. C. N. Harrod and Debbie of Louisville. They attended the Boone County basketball game and were accompanied by two of Debbie's school friends.

Walton Homemakers

The Walton Homemakers Club held their January meeting in the home of Mrs. Lillian Acree and Miss Rachel Acree at 156 South Main Street, Walton.

Mrs. Donald Rice conducted the business meeting.

A committee of Mrs. James Burden and Mrs. William Gibson was appointed to suggest things to make at a workshop in March.

The devotional was presented by Mrs. Paul Beigle, using the theme "Words of Wisdom" reading scriptures from Proverbs in the "Living Bible."

"Laws in Labeling" will be taught in the February meeting.

Those enjoying Mrs. Lillian Acree's and Miss Rachel Acree's delicious luncheon were Mesdames Dwight Maddox, William Gibson, Carl Parker, Donald McMillan, Nelson Popham, Frank Penick, Gaines Huey, Harry Henson, Paul Beigle, James Burden, Robert Eisenschmidt and Homer Winburn.

The February meeting will be in the home of Mrs. Carl Parker on York Road with Mrs. Donald McMillan serving as co-hostess. Mrs. Harry Henson and Mrs. G. E. Huey will teach a lesson on "First Aid."

LIVESTOCK BUILDINGS NEED VENTILATION

All farm buildings used to house livestock should have ventilation openings to allow moisture and air exchange between the inside and outside. UK ag engineers note that many livestock buildings are well-ventilated by means of fans. In many many other buildings, natural ventilation openings which follow specific recommendations provide good ventilation.

However, many new or remodeled animal buildings which are supposed to be naturally ventilated are not built with adequate natural ventilation features, according to the UK specialists. Therefore, problems sometimes develop, such as high moisture, condensation, and stuffiness in the fall, winter and spring and heat buildup in the summer.

Ventilation is especially critical for metal-covered buildings. These buildings are lighter and therefore trap moisture and heat more than wooden-sided buildings which have numerous cracks.

The UK agricultural engineers have the following recommendations for insuring good ventilation for livestock buildings:

—For open-sided buildings without ceilings, such as free-stall barns and swine feeding floors, there should be a minimum opening of four to six inches at the eave on the closed side, and also a three to four inch effective ridge vent opening. The eave opening permits air to enter the building under the roof and flush out the warm, moisture-laden air in winter. It also helps prevent heat buildup in summer. A ridge vent helps draw the warm air up and out when natural breezes are not strong enough to sweep completely through the building.

—Many open-sided livestock buildings also require vent panels

or doors 3 to 4 feet high along the closed sidewall. These can be opened to allow more air movement in hot summer weather, thus providing more comfort for the animals inside the buildings.

—Small enclosed metal buildings or sheds used for calf housing definitely need eave and ridge ventilation openings for winter moisture removal. The same is true for buildings of wooden or concrete block construction, especially if cracks between the boards in the wooden siding are sealed with strips.

—Reflective roof surfaces such as aluminum, white painted metal white shingles reduce inside heat buildup, and therefore are a help in keeping buildings cooler. However, these reflective roof surfaces are not the complete answer to heat buildup in themselves.

—A ceiling in a building helps block radiant heat from the roof, thus keeping the building cooler in summer. Still, the attic space needs eave and ridge or gable ventilation, or else heat buildup may still occur.

—Rigid insulation board applied directly on roof purlins and under a metal roof helps insulate against heat buildup, but is less effective than if it were in the ceiling. This is due to its being in direct contact with the hotter metal roof and not having a ventilation space to exhaust the heat.

WORLD CHAMPION—Tim Wood was the first American to win the World Championship title since it was captured by David Jenkins in the late 1950's. No American has won it since. He is our nation's reigning champion—the best in the land. Tim will display his tremendous skating talent when the 1974 edition of Holiday on Ice comes to Cincinnati Gardens from February 5 thru February 10.

HIGH SCHOOL BASKETBALL TOURNAMENT

The 1974 State High School Basketball Tournament will be held in Freedom Hall, Kentucky Fairgrounds and Exposition Center, Louisville, on March 13-16. The first session of the tournament is scheduled for Wednesday afternoon. There are two sessions for each of the days, Wednesday, Thursday, Friday and Saturday.

On or after February 1, 1974, State Tournament Ticket Sales, P.O. Box 7502, Lexington, Ky. 40502, will accept mail orders for complete sets of tournament tickets. These orders will be filled after the schools have received tickets allotted to them under the plan of distribution set up by the KHSAA Board of Control. The school orders will take all the box seats on the sides, all the chair seats below the boxes and chair seats in the center chair section. The prices of tickets per set

(8 sessions) are as follows: end box seats, \$32.00; chair seats, \$24; bleacher seats, \$16.

Each order must include a remittance of 25c for postage and insurance on the tickets, and any check should be made payable to State Tournament Ticket Sales.

Orders for individual session tickets will be accepted during the February 15-28 period, and should not be included with orders for complete sets of tickets mailed prior to that time. Tickets available for individual session tickets will be chair seats at \$3.00 a session and bleacher seats at \$2.00. An over-the-counter sale will begin at Freedom Hall on March 5 and continue through the tourney.

Sports Show

A record number of exhibits, utilizing over 200,000 square feet of space, will be on display at the seventh annual Cincinnati Sports, Travel and Vacation Show, open on Saturday, January 26, and continuing through a nine-day run on Sunday, February 2, at Cincinnati's Convention-Exposition Center.

Over 150 booths, covering all aspects of the sports, travel, boating and recreational field, will be included in the show. Twenty-one states are represented with official exhibits at the show. The nine-day show will utilize the entire upper and lower level.

There will be a flock of new features at the 1974 sports show. You can enter the fabulous "name the steer" contest, and see an authentic Texas Longhorn with-horn span.

And, too, there's actual "pampering for gold" in the show where you will get an opportunity to actually come up with some real gold dust from Georgia hills. It's a show that the youngsters will enjoy, too, when they get a chance to see famed "Victor, the wrestling bear."

"Old Glory" Available

Kentuckians who would like to display the Stars and Stripes now can obtain a U.S. flag and arrange with Senator Marlow Cook to have it flown over the nation's Capitol. Cook reports two sizes of "Old Glory" can be purchased, but he cautioned that they are available on a first come, first served basis. All requests will be filled as soon as possible, however.

The Senator explained that those wishing to obtain a flag may write to his office in Washington and enclose a check or money order of \$4.20 for a 3 foot by 5 foot flag; or \$6.75 for a 5 1/2 foot one. Checks and money orders must be made payable to the Senate Keeper of the Stationery. Senator Cook said he then will request that flag be flown over the Capitol Building and will send it to the owner along with a certificate.

The Senator's address is 347 Old Senate Office Building, Washington, D.C. 20510.

Succumbs To Injuries

Mary Pratt, 21, of Hazel Park, Michigan was struck by a tractor trailer as she tried to get her car out of the mud on I-75 near Dry Ridge.

She was rushed to St. Elizabeth Hospital by the Walton Life Squad but died soon afterwards.

Students Demonstrate

Joey Humphrey conducted the 4-H Club meeting on January 14 in room 201 of Piner Elementary School.

Some people gave demonstrations on the projects they took this year. These are the people that were on the program:

Lori Ernest—cooking project; David Morris—horse project; Darren Smith showed his project poster on which he won a blue ribbon in 1973 at the Kenton County Fair.

Lori Ernest and Lisa Oliver led the pledges. Miss Diana Schneider met with the group. She explained the 4-H poster contest for this year.

The next meeting will be on February 11.

WOULD YOU BELIEVE IT..

By "RED"

Ever hear of the "Windshield Hat"? Oh, it was a real item of apparel all right, at the beginning of the 20th century, it was introduced as an ideal way to combat dangers of the open road such as dust, swarms of insects, poisonous fumes and cold air, for the early female motorist. However, it was never very popular and did nothing for feminine attraction. It looked rather like an astronaut helmet with a small square window in front giving little more than a peek-a-boo view forward.

This was just one of the many devices developed for protection until the windshield and closed cars came into vogue.

One of the many services that G & G TIRE COMPANY offers you is the mounting of new tires that you purchase from us at low, low prices. Come in and check out our prices as well as our other tire services.

U.S. MUST KEEP PANAMA CANAL

The WASHINGTON POST on January 10th headlined a staff writer's story "U.S., Panama Agree to Return to Canal and Zone." This headline shocked many people who have been concerned that the United States might turn over our extremely vital Canal and its ten-mile wide Zone to a country long torn by political instability.

To clarify the situation, no new treaty has been concluded. The U.S. Government has just proposed certain principles or ends toward which it is willing to negotiate—points which I think will take a long time to work out barring a complete capitulation by our officials to Panamanian demands. These principles or aims are consistent with the position expressed by President Lyndon Johnson on December 18, 1964 and confirmed on October 25, 1970 by President Richard Nixon, that this country would enter negotiations with Panama to replace the 1903 treaty with a new one having a fixed termination date. I oppose this position. The Johnson announcement followed talks with Panamanian leaders that took place after the riots over the Canal on January 8, 1964. The Nixon state-

ment was on the occasion of the U.S. visit of the new Panamanian President, Demetrio Bastillo Lajas Bahas.

The points tendered for negotiation are all, in one way or another, in the pattern of allowing a gradual moving into control of the Zone and the Canal itself by the Government of Panama, giving it increasing sovereignty as our own diminishes. If I agreed with the end result—the complete turning over to Panama of the Canal and is Zone—I might have few reservations about such a piecemeal yielding of control.

However, I am flatly opposed to this ultimate purpose. Our country's economy and national security are at stake. I might sum up all my opposition in two words: Panama's instability. The best way to demonstrate this instability is by what amounts to a word-picture—the long list of Presidents Panama has had. This shows us 59 changes of government since the first President took office in February 1904. Only four completed their term of office, which under Panama's constitution is four years. We have had 12 Presidents to Panama's 59 in the same period.

Letter To The Editor:

I would like to express my thanks to you for the Advertiser and also the pretty desk calendar which was recently sent to me.

Since I am a native of Northern Kentucky, I enjoy reading of the many items of interest.

Special thanks are expressed to the donors of this subscription gift—Mr. and Mrs. Ben Banks of Ft. Mitchell.

Sincerely,
 Mrs. Gladys Shumate,
 Penfield, Illinois.

Attention Walton Woman's Club Members

The second turn-in date for Community Club Awards is Tuesday, January 29. Your two turn-in locations are Mrs. Cameron Brakefield and Mrs. W.R. Belcher residences. They have containers plainly marked on their front porches. Solicit the help of your friends and neighbors to save the labels from the participating companies. The rewards received by the Women's Club will be used for Community Improvement.

Kentucky's Oil Production Is Down

Kentucky produced enough crude oil each day last year to run the United States for 15 seconds that day—and that was less than the year before.

In spite of the energy crisis and a plentiful oil reserve, state Department of Mines and Minerals records show Kentucky's production of oil is decreasing.

In 1973, both oil production and number of producing wells took a dip. Production dropped to almost a half million barrels to a 24 year low. The 9.3 million barrels were only a third of that taken in peak year 1969.

Still, last year's yield was enough to give the state a rank of 17th in the nation in value of

oil and gas produced. The take from 15,000 producing oil wells—200 less than in 1972—could have supplied Kentuckians with oil for about two months.

Gas, on the other hand, showed a slight upswing last year. About 125 new producing gas wells brought the state total to 8,000. Though the mines and minerals department keeps no official record on gas production, Frank H. Walker, director of the division of oil and gas, estimates gas production stayed about the same as in 1972—around 70 billion cubic ft. or enough to have supplied Kentucky for about three months. He expects an increase in gas production this year.

According to Walker, cost is the reason more gas wells and fewer oil wells were drilled last year. While oil prices only began increasing significantly, a few

months ago, gas prices have been rising since 1972.

Despite the upturn in oil prices, Walker does not expect a sudden increase in Kentucky production. The two reasons cited are a serious shortage of pipe for oil well casing and a low profit return in recent years. The high risks and expense of drilling drove many persons out of the business.

For instance, less than half the nearly thousand wells drilled last year produced gas or oil. Nearly a third were dry or abandoned. The rest were non-producers such as gas-storage and experimental wells. In fact, only about 20% of all recorded wells ever drilled in Kentucky are still producing.

It costs at least \$100 a foot to drill a well for the first 2,000 feet and from \$20 to \$50 for each foot below that. One well drilled in Floyd County cost a million dollars and was dry.

The shallow oil in Kentucky is playing out and there is much rock below 2,000 feet that might contain oil. As the price of oil goes up they will go after that deep oil.

While down somewhat, last year's oil production was better than in 45 other years. In fact, it was more than a hundred times greater than that for our first recorded year—1900.

MATTER OF LIFE OR DEATH

The difference in life or death may be you!

On Thursday, January 17, at 7:20 a.m., the Walton Life Squad responded to a call on I-75 near Dry Ridge, Kentucky, where a 21 year old girl had been critically injured. That squad had to respond with only two people, a driver and an attendant.

Unfortunately this is becoming the usual number for the day crew.

Luckily, this was enough manpower for this accident because only one person was injured. But if there had been several people injured seriously, there would not have been enough squad personnel to handle it properly.

The squad does the best they can with what help they have, but they NEED YOU.

Please, give an hour or two, whatever you can spare to help. It may be one of your loved ones that calls but there is no one there to respond.

Church League Basketball Results

In the opening game Saturday night, Walton Methodist defeated Hickory Grove 85 to 74. Terry Strong led the Methodist with 22 points; Jim Best added 18. McMillan and Harris led Hickory Grove with 18 and 17 points respectively.

In the second game, Walton Christian beat Church of Christ 62-57. Ferguson led the winners with 24 points. D. Stahl led the losers with 18.

In the third game Piner defeated Eggleston Methodist 80-72. H. Callen led the winners with 21 points and Farmer had 22 points for the losers.

In the nightcap, Union Baptist squeaked by All Saints 65-62. Geo. Hatton had 25 points for Union as Raybourne picked up 20 for AS.

SATURDAY SCHEDULE
5:30—Union vs Hickory Grove.
6:45—W. Methodist vs Piner.
8:00—W. Baptist vs New Bethel.
9:15—E. Meth. vs Ch. of Christ.

Students Choose Career In Service

Service in the armed forces ranks among top choices for careers at Simon Kenton High School.

The report was made by Miss Janice Sulkes, who with a guidance committee, is setting up a "Career Day" program Feb. 1, at the southern Kenton County high school.

Juniors and seniors were polled and listed 31 choices and the school is to bring experts in the field to a morning discussion with students. Each student will get to attend three 45-minute sessions.

Interest in military service reverses a trend of the past decade. Other popular choices include business, health professionals, the airlines, auto body and mechanics.

Serving on the committee with Miss Sulkes are Mrs. Rebecca Short and Mrs. Marilyn Taylor, Simon Kenton guidance counselors.

VA News & Notes

Q—Is it true that veterans no longer have to apply for certificates of eligibility for education and training benefits? I hear that the VA mails them to veterans so that they no longer have to apply in person. Because I didn't apply when I got out two years ago, will VA send mine through the mail?

A—The new system is keyed to the list of discharges now being furnished by the Department of Defense. Because you were discharged before the automatic system was established, it will be necessary for you to file application for your benefits at the local VA office.

Jack Billingham Outstanding Pitcher

Jack Billingham, who equaled a club record for shutouts that has stood since 1968, has been named the Cincinnati Reds' Outstanding Pitcher for 1973, in voting by the Cincinnati Chapter of the Baseball Writers Association of America.

Billingham's seven shutouts were the top total in the National League last season. Jack also tied for the league lead in innings pitched, 283, which was the highest total by a Cincinnati pitcher in more than 30 years.

The tall right-handed had the finest season of his career in 1973, when he posted a 19-10 mark, and was a member of the National League All-Star team.

Billingham is the fifth different pitcher to win this award since it was inaugurated by the baseball writers in 1968. Wayne Granger pulled the most votes that year, followed in succeeding years by Jim Merritt, Don Gullett and Clay Carroll.

Jack was an overwhelming choice in the voting with Pedro Borbon the only other pitcher to draw votes.

LIFE IN CHRIST IS LESSON FOR JANUARY 27

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(JOHN 15:1-11)

One day an Irishman was going from door to door peddling some product. He was accosted by a Christian gentleman with the usual greetings and afterwards with this remark: "It's a grand thing to be saved." The Irish peddler replied, "It is, but I know something better than that."

"Better than being saved?" the astonished gentleman asked.

"What can you possibly know better than that?" The unexpected and astonishing reply came: "The companionship of the Man who saved me."

Being saved is much more than the conversion experience where one is put into right standing with God. It is to have life in Jesus Christ.

Life in Christ has to do with abiding.

ABIDING

In the Old Testament, Israel is pictured as the vine or vineyard of the Lord. There is a beautiful passage in Isaiah 5:1-7 setting forth Israel as the "vineyard of the Lord." God speaks through Jeremiah concerning Israel, "Yet I planted thee a noble vine, wholly a right seed; how then art thou turned into the degenerate plant of a strange vine unto me?" (Jeremiah 2:21).

Hosea saw Israel as "an empty

vine" (Hosea 10:1).

A great golden vine adorned the front of the Holy place of the Temple. It is an interesting fact that wherever the Old Testament refers to Israel as the vine, it has the idea of degeneration!

Jesus comes to say, "I am the true vine."

Jesus was saying to those of his day that belonging to the nation of Israel does not make one a child of God. Jesus is saying to men of our day that in order to have life in Christ one must abide in the vine. Being a member of the church is not the same thing as being attached to Christ. There can be no life apart from Christ just as there can be no life in a branch not abiding in the vine.

God the Father is the vine-dresser and every (not some) branch that fails to bear fruit He cuts it off. He repeatedly prunes every branch that does bear fruit in order for it to produce more fruit.

Verse three shows that Jesus was talking not to dead branches but branches now cleansed by His Word. Had they not only recently seen the Surgeon's scalpel remove Judas from among them? Verse four is the clear call to abide in Christ as Christ abides in us. To be a fruitful Christian there must be a conscious relationship to Jesus Christ. When a person recognizes that he is attached to Christ and life from Christ flows through him, he will begin to bear fruit. As this relationship is cultivated by the Christian and pruned by the Father, fruit will come in abundance.

ABUNDANCE

The true source of life is not to be found in Israel but in God's own Son. When Christ shed His blood on Calvary's Cross, He was making possible the existence of a true people of God. They are not God's people by physical descent but by their abiding in Christ. Whatever fruit Christ bears will be through the branches. Christians are the branches. If that vital connection is not made between the individual and Christ, there can be no fruitbearing at all—"for without me ye can do nothing."

Verse six declares that branches having not experienced that vital union with the vine, will be cut off. Such branch or branches will be thrown out to dry up and then thrown into the fire and burned. But if one abides in Christ and the words of Christ abide in him, that person may have his prayers

Oak Ridge Homemakers

The Oak Ridge Homemakers met at the home of Mrs. Allan Monson of Walnut Drive, Plantation Heights on Tuesday, January 15.

The meeting was conducted by Mrs. Sharon Kemper, the vice president.

Ann Bishop gave the lesson on "Rights to the Consumer."

A report of the council meeting was given by Rosie Thompson.

Lee Marshall gave a report on the importance of eating raw vegetables and a candy recipe.

Those present were: Sharon Kemper, Dortha Cummins, Mary Nagle, Bernice Fennell, Ellen Mason, Lee Marshall, Alma Yates, Rosie Thompson, Ann Bishop, Lulu Slaughter, Shirley Stephenson, Sine Kennedy, Teresa Wilkenborg, Shirley Talbert, Patty Dehmer and Charlene Harvey.

THOMAS MORE GETS GRANT

The science departments at Thomas More College have received \$4500 from the National Science Foundation to support research and educational activities. The grant marked the ninth direct institutional grant from NSF over an 11-year period.

answered by God. This is God's promise because when one is in such a union with Christ, he will want and ask for what Christ wants for him.

Every vine-dresser wants his branches to produce fruit in abundance. God the Father wants every branch in Christ to bear abundant fruit. God is glorified by fruit-producing Christians. This is also the way one proves his relationship to Christ.

We turn now in our lesson to words of admonition.

ADMONITION

The love the Father had for Jesus was immeasurable. The love of Jesus for us was and is beyond pen or tongue to tell. What marvelous security for the believer in that love. We are admonished to

continue in His love. Our relationship to God through Jesus is no superficial, sentimental attachment. It is a bond of love manifested in our keeping His commandments and abiding in His love. Such relationship brings joy to the heart of Jesus and fulness of joy for a believer.

THE QUEST FOR NEW TRAILS

The history of man is a story of progress. Each of its thousands of volumes could bear one common title: *The Quest for New Trails*.

Even in childhood we display this strange genius which has brought us from primeval forests to this atomic age. We love to penetrate the untouched spaces... to open trails where none have ever been.

But this quest could destroy us more rapidly than it has profited us. History recounts the fall of many a civilization too busy with its search for new trails to understand its deeper needs.

For man can truly progress only when his spiritual growth keeps pace with his cultural and scientific advancement.

Or, bluntly, the future of this young Arctic explorer and of his world depends on the Church. The truths of God are unchanging—and ever more essential—as we seek new trails into the Unknown.

Winter Bird Feeding

Feeding resident birds in winter is an interesting and humane pastime, but don't start it unless you have a firm intent to keep it up. Birds soon learn to depend upon a certain food supply and, in a spell of severe weather, may starve to death if this accustomed supply is cut off.

Sunflower, sorghum, hemp, corn

representing

**STATE AUTOMOBILE
MUTUAL INSURANCE
COMPANY**

and millet seed, supplemented by table scraps, serve very well as bird food. A piece of suet wired to a tree limb will help out a lot, too. And don't forget that a little grit and sand, along with a pan of water will be appreciated by the birds, especially when there is a snow on the ground and the creeks and rivers are frozen.

A box nailed to a tree, a piece of plywood tacked to a window sill, or some other kind of a shallow, open container will serve very well as a bird feeder. Try to locate the feeding station on some protected spot with a southern exposure—and be sure it can be seen from a window in your home so you can say comfortably indoors and still enjoy watching the birds.

Whatever the kind of feeder, place it high enough above ground to prevent roving dogs from getting it. A piece of tin about 12" wide, nailed around the tree or post about 6 feet from the ground will thwart the designs of stray cats.

Winter bird feeding can be a major contribution to wildlife conservation. It is a lot of fun, too. And one thing for certain, when once established, it will be one unending round of interesting activity that will help brighten the dreary days of winter.

Senator Dee Huddleston

THE EMERGENCY ENERGY BILL IN CONGRESS

When Congress reconvenes, we will have many important issues and bills to take up. Perhaps the most pressing will be the emergency energy bill, which has already been debated and acted on by both the Senate and the House. Differences in the two bills are yet to be worked out, but I do not anticipate much trouble in getting an effective bill passed rather soon.

The Congress has already done an excellent job of enacting needed legislation—designed both to meet the current crisis and to

prevent future shortages. Concerning the latter, the House will be taking up legislation already passed by the Senate that would set in motion a 10-year, \$20 billion research and development program to find new sources of energy. Of paramount interest to Kentucky will be intensified research on coal gasification and liquefaction.

Incidentally, the Senate version of the emergency bill that is still pending contains an amendment I sponsored which would require the new Federal Energy Administration to conduct a preliminary study of foreign investment in our

domestic sources and to monitor such new investments.

By offering the amendment, I was not attempting to make a case for or against foreign investment in the energy industry. But I do view foreign investment in coal and other energy-producing industries far differently from investment in ordinary industries such as a television factory.

Foreign ownership or control of our natural energy resources—resources essential to our national growth and well-being—could pose very serious foreign policy problems in the future.

Such a development could result in sending essential energy supplies to foreign markets; it could leave essential energy supplies in the hands of those whose foreign policy and national interests are contrary to ours; and it could exert more upward pressures on the domestic price of fuels—which are already skyrocketing almost out of sight.

An ounce of prevention is still worth a pound of cure. And certainly obtaining knowledge of foreign investment in domestic energy sources is a preventive step against any unwise or damaging developments in this critical area.

TO ENTERTAIN . . .

Col. Charlie Riley, pantomimist extra-ordinaire, will entertain at the BOCKY Club's benefit dinner-dance Saturday night, January 26 at St. Pauls in Florence.

A hot dinner will be served from 6:30 to 8:00 p.m., followed by entertainment at 8 o'clock.

Dancing is from 9:00 until 1:00 a.m. at which time refreshments will be served.

Proceeds from the affair will be used for Boone County Knott-hole needs. Tickets are \$12.00 a couple. Reservations may be made by calling Alan Sullivan at 371-4483.

Junior Achievement

The 22nd Annual Junior Achievement Trade Fair in March. The Cincinnati Convention Center on March 23 and 24, 1974.

3,800 'Young Entrepreneurs' representing 88 local high schools will be displaying and selling their wares ranging from \$50 aluminum coat hangers to 10¢ Cincinnati Bengal football helmet lamps.

The J.A. Fair has developed into more than just a product display. Exciting professional entertainers and family entertainment will highlight the two-day event.

Kenton Co. PTA Council

The Kenton County Council PTA held its January meeting at the Willard Wade YMCA on Monday the 21st at 10:00 a.m.

The "Founders Day Program" was the "Past History of the Kenton County Council." In the history of the Council, Mrs. Robert Rose, chairman, has researched the past secretarial reports and spoke on particular events from the past.

All past presidents of the Kenton County Council were invited to attend this Founders Day meeting. Following the meeting, a Silver Tea was served.

WALTON LOCALS

Mrs. Della Glacken is still a patient at St. Elizabeth Hospital where she is undergoing tests.

Mrs. Donald McMillan and Mrs. Paul Simpson were visiting Mrs. Zella Baker in St. Elizabeth last Tuesday. Mrs. Baker is improved. Bill Whaley was operated on last week and is convalescing at St. Elizabeth Hospital.

Mr. and Mrs. Ken Shell and Kenny of Union were Sunday afternoon guests of Mr. and Mrs. Pat Glenn.

Read your local newspaper, the Walton Advertiser.

Mrs. Harold Mullins, KFWC President, announced the theme for this year's meeting will be "Education with Character—the Worth and Wear of Living."

Pete Rose Chosen Cincinnati Red MVP

Pete Rose has been voted the 1973 winner of the Cincinnati Reds Most Valuable Player Award in balloting among members of the Cincinnati Chapter of the Baseball Writers Association of America.

It was a unanimous decision for the hustling Cincinnati outfielder, who was also named the National League's MVP award by the National writers group. This is the fourth time that Rose has been chosen Reds' MVP, joining Frank Robinson in that distinction. Pete was previously elected in 1966, as a second baseman, and in 1968 and 1969, as an outfielder.

Rose earned his 1973 award by winning the NL batting championship for the third time (.339); collecting his 2,000th hit, setting new major league switch-hitting records for most singles (181) and most hits (230) in one season; and breaking several club marks.

The Reds' MVP award was inaugurated in 1955.

Previous winners were:

1955—Wally Post, of

1956—Roy McMillan, ss

1957—Don Hoak, 3b

1958—Johnny Temple, 2b

1959—Frank Robinson, of

1960—Eddie Kasko, inf

1961—Frank Robinson, of

1962—Frank Robinson, of

1963—Jim Maloney, p

1964—Frank Robinson, of

1965—Deron Johnson, 3b

1966—Pete Rose, 2b

1967—Tony Perez, 3b

1968—Pete Rose, of

1969—Pete Rose, of

1970—Johnny Bench, c

1971—Lee May, 1b

1972—Johnny Bench, c

Councilman Byron Kent
City Building
Main and Church Streets
Walton, Kentucky 41094

Gentlemen:

This letter is pursuant to the action taken by you in your initial meeting as the Walton City Council on the 8th day of January, 1974, relative to rescission of the action of the former council, in approving my statement for services rendered and expenses incurred on behalf of the City of Walton during calendar year 1973. It is imperative that you are immediately advised as to my position in light of your action. My statement was tendered in November and was approved by the former council. The services were authorized by the former council, and it is my position that they are far more knowledgeable as to the reasonableness of my statement than are you. My statement was itemized to the satisfaction of the former council, and I have never in the past been placed in the position of justifying my fee for services rendered, nor do I intend to permit you to place me in that position. I specifically call your attention to the fact that in excess of Eight Hundred (\$800.00) Dollars of that statement were out-of-pocket costs to me and were directly attributable to the sewer project.

Since you have chosen to rescind the approval of this statement, the possibilities are limitless as to what you may next choose to rescind. Consequently, it is my intent to proceed no further on the sewer project in my position as local council, until such time as my previous statement for services rendered and expenses incurred is paid in full, even at the expense of seeing the project fail—I have devoted my time extensively to this project, but I have no intentions of doing so in the future. I regret this course of action do to my respect for a great many persons in this community, but the time has come when I must consider my own personal welfare.

You are advised that I am in no way releasing the city from what I consider to be its contract obligations and I stand ready to complete the remaining work necessary to bid the project, upon payment of my statement previously rendered.

Yours very truly,
JOHN A. HARTMAN

Walton City Council and Attorney John A. Hartman have come to a point of non-agreement on Mr. Hartman's fees for 1973. The fees amount to about \$3485. Council has refused to pay. Now Mr. Hartman says he is stopping any further paper work on the sewer progress of which it has been reported that financing agencies have set a 90-day deadline for construction. Read the letters on this page to get the picture as presented by each party.

Fanthrope-Neumeister Wedding Saturday

President-Elect

Dr. W. M. Waller

A Walton physician, Dr. William M. Waller, is the president-elect of the Booth Memorial Hospital medical staff and will serve this year with the new president, Dr. Dyrvan A. Golder, who practices in Covington.

The two were installed at the January meeting. Other officers include D. H. R. Booth, vice president; D. A. D. Powellett, secretary; and D. W. Yates, treasurer.

The new president has been a member of the Booth staff since 1948 and is a graduate of the University of Cincinnati College of Medicine.

He and his family live near Verona on Route 14.

On Saturday evening, at Walton First Baptist Church, Miss Michelle Fanthrope and Mr. Charles Edward Neumeister were joined in the holy bonds of wedlock, in a beautiful double-ring ceremony in the presence of close friends and relatives.

Rev. Robert Sheffield was the officiating minister and the groom's cousin, Mr. Bill Mullins of Lexington, played piano music during the services.

The bride's only attendant was her sister, Mrs. Angie Smith.

The bride was given in marriage by her father, Mr. Al Fanthrope. The groom's best man was Mr. David Doggett of Verona, a classmate of Ed's in Walton-Verona High School.

The ushers were Mr. Charles Smith and Mr. Mark Fanthrope. A reception followed the ceremony in fellowship hall at the church.

Out-of-town guests were Mr. and Mrs. Charles Smith and daughters of Michigan; Mr. and Mrs. Kirby Allen and daughter and Mrs. Claude Frazier of Lexington; Mr. and Mrs. Orville Roland; Mr. and Mrs. Lawson Simpson of Williamsport; Mr. and Mrs. Frank Epperson of Covington; Mrs. Robert Fornash of Covington; Mr. and Mrs. Harold Clemons of Cincinnati; and the bride's grandmother, Mrs. Myrtle Redmon of Covington. Michelle is the daughter of Mr. and Mrs. Mark Fanthrope and is a graduate of Park Hills Catholic High School.

Charles Edward is the son of Mr. and Mrs. Ray Brewster of South Main Street, Walton.

(We wish them much happiness as they move to their new apartment at Turfway in Florence.)

EIA TEST REQUIRED FOR HORSES

by

DARWIN FOLEY

Kenton County Extension Agent

Dr. Tom Maddox, State Veterinarian, says, "All horses entering the state of Kentucky or going to sales or exhibition (shows or racing) must be tested for EIA after January 1, 1974."

All horses must be accompanied by an Official Health Certificate issued by a state, federal or licensed, accredited veterinarian. The Health Certificate must state that the veterinarian examination showed the animal to be free from symptoms of any infectious or contagious disease or exposure to any infectious or contagious disease.

In addition, the EIA test must be shown on the health certificate with date of test and the name of the Federally approved laboratory conducting the test.

Health Certificates and EIA test conducted for the purpose of Exhibition, Racing and Entry into the state are valid for 6 months. In other words, if a horse for the show circuit was tested and found negative to the EIA test the 15th of April, the Health Certificate and the EIA test would be recognized as valid until the 15th of October. If the animal became sick with a contagious or infectious disease during this 6 months period, of course, the Health Certificate would become invalid.

Horses going to public sales in Kentucky must be accompanied by an official Health Certificate issued by one of the recognized veterinarians listed above, listing the Health Conditions above and showing a negative EIA test by the Federally approved laboratory and the date of the test. This Health Certificate on horses going to sales is valid for 60 days. Any horse having a positive EIA

Youth Corps Program

Youths from Boone, Campbell and Kenton Counties are to benefit from the \$20,670 approved January 18 in Washington for a Neighborhood Youth Corps program. Senator Marlow Cook reports.

The money from the U.S. Department of Labor to the Northern Kentucky Community Action Committee based at Newport Mall is to be used for a project during the next six months.

NKY programs provide youths with work experience and encouragement to continue their school enrollment.

COUNCIL'S LETTER TO ATTORNEY HARTMAN

January 26, 1974

Hon. John Hartman
Main Street
Walton, Kentucky 41094

Dear John,

Your two letters of 1-23-74 bring grief and concern to the entire City Council and to the citizens of Walton. It appears our long pursued and long awaited sewer project is in grave danger because of your continued procrastination in completing your sewer contract. We assumed, based upon our meeting with you some four (4) weeks ago, that you were successfully bringing to conclusion all legal work for the sewer project under your contract with the city. We further assumed, until your letters of 1-23-74, that you were securing the easements necessary to receive the federal grant, advertise for and award bids, and begin construction.

However, your unexpected action by letters to Council prompted us to investigate the status of this all-important project. Our findings were astonishing.

By way of review, on 1-23-74 we were contacted by Mr. Earl Paul, the engineer, who advised us that we had at the most 90 days to BEGIN CONSTRUCTION or our funds would be lost due to inaction. In light of this startling announcement we instructed Mr. Zevely, our legal adviser, to discuss the sewer project with you and urge you to conclude the work at the earliest possible date so we would not have to face the loss of the sewer project. Mr. Zevely was authorized to provide all assistance to you as your co-council at NO EXPENSE TO YOU or if felt you did not want to continue with the project Mr. Zevely was willing to attempt the almost impossible task of trying to finish it upon review of your papers. Both of these proposals were rejected by you. Based on your representations to Mr. Zevely and your two letters to council of 1-23-74 we concluded that you are demanding payment in full of your prior bill incurred as City Attorney or as you stated "at the expense of allowing the (sewer) project to fail" you were not going to perform your sewer contract, accept free assistance in performing it or allow anyone else to perform the balance of it.

On January 2, 1974, we contacted Mr. Kramer of the Water Pollution Agency in Frankfort and Mr. Wagner with Federal E.P.A. in Atlanta. They jointly advised us that even before your 1-23-74 decision your inactivity in providing necessary material to their respective agencies made it doubtful whether we could get the construction funds in time. In fact, Mr. Wagner was preparing to set the legal wheels in motion to withdraw our grant.

On 1-24-74, Mr. Cox at F.H.A. stated the bids could not be let until released by all appropriate agencies of the following:

- (A) All voluntary easements;
- (B) Title opinions from you on each lift station;
- (C) Letter from E.P.A. regarding acceptance of plans;
- (D) Letter from F.H.A. acknowledging that all requirements for the project have been met.

The satisfactory conclusion of the requirements outlined above, subject to any last minute bureaucratic additions or deletions, would only allow the City to Advertise for bids. In short, if every requirement was performed immediately and no hitches occurred at any agency requiring approval the bids could be received sometime before the deadline of 4-15-74. However, the bids will probably require negotiation with the bidding contractors which will take additional time. Other foreseeable and expected delays would seemingly make it almost impossible to believe the project can be under construction by the 4-15-74 deadline.

We cannot reconcile your position regarding your bill for services allegedly incurred as City Attorney which have no connection whatsoever with your sewer contract. It is important for you to understand that this Council had nothing to do with the restraining order entered on November 14, 1973. That was a personal suit filed by me because I believed the meeting of the old council which authorized your fee as City Attorney was improperly held. The Boone Circuit Judge has not ruled on this point. This Council requested at its very first meeting that you provide it with an explanation for the services you performed.

There may also be a serious question whether the portion of your fee statement related to the sewer contract can legally be paid at this time. The sewer contract calls for one-half of your fee and compensation to be paid upon receipt of "interim financing" and the "balance of such fee will be payable after the bonds are paid for." It also states "... if for any reason, the bonds are not sold or if, for any reason, the City is unable to accomplish this financing—the City will owe (John Hartman) no fee or compensation. (All references to your contract dated 11-14-72.) It is hereby questionable whether we can pay anything toward sewer contract until you perform by getting the City financing.

But as to the fee statement generally, we feel any attorney has a legal and ethical duty to freely and openly discuss his charges with his client. For reasons we cannot understand you have flatly refused to do this and, in your letter, said you would not do this.

Since your prior bill for fees as City Attorney includes charges made without contract, agreement or without Resolution or written authority of Council we feel that you have a special duty to explain fully your services performed. After all we have a fiduciary duty to the taxpayers of our city to protect their tax dollars which provides the resource for the payment of your fee as City Attorney. However, to insure payment of any additional fee for other services as City Attorney I have recommended to Council that \$3,600.00 of City funds be placed in a special escrow account at the Boone State Bank for the purpose of or in part to you upon the satisfaction of one of the following conditions:

- (A) An order by the City Council contingent upon your meeting with Council and discussing your statement and upon a finding by Council that your bill was reasonable and legally incurred during the course of your duties as City Attorney or;
 - (B) A judgment of a Court of competent jurisdiction in your favor authorizing the payment of all or part of the funds.
- This escrow of funds will be created when you either:
- (A) Request a hearing with the City, or
 - (B) Institute a suit in a Court of competent jurisdiction.

We take this action, although we feel that your bill for services as City Attorney and your contract as local council for the sewer project are unrelated. If you will meet with us we will listen to all your explanations and we will act on them fairly and promptly. We must remind you, however, that upon your resignation as City Attorney on 11-26-73 you stated:

"It is my intention to fulfill to the best of my ability the terms and conditions of that (sewer) contract. There are many good people in the City of Walton. These people deserve a sewer system."

We must insist that you promptly perform your sewer contract if you still can. Time is now of the essence. The escrow arrangement

(Continued on Page Eight)

Home Gardens

"Home Gardens" will be a popular item this year due to rising food prices and people's desire to return to being self sufficient.

The Boone County Extension Service is planning a meeting on Home Gardens for Thursday, Feb. 7, at 7:30 p.m. at Boone County Health Department. The public is encouraged to attend.

February may seem a bit early to think about gardening, but in only a few weeks, preparation should begin. Of course, the best gardens are planned during the cold confining days of winter.

Dr. C. R. Roberts, UK Horticulture Specialist, will join local county extension agents, Nancy Norman and Joe Claxton, for the program.

Call 586-6101, extension 17 or 18, to pre-register and to reserve a packet of UK garden publications.

Simon Kenton PTA

Meeting February 4

The Simon Kenton PTA will meet February 4th at the school cafeteria at 8 o'clock p.m.

The speaker for the evening will be Mr. William Truman, Latin teacher at the school.

There will be four students from the school—Susan Campbell, Debbie Noem, Donna Auvil and Janice Rust—participating in the program.

The past presidents will be honored, also refreshments, with a silver tea served in honor of founders day.

ATTORNEY NAMED

Wilbur Zevely, a Florence attorney, will handle all legal matters for the City of Walton effective immediately.

This appointment was made on Wednesday of last week.

Mr. Zevely, 30, is a graduate of Chase Law School in 1972. Last year he served as public defender in Boone County.

His duties will be to assist the Walton City Council in the writing of ordinances, and resolutions. He and his wife reside at 518 Timberlake Drive in Erlanger.

His salary was set at \$150 a month on a month-to-month basis.

Prisoners Escape

Three prisoners escaped last Wednesday afternoon from the state reformatory grounds at LaGrange.

One surrendered later. Still at large is Jerry Sargent, 21, of Walton, who is serving a 10 year term for breaking and entering and arson.

Walton-Verona Athletic

Boosters Meet February 7

Walton Athletic Boosters will meet Thursday, February 7 at 7:30 p.m. in the Walton-Verona High School Gym.

This is an important meeting and several topics will be discussed. Please try to attend.

Interfaith Commission

Convention Call Is Made

Boone County pastors and church leaders have been notified of two developments in the Northern Kentucky Interfaith Commission.

The office has been moved to 601 Greenup Street, Covington, from its former quarters on West Sixth Street where the building is being demolished.

The official call has gone out from the convention chairman, the Rev. Karl Vercooter, Grace United Church of Christ, Covington for the fifth annual meeting. It will be held at 1:30 p.m. on Sunday, February 3, at Notre Dame Academy, Park Hills. Adjournment will follow the traditional evening supper.

Dr. John Bush, executive director of the Kentucky Council of Churches will be the principal speaker.

OPENS OFFICE

The Louisville Courier-Journal has opened an office in Covington. Reporter Frank Ashley will run the news staff from his apartment at Fifth and Greenup Streets.

Check Tax Return**Before Mailing Is Urged**

Paul Niederrecker, IRS Director for Kentucky, cautioned taxpayers about to file their 1973 federal income tax return to check it over carefully before putting it into the mail to the Memphis IRS Service Center. He said that taxpayers who take that extra few minutes often find errors in arithmetic or

other basic, but common, mistakes that otherwise have to be corrected in processing and may delay the issuance of refund checks.

Kentucky taxpayers should be certain they provide the correct Social Security number, take the correct figures from tax tables and schedules, attach all necessary documents, and sign the return if they want a prompt refund.

JOE CLAXON

A famous economist a few years ago described the U.S. as a "cowboy" economy with a frontier notion of limitless resources. Recent shortages from food to energy suggest, and correctly so, that all resources are limited.

Low-cost, abundant energy has allowed the U.S. to use energy resources at unprecedented rates. Buildings were designed for least cost without regard for energy conservation. Cars became "two-ton, gas guzzling chariots." The United States became a throw-away society. Broken appliances were discarded. Cans littered our country side. Garbage heaps a-bounded.

The banner depicting these scenes today is carried in the form of rising energy prices. The point is, simply, that we Americans do have a frontier notion of unlimited resources.

Regardless of government action, gasoline and all energy prices are going to increase. These increases alone will provide incentives for conservation. Higher fuel prices will also cause many changes in our lifestyles and economy.

Higher fuel prices, for example, will have the effect of suddenly making mass transit systems more appealing to many Americans.

Years of trying to get city dwellers to use mass transit generally failed. Increasing the fuel prices may achieve these results in a very short time span. In a similar manner, compact cars will be more in demand than the two-ton, gas guzzling chariots.

One recent government study shows that more than 90% of all Americans would buy compact cars if gasoline were to sell for \$1.00 per gallon.

New buildings would be designed with energy in mind. Home owners will find it increasingly attractive to insulate houses. One government report suggests that insulating all houses would save more than twice the current oil shortage amounts.

The solid waste problem would be minimized. Instead of discarding those expensive plastic containers and metal cans, we will increasingly recycle them. An aluminum can, for example, can be recycled for 5% of the energy required to make a new one. What cannot be recycled will be used as fuel for utilities—already being done in St. Louis on an experimental basis.

Industry would adjust by reversing home long time trends. Industry has worried for years about labor productivity. Suddenly they are worried about energy productivity. Energy in the past has been substituted for labor primarily because of the low-cost energy policy. This trade-off may be permanently altered.

None of these "spinoffs" of the energy crisis will occur immediately and perhaps never. The point is, however, that the energy market through a strong demand

and weak supply situation will bring about higher energy prices. Increasing prices will provide added incentives for these changes to occur. The days of the cowboy energy economy are gone.

DAR Meeting Held

The January meeting of the Captain Lillard Chapter DAR was held at the Skyway Inn, Williams-town, for its annual report session to determine the State and National Honor Roll goals reached during the last year. It was with much pride that the chapter will be Gold Honor Roll Achievement in both categories.

Miss Martha M. Blaine, presided and was assisted by Miss Elizabeth Fiege in the ritual. Miss Blaine read the President General's message which urged members to cooperate in the crisis of energy shortage as Daughters have always done over the years.

Miss Louise Fiege said that the American flag should never be used as a covering for a statue or monument.

The 1974 and 1977 State Ticket for Mrs. W. Paul Hale and associates was read.

Mrs. R. C. Hume reported that prominent Grant Countians of various ages have agreed to write the "History" for the Bicentennial project. One thousand copies will be published.

A bake sale will be held on March 2 at a place to be named later.

The sale of Junior materials for the Helen Poush Fund was continued. A note paper sale will be in February.

A collection of \$3.80 was taken up to aid the Veterans' Committee as its chairman, Dr. Chipman, is in with a broken hip.

Members present were Mesdames Charles Alphin, G. M. Bennett, Ivan Clements, O. A. Fields, Robert C. Hume, Roger Lanter, Jennie Poore, Alva Ransdall, and Misses Martha Blaine, Elizabeth and Louise Fiege.

REPORT . . . From The General Assembly

By: SENATOR CYLDE MIDDLETON

At the end of the third week of the 1974 session, 488 bills and resolutions had been submitted to the Legislature (129 in the Senate, 359 in the House). Since there are normally just over 1,000 considered each session, nearly half of the bills that we will consider have been put into "the hopper." This session is about 30% completed, since it is limited to ten weeks by the Kentucky Constitution.

AMBULANCE REGULATIONS
During the 1972 session, several set standards for ambulance service, including the equipment carried and the training of ambulance attendants. None of these bills was passed, but the Department of Health assumed the authority from language in another bill which was primarily directed towards regulation of hospitals and nursing homes. The department issued regulations, through the certificate of need and licensure board, which they required to be met within less than six months for any agency providing ambulance service. It included training of life squad personnel as emergency medical technicians within that period. Although they later withdrew the original regulations, extended the time for compliance to July 1, 1974, and allowed existing ambulance services to operate on a "non-conforming" basis, a bill was passed in the Senate last week (SB-42) which reduced the authority of the board to maintain state-wide control of ambulance service. It accomplished this by allowing the fiscal court in each county to exempt ambulances in its area from such standards. This leaves each county's governing body free to allow either volunteer life squads, private ambulance service or funeral directors to provide such services and to accept the state standards or reject them. While this change has some drawbacks, it is certainly consistent with the "county home rule" measure passed during the 1972 session of the General Assembly.

WOULD YOU BELIEVE IT...

By: Sandy

The spectacular feature of sliding roofs, exhibited on 1934 taxicabs, was followed by the sensational all-steel body with one-piece steel top and cable brakes on the Ford automobile in 1937. Also, the Oldsmobile had further perfected the automatic gearshift in 1937, as well.

GENERAL ASSEMBLY RULES
Each legislature is given the power by the Kentucky Constitution to set its own rules of procedure. Before 1968, most observers report that the rules were poor and followed very loosely, if at all. For example, there was a committee called "Statutes III." It was understood that this committee would never meet, so that any bill assigned to it was effectively dead. Likewise, all the "Standing Committees" (Education, Highways, Judiciary, etc.) were abolished during the last ten days of the session and the rules committee handled "all" bills not already passed. This committee consisted of only a small percentage of the elected legislators, yet it had final authority over every proposal at a time when the majority of them were still to be considered. Following the recommendations of a citizens committee to improve the legislature, new rules were drafted for the 1968 session (my first one) which dramatically changed its operation. There were only 14 standing committees in each house, and the rules committee was to act only as a "traffic cop" to regulate the flow of legislation to the floor for debate and vote. The new rules worked very well, but old habits were hard to change and the rules committee still failed to report out any bill that it wished to defeat. By the 1970 session, all of the standing committees were holding "open" meetings, in which the press and the public (as space permitted) were welcome. The rules committee, however, were not open and the votes of individual members were kept secret by agreement.

At the opening of this session, Lt. Gov. Julian Carroll stated that he would vote, as a member of the rules committee, to open their meetings to the press. This became the major issue last week, when the rules for the 1974 session were brought to the floor for a vote—with no specific provision for open meetings of the rules committee! Furthermore, a parliamentary maneuver ("moving the previous question") was attempted which would have prohibited any amendments. It was defeated.

and several amendments were offered including several to require that meetings of the rules committee be held openly. They were defeated, and the actions of these nine men will remain unaccounted for during the next two years.

I believe that the business of the public must be conducted in public, and that future legislatures will open up the rules committee in spite of the actions taken last week. I so stated when I made the principal speech in support of the open meetings amendment on the senate floor. But measures which are hotly contested during one session, have often been readily accepted during the next. This issue seems to be one of them.

ESTATE AUCTION

SATURDAY, FEBRUARY 9 — 1:00 P.M.

LOCATION—On U.S. Highway 227, approximately 2½ miles east of Wheatley, Kentucky and approximately 2½ miles west of New Liberty, Kentucky and approximately 10 miles northwest of Owen-ton, Kentucky at the NOBLE SHARON FARM.

In order to settle the Estate of the late Noble Sharon, we will sell the following REAL ESTATE and PERSONAL PROPERTY at the above location:

Real Estate consists of three (3) farms—tract no. 1, tract no. 2 and tract no. 3—all of which will be sold at Tract No. 1.

TRACT NO. 1—which is located on U.S. Highway 227 between Wheatley, Ky. and New Liberty, Ky., consists of 182 acres more or less, 8,141 pounds tobacco quota for 1973 (100%). This farm lays well, about 95 acres is ridge land, remainder lays rolling and hill land; has about 5-6 acres of timber and; practically all can be mowed with tractor; all in good grass except what was in cultivation this past year (1973). Has 6 acres feed and grain base. Watered by pond, creek and springs; has lot mixed hay; fair fence; frontage on Highway No. 227. This land is of good productive quality.

Improvements—Good 6-room house (4 rooms plus full bath first floor) (second floor has 2 rooms plus half bath); walk-in closets; hardwood floors on both first and second floors; kitchen has sink and lot wall cabinets; also has pantry closet; full basement with fruit storage closet; oil furnace with register to all rooms; basement has outside entrance for garage; front porch and enclosed back porch. City water. Is in a good state of repair, nice lawn with shades; outside storage buildings.

Five (5) BARNs—good tobacco barn 48x40 on concrete foundation with stripping room attached; good tobacco barn 72x48 on concrete foundation; feed barn about 50x36 with loft; corn crib; tool shed; combination feed and tobacco barn; tobacco barn about 60x40; has 4-room tenant house; 1-car garage; cistern. This is a good farm, ideal for cattle and tobacco. Located on a good highway about 12 to 14 miles from I-71; about 10 miles from Owen-ton, County Seat of Owen County. On school bus and mail routes in a good community.

IMMEDIATE POSSESSION will be given to this farm. It may be seen any day before day of sale. Contact tenant, Raymond Sharon, phone 502-465-2577.

TRACT NO. 2—Farm consisting of about 95 acres, more or less, has 3,884 tobacco poundage quota for 1973 (100%). This farm is located just off Moxley Road (325 highway) on Jenkins Pike on Twin Creek. This farm is fenced; watered by creek; has 2.6 acres feed and grain base; all in grass. Ideal for grazing, mostly hill land. May be seen before day of sale. Has no improvements. Immediate possession will be given to this farm.

TRACT NO. 3—Farm consisting of about 50 acres, more or less, has 1,890 poundage tobacco quota for 1973 (100%); has 6 feed and grain base; all in grass; has about 1 acre bottom land; joins Twin Creek; remainder is hill land. This farm is located about 6 miles northwest of Owen-ton, Ky. on Twin Creek Road (all-weather road), about 2 miles off blacktop road near Salem Church. This farm has no buildings; is ideal for the camper or someone looking for small acreage. May be seen before day of sale.

PERSONAL PROPERTY—2 tractors, 1955 International "H" Farmall, good rubber, set breaking plows, set harrows; Super "A" International Farmall (1952), cultivators, breaking plows, mower, Massey-Ferguson bush hog; New Holland wheel-type tobacco setter; tractor wagon and flat; 20' hay elevator; lot tobacco sticks; set extension ladders; plus other items too numerous to mention.

ALL SALES will be held at tract no. 1 on U.S. Highway 227 between Wheatley and New Liberty, Kentucky.

TERMS—Cash on Personal Property.

TERMS—On Real Estate, 20% of the purchase price to be paid down on day of sale. Balance of the purchase price to be paid upon delivery of deed.

BEECHGROVE HOMEMAKERS

The first meeting of the year was held at the home of Mrs. A. J. Schneider on January 17th. Mrs. Georgiana McHale was co-hostess. Mrs. Minnie Letcher read the devotional—"Cold January" and also read some quotes that were "food for thought."

Nineteen members were present including Mesdames Ruth Ann Andres, Ann Wolsing, Pat Blanton, Loretta Sterbling, Margaret Dickson, Judy Spegal, Joan Ellis, Ruth Kelly, Betty Skelton, Henrietta Endres, Connie Schneider, Carrie Hall, MariAnn Schepers, Georgiana McHale, Ruth Powers, Hazel Kummer, Minnie Letcher, Alice McHale and Ronnie Mutsch. One of the members, Mrs. Loretta Dewald is in the hospital and the members send best wishes to her.

The meeting covered many particulars, most informative of which was details from the advisory council meeting and "Laws Everyone Should Know About."

A savory luncheon was thoroughly enjoyed by all. The lesson—"Rights of Consumer"—was given by Mrs. Ronnie Mutsch and Mrs. Ruth Andres. The information given should help make the members careful shoppers.

The next meeting on February 21st will be at the home of Mrs. Minnie Letcher with Mrs. Zona Floyd as co-hostess.

CARD OF THANKS—

I would like to thank everyone for their cards, calls and visits while I was sick.

BEAVER LICK

All the farmers are at last finished with their tobacco stripping and are now beginning to get things ready to start the new crop. There seems to be lots of people around the Beaver area still in the hospital. Bonnie Sue Wilson and Charley Trapp are home; now Ray Smith and Raleigh Shepherd and Ardith Scott and a son of Ross Scott are all in the hospital. Also Mrs. Maggie Wilson. Let's all be much in prayer for all of these sick people.

Everyone was deeply saddened by the sudden death of Jimmie Haynes; who died Friday morning due to a heart attack.

The brand new daughter of Sanford and Cindy Collins is becoming a very smart girl to do her sleeping during the day and then keeps mamma and papa awake at night.

Staffordsburg

Maria Rich had surgery on her hip last Friday and at last report was doing nicely. Here's wishing her a speedy recovery as she has suffered so long.

Mr. and Mrs. John Riggs celebrated their 64th anniversary a couple weeks ago. They have lived 62 of the 64 years in the same place. He will have his 92nd birthday in a few days.

Bernard Goedde passed away last week. He is the third person in this community since Christmas Eve to leave us.

The UMW met at Reva Finnells last Wednesday. There are not too many of us left. We miss Mrs. Keeney. She was always there. We need some younger women to be taking over the work, but most of them seem to be too busy.

CARD OF THANKS—

I would like to take this opportunity to express my appreciation for the prayers, cards and visits during my stay in the hospital and after returning home. I would like to extend a special thank you to Brother Sheffield, Dr. Huey, and the Walton Fire Department.

—HOMER WINBURN

**PROMISE OF THE COUNSELOR — FEBRUARY 3**

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(John 16:4-15)
The author is unknown who penned these words many years ago: "The world cannot bury Christ. The earth is not deep enough for his tomb, the clouds are not wide enough for his winding sheet; He ascends into the heavens, but the heavens cannot contain Him. He still lives—in the church which burns unconsumed with his love; in the truth that reflects his image; in the hearts which flame with his love; in the spirit which is infused with his power."

This is another way of saying that Jesus is not dead. He is alive and among us. He is going back to his Father but he assures his disciples they will not be left to themselves. He brings to them some words of consolation.

CONSOLATION

Jesus now shares some things with his disciples which he had not in the earlier part of his ministry. There were two reasons for this. In the first place, they would not have been able to grasp it. The teacher must not give out to the student everything he knows at one lesson. He must build one lesson upon the previous lesson.

The second reason why he had withheld these things had to do with the nature of them. He was

still with them and there was no need to speak of what would happen when he left them. But now that he is going back to his Father sorrow has filled their hearts. What can he say to them?

He assures them that his going away is necessary. It is expedient. It is to their own interest that he depart. If he does not go back to the Father the Counselor, the Comforter, the Helper, the Holy Spirit cannot come. If he does go away from them, he will send the Comforter. Of course, this Comforter is the Holy Spirit.

When the Holy Spirit comes he will bring to the world conviction.

CONVICTION

The word "reprove" means to convict or to convince. No man would ever know his lost condition if the Holy Spirit did not convict him of his sin. How shall a spiritually blind world—dead in trespasses and sin—ever be awakened to its need of God? Only the Holy Spirit can do this! When the world has been awakened to its condition, how shall it know what it must do? The Holy Spirit will convince the world of the righteousness which comes from Jesus Christ.

The Holy Spirit is able to show man that his real sin lies in his unbelief. Drunkenness, adultery, stealing, etc. are sins which grow out of unbelief. Men are lost because they do not believe in Jesus Christ.

Following the death, resurrection, and ascension of Jesus, the world would have the proof that he was the Son of God. As men look back on the historical event of Jesus Christ today, what do they conclude? Anyone who would say that Jesus Christ was not righteous would not be worth listening to.

The Holy Spirit convinces men that in the act of Jesus on the cross, judgment of sin is a reality. The Holy Spirit makes men know that "after death the judgment."

Conviction for sin, righteousness, and judgment is the work of the Holy Spirit. We also learn from the words that follow that the Spirit makes possible comprehension.

COMPREHENSION

Even at the end of Jesus' public ministry there are many things his followers are unable to bear. But when the Counselor, the Spirit of truth, is come, he will guide them into all truth. He will . . . them able to understand the deep things of God. The Holy Spirit will not speak of himself. He will take the things pertaining to Jesus and reveal them to the believer. The work of the Holy Spirit is not to magnify himself but it is to magnify and glorify Jesus.

A sorely needed guideline for Christians in our day is revealed in this passage. The revelation of God to man has its focal point in Jesus. It is Jesus who reveals to us the Father. The Holy Spirit reveals to us Jesus. The ancients had a saying—"All roads lead to Rome." The Holy Spirit speaks and everything he says points to Jesus.

BIRTHS

Science rules today's world. Powerful nations harness technology to probe space and to create awesome weaponry which staggers the imagination.

In this age of missiles and megatons, we, more than ever, need Faith—to ward off thoughts of doom, to give us perspective, to reassure us that our lives can be full and complete even under the shadow of technology.

Faith, above all, means trust, a precious commodity in these uncertain times. And Emerson assures us that: "All I have seen teaches me to trust: The Creator for all I have not seen."

Join the Faithful in church Sunday.

CORDIALLY INVITES YOU TO ATTEND ITS SERVICES

WANT AD SECTION

Taxpayers Ask IRS

Q—I had a lot of dental work done recently, and I asked my dentist to bill me after the first of the year. Can I still deduct these medical expenses on my 1973 return?

A—No. Medical expenses may be deducted only in the year you pay them. Thus, if you want to claim a deduction for these dental expenses on your 1973 return, you will have to pay them before the end of 1973.

Q—My employer gives all his employees a ham for Christmas. This is a tax-free gift, isn't it?

A—Yes. If to promote good will, your employer makes a general distribution of hams, turkeys, or other items of merchandise of nominal value at Christmas time, the value of these gifts is not income and, therefore, not taxable.

However, if your employer distributes cash, gift certificates, or similar items of readily convertible cash value, the value of such gifts is additional salary or wages.

Q—A prospective employer paid my travel expenses to come in for a job interview. Is payment of these expenses taxable income to me?

A—The amount you receive is income only to the extent that it exceeds your actual expenses.

Q—What are some of the typical records that a taxpayer might use in operating a small business?

A—Typical recordkeeping system for a small business might include: a daily summary of cash receipts, monthly income journal, a check disbursements journal, a business checkbook, a depreciation record, and an employee compensation record.

For more details, see IRS publication 583, "Recordkeeping for a Small Business." It's available free from your nearest IRS office.

leafed, very light in weight, was mostly good quality and selling well.

For the Burley Belt (Kentucky and seven nearby states) total poundage is estimated at 475 million pounds compared with 601 million pounds in 1972. Yield is estimated at 268 pounds compared with 2549 in 1972.

COUNCIL'S LETTER TO ATTORNEY HARTMAN
(Continued From Page One)

is additional evidence of Council's good faith. No member of Council wants to deprive you of any fee to which you are legally entitled.

By way of admonition, we must advise you that your refusal to further perform the sewer contract will leave us no other alternative but to seek damages against you should the project fail. Also the engineering firm may seek damages against you for any engineering fees to which they may be entitled. Under the circumstances as we have learned them you are solely responsible if the sewer project fails.

As you put it "the citizens deserve a sewer system." You hold the key to it. If you have waited too long to meet the deadline we offer our sympathy to all the people of Walton. If there is anything you can do between now and the April 15th deadline to bring about the project or if the deadline can be extended so that success can yet be had, please do so. All of our town will be eternally grateful.

Because time is apparently so crucial, please notify the Council in writing within twenty-four hours of the receipt of this letter of your intentions.

Very truly yours,
Sam Gamble, Mayor
Jack Norris, Councilman
Kyle Nicholson Councilman
D. Hess Vest, Councilman
Byron Kent, Councilman

HORSES

(Continued From First Page)
test should be seriously considered for destruction. EIA positive horses will be permanently quarantined to the owners premises and if kept alive will be a possible source of infection for other horses.

EIA, Equine Infectious anemia, also known as "Swamp Fever", is an acute or chronic disease of horses, mules and donkeys. The cause is a virus which will grow only in equines. Once an equine is infected with this virus it will be infected for the remainder of its life.

Re-examine VET-10; Fact sheet on EIA. Fact sheets are available at your Extension Office in Independence.

The Simon Kenton FFA Chapter held its monthly meeting on January 15 at 3:45 in the Agriculture Shop. Refreshments were served before the meeting.

Opening ceremonies were held. A devotion was given by Greg Kidwell. There were 23 members and nine guests present.

The members receiving their Chapter Farmer Pins were Jeff Gray, Tim Smith, Mike Shipman, Mitchell Deaton, Dave Roland, John Wood, Bud Wills, Tom Stubblefield, Steve Dunn, Doug Clayton, Floyd Krebs, and Greg Williams.

Officers and committee reports were given.

On the Supervised Farming Program Committee the Farm Machinery Show was discussed. The welding team will compete at Dry Ridge on February 26.

Stan Collett gave a report on the Community Service Com.

On the Conduct of Meetings Committee, the "honorary members" were discussed. The Public Speaking contest winner will represent the chapter on FFA Day.

The name of Tim Martin was engraved on a plaque for being top salesman on the money making activity.

Mark Williams has applied for the State Chapter Degree on the Scholarship Committee.

A report was made on the bowling team.

The Public Relations Committee gave a report on the Father and Son Banquet and National FFA Week.

The next meeting will be held on March 12.

Piner PTA Meeting

The Piner PTA met Thursday, January 17 at Piner Elementary School. The devotion was given by Mrs. Steinhauer's fifth grade.

It was voted and passed that the PTA spend the money from the "Fall Festival" on a new sound system.

Since December's meeting was cancelled because of bad weather and the children had worked hard on the program, it was decided to have it in January. Therefore, for the room count, the PTA gave each room \$2.00 as they usually do in December.

The program—He Thinks He Is Santa—was presented by the students at Piner Elementary grades one through seven and Miss Berna (music teacher). The children were just great and presented a very delightful program. There was a bake sale, by the seventh grade after the meeting.

Heart Attack Early Warning Sign Can Be Pain In The Neck (or Jaw)

Toothache or heart attack? Heart attack or just a pain in the neck?

These conflicting symptoms spotlighted in a heart attack early warning signs public education project in an urban-rural mid-western area.

Pain from actual or threatened heart attack may occur only in the neck or jaws and be confused with dental trouble or neuralgia, according to the Physicians' Advisory Committee for the project, which was developed in an 18-county area by a state affiliate of the American Heart Association.

Neck and jaw pain is very common in heart attack, according to Dr. Willis Hurst, of Atlanta, Ga., 1971-72 President of the American Heart Association. He was cardiologist consultant when former President Lyndon Johnson suffered a heart attack.

Countless thousands of people in the United States have had their teeth pulled or have died of a heart attack, Dr. Hurst said, thinking that pain in the jaw was due to bad teeth.

A survey of 91 heart patients admitted to a hospital cardiovascular intensive care unit in the 18-county area during five months after the educational campaign began, showed that up to 25% attributed their response to the news media.

One patient was a man, 56, who had gone directly to a doctor's office, after reading the first newspaper story. He described three episodes of pain in the center of the chest at night, with sweating and with pain extending into the neck, jaws, and both arms.

How did he happen to visit a doctor? "Two of these spells came after we had barbecue for supper and we wondered if they could be due to indigestion. The third spell happened just before the Sunday newspaper story which described it just the way I felt," he said.

He added that he thought it was peculiar that his jaws hurt, since he had false teeth.

Other easily-learned warning symptoms may be a pressure, fullness, squeezing or aching in the chest, arms, back or upper abdomen.

Getting someone with these early warning signs to have a checkup may be like pulling teeth, but the Heart Association says it may be a matter of life or death. The phone number of the Taylor Mill Life Squad is 291-2336.

Sewers Get New Life: Push For February 12 Bid

The proposed \$1.7 million Municipal Sewer Project for Walton moved one step closer to reality last Thursday as the City Council and Attorney John Hartman came to an agreement on differences that had all progress on the project at a stand still.

Mr. Hartman and Council members met Thursday in an attempt to solve the matter of legal fee services that amounted to \$3485 incurred by Hartman in 1973. He presented an itemized bill, received a check, and got the support of council to be of any assistance possible to move forward with the necessary work so that bids may be advertised at the February 12th regular scheduled meeting.

PROGRESS REPORT

Spanish-American Veteran Dies; Leaves About 100 Descendants

Death came to Boone County's last Spanish War Veteran last Wednesday, January 30, at 10:50 in the evening.

Gale M. Elkins, 96, of Plum Street in Walton made his home with a daughter, Mrs. Melly Green.

Mr. Elkins was a native of Wolfe County from which he joined the U. S. Cavalry.

One of his favorite jobs was to raise the flag each day.

He was reported to have been in good health until his death.

Serving in the service of the U.S. has been a common thing for the Elkin family. His father and grandfather fought in the Civil War. A brother fought in WW I; three sons in WW II; several grandsons fought in Korea; and a great-grandson was in Viet Nam with a great-granddaughter's husband.

One year Mr. Elkins served as Grand Marshal of the American Legion Parade in Hobart.

Memorial services were conducted at Chambers and Grubbs.

Other survivors include three daughters, Mrs. Nannie Pittman, Saleem, Ind.; Mrs. Edna Shoemaker, Wabash, Ind.; and Mrs. Elizabeth Todd, Salisbury, Ind.; 6 sons, Clarence and Henry of Crab Orchard; Virgil, La. crosse, Ind.; Ralph, Laport, Ind.; Fred, Kingsford Heights, Ind.; and Arthur of Kouch, Ind.

Sisters, Mrs. Nancy Youm of Phoenix Ariz. Mrs. Electra Brewer of Hampton, Mrs. Jerusha Fimingham and Mrs. Orpha Callihan of Lexington; 44 grandchildren, 36 great-grandchildren; and 9 great-great-grandchildren.

Feb. Extension Calendar

Darwin Foley, Kenton County Extension Agent, lists the following events scheduled for February.

February 7—Kentucky Cowboy Conference, U of K Agricultural Science Center, 9:30 a.m.—COT. Beef producers and wives are invited to attend.

February 13-16—National Farm Machinery Show, Ky. Fair and Exposition Center, Louisville. Admission tickets available free at the extension office or at farm implement dealers. There will be a tractor pull each evening.

February 14, 21, 28, March 7 and 14—Housing School. (Everything you need to know about building.) ULH&P Building in Covington, 7:30 p.m. Call 356-3155 for reservations.

February 19—Home Garden Meeting, Courthouse, Independence, 7:30 p.m., call 356-3155 for reservations.

Service Men's News

Army Private Clyde Thomas, 19, son of Mr. and Mrs. John Thomas, Bingham Lane, Crittenden, is assigned to the 34th Field Artillery at Ft. Knox, Kentucky.

Pvt. Thomas is a heavy truck driver in service battery, second battalion of the artillery.

PLAN CRUSADE

The Boone County Unit of the American Cancer Society met on January 16 at the health department building. Those present were Mesdames William Jordre, C. V. Anderson, Roy C. Nestor, Frank Trego, Ralph Skith, Reed Hopke, A. W. Fullerton, Harry R. Daugherty, Mary Cress, Kaye Smith, Frances Berkshire, Mary Massee, and area vice president, Mr. Ross Oliverio.

It was reported that seven persons attended the Cancer Workshop on January 8. The education committee has been doing a good job in the local schools.

The charter to the Boone County Unit of the American Cancer Society was presented by the president, Mrs. Jordre and was accepted by all present.

The Cancer Crusade begins the first day of April and continues throughout the month. On Saturday, March 23, there will be a Crusade Kick-off Breakfast, 10:30, at the Boone County Health Building. All workers are invited to be present to receive the materials they will need for the Crusade.

Mrs. Jordre, Mrs. Fullerton and Kaye Smith will prepare the meal. The education committee has a new staff man in Boone County who will work with Mrs. Ralph Palgarg, chairman. If anyone wants to help on education in their clubs, they may do so.

RECC Office Hours

The Owen County RECC Cooperative was affected by the time change in such a way that it was necessary for the Owen County RECC to change their time for a half-hour period instead of one hour as most of the area did.

The service area and the two offices lay in different time zones, so in order for all employees to be at work at the same time, the Owen County office and service personnel in Owen, Gallatin, Carroll and Scott Counties work from 7:30 a.m. CDT until 4:00 p.m.

The Independence office and service personnel of Grant, Boone, Kenton, Campbell and Pendleton Counties work from 8:30 a.m. EDT until 5:00 p.m.

It took several days for everyone to adjust to the half-hour change in the schedule, some going to work half-hour early and others a half-hour late. Now all seem to be adjusted.

Petrons are asked to note the time change for your particular area.

Several members of the WVFD responded to a grass fire on I-75 at the Ellis Farm before dawn on Tuesday morning. It is reported that a flare had been thrown into the tall, dry grass.

The fire was extinguished before damage to property was done.

Fire Destroys Residence

Raging fire swept through the six-room house of Mr. and Mrs. Phil Lipscomb on Monday and destroyed most of the contents and did extensive damage to the frame building on 67 High Street in Walton. Some clothing and appliances were saved and some bedroom furniture might be usable.

A neighbor heard the woman call for help and call the Walton Fire Department. The alarm was turned in at about 5:40 p.m. The volunteers rushed to the scene and began spraying water into that room. However, the flames had spread rapidly and too soon the other rooms and attic were on fire.

Great billows of smoke and a brisk wind hampered the firemen's action.

This residence was formerly owned by Mr. and Mrs. Omar Black who moved to near Big Bone. Since moving in, the Lipscombs have done extensive remodeling and repair to the house.

This section of Walton is served by a 4" water main which does carry the water capacity that is necessary to provide adequate pressure for the fire fighters.

Firemen report that some unfavorable comments were lashed at them at the scene. Chief Ed Berkemeier stated, "When an emergency call is received, the caller should identify himself, give his address and the type and location of the emergency, either fire or ambulance run. This has become necessary because of the great number of false alarms received lately."

On the other hand, the fire fighters were greatly aided by many local residents who gave assistance in bringing the blaze under control, for which the volunteers express their deepest appreciation.

Mr. and Mrs. Lipscomb and boys are staying with her parents, Mr. and Mrs. Dan Roberts of North Main Street, at the present time.

No estimate of damage has been given. No injuries were reported.

Several members of the WVFD responded to a grass fire on I-75 at the Ellis Farm before dawn on Tuesday morning. It is reported that a flare had been thrown into the tall, dry grass.

The fire was extinguished before damage to property was done.

FUNDS NOW AVAILABLE FOR ALTA VISTA

Governor Wendell H. Ford and Transportation Secretary James E. Gray have announced the 1973-74 Municipal Aid Program for the City of Walton. The program is based on an allotment of \$8,147.77 for the coming fiscal year. The program provides for curbs, gutters, and black-top resurfacing for Alta Vista.

The activities authorized will be accomplished by the city with the Bureau of highway financing all or a portion of the work in accordance with the Municipal Aid Agreement.

The Municipal Aid Program, which became effective July 1, 1973, is the product of Governor Ford's concern about the money problems of Kentucky cities and towns and his campaign commitment to find some manner of helping local officials meet them.

The appropriation for the fiscal year beginning July 1 is \$9,330,000. This sum is distributed among the incorporated and unincorporated areas according to the terms of a formula chosen by the General Assembly in 1972.

The program is selected annually after consultation with the city or urban place. A formal agreement has been signed by officials acting for each party.

Receives Scholarship

Wilhelmina Magee, daughter of Mr. and Mrs. William Magee, Jr., Crittenden, has received an E. O. Robinson Mountain Fund Scholarship at Union College.

A graduate of Knox Central High School, Miss Magee is a junior majoring in business administration.

Union College is a private liberal arts college related to the United Methodist Church. Five degree programs are offered, including two-year, four-year and graduate degrees.

VALENTINE DANCE

A Valentine Dance will be held Saturday, February 9, at St. Cecilia Hall, Independence. Tickets available at the door at \$3.00 per couple.

The dance is sponsored by the Ladies Auxiliary of Independence Fire Department.

To Be Wed Soon

Rev. and Mrs. D. S. Gadd announce the forthcoming marriage of their daughter, Lorine Annette Alexander to Mr. Danny Black, son of Benjamin Black of Cincinnati, Ohio, on Friday, February 15, 1974 at 7:30 p.m. at the Walton Church of God.

Rev. O. B. Mullins of Lebanon, Ohio, will be officiating.

A reception immediately following the wedding will be at the church parsonage.

The public is invited.

Service Men's News

Airman First Class Ricky L. Goldsberry, son of Mr. and Mrs. Noley H. Goldsberry of Walton, has arrived for duty at Udon Royal Thai Air Base, Thailand.

Airman Goldsberry, an administrative specialist, is assigned to a unit of the Pacific Air Forces. He previously served at England AFB in La.

The airman is a 1971 graduate of Walton-Verona High School. His wife, Rhonda, is the daughter of Mr. and Mrs. Chakron Crase, 629 Hallam Avenue, Erlanger.

Handicapped May Get Financial Help

Many families of retarded and physically handicapped children and dependent adults are eligible for some financial benefits of which they are unaware, says Dr. Nancy Riffe, government affairs chairman of the Kentucky Association for Retarded Children.

Beginning January 1, Social Security is administering a program known as Supplemental Security Income (SSI). The information put out by Social Security offices does make it clear, according to Dr. Riffe, that a retarded or physically handicapped person age 21 and over may be eligible regardless of the family's income.

The person is considered disabled if he is unable to do "a substantial amount of work" because of mental or physical impairment, and this impairment has lasted or is expected to last at least one year. To be eligible, the person himself cannot earn over \$106.70 per month, or have assets in his own name worth more than \$200.

Some children are also eligible for SSI. If the child's family has a low income and the child's handicap is such that it seems likely he will become a disabled adult, the child may receive SSI. Children in public school or private special education classes, as well as the more severely handicapped, may be eligible.

Some children and adults in public or private institutions for the retarded are also eligible. Dr. Riffe has prepared a detailed bulletin about eligibility of the handicapped.

Many other families with dependent mentally or physically handicapped children or dependent adults can benefit by taking advantage of various deductions when filing income tax forms.

Dr. Riffe has prepared a second bulletin which outlines deductions available if a child is in a public or private school special education class, in other kinds of training programs, or in an institution.

She feels that most parents of handicapped children are unaware of all the deductions available to them.

Free copies of two bulletins are available by writing to the Kentucky Association for Retarded Children, P.O. Box 275, Frankfort, Kentucky 40601. Specify whether you want the SSI or Tax Bulletin, or both.

Walton Squad Runs

Jan. 16-21-40, Barn destroyed by fire on Percival Road, owned by J. R. Flynn.

Jan. 16-20-30 John S. Halsey, 16 months, Route two, close throat, to St. Elizabeth.

Jan. 17-07-25, Woman struck by truck on I-75 North of Dry Ridge, Mary Pratt, 21, Michigan, multiple cuts and bruises, fractured femur, to St. Elizabeth.

Jan. 23-07-30, Kim McLoney, 8, struck by auto on U.S. 25 near Breedens Texaco, stomach and back injuries, to St. Elizabeth.

Jan. 27-15-05, Auto accident on Beaver Road, Pauline Shanon, 49, head and leg injury, Thera Coleman, 5 months, neck injury, Nora Coleman 18, and Marvin Coleman, 2 years, all taken to St. Eliz.

Mr. and Mrs. Bob Cogewell of Florence were Friday dinner guests of her aunt, Mrs. Louise Callen.

Mrs. Pearl Baker, a patient in St. Elizabeth Hospital is feeling better.

Sympathy is extended to the family of Winston Brown who passed away last Friday.

The Happy Helpers Class will meet Tuesday, Feb. 19 with Mrs. Malcolm Simpson and Lawrence Lemon servings as meal chairpersons.

Mrs. Mary Stephenson has returned home after several days visit with Sussie Stamper and the Wesley Burgess family of Grant County.

Mr. and Mrs. Marvin Hudson and children were Saturday evening dinner guests of Mr. and Mrs. Denny Lusk and girls. Arthur Burdine is a patient at St. Elizabeth Hospital.

WILLING WORKERS MEET

On Thursday, January 31 the meeting of the Willing Workers group of the Walton Christian Church was held in the lovely home of Mrs. Lillian Acree and Miss Rachel Acree.

The meeting was held at noon when a delicious buffet style pot luck meal was served.

The business session followed. A letter of appreciation for past donations by the group was read from Mr. Lowe, director of the Christian Church Home for the Children's Center at Danville, Kentucky. He stressed fully his deep interest in the various phases of work done for the children at this center.

Mrs. Richard Harris gave the devotional, using Psalm 90 for her discussion. She stressed the fact that since we have been promised in this Psalm nearly seventy years of life it should be our goal to live a good life, be a servant of God and think of others as our neighbors.

Those present besides the hostesses were Rev. and Mrs. Richard Harris; Mr. and Mrs. Ben Doss; Mr. and Mrs. W. W. Rouse; Mr. and Mrs. Hugh Fulton; Miss Mary West; Miss Louise Conrad; and Mesdames John Campbell, Walter Whitson, John Gault, Lula Huey and Sam Sleet.

KEEN-AGE FELLOWSHIP

The Walton Keen-Age group held their regular monthly meeting on Monday at the fellowship hall in Walton Baptist Church. After enjoying a delightful covered dish dinner, a short business meeting was conducted.

The devotional was given by Rev. Robert Sheffield. It was decided to plan a trip to the Cincinnati Conservatory at the March meeting.

Names were mentioned of those to receive get well cards. Crafts were discussed and some were displayed and taught.

"The quilt as you go" pattern was explained by Leone Jump.

"The Broom Stick Lace" was demonstrated by Gaynelle Flynn. The following were present: Mrs. Mae Burdine, Rev. and Mrs. Bob Sheffield, Rev. and Mrs. Larry Cook, Amy Cook, and Mesdames Leone Jump, Mabel Maddox, Alma Hoffman, Fanny Adams, Elizabeth Jones, Margaret Wilson, Louise Callen, Lela Wasson, Gaynelle Flynn, Effie Beach, Charolette Price and Mr. Roy Brammon.

The next regular meeting will be February 18 at Walton First Baptist Church. Plans are to have a valentine exchange. You are invited to attend and enjoy the fellowship.

Mrs. O'Neal Masters of Lexington and Mrs. Dan Carman of Nicholasville were last Sunday guests of their mother, Mrs. Louise Callen.

Paul Girdler of Crescent Springs was a Thursday guest of his aunt, Mrs. Wanda Utley, of Bank Lick Road.

Mr. and Mrs. Jimmy Naive and son have been on the sick list but are better at this time.

Mrs. Wesley Burgess called on Mrs. Robert Horn on Monday. Congratulations to Mr. and Mrs. Russell Perkins (Patty Ennsley) on the arrival of an 8 pound 13 ounce daughter, named Anitra Germaine.

Mrs. Pearl Baker returned home from the hospital but remains ill. Rev. and Mrs. Robert Sheffield were called to Cumberland last week by the illness of his mother, Mrs. Mabel Kite is a patient in Booth Hospital.

Mr. and Mrs. Woodrow Greene and Mrs. Ron Harper and Shana spent Sunday with Mrs. George Henry at Warsaw.

PINER CLEVER CLOVER**4-H CLUB MEETING HELD**

The January meeting of the Piner Clever Clovers was held at the home of Cindy, Chris and Scott Parker.

Scott Parker called the meeting to order as Chris led the pledges. Three songs were sung—"America The Beautiful", "Star Spangled Banner" and "happy birthday" to Chris.

Members present, answering to a favorite winter sport, were Dexter LaFollette, Cindy and Chris Parker, Cherie and Doug Smith. New members welcomed were Debbie and Danny Hardin and Mark Parker. Guests were Lisa, Angie and Mrs. Parker and Michael Hardin.

A candy sale was discussed to raise money for the club.

There will be a Valentine Skating Party in February.

A new rule, recently introduced, will be for club members to be seventh graders up.

The February meeting will be at the home of Dexter LaFollette.

SEATBELTS ARE PEOPLE STOPPERS

When an auto stops suddenly in a collision, or emergency, the people inside keep going with tremendous force. What stops them? The windshield, steering wheel, dash, all too often with tragic results.

But seatbelts stop people, too—safely. With your seatbelt fastened you stay put when your car stops suddenly.

Seatbelts are the best people stoppers!

THE SEVERE HEAD COLDS AND EARACHES THAT OFTEN ACCOMPANY WINTER'S LOW TEMPERATURES AND DAMP CONDITIONS CAN LEAD TO FAR MORE SERIOUS CONSEQUENCES THAN TEMPORARY DISCOMFORT.

UNLESS PROPERLY TREATED—WARNS THE BELTONE CRUSADE FOR HEARING CONSERVATION—SUCH MALADIES CAN RESULT IN SERIOUS, AND EVEN PERMANENT, HEARING LOSSES.

WHILE MOST ADULTS INSTINCTIVELY AVOID OVEREXPOSURE, PARENTS AND SCHOOL TEACHERS SHOULD BE PARTICULARLY ALERT TO HELP PROTECT YOUNG CHILDREN FROM BECOMING CHILLED AND DEVELOPING HEAD COLDS AND EARACHES.

HOWEVER, IF DESPITE SUCH PRECAUTIONS, YOU DO DEVELOP A SEVERE HEAD COLD OR AN EARACHE, OBTAIN MEDICAL ATTENTION. TREATING SUCH A MALADY WITH SELF-PRESCRIBED MEDICATION ALSO CAN LEAD TO A HEARING LOSS.

Heart Attack Early Warning Signs Can Be Mistaken For Indigestion

ARE YOU HAVING A BELLY-ACHE OR HAVING A HEART ATTACK?

Wondering whether a pain in the upper abdomen is the beginning of a heart attack or just acute indigestion can cause a fatal delay, says the Kentucky Heart Association.

Reducing the deadly delay of decision time is the aim of a public education campaign under way in our region and others. It is working, too, because surveys before and after the mass media campaign began in one midwest area showed that the average time from onset of symptoms to starting to the hospital dropped from 19 1/4 hours to 7 1/2 hours.

Even the lower average, however, exceeds the critical 4 hours period in which a third to a half of all acute heart attack deaths occur.

The Heart Association says heart pain in the abdomen may be accompanied by nausea or vomiting, making it easy to confuse a heart attack with indigestion. The upper abdominal pain of heart attack usually is at the fork of the ribs and may actually overlap the lower chest, a physician said.

Heart pain also can be in the center of the chest, arms, jaws, neck or back. It can be accompanied in all, or any, of these areas by nausea, vomiting, sweat-

ing or shortness of breath.

A survey of 91 heart patients at one hospital in the area where the education program reached an estimated one million people showed that up to 25% attributed their response to the news media. But the repeated newspaper, radio and TV messages very probably influenced many additional people to seek help even when they had only a vague memory of the actual content of the message. This substantial response, familiar to any advertiser, could often be detected during interviews several days after the attack.

That's why the project uses repetition—to let patients accumulate a store of knowledge which will provide an automatic response to early warning symptoms: when you see a red light, you stop.

Showing media impact was a physician's comment, in a survey after the program began, about a woman, 50, who arrived at a hospital emergency room at 3:00 a.m. She had pain in the upper abdomen and behind the breast bone, extending into the back.

A doctor said her pain sounded more like gallstone colic than a heart attack pain.

But doctor, this pain was exactly like the newspaper described one kind of heart attack pain last evening," her husband stated.

Sure enough, her half-hour episode of pain, with sweating, nausea

and vomiting did turn out to be an early warning sign of heart attack.

More importantly, she escaped without having the full development of a heart attack—which is what the Early Warning Signs Program is all about: "Early attention can mean prevention."

These escapes from full disabling or fatal effects of a heart attack often occur when patients seek prompt medical aid instead of trying to judge whether they are having a heart attack or just belyaching.

Burlington residents may call 586-6181 for prompt first aid and reliable transportation in the event of early warning signs of a heart attack.

TRAIN WITH FULL PAY

ESTATE

AUCTION

SATURDAY, FEBRUARY 9 — 1:00 P.M.

LOCATION—On U.S. Highway 227, approximately 2 1/2 miles east of Wheatley, Kentucky and approximately 2 1/2 miles west of New Liberty, Kentucky and approximately 10 miles northwest of Owenton, Kentucky at the NOBLE SHARON FARM.

In order to settle the Estate of the late Noble Sharon, we will sell the following REAL ESTATE and PERSONAL PROPERTY at the above location.

Real Estate consists of three (3) farms—tract no. 1, tract no. 2 and tract no. 3—all of which will be sold at Tract No. 1.

TRACT NO. 1—which is located on U.S. Highway 227 between Wheatley, Ky. and New Liberty, Ky., consists of 182 acres more or less, 8,141 pounds tobacco quota for 1973 (100%). This farm lays well, about 95 acres is ridge land, remainder lays rolling and hill land; has about 5-6 acres of timber and; practically all can be mowed with tractor; all in good grass except what was in cultivation this past year (1973). Has 6 acres feed and grain base. Watered by pond, creek and springs; has lot mixed hay; fair fence; frontage on Highway No. 227. This land is of good productive quality.

Improvements—Good 6-room house (4 rooms plus full bath first floor) (second floor has 2 rooms plus half bath); walk-in closets; hardwood floors on both first and second floors; kitchen has sink and lot wall cabinets; also has pantry closet; full basement with fruit storage closet; oil furnace with register to all rooms; basement has outside entrance for garage; front porch and enclosed back porch. City water. Is in a good state of repair, nice lawn with shades; outside storage buildings.

Five (5) BARNs—good tobacco barn 48x40 on concrete foundation with stripping room attached; good tobacco barn 72x48 on concrete foundation; feed barn about 50x36 with loft; corn crib; tool shed; combination feed and tobacco barn; tobacco barn about 60x40; has 4-room tenant house; 1-car garage; cistern. This is a good farm, ideal for cattle and tobacco. Located on a good highway about 12 to 14 miles from I-71; about 10 miles from Owenton, County Seat of Owen County. On school bus and mail routes in a good community.

IMMEDIATE POSSESSION will be given to this farm. It may be seen any day before day of sale. Contact tenant, Raymond Sharon, phone 502-463-2577.

TRACT NO. 2—Farm consisting of about 95 acres, more or less, has 3,084 tobacco poundage quota for 1973 (100%). This farm is located just off Moxley Road (325 highway) on Jenkins Pike on Twin Creek. This farm is fenced; watered by creek; has 2.6 acres feed and grain base; all in grass. Ideal for grazing, mostly hill land. May be seen before day of sale. Has no improvements. Immediate possession will be given to this farm.

TRACT NO. 3—Farm consisting of about 90 acres, more or less, has 1,990 poundage tobacco quota for 1973 (100%); has 6 feed and grain base; all in grass; has about 1 acre bottom land; Joins Twin Creek; remainder is hill land. This farm is located about 6 miles northwest of Owenton, Ky. on Twin Creek Road (all-weather road), about 2 miles off blacktop road near Salem Church. This farm has no buildings; is ideal for the camper or someone looking for small acreage. May be seen before day of sale.

Immediate possession will be given to this farm.

PERSONAL PROPERTY—2 tractors, 1956 International "H" Farmall, good rubber, set breaking plows, set harrows; Super "A" International Farmall (1952), cultivators, breaking plows, mower, Massey-Ferguson bush hog; New Holland wheel-type tobacco setter; tractor wagon and flat; 20' hay elevator; lot tobacco sticks; set extension ladders; plus other items too numerous to mention.

ALL SALES will be held at tract No. 1 on U.S. Highway 227 between Wheatley and New Liberty, Kentucky.

TERMS—Cash on Personal Property.

TERMS—On Real Estate, 20% of the purchase price to be paid down on day of sale. Balance of the purchase price to be paid upon delivery of deed.

REFORESTATION

To encourage reforestation of approximately 1,000,000 acres of eroded, idle and submarginal land, the planting of farm windbreaks and the improvement of existing woodlands, the Department of Forestry, operates three nurseries from which tree seedlings are distributed at low cost to farmers and timberland owners in the Ky. Seedlings are not to be planted within city limits.

The following species will be available in multiples of 1,000—500—250; Loblolly pine, Shortleaf pine, White pine, Virginia pine, Scotch pine, Black locust, White ash, Cottonwood, Sycamore, Black walnut, Yellow poplar, Cherrybark oak. Average spacing for black walnut should not be less than 14 feet by 14 feet, which will be about 250 trees per acre. Spacing for all other species should be 6 feet by 7 feet, which will be about 1,000 trees per acre. For more specific spacing requirements, contact the Kentucky Div. of Forestry.

A special wildlife packet containing 15 yellow poplar, 35 white ash, 27 black locust, 3 autumn olive, 5 cottonwood, 5 sycamore, 5 Chinese chestnut, 5 sweet gum, 20 white pine, 20 shortleaf pine, 20 loblolly pine, 20 Virginia pine and 20 Scotch pine at \$5.00 for the bundle of 200 assorted trees, is available in limited quantities.

Information concerning other species of seedlings and cuttings of hybrid and superior cottonwood can be obtained from the local District Forester, Kentucky Div. of Forestry, P.O. Box 37, Stamping Ground, Kentucky 40379.

Seedling trees may be ordered from the Kentucky Division of Forestry District Office, Soil Conservation Service and Extension Service Offices. Checks accompanying orders should be made payable to the Kentucky State Treasurer.

Where possible, the Division of Forestry will transport trees from the nursery to a central point in each county where the buyers can receive them. Advance notice will be given each buyer as to the time and place of delivery. Buyers may call at the nursery for trees that have been previously ordered.

All seedlings are inspected and graded when lifted and are again inspected before shipment.

All seedling trees are packed in sphagnum moss on a clay slurry to keep the seedling roots in the best condition for survival. No adjustments or replacements will be made by the Kentucky Division of Forestry for losses or injuries unless reported when seedlings are delivered.

Your Food Dollar

When you stop at the produce counter in your favorite grocery, don't pinch and squeeze those fresh fruits and vegetables. Rough handling of produce causes spoilage and waste, and such losses to the grocery usually are passed on to the consumer—that means you eventually pay for the damage.

By "RED"

While our modern automobiles seem to be nothing less than sheer perfection, they owe a note of thanks and gratitude to some of their pioneer creators for introducing the fine features which are still being used today.

From 1920 to 1951, the automobile achieved such beneficial improvements as the establishment of automobile radios in the '30's, the availability of an overdrive in 1939, the introduction of sealed-beam headlights in 1940, of tinted window glass in 1950 and of power steering in passenger cars in 1951, and are prevalent features in today's automobiles.

At G & G TIRE COMPANY we would like to introduce to you some of the finest tire services available to you today. When a company stands behind their services, you can't go wrong.

Berean Baptist Mission

By Lawrence Richardson

In the next few weeks we want to look at some different subjects taught in the Bible.

The first one we want to notice is the doctrine of Salvation.

In the New Testament, Salvation is regarded almost exclusively as from the power and dominion of sin. And of this Jesus Christ is the author. It is freely offered to all men, but is conditioned upon repentance and faith in Christ.

Salvation proceeds from the love of God; is based upon the atonement wrought by Christ; is realized in forgiveness, regeneration, sanctification, and culminates in the resurrection and glorification of all true believers.

Salvation is completely apart from works or Old Testament Law. Gal. 2:21 says "... if righteousness come by the law, then Christ is dead in vain."

Lastly, true salvation is eternal. The Bible says Christ gives us eternal and everlasting life. Just as we are not saved by works neither are we kept by our works. We are kept by the Power of God until He takes us home or until Christ comes again to receive us unto Himself.

CARD OF THANKS—

We wish to thank all of our friends and neighbors, the women from the Church of Christ and especially the Reverend Charles Carter of the Church of Christ for all of the kindness shown to us in our time of sorrow. May God bless all. 1tc —The ALLIE M. COMBS Family

VERONA VOLUNTEER FIRE DEPARTMENT YEARLY TREASURER'S REPORT

By Vincent Rosenstiel, Treasurer

* At the start of the Year 1973 we had a total in the general fund of \$699.44. Total Deposits from January 4, 1973 to December 27, 1973 were \$17,914.29. \$6,000 of this amount was borrowed from the Verona Bank to be used for the completion of the new fire truck.

Expenses for 1973—

Telephone Service	\$ 493.90
Electric Service	\$ 194.30
Water Service	\$ 54.69
Waste Disposal	\$ 36.00
Insurance	\$ 627.48
First Fighting Equipment	\$1,069.07
Postal Supplies	\$ 78.08
L.P. Gas	\$ 179.46
Fuel and Repair Service for the Trucks	\$ 464.06
Other expenses including a 1974 International Truck Cab and Chassis	\$6,604.82
TOTAL EXPENSES	\$9,821.86
Checks Written to Building Fund	\$1,901.66
TOTAL CHECKS WRITTEN FOR 1973	\$11,723.52
Total Deposited	\$17,914.29
Borrowed	\$6,000.00
Total amount Deposited	\$11,914.29
Total Amount Spent	\$11,723.52
Balance on Hand in General Fund 1-1-74	\$ 889.21

CHURCH HONORS SCOUTING PROGRAM

Independence Christian Church in Independence, Kentucky will honor the Scouting Program with Scout Sunday during the 11 a.m. morning worship hour, Sunday, February 10.

Winston Stubb, former Scout executive and professor at Transylvania College will be guest speaker along with other Scout leaders. Troop 704 of Crittenden, Kentucky will provide special music.

Maurice N. Johnson, pastor, and William Blanton, Scoutmaster of Troop 8 invite all friends of Scouting as well as the general public to the service.

Letter To The Editor:

Over 200 patients per year with in-stage kidney disease are potential recipients of transplant organs—if these organs are available. Presently there are over 100 patients at the University of Louisville Medical Center alone, who are waiting for organs. These patients do not have relatives who could donate a living organ. But something can be done to help.

Kentucky Federation of Women's Clubs has long been engaged in the fight against kidney disease in Kentucky. At last Fall's State Conference, an emergency resolution was passed urging the enactment of a bill concerning the harvesting of vital organs. The willingness of an individual to donate his vital organs would be printed on his driver's license.

Kentucky State Representative Thomas J. Burch, Louisville, 30th District, has introduced a bill in the House that would provide for this legislation. (Rep. Burch's bill covers the donation of all vital organs—not just kidneys.)

In the interest of saving lives, the Kentucky Federation of Women's Clubs urges your support of this bill. Please write to your state Representative and ask them to support the passage of House Bill 52.

—Mrs. Harold Mullins, President, KFWC

JUST A THOUGHT—

COMMUNICATION

Recent events locally have evidenced the fact that when people sit down and discuss man-to-man the differences that separate progress and peace of a country, group or community, most of the time a mutual agreement is reached.

Wars have been settled around a peace table.

Labor disputes have been solved by both sides talking about what they want and expect from each other.

Boundary lines have caused many family disputes and even death when the line of communication was broken.

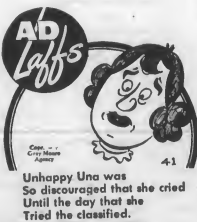

Personally, I want to commend everyone responsible for bringing about an agreement regarding the sewer project.

With this line of communication open much can be done to get this community moving forward with progress.

Improvement in Walton's sewerage is imperative—either through a municipal system or by each user spending enough to satisfy the county and state health department requirements.

Now that the system has come this close to reality—let's everyone help push it along instead of trying to stop it. Everyone will benefit.

by Jim Lawrence

Boone Coffee Day

The Heart Fund Drive in Boone County will begin on February 9, with the annual "Coffee Day", sponsored by the area restaurants in Boone County. The chairman is Carl J. Becker, of Florence, who is also serving as Florence Business Gifts Chairman.

He is a 25-year employee of U.S. Treasury Department, ECU graduate, is a member of the Republican Party, Florence Lions Club, Masonic Lodge and attends services at Florence Baptist Church.

Mrs. Parker Is Hostess

The Walton Homemakers Club will meet Friday, February 8 at 10:30 a.m. in the home of Mrs. Carl Parker on York Road. Mrs. Donald McMillan will serve as co-hostess.

The lesson "First Aid" will be taught by Mrs. Harry Henson and Mrs. Gaines Huey. A second lesson in "Laws in Labeling" will also be discussed.

New members and visitors are welcome. For information call 485-4882.

White's Tower 4-H Club

The White's Tower 4-H Club met at the school on January 18. The president, Sean Dougherty, opened the meeting and the pledges were led by the vice president, Beverly Hubbs. Secretary Jay Hellman read the minutes of the previous meeting. A newspaper clipping was read by the reporter, Sheri Fowler.

The president then asked for a report from each group about their project.

Miss Diana Schneider made several announcements. There is a 4-H Club Poster Contest. Posters must be ready by the next meeting. There will be a Valentine's Skating Party for 4-H'ers the first Tuesday in February. 4-H Rally Day will be at the Independence Christian Church the last of March.

Each group then worked on their projects.

The next meeting was set for February 1 at the school.

Kenton Elementary PTA

The Kenton Elementary PTA was called to order by Mrs. Robert Gibson on January 17 in the school gymnasium.

Mr. Spaw, basketball coach, presented the basketball players with award merits and Mrs. Wanda White presented the cheerleaders with merit awards. They did receive trophies at the basketball banquet on January 22.

The cheerleaders gave a demonstration of some of their cheers and a pom-pom march.

CG&E TO BUILD GENERATING PLANT AT EAST BEND COSTING \$213 MILLION

The Cincinnati Gas & Electric Company announced plans to build a \$213 million electric generating station at East Bend in Boone County, Kentucky.

The plant will have a 600-megawatt generating unit, scheduled for completion in 1979, and will be CG&E's first power station outside of Ohio. Work at East Bend is expected to begin early next year. The station will be fueled by coal and will be equipped with about 460 million worth of air and water pollution control facilities.

A comprehensive study concentrated on potential sites for fossil-fuel plants identified 81 potential sites (including nuclear power plant development). Most were eliminated because of environmental or engineering considerations, leaving 24 prospective locations for more detailed review. Each of the 24 sites then was evaluated on the basis of engineering, environmental and economic criteria. In order to qualify as an acceptable possibility, a site had to meet stringent requirements in all three categories. The East-Bend location meets and exceeds by a considerable margin the site evaluation and selection criteria that the company applied for in the study. The site has about 1200 acres for possible development and is situated along the Ohio River where it is ideally suited for the delivery of coal.

The plant will be built with a water cooling tower, a tall stack, the best dust collection equipment available and with provision for a reliable sulfur dioxide removal system, which is expected to become available in the next few years.

"Our job is to meet the responsibility for an increased demand for electric service creates the need for additional generating capacity. I am confident that we can. We are looking forward to working with Kentuckians in developing the East Bend site, and we welcome Kentucky's interest and confidence in us," said B. John Yeager, CG&E President.

W-V School Menu....

Feb. 8—Pizza, creamed corn, tossed salad, ice cream, bread, milk.

Feb. 11—Grilled cheese sandwich, green beans, apple sauce, cookie, juice, milk.

Feb. 12—Fried chicken, mashed potatoes, creamed peas, jello, hot rolls, butter, milk.

Feb. 13—Weiner on bun, baked beans, potato chips, celery stick, chocolate pudding, milk.

Feb. 14—Spaghetti-meat balls, tossed salad, peach half, cookie, bread, butter, milk.

Feb. 15—Creamed turkey, peas and carrots, fruit salad, biscuits and butter, milk.

MEETING DATE SET

The Boone County Garden Club will meet Tuesday, February 12 at 12:30 p.m. in the Tri-County YMCA building, Florence.

Dennis Raymond from Ammon Nursery will show slides of King's Island Park which Ammon's landscaped.

UNITED WOMEN MEET

The United Methodist Women's Circle Number One held their regular meeting at the church on Friday evening with Mrs. Robert Yates and Mrs. George Stuard as hostesses.

Mrs. William Brown was program leader and had charge of the business session.

Others present were Mesdames Louise Callen, A. H. Gaines, Evan Hance, Bruce Wallace, Cameron Brakefield, Carl Conner, Lucile Hudson and Miss Louise Conrad.

Baby Care Course

Expectant and adoptive parents are invited to learn the ABC's of Parenthood by attending a Red Cross Mother-Baby Care course. Two classes are scheduled, one to begin Tuesday, February 19, the other class will commence on Wednesday, February 20. There will be six class sessions, once a week for six weeks, 7:30 to 9:30 p.m. at the Red Cross Memorial Building, 720 Sycamore Street in Cincinnati.

Two New Members For Green Road Special

The December meeting of the Green Road 4-H Club was held at the home of Mrs. Simpson.

Lori Simpson presided at the business meeting. Susan Waymeyer led the club in playing games and Melanee Simpson led in the singing of Christmas Carols.

Two new members have been welcomed this year—Susan Duncan and Lori Brown.

Officers for the coming year are Melanee Simpson, president; Connie Waymeyer, vice president; Joyce Waymeyer, secretary; Lori Simpson, reporter; Susan Duncan, recreation; Gwen Clark, devotional chairman; Susan Waymeyer, song leader and Lori Brown, pledge leader.

It is pleasing that most of the members turned their record in for the County Record Book Judging and that Joyce Waymeyer's Automotive Book was selected to be sent to Area.

The club sent a contribution to the Neediest Kids of All instead of exchanging gifts.

PTA Meeting Is February 11

The Townsford Jr. High PTA will meet February 11, 7:30 p.m. in the school auditorium.

Founders Day chairman, Mrs. Litton Vaughn, will be in charge of honoring past presidents.

Guest speaker for the evening will be Dr. Robert Neulker, a Clinical Psychologist, whose topic will be "Family Therapy."

Buckaroos New Officers

The first meeting of the year was held on January 23 at the home of Mrs. Renate Burden.

New officers were elected as follows: President, Debbie Youtsey; vice president, Carol Winans; secretary, Tina Dunaway; reporter, Melinda Burden; pledge leaders, Connie Winans, Susan Youtsey, Tommy Youtsey and Tony Burden; recreation leaders are Nancy Youtsey and Rebecca Burden.

The club welcomes Mrs. Doris Ballard and her 4 club members.

Stationed in Germany.

Army Private David W. Yates, 19, son of Mr. and Mrs. Murphy Yates, Crittenden, is assigned to the 11th Armored Cavalry Regiment in Bad Kissingen, Germany. Pvt. Yates is a recovery specialist in headquarters troop, second Squadron of the regiment.

Plenty of cheap land for hardy pioneer families. Would you like to be among the first to stake out a claim? Free transportation in the fastest, most modern vehicle an added inducement. Bring your own air and water.

Not interested! That's just as well—we're talking about the moon.

Far more, we need earnest men and women eager to explore the earth's spiritual frontiers... people who will seek courageously for Christian answers to the complicated problems progress has created... families trying to enrich their homes and their world with faith and love.

The Church is the homestead of such pioneers. Its grasp encompasses heaven and earth... from the throne of God to the depths of a little child's soul.

It cannot fathom the mysteries of outer space. But it will reveal to any man the Center of this universe.

Victorious In Defeat — Lesson for Feb. 10

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)
 (John 18:33-38; 19:7-11)

In the way of His will there is peace,
 There doubtings and restlessness cease;
 Tho' the pathway be drear, and sacrifice dear,
 In the way of His will there is peace.

In the place of His will there is joy,
 There praises our hearts will employ,
 Amid sorrow and pain, when tears flow like rain,
 In the place of His will there is joy.

In the place of His will there is power,
 His Spirit flows in every hour,
 Tho' our strength may be small, tho' we have none at all,
 In the place of His will there is power.

—Author Unknown

To live the life of faith in God through Jesus Christ is to live the victorious life. It is to witness our defeats constantly being turned into victories. This is so vividly portrayed in the account of the final days of Jesus' earthly life.

PRISONER DELIVERED
 The religious leaders in Jerusalem were determined to put an end to Jesus. Their minds were made up. He must be put to death. They delivered Him to Pilate with the filthy accusations that He is a malefactor. "Malefactor" means evil-doer. We are informed by Luke (23:2) that the charge is also the claim by Jesus to be a king. In Pilate's question "Art thou

the King of the Jews?" the thou is emphatic. Pilate may have been asking, "Does such a person as you claim to be King of the Jews?" Pilate's question is not a reference to a spiritual king but has reference to a national king. Such would be in opposition to king Caesar. Jesus responds to Pilate's question with a question of His own: Was Pilate's question merely a trick question from the Sanhedrin or was the Governor asking, "Pilate related, 'Am I a Jew?'" A negative answer definitely implied. The statement in verse 35: "Thine own nation and the chief priests have delivered thee unto me" will stand forever as a witness against their blindness and prejudice.

PROBLEM DISCUSSED
 Jesus does not deny that He is a King. He does deny that He is a rival to Caesar. His kingdom is not of this world. The reference to His "servants" probably means that legions of angels available at His call (Matt. 26:56). Pilate's question, "Are you then a king?" is asked in scorn and expects an affirmative answer. Jesus' answer is a definite "yes, because I am a king." The word translated "that" is the same word for "because". Jesus states further that this was the purpose of His coming in the flesh Jesus came that men might know the truth. It is sad that men then (as now) had no desire to know the truth. Jesus is the standard for truth because He is the Truth.

Pilate's "what is truth?" was a sneer. His turning away from Jesus may suggest that he has no interest in discussing the problem at all. Pilate's verdict is that he finds no fault in Jesus. This is not only Pilate's verdict but it is the verdict of millions since that day. It is the verdict of millions of young people today. People of all walks of life have found and are finding in Jesus the Way, the Truth, and the Life! It is too bad that Pilate refused to live up to what he knew to be the truth. Yes, there are multitudes in our day who find no fault in Jesus yet they fail to follow Him.

POWER DISCLOSED
 The Jews (the Sanhedrin) failed to gain Pilate's support in the charge that Jesus had committed a political crime. They then turned to a religious indictment. The Sanhedrin had already voted to condemn Jesus to death on the charge that "He made himself the Son of God" (Mark 14:61; Matt. 27:23-26). Any fair-minded judge would have dismissed the case at this point. This charge had nothing to do with the Roman government. Pilate was superstitious and his fears are stirred. He returns to Jesus in the judgement hall and asks Him where He is from. Jesus gives him no answer. Pilate knew that He was from Galilee.

Pilate, impatient, and disturbed by the silence of Jesus, reminds Jesus of his power (authority). Pilate boasts of the power which Rome has bestowed upon him. Jesus counters with the fact that, in reality, Pilate has no power at all except what God permits him to have.

In the final statement of verse 11, Jesus informs Pilate that the one (probably Caiaphas) who delivered Him over to Pilate had the greater sin. Caiaphas has his authority from God but has used it against God.

ON THE DEFENSE

Our bodies have a defense system almost as complicated as our country's. How our cells send out defense alerts and fight off invaders is a subject captivating medical researchers.

What happens when we breathe in invaders like TB germs, cold viruses, cigarette smoke, pollutant particles? One researcher is investigating the activities of one major line of defense in the lungs, the macrophages. Macrophages are scavenger cells that literally eat germs, viruses and other assaulters. He is trying to find out exactly how they spring into action and why they often fail to digest and conquer.

Another researcher is exploring how the macrophages fight off TB germs in particular. When the macrophages alone gulp down the TB germs, the germs simply keep on multiplying inside the macrophage. But when the macrophages join forces with smaller, white blood cells, then the macrophages develop the power to digest the TB germs and keep them from reproducing. This research suggests that the joint defense action is triggered by some kind of chemical messages or cell-to-cell contact.

The researcher said that if you can determine by cellular structure which people will have trouble fighting off TB, you can single out those people ahead of time as high risks and take steps to protect them. Taking a special kind of pill can help these high-risk people avoid getting the disease.

Find out more about attacks on the lungs and ways to help combat them.

Taxpayers Ask IRS

Q—Are WW II veterans eligible for pensions? I am 65, and my wife and I need more than the \$3,000 annual income we now live on. I served in WW II, but I was not wounded.

A—Any 65-year-old veteran who served a minimum of 90 days and received an other than dishonorable discharge is considered permanently and totally disabled for pension purposes. As a married man with your income, you could be eligible for \$69 per month pension at current rates.

Q—When a veteran who dies of service connected causes is buried in a private cemetery, will the VA pay the \$150 plot allowance in addition to the \$800 allowance for funeral expenses?

A—No. The \$800 payment is for all funeral costs, including a burial plot. However, if death occurs in a VA facility, an additional amount is payable to transport the deceased to place of burial.

—DEATHS—

WINSTON C. BROWN, 81, of Key West Road, Crittenden, died at 4:15 p.m. on Friday, Feb. 1 at his residence after a brief illness.

He was a member of Crittenden Christian Church.

A native of Kenton County, he was a retired farmer.

Survivors are a daughter, Mrs. Elizabeth Hinesdale Walton; two sons, William Robert of Morning View and Charles Winston of Crittenden; a sister, Mrs. Harriet Rose Wolterman of Crittenden; 5 grandchildren and 2 great-grandchildren.

Service was at Chambers and Grubbs in Walton Sunday afternoon.

JOHN HENRY POETTER, 61, of Walton-Nicholson Road, died at 3:45 a.m. Friday, February 1 at VA Hospital in Lexington after a long illness.

A native of Kenton County, he was a retired warehouse superintendent of a Lexington drug firm and formerly operated John's Place in Walton. He was a WW II veteran and member of Johnson-McElroy Post 277.

Survivors are his wife, Virginia; a daughter, Mrs. Raymond Conner of Lexington; a sister, Mrs. Sylvia Perry of Covington; 3 brothers, Frank, Bellevue; Chester, Covington and Arthur of Ft. Mitchell.

Service was conducted at the Chambers and Grubbs Funeral Home in Walton Monday morning.

OTIS W. BROWN, 58, Percival Road, Walton, died at his home at

11:15 a.m., Friday, Feb. 1 of an apparent heart attack.

He was a retired builder and owned O. W. Brown Building and Contracting Company for 30 years.

A native of Kenton County, he was a member of Walton First Baptist Church.

Survivors are his wife, Georgia; a son, Wendell, at home; two daughters, Mrs. Charlotte Beighle of Pittsburgh, Pa.; and Mrs. Bonnie Staggs of Florence; stepchildren, John Jacob, Covington; Mrs. Elizabeth V. Covington; sisters, Mrs. Dortha Henschmidt, Cin. Ohio and Mrs. Althea Fortner, of Ft. Mitchell; brothers, Arlie F., Covington and Harry of Lexington; 6 grandchildren.

Monday afternoon service was at Chambers and Grubbs, Walton.

CHARLES EDWARD COX, 57, 54 McCullum Street, Independence, died Thursday at the Veteran's Hospital in Cincinnati, following a long illness.

A retired truck driver, he was the past president of the American Legion Post 137, at Williamstown. He is survived by his wife, Gladys; a stepdaughter, Becky Brann, Independence; two stepsons, David, Erlanger and Roger of Independence; five sisters, Mrs. Dorothy Leitch and Mrs. Marie Tuttle, both of Ripon, California; Mrs. Garnet Foye, Sepulveda, Cal.; Mrs. Gene Hamburg, Mrs. Rena Weddle, both of Independence; and a brother, Fred, Independence.

Funeral service was at Conley Funeral Home, Latonia, with burial in Floral Hills Memorial Garden.

THOMAS ORIN EDWARDS, 79, Box 198, Union, died at 10:00 p.m. Sunday, January 27, at Veterans Hospital in Ft. Thomas.

He was a retired farmer and a Disabled American Veteran.

Mr. Edwards was a member of Big Bone Baptist Church and has served as deacon.

Survivors include his wife, Mary Frances Allen Edwards; daughters, Mrs. Jeannette Smith of Union, and Miss Connie May Edwards at home; two sisters, Mrs. Mary Ayler of Union and Mrs. Sam Allen of Florence; two grandchildren.

Services were Thursday morning at Stith Funeral Home, Florence.

Ryland Heights PTA

The executive board of the Ryland Heights PTA met January 14 at the school. The president, Mrs. Kenneth Pennington, worked with the chairman in filling out their annual reports to be sent to the Council.

Plans to sponsor a banquet for the basketball players and the cheerleaders will be headed by Mrs. Howard Stafford.

There will be no regular meeting in January. The Founders Day Program will be presented in February.

The December meeting was conducted by the president with Rev. U.R. Turner, Character and Spiritual Chairman giving the devotions. He reminded those present, to Keep Christ in Christmas.

Mrs. Roy Klein, music teacher, presented 5th and 6th grade students singing favorite carols.

Mrs. John Mason, Ways and Means Chairman, was in charge of a Bake Sale table.

Hot coffee and punch were served by the hospitality chairman, Mrs. Dennis Lovall.

Bit-N-Spur 4-H Club News

The Bit-N-Spur club meeting was called to order by Debbie Ryan, president. Pledges were led by Kathy Lanter. Elaine Campbell gave a treasurer's report.

When and where to have an Easter bake sale were discussed.

Dr. Robinson will give a speech at the RCA building on the 14th. Members discussed the Walton Social Club reception, trip to Washington for freshmen and the sophomores; and demonstrations.

New officers elected were: Debbie Ryan, president; Sandy Lanter, vice president; Kathy Lanter, secretary; Jeff Afterkirk, treasurer; and Elaine Campbell, reporter. The pledge leader is Mike Benton.

Elaine Campbell was hostess for this meeting and served refreshments after the meeting.

One leader present was Mrs. Campbell. John Benton reports the next meeting date is February 3.

CARD OF THANKS

I wish to thank everyone for the many acts of kindness and concern I was in.

—EVELYN ROUSE

BIRTHS

Born to Joseph and Shirley Wesselman of Pelly Road, Independence, a girl at 7:01 a.m. on January 31.

Born to Russell and Patricia Perkins of Route 2, Walton, a girl on January 29 at 10:45 a.m.

Born to Walter and Margaret Reiman of R-1, Morning View, a girl at 4:38 p.m. on January 25.

Born to Ronald and Charlotte Cleveland of Persimmon Drive, Independence, a girl on January 28 at 11:22 a.m.

Bearcat Basketball

Bearcat Sports Editor
The Walton-Verona Bearcats had their best scoring night of the year as they routed Ludlow 102 to 77 last Tuesday night.

The Bearcats put on a full court press with 2:18 remaining in the first half with Ludlow leading 37-26. The press caused the Panthers into seven straight turnovers with W-V scoring on each one. The Bearcats went into the lockerroom at halftime leading 39 to 37. W-V again pressed the Panthers in the second half and led at one time by 30 points.

Danny Ryan put the 'Cats over the 100 mark with a free throw. Bill Tungate led W-V in scoring with 27 points. Kenny Rich and Danny Dixon had 23 points each. Other Bearcats who scored were Danny Jackson, 12; Lenny Spicer, 8; Darrell Foley, 3; Gary Williams, 2; Dan Albers 2 and D. Ryan, 1. Foley led in rebounds with 14. Mark Noll led Ludlow with 17 points.

ST. THOMAS 89-48
The St. Thomas squad had little trouble in defeating the Bearcats by a score of 89-48 Friday night. Todd Bender, a senior center for the Tomcats did most of the damage by scoring 24 points and grabbing 25 rebounds.

Danny Jackson led W-V in scoring with 13 points. He was followed by Bill Tungate with 10, Danny Dixon, 8; Sam Mosley, 6; Kenny Rich, 5; Darrell Foley, 4; Lenny Spicer and Gary Williams had 2 each.

NEXT HOME GAME
Each of the remaining games of the season will be played at home. Boone County comes to Walton on Saturday and Beechwood is here the following Tuesday.

Junior Class Play At SK

NO SOONER WON THAN WED is the name of the junior class play that will be presented Feb. 23 and 24 at Simon Kenton.

The play will open on Saturday night at eight o'clock in the school auditorium and on Sunday afternoon at two o'clock.

No Sooner Won Than Wed is Melodrama with fifteen songs. The play takes place during the 1890's with the main characters being the hero, villain and lovely heroine. The cast consists of seven characters which are as follows: Marie Cain as Melody Lovesong; Bill Faulkner as Lamert Lamplight; Dave Kemner, the Baron Wilhelm von Snipe; Robin Pettit as Lucetia Moneygrabb; Regina Wayman plays Ganglia Moneygrabb; Dave Carter is Sheriff Lamplight and Terri Bowling as Zinnia Zwick.

Steven M. Davis

The Walton-Verona FFA Chapter is in its first year of existence. This Year there are 38 members.

The officers are—President, Tom Webster; Vice President, Kenny Martin; Secretary, Greg Ryan; Treasurer, Danny Ryan; Reporter, Gary Williams; Sentinel, Tyra Simpson; and the Advisor is Steven M. Davis.

The FFA members have developed their own program of activities, which include local, regional and state events.

March 19 of this year is the day of the regional contests at which they will have some participants in the various contests. The contests will be held at the University of Kentucky and the winners will compete at the State Convention held in Louisville in June.

The FFA members are also in the process of developing their own vocational agriculture curriculum by constructing a greenhouse and offering experience in horticulture.

This summer the officers will attend the FFA leadership training center at Hardinsburg.

Mr. Davis is a native of Casey County and received his degree from UK.

Verona Auxiliary Dinner

A Spaghetti Supper is being sponsored by the Ladies Auxiliary of Verona Fire Department on February 23 at the Verona School from 6:00 to 8:30 p.m.

The menu is spaghetti, salad, homemade bread, pie, coffee and tea.

The price is \$1.75 for adults and \$1.00 for children under 12. An adult door prize and a child's door prize will be awarded.

NFO Dinner-Meeting

The Kenton County NFO is planning a dinner-meeting at the Janodo Restaurant for Tuesday, February 19th at 7:00 p.m.

NATIONAL F. F. A. WEEK—FEBRUARY 16-23

NATIONAL FUTURE FARMERS OF AMERICA WEEK IS CELEBRATED DURING THE WEEK OF FEBRUARY 16-23, 1974.

Many ask "What is F.F.A.?" Here are nineteen statements which tell what F.F.A. is and how it helps youth become better Americans.

By Tim Martin
Since Kenton FFA

1.—This year's slogan is "FFA Prepares Youth For Tomorrow's Agriculture."

2.—Today's FFA members are tomorrow's agriculture leaders.

3.—Members of the FFA are students of vocational agriculture.

4.—FFA, a youth organization for students studying agriculture, has over 14,500 members in Kentucky.

5.—The 163 FFA Chapters in Kentucky unite its members with their career opportunities.

6.—Forty-nine states and Puerto Rico have chartered associations of the National Association of the Future Farmers of America.

7.—The primary aim of the FFA is the development of agricultural leadership, cooperation and citizenship.

8.—National FFA Week is scheduled February 16-23 to honor George Washington, who was an outstanding farmer as well as a great leader.

9.—Over 700 FFA members participated in the summer training program at the Kentucky Leadership Training Center located at Hardinsburg.

10.—Kentucky ranks 12th in the United States in total number of FFA members.

11.—Look around you—many of

the successful people in your community are former FFA members.

12.—Over 1,000 FFA members attend the State FFA Convention held each June in Louisville, Ky.

13.—"Learning to do, doing to learn, earning to live, living to serve" is the official motto of the FFA.

14.—It is estimated that there are over four million former FFA members.

15.—The National FFA Center is located near historic Mt. Vernon.

16.—Kentucky FFA Alumni Association was chartered in 1972.

17.—FFA members are helping make their communities better places in which to live and work through the FFA program called "Building Our American Communities."

18.—Organized in 1928, the FFA promotes leadership, cooperation and citizenship among students studying vocational agriculture.

19.—The Kentucky Association FFA has a leadership training center at Hardinsburg. The center is valued at nearly one million dollars.

Future Farmers of America is a great organization—why not help FFA prepare youth for tomorrow's agriculture.

AGRICULTURE!

By Joe Claxton

We expect agriculture will continue to be the backbone of most rural communities.

Farm operator families now spend about \$49 billion a year for goods and services to produce crops and livestock.

In addition, this year they have available \$19.7 billion of 1972 realized net income from farm sources and 1974 billion from off-farm sources, to spend for personal taxes, investments, and for the good things of life that city people also buy. The 1973 net farm income is going to be about \$24.5 billion, on a realized gross of \$36.8 billion. We have not yet projected off-farm income for 1973, but, too, will increase significantly over 1972.

The goods and services farmers buy keep our national economy rolling. Each year, farmers buy:

—\$4.1 billion worth of new farm tractors and other motor vehicles, machinery and equipment. It takes 140,000 employees to produce this farm equipment.

—\$4.6 billion for fuel, lubricants and maintenance of machinery and motor vehicles. Farming uses more petroleum than any other single industry.

—\$10.1 billion for feed and seed.

—\$2.6 billion for fertilizer and lime. With an estimated 10 to 12 million more acres due to be planted in 1974, this figure has a potential to increase substantially.

—\$60 million pounds of rubber in various products. This is about 5% of the total rubber used in the US, and would be enough to put tires on 7 million autos.

—33 billion kilowatt hours of electricity. This is equal to 2 1/2% of the nation's total, and is more than the annual residential use in all of New England plus Maryland, Kentucky, and Washington, D.C.

—6 1/2 million tons of steel in the form of farm machinery, trucks, cars, fencing and building (Continued on Page Five)

Valen-Italian Banquet At Church of Christ, Nicholson

John Russell

John Russell, minister at Lake-side Christian Church in Ft. Mitchell, Kentucky, will be the banquet speaker February 16 at 7:00 at the Church of Christ, Nicholson.

Charles Carter and Darryl Moulder are the ministers.

Valentine Dance Saturday

The American Legion Post 277 is having a Valentine Dance on Saturday, Feb. 16, at the Legion Hall on High Street. It will begin at 9:00 and continue until ??

Admission is \$4.00 per couple. Live music is planned. For advance tickets, call this number—485-4597.

FILM TO BE SHOWN

"The Rapture" a film by David Wilkerson author of "The Cross and Switch Blade" will be shown at Sherman Hall Gospel Assembly on Saturday evening at 7:30.

Everyone is invited to attend and enjoy a soul-satisfying evening.

The church is located 3 miles south of Crittenden on U.S. 25; just one mile past KOA campground.

55 MPH Speed Limit

Beginning March 1, 1974, the speed limit on Kentucky Roads will be 55 miles per hour.

Governor W. H. Ford signed this bill last week.

Reasons, given for the cutback was to go along with federal guidelines imposed to help conserve fuel.

It is hopeful that the reduced speed will help cut down on auto accidents and save many lives.

Margaret Collett Selected As Finalist In Miss National Teen-Ager Pageant—March 23

Miss Margaret Collett, age 15, daughter of Mr. and Mrs. Stanley Collett has been selected to be a Finalist in the 1974 Miss Kentucky Teen-Ager Pageant to be held at Lafayette High School Auditorium, Lexington, March 23, 1974. Contestants will be housed at the Continental Inn.

The Miss Kentucky Teen-Ager Pageant is the Official State Finals to the Miss National Teen-Ager Pageant to be held in Atlanta, Georgia on August 31, 1974.

There will be contestants from all over the state competing for the title of Miss Kentucky Teen-Ager. Miss Terri Martin of Cadiz is the reigning state queen.

Contestants will be judged on scholastic achievement-leadership,

poise-personality and beauty.

There is no swimsuit or talent competition.

Each contestant will recite an essay of her own composition on the subject—"What's Right About America."

Margaret attends Simon Kenton High School.

She lists her hobbies as camping, swimming and knitting.

Miss Collett is being sponsored by Chambers and Grubbs Funeral Home, IGA, Dixie State Bank of Walton, and Heritage House of Florence.

Margaret's friend, Wanda Elliott of Florence, is also a candidate. She is the daughter of Mr. and Mrs. Jerry Elliott.

Home Gardens

Home Gardens will be tried by more people in 1974 because of rising food prices and possible shortages of some food items.

The Kenton County Extension Service is planning a meeting on "Home Gardens" to help meet the gardener's needs. The meeting will be at the Courthouse in Independence on Tuesday, February 19th at 7:30 p.m.

The program will cover soil preparation, garden planning and management plus insect control. Free garden publications will also be available.

In consideration of seating space and subject interest, please call 356-3156 for registration.

BANK CLOSED MONDAY
Dixie State Bank will be closed Monday, February 19th.

Sweetheart Dance

A dance will be sponsored by the Athletic Boosters at the Walton Gym following the Boone County game on Saturday, February 16. Admission is \$1.25 per person.

Proceeds from this dance will go towards the Athletic Department for uniforms and the Athletic Banquet which will be held in April.

Music will be by Juble Band until 12:30.

McCauley-Hetterman Wedding January 5

Miss Judith Elaine McCauley, daughter of Mr. and Mrs. Leroy B. McCauley of Cynthia, and John Leslie Hetterman, son of Mr. and Mrs. John E. Hetterman, Route 2, Crittenden, exchanged vows on Saturday, January 5, 1974 at two o'clock in the Cynthia Christian Church.

Rev. John L. Bray officiated at the double ring ceremony. The bride was given in marriage by her father. She wore a full length gown of white organza over taffeta fashioned with lace fitted bodice, high neckline and full skirt. She carried a cascade of white roses and carnations.

The maid of honor, Miss Judy Hetterman, sister of the bridegroom, wore a gown of light blue chiffon over taffeta with long sleeves of chiffon. She carried a long stemmed yellow rose.

Miss Sharon Taylor of Lexington and Miss Susan Hetterman, sister of the bridegroom, were bridesmaids. Sharon wore blue and Susan chose a lavender gown. Both carried long stemmed pink roses.

Miss Patricia McCauley, sister of the bride, was junior bridesmaid. She wore a gown of lavender over taffeta and carried a long stemmed pink rose.

Dave Busse served as best man, while Allen Wolsing, Chuck Miller and Timothy McCauley served as ushers.

A reception was held in the church immediately following the ceremony. Out-of-town guests were the bridegroom's grandmother of Lexington, Mrs. Jessie Kitchen; also Mr. and Mrs. Leslie Kitchen; Mr. and Mrs. E. M. Clemmons and Mrs. Louise McDaniel from Walton; Mrs. Leo Flynn; Mrs. Aurelia Day; Mrs. William Gibson; Becky Gibson; Mrs. Ed Berkeimer; Mr. and Mrs. Henry Botkins, Mr. and Mrs. Richard Ryan; Mr. and Mrs. Jim Rettig; Mr. and Mrs. George Wolsing and Lou Ellen of Independence; Mrs. Ralph Hetterman and Paul Hetterman of Covington, Kentucky.

Mrs. Hetterman is a sophomore at UK. Mr. Hetterman is a graduate student in geology at UK. After a short wedding trip, the couple will reside in Lexington at 1624 Jennifer Road.

Mr. and Mrs. John Leslie Hetterman

James Dixon of Welsh Avenue has been confined in St. Elizabeth Hospital.

Mrs. Marvin Kendall, Mrs. Eloise Hartman and Mr. John A. Hartman spent Tuesday at Frankfort on business and enjoyed a

dinner at the "Colonel's Lady" at Shelbyville.

Mr. and Mrs. Joe Johnson and sister, Elvora Johnson of Harris Pike Mrs. Kay Kelly and children of Taylor Mill and Mrs. Jessie Fisk of Nicholson were dinner guests of Mrs. Mable Johnson and daughter, Betty.

HONORED ON BIRTHDAY

Mr. and Mrs. Herman Slusher entertained Sunday at lunch in honor of the birthday of Hess Vest. Those on hand to wish Mr. Vest a happy birthday were Mrs. Alice Vest, Mr. and Mrs. Kerry Vest and Kim of Verona; Mr. and Mrs. Bob Jones, Scott and Rebecca of Walton; and Mr. and Mrs. Clayton Jones and Evelyn of Hillard, Ohio.

Walton Woman's Club

The Walton Woman's Club met in the Walton Christian Church on February 6. The meeting began with the pledge of allegiance which was followed by the collect in unison.

The absence of Mrs. Walter Whitson, the spiritual guidance was given by the president, Mrs. Claude Thompson. She read a poem by Mrs. Margaret Holmes, entitled "I've Got to Talk to Someone." It stressed how the world seems to pass us by; how insincere we are; and how we try to find a solution in a higher Being. Mrs. Gabriel offered the prayer.

The guest speaker was Wendell Cayton, of the Bell Telephone Company, and at present is in the engineering department. He showed a film on "Life and Legends in Northern Kentucky" and showed pictures both of early and modern homes and other facts of interest found in Kenton, Campbell and Boone Counties. He said that the Indians considered Kentucky the "Land of Tomorrow."

The last part of the program was devoted to the business of the club.

Mrs. Cameron Brakefield reported on the "Heritage Tour" which included Riverdale National Historical District. The tour started at George Roger Clark Park and ended at the Art Club, where tea was served.

An announcement was made that Mrs. Hetterman, chairman on conservation, reported that another paper drive will take place in April.

Mrs. Belcher reminded all to continue the drive to collect coupons for the Community Club Awards. The dates for turning in coupons to her are February 16 and 26; March 12 and 26; April 9 and 23.

A motion was made and passed to send a one-inch advertisement to the Kentucky Club Woman Magazine as a compliment to

Mrs. James Cobb who was past Governor of the fifth district of Kentucky Federation of Women's Clubs and is also now a member of the Walton Woman's Club.

If anyone wishes to order a Bicentennial Plate, please notify Mrs. Claude Thompson.

The Bicentennial Commission Book-Shop, sponsored by Kentucky Federation of Women's Clubs are requesting any old or famous recipes you may have. These are to be sent by March 10.

A nominating committee for club officers for next year are: Miss Louise Conrad, Mrs. Fay Comer, Mrs. A. H. Gaines and Mrs. Melvin Wassen. The report is to be made at the March meeting.

The hostesses were Mrs. John Farrell, Miss Katherine Scott, Mrs. Sam Sleet, and Miss Virginia Beverly. The tables were beautifully decorated in the Valentine

motif. At the close of the meeting, a delicious dessert course was served.

Those present were Misses Mary West, Rachel Acree, Katherine Scott, Louise Conrad; Mesdames A. H. Gaines, J. C. Mayhugh, Fay Comer, Cameron Brakefield, W. W. Rouse, W. H. Presser, Claude Thompson, Thomas Rodney, W. R. Belcher, Bruce Wallace, John Farrell, Sam Sleet, D. L. Lusby, Zayda Clure, L. M. Gabriel, Jesse Callen and William Brown.

CARD OF THANKS—

We wish to express our thanks to our friends and neighbors for their food; Rev. Johnson, Rev. Bob Sheffield for their beautiful words; also Mrs. Rector for her music; Chambers and Grubbs in the loss of our loved one.

SEATBELTS ARE PEOPLE STOPPERS

When an auto stops suddenly in a collision, or emergency, the people inside keep going with tremendous force. What stops them? The windshield, steering wheel, dash, all too often with tragic results.

But seatbelts stop people, too—safely. With your seatbelt fastened you stay put when your car stops suddenly.

Seatbelts are the best people stoppers!

Heart Attack Early Warning Sign Can Be "My Aching Back"

(This is the seventh of eight articles about the EARLY WARNING SIGNS of heart attack.)

OH, MY ACHING BACK...

That's a common complaint. Perhaps that isn't so commonly known is that back pain can be an early warning sign of a heart attack. That's being taught in a public education project under way in Kentucky, financed by the Kentucky Heart Association.

PAIN IN THE CENTER OF THE CHEST MAY EXTEND INTO THE BACK OR OCCUR ONLY IN THE BACK, ABOVE THE WAIST, COMMONLY BETWEEN THE SHOULDER BLADES.

A six-month study of heart patients in the urban-rural area covered by the educational project showed that 13.6% reported pain in the back.

Sweating is even more common as an early warning sign, with the

six-month sampling showing 48.3 percent sweating as a symptom. A physician said that sweating is particularly suspect if it is heavy and if it is accompanied by pain or a feeling of pressure, fullness, squeezing or aching in the chest, back, arms, neck, jaws or upper abdomen.

Shortness of breath, nausea or vomiting round out a list of symptoms which call for quick medical checks.

What's the quickest way to get a medical check? Call doctor. Surveys before and after the education program began showed the first patient contact was with a doctor by almost a 2-1 margin over hospitals.

Physician-First contacts, said an advisory committee member, avoid admitting chest pain cases which don't require hospitalization.

Also, a physician can advise a patient on the mode of transportation which in rural areas often means a car rather than an ambulance. Surveys before and after the 18-county education project showed that well over half the patients were transported by car rather than ambulance.

BIRTHS

Born to Randall and Brenda Thompson of Manor Lake Drive, Independence, a boy on Feb. 4 at 8:33 p.m.

Born to Joseph and Margaret Jarman of Hogre Road, Independence, a girl at 3:54 a.m. on February 5.

Born to Larry and Thedesa Bolton of Morning View, a boy on February 2 at 9:31 a.m.

Born to Arthur and Patti Anderson of Morning View, a boy on February 3 at 12:22 p.m.

Born to Loyed and Elizabeth Merida of Verona, a girl at 12:46 p.m. on February 5.

Born to Richard and Clara Franks of Union, a boy on Feb. 3 at 1:11 p.m.

Born to William and Bonnie Setters of Union, a girl at 3:35 a.m. on February 5.

Born to Ray and Nancy Lucas of Sugercamp Road, Independence, a boy at 11:50 a.m. on Feb. 7.

Born to Charlie and Vondella Hubbard of McMillan Drive, Independence, a girl at 12:50 p.m. on February 7.

Born to Robert and Regina Casey of Riggs Road, Independence, a boy at 5:39 a.m. on February 7.

Born to Richard and Janet Peebles of McKim Drive in Independence, a boy at 6:52 p.m. on February 5.

The survey also showed that physicians scored well on all three points crucial to patients: (1) Is the doctor available? (2) Can the patient get to him promptly through the receptionist's iron wall? and (3) How soon does the doctor make up his mind about what to do for the patient?

Coupled with educated patient response, this is viewed by the project's advisers as assurance on the theme: "Early attention can mean prevention."

W-V School Menu

Feb. 18—Tuna fish sandwich, mixed vegetables, jello, apple pie and milk.

Feb. 19—Hamburger on bun, potato salad, buttered kale, sliced pineapple, milk.

Feb. 20—Meat loaf, brown beans, apple sauce, hot roll and butter, jello, juice, milk.

Feb. 21—Coney Island on bun, baked corn, oatmeal cake, milk, jello.

Feb. 22—Turkey salad/lettuce, buttered peas, potato chips, peach pie, bread, milk.

President Congratulated
Kenton County Rebel Riders 4-H Club wishes to congratulate their president—Darlene Smith—on a successful 1973 year.

In December, county project books were judged. Darlene received Champion on her Horse and Pony Project; Champion on Senior Girl Achievement and second place blue on her Leadership Project.

At area judging held January 19th at Warsaw, she again received Champion on her Horse & Pony Project and the club members are proud that she will represent the Northern Kentucky Area State Judging held in March.

Congratulations, Darlene!

—DEATHS—

MARY L. RENSER, 78, former of North Main Street, Walton, died Friday at St. Charles Rest Home in Ft. Wright.

She was a member of Walton Christian Church.

Funeral service was Tuesday afternoon at Chambers and Grubbs in Walton.

Survivors are two sisters, Mrs. J. B. Doan Walton and Mrs. Estelle Gordon, Delran, N. J.

Burial was in Highland Cemetery in Ft. Mitchell.

Staffordburg Homemakers
The Staffordburg Homemakers met on Tuesday, February 5 at the RECC building. The meeting was opened with prayer, followed by the pledge to the American Flag.

Mrs. Ethel Mann gave the devotional thought entitled "Homemaker Hands"—guided by homemaker's heart.

Roll call was answered to—"If you could be anyone in history, who would you like to be?"

The president gave a report of the Council meeting and also reported on some of the future plans.

The January lesson was given by Mrs. Bess Hill.

The February lesson was presented by Mrs. John Shaw and Mrs. Harold Nitschke.

A covered dish dinner was en-

joyed after which the birthdays for January were recognized with "Happy Birthday" and a gift given.

Get well cards were signed by members for Mrs. Marie Rich, hospitalized at the Jewish Hospital. They wish her a speedy recovery.

Those present were—Mesdames

Victor Damico, Chalmers Ballinger, H. L. Faulkner, George Fimell, Bess Hill, John Herron, Ethel Mann, Harold Nitschke, Lathan Wayman, L. J. Rapp, Lyda Reed, John Shaw, Morris Wharton, Edith Ware, Evelyn Harney, Nancy Brautigan and Miss Amy Brautigan.

WOULD YOU BELIEVE IT..

By: Sandy

You have to have a good product to withstand the competition and progress of the times. Inferior or mediocre ones will not suffice.

The automobile is a good example of the stiff competition that manufacturers have had to face and are still facing, in order to survive. Though it would seem quite ridiculous, in this day and age when we compare the present automobile with those of yesterday, that steam cars and gas cars, were at one time strong competitors. We could list at least 125 makes of the steam type automobile which were once manufactured in the United States, which of these, not a single one is made today.

Dependability is one of the many reasons why G & G TIRE COMPANY is the place to buy your tires. We cut your tire costs in half and also back up what we sell.

AGRICULTURE!

(Continued from Front Page)

materials. Farm use of steel supports 40,000 workers in the steel industry.

In fact, the things farmers buy, just for production purposes alone, create jobs for two million people. Another 8 to 10 million people have jobs storing, transporting, processing and merchandising agricultural products. This includes, over 300,000 employees and a payroll of \$2.4 billion workers engaged in meatpacking and poultry processing; 192,000 workers and a \$1.5 billion payroll in the dairy industry; 235,000 workers and a payroll of \$1.9 billion in the baking industry; 264,000 workers and a \$1.6 billion payroll in the canned goods and frozen foods industry; and 185,000 workers and a billion dollar payroll in the textile industry.

Church League Basketball Results

In the opening game Saturday night, Christian slipped by Piner 71-68. Ferguson led winners with 33 points. G. Palmer led Piner with 22 points.

In the second game Union defeated Walton Methodist in a nip-nuck game 58-56. Grover Hatton led Union with 25 points, Strong led the losers with 16.

In the last game of the evening, Walton Baptist trounced the Hickory Grove Baptist team 117 to 59. Poore led winners with 49 points, McCubbin added 27 to the total; R. Boten led losers with 22.

Attendance at the ball games has been down somewhat this year. You are urged to attend and support your team in the final weeks of the season.

Elsmere Fire Department Open House; Demonstration

The Elsmere Fire Department Life Squad invites area residents to an Open House, Sunday, Feb. 17, 2:00 to 6:00 p.m. This is one of many Greater Cincinnati area life squads participating in this community outreach program coordinated by the Cincinnati Area Red Cross, to educate the public on how to help themselves if an accident occurs. Life saving equipment will be shown as well as life saving demonstrations.

The life squad Open House and demonstrations are in conjunction with the showing on Cincinnati's WCET-TV, Channel 48, of a half-hour documentary on Trauma, one of "The Killers" nationwide TV series about staying alive. The program is being sponsored here by the Drackett Company.

To find out more about how you can combat this killer, be sure to watch "Trauma" on WCET-48, Saturday, Feb. 16, 10:00 p.m.

The Open House will be held at the Fire House on Garvey Ave.

ENTERTAIN IN NEW HOME

Mr. and Mrs. Thomas Rodney were guests Saturday evening in the recently completed lovely home of Dr. and Mrs. Albert G. Izquierdo of Country Squire Estates, Crescent Springs, Ky., who entertained in appreciation to the men who constructed the home and to the builder.

Those also who attended a very enjoyable evening were Mr. and Mrs. Math Toebben, Mr. and Mrs. Rudolph Polthaben and other employees of Mr. Toebben.

Large Land Purchase

Midwest Land Development Co. has purchased 97 acres of land along Beaver-Richwood Road in Southern Boone County.

The company has option to buy an additional 142 acres in the area which will run from Richwood to Frogtown Road.

Members of the corporation are Dudley Farrell, a Cincinnati developer; R. C. Durr, Nicholas, a contractor; and Don Conrad of WACO Oil and Refining Co. in Covington.

The land was reported purchased from Lawrence B. and Martha Lee Gallenstein for \$156,000.

Piner PTA To Meet

The Piner PTA will meet Thursday, Feb. 21 at 7:30 p.m. at Piner Elementary School. The program will be observing Founders Day.

The Boy Scouts and Cub Scouts will present a program. Baby sitting will be available for pre-schoolers.

Keen-Agers Meet Monday

The Keen-Age group of retired residents of the Walton community will have their regular monthly meeting on Monday, February 18 in Walton First Baptist Church fellowship hall.

A covered dish luncheon starts at 11:00 a.m. All retired persons are welcome.

Shrine Burns Institute License Plate Drive

Old license plates are just "like finding gold" if you drop them at your favorite gas station instead of throwing them away.

The Northern Kentucky Shrine Club is working with the Gasoline Dealer Association and it is their goal to make everyone conscious of what the old auto tag can do when sold for scrap. The gasoline dealers will collect tags at all stations and the entire proceeds will be given to the Cincinnati Shrine Burns Hospital.

Members of the Kentucky Shrine Club have displayed signs at all issuing offices and in local gas stations. Kentucky plates must be displayed for 1974 by March 1 and the collection drive will continue until March 15. The Cincinnati Shrine Burns Hospital is totally charitable and caters only to children under 15 whose parents are unable to pay for their care. It is for all children regardless of religion, race or creed.

Kentucky residents are urged to contribute their old auto tags by dropping them at their favorite gas station. The old plates then become a "License To Heal."

Some places use more energy!

Even with 24-hour use, you can save electric energy and money in operating your refrigerator and freezer.

The right size unit for your family is important, of course. So is location. A refrigerator located right next to heating equipment, or in direct sunlight.... has to work harder and cost more. Be sure there are no air leaks through faulty seals around doors. And don't put hot foods into your refrigerator or freezer.

Electricity is too good to waste!

Dear Sir:

Would you please change our apartment number to the same as indicated on our return address. We really enjoy reading the Walton Advertiser down here in Texas.

—Many thanks,
Everett Miller,
Waco, Texas.

—DEATHS—

MRS. ANNIE LEE SUTTON JOCKEY, 89, of Miami Springs, Florida, formerly of Walton, died Monday, February 4 at 2:00 a.m. at the age of 85.

Mrs. Jockey was a charter member of the Walton Eastern Star and a long time resident of the Walton community.

Her husband, Frank, passed away in 1949. He was a WWI veteran and a Masonic member.

She is survived by a daughter, Mrs. Mary Elizabeth Thompson with whom she lived.

Also surviving are 11 grandchildren and 33 great-grandchildren; a brother and sister of Memphis, Tennessee.

Services were held February 7 at 2:00 p.m. at Chambers and Grubbs Funeral Home.

She was buried at Richmond Presbyterian Cemetery.

—

MISS MARY L. RENSLE, 77, St. Charles Nursing Home, formerly of Walton, died at 6:00 p.m. Friday, February 8, at the Nursing Home.

She was an active member of the Walton Christian Church for many years. She served in various departments and sang in the church choir.

She was employed as bookkeeper and secretary for Community Public Service Company.

She is survived by two sisters, Mrs. J. C. Gordon, Delran, New Jersey; and Mrs. J. B. Doan of Walton, Ky.; three nieces, Mrs. R. E. Kessler, Mrs. Richard D. Genger and Mrs. Leonard Mauney.

Services were held at 1:30 on Tuesday at Chambers and Grubbs Funeral Home.

—

GEORGE L. (Dodie) CLIFTON, 52, of Porter Road, Verona, died of an apparent heart attack at 4:00 a.m. Sunday at home.

He was a mechanic for Stephenson Brothers Trucking Company, Walton.

During WWII he served in the European, Middle East and African theatres where he was awarded the Purple Heart, two bronze medals and other decorations. He was a member of Johnson-McElroy Post 277, American Legion, Walton.

Survivors are his wife, Clarine; a daughter, Stella Sue at home; sons, David Wayne of Bromley; George Lee Jr., and Raymond Lewis Clifton at home; sisters, Mrs. Elizabeth Reed and Mrs. Sarah Hodges, Walton; 3 grandchildren.

Services were at 2:00 Tuesday at Hamilton Funeral Home in Verona.

BEAVER LICK NEWS

Well, 'Ole Man Winter is still hanging on, and so far no snow, except just flurries. Most everyone is delighted to be without it.

Most all the sick are again out of hospitals and back home.

Mr. and Mrs. Gene Stephenson and son and Mabel Rosenstiel visited Sandy and Gary Light last Saturday in Morehead. They also visited Dr. Charles Derrickson and family while there.

Everyone was deeply saddened to hear of the death of one of Beaver's prominent citizens, Rawleigh Shepherd, and we all wish to extend our deepest sympathy to the bereaved family. May God bless them.

The gas situation seems to be

getting worse. Let's all pray there will be none kept from going to church on the account of it.

Edward Kennedy caught a good fall on the ice, gave him a hard jolt.

Mrs. Josie Crouch hasn't been feeling up to par the past week. We believe she should make a visit to her doctor for medication.

Read your local newspaper, the Walton Advertiser.

—

Albert Rosenstiel is so much improved. He has been seen out on his tractor in the fields hauling manure. As we all know—"He that waiteth upon the Lord shall receive his strength."

VICTORIOUS IN DEATH — Lesson For Feb. 17

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(JOHN 19:17-22, 28-30)
An old preacher who had lived on the Western prairies used an illustration that carried home a gospel truth. He told of the frequent prairie fires where he lived. He related how the Indians learned to save their wigwams from the fire. They would set fire to the dry grass immediately surrounding them. The old preacher would cry out, "The fire cannot come where the fire has already been." In this graphic manner, he brought his people to the Cross of Christ. Here judgement had fallen and for those who would take their stand at the Cross, it could never come again. Those who find peace at the Cross will never come into condemnation. They have passed from death unto life. They are forever at perfect peace in God's safety zone!

What appeared to be Satan's greatest victory turned out to be the Saviour's greatest triumph.

Today's lesson concerns the death of God's Son, Jesus takes us to the place of His death.

THE PLACE

The shameful scourging of Jesus took place between 6:00 a.m. and 9:00 a.m. Following such a scourging, Jesus would naturally be weak from the loss of blood. It was the custom of the time for the condemned criminal to bear his own Jesus fell beneath His Cross. It is assumed that this is so because

Matthew, Mark and Luke tell us that Simon of Cyrene was compelled to carry the cross for Jesus. John tells us that the crucifixion took place at a site called the place of a skull. This place was called Golgotha in the language of the Hebrews. It may have received its name because it was a place of public executions. It could be that the place had somewhat of a skull-looking appearance. The fact is that no one really knows where the place is located. The things that really counts is that the crucifixion did take place. Jesus did die on the Cross and His death was for the sins of the whole world.

At Golgotha they crucified Jesus. This method of execution was used by the Phoenicians and by the Persians. The Romans saw in it a way to keep their subjects in subjection. They robbers were crucified with Jesus. One on His right and one on His left.

It was also the custom of the time to place on the cross of a criminal the charge for which he was dying. The next verses identify the person who was being crucified.

THE PERSON

The sign on the Cross of Jesus read: JESUS OF NAZARETH THE KING OF THE JEWS. John alone calls this "a title." Mark and Luke call it "a superscription."

Matthew refers to it as the "accusation." This title was written in Hebrew, Greek and Latin. These were the languages of the people who would be in Jerusalem during the Passover Feast. Since Jesus was crucified "near the city," many would be passing by and reading it. Pilate, no doubt, wrote these words to aggravate the Jews. To Pilate this was some joke on the Jews, but it surely speaks far more truth than he intended.

The crucified One was Jesus (Hebrew is Joshua—Deliverer.) He was the Son of God who had become man and lived many years in Nazareth. He was the King of the Jews. He was not the kind of king the Jews had in mind, but their King. He came to be. They refused and rejected Him and in so doing they turned away the "King of Kings and Lord of Lords."

The chief priests probably suspected that in this title Pilate meant to poke fun at them rather than at Jesus. They requested Pilate to change the title to read, "He said, I am King of the Jews." Pilate stands his ground with the Jews this time. His reply emphasizes the permanence of the record. What he has written will stand as written.

THE PURPOSE

Though quite some time has passed since Jesus was fastened to the Cross, He is still conscious. He knows why He is dying. He is fully aware of the purpose of His atoning death.

Dr. A. T. Robertson says concerning the thirst of Jesus on the Cross: "Thirst is one of the severest agonies of crucifixion."

The offering of vinegar was probably a slight attempt on the part of the soldiers to help relieve the awful thirst. This vessel full of vinegar was set there for this purpose. The word for "vinegar" means a cheap, sour wine, mixed with water. "Sponge" refers to something close to our sponge. "Hyscop" was a plant or reed used in the Passover celebration.

Having received the vinegar, He said, "It is finished." This was a shout of victory rather than a cry of defeat. He did not say this regarding His physical death except as His death is related to God's whole plan of redemption. Jesus lived on the Cross yet a little while. He said more after this according to the other writers. But God's plan of redemption was complete. All had been accomplished that could be or needed to be. The way was opened. God's love was shown. Sin was exposed. God's Son "bowed His head and gave up His Spirit." God's only Son had died for the sins of the world.

CORDIALLY INVITES YOU TO ATTEND ITS SERVICES

WIND OF FAITH

Old-timers used to rely on this mill. This mill used to depend on the right wind.

Despite man's most valiant efforts the wheel was frequently at a standstill. What then? Waiting, waiting, waiting! What patience they must have learned—only faith sustained them. The wind would blow again.

The patient life also requires a foundation of faith. It can come early or late, slowly or fast.

If you lack the necessary faith to fulfill your life's needs, turn to the Church. The wind will blow again.

REPORT . . . From The General Assembly

OIL AND GAS

There is a bill now in the Senate Committee on Public Utilities and Transportation which has created a lot of controversy. It is HB-64, a bill to regulate deep drilling for gas and oil, and to establish a new "oil and gas conservation com."

Although the bill had been considered at length by the joint interim committee (during 1973), the speed with which it moved through the house prompted suspicion that the "skids were greased."

The purpose of the bill is to promote a legal structure regarding deep-drilling which will promote new exploration for oil and gas in Kentucky, but which will protect the rights of landowners in the areas to be explored. The controversy occurs over the degree of this protection and the methods used to secure it.

Although oil and gas production

in Kentucky has actually declined in recent years, the geological make-up of the formations underlying the state is much the same as that in the big oil-producing states. It is believed, therefore, that oil and gas will be found, so there is an element of the energy deficit underlying the whole issue. You can be sure that 1 and other senators will be examining the evidence for and against this bill very carefully.

SALES TAX ON INSULIN

One of those "little bills" passed the Senate recently about which you probably heard little, if any, comment. It related to the sales tax on insulin, which is used extensively by persons having diabetes. All prescription medicines were exempted from the Kentucky Sales Tax by a bill passed during the 1970 session, although they had been taxed ever since the imposition of the tax in 1960. It appears that insulin is sold in different forms as both a prescription drug and as a non-prescription drug. It was the effect of this bill (SB-59) to exempt the non-prescription form in insulin from the tax also. This seemed a fair proposal to the members of the Senate, and the bill passed, 37-0.

SESSION HALF COMPLETED

About half of the 1974 session has been completed. Still before us, however, are major pieces of legislation which must be considered, as well as many smaller measures like the insulin bill. The Governor's Budget must still be examined by both houses. Changes in the penal code (passed in 1972 to be effective this year) are in process, including proposals to impose the death penalty under specific conditions.

There is legislation pending to regulate abortion within the restrictions imposed by the supreme court, as well as the Senate resolution asking the Congress for a constitutional amendment on the subject, which has not yet been voted on by the house.

The two major "No-Fault" auto insurance proposals are in committee, and if either is reported favorably, it must then pass both houses.

Your comments and questions are invited. Write to me—Clyde Middleton, Capitol Building, Frankfort, Kentucky 40601.

PTA Talent Show At White's Tower Elementary

The White's Tower PTA was recently entertained with a Talent Show. The program was presented to benefit the Red Cross Project, which was to fill 50 health kits to be used in hospitals, nursing homes, etc. in this area.

Master of ceremonies was Philip Click with Doug Garner in charge of curtains and Greg Allender on the lights.

Those performing were:

Skit—David Harris, Jeff Cahill and Philip Click;
Becky Simmons—vocalist;
Jay Hellman—Piano solo;
Mrs. Hiller First Grade—"Miss Mouse";
Lisa Coleman—tap dance;

Chawn and Charles Blanton—vocal and instrumental;
Vicki Schunder and Charles Chaney—vocal duet;

David Noem—violin solo;
Missy Chadwick—vocalist;
Cindy Daly—piano solo;
Cheerleaders—Pom-Pom dance;

Charles Bishop—trampoline act;
"Hill Billies"—Sean and Kelli Daugherty, Joy & Troy McKinley doing a pantomime;

Lori Stephens—tap dance;
Jean Nagle—piano solo;
Beverly Hubbs—vocalist;

"White's Tower Gleeclubsters"—a comedy act featuring Greg Spella, Karl Durden, Bobby Kieley, Greg Scott, Gary Rump, Mike Zornes, Allen Keith and Greg Shields;

Shelia Daly—piano solo;
Chris Schunder—instrumental solo;

Raggedy Ann and Andy Dance—Rhonda Hannon and Mandy Wayman;
Danny Nagle—piano solo; and
Angie Stevens—vocalist.

Employees Honored

Three from the Advertiser area will be among those honored on Friday, February 15, when Booth Memorial Hospital, Covington, pays tribute to its employees.

Mrs. Glenna Deaton, Florence, mother of three, will get a pin for ten years of service. A graduate of Knox Central High School in Barbourville, has spent her entire career at Booth.

Ten-year pins also will go to Frank Craven, Independence and Terry Smith of Florence.

Mrs. Nancy Kenner, Walton, gets a five-year pin. Similar awards go to Mrs. Dorothy Beemon and Mrs. Margaret Tanner, both of Florence.

In all, 28 Booth workers with 25 years of service will receive tribute.

Included are two with 20 years on the staff, James Kenner, chief engineer of Falmouth, and Mrs. Olive Retschulte, nurse, Erlanger.

COUNCIL DELAYS SEWER ACTION; PLANS SPECIAL MEETING FEBRUARY 19th

At the regularly scheduled monthly meeting on February 12, the Walton City Council deferred most items of business until February 19. As all the easements necessary on the sewer project were not in, they planned to have a special meeting on Tuesday of this week to advertise for bids on the project. Councilman Roscoe Denny conducted the meeting in the absence of Mayor Sam Gamble. All other members were present. Dan Roberts and Gordon Mullins of the State Planning and Zoning Economics Development Department gave some interesting information to Council to consider regarding building codes when the sewer project is finally a reality. Further assistance by this state agency is yet to be determined.

Injured In Wreck

James Robert (Jimmy) Shields was seriously injured just before three o'clock Sunday morning as his '65 Plymouth went out of control and overturned.

He was traveling north on U.S. 25 when the auto went over an embankment into some trees at the Boone-Kenton line.

Shields, 22, is the son of Mr. and Mrs. Robert Shields of Old Lexington Pike.

Jim received multiple cuts and bruises about the head which requires a large number of stitches, plus a broken left thumb.

He was taken to St. Elizabeth Hospital by the Walton Life Squad. Mr. Shields is a student at EKV where he was on the Dean's list last semester.

Wedding Is Saturday

The wedding of Miss Betty J. Smith, daughter of Mr. and Mrs. Ray Smith of Independence, Ky., and Mr. William L. Clinkensbeard, son of Mr. and Mrs. William Clinkensbeard of Walton, Ky., will be solemnized Saturday evening, Feb. 23, 1974, 7:30 p.m. at the Walton Baptist Church. The public is invited. A reception will be in the Fellowship Hall.

Walton-Verona DECA Contest Winners

WALTON-VERONA HIGH SCHOOL Distributive Education Chapter of America was well represented at the Regional DECA Contests held at Northern Kentucky State College. The Walton-Verona DECA Chapter entered seven contests and brought home four winning trophies. The parliamentary procedure team won first place in the region; a second place trophy in window display; and third place trophies in Public Speaking and Show Card Lettering.

Homecoming Game

The last home ball game of the season will be Friday night as the Bearcats take on Covington Latin. This will also be "Homecoming Night."

Friday night's game will be the last varsity ball game in the present gymnasium as the Bearcats will move to the new gym for the 1974-1975 season. The new 1500-seat facility is now under construction.

WIN AGAINST WILLIAMSTOWN

The Bearcats nipped Williamstown Demons on Tuesday of last week by a score of 80-68.

Williamstown held a 5 point lead early in the fourth quarter but the Cats pulled away and led by as many as 15 points.

James Dixon and Kenny Rich did most of W-V's scoring. Rich ended the game with 23 points, followed by Dixon with 20. Other scoring for the locals was Spicer, 12; Foley, 8; Mosley, 7; Tungate, 6 and Williams, 4.

BOONE COUNTY 106-78

The Boone County Rebels had little trouble defeating the Bearcats Saturday night by a score of 106-78.

The visiting Rebels pulled away in the third quarter with W-V having several turnovers.

Lenny Spicer led all scorers with 24 points. He was followed by K. Rich with 23, Dixon, 10; Tungate, 7; Mosley, Foley and Albers 4 each; and Williams 2.

McVey led the Rebels with 17.

World Day Of Prayer.

Walton Christian Church will be the site for World Day of Prayer observance in this area.

Walton United Methodist Church will be in charge of the program which will take place Friday, March 1, at 7:30 p.m.

Several churches will participate in the program.

Miss Jennie Flood, who is a home missionary and community worker in Covington, will be the speaker.

Host Day Of Prayer Program

Florence United Methodist Church will be the site for "World Day of Prayer" in the tri-city area.

Church women in outlying areas are invited to attend the observance which will take place on Friday, March 1 at 7:45 p.m.

Co-chairmen will be Mrs. Clyde Middleton and Mrs. Robert Weir. Mrs. Martha Daugherty will be in charge of arrangements and Mrs. Charles Crane and the women of St. Paul's Catholic Church will be in charge of the refreshments.

Kindergarten Classes

Union Presbyterian Church, on Route 42 in Union, announces a morning kindergarten for the school year 1974-1975. The church facilities are ideal for classes, with room for music and physical coordination activities. The class will be taught by certified instructors.

Calls for registration are being taken now by Marilyn Hopper, 384-3925, and Lois Lambers, 384-3774. A \$10-registration fee is being charged, and the monthly tuition will be \$25.

If there is enough interest expressed, a nursery school program may be developed.

Verona Auxiliary Dinner

A spaghetti supper is being sponsored by the Ladies Auxiliary of Verona Fire Department on February 23 at the Verona School from 6:00 to 8:30 p.m.

The menu is—spaghetti, salad, homemade bread, pie coffee and or tea.

MIDDLETON SPONSORS MANY SENATE BILLS

Senator Clyde Middleton, Republican of Ft. Mitchell, has sponsored several key bills during this session of the General Assembly.

Sen. Middleton, an insurance agent, serves on the Education Committee, the Health and Welfare Committee and the Highway and Traffic Safety Committee. Among

the bills he has sponsored are: "SB 17, which would allow either parent to sign the application of a minor for his driver's license or instruction permit. Previously, the mother could not sign unless the father was deceased."

"SB 18, which relates to year-round school operation through selection of three school districts for experimental operation and an additional three for similar study. The evaluation would be reported to the legislature to determine the feasibility of a widespread program."

"SB 70, which would release parents of mental patients from liability for their care and treatment when they become 18, rather than 21."

"SB 102, relating to "no-fault" insurance. All motorist would be required to have insurance coverage for their passengers, and themselves for up to \$10,000 in benefits."

"Public Employee's Collective Bargaining. Probably the most hotly debated issue of this session centers around House Bill 50, the bill providing mandatory collective bargaining for public employees. It had its roots in the "Professional Negotiation" (PNO) bills of 1968, 1970 and 1972 sessions sponsored by the Kentucky Education Association. A PN bill was finally passed by substantial margins during the 1972 session, but vetoed by Gov. Ford (after the legislature had adjourned). Now, the bill covers not only public school teachers, but all employees of city, county and state governments and other taxing districts. While this broader coverage has united the varied proponents of the bill, it has also united the opposites to it. The bill contains different provisions, also, in that it specifies binding arbitration in the bargaining process whenever the two (or more) parties to the negotiations cannot reach agreement. Under the PN bill of 1972, the final decision would have been returned to the administrative agency (the school board) after recommendations had been made by a fact-finding panel.

At this time, the fate of HB-50 in the legislature is difficult to predict, but the rumors around the capitol suggest that the governor will veto the bill in its present form."

"Heart Fund Chairman. Mrs. Phillip Ferrante has been appointed as General Chairman for the 1974 Heart Fund Drive in Boone County."

Dr. Fred Metzger, who previously headed the Heart Fund Drive has been appointed as advisor to Mrs. Ferrante. Her other officers are Art Tanner, treasurer; Mrs. Charles Whalen, memorial gifts; Virgil Yeager, corporate gifts; and Mrs. Fred Warren, Jr., publicity.

The community chairman are: Florence Heart Fund Sunday chr., John Pierce; Florence Apartment chr., Kewmar Taybi; Florence Business chr., Carl Beckner; Airport chr., Richard Kuckler; the Beaver area, Mr. O. Klock; Bellevue-Grant, Mrs. Allen Burham; Big Bone-Hamilton, Mrs. Melvin Howell; Bullsittville, Mrs. Larry Benne; Burlington, Mrs. A. C. Malapelli; Constance-Taylor's part, Mrs. Virgil Souder; Devron, Billie Beck; Hopeful Heights, Ed Shelton; Petersburg, Mrs. R. O. Smith; Union, Mrs. Franklin Blank.

The Walton and Verona areas of the 1974 Heart Fund will be done by the Wa-Ne Club, the Library Club, the Big-N-Spur 4-H Club and other volunteer workers.

Mrs. Ferrante is hopeful and optimistic that this year's total will surpass that of 1973.

"JOHN KIWANIS CLUB. Robert E. Carter, son of Mr. and Mrs. George R. Carter of Independence, has become a member of Mariemont Kiwanis Club. He is employed by the Fairfax branch of Southern Ohio Bank.

"Directing the activities of the Simon Kenton FFA chapter is John I. Gray of Moffett Road. Mr. Gray has been advisor and teacher for this vocational chapter for more than 30 years.

"During this course of time, he has had the pleasure of teaching two generations of Kenton County youth who planned a vocation in farming.

"He has accompanied the boys to regional, state and national meetings and has seen many students and groups walk away from contests with first place honors.

"Mr. Gray, a senior staff member of Simon Kenton High School, is proud of the accomplishments of his students, many of whom are now leaders in various fields in northern Kentucky.

"John is also active in several county and community affairs and takes an active role in his church work at Walton United Methodist.

"Homecoming Dance. The Walton-Verona Sophomore Class is sponsoring a dance after the Homecoming Game on the 22nd of February.

"It will be from 10:00 until 12:30. The band featured will be Hobby Horse Revolt.

"Admission is \$1.50. The event is open to Walton-Verona students, faculty, alumni and their dates only.

"4-H Club Paper Drive. The Bit-N-Spur 4-H Club is sponsoring a paper drive on Saturday, March 2 from 10:00 a.m. to 2:00 p.m.

"If you have papers to be picked up, leave them on your porch by 10:00 a.m. or call these numbers: Mrs. Campbell, 485-7265; Debbie Ryan, 485-4261. Club members will greatly appreciate your help.

"Record Counterfeiting Bill Proposed by McBee. Representative William McBee, Burlington, has introduced a bill that would prohibit the duplication of a record, tape, wire, or film for the purpose of sale or distribution.

Rep. McBee said that this bill was designed to stop counterfeit recordings. Anyone not making duplicate recordings of songs already recorded and then selling them as originals.

This procedure allows people with recording machines to make money off original artist tapes and records without the consent of the artist. "In essence it is a form of bootlegging," he said.

McBee said that anyone can make a duplicate recording from a record or tape, put a counterfeit label on it, sell it a cheaper price and make a great deal of money without the artist being paid anything.

The Boone County Representative added that states surrounding Kentucky have passed laws prohibiting this counterfeiting practice. If HB 376 is passed the State Police could even destroy any recording equipment being used to violate this law.

"JOHN KIWANIS CLUB. Robert E. Carter, son of Mr. and Mrs. George R. Carter of Independence, has become a member of Mariemont Kiwanis Club. He is employed by the Fairfax branch of Southern Ohio Bank.

KENTUCKY FFA CENTER DEVELOPS TOMORROW'S AGRICULTURE LEADERSHIP

The Kentucky FFA Leadership Training Center at Hardinsburg provides an opportunity for FFA members to develop leadership. The FFA Leadership Training Center program for Kentucky youth studying vocational agriculture was established in 1936.

The facilities, valued at nearly one million dollars, accommodates 250-300 FFA members and their advisors. Twenty cottages and a large dining room provide accommodations for chapter groups while in attendance. Classrooms, assembly rooms, and recreational areas, including swimming pool and lake, complete the complex and provide excellent facilities for the program.

The program of leadership training at the Center is designed to include both leadership training and recreational activities under the supervision of a competent staff and teachers of agriculture who accompany FFA members to the Center. Duties and responsibilities of chapter officers are stressed in class sessions for each officer. The classes are taught by teachers of agriculture and members of the Center's staff. Emphasis is placed on a chapter program of activities. Many chapters complete their program of activities while others make plans for carrying out planned activities. An hour each day is set aside for chapters to work on plans for activities that are to be carried out during the coming year. Plans are made in light of accomplishments during the past year.

The program is supplemented by special interest classes in such areas as boating, beginner swimming, hunter safety, water safety, forestry, and photography. Competitive athletic events and educational night programs complete the five-day session.

About 60% of the FFA chapters in Kentucky participate in the program at the Center each year, including Simon Kenton and Walton-Verona.

The FFA is vital to the vocational agriculture program. During the week of February 16-23 the 14,658 Kentucky FFA members are joining the members of other states in celebration of NATIONAL FFA WEEK. Activities promoted and carried on for leadership development, citizenship training and agricultural proficiency programs are preparing youth, "FOR TOMORROW'S AGRICULTURE."

SEATBELTS ARE PEOPLE STOPPERS

When an auto stops suddenly in a collision, or emergency, the people inside keep going with tremendous force. What stops them? The windshield, steering wheel, dash, all too often with tragic results.

But seatbelts stop people, too—safely. With your seatbelt fastened you stay put when your car stops suddenly.

Seatbelts are the best people stoppers!

Maverick 4-H Horse And Pony Club Elects

The Maverick 4-H Horse and Pony Club met at the home of leader Paula Dunn. Fifteen members answered roll call.

Members discussed the 4-H club rules, made plans for a club banquet in February, a swimming party in March and how to raise money for the club.

Club officers for 1974 are—Sherry Williamson, president; Todd Stephenson, vice president; Billie Sue Napier, secretary; Steve Cauthern, treasurer; Donna Ryan, reporter; Kristen Brown, pledge leader.

Last month they had an ice skating party and went to Kristen Brown's home for a party afterwards.

Any boy or girl 9 to 19 interested in joining a 4-H club can contact Sherry Williamson at 384-3281 or Paula Dunn, 485-8650.

—Donna Jo Ryan, Rep.

Art Of Breastfeeding

The LaLeche League of Northern Kentucky (Boone and Kenton Counties) will meet February 28 at 8:00 p.m. in the home of Mrs. Bev Dirksling. The topic to be discussed is "Art of Breastfeeding" and Overcoming Difficulties.

For more info, call 371-9945.

Read your local newspaper, the Walton Advertiser.

ORDINANCE NO. 1 — 1974

AN ORDINANCE AUTHORIZING NEGOTIATION AND PROCUREMENT OF A LOAN TO BRING THE MUNICIPAL SEWER FUND FOR THE SEWER PROJECT TO A BALANCE OF \$190,000, REPRESENTING A LOAN OF APPROXIMATELY \$52,000.00.

WHEREAS, the City of Walton being desirous of obtaining financing for its sewer project, and

WHEREAS, a ninety (90) day time limit has been placed upon the City to begin construction on said sewer system, and

WHEREAS, it being necessary, prior to advertising for bids, that a balance of \$190,000.00 be present in the Municipal Sewer Fund, and

WHEREAS, at present said fund is approximately \$52,000.00 short; NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY:

SECTION I

That the finance committee is hereby authorized and ordered to negotiate with the Dixie State Bank a loan in an amount sufficient to bring the tap in fee fund of the Municipal Sewer Fund to a balance of \$190,000.00, said loan being in the approximate amount, and a maximum of \$52,000.00.

SECTION II

That upon successful negotiation of said loan, the Mayor and City Clerk are hereby authorized and ordered to sign all notes and other evidences of indebtedness to bring about the loan of a maximum of \$52,000.00 for the tap in fee fund on the Municipal Sewer Fund.

SECTION III

This Ordinance shall be in full force and effect when passed as required by law.

DONE at Walton, Kentucky on this 12th day of February, 1974.

Attest:
/s/ ANNA MAE SIMPSON
City Clerk
(Published February 21, 1974).

RESOLUTION NO. 1 — 1974

A RESOLUTION AUTHORIZING NEGOTIATION AND PROCUREMENT OF A LOAN TO BRING THE MUNICIPAL SEWER FUND FOR THE SEWER PROJECT TO A BALANCE OF \$190,000, REPRESENTING A LOAN OF APPROXIMATELY \$52,000.00.

WHEREAS, the City of Walton being desirous of obtaining financing for its sewer project, and

WHEREAS, a ninety (90) days time limit has been placed upon the City to begin construction on said sewer system, and

WHEREAS, it being necessary, prior to advertising for bids, that a balance of \$190,000.00 be present in the Municipal Sewer Fund, and

WHEREAS, at present said fund is approximately \$52,000.00 short; NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY:

SECTION I

That the finance committee is hereby authorized and ordered to negotiate with the Dixie State Bank a loan in an amount sufficient to bring the tap in fee fund of the Municipal Sewer Fund to a balance of \$190,000.00, said loan being in the approximate amount, and maximum of \$52,000.00.

SECTION II

That upon successful negotiation of said loan, the Mayor and City Clerk are hereby authorized and ordered to sign all notes and other evidences of indebtedness to bring about the loan of a maximum of \$52,000.00 for the tap in fee fund on the Municipal Sewer Fund.

SECTION III

This Resolution shall be in full force and effect when passed as required by law.

DONE at Walton, Kentucky on this 31st day of January, 1974.

Attest:
/s/ ANNA MAE SIMPSON
City Clerk
(Published February 21, 1974).

ORDINANCE NO. 2 — 1974

AN ORDINANCE AUTHORIZING PAYMENT OF \$3,485.00 TO JOHN HARTMAN FOR HIS PAST SERVICES.

WHEREAS, the City of Walton desiring to bring to a conclusion of the sewer project, and

WHEREAS, John Hartman has served a retaining lien on all papers and has refused to perform further services until his past due fee of \$3,485.00 has been paid, and

WHEREAS, John Hartman has in his possession all papers pertaining to the sewer project, and

WHEREAS, a time limit of ninety (90) days has been placed upon the City to obtain financing, advertised for bids, let bids and begin construction;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY:

SECTION I

That the Mayor and City Clerk are hereby authorized and ordered to pay to John Hartman the sum of \$3,485.00 for services rendered during the past year for his submitted bill.

SECTION II

This Ordinance shall be in full force and effect when passed and published as required by law.

DONE this 12th day of February, 1974.

Attest:
/s/ ANNA MAE SIMPSON
City Clerk
(Published February 21, 1974).

ORDINANCE NO. 4 — 1974

AN ORDINANCE RETAINING WILBUR M. ZEVELY AS ATTORNEY TO REPRESENT THE CITY OF WALTON.

WHEREAS, the Honorable John Hartman, past City Attorney has resigned, and

WHEREAS, the City is in need of an Attorney to perform legal services, and

WHEREAS, there being no Attorney, residing in the City of Walton, desiring to have said job;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY:

SECTION I

That Wilbur M. Zevely is hereby retained to represent the City of Walton, Boone County, Kentucky.

SECTION II

That the Mayor and the City Clerk are hereby ordered and authorized to enter into a Contract with Wilbur M. Zevely to represent the City.

SECTION III

That said representation is to be on a month to month basis at a salary of \$150.00 per month, to include his attendance at the first part of one (1) regular city council meeting per month and preparation, research and drafting of routine, city resolutions and ordinances.

That extra-ordinary services rendered by Wilbur M. Zevely on behalf of the City, will be billed monthly to the City on an hourly basis at the rate of \$25.00 per hour.

SECTION IV

Wilbur M. Zevely's representation of the City is to be effective from the 23rd day of January, 1974 and the Contract shall so reflect.

SECTION V

This Ordinance shall be in full force and effect, when passed and published by law.

DONE at Walton, Kentucky, this 12th day of February, 1974.

Attest:
/s/ ANNA MAE SIMPSON
City Clerk

/s/ SAM GAMBLE
MAYOR
(Published February 21, 1974).

Heart Attack Early Warning Signs May Come To Patient In Many Body Areas

(This is the last of eight articles about the EARLY WARNING SIGNS of heart attack.)

"EARLY ATTENTION CAN MEAN PREVENTION".
Heart attacks just don't happen, they develop.

How well is the Early Warning Signs program working? How well is it heading off heart attacks before they develop into disabling or fatal episodes?

Surveys of 150 heart patients at one hospital, before and after the program began, show that reaction time has been almost cut in half. Average time from onset of symptoms to starting to the hospital dropped from 13 3/4 hrs. to 7 3/5 hours.

At the same hospital, the number of heart patients increased significantly after the program started compared to a similar period before the program.

These factors—shortened patient reaction time, more patients and a greater number who arrived at a hospital before the heart attack fully develops—must surely mean that many lives have been saved in just this 18-county area.

Modest cost of the program, the committee member said, is more than offset by savings for society through the earning power of patients saved from a disabling or fatal heart attack.

As an added dividend, Heart Fund contributions in the 18-county area rose from \$62,363 in the year before the education program began to \$90,500 in the ensuing year, an increase of \$28,137 or 45.1%.

The study shows that the education program has had a number of beneficial results:

Improvement of ambulance service; more prompt and effective emergency room treatment; better facilities for subsequent care; improved ability of health professionals to recognize early warning signs, so that nurses and reception-

ists, for instance, can expedite emergency calls.

The project lists the warning signs as pressure, fullness, squeezing or aching in the center of the chest, where the heart is located; in the arm, neck, jaw, back; or upper abdomen, with possible shortness of breath, sweating and or nausea or vomiting.

Recognition of, and reaction to, these symptoms can fulfill a slogan: "Early attention can mean prevention."

For ambulance service in the Kenton area, call 356-2106.

LEGAL NOTICE --

The City Council of the City of Walton, Ky. will meet at night of construction of Water Main Extension on Ky. 14 & Ky. 16 Feb. 23, 1974 at 10 a.m. to inspect said construction. Owners of the abutting properties and other interested parties and other parties are hereby notified of said inspection and may be heard at that time.

PTA Meets Tonight

White's Tower PTA will meet Thursday evening, February 21 at 7:30 in the school.
Founders Day Chairmen, Mrs. William Schunder and Mrs. Dan Nagle will be in charge of honoring past presidents with a Silver Tea. A Life Membership will be presented. Babysitting will be provided.

TURKEY DINNER

Mr. and Mrs. Woodrow Greene entertained Tuesday evening with a "turkey dinner" in honor of their granddaughter, Rhonda Robinson's birthday. Those enjoying the occasion were Mr. and Mrs. Jim Ellis and boys of Erlanger, Mr. and Mrs. Larry Greene and girls of Florence plus Mr. and Mrs. Ron Harper and family and Andrew Henry.

IN THE HOSPITAL

Gertrude Webster of U.S. 25 near Crittenden is in St. Elizabeth Hospital for tests and x-rays.

Airman McGeehe Graduates

Airman Roger D. McGeehe, son of Mr. and Mrs. Dale H. McGeehe of 6068 Martin Rd., Independence, has graduated at Sheppard AFB, Texas, from the U.S. Air Force communications equipment repairman course conducted by the Air Training Command.

The airman, who learned to install and repair teletypewriter and communications machines, is being assigned to Vandenberg AFB, California for duty with a unit of the Strategic Air Command.

Airman McGeehe, a 1971 graduate of Simon Kenton High School, attended Northern Kentucky State College.

His wife, Maureen, is the daughter of Mr. and Mrs. William Harrison of 707 Stephenson Road, Independence.

BE ALERT! STAY ALIVE!

Wa-Na Club Meets

The Wa-Na Woman's Club met February 7 in the home of Mrs. Asa Rouse.

The program was by Monsignor Hellman, who is a board member of the Northern Kentucky Comprehensive Care Center, and a board member of the mental health association of northern Kentucky. Also, he has been on the administrative staff of the Diocese of Covington. He showed a film "Only Human" which demonstrated various emotional problems in different people. He stressed the fact that a person has to like himself in order to function properly. Personality quirks don't necessarily mean mental disorder.

An appropriate spiritual guidance was given by Mrs. Chester, Sturgeon. The title was "Be The Best of Whatever You Are."

Mrs. Asa Rouse presided during the business meeting. Discussion was made about collecting money for the Heart Fund.

Members voted to donate to the "Neurology Fellowship Fund." The new plates, "Portraits In Liberty" are for sale. New samples of Britte of America place-mats, notes, etc., were shown.

President Rouse appointed a committee to select officers for the next club year.

Refreshments were served by Mrs. Rouse and co-hostess Mrs. Daniel Hance to: Miss Joella Sleet, Miss Amy Rouse, Mesdames Anna Leake, Bess Vance, Elmer Groger, Jack Norris, Ernie Lauterwasser, Jerry Treadway, Jack Rouse, Dave Peebles, Willie Mathis, Jr., Malcolm Simpson, Chester Sturgeon, Daniel Hance, Wally Wireman, Gayle McElroy, Robert Slayback and George Black.

CARD OF THANKS

The family of MARY RENSLER would like to extend thanks to everyone who contributed in any way during her long illness and death.

—ESTELLE GORDON and LUCIA DOAN.

CARD OF THANKS—

We would like to thank everyone that was so kind and thoughtful of us in the passing of our dear sister and mother.

MRS. MAYME COLE
—Son, CHARLES SHEETS,
—Sister, NELLIE FULTON,
—Brother, EVERETT MISKELL,
—GRANDCHILDREN. 1tc

WALTON LOCALS

James O. Dudgeon spent several days with his mother and stepfather, attending the funeral of his aunt, Mrs. Cole.

Mr. and Mrs. Jerry Steves and son, Brian Clay of Lexington were weekend guests of their parents, Mr. and Mrs. Henry Steves of Florence and Mr. and Mrs. Goe. Brooks of Walton.

Charles Sheets of California is spending a few days with his aunt, Mr. and Mrs. Hugh Fulton.

Miss Rhonda Robinson celebrated her 13th birthday on Friday evening by having a pajama party. Those helping to celebrate were Margaret Ryan, Paula and Edie Goodhue of Erlanger, Mary Ann McLoney, Lee Ann Acree and Tammy Hunley.

Mrs. Louise Rouse, Mrs. Lillian Acree, Mrs. Robert Horn, Mrs. Bill Kreckler and Mrs. Phil Havard were recent callers in the Hugh Fulton home.

Andrew Henry of Cincinnati is visiting with Mr. and Mrs. W. W. Greene.

Staffordsburg

We are glad to hear Marie Rich returned home Wednesday from the hospital after having hip surgery and is doing fine and using a walker.

Sorry to hear Mary Rich has a broken hip and is in the hospital. Mrs. Ace Butler is quite ill after having surgery last week.

Mr. and Mrs. Ronald Losey spent last Sunday with her parents, Mr. and Mrs. John Sayle of Owenlon.

Governor Wendell Ford and the governor's council on agriculture invited 'ASC officers to a state-wide symposium on Kentucky Agricultural Potentials Wednesday, February 13. Chester and Gloria Ballinger attended. Gov. Ford introduced Mr. Earl L. Butz, Secretary of Agriculture as speaker at the noon luncheon.

Chester met Allen Utz, an old school mate, at the luncheon. He is employed by the agriculture department. Chester and Allen were graduates of 1940 class of Simon Kenton High School.

BEAVER LICK NEWS

The sick are all improving nicely in the Beaver vicinity.

Well, death struck in our neighborhood again last Sunday morning and claimed the life of a very important and prominent man, George Clifton. He was stricken with and died very suddenly of a heart attack. He surely is going to be badly missed by the people. Let's all be very much in prayer for his bereaved family and our deepest sympathy is extended to all.

Some people are beginning to get interested in starting their new crops. Of course there is lots of winter farming done around the old heating stove and fire place. When that hot sun begins to get hot most of us are looking for a shady spot.

Randell Rhodes and West Scott are working awful hard now, they are building another house on Cleek Lane. Be careful boys, and don't over do it.

Mrs. Sandy Light (Stephenson) is visiting her parents over the week end.

WOULD YOU BELIEVE IT...

By "RED"

Around the turn of the century, horns, headlights, windshield, speedometers and bumpers were considered "extras" when purchasing an automobile.

The most unusual "extra" was the "Collapsible Rubber Driver". It was a lifelike dummy so terrifying, absolutely guaranteed to frighten any potential car thief to death.

There's no unusual "extra" involved when speaking about tires, because they are considered a necessity. And at G & G TIRE COMPANY we absolutely guarantee our new or used tires.

G & G Tire Co., Inc.

—DEATHS—

JAMES THOMAS MIZE, 63, of 108 North Main Street in Walton, died at 6:45 p.m. on Friday, February 8 at Booth Hospital after suffering a heart attack at his home. He was administered first aid by the life squad.

He was a retired coal miner of Perry County.

Survivors are his wife, Polly; five daughters, Mrs. Bethna Bowling, Florence; Mrs. Jean Grimes, Sturgis Michigan; Mrs. Nora Keating, Erlanger; Mrs. Fay Menrath of Cincinnati and Mrs. Sharon Wheeler of Walton; three sons, Buster, Park Hills, Tom, Jr., of Cheyenne Wyoming, Danny, Burlington and Toby in Florida; one sister, Mrs. Hazel Norton, Cincinnati; three brothers, Miller, Cincinnati, Beecher, Hazard and Charlie of Hyden; 30 grandchildren and three great-grandchildren.

Services were Wednesday morning at Walton Church of God.

Arrangement was by Chambers and Grubbs Funeral Home.

ARTHUR BURDINE, 75, of 70 Alta Vista, Walton, died at 11:30 Saturday evening, February 9 at St. Elizabeth where he had been a patient for only a few days.

Mr. Burdine was retired from L&N Railroad where he had been a signal maintenance employee for over 50 years.

He is survived by his wife, Anna Mae; two sons, James of Middletown, Ohio and Gary of Verona; three daughters, Mrs. Gertrude Parky, Milton, Mrs. Lillian Parker, Williamstown and Mrs. Francis Kimberlin, Middletown, Ohio; two sisters, Mrs. Emma Wiedner and Mrs. Maggie Wiedner, both of Louisville.

Services were held Wednesday morning at Chambers and Grubbs.

MRS. MAYME COLE, of 128 E. Robbins Street, Covington, Ky., the daughter of the late Frazier and Ellen Miskell passed away at St. Elizabeth Hospital on February 11 at 10:00 a.m.; being 86 years of age.

She leaves to mourn her passing one son, Charles Sheets of Casta Mesa, California; three grandchildren and three great-grandchildren; one sister, Mrs. Nell Fulton of Walton and one brother, Everett Miskell of Norwood, Ohio.

She was one of eleven children, six brothers and two sisters having passed away several years ago; also two sons, Bill and Garfield. Alston and Rose were in charge of funeral arrangements.

Burial was at Hughes Chapel, near Beaver Lick, Kentucky.

CARD OF THANKS—

I want to thank all my wonderful neighbors for the food; all the good friends from the American Legion and Frank's Place for what they did for me in my hours of grief and sorrow. Also thanks to Bro. Sheffield, my cousin, Tommy Stevens and Chambers & Grubbs.

With heartfelt appreciation and thanks,
VIRGINIA POETTER,
Daughter and Son-in-Law,
JOAN and RAY CONNER.

**Simon Kenton F. F. A.**

(Last week's story was written by Dexter LaFollette and not by Tim Martin. Sorry boys.)

The Simon Kenton FFA Chapter held its regular monthly meeting on February 5, 1974 at 3:45 p.m. in the agriculture shop. Mark Williams presided. Thirty members and four guests were present.

A devotion was given by Greg Kidwell, chapter chaplain.

Tony Howard gave a report on the leadership committee.

Dexter LaFollette and Gary Riley gave their impromptu speeches, which they will give on FFA Day.

Tim Martin gave a report on the Father and Son Banquet.

Each officer and member taking agriculture next year gave a campaign speech for the office or

committee they wanted for 1974-75. Officers will be elected at the next meeting on March 12.

Woodpoint Auxiliary Meets Tonight At 8:00

The Woodpoint Auxiliary will meet at Woodpoint Thursday, February 21st at 8:00.

During the past year, the Auxiliary has purchased four more wheelchairs, one reclining, bought materials for bibs, restrainers, laprobes and other needed items which were worn by volunteers. It also maintained the beauty shop and fed patients through volunteers and performed many other duties to make the home more pleasant for its patients.

The auxiliary is funded only through memberships and the new year will be starting April 1. Dues are \$2.00 and anyone wishing to join or contribute in any way is asked to contact Mrs. Roger McGuire, vice president or Mrs. Ralph Vonderschmidt, president.

Anyone interesting is invited to attend this meeting.

VOLUNTEER RESCUE SQUADS AND FIRE DEPARTMENTS TO SHARE IN 1974 BUDGET

RESCUED—410 volunteer rescue squads; their 2,750 volunteers; the Kentuckians they protect.

ALSO RESCUED—about 400 volunteer fire departments; their 13,000 volunteer firemen; and more than two million Kentuckians they protect.

The smoke has not cleared in the legislative battleground in Frankfort yet—but from the signs, volunteer rescue squads and fire departments will get a new lease on life.

Go. Wendell H. Ford has requested that \$150,000 be appropriated over the next two years to begin a state effort to upgrade local volunteer rescue squads in Kentucky. A \$100,000 increase—from \$610,000 to \$710,000 for two years—was requested for the existing aid to local volunteer fire departments' program.

Administered by the Fire Marshall's Office in the Kentucky Department of Insurance, the funds for volunteer rescue squads will be used for equipment, training and establishing standards of operation.

Congressman Gene Snyder Writes To President Nixon

Fourth District Representative Gene Snyder has released a copy of a letter he had written to President Nixon February 4th. In it he urged the President to submit proposals to Congress that would prohibit excessive profits by the "oil industry and related companies involved in the transportation, distribution and sale of crude and refined petroleum," in some manner other than by levying an excess profits tax that "would only be passed on to the consumer, whose tax burden and inflated cost of living already sorely trouble him."

Mr. Snyder said, "Levying a tax on excess profits would not necessarily prevent excess profits at all. The added tax, like all other taxes, would only be added to the prices charged at every level until the American consumer picks them all up in the retail price he pays for his fuel oil and gasoline and other petroleum products."

"Uncle Sam would collect the taxes, of course, so the higher the profits, the happier would be the bureaucrats. The consumer of any product always bears the brunt of taxes levied on corporations by any level of government in the price he must pay for that product," Mr. Snyder stated.

Congressman Snyder asked President Nixon to give immediate attention to this matter, stating, "It would do much to break the logjam that may prevent any effective energy legislation from being passed for some time."

SCOUT TO BE HONORED

Charles Wolfe, 1075 Limburg Road, Burlington, will be among 266 Greater Cincinnati Eagle Scouts honored at Dan Beard Council's Fourth Annual Eagle Scout Court of Honor at 2:30 p.m. February 24 in Taft Auditorium.

Students Off To Frankfort

Students from southern Kenton County and Boone County will be among the 50 or more from Northern Kentucky State College and Thomas More College taking part in the biennial trip to Frankfort to meet with local legislators and state officials.

The trip by chartered bus is scheduled for Tuesday, February 26 and is being sponsored by the First National Bank of Covington. Senators Clyde Middleton and Gus Sheehan are "chairmen" of the Frankfort end of the project. The group will leave from the Chase Law school campus and has invited Northern Kentucky legislators to meet with them for lunch. Lt. Gov. Julian Carroll has been invited to speak.

After viewing the House and Senate in session, the students are hoping to visit briefly with Gov. Ford. They plan to present him with a letter of appreciation for his support of the NKSC program.

SERVICEMAN WANTS LETTERS

Jerry Webster has been in the service seven months and likes it very much. He would like to get letters from his friends. His add.: SA Jerry D. Webster 405-68-0292 USS Albany F/W Philadelphia, Penn. 19112.

COUNTY AGENT'S 1/2 ACRE

—by—

JOE CLAXON

Samples of dead or dying trees and shrubs arrive at the University daily for diagnosis. Frequently these plants have been transplanted within the last two years. The usual request is for the cause of death. Examination of samples seldom indicates any disease and most samples appear to have been water-stressed. Investigation of the growing conditions for these plants indicates that unsuitable or barely adequate growing conditions are present.

Yews (Taxus spp.) are most frequently reported. These plants, and to a lesser extent many other plants, need well drained soils. The heavier types of Boone County soils and low lying soils are not always well drained.

This fact was particularly evident last spring when frequent rains saturated the soil for more than a month in most localities. The root systems of most plants did not grow until unsaturated soil conditions returned. The roots of sensitive plants in poor locations were damaged. High temperatures

of mid-summer, following the wet weather, prevented vigorous root regeneration, resulting in exceptional vulnerability to water stress during the recent drought.

Many trees and shrubs suffered extensively. Recently transplanted trees and shrubs without supplementary irrigation (especially yews) trees and shrubs in poor locations, those afflicted with disease and species poorly adapted to Boone County (birches included) died or were weakened.

The dead plants cannot be revived nor can all the damaged plants be saved. Many of these weakened plants, now vulnerable to adverse conditions, will die of winter injury and secondary diseases.

When winter injury is diagnosed, the obvious solution is to plant harder species. But many of these marginally-adapted plants will thrive in Kentucky if given proper care.

When disease is diagnosed, the obvious solution is the application of an appropriate fungicide to prevent the spread of the disease.

The real solution to the problem is proper care before the plant is stressed—irrigation during drought, a good fertilization program, and extra care for new transplants. The old adage still applies—"An ounce of prevention is worth a pound of cure."

Have your soil tested. It is a must because of short supply and high prices of fertilizer.

THE RESURRECTION VICTORY — February 24

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(JOHN 20:19-29)

There comes to us a story from the battlefield of one of the wars. A young soldier was found fatally wounded. Evidently he had not died suddenly for in his hand he held a New Testament. The New Testament was opened at John, chapter 11, verse 25. Though blood had blotted out most of the words, one could still make out the promise of Jesus: "I am the resurrection and the life." Here was an example of the victory purchased for us by Christ on the Cross. Jesus died but death could not hold Him. He became victorious by walking out of the tomb. Victory belongs to all who make Him Lord of life and Saviour of the soul.

APPEARANCE OF JESUS

On the first Sunday evening following our Lord's resurrection, the disciples had gathered together in an upper room somewhere in Jerusalem. They were behind locked doors because they feared the Sanhedrin (Jews) would do to them what they had done to Jesus. It was not unusual for the ones who followed a convicted criminal to receive the same treatment their leader had received.

It was in the midst of their fears and the locked room that Jesus made His appearance. "He stepped into their midst." is the meaning of the words "He stood in the midst." Jesus spoke these

words to them, "Peace be unto you."

The body in which Jesus appeared was a body of flesh and bones. It still bore the print of the nails and the wound in His side. But the body could appear and disappear at will. The words of Jesus, "Peace be unto you" stand as His legacy of peace to those who follow Him. Jesus then shows them His hands and side. This would be all the evidence they needed to identify Him. This would also be sufficient proof that the resurrection of Jesus was a bodily resurrection and not merely the "spirit" returning.

Jesus repeats His benediction of peace and then adds His commission of service. Just as God the Father had sent Him into the world, just the same He sends His followers into the world. Jesus was sent with the message of the gospel (good news from God). This is to be the message of his disciples.

Having commissioned them to go, He breathed on them and said, "Receive you the Holy Ghost (Spirit)." He empowered them for service. Verse 23 promises His disciples that when they carry His message of forgiveness that forgiveness will become a reality. There is no proof anywhere in the New Testament that God ever transferred the power to forgive sins to any man or group of men, including the church. That power belongs to God.

ABSENCE OF THOMAS

It is not said why Thomas was not present on that Sunday evening when Jesus appeared to the disciples. It does illustrate the truth that many blessings are missed by Christians who fail to assemble for worship and fellowship. Naturally the other disciples tell Thomas what he has missed by not being there. They had seen the Lord. They had received His benediction of peace. They had been given a commission to serve by the risen Lord. They had His Spirit breathed upon them.

Thomas was one who was not easily convinced, especially of something so unbelievable. He had seen Jesus die. He had seen them take Him down from the tree and lay Him in Joseph's new tomb. No one ever dies like that and then later appears to men! Thomas does leave himself open to believe since he uses the word "except."

ANSWER TO DOUBT

The following Sunday evening Jesus again makes His appearance to the disciples. Thomas is on hand for this meeting. Jesus, fully aware of Thomas' difficulty, offers Thomas the privilege of satisfying his doubts. It is unlikely that Thomas needed to touch Jesus. The encounter with the living Lord brought forth a faith more sure and more satisfying than sight ever could.

Jesus then blessed Thomas and multitudes after him with the words: "Blessed are they that have not seen, and yet have believed."

Piner 4-H Club Report

On February 11, 1974, Kim Morris called the meeting to order in room 201 at Piner Elementary School. After roll call, some people gave demonstrations on the projects they took this year. Those on the program were:

Paula Mullins, electric, and Martina Mullins, cooking. Warren Smith said the "Poster" contest ends February 15. Five people from this room are entered. Members were sorry that Miss Diane Schneider could not be present.

Taylor Mill Senior Citizens

The Taylor Mill Senior Citizens met at the Brucewood Presbyterian Church on Tuesday, February 12. Ruth Kich conducted the meeting and Alice Doman gave a devotional.

Guest speakers were Miss Ginny Huffman and Miss Shirley Tallent of the Senior Citizens office of Northern Kentucky. Miss Tallent spoke of the S.S.S. Program, to those interested, contact the Red Cross or Social Security office.

Miss Hofmann had charge of the recreation program; all participants dined and enjoyed the games.

Refreshments were served and members enjoyed visiting with each other during this social hour. Present were Carolyn Kich, Ethel Gabbard, Elma Taylor, Marion Moore, Stella Loyd, Herman Hutchins, Alice Dorman, Lydia Huffaker, Ruby Armstrong, Marion Hocken, Flossie Newsum, Kenneth Galloway, Bryan Armstrong, Paul Newsum, Margaret Stephenson, Alma Yates, Sylvia Greenwalt, Ginny Hofmann, Shirley Tallent, Dorthea Ballinger, Chalmers Balingier, Ruth Kich, Leslie Frazer, Dixie Driscoll and Annie Bruce.

IS YOUR SUBSCRIPTION PAID?**Berean Bapt. Mission**

Lawrence Richardson, Pastor

Today we want to look at the subject of the CHURCH.

A close examination of this word reveals to us a very clear meaning. The church churches of God are composed of believers who have been baptized in water and organized to carry out the commands of Christ.

The use of the word "ecclesia" (the Greek word for church) always has the meaning of an assembly of baptized believers in a particular location or separate locations.

Some teach about a "true church" consisting of all the redeemed. They are not sure as to whether it includes all the saved or only those after the day of Pentecost. The burden of proof must rest on them.

Much of this error is a result of their lack of understanding of the differences between the church and the kingdom of God.

The church which Jesus built and left to us. His work is an earthly institution directed by the Holy Spirit to carry out the Great Commission.

Next week we will look into the "Kingdom of God."

41:1-3

Wednesday
1 Samuel
26:2-23

Thursday
Luke
6:27-38

Friday
Genesis
3:1-7

Saturday
Psalms
51:1-17

The man who prays can hear the prayers of others... especially when he prays for those human needs which are common to all men.

But even when he prays for needs that are solely his own, he knows that those who care for him are joining their prayers with his.

And God's answers come back along the party line.

You're never quite sure the message was meant for you. You are tempted sometimes to think it was intended for someone else... until you realize that this answer which God has inspired in your heart does fit your prayer.

There are times when it's good for everybody on the party line to pick up the phone at once... and speak what they all feel... and listen to what they all need to hear.

That happens regularly on Sunday morning.

ATTEND BUILDER'S CONFERENCE IN LOUISVILLE

Among more than 300 participants in the February 5-7, 1974 Rural Electric Building Conference at Stouffer's Louisville Inn were: front row (l-r) L. M. Galloway, Independence and Donald Logan of Falmouth; (Second row, l-r) Bob Jackson, Independence, Billy Lathrem, Owenton, Bill Lathrem, Owenton, Ed Kreidler, Ft. Mitchell, George Featherston, Crescent Springs, R. N. Green, Florence, Harold "Bud" Combs, Carrollton. (Third row, l-r) E. D. Scott, Owen County RECC Manager, Owenton, Robert Kirby, Burlington, Vine Harding, Ft. Mitchell, Anthony Eppenbeck, Ft. Mitchell, Harold Perkins, Owenton, Dennis Flynn, Walton, Gary Floyd, Crescent Springs, William J. Cox, Williamstown, Bill Smith, Owen County RECC Independence office.

The annual conference, co-sponsored by Owen County RECC and East Kentucky Power Cooperative had as its theme, "Building, Electricity and the Future." National and regional authorities discussed and demonstrated new tools, materials and installation techniques designed to improve living and working conditions for

Kentuckians in the midst of an energy crisis. Bill and Billy Lathrem were presented the "Builders of the Month Award" at the meeting. Present but not shown in the above photograph were Thurman Miller of Owenton; Curt Williams of Covington and Bill Eger of Independence.

4-Leaf Clover Club Meets

The 4-Leaf Clover Club had their monthly meeting on Monday, Feb. 4. Members were all proud to hear that the club secretary, Kevin Cahill won the Courier-Journal award for the most outstanding 4-H boy in Boone County.

Pam Brooks, Kevin Cahill, Joy Combs and Sandy Cahill entered 4-H posters on topics for 4-H. There will be a bake sale the second Saturday of every other month, starting with Feb. 16. The money earned will go toward scholarships for the members in the club. The scholarship will be used for sending members to 4-H Camp, Lexington; and to Washington, D.C.

So everyone come to these bake sales and help send members that otherwise could not afford it, to these worthwhile places!

Tournament Time

Sites have been named for the Kentucky High School Basketball District and Regional Tournaments.

District sites are:

- 33—Boone County;
- 32—Scott County;
- 34—Covington Holmes;
- 35—Newport;
- 36—Highlands;

Regional play in the Ninth will be conducted at Conner High School in Hebron.

Awarded Certificate

Army Private First Class Donald R. Pennington, 22, son of Mr. and Mrs. John H. Pennington, R-2, Dry Ridge, was awarded a certificate of achievement while serving with the 3rd Armored Division in Germany.

He earned the award for meritorious service as a training clerk and fire direction computer in Battery B, 2nd Battalion of the Division's 73rd Field Artillery in Hanau.

She will compete in the Mountain Laurel Festival and the Miss Kentucky Pageant later this year.

Miss Hemphill is the daughter of Vaughn C. Hemphill and Mrs. Hemphill. She is a graduate of Boone County High School. Johnny Bench was master of ceremonies at the event.

Walton Homemakers

The Walton Homemakers Club held their February meeting in the home of Mrs. Carl Parker on York Road with Mrs. Donald McMillan serving as co-hostess.

Mrs. Leo Flynn presented the devotional entitled "Homemaker's Hands". She read scripture from Thessalonians 4:11.

Mrs. Donald Rice, president, conducted the business meeting. The club members read the Kentucky Homemakers' Creed.

Mrs. Rice informed the members that the club would entertain the Woodpoint Nursing Home members with a birthday party the last Friday in April.

The "workshop" meeting will be at the RECC building in March with Mrs. James Burden and Mrs. William Gibson in charge of the program.

Mrs. Nelson Popham discussed the lesson in "Laws in Labeling." Labels are probably the most helpful guide available to consumers. Congress has passed laws to help protect the consumer. "Fair Packaging and Labeling Act", the most recent piece of legislation that requires labels to provide certain information. Identification of the product, giving name and address of the manufacturer, distributor or packer.

A second lesson on "First Aid" was taught by Mrs. Harry Henson and Mrs. Gaines Huey. First aid is the immediate and temporary care given the victim of an accident or sudden illness until the services of a physician can be obtained. For first aid in poisoning call "Poison Information Center" 441-6100. Report facts about the poison.

Those enjoying the luncheon of homemade vegetable soup, bread and cookies were Mesdames Leo Flynn, Mabel Maddox, Clayton Jones, William Gibson, Robert Eisenschnid, Lillian Acree, Frank Penick, James Burden, Gertrude Butler, Donald Rice, Harry Henson, Nelson Popham, Homer Winbush, Gaines Huey, Paul Belghie and Miss Rachel Acree.

The March meeting will be in the home of Mabel Maddox with Mrs. Frank Penick serving as co-hostess.

The lesson "Cooking Economically" will be taught by Mrs. William Gibson and Mrs. Carl Parker.

Housing School Begins Second Session

The second session of the housing school will be February 21, 7:30 to 9:30 p.m. at the Covington Union Light, Heat and Power Co. on 4th Street.

At this session builders and suppliers will talk on building materials and products as well as construction techniques.

If you are considering building or remodeling you will receive needed information. Anyone is welcome to attend any of the six week sessions. The fee is \$1.00 for a family for all sessions.

The housing school is sponsored

jointly by the Cooperative Extension Service, the Northern Kentucky Homebuilders Association, and the Union Light, Heat and Power Company.

Phone 356-3155 for a program and to be assured of a packet.

BIRTHS

Born to Dennis and Marilyn Stephenson of Walnut Hill Drive, Independence, a girl at 3:56 a.m. on February 9.

Born to Charles and Marilyn Bangardner of Morning View, a boy at 1:52 p.m. on Feb. 10.

TWO SK STUDENTS CHOSEN FOR EUROPEAN CONCERT TOUR

Mark Schnitzer

Brad Klein

Mark Schnitzer and Brad Klein, seniors, have been chosen to participate in the Third Annual European Concert Tour, sponsored by the American Musical Ambassadors.

If Mark and Brad accept the invitation they will leave July 30,

and return August 20 and will visit London, Amsterdam, Paris, Milan, Versailles, Lucerne, Florence, Vienna, Salzburg, Obersalzberg, Konigssee, and Zurich.

Only the finest and most serious students are selected to participate in the tour.

Contract Awarded

James E. Gray, Secretary of Transportation, announced that the Bureau of Highways has awarded a contract for grading, drainage and surfacing on the Northern Kentucky Circle Freeway in Kenton County.

Work will include grading, draining and surfacing on crossroads.

The contract was awarded to the DeSalvo Construction Company of Cincinnati and calls for work to be done on a distance of about one-half of the freeway.

The amount of the contract to be executed is \$5,009,148.

Planning A Garden

BY JOE CLAXON

The first essential of a good garden is good soil, loamy in texture, well drained, and free from shade. Sandy loam soils are considered ideal because they drain well and are easy to work. Very coarse sands are usually droughty and are more difficult to maintain in a high state of fertility. Very heavy soils are hard to work and remain wet and cool until late in the spring. On the other hand, it is possible to grow a good garden on nearly any soil type, provided it is well drained and properly managed.

The ideal garden site should be near one's house and located on a gentle southern slope, with good air drainage. It should be protected from prevailing winds by trees, buildings, or a hill, and should be near a dependable source of water which could be used for irrigation.

After the garden is located in the best possible place, it should not be moved, allowing one to develop a rich soil by regular fertilization and addition of organic matter. If enough land is available, garden crops may be alternated between two plots.

Soil-improving crops should be grown every other year on the garden site, and then be plowed or spaded into the soil in the fall, or organic matter should be added yearly.

Approved cultural practices should be followed in permanent garden sites to prevent soil disease buildup and fertilizer run burn.

"Thanks" To Fund Workers

The tireless efforts and dedication, plus active participation of these following organizations in the Walton-Verona areas have been commended by Mrs. Phillip Ferrante, chairman of the Heart Fund Drive in Boone County.

"Their tireless efforts have made our goals more attainable," she states.

The organizations participating were:

- Wa-Na Womens Club, Mrs. Asa Rouse, president;
- Walton Womens Literary Club, Mrs. Claude Thompson, president;
- Bit-N-Spur 4-H Club, Mrs. Harold Campbell, leader;
- Mrs. Jack Norris is Walton Business Gifts chairman.

Special Classes At Boone Health Department

A series of classes on Weight Control and Special Diets will be sponsored by the Boone County Extension Service and the Boone County Health Department.

The classes will start Tuesday, March 5 and continue on March 12, 19, 26, April 2 and 9.

You will have a choice of times from which to choose as the classes are held at both 1:30 and 7:30 p.m. at the Boone County Health Department, Woodpoint Drive.

The class will include weight control diets as well as interpretations of special diets such as those from heart disease, diabetes, hypoglycemia, etc.

Edna Rines, Public Health Nutritionist, will be co-ordinating the program along with the local County Extension Agent for Home Economics.

Call 588-6101, extension 17 or 18, to pre-register for the classes.

In a special called meeting last Tuesday, February 19, City Council released advertisements for bids on the proposed \$1.7 million Municipal Sewer System. The date set for opening and reading the bids is at 2:30 o'clock in the afternoon on March 26. A copy of the advertisement is listed below.

ADVERTISEMENT FOR BIDS

Project No. 100D: WS-KY-49 EPA: C210285
City of Walton, Kentucky, Owner

Separate sealed bids for Item 1, Lump Sum Contract "A" and Item 2, Unit Price Contract "B" for City of Walton, Sanitary Sewer System will be received by City of Walton, Kentucky at the office of City Clerk, City Building, Walton, Kentucky until 2:30 o'clock P.M., E.D.S.T., March 26, 1974, and then at said office publicly opened and read aloud.

The Information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond, Performance and Payment Bond, and other contract documents may be examined at the following: F. W. Dodge Corp., 2528 Kemper ave., Cincinnati, Ohio 45206; Allied Construction, 1010 Yale Avenue, Cincinnati, Ohio 45206; The Microfilm Service of F. W. Dodge, Cleveland Photocopy (scan).

Copies may be obtained at the office of Kral, Zepf, Freitag and Associates, Engineers and Architects located at 3021 Vernon Place, Cincinnati, Ohio 45219 upon payment of \$75.00 Contract "A", and \$100.00 Contract "B" for each set. Any successful bidder upon returning such set promptly and in good condition will be refunded his payment, and any non-bidder upon so returning a set will be refunded \$25.00 Contract "A", and \$50.00 Contract "B".

The Owner reserves the right to waive any informalities or to reject any or all bids.

Each bidder must deposit with his bid, security in the amount, form and subject to be conditions provided in the Information for Bidders.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within 120 days after the actual date of the opening thereof.

February 19, 1974.

Three Sons Enter Service

Three sons of Fr. and Mrs. Elmo Sexton of Verona, formerly of Fairview Court, Walton, have enlisted for military service.

Johnny, Jimmie and Ray left for the Army on February 11 and are taking their basic training at Ft. Jackson, South Carolina.

Johnny, the oldest, served two years in Vietnam war and decided to go back in service. So he encouraged the two younger brothers to go in too.

Jim is married to the former Joann Dunn of Walton. They have a small son, Jimmie Jr.

Ray has a small son, Ray Jr. John is not married.

Cancer Warning Signs

—Change in bowel or bladder habits.

—A sore that does not heal

—Unusual bleeding or discharge.

—Thickening or lump in breast or elsewhere.

—Indigestion or difficulty in swallowing.

—Obvious change in wart or a mole.

—Nagging cough or hoarseness.

Science "Open House"

Students of the Biology and Chemistry departments of Thomas More College are sponsoring an "Open House" on Sunday, March 10, from 1 to 4:30 p.m. on the top two floors of the new science building. Refreshments will be served. Of interest will be a variety of displays and the opportunity to survey the equipment.

The school phone is 341-5800.

Lincoln Day Dinner

The Boone County Republican Club will enjoy a "Lincoln Day Dinner on Friday, March 1 at Ramada Inn South, Florence.

The event will begin at 6:30 with the speaker being Congressman Gene Taylor.

TEENAGE SQUARE DANCE

A teenage square dance will be held on March 1 at St. Barbara's Church (Turkeyfoot Road) from 9:00 to 12:00 p.m.

The caller will be Herb Borcharding. Everyone is invited.

Donations are 75c.

McBee Introduce Bill

A bill has been introduced in the state House of Representatives that would allow adoptive parents to recover from wrongful death to their child.

House Bill 387, co-sponsored by Representative W. K. "Bill" McBee Boone County, states that whenever the death of a person results from an injury inflicted because of a wrongful act or negligence of another person, damages may be recovered for the death from the person who caused it.

The bill specifies that any money recovered would go to the kindred of the deceased in a line of descent beginning with the mother and father.

The bill also specifies that in the event the deceased was an adopted person the "mother" and "father" would mean the adoptive parents of the deceased.

LITERARY CLUB TO MEET

The Walton Women's Club will meet at Walton Christian Church on Wednesday, March 6 at 2:00 in the afternoon.

FFA PROMOTES AGRICULTURAL SAFETY

Throughout Kentucky and the nation, FFA members who are vocational agriculture students are learning about safety. They are accomplishing this goal through the FFA program they call "Chapter Safety Contest."

Classroom study is followed by FFA chapter safety projects, which give students a chance to learn by doing. Each year accidents take a tragic toll in lives, personal injuries and property damage. The FFA chapters have an opportunity to help reduce these tragedies by planning projects and activities in their communities.

The 1973 Kentucky Safety winner and a National Bronze Emblem FFA Safety winner was the Taylorville FFA chapter. The Kentucky Farm Bureau Federation and Insurance Company is the state contest sponsor. The DOW Chemical and Farm Industrial Equipment Institute are the national sponsors.

The FFA is an organization that is willing and able to exert positive leadership and influence in making the community a safer place to live and work.

Dealers Warned About Fuel Sales

Gasoline and diesel fuel retailers may not modify their normal business practices to sell gas and diesel fuel only to regular customers. Paul Niederrecker, district director of Internal Revenue for Kentucky has stated.

Under a regulation issued on February 12, 1974, by the Federal Energy Office, petroleum suppliers (including retailers) may not discriminate among purchasers of allocated petroleum products.

The regulation also prohibits new preferential arrangements involving volume sales by retailers. For example, it is illegal for a gasoline retailer to sign up a customer to purchase 1,000 gallons, \$50.00 worth, or a month's requirement in advance.

Violations of the regulation could result in a civil penalty of \$2,500, or a criminal penalty of \$5,000, for each violation.

Niederrecker also said that if, after calling the regulation to the attention of the retailer, a customer is unable to resolve the matter, he should contact the Economic Stabilization Office, IRS, in Louisville, phone 502-582-5315 or 800-292-6570.

Plan For Horse Show; Elect Drill Team Captains

The Briarcrest Briddlers held their monthly meeting on February 11, at the home of the 4-H leader, Mrs. Keeney.

President Patricia Spurlock called the meeting to order; the minutes of the preceding meeting were read by secretary Paula Collins.

Plans were made for the 4-H horse show which is to be held this summer and committees were chosen.

Costumes were chosen for the drill team and Peggy Simmons was elected the captain.

Plans were made for a bake sale to help finance the activities in the club.

The Veterinarian Service Book was discussed and March 5 was decided upon as the date for the skating party which will be held at Lloyd's Roller Rink.

Refreshments were served.

Cooperative Homemakers Club Meets In Erlanger

The Cooperative Club met at the home of Mrs. Grace Alexander in Erlanger on Feb. 12, 1974.

Mrs. Porterfield read verse 36 of the ninth chapter of Acts and had prayer.

The lesson was "Facts About Labeling Clothing and Food."

The roll call was answered by something concerning Lincoln or Washington.

Thirteen members were present to enjoy the nice luncheon and program.

Completes PREP Course

Army Specialist Four James G. Hubbard, 19, whose parents, Mr. and Mrs. James D. Hubbard, and wife, La Donna, live at 645 Bounan Rd., Independence, completed pre-discharge education program (PREP) which assigned to the Transportation Company in Mannheim, Germany.

S/4 Hubbard received a diploma from an accredited American High School in Germany.

He is a truck driver in the company.

HISTORIC MONUMENT

The Old Post Office Building, a historic landmark at 305 Wapping Street in Frankfort, Kentucky, has been assigned to the Department of Health, Education and Welfare by the General Services Administration as part of President R. M. Nixon's program to preserve old Federal buildings as historic monuments.

The State Budget And Boone County

Governor Wendell Ford's proposed budget includes a recommended increase of \$298,000 for the state's Matching Funds Program over the next two years.

For the 1974-75 fiscal year, Boone County will be allocated \$2,534.49 as compared to \$1,533.35 in 1973-74. The 1975-76 fiscal year request provides \$3,201.67 for the county.

Each county must apply to the Matching Funds Coordinator in order to receive funds.

The program, coordinated by the Department of Public Information, is aimed at promoting the Commonwealth's tourist trade through a cooperative advertising program that assists 15 regional managing committees.

Walton Fishing Club Elects Officers

The Walton Fishing Club met recently with a record attendance of 65 persons present.

Officers elected were:

- President—Jim Grubbs;
- Vice President—Chick Worthington;
- Secretary and Treasurer—Bill Hise.

A clean up day is planned for March 2. Members are to bring an axe or power saw to give the spring.

Membership tickets are \$17.00 for the whole family with children under 16.

For tickets, contact Jim Grubbs at 356-2673 or Bill Hise, 291-1836 or see the caretaker at the lake.

BOOSTERS MEET MARCH 7

The Athletic Boosters will meet March 7 at 7:30 p.m. at Walton-Verona High School. Final plans will be made for the athletic banquet to be held in April.

Please try to attend.

Your Help Is Needed

Because of the growing interest in the Boone County Girls Softball League by the young girls of the area, there is a need for 4 or 4 managers for the coming season.

These managers would be working with girls in the Junior Division.

Anyone interested may contact Jack Willis at 30 Vivian Drive in Florence, phone 371-4225.

FHA Alumnae Meets

The Simon Kenton Future Homemakers of America Alumnae held its monthly meeting on February 14 at the RECC Building in Nicholas. The guest speaker was Mr. Charles Onicy from Delta Airlines who presented a film on jet-packing. Everyone enjoyed his presentation. Refreshments were served by Sharon Willenborg and Marsha Lewless.

The next meeting will be March 14. The program will be by a speaker from the police department on drugs and all past FHA members are invited to attend and bring a guest.

Airman 1/C Debbie Spencer is home on leave from Randolph Air Force base to be with her mother (Mrs. Kathleen Spencer) who is to undergo surgery at Holmes Hospital in Cincinnati on Wednesday.

Jimmy Shields came home on Saturday from the hospital and is doing fine. He will have to remain in a cast for eight weeks.

Mr. and Mrs. Bill Ackman of Williamstown were visiting Mr. and Mrs. Pat Glenn Saturday evening.

Mr. and Mrs. Richard Howard have returned home from Russell Springs, Kentucky where they have been visiting Mrs. Alma Isabel.

Mrs. Jessie Vest is really glad to be at home now after a few months stay at Carlsbad Rest Home.

CARD OF THANKS

Best Friend To
 Man's Best Friends
 I want to express our thanks to Dr. Roger Augenstein, DVM and the Bachmeyer Animal Hospital. Our German Shepherd dog "Chief" was struck by a hit and run milk truck driver, while playing with our neighborhood children.

I'm satisfied that Dr. Augenstein did everything he could to save our dog, but after a week "Chief" died.

We're very grateful to the people who have dedicated their lives to helping the creatures that God has given us domain over.

—WILLARD ROUSEY
 and Family

DAR Meets In Williamstown

The February meeting of the Captain John Lillard DAR was held in the Williamstown Methodist Church with Mesdames W. O. Blackburn, Marvin Conrad, Adam Juett, Evan Hance, Ivan Clements, David Sowers, Ambrose Feldman and Misses Martha M. Blaine and Jan Demoisey as hostesses who served a beautiful luncheon, carrying out the patriotic February theme in motif and an exhibit table displaying many interesting historic objects.

Mrs. R. C. Hume reported that plans had been finalized for the publication of 1,000 Grant County histories in commemoration of the B-Centennial. The books are priced at \$3.00.

Members were reminded to remember the bake sale on March 2 as a financial help for expenses. Those who cannot attend may send a cash donation to Mrs. Hume.

Delegates were elected for the State Conference on March 19 to 21 at the Phoenix Hotel in Lexington were Martha M. Blaine and Mrs. Ivan Clements. Alternates were Ruby Escue, Jennie Poor, Mrs. Paul Blackstar, Louise Conrad, Elizabeth and Louise Fledge.

Mrs. Roger Lanter introduced the Senior High School girl Good Citizens, presented them with their insignia pins, introduced their class sponsors and their mothers for whom the chapter gives this special patriotic program each February. They were: Terri Frankenstein, Beechwood; Carla Stewart, Owen County; Danita Lovelace, Williamstown; Linda Ferguson, Grant County.

Miss Louise Conrad gave a most informative and interesting review of the book "Monticello" which was the mountain-top home of Thomas Jefferson.

The next meeting will be on March 9.

Mrs. Rei Day is in St. Elizabeth and is doing fine after surgery last week.

Miss Michele Glenn spent Sunday evening with Mr. and Mrs. Carl Ogg and son of Florence.

Stephen Fredericks recently spent two weeks at home with his parents, Mr. and Mrs. Bill Fredericks. He has returned to his base in Charleston, S. C.

Hargis Banta Jr., Mrs. Elizabeth Smith are patients at St. Elizabeth Hospital.

Mrs. Raymond Ball of New Liberty was a recent guest of Mrs. Charles Carlisle.

Mr. and Mrs. Claude Wallace spent Sunday with her brother, Mr. and Mrs. Virgil Perry at Morning View.

Herbert Blizard is a patient at the VA Hospital in Cincinnati and is some better.

Carl Girdler of Crescent Springs was Saturday dinner guest of his sister and family, Mr. and Mrs. Melvin Utley.

Mary Stephenson's Tuesday dinner was for her son and family, Mr. and Mrs. Joe Stephenson. It was Joe's birthday.

Mrs. Mae Burdine is a patient at St. Elizabeth Hospital.

Melvin Utley was called to Harrison, Tennessee, due to the death of his brother, John.

Mike Vest is a St. Elizabeth patient but is showing improvement.

Rev. and Mrs. Charles Dearing were Thursday afternoon guests of Mrs. Mary Stephenson. Rev. Dearing is very much improved after his operation.

Mrs. Emma Cheesman was a 3 day guest of her daughter and family, Mr. and Mrs. John Rich.

Not much of a world—when you consider all its human imperfections. Yet it's the world we are giving our children—the world in which they must grow up and find their destiny. And we keep hoping that theirs will be a finer generation—one able to improve this world.

What our children eventually do with the world depends upon our spirit-

tual resources and how we share these truths and ideals with them. By encouraging faith and showing them right from wrong, our children can become the finest generation, destined to change the world—for the better.

Is there a church in your life? There should be!

POWER TO GROWTH — The Book of ACTS

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 2:1-4; 14:17; 26:42)
 The day of Pentecost comes 50 days after the Passover and climaxed the week of week. It marked the close of the harvest, and it also commemorated the giving of the Law on Mt. Sinai. Pentecost was one of the three great Jewish festivals to which every Jew within twenty miles of Jerusalem was legally bound to attend. The other two were the Passover, in the middle of April, and the Feast of Tabernacles. The

name Pentecost means "The Fiftieth." Pentecost was one of the most popular festivals of the Jewish year and so Jerusalem would be thronged with pilgrims from every quarter of the earth. As this day represented the ingathering of the harvest, so it became the day of ingathering of souls into the Church of Jesus Christ.

We read in verse one that one that the believers "were all of one accord in one place." This is an excellent formula for the manifestation of spiritual power in any day. In the verses that follow, emphasis is on the fact that there was an unmistakable intervention of God. There was "an echoing sound as of a mighty wind borne violently." Rushing along like the whirl of a tornado. The sound filled the whole house.

This is not the first coming of the Holy Spirit into the world. It is His first working with a people of God who had experienced the death, rising, and ascension of God's Son. Upon every believer there rested the fire-like appearance of a tongue of fire. What was this all about? These emboldened the presence of God with His People. Where God's Presence is there is zeal, like, power, and purity. They were all filled with the Holy Spirit.

The Holy Spirit made them able to speak in languages other than their own. This ability to speak in foreign languages was a temporary endowment to meet a specific need. This is not a requirement for the assurance that one is Spirit-filled. The fruit of the Spirit is "love, joy, peace, long-suffering, kindness, goodness, faithfulness, meekness, self-control."

FULFILLMENT OF PROPHECY

In these verses Peter defends the believers against the charge of being drunk with new wine. Peter, now under the control of the Holy Spirit, sees this as the fulfillment of Joel's prophecy. This would link Jesus of Nazareth with the Old Testament prophecy of the Messiah.

"In the last days" referred to the days in which the apostles lived. The "last days" would witness the outpouring of God's Spirit upon all flesh. Sons and daughters would prophecy. That is, they would speak forth God's Good News. Young men would see visions and old men would dream dreams. God's presence in power would be available to all, young and old, servants and handmaids. God's grace and mercy would not be withheld from any who would turn to Him in faith.

FREENESS OF PROMISE

Peter was addressing a Jewish crowd. The house of Israel must know the facts. They had crucified Jesus of Nazareth but God had declared Him to be both Lord and Christ. The Holy Spirit stirred and pierced their hearts. They turned to Peter for advice. What were they to do? Peter's answer is the much-needed answer to a God-forgetting world today. "Repent." "Change your attitude and action toward God." They have lived in rebellion against God. Now there must come an openness to God. A willingness to obey God. Baptism must follow repentance. This would be their first confession of their faith in Christ. It would proclaim their faith in a crucified, buried, and risen Saviour. It would further proclaim their own death to the sin way of life and their intention to walk in a newness of life.

In verse thirty-nine Peter declares that the promise of the Holy Spirit is to all whom God calls. God's will is that none should perish. All are invited. Only those who respond will be saved.

Verses 41 and 42 tell what resulted in the acceptance of the message. They continued, they rejoiced, they worshipped, they praised, they loved, they shared. What more does one need?

REPORT... from the General Assembly

By Clyde Middleton
Thursday, February 14, set a record for activity on the Senate floor when 16 bills were on the "Orders of the Day" for debate and passage. The session was a long one, since each bill had to be described, debated and a roll call taken.

Among them was HB-105, which permits Northern Kentucky State College to have graduate programs if approved by the council on public higher education. I am happy to report that I had no opposition to its approval and it passed 34-0.

THE GAS AND OIL DEEP-DRILLING BILL

Friday the 15th began with many bills to consider, but turned out to be a much longer legislative day when more than four hours were spent in the consideration of one bill. This was the measure regulating deep-drilling for gas and oil.

The debate on this issue was a textbook lesson in parliamentary procedure and in the legislative process. First, the bill came from committee with a four page committee amendment incorporating changes which were designed to meet objections voiced at the committee hearings. Then, seven other amendments were offered by individual senators following the approval of the committee amendment, and each of these was debated in turn and voted upon. In the course of discussion on one of these objections was made to the short time which had been available to study the effect of the amendments, and the motion was made to delay consideration of the entire issue until the following Tuesday. This was followed by a motion to recess for one hour which was approved.

Upon recovering the motion to postpone was defeated and we returned to consideration of the amendments. One amendment was passed by a vote of 21-15, then a later amendment failed by a vote of 18-17. Another amendment was

itself amended on the floor and then passed without dissent on a voice vote. After all amendments had been considered, the bill passed with a margin of 21-15, with one pass.

I have described the fate of this one bill (HB-64) in some detail because it was an excellent example of the safeguards in the legislative process. In the course of public hearings, committee amendment and floor amendment every possible advantage and disadvantage of its enactment was thoroughly aired. The issue was also reported in detail by the state-wide press, and discussed in editorials. Even its staunchest opponents could not legitimately claim that it was passed without careful consideration. I supported the bill on final passage, after voting for most of the amendments. I believe that it will provide a good system for regulating oil and gas exploration and production, and adequate incentive to attract risk capital for this purpose. And, unlike the coal industry, this energy source can be developed without destroying the landowners' property. With the critical need to develop oil resources within the United States and thus assure our self sufficiency of this vital raw material, I believe we are wise to provide this incentive.

WOULD YOU BELIEVE IT...

By "RED"

The small, compact, two-seater automobile of today is neither novel nor unique.

A charming little two passenger, semi-closed automobile, produced by the Hudson Motor Car Co. called the Runabout Landa, was delighting motorists back in 1918. It was designed to appeal to everyone, male and female, businessmen, tourists and sports enthusiasts.

In 1927 the rumble seat became popular. This extra seating capacity, while conveniently converting the two-seater automobile into a four seater, was not very practical, weather-wise, for the rumble seat had no protective top and was exposed to all the unpleasant elements of nature.

One of the delightful features about G & G TIRE COMPANY is the quick tire service available to you. Full service on tires is our business.

"If You Have Anything To Sell—Call Us"

Oak Ridge Homemakers

The Oak Ridge Homemakers Club met at the home of Mrs. L. C. Slaughter of Old Taylor Mill on February 19.

Mrs. Donnie Jones, president, welcomed the fourteen members

who were present.

Mrs. Kenneth Finnell gave the devotional.
Mrs. Clarence Willenborg gave the lesson on Selection and care of small household appliances.

Mrs. William Thompson told of

the many opportunities available at the New Library and encouraged all the members to visit it.
Mrs. Alma Yates gave a report on the Fair Board meeting.
Mrs. Marshall gave a report on nutrition.

Following a delicious luncheon, a "white elephant" sale was held. Others present were Mesdames Richard Harney, Charles Cummins, Allen Monson, Lawrence Everman, Ralph Stephenson, Shirley Talbert and Ruce Kennedy.

ORDINANCE NO. 13-1974

AN ORDINANCE AUTHORIZING THE PURCHASE OF A POLICE CRUISER FOR THE POLICE DEPARTMENT, CITY OF WALTON, BOONE COUNTY, KENTUCKY.

WHEREAS, The Mayor has filed with the Chief Financial Officer of the City pursuant to KRS 49.280 a Certificate of Emergency stating that the Police Department of the City of Walton, Boone County, Kentucky is without one functioning police cruiser and.

WHEREAS, the City is in a position to purchase through the State Police Department, an automobile meeting State Police qualifications, and.

WHEREAS, it is the City's understanding that these police cruisers have been obtained through competitive bidding, pursuant to KRS 45.365, and.

WHEREAS, it is extremely important that the City of Walton, Boone County, Kentucky, have a police department with at least one (1) functioning cruiser, and.

WHEREAS, a number of complaints have been filed with the City Council expressing unreasonableness and lawlessness occurring within the city limits due to a lack of a functioning cruiser;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY, DOES ORDAIN AS FOLLOWS:

SECTION I

That the mayor and the City Clerk are hereby authorized and ordered to negotiate for the purchase and delivery of a new police cruiser for the Walton City Police, Walton, Boone County, Kentucky, through the Kentucky State Police.

SECTION II

That after negotiation for said cruiser the Mayor and City Clerk are hereby authorized and ordered to pay for said purchase a maximum of up to THREE THOUSAND EIGHT HUNDRED AND FOURTEEN (\$3,814.00) DOLLARS.

SECTION IV

This Ordinance shall be in full force and effect when passed and published as required by law.

Done this 19th day of February, 1974.

SEATBELTS ARE PEOPLE STOPPERS

When an auto stops suddenly in a collision, or emergency, the people inside keep going with tremendous force. What stops them? The windshield, steering wheel, dash, all too often with tragic results.

But seatbelts stop people, too—safely. With your seatbelt fastened you stay put when your car stops suddenly.

Seatbelts are the best people stoppers!

Wood Dale Sewage Co. Hold Meeting

A meeting of the Wood Dale Sewage Disposal Co. was held February 28 at 7:30 p.m. on Sylvan Drive in Independence. The main subject was the condition of the sewage plant, which is badly in need of repair and has been in this shape for several months.

The citizens of the street talked about what could be done and elected new trustees and officers who are:

President—Gary Halberstadt; vice president—Bob Humphrey; secretary and treasurer—Bob Myers.

Trustees—Curtis Humphrey, Gary Halberstadt, Mike Verchek, Clarence Warren, Pat Schalk.

The sewage plant has been in operation for seven years and the only time that there has not been any trouble was the first year. From then on the plant has seen many problems arise.

WALTON KINDERGARTEN REGISTRATION

The Walton Kindergarten, First Baptist Church, 47 South Main Street, is now accepting registration for the fall term 1974-75. Please call Mrs. Lucille Maddox at 485-4704 for advance registration.

The class will be limited to 23 children and all names after that number will be put on a waiting list.

However, should there be enough children, an afternoon session will

be considered.

The registration day is Tuesday, March 19, anytime between the hours of 1:00 to 3:00 in the afternoon.

Each applicant must come to the kindergarten on this day to complete the registration.

1974 EASTER SEAL

The 1974 Easter Seal campaign began March 1 and will continue through April 14, Easter Sunday.

Renovating Grass Pasture Pays

by

DARWIN FOLEY

Kenton County Extension Agent

Renovation refers to seeding clover or alfalfa into grass pastures. Renovating your grass pastures will probably return more money for you in 1974 than ever before.

There are two important reasons why this is true, according to J. Kenneth Evans, extension forage specialist at the UK College of Agriculture.

As the first reason, Evans cites the high cost of nitrogen fertilizer. Renovating grass fields will eliminate the need to apply nitrogen. The legume plants have nodules on their roots that contain bacteria which are capable of fixing nitrogen from the air and making it available to the legume plants. Some of this nitrogen also becomes available to the grass plants.

The high cost of protein supplement is the other reason why renovation will pay bigger-than-ever dividends. Alfalfa and clover plants contain high levels of protein and can take the place of a lot of protein supplement.

On top of these two benefits, renovated pastures will provide more feed for your cattle, allowing you to increase your cattle number.

White clover and red clover are the legumes most often used in renovation. Ladino has been the most popular white clover in past years. However, Evans says two new white varieties, Regal and Tillman, have outyielded ladino in recent tests.

The recommended varieties of red clover are Kenland and Kenstar. Kenstar is a new variety for which seed is scarce, but Kenland seed should be available. Evans points out that white or red clover will fix 100-150 pounds of nitrogen per acre, which is \$20 to \$30 worth at current prices.

Alfalfa can also be used in renovation. The alfalfa weevil has attacked this crop in the past, but effective control methods have been developed to control the weevil. Evans says alfalfa will fix 175-225 pounds of nitrogen per acre, which is \$35-40 worth at current prices. And a good stand of alfalfa will greatly increase the amount and quality of feed produced.

Graze or mow the grass close just before you renovate. This weakens the grass and give the legume a better opportunity to become established.

You should test the soil of the fields to be renovated and put on needed lime, phosphate and potash. Don't use nitrogen, since nitrogen will increase grass competition to the legume seeding.

Use a disk, field cultivator or field tiller to tear up 40-60% of the grass cover if you plan to seed clover or 80-100% if you plan to seed alfalfa. This tillage opens the soil so that the legumes will have a better chance to germinate and live. Tillage can be done anytime from late fall to early spring when the ground is dry enough to work, but should be done before the middle of March.

Sow the legume seed at the rates recommended for seeding alone. Use certified seed if possible. At the time of seeding, be sure to inoculate the legume seeds with the right nitrogen-fixing bacteria.

Renovated fields should be grazed short until the livestock begin biting off the young legume plants. Then, the livestock should be removed and the pasture closed for 4-6 weeks for clover or 8-10 weeks for alfalfa. This will allow the legumes to establish. After that, the field should be mowed or grazed to best suit the legume.

Republicans Have Lincoln Day Dinner

"Abraham Lincoln holds a superior place in the annals of history. Politically astute he transcended himself above his own weakness. No president was more hated during his tenure of office than Lincoln—he extended and usurped presidential authority; he was a center of raging controversy; he took actions that were questions of legality and that tested the constitution. But he moved ahead as he saw the right and preserved the Union and our Constitution. Lincoln was vindicated." So spoke Congressman Gene Taylor of Missouri before a full-house at Ramada Inn Friday night in celebration of Lincoln's Birthday.

The fiery, articulate representative, who serves with Congressman Gene Snyder on the House Public Works Committee, pointed out that "our nation is again at a crossroads in history. Only the judgement of time will determine and judge President Nixon's abilities. Whether the great things he has done will surmount the Watergate issue only time will tell."

"Three things made this country great," Taylor emphasized. "Our moral and spiritual fiber, our constitutional form of government, and the free enterprise system. These are the three things that the McGovernites and the liberal leaders of the opposition party are not in accord with us on, and these are the very people who seek to destroy President Nixon and the Republican Party. Remember that our party and its principles are bigger than individuals. President Nixon has done more for his country and the less help than any president in our history. It would serve this nation well if the liberal news media would take just five minutes a week and say for once what is good about America."

Congressman Taylor was introduced by Congressman Snyder. Of Snyder, Taylor noted, "Gene is one of the most dedicated men of the Congress. It is a pleasure to know him and work with him. He is the ranking Republican on the Energy Subcommittee of our Public Works Committee, and no man does his homework better. In times like these we need men in Washington like Gene Snyder for as long as he wishes to serve. No one serves his district or his nation better."

The dinner, enthusiastically received by the audience, was emceed by Boone County GOP chairman, Don Brown.

The dinner chairman was Mrs. Doris Hempling.

Submitted by Charles Wiley,

Mrs. Maddox Will Host Walton Homemakers Club

The Walton Homemakers Club will meet Friday, March 8 at 10:30 a.m. in the home of Mrs. Mabel Maddox, 129 North Main Street.

Mrs. Frank Penick will serve as co-hostess.

"Cooking Economically" will be the lesson taught by Mrs. William Gibson and Mrs. Don McMillan. Membership is open to the public and visitors are welcome. For information, call 485-4882.

Twenhofel Sports Night

Twenhofel Junior High PTA will hold "Sport Night" on Monday, March 11 at 7:00 p.m. at the school.

The sports events are under the direction of Mr. Pelfrey and Mr. Fields, physical ed. teachers. Mrs. Robert West, chairman and Mrs. Jack Land, co-chairman of ways and means, are in charge of refreshments, bake sale and door prizes.

A donation of 50c will be taken at the door and sent to the Twenhofel Athletic Department.

School Board To Meet

The Walton-Verona Board of Education will meet on March 12 at 7:30 p.m. at the administration building.

Kenton PTA Clubs Award Life Membership

F. D. Caton presented Mrs. Jim Whiteaker with a life membership at the Kenton Elementary PTA Founder's Day program on February 21.

Mrs. Jack Land introduced the past presidents of Kenton Elementary PTA and presented the library with a gift in remembrance of them.

A Silver Tea was served in their honor.

Mrs. Robert Rose, State PTA Scholarship Chairman, was the guest speaker for the evening.

TAYLOR MILL

The February meeting of the Taylor Mill PTA convened Monday evening, February 18 at 7:30 p.m., with Mrs. William Lambert presiding. Mrs. Robert Scroggins, PTA historian, presented a history of the Taylor Mill PTA.

The past presidents that were present were Mrs. Clifford Williams, Mrs. Malcolm Fletcher, Mrs. Robert White, and Mrs. Arthur Bingham. The past president was honored with a Silver Tea following the meeting in the cafeteria.

Mrs. William Lambert, president, was presented with the life membership. As part of the program, the teachers gave a singing performance which everyone enjoyed.

Lost Call For Yearbook

Anyone who wants to purchase a "Year Book" may do so by sending \$6.00 to Wear Book Advisor, Walton-Verona High School, Walton, Kentucky 41094.

Please order within the next two weeks.

WHITE'S TOWER

The White's Tower PTA has honored Mrs. H. B. (Peggy) Noble with a Life Membership. She is employed as secretary at White's Tower Elementary School. She has been active in PTA since the school opened. She has held many PTA offices and chairmanships. Mrs. Noble has two sons, Mark, a student at Simon Kenton, and Tom, a student at Twenhofel.

Past presidents were recently honored at the Founders Day program at White's Tower PTA. Mrs. William Schunder and Mrs. Dan Nagle were chairmen.

Past presidents attending were Mesdames Everett Bolen, Joseph Gadd and Charles Garner.

A library book was placed in the school library in remembrance of each past president.

A silver tea was served.

PINER

The Piner PTA met February 21 at Piner Elementary School. A Life Membership was given to Mrs. Edrola Goshorn, a very deserving and well known person around Piner. The PTA wishes to thank Mrs. Goshorn for all the work she has done for the school, PTA and children.

The devotional was given by the Cub Scouts and Boy Scouts. It was announced that the new sound system has been ordered and may have it installed by the March meeting.

It was discussed but voted down a bill to be presented to the board of education concerning the new report cards.

Blacktopping a play area for the children was discussed and the vote passed. The proceeds will come from the 1974 Fall bazaar and other money making projects the PTA sponsors.

The room count was won by Mrs. Cummins' third grade.

The Cub Scouts and Boy Scouts presented a very delightful program. Following the meeting, refreshments were served by the hospitality committee.

Independence Fish Supper

The Ladies Auxiliary of the Independence Volunteer Fire Department, with the help of the firemen, will sponsor a Fish Supper on Friday, March 15th at the firehouse from 5:00 p.m. to 9:00 p.m.

Twenhofel Junior High PTA Founder's Day program was on February 11 at the school.

Mrs. Litton Vaughn honored past presidents with a gift. Those present were Mrs. Charles Adams, Mrs. Virgil Rust, Mrs. Kenneth Pennington, Mrs. Robert White, Mrs. Malcolm Fletcher and Mrs. P. T. Gray.

Mrs. Joseph Gadd presented Mrs. Joseph Wren with Life Membership in the PTA. Mrs. Wren is an English teacher at Twenhofel and very active in PTA.

An interesting talk on "Family Therapy" was given by Dr. Robert Neuker.

Mrs. Joseph Wren

Outstanding Club Girl

Miss Elaine Campbell

Miss Elaine Campbell was recently awarded a plaque by the Courier-Journal and the Louisville Times in their Award of Excellence Program.

Miss Campbell was named outstanding 4-H Club Girl in Boone County in 1973.

The Award of Excellence Program is an Information and Self-Analysis form which the 4-H Club member fills out on "physical, academic, moral, civic and community development" and "4-H experiences and personal development."

Elaine is a member of the Bit-N-Spur 4-H Club where her projects are Horse and Forestry.

She is the daughter of Mr. and Mrs. Harold Campbell of Walton and is a freshman at Walton-Verona High School.

Boone Garden Club

Dennis Raymond of Ammon Nursery showed slides of the nursery's landscaping done for Kings Island Park at the February meeting of the Boone County Garden Club at the Tri-City YMCA building in Florence.

Hostesses were Doretha Rouse, Alice Yelton, Florence Eades and Frances Mahan.

Those attending were Mesdames Hiliard Collins, C. L. Cropper, Kirtley Cropper, O. F. Hewlett, Charles Kelly, Roy Lockwood, Grant Maddox, Florence Eades, Boyd Mahan, Rose McElroy, Leroy McNeely, George Morth, Irvin Rouse, John Schram, Edward Smith, Ralph Stith, Marshall Thomas, Ralph Vonderschmidt, M. A. Yelton, Lewis Judd and Miss Lucy Lee Grant.

The next meeting will be on March 12, 12:30 p.m. at Kentucky Federal Savings and Loan, Dixie Highway, in Florence.

Florence Eades will present the program "Growing Dahlias."

REVIVAL AT VERONA

New Bethel Baptist Church in Verona is holding a Revival, beginning March 10 through 17. The services are at 7:30 each evening. The Evangelist will be Bro. Franklin Skaggs from Eddyville, Kentucky.

There will be special singing groups and a nursery will be provided for the convenience of those families with small children. You are invited to attend.

Mrs. Wireman To Host Wo-Na Club Tonight At 8

The Wo-Na Club will meet Thursday, March 7 (tonight) at 8:00 o'clock in the home of Mrs. Wally Wireman of Park Avenue. Co-hostesses will be Mrs. Jack Rouse.

This program will be "Decorating Tips" by John Duttelworth, president of Hall L. Swenson, Inc.

Miss Betty Jean Stephenson

Mr. and Mrs. Eugene Stephenson of Union, Kentucky, proudly announce the engagement of their daughter, Betty Jean, to Mr. Monte L. Shinkle, son of Rev. and Mrs. Walter Shinkle, of Verona, Kentucky.

The bride-elect is a graduate of Boone County High School and is presently employed as a secretary. The groom-elect is a student at University of Kentucky and is pastor of Clark's Creek Baptist Church in Grant County.

The wedding date has been set for Friday, March 15, at 7:30 P.M. at the Beaver Lick Baptist Church. Reception will follow immediately in the church fellowship room.

No invitations will be sent. All friends and relatives are invited.

LETTER TO THE EDITOR:

HOBBS KENTUCKY VOLUNTEER FIRE DEPARTMENT
 P. O. Box 24 — Hebron, Kentucky 41048

February 25, 1974

Mr. Roland Delaire, Director
 Emergency Health Services Program
 Department For Human Resources
 Frankfort, Kentucky

Dear Sir:

In regards to your letter of February 14, 1974, we are sending an application for a license, to operate a FREE volunteer ambulance service for 1974. However, we feel that requesting a license from your office is a waste of time, in as much, as your office will find some way or loophole to class our service as nonconforming to your ever changing standards.

In checking with many of the fire departments in Boone, Campbell, and Kenton Counties, we have not yet found an ambulance operated by a fire department, which has received a conforming license.

In fact, we charge that your office is not interested in improving emergency ambulance, in the Commonwealth of Kentucky, unless such ambulance is a commercial operation.

The deadlines set up for training requirements by The State Board of Health are absurd, in as much as the training programs are also set up by the Board, and in no way reflect the needs of the area in which the classes are offered. Several attempts have been made to have more training classes, or training classes held at locations other than Booth Hospital, in Covington, to no avail.

The requirements for annual physical examinations, chest x-rays, and records of all illnesses are asinine, these are not required by the State Board of Health, for Doctors or Nurses, so why should they be required for ambulance personnel.

The ambulance requirements, in general, are unfair, and in no way reflect the needs of emergency ambulance service throughout the state.

It is to the Commonwealth of Kentucky's shame, that a division of State Government is doing everything within its bureaucratic power to destroy the existing ambulance service in this area, and for good measure, kicking in the teeth of the many volunteers, who give so freely of their time, trying to help someone in need.

Sincerely,
 Harvey F. Pelley, Chief

Local & Society

Sympathy is extended to Mrs. Dora Stephenson and family in the loss of their loved one, Donald Stephenson who passed away Sunday morning at VA Hospital in Cincinnati.

Jimmie Vest of Florence is confined in St. Elizabeth Hospital due to a heart attack suffered last Thursday.

Sgt. and Mrs. Ross Howard and family of Wright-Patterson Air Force Base had Sunday dinner with his parents, Mr. and Mrs. Richard Howard on Feb. 24.

Mrs. Wesley Burgess, Mrs. Robert Horn and Mrs. Wayne Denny were recent shoppers in Cincinnati.

Mrs. Harold Lusby and Mrs. Jr. Vest visited Mike Vest at St. Elizabeth Hospital.

Sympathy is extended to the Melvin Utley family in the death of his brother on February 23.

Valera and Renee Lusby have had the measles.

Mary Niehaus is a patient at Bethesda Hospital and was recently visited by Wanda Utley, Mary

Staffordsburg

Woodie Armstrong spent a few days last week with Mr. and Mrs. Walter Moser of Florence.

Mr. and Mrs. Clyde Richardson sold their farm in Tennessee and will soon move into their new home on Staffordsburg & Visalia Road.

The community was shocked to hear of the sudden death of Mrs. Lelia (Lee) Marshall. She was a person always doing something for someone. She was always at Sunday School unless ill and received her 20-year attendance pin last October.

Luella Smith of Crestwood has been visiting Opal Shaw and other friends and relatives.

Mrs. Ed Bowling is in Booth Hospital for treatment.

Chester Ballinger had minor surgery last Wednesday and was able to return home on Saturday.

Robert Porter, who has been a patient in Booth Hospital for the last month, is slightly improved.

Though—Many parents are willing to give their children everything except themselves.

BEAVER LICK

Well, it looks very much this bright sunny morning (Feb. 23) as if the farmers can begin to get their farm machinery ready to really start their farm jobs, altho, this might very well be (as the old folk used to say) some borrowed days from April.

The sick around Beaver are reported to be on the improvement list once again. Even Mrs. Annabelle Stephenson seems to feel some better, especially on these bright, sunny days.

The Reeds took another short vacation down in Lincoln County. All seem to of had an enjoyable time.

There has been a great deal of flu and viruses going around. Let's all hope and pray to God, that new dreadful disease among children won't strike around here.

Our community is losing some of its citizens. Charlie Trapp and Ray Smith will soon be going to a new location. Of course, they will still attend the Beaver Baptist Church, we hope.

Rhonda Rhodes has been on the sick list. We all hope for a very speedy recovery.

Green, Joyce Fitzsimmons, Daisy Anderson and Grace Bowman.

Mr. and Mrs. Lawrence Wilson spent Saturday with Mr. and Mrs. Pat King and children of Cynthiana.

Mrs. Donna Scroggins underwent major surgery last week at Booth Hospital.

Mrs. Pearl Baker is at home and improving slowly. Wednesday guests were Bonnie Woods and Leona Jump.

Lisa Dance of Visalia was the weekend guest of her grandmother, Mrs. Aileen Dance.

Mrs. Aurilia Day and Mrs. Mae Burdine are still patients in St. Elizabeth Hospital.

We extend sympathy to Mr. and Mrs. Orlando Christy, who were called to Huntington, West Va., due to the death of his father.

Mrs. Bernice Hodges flew to Martinez, Georgia and spent the week with her daughter and family. Mr. and Mrs. Albert Hamilton.

Charles E. Neumeister has accepted a permanent position with the Federal Government in the EPA Laboratory as a chemist in Cincinnati, Ohio.

Mr. and Mrs. Richard Howard, Mrs. Stanley Kacaba and Mrs. John Ryan were visiting Mr. Howard's brother, George, and his wife in Mayville on Saturday.

Mrs. Linda Justice and Mrs. Eva Waters were visiting Mr. Robert Tackett in Booth Hospital last week. They took her gifts from employees of Boone Inn. She is getting along nicely after a foot operation.

Mrs. Kathleen Spencer is in Holmes Hospital after surgery last week.

Mr. and Mrs. Dennis Glacken and Ruth Glenn celebrated Mrs. Glacken's birthday last Monday by having dinner at the Quality Inn, Covington.

Mrs. Marybelle Noe and Emily Bristow were visiting Mrs. Sara Brewster on Saturday.

Mrs. Charles Smith, Julie and Jennifer of Clawson, Michigan, spent a few days with her parents, Mr. and Mrs. Ray Brewster, recently, while Mr. Smith was in New York on a business trip.

More than 30 Greater Cincinnati area senior high school students and teachers were guests of Cincinnati Bell recently for a one-day tour of the Bell Telephone Laboratories, Columbus, Ohio.

The all-day tour gave the students and teachers an opportunity

to see actual laboratory experiments and to talk with scientist engaged in various research projects.

Shown in the above photo are (left to right) Steve Sterneberg, a senior at Simon Kenton, who lives at Hillside Drive, Ryland.

Center is Charles England of

755 Price Pike, Florence, a senior at Boone County High.

Sandy Dixon, is a student at Walton-Verona High School and lives on Route 2, Verona.

The program is designed to encourage students interested in the various scientific fields to continue their education.

NOTICE TO PUBLIC

Owen County Rural Electric Cooperative Corporation has filed with the Public Service Commission of Kentucky a notice to include a Fuel Adjustment Clause in certain rate schedules. A public hearing concerning this matter will be held at the offices of the Public Service Commission in the Capital Plaza Tower, Frankfort, Kentucky, on March 20, 1974, at 10:00 A.M. Central Daylight Time.

This Fuel Adjustment Clause, to be effective on the first billing following March 20, 1974, will be applicable to the following rate schedules:

- Rate 1—Farm and Home Service
- Rate 2—Small Commercial and Small Power

Fuel Adjustment Clause

The above rate may be adjusted (increased or decreased) each month on a KWH basis so that the total pro rata adjustment will equal the total applicable dollar amount of fuel cost adjustment in excess of (or less than) 1.5 mills per KWH, as applied per the Seller's wholesale power contract in the preceding month.

CARD OF THANKS—

I would like to take this opportunity to express my thanks to all my friends for their kindness during my illness and stay at the hospital. Thanks for all the cards, visits, phone calls, prayers, and other acts of kindness.

A special thanks to all my students and neighbors who stayed with me or sent flowers and food. And to my sister, Kaethe Steinmetz, for her visit from Florida.

Much appreciation to Mrs. Bert Howard and Miss Linda Biddle, who did an excellent job in teaching during my absence from the school.

Your kindness will never be forgotten. May God bless you all.

Green Road 4-H Club

Welcomes A New Member

Eight members and two leaders were present at the January meeting of the Green Road 4-H Club. A new member was welcomed—Pauline Deters.

Members made plans for a fun event to be held in the spring with the money raised going to a favorite charity.

County Rally Day was discussed and many of the members plan to participate by giving a speech or demonstration.

The club is having knitting lessons every two weeks with Mrs. Waymeyer as the leader.

Five members and two leaders attended the February skating party.

Four members prepared posters for the contest sponsored by the county 4-H.

The February meeting was at Barbara Simpson's on the 29th with a knitting lesson given.

Drips waste money!

A leaky water faucet that drips one drop per second can drip as much as 650 gallons in a year's time. **money down the drain.**

The heating of water is the third greatest energy user in your home. So drips waste water, energy and money.

The really silly part of such waste is that the problem of dripping faucets is often corrected by simply replacing a washer.

Electricity is too good to waste!

Piner Clever Clover Members Win Awards

The February meeting of the Piner Clever Clovers was held at the home of Dexter LaFollette. Scott Parker called the meeting to order as Cindy led the pledges. Three songs were sung—"Mine Eyes Have Seen The Glory", "Row, Row Your Boat" and "The Band Played On."

Members present, answering to a favorite spring flower were: Janet Bray, Dexter LaFollette, Dawn Morehead, Cindy, Chris and Scott Parker, Cherie and Doug Smith; and leaders Mrs. Bray and Mrs. LaFollette.

The candy sale was discussed and it was decided to have it take place in May.

Two posters from the club were entered in the poster contest to be judged.

There are two new projects for all 4-H members—craft project for paint or drawing and also a window sill project.

Dexter LaFollette received a blue ribbon on his achievement record book. A few new words have been added to the 4-H pledge, since 4-H clubs are all over the world:

I pledge my health to my club, my community, my country, and my world.
The March meeting will be held at the home of Janet Bray.

A Note Of Thanks . . .
I wish to thank the many friends that remembered me while I was in the hospital, but especially for the thoughtfulness that was given to my family at home.

May God bless you all.
—Your friend,
MRS. CARL PARKER Ite
The Kentucky Easter Seal Society owns and operates Camp KYSOC at Carrollton to help the handicapped youngsters enjoy a summer vacation away from home.

—DEATHS—

DONALD L. STEPHENSON, age 61, died Sunday morning at 9:30. He had been confined to VA Hospital many days before death came by a heart attack.

The Stephensons live on Walton-Nicholson Road in Walton. He had been employed as a heavy equipment operator.

A veteran of World War II, he was a member of Walton Christian Church.

Survivors are his wife, Dora; a daughter, Mrs. Donna Rosensteel, Verona; and his parents, Mr. and Mrs. Warren Stephenson of Main Street in Walton.

Services were conducted at Stith Funeral Home in Florence Wednesday morning. Masonic Services were held Tuesday evening.

MRS. CLARE STEEDMAN FISK, age 75, of Bracht-Piner Road, died Saturday at home.

She was a member of Wilmington Baptist Church.

She leaves a host of descendants including five daughters, Mrs. Loretta Elliott and Mrs. LaVerne Baker, both of Crittenden, Mrs. Mildred Rust, Mrs. Alice Glass and Mrs. Francis Armstrong, all of Independence; four sons, Clyde, Lyle and Wayne, all of DeMossville and Norman of Morning View; two sisters, Mrs. Katherine Reno and Mrs. Ada Shenick, both of Toledo, Ohio; a brother, Harry Steedman, Hudson, Ohio; 27 grandchildren and 30 great-grandchildren.

Chambers and Grubbs of Walton made arrangements for the services which were held Tuesday morning at Wilmington Baptist Church.

BIRTHS

Greg and Brenda Ashcraft of 21 Banklick Road, a boy at 11:23 a.m. on February 16.

REPORT... from the General Assembly

By Clyde Middleton
It appears certain now that a record number of bills and resolutions will be considered during this session of the legislature. Over 1600 were in process by the end of last week, and this already exceeds the 1,156 bills entered in 1970, the highest recent session.

It is also clear that some artificial restraint will have to be placed on new legislation in the future, because it is absolutely impossible for careful consideration to be given to this much legislation in the remaining three weeks. Even discounting the numerical facts for "company bills" (identical bills entered in both house and senate), there is too little time remaining to do an adequate job of analyzing the effect of each of the remaining bills.

LINCOLN DAY DINNER
The annual Boone County Lincoln Day Dinner was held at the

Ramada Inn last Friday. I was honored to be there with the featured speaker, Congressman Gene Taylor of Missouri and our own Congressman Gene Snyder. The master of ceremonies was Boone County Republican Chairman, Don Brown, and the head table included Boone GOP Chairwoman Sherill Cornett and Rev. and Mrs. Herbert Baker of Verona.

The general chairwoman for the dinner was Mrs. Charles Hemphill, assisted by the following: Tickets, Mrs. Don Brown; district ticket sales, Mrs. Phillip Ferrante; publicity, Mrs. Irvin Dringenburg; novelty table, Mrs. Frances Clements; (and the Boone County Republican Women's Club); hostesses, Mrs. Harry Daugherty and Mrs. John Schram.

The Senate was in session until quite late that day, and coupled with the time difference and the new 55 miles per hour speed limit,

WOODPOINT AUXILIARY REPORT

The aim of the Woodpoint Auxiliary is to make the patients more comfortable. We have just completed another year during which we have achieved this goal. Our fourth membership drive is now beginning. To date we have spent \$2,382.45, and since we have had no money-making projects, your memberships have made this all possible.

The Auxiliary furnishes volunteers to feed patients at the home, and the beauty shop is operated by licensed beauticians, and helpers, who volunteer their time to shampoo and set the patient's hair for a charge.

During the past year we have made the following purchases:

All beauty shop supplies; Material, tape, thread, etc., purchased this past year totaled approximately \$175.

Volunteers made—32 rubber sheets, ends were attached to make them more durable;

11 heavy restraining jackets. These were made of extra

strength denim.
25 unbleached muslin restraining jackets;
30 lap robes;
39 terrycloth bibs;
36 wrist restrainers.

Four wheelchairs were purchased: 3 regular wheelchairs and one recliner wheelchair for special patients who cannot use a regular wheelchair.

The Auxiliary also supplied extra Christmas lights. On the social side, the Auxiliary sponsored a tea to honor the volunteers.

Our fiscal year begins April 1, 1974, and memberships will be paid to April 1, 1975. Dues are \$2.00 per year.

We wish to thank all members for their past support, and hope that many more will join to help us with this worthy cause.

Woodpoint Auxiliary,
Mrs. Carl Conner,
Membership Chairman
For Walton, Phone 493-5340.

Bicentennial Plate Sales
Kentucky's Bicentennial license plates may become a collector's item if the present demand exceeds the ability to produce them says Mrs. Paul Westpheling. The plates sell for \$2.00 and may be purchased locally.

I just barely made it back in time! I want to thank all of the fine people who made the dinner successful.

INCOME TAX REPORTING
Many people in my Senate district have expressed their agreement with my efforts to eliminate the long form required to itemize deductions when reporting Kentucky income. Since the deductions are almost identical to those allowed on the federal form, it would save taxpayers many hours and considerable expense if the state tax were simply computed on the basis of federal taxable income.

I have spent considerable time during this session, as has my legislative aide, in creating a method for accomplishing this. Just last week I was informed that the Kentucky Department of Revenue is now in favor of doing so also, but will need more time to develop the figures necessary to operate it equitably. As a consequence, I entered a Senate Resolution, which will provide the needed information through a study by our legislative research commission staff.

I know that many taxpayers will be happy when this unnecessary burden is removed from them.

WOULD YOU BELIEVE IT..?

By: Sandy

A simple name for a remarkable automobile was the "Model" car. It was built in 1967 in Peru, Indiana, and was known as an all-purpose car because it could be converted from a 5-passenger family car into a 2-passenger runabout, by simply detaching with the removal of four nuts, the large rear section (an enclosed compartment for passengers), and replacing it with a comparatively smaller one. The capability of fitting it's body, was also a great convenience when making adjustments on the chassis.

**Man or Statue?**

Today we see Lincoln in heroic size. He appears almost more of a statue than a man—a great figure cast in bronze, with a furrowed brow and solemn countenance.

Yet Lincoln was a man. He walked the earth, and felt love and joy, but he knew tremendous frustration and almost insupportable sorrow. He prayed, earnestly and effectively.

Throughout each crisis in his life, and there were many, he was sustained by faith. God seemed close to him, and he turned to Him often. He didn't pause to think about whether he'd go to church or not. He went.

Do you?

WHEN THE SPIRIT FILLS A LIFE — Acts 3 & 4

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(Acts 3:1-4 and 4:31-37)
It is said that when Saladin beheld the sword of Richard, the lion-hearted, he marveled that a weapon so ordinary could have wrought such mighty deeds. The brave Englishman bared his arm and said, "It is not the sword that did these things; it was the arm of Richard." It was the arm of God that fought the battles for Israel in Old Testament days. It mattered little with God whether Gideon's army numbered 100 or 1000 or 1. God measures men; he doesn't count them. So it matters whether or not a man is filled with the Spirit of God.

Condition Of The Cripple
Peter and John were on their way up to the temple at 3 o'clock in the afternoon. This was one of the set times for prayer. Peter and John were now followers of Christ but it was not necessary for them to discard all they had learned in Judaism. Prayer was still an essential part of their lives as Christians. Set places and times for prayer would prove to be a constant blessing to people of God.

A man who was crippled from birth had been carried by others and laid at the gate of the temple to beg. He was brought here every day with the hope that worshippers at the temple would be more generous to him.

Seeing Peter and John about to enter the temple, he asked them to give him money. Peter fixed his gaze upon the beggar and said, "Look on us." Expecting to receive money, the beggar willingly turned his attention to them. Peter then spoke those words which have become so familiar to us, "Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth, rise up and walk."

The verses which follow tell the story of the miraculous healing of the cripple. Peter took him by the hand and pulled him to his feet. This was not in order to strengthen his legs but to make strong his faith.

Courage Of The Church
Peter preached to the crowds drawn by the miracle. His sermon informs them that the miracle was done through the power and authority of Jesus whom they had killed. He calls upon them to change their minds and attitudes toward God and receive God's forgiveness and cleansing. The miracle was proof that Jesus Christ still lived and would be working through His followers.

This preaching of the resurrection brought persecution from the Sadducees. Peter and John were jailed for the night. The next day they were released with stern instructions not to preach or teach in the name of Jesus.

Released from the authorities, Peter and John rejoined the other disciples. They prayed. They prayed not for safety but for courage. The place was shaken. God heard their prayers. They were filled with the Holy Spirit. They spoke the word of God with boldness. Could it be that herein lies the difference between that early church and our modern-day churches? What would happen today if Christians were filled with the Holy Spirit? This lesson should challenge the followers of Christ to pray and open their lives to the infilling of God's Spirit. The result of the Spirit-filled and Spirit-controlled life is boldness. Boldness to witness in Jesus' name.

—DEATHS—

EARL MCKINLEY, 75, of 5960 Madison Pike, Independence, died at 3:45 Tuesday, February 26 at home.

A retired crane operator for Interlake Steel in Newport, he was also the former owner of McKinley's Restaurant in Independence; he also raised turkeys.

He was a member of Hickory Grove Baptist Church where services were held Friday morning. Survivors are his wife, Hettie Mae; a daughter, Mrs. Fred Nehring, Ft. Wright; and six sons, Paul, Independence; Richard of Morning View; Ray, Don, LeRoy and Jim, all of Independence; 20 grandchildren and seven great-grandchildren.

Funeral arrangements were by Chambers and Grubbs.

BURGESS HALEY, 75, formerly of Berry, Ky., died Tuesday, February 26 at Raymondsville, Texas, where he had lived for 30 years. He was a retired railroad and real estate employee.

He is survived by 2 daughters, Mrs. Albert Hunt, Virginia Beach, Virginia and Mrs. Oscar Nichols of Cynthia; 4 grandchildren and one great-grandchild; four sisters, Mrs. Grace Marshall, Florence; Mrs. Lela Sine, Louisville; Mrs. Mary Knight, Covington; and Mrs. Ruby Courtney of Union; and one brother, Chester Haley, Walton.

Chambers and Grubbs, Walton, made arrangements for funeral services which were held Thursday afternoon.

Burial was in the Walton Cemetery.

Simon Kenton F. H. A.

by Emma Bates and Barb Cook

The February Chapter meeting of Simon Kenton FHA was held on February 20 in the Home Ec. room.

President Cindy Willenborg conducted the session and other officers gave reports.

A guest speaker, Mrs. Grooms, from Northern Kentucky Vocational School, spoke on the opportunities of home economics careers at the school. Her talk was very informative and interesting.

Barb Cook gave Mrs. Grooms a gift from the chapter as a token of their appreciation.

The meeting was then adjourned and refreshments were served.

Public Works Project

A federal bill authorizing certain public works projects across the country, including eight in Kentucky and one in this area, has gone to the President for consideration.

Projects to be considered in Boone County are—\$975,000 to repair flood damage to River Road at Rabbit Hash or relocate the road;

Repair or relocate Huff Road at Hamilton Landing;

Construct streambank protection works to prevent future erosions along the Ohio River.

Six Kentucky Easter Seal Centers provided speech or hearing services to more than 3400 Kentuckians in 1973.

Clever Leaf 4-H Club Elects Officers For 1974

The Clover Leaf 4-H Club held their February meeting at the Zimmerer residence, 124 Pelly Road.

This is a newly organized club under the direction of Mrs. Campbell, Mrs. Bentley, and Mrs. Zimmerer.

The officers are:

Martha Zimmerer—president;

Carrie Poe—vice president;

Kathy Campbell—secretary;

Kim Brueckner—treasurer; and

Connie Bentley—public chairman.

Martha Zimmerer gave a demonstration on the three kinds of horses and how to care for them.

Refreshments were enjoyed by the seven girls present.

The next meeting will be at 720 Rickey Lane on March 11.

HAPPY HELPERS MEETING

The Happy Helpers Class of the Walton United Methodist Church held their regular meeting on Tuesday evening, February 19 at the church with Anna Mae Simpson and Lawrence Lemon as the hosts. A report on the rug fund was given.

Bruce Wallace and Steve Morgan showed a film entitled "High Roads".

Delicious homemade cakes and ice cream were served to—Mr. and Mrs. Steve Morgan, Mr. and Mrs. Bruce Wallace, Mr. and Mrs. Charles Carlisle, Mr. and Mrs. Claude Wallace, Lawrence Lemon, Mrs. William Brown, Mrs. George Stuard, Mrs. Mary Stephenson, Mrs. Lee Naive, Mrs. Edith Hamilton, and Mrs. Charles Ammer.

Hostesses for a March meeting will be Mr. and Mrs. Charles Carlisle and Mr. and Mrs. Claude Wallace.

COUNTY AGENT'S 1/2 ACRE

JOE CLAXON

A liming program that is based on the needs of the soil is an important step in building and maintaining a productive soil.

Maximum returns on the fertilizer investment and the most economical production of crops can not be obtained unless the acidity of the soil is maintained within desirable limits.

The degree of soil acidity affects the availability of certain elements in the soil. As soil acidity increases, several potentially toxic elements become soluble—particularly iron, aluminum and manganese. In some soils that are moderately to strongly acid, aluminum and manganese may be available in sufficient quantities to be toxic to plants (example, manganese toxicity of tobacco).

Furthermore, in such soils the iron and aluminum may combine with phosphorus to form insoluble compounds and thus reduce the availability of phosphorus.

On the other hand, when soil acidity is reduced by liming, the concentration of the toxic elements can be reduced sufficiently to prevent crop injury and some of the essential plant nutrients (phosphorus, molybdenum, calcium and magnesium) are made more available to plants.

While it is essential to lime acid soils, excessive liming or liming soils that are not acid should be avoided. If land is limed excessively, the phosphorus will combine with the calcium to form insoluble compounds (basic calcium phosphates), thereby reducing the amount of available phosphorus. However, phosphorus fixed in such a manner is often released as the soil becomes more acid in nearby neutral soils, so that the micronutrients are rendered insoluble and deficiencies may result. This is especially true of zinc, manganese and iron.

Have your soil tested so that you may properly lime it and save on the high cost of fertilization.

WILLING WORKERS MEET

The Willing Workers' group of the Walton Christian Church met Thursday, February 28th at the home of Mrs. Walter Whitson with Mrs. John Gault as co-hostess and assisted by Mrs. Jack Rosenfeldt, daughter of Mrs. Whitson.

A beautiful and delicious potluck dinner was served at noon.

Mrs. Lula Huey gave the devotional. She chose several verses of scripture and brought out some salient facts as "Are we hindering God from hearing us?" She said, "Do not be anxious about today, tomorrow will take care of itself." She listed various uses of our hands as working, creative, praying, healing and guiding. What use do we make of our hands?

Those present besides the hostesses were: Rev. and Mrs. Ira Richard Harris; Misses Rachel Acree and Mary West; Mesdames Lillian Acree, John Campbell, Bob Eisenhardt, John Gault, Lula Huey, Jack Rosenfeldt; Mrs. Irvin of Lawrenceburg and Rev. and Mrs. Jack Russell of Lexington.

The March meeting will be at the home of Mr. and Mrs. W. W. Rouse if Bedinger Avenue.

PILLOW SLIP SOCIAL

A "pillow slip social" for the benefit of the Sisters of St. Cecilia Church will be March 10, 2 p.m.

Letter To The Editor:

Dear Editor,

Enclosed is \$4.00 for another year's subscription. Have enjoyed news from home this winter so much.

—Thanks,

Mrs. J. H. Wood

Walton Keen Age-Club Sees Film, Plans A Trip

The Keen Age group met for their monthly meeting on Feb. 18th at Walton Baptist Church.

A delicious covered dish dinner was enjoyed by all.

A short business meeting was followed by a devotional by Rev. Robert Sheffield, based on the four Gospels' description of how Jesus thought and lived. He urged each to use these instructions in one's own life.

It was established to take a trip by church bus to Eden Park to visit the conservatory and the Museum of Natural History.

They will go to the Celestial Restaurant for lunch on March 18, leaving from the church by 10:00 a.m. that day.

Miss Laura Barnett of Erlanger showed slides of the senior citizens group she works with. They have made several trips over the past year, including an over-night trip to Mammoth Cave.

A valentine exchange was enjoyed by the following—Louise Callen, Fanilla Adams, Earl Works, Rev. Bob Sheffield, Lil Young, Elizabeth Jones, Jesse Hoffman, Berdella Powers, Lucita Neumeister, Francis Code, Clara Presser, Leona Jump and Gaynelle Flynn.

Low Bid On Signing

The Kentucky Department of Transportation today received an apparent low bid of \$140,926.16 for signing of the Lexington-Covington road (I-75).

The project involves placing "wrong way" and "exit number" signs from the Scott-Garrett County Line north to the Ohio River.

The project is scheduled for completion by December 1, 1974.

The apparent low bidder is Belco, Inc. of Lexington.

Formal award of a contract on the project will be made after all the bids are reviewed by the Bureau of Highways' Awards Committee.

BEECHGROVE HOMEMAKERS

Two visitors, members of the new Boone County Lamplighter's Club, Mrs. Judy Arlinghouse and Mrs. Hazel Letcher, were very welcome guests at the February meeting, held in the home of Mrs. Minnie Letcher.

She gave the devotional entitled "take time," something that most of us should do.

The meeting was unusual due to the fact that the lesson on "Small Appliances—care, repair and uses" was given by Mrs. Alice McFale and Mrs. Ronnie Mutch before part of the business meeting. These two ladies demonstrated how to use a blender and to make a fondue. Everyone present were quite delighted with the appetizers that these ladies prepared. After a very filling

lunch, prepared by Mrs. Letcher, the business meeting was completed.

Mrs. Henrietta Endres, the "auctioneer", then began getting bids on articles which had been brought in for a white elephant sale.

Members present other than those named above were Mesdames Ruth Ann Andres, Pat Blanton, Margaret Dickson, Joan Ellis, Carrie Hall, Ruth Kelly, Georgiana McFale, Ruth Powers, MariAnn Schepers, Betty Skelton, Connie Schneider, Judy Spegal, Loretta Sterbling and Ann Wolsing. Compassion is expressed to absent members due to illness.

The March 21st meeting will be at the home of Mrs. Loretta Sterbling with Mrs. Ann Wolsing as co-hostess.

WAYMAN'S 1974 LISTINGS

GALLATIN COUNTY — 5 ACRES

Level, 10-room frame home, not modern. Ideal setting. Two cisterns. Plenty of trees, corner location. Full price \$19,750.

GLENCOE EXIT

Two miles to Rocky Branch, off Rt. 127, 2 miles to U.S. 42. Three unimproved tracts of land—No. 1—26 acres, 700 feet road frontage. No. 2—23 acres, 500 feet road frontage. No. 3—21 acres. Land lays level to rolling. Wonderful building sites, high and dry. Watch traffic flow from I-71. Full price \$800 acre, 80% financing, with balance 8 1/4 %.

MOFFETT ROAD

One mile off Route 17. 11 acres, unimproved, good fence, land lays level to rolling, nice spot for new home. Could park mobile home. Price \$1100 an acre.

BRAMLAGE ROAD

On Route 16 near Nicholson. 20 acres, new barn, land lays level. Ideal spot for home. Full price \$26,500.00.

ALEXANDRIA STATION ROAD

Off 177, 1 1/2 miles. 50 acres, barn 36x58. Milk house, cistern, pond, land lays level to rolling. 30 acres cleaned. 1200 pounds tobacco base. 25 acres hay. Price \$27,500.

HARRISON COUNTY

Two miles off Route 35, 224 acres, tobacco barn 48x72. 60 acres ridge, 1000 feet blacktop road, 6500 pounds tobacco base. Could be used for farming, or small game reserve. Nice place for building site. Price \$325 acre.

Hudson Bay Post, A Different Shop

The Hudson Bay Post is a new handicraft and gift shop recently opened at 99 North Main Street in Walton. It is open 10:00 a.m. until 6:00 p.m., Tuesday through Saturday and offers craft classes on Tuesday or Thursday evening.

The Hudson Bay Post is owned and operated by Sam (Marvin) and Sharon Hudson who also do refinishing, upholstery and seat caning.

"We have many unique gifts and crafts you can't find this side of Cincinnati," smiles Sharon, proud of the high-quality merchandise. She also says this work is fully guaranteed though their space is limited right now.

Stop in for a look at the items for sale and have a cup of coffee while you chat with the Hudsons.

DECA Member Is Top Winner In State

The Walton-Verona High School was represented at the Kentucky State DECA Conference in Louisville on March 8, 9 and 10 with ten students and two advisors in attendance.

Cathy Disney was in the top five finalists in "Window Display" and was the only regional member of Northern Kentucky in the top finalists.

Those students attending the conference were Miss Disney, Tom Webster, Karen Gadd, Danny Black, Brenda Spencer, Daryl Martin, Rita Berkemeier and Terri Solomon.

Congratulations to all the DECA members for a fine job in contests and all other DECA activities this year.

A special thanks to the American Legion Auxiliary, Walton Lions Club, Wa-Na Club, Walton-Verona PTA and Walton-Verona Student Council for the support they gave in making the trip possible.

REPORT . . . from the General Assembly

By Clyde Middleton
It has been an eventful week! As the pace of legislative activity reaches flood proportions, time spent on the floor of the senate, in committee and in informal discussion of issues with constituents, lobbyists and other legislators becomes enormous.

Furthermore, every person involved in the process is now aware of the fact that any delay in a bill's movement through the legislative process probably means that it won't be passed before adjournment.

PARENTS SIGNING FOR A MINOR'S DRIVERS LICENSE
It is with great joy that I report the final passage of a bill to allow either parent to sign the application for their minor young

Surplus Items?? Spring Clean Up??

Direct your junkie to the retarded program. Col Carl Eley and James Kennedy, auctioneers, will turn trash into cash at an auction and Flea Market on May 18 at Riverside Good Counsel Center for the Retarded.

Give them your old keys, books, kettles, bikes, bottles, birdcages, dolls, dishes, frames or furniture. No item too small for the collector. For pick up in your area, call 871-6136 or bring the items to Riverside Good Counsel, Sanatorium Road, off Kyles Lane, Fort Wright, Kentucky.

The event is sponsored by the Northern Kentucky Association for the Retarded.

Special Meeting

The American Legion and the American Legion Auxiliary are having a special meeting March 14th at 8:00 p.m. at the Legion Hall on High Street to discuss plans for a "ham shoot."

CHAMPIONSHIP AT STAKE

On Thursday night, March 21, the Walton-Verona faculty will match their basketball skills against the Athletic Boosters Club.

Leading the faculty into battle will be "Hot Shot" Klopp, "Legs" Gale, "Big Hook" Munnie, and "Drill Bit" Saylor.

Leading the Boosters into action and matching Saylor bit-for-bit will be "Painless" John Maddox. An added attraction for the Boosters will be "General" Sargeant, Bill "Hula Hoo" Leicht and Jim "Leadfoot" Bonar.

The preliminary game will feature the girls basketball team paying a combination of the Walton-Verona female faculty and the lady boosters. The ladies game will start at 6:30 p.m.

The admission price will be \$1.25.

Autographs will be signed during half time.

Advance tickets may be purchased at Benton-Bonar Department Store.

Quartet At Beaver

The Gospel Reporters Quartet will be at Beaver Baptist Church on Sunday, March 17 at 7:30 in the evening. Everyone is invited to attend for good music.

PTA Meeting March 21

The Piner PTA will meet on Thursday, March 21 at 7:30 p.m. The program will consist of the children demonstrating physical education activities they do at school.

Mr. Webb will talk on the P.N. program for teachers.

Walton Lodge To Meet

Walton Lodge No. 719 F&AM will meet Thursday, March 21 at 7:30 p.m. All members are urged to attend, visitors are welcome.

person to obtain a drivers license.

I reported to you earlier that I had entered such a bill after hearing of Bev Scott's difficulties under the present law. This law permitted only a father to sign the application, but not the minor's mother. Sex discrimination if I ever saw it! And mighty bothersome, too, when a father's hours of work prevent his doing so during court house hours. The reason why the law was written that way became apparent, however, when I got objections that liability for the negligent damages caused by a minor driver would be on the mother only. This was taken care of by changes in other sections of the statutes, and the bill passed easily. It still must get to the House for concurrence in the Senate amendments, but that should be no problem.

THE BOONE-GALLATIN JUDICIAL DISTRICT

A new Circuit Court District was created for Boone and Gallatin Counties when HB-7 was passed by the Senate on February 19 and signed by Governor Wendell H. Ford on February 26. This was the bill prefilled by Rep. Bill McBe. I was co-sponsor of a Senate Bill (SB-162) to create such a district, but I got objections during my re-election campaign to do so. The Senate Bill was in committee and about to be reported out when the House Bill for this reason, Sen. Eastery, the other sponsor of SB-162, and I worked for passage of the House Bill in the Senate. It was reported out of committee immediately, and passed the Senate by a vote of 36-0. I believe that the creation of this new district will provide access to the courts for the citizens of Boone and Gallatin Counties, and represents another step forward for this fast growing area.

Very Important Parents

Two VIP (Very Important Parents) awards were presented at the Founder's Day meeting of the Ryland Heights PTA.

Mrs. John Mason and Woodrow Mills were each presented the VIP pin and certificate for their outstanding service in the school, community and especially the Parent Teacher Association.

No Split Sessions For Kenton County

Kenton County school administrators are back at work planning a program to house the approximately 11,000 students during the next school year.

"The return to the drawing board followed a decision of the school board not to institute double sessions at Simon Kenton and Dixie Heights High School.

Rejection of the recommendations means classes will continue to be housed much as they are this year. However, school officials said some changes may be necessary.

Under the split session proposal, schools would be returned to former plans with middle one elementary schools being re-established. Room also would have been made available for special education classes.

Walton Squad Runs

Feb. 21, 1613—Motorcycle accident near Big Bone Park, Mrs. Donnette McNeill, 19, Erlanger, injury to left leg and shoulder, to St. Elizabeth Hospital.

Feb. 24, 1210—Charles R. Wood, 54, Mt. Zion Road, possible CVA, to Booth Hospital.

Feb. 28, 0150—Claude Perry, 46, Crittenden, breathing difficulty, to VA Hospital in Cincinnati.

Feb. 28, 2040—Stanley Bromley, 57, Dry Ridge, auto accident on U.S. 25 south, to Grant Co. Hos.

March 3, 0015—Auto accident on 358 near U.S. 42, Virginia Gray, 45, Walton, possible back injury, to St. Elizabeth; Danny Hodges, 31, bruised eye, small leg cut.

March 6, 0100—Ross Scott, 75, Route 2, home accident, St. Ellis.

March 8, 1630—Eleanor Smith, 82, Union, chest pains; Jewish Hospital, Cincinnati.

March 8, 1101; Paul Fulton, Big Bone, intoxicated, refused aid.

March 9, 1400—Stanley Jackson, 22, Florence, motorcycle accident on Verona Road, possible fracture of left ankle, to St. Elizabeth.

FIRE CALLS

Feb. 24, 1630—Fire in floor near fireplace at Ed Glass property, Richwood.

March 4, 0215—Stand-by for Independence.

March 5, 2006—Car fire at I-71 exit onto I-75.

Cancer Society Meeting

Mr. and Mrs. William S. Jordre, Boone County Cancer Crusade chairman, announce the Kick-Off meeting for Saturday morning at ten o'clock at the Boone County Board of Health Building on Woodpoint Road. A complimentary continental breakfast will be served.

Dr. J. F. Daugherty, who is the medical advisor for the Boone County Unit and who is also active with the Cancer Clinic at Booth Hospital, will be the guest speaker.

Kids for volunteers will be available at this meeting. All citizens and as many volunteers as possible are urged to attend. Maps covering area assignments will be given out.

Co-Op Plan Aims For Higher Farm Prices, Lower Costs To Consumers

By Bob Cooper

A unique combine here hopes to begin early next summer a project aimed at raising prices farmers get for their products and lowering the prices the consumer pays for them.

The first move will be the opening of a meat processing plant at Columbus, to be operated as a cooperative by farmers within a 60-mile radius.

At the same time, four food outlets—at Lexington, Somerset, Ashland and Covington—will open to sell farm products to consumers, who also can join the cooperative.

And a related project already is underway to make it possible for farmers to grow and sell fresh vegetables in the winter through use of a greenhouse-like plastic bubble.

"Eventually, we will have six meat processing plants around the state and six retail outlets," William P. Faulkner, executive vice president of Interrelated Industries, Inc., said.

Long Shipping
The idea to eliminate long distance shipping and pass on the saving to both the farmer and the consumer," he added.

Faulkner explained that present practice is for Kentucky cattle to be shipped to the Middle West, fattened there on feed lots and then be slaughtered, with the meat shipped back here.

"We will encourage the farmers to fatten their own cattle, since the processing plant will be just a few miles from their homes," Faulkner said.

Faulkner also is president of Day Star Corp., which manufactures the plastic bubbles under which such crops as tomatoes can be grown in the winter.

A bubble covers one-eighth of an acre or about 1,500 tomato plants and on that a man can get about the same income as he does for two to three acres of tobacco it is reported.

His company has tried out the project and figures profits should range from \$890 to \$3,860 if the crop sells at 30c a pound and \$4,160 to \$8,360 at 40c a pound for each of two crops a year.

Interrelated will set up collection points throughout the state to collect the farm products, which then will be sold either through their retail outlets or to commercial grocery stores for resale.

Interrelated retail outlets, to be called "farm food lots," will be open to the public, but those who are members of the cooperative will get an annual dividend plus a discount on what they buy.

"We already have more than 1,000 farmers in this program, so you can see that we have got a big supply and it is getting bigger each day," Faulkner said.

"One reason why we think this is important is that more and more farmers are going out of business every day and there eventually could be a food shortage," he said.

"We feel like if we can help these people make a better profit by doing the marketing for them, we can keep people in agriculture," he added.

Day Star Corp. also has a patent on a new container for vegetables that Faulkner says can keep lettuce fresh for a month or more or hold tomatoes up to a month if it is recooled periodically.

"We are in the experimental stage now in Florida shipping cobs to Rotterdam and grapefruit to Japan," he said. These containers can be carried on a farm truck as a harvest is made, saving repacking time.

Softball Team

Sponsors Bake Sale

All Saints Women's Softball team is sponsoring a bake sale. The bakes will be on March 23rd and March 24th to help defray expenses for entry and umpire fees and also baseball equipment for the coming season. The public is invited.

Honored For Service

Mrs. Kidwell and Dr. Utz

Mrs. Gilberta (Bert) Kidwell, secretary for the Kenton County Cooperative Extension Service, was recently recognized by the University of Kentucky for eight years of service to Kenton County. She is shown in the above photo receiving a silver charm from Dr. Alan Utz, Northern Kentucky Area Extension Director.

Mrs. Kidwell serves as secretary and receptionist for the Kenton County Extension Office in Independence. The Kenton County Cooperative Extension Service of office educational programs in agriculture, 4-H, home economics and development. Her farm background, and experience in 4-H and home economics, plus the enthusiasm she has for the job, have contributed greatly to the Kenton County Extension Program.

Mrs. Kidwell is married to Franklin Kidwell, they have three children—Donna, Greg and Carla.

SOMETHING NEW

Synthetic Covers

With cotton covers for tobacco beds in short supply, synthetic covers are now on the market in the burley belt.

The synthetic covers have been tested for three years and will produce plants rapidly with proper management.

The synthetic covers are usually referred to as nylon covers. The ones offered for sale last year were extremely fragile, but the ones offered this year have been increased in weight by 25% and have been reinforced at the seams and edges.

It is reported that beds with these covers produce plants ten days to two weeks earlier than cotton-covered beds. They seem to hold in more heat and moisture, which speeds up the growth of the plants.

When synthetic covers are used, the beds should be treated, seeded and handled in the normal way, however, the beds getting the synthetic covers should be the last ones seeded.

At seeding time, these covers should be placed directly on the beds without any wires, poles or bottles to hold them up. The covers should not be stretched when pegged down because they expand and contract according to the temperature.

Synthetic covers cost about half as much as cotton covers. A few growers have used them for two seasons. However, they were originally developed for only one season's use, only about 50% of the nylon threads are left after one season.

PROMOTED IN WASHINGTON

William Shelton (Bill) Lawrence has been promoted to Specialist Four while serving with the U.S. Army in Fort Loeis, Washington. S/4 Lawrence is a supply clerk with the Military Police.

He and his wife, Lisa Clay (Haddix) live in Tacoma, Washington. Bill is the son of Mr. and Mrs. James Lawrence, Walton; and Lisa is a daughter of Forrest Haddix and the late Mrs. Haddix, Taylor Mill.

FIRE DEPARTMENT FISH FRY FRIDAY NIGHT 5:30

The Ladies Auxiliary of the Independence Volunteer Fire Department, with the able assistance of the firemen, will sponsor a "Fish Supper" on Friday, March 15 at the firehouse from 5:00 to 9:00 p.m.

Fish or Barbecue set-up in-

Grand Opening Of Senior Citizen Center

A Grand Opening of the new Walton Senior Citizens Center will be held Thursday, March 21st at 1:00 p.m. at the Walton Christian Church with entertainment and refreshments. The public is invited.

The Center is sponsored by Senior Citizens of Northern Kentucky and will be open each Thursday and Friday from 10:30 to 2:30. All residents of Boone County over 60 years of age are urged to become members and participate in activities that are being planned.

Miss Ware, whose family resides in Boone County, will be the center director.

For additional information, the office number is 491-0522.

Miss Stephenson Is F. F. A. Secretary

Shirley Stephenson was in Shelbyville last Tuesday for the regional meeting of the FFA and the electing of new officers. She was elected secretary of this region. That will bring that smile out more than ever on that pretty face of hers.

Miss Stephenson, 16, is the daughter of Mr. and Mrs. Eugene Stephenson, Union, Kentucky.

Shirley was the district winner of conservation sponsored by the Courier-Journal.

In 1974 her essay on conservation was chosen winner out of 15 counties in regions 6, 7 and 8. Shirley was the 1973 "Sweetheart of Boone County FFA."

Included in her hobbies are cooking.

Her life's ambition is to work with animals as a veterinarian.

Training Classes

Interested nursing home aides and area homemakers are invited to attend basic health concepts and fundamentals of nursing skills in a "Care of Sick and Injured Home Nursing" training course offered by the Cincinnati Area Red Cross Nursing and Health Programs.

Three courses are offered with the first class beginning March 11, 7:30 to 9:30 p.m. Similar classes will get underway March 18 at 10:00 a.m. to noon, and a Tuesday class scheduled to start March 26, 1:00 to 3:00 p.m. All classes will meet once a week for six weeks at the Red Cross Memorial Building, 729 Sycamore Street in Cincinnati.

Call 721-2665 to register for training to give the best possible care to the sick with minimum effort on your part.

Gospel Singing

At Greenview Baptist

There will be a "gospel sing" at Greenview Baptist Church in Florence, Kentucky on Saturday, March 16, at 7:30 p.m.

The Gospel Reporters Quartet will be featured and there will be other singers.

You are invited to attend for a great evening of worship and fellowship in the Lord. Everyone is invited.

Knothole Draft

Boone County Knothole, on Saturday, March 16, will conduct a draft of boys who have registered to play Knothole baseball this season. The draft will be held at the Boone County High School parking lot for boys in Florence and Union areas.

The Class D draft will be at 10:00 a.m. for boys 6 years old through 9 years old. Boys cannot turn 10 years old before Sept. 1.

The Class C draft will be at 1:00 p.m. for 10 and 11 year old boys. Boys cannot turn 12 years old before Sept. 1.

The Class B draft will be at 2:30 p.m. for 12 and 13 year old boys. Boys cannot turn 14 years old before September 1.

The Class A draft will be at 4:00 p.m. for 14 and 15 year old boys. Boys can't turn 16 before Sept. 1.

The draft for boys in all age groups in the Burlington, Hebron and Bellevue-Petersburg areas will be held at Comer Senior High School parking lot at 4:00 p.m. Saturday, March 16.

Any persons interested in being an umpire this season may register at the drafts.

Is Your Subscription Paid?

cluding dessert and drink will be about \$1.75.

Hot dogs, fish or barbecue will also be available separately.

Proceeds from the event will go towards the new ambulance just purchased. Everyone is welcome for an evening of enjoyment.

NOTICE TO PUBLIC

Owen County Rural Electric Cooperative Corporation has filed with the Public Service Commission of Kentucky a notice to include a Fuel Adjustment Clause in certain rate schedules. A Public hearing concerning this matter will be held at the offices of the Public Service Commission in the Capital Plaza Tower, Frankfort, Kentucky, on March 20, 1974, at 10:00 A.M. Central Daylight Time.

This Fuel Adjustment Clause, to be effective on the first billing following March 20, 1974, will be applicable to the following rate Schedules:

- Rate 1 — Farm and Home Service
Rate 2 — Small Commercial and Small Power

Fuel Adjustment Clause

The above rate may be adjusted (increased or decreased) each month on a KWH basis so that the total pro rata adjustment will equal the total applicable dollar amount of fuel cost adjustment in excess of (or less than) 15 mills per KWH, as applied per the Seller's wholesale power contract in the preceding month.

Owen County Rural Electric Cooperative Corporation
501 Georgetown Road

Honored With Trophy

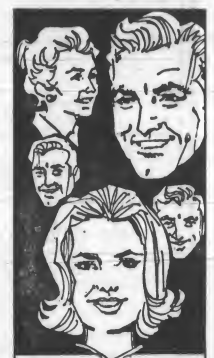

Adrian McMillan, sales manager of the Independence staff of the Newport Agency has qualified for Commonwealth Life Insurance Company's exclusive "Sales Manager's Half Million Dollar Circle" for the second year. He led his staff to outstanding placement of life insurance protection on the lives of area residents during 1973.

He was also named winner of the company's "1973 President's Trophy."

In winning the trophy, Mr. McMillan and the members of his staff displayed the highest operational efficiency of any staff in their class by showing dedication and ability in providing insurance protection for persons of this area.

The Independence office is in the Bank building on Main Street.

Oak Island Homemakers

The March 4th meeting of the Oak Island Homemakers Club was held at 1:00 o'clock in fellowship hall of Oak Island Baptist Church.

Following rolls and coffee, the president, Mrs. Betty Gobel, conducted the business session.

Plans for a work day on "handicraft" were made. The members will meet 10:30 March 11 at the church.

The spiritual guidance on the topic "Five Important Minutes" was given by Mrs. Leontine Stephens. Her scripture selection was James 5:13-18. She said: "Before children go out to play or leave for school, '5 minutes' would enable a mother and children to bow together before the Lord." The thought of her devotion was "The Family That Prays Seldom Strays."

Mrs. Nancy Peebles was welcomed to the meeting.

Leaders for the month's project—"Mental Health of Children"—were Mrs. Lydia Huffaker and Mrs. Leontine Stephens.

They presented the effects of the personality of a mother on her baby's mental health. The categories discussed were: the competent mother; the overwhelmed mother; the rigid mother; the mother who almost makes it; the negligent mother and the smothering mother.

Members and guest answering roll call were: Miss Elma Taylor and Mesdames Elizabeth Barberick, Dixie Dressman, Betty Gobel, Glenda Jackson, Mary Jackson, Lydia Huffaker, Margaret Rector, Nancy Peebles, Betty Rucker and Leontine Stephens.

Kenton County Garden Club

Mrs. Ralph Gouge was hostess at her beautiful country home on Madison Pike in Independence, for the February 28 meeting of the Kenton County Garden Club.

Mrs. Wesley Hall, president, conducted a short business session. She appointed several committees for the year 1974-1975.

Members answered roll call by giving a "bit of bird history." "A Pattern for Living" was the topic selected by Miss Elma Taylor for her devotional. She said materials needed were: love, kindness, faithfulness, forbearance, a sense of humor and a "zip zipper." She quoted several scripture selections to support her comments.

Miss Margaret Stephens read the club's resolution on the life of a club member, Mrs. Francis Keeney, deceased. Mrs. Hall led the group in prayer in memory of Mrs. Keeney.

Mrs. Gouge, program chairman, introduced the guest speaker, Mr. Edwin Damon of Independence. He and his wife recently spent three weeks touring Somoa and Hawaii. He presented a most interesting travelogue of their trip—with slides, Somoan artifacts and informative comments.

Those present were Mesdames Margaret Stephens, Alice J. Williams, and Elma Taylor; Mesdames Wesley Hall, Forest Popp, F. M. Powers, Leontine Stephens, William Straw; Mr. and Mrs. Chalmers Ballinger; Mr. and Mrs. Ralph Gouge, Edwin Damon and Marion Schaeffer.

At the close of the meeting a delicious dessert course was served by the hostess.

To Meet On March 28

The March 28 meeting of the club will be at the RECC building at Nicholson, with Miss Alice Jane Williams and Mrs. William Guttridge co-hostess. The program will be presented by Jack Lynn of the Wildlife Conservation Department of Kentucky.

FORCED BUSING . . .

By Gene Snyder

Today, millions of American parents find themselves and their children locked in the all-too-real dilemma of court-ordered busing. Probably nothing in many decades has caused as much disruption in the private lives of our citizens as has the compulsory transportation of school children to distant schools despite the existence of schools of equal or better quality in their own neighborhoods, just as forced school integration the way some judge or judges want to see it.

I opposed this crazy kick of our Federal courts long before the school systems of Louisville and Jefferson County were ordered to set up a new "desegregation" plan which would necessitate widespread forced-busing. Though the Sixth Circuit Court did not specify the use of forced-busing in its December 28th decision, there seems to be no other way that the racial balance in the schools which the Cincinnati Court is demanding can be achieved.

In my presentation to the House and to the Senate Subcommittee I cited the 1972 findings of Harvard Professor of Sociology, David J. Armor, which showed that integration of black students in white schools by way of forced-busing was a failure. He set forth facts demonstrating this failure in four areas:

- 1—Academic achievements;
- 2—Aspirations to improve themselves;
- 3—How they rated themselves;
- 4—And race relations.

Armor showed that tension in race relations were actually heightened, rather than lessened as a result of forced-busing. He showed that the achievement gap between black and white students grew larger, not smaller.

Acknowledging subsequent criticism of Armor's findings, I have testified that the very great disagreement between sociologists themselves was ample proof of the absurdity of a Federal Court using any given set of one-sided sociological data as a basis for what are supposed to be legal decisions.

Easter Seal Research
Why is one child in 50,000 born with "brittle bones" (Osteogenesis imperfecta)? The Easter Seal Research program seeks the answer.

Words Of Commendation—

To you: Members of Verona Volunteer Fire Department, who leave the comfort of your own home and family to respond to fires and other emergencies precipitated not only by unavoidable conditions, but also resulting from careless smokers or Demented arsonists as well, we say "THANK YOU."

—MARION A. WALLER AND FAMILY.

Especially do we express our appreciation for your response to and control of the hay rack fire recently on Monday morning at 3:00 a.m. Again, thank you.

Overweight Cars

Small, slim cars were the style a few years ago. But some cars have been putting on pounds since, guzzling more gas and spouting pollution.

A "typical" standard-size car, for example, gained almost a thousand pounds from 1965 to 1973. Gas mileage for the typical car dropped 20 percent for that period.

Car manufacturers blame air pollution controls for the gas mileage drops. But government's Environmental Protection Agency assembled data on more than 2,000 different models over a 15-year period. EPA concluded that weight, not pollution controls, is the biggest cause of declining gas mileage—with air conditioning, pollution controls, and automatic transmission following in that order.

Air conditioning, the EPA says, cuts fuel economy about 9% for a full-size car; this can reach 20% on a hot day in urban traffic. And automatic transmission reduces gas mileage another 5%.

Fat cars are the ones using more fuel in an energy crisis, pumping more noxious gases into an already polluted atmosphere, and chewing up more space on our bulging highways. For slim cars weighing in at 3,500 pounds or less, fuel economy has actually improved.

As "typical" cars go up in weight and down in fuel economy, the buying public is taking note. Ford reports that 38% of the new cars sold in the first quarter of 1973 were smaller than typical size, compared with only 21% in 1969.

Driving smaller, lighter cars and using open windows to keep cool on hot days is one way to cut gas guzzling and pollution. Leaving your car at home when possible and using public transit is another good way to fight air pollution.

STAFFORDSBURG

The weather is about as confused as the people. Spring hasn't begun and we are having summer weather. Tulips are way up. Roses, lilacs, honeysuckle and maple trees are putting out leaves. Just hopeful we don't get a cold spell. Maybe a higher power is helping out with the energy crisis. We haven't had to heat for a few days.

Gladys Cook had to be taken back to the hospital from the rest home. She doesn't seem to be improving.

Mr. and Mrs. Kline Gordon had been to Cincinnati and stopped by on the way home and visited the D. Ballingers.

We hear wedding bells will soon be ringing around here for three or four couples.

If you have any news for the paper, please call Mrs. Dawson Ballinger.

CARD OF THANKS—

Thanks to everyone who sent flowers, cards and visited me at the hospital. Special thanks to my children; Bro. Sheffield; Bro. Winters; Gaynell Flynn and Vi Bodkins.

Sincerely,
AURELLA DAY 1*

Tree Planting Pays

This year marks a new milestone in the forest incentive program. Ten million dollars has been set aside nationwide for the improvement of existing forest land or the establishment of new timberlands.

Now, a landowner can receive 75% of his total cost of planting and improvement work, not to exceed the limits of—

—\$30.00 per acre for preparing a site prior to planting;

—\$50.00 per 1,000 seedlings, which is the normal, recommended planting;

—and \$30.00 per acre for Timber Stand Improvement. This work must be done in accordance with a management plan developed by the Kentucky Division of Forestry. Application for cost-sharing assistance must be filed at the County Agricultural Stabilization and Conservation Service (ASCS) office.

Those interested in tree planting are recommended to contact the forester at Box 37, Stamping Ground, Kentucky 40379, phone 502-835-7741. Since planting has already begun, you must use great haste in order to plant this spring.

W-V School Menu....

March 18—Chili and crackers, peanut butter sandwich, a peach half, brownies, carrots, milk.

March 19—Salisbury steak, plus buttered corn, mashed potatoes, jello and cookie, bread, butter, milk.

Pinet Elementary School's basketball team placed third in the 7th grade Kenton County Invitational Tournament.

Pictured above, in their new uniforms purchased by the Pinet PTA, is the seventh grade team.

Top row, left to right—Ed children, Russell Roland, Coach Bradbury, Tony Roland, Darren Dressman.

Front row—Bill Terrell, Howard Gaylor, Barry Oliver.

Staffordsburg Homemakers

The Staffordsburg Homemakers met on Tuesday, March 5 at the REOC building. Mrs. Ballinger opened the meeting with prayer, followed by the pledge to the American flag.

Mrs. Ethel Mann gave the devotionals entitled "Five Important Minutes" and "Take Time For Ten Things."

Roll call was answered by the members giving "Memories of an old spring hat once worn and loved."

Everyone enjoyed the covered dish dinner which followed the business session.

The lesson on "Mental Health of Children" was given by Mrs. Victor Damico.

During the afternoon a game was played, an item was read on "hats", and birthdays were honored by song and a gift.

Fifteen members and four visitors were present, two of which became new members — Mrs.

Beulah Rider and Mrs. Jayne Nelm. Others in attendance were: Miss Amy Brautigan and Miss Jennifer Nitschke; Mesdames H. L. Faulkner, Nancy Brautigan, Chalmer Ballinger, Victor Damico, George Fennell, Bess Hill, Ethel Mann, Harold Nitschke, Lyda Rees, Tom Nitschke, John Shaw, Latham Wayman, Morris Wharton and Edith Ware.

Overcoming Hinderances To Church Growth

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 5:1-4 and 6:1-7)
Alexander Kirk was the United States Ambassador in Rome, Italy during the administration of Pres. F. D. Roosevelt. He was in Rome when Mr. Roosevelt died. In 1940 Mr. Kirk had seen the president carried to his cabin on his yacht in a condition of extreme exhaustion, very old and tired. But within an hour's time he came

out a new man, looking twenty years younger. This led Alexander Kirk to say of the president, "He had great interior powers of recuperation."

There can be no doubt that the church of Jesus Christ will experience its set-backs. Persecution from without and pretension from within. The great question for the church is: "Will she have

sufficient interior powers of recuperation?"

A Case Of Discernment
Dr. William Barclay says of this passage (Acts 5:1-4): "This is one of the stories which demonstrates the almost stubborn honesty of the Bible. It is a story which might well have been felt out because it shows that even in the Early Church there were very imperfect Christians. But the Bible refused to present an idealized picture of anything."

Ananias and his wife, Sapphira, are presented here in contrast to the generous and dedicated Barnabas. Barnabas had sold some land and brought the price he received and laid it down at the feet of the apostles. By this act he dedicated it to the needs of the people in the Jerusalem fellowship. It is very likely that Barnabas received much praise for this, though he was seeking the praise of men. Ananias and Sapphira also sold some possession and brought only a part of the price and laid it down at the apostles' feet.

Their act was one of hypocrisy. They were pretending that this was the total price of the possession they had sold. Peter detected the pretention and called Ananias's hand. Peter saw this act as instigated by Satan. He also saw it as an act of lying to the Holy Spirit. Ananias probably wanted to believe that he was making this gift under the direction of the Holy Spirit.

Peter reminded Ananias that there was no compulsion for him to sell the possession. It belonged to Ananias. After it was sold, no one could tell him what to do with the price. His sin had been pre-determined and deliberate. His sin was inexcusable and above all it was against God!

A Case Of Discrimination
Luke tells us of another problem that arose in the early church. The church was growing by leaps and bounds. There were Greek-speaking Jews in the membership. These were Jews who had been living outside of Palestine. The Hebrews would be those Jewish Christians who spoke Aramaic and lived in Palestine. The Hebrew Christians would have some difficulty accepting the Grecians.

There was an extensive program of distribution to the needy Christians in the early congregation. There arose a murmuring of the Grecians against the Hebrews because their widows were being neglected in the daily distribution of food and other needs. This always causes deep feelings in a church. Will the early church have the "interior powers of recuperation?" Will they be able to mend the rift in their fellowship?

A Case Of Discernment
The twelve apostles called the members of the fellowship together and laid the problem before them. The apostles saw a grave danger ahead. Not only was the fellowship being threatened but there was the temptation for the apostles themselves to get sidetracked from evangelism.

The apostles offer a suggestion. The congregation should seek out of their number seven men of honest report, full of the Holy Spirit and wisdom. These seven men would have charge of this daily distribution to the needy. The apostles would stick to praying and the ministering of the word.

The congregation gladly accepted this suggestion and selected seven men for this work. The names of the seven indicate that in all probability they were Greek-speaking Jews themselves. The seven were brought before the apostles. The apostles prayed and then there was the laying on of hands either by the apostles only or by the whole congregation.

The results of this effective move was that the word of God increased and the number of disciples multiplied in Jerusalem.

CORDIALLY INVITES YOU TO ATTEND ITS SERVICES

The Face of The Times

Wendy is the outdoor type . . . doesn't mind the wind in her face . . . hair blowing in the breeze . . . loves to ski and go mountain climbing. She's the picture of slightly-disheveled beauty. But bring her indoors—the first thing Wendy reaches for is a comb.

Disorder cannot mar beauty when there is a natural or reasonable cause. But the disorder that comes from irresponsibility or violence casts its ugliness over everything it touches.

Doesn't this mean a growing appreciation of the Church's vital role in our society? The dishevelment we see on the face of the times didn't happen with a passing gust of wind. We need—our world needs—the religious foundation on which a stable society must stand.

Indian Speaks To Woman's Club Here

The March 6 meeting of the Walton Woman's Club was held in the Walton Christian Church. A salute to the flag was given, followed by the "Collect" in unison, and the business session.

Announcement was made that the merchandise coupons are to be turned in to Mrs. Helen Belcher by the last week of March.

A paper drive is scheduled for April.

Mention was made of the convention of Federation of Women's Clubs to be held in Louisville May 7, 8, and 9. The Arts and Crafts entries are held May 8.

At the April meeting, any old costume jewelry is to be brought and given to Mrs. C. Thompson.

The report of the nominating committee for club officers for next year was made by Miss Louise Conrad. They are:

President, Mrs. James T. Cobb; vice-president, Mrs. Claude Thompson; secretary, Mrs. W. W. Rouse; treasurer, Mrs. Fay Conner.

The Spiritual Guidance was given by Mrs. Eugene Sizemore, who read from Psalms 1. She stressed the fact that a godly person will enjoy a happy family life. She also read a poem entitled, "Spirit of Life." The Lord's Prayer was given in unison.

Hostesses for the meeting were Miss Louise Conrad; Mesdames A. H. Gaines, Melvin Moore, and Jesse Calien. The tables were attractively decorated in Spring colors and flowers. A delicious salad course was served.

The guest speaker was Mr. Rai K. Minocha, a native of India. He is a graduate of the University of Allahabad, India, in the Engineering College and is now employed in the engineering department of OGE. His subject was "Hinduism—A View of Life." He spoke of the many changes that have come about in India due to exposure from outside influences, such as land reforms. All land formerly was owned by the rich, but now the poor have some ownership which has resulted in an improvement of their food, especially. He gave great credit to Mohandas Gandhi for these reforms. Their idea of morality is based upon their faith in their religion, and discipline of both body and mind. They are taught to live a virtuous and contented life, and to take the right action toward others. Their motivation is from nature and their mental states—that is—to do something because it is right.

They consider honor and power the lowest motivation of life but sacrifice is the highest. Many of their people live to be quite old but their chief motives are to condition themselves to their purpose in life, which is to raise a family, to have devotion for their religion and thus meet their problems by devotion to others.

After their life is to achieve active spiritualism here, in order to work upward to a higher state of perfection after death.

Mr. Minocha feels that they are becoming more liberal in their schools and colleges and are developing a sense of unity.

Home Gardens—Part I

Sixteen elements have been found to be essential for plant growth. Three of these elements, Carbon (C), Hydrogen (H), and Oxygen (O), come from air and water. The other 13 elements are essential for good plant growth and good yields must come from the soil. It is therefore very important that all of these 13 elements are in the soil in adequate amounts and in proper balance for good plant growth and good yields.

Nitrogen, phosphorus, calcium, potassium and magnesium are referred to as macro-nutrients because they are required in relatively large amounts by plants. The other necessary elements are considered to be micro-nutrients since they are utilized in relatively small amounts in relation to the other elements. In general, we do not need to apply micro-nutrients since there are usually adequate amounts in the soil.

The home gardener should be particularly aware of the macro-nutrient requirements by vegetable crops and make arrangements to see that his soil has an adequate supply of these elements. He may do this by having an analysis run on the soil. A representative soil sample should be taken from several locations in the garden.

A spade, clean bucket and small paper bag are the only equipment needed in collecting samples. The spade should be used to remove a thin slice of soil from a hole 6 to 8 inches deep. A similar sample should be taken from 7 or 8 separate locations in an average garden. The samples should then be put in the clean bucket and mixed thoroughly.

About ½ a pint of this soil sample should be placed in the paper bag and taken to the Boone County Extension Agent's office in Burlington. The standard test will reveal the need for lime, phosphorus and potassium. Lime will provide calcium and also help to neutralize acid soils.

Boone County League Of Girl's Softball Signup

On March 16, there will be a sign-up and draft at Boone County High School Parking lot for any girls interested in playing softball for the Boone County Girl's Softball League.

The Junior Division sign-up and draft will be at 9:30 a.m. for any girls who will be nine years old before May 1, 1974 and will not be thirteen years old before September 1, 1974.

The Senior Division sign-up and draft will be at 11:00 a.m. for any girls who will be thirteen years old after August 31, 1974 and will not be seventeen years old before September 1, 1974.

The girls registering must be a resident of Boone County with the exceptions of Cherry Hills and Spring Meadows which includes parts of Kenton County. The girls who played in the 1973 season will not have to attend this draft, they will be contracted in the near future by their managers.

All girls registering should bring a ball glove to be used in the sign-up and draft.

For more info call 371-6225.

DEATH

ELIZABETH MARDIS, 91, of 468 Riggs Road, Independence, died at 7:30 Wednesday morning, March 6, at St. Elizabeth Hospital. Survivors are a foster son, Merlin Cain, Newport; a sister, Mrs. Tina Crowder, Falmouth, and four nephews.

Services were at Swindler's in Latonia Saturday afternoon with burial in Independence Cemetery.

MRS. BONNIE SUE WILSON, 28, Beaver Road, Walton, died at 10:30 p.m. Friday, March 8, at the home of a sister, Mrs. Barbara Hall, Florence. She was a cancer patient.

Mrs. Wilson was a member of Beaver Lick Baptist Church. Survivors include her husband, Robert; four daughters at home, Susan Laverne, Christina Lynn, Sarah Rene and Barbara Sue; her parents, Mr. and Mrs. Robert Hodges of Walton; a brother, Robert Daniel Hodges and the sister, Mrs. Hall.

Services were Tuesday morning at St. Paul Funeral Home, Florence.

BIRTHS—

Kenneth and Jeanie Marcum, Route 1, Morning View, a girl on March 3 at 2:37.

David and Hazel Munlet, Kimberly Road, Independence, a boy on March 3 at 5:17 p.m.

David and Wanda Meyer, R-1, Union, a boy on March 5, 12:20. William and Rebecca Lunsford, Kimberly Drive, Walton, a girl on March 6 at 1:06 p.m.

John and Rita Gabbard, Thomas Drive, Independence, a boy at 4:11 p.m. on March 6.

Marvin and Roxanne Darlington, Walton, a girl at 4:05 a.m. on March 7.

David and Brenda Tackett of R-1, Verona, a boy on March 4 at 9:14 a.m.

Jimmie and Barbara McInosh of 276 Madison Pike, Morning View, a boy on March 4 at 7:07 in the evening.

CARD OF THANKS—

I would like to thank all my friends for visits, prayers, cards, calls, flowers and any act of kindness during my stay in the hospital. I ESPECIALLY want to thank the Walton Life Squad and Mr. Tungate for his deep concern.

—JIMMY SHIELDS

Ryland Homemakers

The regular meeting of the Ryland Homemakers' Club was held on March 4th at the home of Mrs. George Campbell on Decourcy Pike. They had a very informative and enlightening lesson on "Mental Health of Children." One very pertinent point brought out was that each child is a person in himself and cannot be dealt with as though he were cut out of a mold.

Plans were made for a "white elephant sale" to be held at the April meeting which will be on the first Monday, at the home of Mrs. Charles Dorsey on Taylor Mill Road.

Read your local newspaper, the Walton Advertiser.

CARD OF THANKS—

I want to thank everyone who sent cards, flowers and gifts, said prayers and visited. May God bless each one.

—MRS. PEARL BAKER

Why Tom Cady Did Not Take Polygraph Test

ATTORNEY HARTMAN'S LETTER TO CITY COUNCIL

CITY COUNCIL'S LETTER TO ATTORNEY HARTMAN

March 12, 1974

March 13, 1974

Gentlemen:

This letter is in response to a resolution of the City Council, passed on the 19th day of February, 1974, ordering my client, P. Thomas Cady, to submit to a polygraph examination on the 15th day of March, 1974, to be administered by the Kentucky State Police, Frankfort, Kentucky.

The first issue which I must challenge on behalf of my client, before proceeding to the violations under which such an examination is acceptable to us, is your continued delay in resolving the matter of Chief Cady's suspension. On at least three occasions, I have expressed my client's willingness to meet with the Council to discuss any questions directly related to the performance of his official duties in the capacity of Chief of Police. Each time, there has been some excuse for delay. I would submit that your delay tactics are not only a violation of my client's civil rights, for which he will be compelled to seek redress in the courts, but the deception that has been practiced by some of you exemplifies not only a personal lack of principles, but reflects the same as the general attitude of this entire community, by virtue of your elected positions. First, the existence of a resolution appointing my client to a two year term as Chief of Police of the Walton Police Department was vehemently denied by some of you. Then, after the resolutions was produced, some members of the City Council considered the point moot, and failed to correct the deception. Gentlemen, if some of you intend to practice deception upon the residents of this community, at least be consistent about it. Every other polygraph examination of which I have had any knowledge has been scheduled within a matter of four or five days. I fail to see why the one that you propose should be any different.

Recently, in the news media, from which I quote, the City Council's intention was declared as follows:

"The council's intention is to have the written questions filed against the chief whether or not he submits to the test and whether or not the test results substantiate any of the charges. Fishing expeditions have been regarded with some disfavor under the law, and I expect that you are engaging in nothing more than that. If you had legitimate charges, you were under an obligation to bring them in January and resolve the matter at that time."

No stretch of the imagination can an administrative body even purport to fairly hear allegations and formal charges and impartially decide such charges, when an intention as herein quoted has been previously expressed in the news media. The entire suggestion of polygraph examination appears to be nothing more than another delaying tactic and further harassment of my client, with the hope of obtaining his resignation, so that you can be released from the obligations created by his two year appointment as Chief of Police.

We will not acquiesce to such conditions. Accordingly, the following conditions are submitted, (Continued On Last Page)

Dear John:

We acknowledge receipt of your letter dated March 12, 1974. In reply to your first issue as to the delay in resolving Mr. Cady's suspension, we can only say that since Mr. Cady's suspension our position has been to bring the matter to a conclusion as soon as possible. To this end when Mr. Zevely was employed in mid January, he was instructed to investigate the activities of Mr. Cady and report to us. This he has done, as expeditiously as possible, and we have and are proceeding accordingly. You must also realize that the city has other important matters that must be dealt with, in addition to Mr. Cady's suspension.

Secondly, we assure you that the polygraph test is not a "fishing expedition." Council wants answers to questions relating to Mr. Cady's conduct per the "Statement of Areas of Examination" served upon Mr. Cady. As you know, the polygraph examination is in no way conclusive, as the state of the act has not yet attained that level, and hence, the results will be considered along with the testimony of other witnesses at the hearing to be held as soon as possible after the examination.

As to the conditions set forth by you under which Mr. Cady will submit to the exam, our position is as follows:

1. We feel the polygraph examiner, supplied by the Kentucky State Police, to be qualified and experienced. We do not want other people present who may have an adverse affect on the examination, this includes the four disinterested city residents you spoke of in your letter, and your polygraph examiner.

2. We have no objection to your attending the examination and being supplied with a copy of the results, or to making public the results. However, if you want Mr. Cady examined by your polygraph examiner, this must be done at your convenience and at your expense at his office.

3. We have no objection to your submitting questions to be a part of the examination, however, these questions must be related to the issues, and will be presented by the examiner after Mr. Zevely's questions.

Again, per our resolution, we expect Mr. Cady to be present at the examination, and your presence, respectively,

The Walton City Council
By Sam Gamble, Mayor

NOTICE

All teams and leagues wishing to use the Walton-Vernon High School baseball field should contact the principal's office 485-4293 no later than April 1, 1974.

W-V PTA MEETING

The Walton-Vernon PTA will meet at the high school Monday, March 25th at 7:30 p.m.

The DECA Club will be in charge of the program. Please try to attend.

CLASS REUNION FOR SK CLASS OF 1967

The Simon Kenton High School class of 1967 is planning a class reunion to take place on April 27. If you have not been contacted, please contact Joy Lucas at this number—465-496.

Also, they have been unable to locate the following graduates. If you know where they are located, please have them contact Joy Lucas, Box 38, Crittenden, Ky.

Dinner reservations are \$16.00 per couple.

Seminar Co-Host

USDA ANNOUNCES 1974 RECP PRACTICES; 98.5% FAVOR THE BURLEY REFERENDUM

Jim Sheldon, Executive Director of the Kenton County Agricultural Stabilization and Conservation Service (ASCS) reports authorization and procedures have been received for cost-sharing under the 1974 Rural Environmental Conservation Program (RECP). The program for Kenton county is being firmed up and will be announced in the near future.

This cost-sharing under RECP provides users financial assistance for establishing enduring type conservation measures and forestry practices on their land. Those interested in applying for the 50-75% cost-sharing program should contact the Kenton County ASCS office. Requests for "tree planting" may be filed immediately.

Approved for the 1974 program are practices establishing or improving vegetative cover, the planting of trees or improving a stand of forest trees for timber production, water impoundment reservoirs, terrace system construction, diversions, stripcropping, permanent wildlife habitat, stream bank stabilization and sediment control structures and measures, and measures or structures for sediment reduction.

"WHEAT, FEED GRAIN SIGNUPS BY MAIL"

Farmers who want to sign up for the 1974 wheat, feed grain programs will be able to do it by mail this year, according to Mr. Sheldon.

In the past, farmers had to go to the county office to sign up in person, sometimes facing long lines. Bad weather often prevented farmers from getting to the county office and consequently, sign up numbers had to be extended.

Independence Man Is Training Officer

State Training Commissioner Robert Clark Stone has announced the appointment of a former Kenton County police officer as law enforcement training coordinator for the Bureau of Training in the Northern Kentucky area.

Kenneth H. Gilliam, who served 18 months as a patrolman and district detective for the Kenton County police, will begin meeting with police chiefs, sheriffs, and other criminal justice officials to discuss training needs and the consolidation of training operations in the Northern Kentucky area.

Gilliam served four years with the Kentucky State Police and, in 1968 while assigned as a trooper at the Dry Ridge Post, was nominated by the Covington-Kenton County Jaycees as 1968 "Police-man-of-the-Year."

He also served two years with the U.S. Army.

Gilliam is married to Bonnie Lindsey Gilliam and currently lives at 6451 Shawnee Court in Independence. They have three children, Gina, Jackie and Kenneth Douglas.

Florence Fire Department Sponsors Square Dance

The Ladies Auxiliary of the Florence Fire Department is sponsoring a Square Dance at the Florence Fire House, Number 2, located at U.S. 25 and Industrial Road.

The caller will be Bob Duffy. The event will be held March 23 from 8:00 p.m. until 1:00 a.m. Reservations may be made by calling 371-6230. Donations are \$6.00 per couple. Door prizes will be given. The public is invited.

Opportunity Week For Women's Clubs

March 26 is the opportunity week for small clubs which are participating in the Community Club Awards contest.

Ladies, please consult your buyers guide book to refresh your memory on products which will be available in our Walton area.

We have Ashcraft's Mobile Home Sales. Take a tour and sign the registration book for beautiful bonus prizes.

Don't forget the items that our local grocers carry and for the month of March we get triple points for each Pinhead Oil Meal bag.

If you are unable to get to a fund raising please call 356-6796 before the March 26 date for your POPS pickup.

Kentucky Film Seen

By Oak Ridge Sr. Citizens

Mrs. Hilda Griffith welcomed the members and guests to the March 12th meeting of the Oak Ridge Senior Citizens at Brucewood Presbyterian Church.

Miss Ruth Kibb introduced the speaker, Jack Ebert of Cincinnati Bell. Highlights of the program were the pictures of the Riverside Drive homes shown in the film "Life and Legend of Northern Kentucky." He took those present on a tour of Campbell, Boone and Kenton Counties, including many landmarks.

Mrs. Chalmers Ballinger had the tables beautifully decorated in keeping with St. Patrick's Day.

Those present were Dixie Driscoll, Leslie Frazier, Mrs. C. Rich, Ruth Keck, Ethel Gabbard, Jack Ebert, Margaret Stephenson, Ruby Armstrong, Elizabeth Egger, Georgia Rapp, Leontine Stephens, Orvan Douglas, John Bruce, Ann Bruce, Sylvia Greenwalt, Chalmers Ballinger, Dortha Ballinger, Elma Taylor and Hilda Griffith.

Gospel Singing March 24

At Goshen Christian Church

The Rise & Shine Gospel Singers from Sherman Full Gospel Assembly will be singing at the Goshen Christian Church evening services March 24 at 7:00 o'clock.

This group includes Dave and Ruth Worthington, Steve and Arlene Stephenson, Valerie Dryer, Bro. Dave Shanklin, Youth Minister at Goshen, will be in charge of the service.

GOLDEN ANNIVERSARY

Mr. and Mrs. C. C. Northcutt will celebrate their Fiftieth Wedding Anniversary on March 21st at a quiet celebration. They have one son, Robert C. of Morning View.

Walton Homemakers Hear Lesson On Cutting Food Expenses

At the meeting of the Walton Homemakers last week, the members heard how to cut food costs. The lesson, "Cooking Economically," was taught by Mrs. Donald McMillan and Mrs. William Gibson.

There are many ways to cut food costs without reducing the appetite appeal or the nutritive value of meals. Skill and imagination in planning, careful shopping and reduced waste in the kitchen are essential in getting better meals for less money.

Mrs. Mabel Maddox served as hostess with Mrs. Frank Penick assisting.

The devotional was given by Mrs. Leo Flynn. It was entitled "Gospel-Nut," relating that all men need help in finding their way to heaven.

Mrs. Donald Rice, president, stated that the annual Kentucky Homemakers meeting will be at UK in Lexington, March 21-22.

A nominating committee for the selection of officers for the coming year has been formed.

Members voted to contribute \$22.00 to the "Cincinnati Fine Arts Club."

Mrs. Flynn reported on the "Book and Author" luncheon held recently at Souffler's Inn, Ch. O.

Others enjoying the luncheon were Mesdames Gayle McElroy, Mabel Maddox, Lillian Acres, Homer Winburn.

The next meeting will be held April 5 in the home of Mrs. Paul Beighe with Mrs. Rice serving as co-hostess.

A lesson will be "House Plants" taught by Mrs. Penick and Mrs. Burden.

USDA ANNOUNCES 1974 RECP PRACTICES; 98.5% FAVOR THE BURLEY REFERENDUM

Jim Sheldon, Executive Director of the Kenton County Agricultural Stabilization and Conservation Service (ASCS) reports authorization and procedures have been received for cost-sharing under the 1974 Rural Environmental Conservation Program (RECP). The program for Kenton county is being firmed up and will be announced in the near future.

This cost-sharing under RECP provides users financial assistance for establishing enduring type conservation measures and forestry practices on their land. Those interested in applying for the 50-75% cost-sharing program should contact the Kenton County ASCS office. Requests for "tree planting" may be filed immediately.

Approved for the 1974 program are practices establishing or improving vegetative cover, the planting of trees or improving a stand of forest trees for timber production, water impoundment reservoirs, terrace system construction, diversions, stripcropping, permanent wildlife habitat, stream bank stabilization and sediment control structures and measures, and measures or structures for sediment reduction.

"WHEAT, FEED GRAIN SIGNUPS BY MAIL"

Farmers who want to sign up for the 1974 wheat, feed grain programs will be able to do it by mail this year, according to Mr. Sheldon.

In the past, farmers had to go to the county office to sign up in person, sometimes facing long lines. Bad weather often prevented farmers from getting to the county office and consequently, sign up numbers had to be extended.

Another new feature this year is that sign up will be combined with certification. The procedure is very simple. Farmers wishing to participate in the program should call, write, or visit the county office as soon as possible (after planting) for sign up and certification. After filling out and signing the forms, the farmer leaves them at the county office or mails them in as he prefers.

Sign up begins with CERTIFICATION: that is, when the farmer certifies the acreage of crops he has planted. The final date for sign up will be determined by the State Committee and will be announced later.

Participation in the commodity programs has been simplified too, said Mr. Sheldon. There are no set-aside requirements, no restrictions on planting for the 1974 crop, and no conserving base requirements through the next four crop years, the Duration of the Agriculture and Consumer Protection Act of 1973.

This means that under the 1974 program, farmers will be able to plant as many acres as they want of any crop except tobacco which is still under marketing quotas. Farmers who sign up will be eligible for program payments should payments be required.

Under the 1973 Act, farmers are guaranteed a "target price." For corn it is \$1.38 a bushel; for wheat \$2.05 a bushel. If the average price for these commodities falls below the target price, the producer receives the difference between the target price and the five month average price received by all farmers for wheat and feed grains.

BURLEY REFERENDUM

Burley growers remain in effect for the next three years—passed by a vote of 98.2% in the State of Kentucky.

KENTON COUNTY RESULTS

1159 Eligible Voters
250 Ballots Cast
98.5% of Ballots cast in favor of the program.

ASC OFFICE CLOSED MAR. 27

The Kenton County ASC office will be closed Wednesday, March 27th.

A CORRECTION—

Mrs. Elaine Tillery wishes to correct last week's article on the Kentucky State DECA Conference in Louisville. Cathy Disney was the only regional member from Northern Kentucky that was a finalist in "Window Display." The article stated she was the only regional top finalist from Northern Kentucky.

Also, two names were omitted from the list of those attending the conference. They were Jo Ann Amuniatia and Cindy Chessman.

Miss Itoko Maeda

Miss Itoko Maeda will be at the Independence Christian Church on March 23rd and 24th. Miss Maeda is a Japanese citizen serving in Sao Paulo, Brazil, under the auspices of the Division of Overseas Ministries of the Christian Church (Disciples of Christ).

She was the first Japanese neoclassical sent as a missionary to Okinawa, where she started the first Protestant Christian School.

On March 23rd she will show slides at 8 p.m. in the Fellowship Hall, following a fellowship meal.

Sunday, March 24, she will be speaking to youth at 9:45 during the Sunday School hour.

She will be in charge of the Worship Service at 11:00 a.m. Sunday evening at 7 p.m., she will show more slides and conduct informal programs for all ages.

Maurice N. Johnson, pastor, says, "We invite the public to join with us for this opportunity of learning about missions."

Junior Class Play Is "Stars In Their Eyes"

The Junior Class of the Walton-Vernon High School will present their class play entitled "Stars In Their Eyes" on March 29 and 30. This is a play about an ambitious family trying to make it on stage.

The cast of characters are: Eloise—Patsy Marsh, Linda—Connie Lawrence, Mother—Debbie Shaver, Beatrice—Karen Yates, Julie—Cathy Disney, (29th), Julie—Tina Montour, (30th), Miss Mennen—Nannette Johnson, Gerlie—Barb Dixon, Father—Greg Ryan, Kenny Leroy—Randy Lawrence, Bill—Chuck Gibson, Mr. Bounck—Fannie Thorpe, Mr. Peekin—Jeff Edwards, Mr. Beamer—Doug Rowsey, Mrs. MacDough—Lee A. Scott, Mr. MacDough—Rusty Robinson.

Director—Danny Ryan, Assistant—Fannie Thorpe.

Mr. MacDough has the high light of the play even though he has no lines. Attend and see why! Performances will be at 7:30 each evening in the auditorium.

Advance tickets are \$1.25 with at the door prices being \$1.50.

Wo-Na Club Lesson Given By An Interior Decorator

A program for the Wo-Na Club meeting last week was presented by John W. Buttlerwerth, president of Hall & Swenson, Inc. He showed slides of his own home and of other homes he had helped decorate. He gave many good decorating tips and suggestions.

Mrs. Wally Wireman was host for the meeting during which the "collect" was read and a spiritual guidance was given by Mrs. David Peebles.

Miss Laura McMillan modeled the outfit she had worn in the contest sponsored by the Wo-Na Club.

Members discussed projects including a bake sale for sometimes this spring.

New officers presented were: President—Mrs. Gayle McElroy, first vice president—Mrs. Willie Mathis Jr., second vice president—Mrs. Jerry Treadway, secretary—Mrs. Joella Sheel, treasurer—Mrs. Anna Rouse, historian—Mrs. Chester Sturgeon, parliamentarian—Mrs. George Black.

Club members voted to give \$30.00 to a deserving Walton-Vernon student to compete in a contest held in Louisville for deserving students.

A donation will be made to the Fine Arts Fund.

Mrs. Jack Rouse served as co-hostess with Mrs. Wireman in serving refreshments.

Those present were: Mesdames Elmer Groger, Chester Sturgeon, Jack Rouse, Bess Vance, Daniel Hance, W. W. Rouse, Melcolm Simpson, James Lawrence, Robert Slapback, Anna Rouse, George Black, David Peebles, Jerry Treadway, Joella Sheel and Miss Laura McMillan.

Mrs. Jack Norris was in the hospital two days last week but is now back home.
 Kim Stone spent the weekend with her grandparents, Mr. and Mrs. Stanley Allen.

Mrs. Jesse Callen has been sick but was able to be at church Sunday.
 Mrs. Mae Burdine is doing nicely at home after a stay in the hospital.

Mr. and Mrs. Wesley Burgess and sons, Mrs. Susie Stamper of Holbrook, and Mr. and Mrs. Bob Horn of Walton attended a rodeo show in Cincinnati last week.

Mr. and Mrs. Stanley Allen had as guests Sunday—Mr. and Mrs. James Stone and children, Mr. and Mrs. Tom Martin and son, Mrs. Esther Fields, Mr. Perry Fields and two daughters. In the evening, Mr. and Mrs. Marshall Stephenson stopped by to see Mrs. Dora Fields who isn't any better.

Noles of Servicemen

John M. Arlinghaus

Airman John M. Arlinghaus, son of Mrs. Doris J. Burnette of Walton, Route two, has been assigned to Sheppard AFB, Texas, after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in the civil engineering mechanical and electrical field. He is a 1971 graduate of Walton-Verona High School.

Missionary Society Meets

Mrs. Ruth Worthington was the hostess for the March 6 meeting of the Goshen Christian Missionary meeting at the church.

Mrs. Esther Glenn, president, conducted the meeting with a prayer given by Nannie Cliff Fisk.

Roll call was answered by the members giving a Bible verse that contained the word 'disciple.' The Sunshine report showed 100 cards had been sent out and 20 visits made to the sick.

Discussion and plans were made to help Grundy Mission School for a year.

A very nice luncheon followed the business session. The lesson in the afternoon was in the book of Acts with Mrs. Lillian Elliott as program leader. All ladies took part.

Those present were Mesdames Esther Glenn, Ruth Worthington, Goldie Glenn, Hazel Mullins, Rachel Daniels, Lillian Elliott, Nannie Cliff Fisk, Georgia Cornelius, Eula LaFollette, Faye Bray and Miss Ruth Piner.

The program leader for April will be Goldie Glenn with Nannie Fisk as hostess.

Easter Seal Donations

Easter Seal donations have made possible scholarships and fellowships for advanced study by more than 800 doctors, therapists, and other professional workers to serve the handicapped.

NOTICE TO PUBLIC

Owen County Rural Electric Cooperative Corporation has filed with the Public Service Commission of Kentucky a notice to include a Fuel Adjustment Clause in certain rate schedules. A Public hearing concerning this matter will be held at the office of the Public Service Commission in the Capital Plaza Tower, Frankfort, Kentucky, on March 20, 1974, at 10:00 A.M. Central Daylight Time.

This Fuel Adjustment Clause, to be effective on the first billing following March 20, 1974, will be applicable to the following rate schedules:

- Rate 1—Farm and Home Service
Rate 2—Small Commercial and Small Power

Fuel Adjustment Clause

The above rate may be adjusted (increased or decreased) each month on a KWH basis so that the total pro rata adjustment will equal the total applicable dollar amount of fuel cost adjustment in excess of (or less than) 1.5 mills per KWH, as applied per the Seller's wholesale power contract in the preceding month.

Boone County, Kentucky Real Estate
FARMS and ACREAGE

NEW LISTING—Real farmer's farm and show place combined. 127 acres, all tractor land except 11 acres which is in trees. 51 acres hay, 11 acres alfalfa. 4,000 pounds tobacco base, large tobacco barn, excellent, large hay barn and loading shed. 1 acre stocked lake, 5 springs. Over one mile road frontage, fronts on I-71 and two blacktop roads. Good fence. 9 acre corn base. Good 7-room, 2-story home with natural gas furnace, full bath, modern kitchen, wall-to-wall carpet in 3 rooms. 38 miles to Cincinnati, 3 miles from Glenoe exit on I-71. One of the best we've seen. Owner now runs 55 head of cattle on the place. Took over 6,000 bales of hay off place last year. \$94,000.00.

NEW LISTING—Approximately 70 acres with good tobacco barn, tobacco base, some ridge land, only 3 1/2 miles from Burlington. Nice spot to build a new home. \$450 an acre. 70 acres \$45,500.

1.68 ACRES—On U.S. 26 at North edge of Walton. An excellent building site. \$8,000.00

43 ACRES—On good road, 1271 pound tobacco base, barn, two springs, 1500 feet road frontage, close to Union. Asking \$35,000. Call Larry Burcham.

40 ACRES—On Percival Road, Walton. Large road frontage. Suitable for subdivision. No buildings. Good development ground, or will divide. \$1250 per acre. Call Ron Morris

SUMMER RETREAT—Recreation baby farm. This is the one where you can dock your houseboat or cruiser on creek with access to river. Nice 3-room home with bath and furnace. It overlooks water, woods, beautiful setting. Big Boone \$25,000 or will sell with about two acres and home for \$21,000.

INVESTMENT FARM—On Route 25, edge of Walton. 1,000 feet road frontage, goes back to I-75. Ideal subdivision or commercial possibilities. Some tobacco base, barn. Asking \$250,000 or 40 acres for \$114,500. Call Fred Spilman.

HOMES

LARGE 8-ROOM HOUSE—On Main Street in Walton, frame construction, large lot, oil heat, city water bath, fireplace. Could be made a show place. Asking \$28,500. Call John Walton.

WE NEED LISTINGS NOW, ESPECIALLY FARMS AND ACREAGE, HAVE BUYERS WAITING.

1/2 ACRE

—by—

JOE CLAXON

Man's life depends on other life, that which teems within the soil underfoot. For a true soil requires the presence and decay of some organic matter along with the activity of its inseparable microorganisms—otherwise it would merely be an aggregation of mineral and rock fragments.

The soil draws its vitality from nature's all-embracing cycle wherein plants and animals live, die, and return to the land so that new life springs eternally from old. From ancient times, farmers have exploited this cycle by returning manure and crop residues to the land. The Greek historian, Xenophon, for example, observed that for maintaining soil fertility—"there is nothing quite as good as manure."

Today's farmers know that organic matter exerts many physical and chemical, as well as biochemical influences upon soil, although not all of them are fully understood. Enthusiastic gardeners often ascribe mystical and magical properties to organic matter, but the proven benefits of this vital constituent of soils—typically 1 to 3 percent—are suf-

ficiently awesome. Organic matter imparts dark color, favors granulation, enhances root development, retards erosion, increases water-holding power and exchange capacity, renders such nutrients as phosphorus and iron more available, provides stores of nitrogen and sulfur, and feeds microbial life so that through complex biological processes it can mobilize and release a steady stream of nutrients for plant growth.

Until about 1940 it was widely held that good crops required manure. Research since has shown that with many soils and cropping systems the use of inorganic fertilizers alone will not only maintain soil organic matter levels, but will increase them through greater production of crop residues, especially those from roots. Put another way, inorganic fertilizers plus microorganisms can produce larger and more nutritious crops than can microorganisms alone. It should also be noted that organic matter oxidizes rapidly in humid regions, limiting its buildup in the soil.

Manure, presently considered too costly to handle, will loom in importance as the energy crisis deepens. Prodigious amounts of energy are required to make and distribute inorganic fertilizers. Applied on the farm, manure can cut transportation costs and substitute for part of the nitrogen obtained from commercial fertilizer. Agricultural science will steadily devise better soil management systems, including the role of organic matter, and, in Nathaniel Shaler's memorable phrase, "keep the earth fit to bear the life to come."

INFLATION . . .
INFLATION—No One Issue

By Gene Snyder

Responses to my latest questionnaire are beginning to come back by the handful, and it is very clear that the cost of living is the number one concern in the Fourth District of Kentucky.

Skyrocketing prices—with the ultimate costs of oil and gas a special question mark—worry Americans from coast to coast. No household is immune from the deepening bite of continued, spiraling inflation. The poorer the family, the sharper that bite. The word "squeeze" is far too soft a description of the impact. It hurts! Especially does it hurt our senior citizens and others living on fixed incomes.

There are those who have tried to make Watergate the number one issue, for various reasons.

Some people deeply hurt by skyrocketing prices may indeed think Watergate is a sorer problem than their worsening economic woe. I doubt if there are very many in this category, however. No one can condone the crimes related to the Watergate issue, whichever one the courts eventually may decide were committed. No one who is guilty should go unpunished.

435 Democrats and Republicans had nothing to do with Watergate. 100 Democrats and Republican Senators had nothing to do with Watergate.

But all 535 had a lot to do with your cost of living! Congress controls the purse strings of the Federal Government. It alone votes the appropriations to underwrite Federal programs. The President can only get what Congress votes to give him, no matter how high his proposed budget. How each member has voted on every spending measure has directly affected the price of every resource, food and product.

The number one reason for inflation is government spending more money than it takes in in

tax revenues. It must borrow the rest. And what it borrows must be repaid with interest. That interest must be paid by taxpayers. Interest rates are driven up because of government competition with private businesses and other groups and individuals for available money. They not only have to pay the government's interest but their own loans cost more, and the dollar is cheapened.

Congress must become more responsive to the people's number one concern—and stop deficit spending!

Fuel Pamphlet Is Being Prepared

Federal Energy Office and the USDA are jointly preparing a pamphlet explaining procedures and action that should be taken to help assure that farmers get enough fuel to meet their needs, announces Jim Sheldon, CED, Kentucky County ASOS Office. This pamphlet, which will be available soon, will be mailed to every farmer in the county.

The pamphlet is titled "Fuel Allocations for Farmers" which designates steps farmers must take to get priority distribution of fuel supplies. To ascertain that farmer's local distributor knows in advance his customer's needs, individual farmers must tell their distributor their future needs as well as their present needs. (If local distributors do not have enough fuel to meet agricultural production needs, they first request the supply from their prime supplier. If this is not successful, then they can ask the Federal Energy Office to correct the shortage by filing Form GEO-17.)

When applying to their local distributor, farmers must certify on Form GEO-17, or some other

form available from the company, as to their actual needs, unless applying for emergency help.

Mr. Sheldon said farmers needing emergency help should apply directly to the State Energy Office in Frankfort by using Form KOPA-20. (This application is for temporary help only.) KOPA-20 forms will soon be available at the local office and help will be given in filling out a KOPA-20.

Emergency help should only be requested if a farmer is having difficulties obtaining needed supplies.

Mr. Sheldon reminds farmers that a "Priority Customer" applies only at a bulk plant, not at service stations. This is not saying a farmer could not get fuel at a service station, it just means he would not be a priority customer when buying at service stations. FEO regulations require farmers and others receiving allocations at the 100 percent level to certify to their suppliers that they have an energy conservation program in effect. Farmers are to use priority fuel only for agricultural production and to buy no more than enough to meet 100% of current needs.

Read your local newspaper, the Walton Advertiser.

Kidney Disease Fund Drive March 31

Eight million people in this country have kidney disease. Three and one-half million of them don't even know it. With all of the major advances of medical science, and those advances have been astounding, 60,000 people still die every year from kidney and kidney-related diseases.

Much can be done to treat kidney patients through drugs, diet therapy, the artificial kidney machine, and transplantation of healthy kidneys. But the need to continue research into its causes and prevention is great. So is the need to develop new methods of treatment that will one day make artificial kidney machines unnecessary.

The one-day fund drive Sunday, March 31, will provide the means to continue the Kidney Foundation's program of public and professional education, research, community service and direct patient aid through the drug aid program.

The direction and intent of these programs is highly commendable—to increase public awareness about the problem of kidney disease; to help alleviate the suffering of patients and their families through drug aid assistance; to sponsor research to defeat kidney disease. Only a total program such as the Foundation pursues can hope to overcome this major health problem.

The citizens of this area would do well to support these efforts.

REPORT . . . from the General Assembly

The General Assembly is now in the last week of the 1974 session, and the pace of activity increases daily. The House was in session until 7:30 p.m. last Friday and the Senate until 4:30 p.m., both having started at 10:00 a.m. This is unusual for the ninth week of a session.

In the Senate, my education committee also had a special meeting during the lunch recess, reporting out several significant bills.

PROFESSIONAL NEGOTIATIONS

One of these bills was a "com-

DEATH PENALTY LEGISLATION

The United States Senate has passed, with the strong support of Senator Weller Huddleston of Kentucky, a bill aimed at reinstating the death penalty for certain vicious crimes.

"This legislation is resigned to overcome many of the objections raised by the Supreme Court in its 1972 decision that practically eliminated the use of capital punishment," Huddleston said.

"The death penalty does serve as a deterrent to vicious premeditated crimes including certain murders, the murder of kidnapped persons, aircraft piracy, treason and espionage. If we are to remain a civilized society, crimes such as these simply cannot be permitted. And the threat of capital punishment will help deter those who would commit such crimes," he added.

Senator Huddleston said the legislation provides safeguards to prevent capricious, inequitable application of capital punishment.

"I think the bill we passed establishes a framework under which the death penalty can be administered fairly and equitably, thus meeting the reservations and objections raised by the Supreme Court," Huddleston added.

Ham Shoot

The American Legion of High Street, Walton, is having a "ham shoot" on Sunday, April 7th beginning at 12 noon. You may bring your own gun—shells will be furnished. Food will be served.

Surgery Last Week

Marvin Waller of Crittenden is in Booth Hospital and is getting along nicely after surgery last week.

Be A Good Neighbor, Help Stop Housebreaking

Everyday reports are given that a house was broken into and many items of various nature were taken or destroyed.

What can you do to help prevent neighborhood robberies?

Report any suspicious-looking stranger going from door to door asking for work, directions or promoting an unheard of organization.

An unfamiliar car or truck in the driveway of a house where residents are away at work or on vacation.

Teenagers who did not live in the neighborhood trespassing thru lawns, especially after dark.

Automobile whose driver makes many unnecessary trips up and down the street, driving slowly as picking out a house to enter.

The sound of breaking glass or the sudden jarr of a forced door.

Be a good neighbor, help protect others of loss from crime.

BE ALERT! STAY ALIVE!

Tobacco Beds

Many tobacco growers have al-
ready chosen the varieties they
will use in 1974 and will soon be
ready to seed plant beds. Ira
Massie, UK College of Agriculture,
says there are no big changes in
the varieties on the market this
year. He points out that MS
Burley 21 X Ky 10 has been the
most popular hybrid burley
variety in recent years, while Ky
10 has been the most popular
standard variety.

"Select a variety that will get
the job done on your farm. The
important things to consider in
choosing a variety are the type of
soil on your farm, the disease
situation, and the size of plants
you want to produce," he says.

Two-levelled off teaspoonful of
seeds is about the right amount
for seeding a bed which is nine
feet wide and 100 feet long, says
Massie. For a bed 12x100 2 1/2
teaspoonful is the right amount.

He recommends seeding about
60 days before the time you wish
to transplant.

The plant bed needs to be fer-
tilized with about 30-50 pounds of
complete fertilizer at seeding
time. Rake half of the fertilizer
into the top inch of soil and mix
the other half with the seed to
help get even distribution of the
seed over the bed.

Immediately after seeding, spray
the bed with diphenamid (Enide
50W) for weed control. This comes

in wettable powder form, and each
bed should be sprayed with one
cupful mixed in three gallons of
water.

After spraying, cover the bed
with half a bale of clean straw.
If the straw you have is not
clean, leave the bale with the
strings broken, out in the weather
for a week. When you are ready
to use it, roll the bale up in a
piece of plastic and release one
can of methyl bromide per bale
inside the plastic. After you have
done this, the straw will be ready
to put on the bed.

Other mulches have been used,
but none have been as successful
as straw. Don't use too much, just
enough for a thin covering to hold
the plant bed cover off the soil.

Many growers use Di-Syton on
their beds to control insects. This
material can be purchased in
small shaker cans. However, it
is extremely poisonous and must be
handled very carefully. Read and
follow the directions on the can.

All Saints Bake Sale

A bake sale will be sponsored
by All Saints Women's Softball
Team on March 23 and 24 fol-
lowing Masses.

Proceeds will be used to help
with expenses for umpire fees
and equipments for the coming
season.

They invite you to stop by and
purchase some homemade bake
goods.

The school is located on Need-
more Street, Walton.

ARE YOU WILLING TO TAKE A RISK?

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 6:8-11 and 7:54-60)
A young soldier was ordered by his sergeant to report for duty at the canteen one morning. This duty would have involved selling alcoholic beverages to the other soldiers. The young soldier refused to do so and the sergeant threatened to report him to the officer of the day. The soldier

still refused. He was reported to the major and was called to stand before him. The soldier went with trembling knees but a steady heart, for he knew he was right.

When the major demanded an explanation as to why he had disobeyed an order, the young soldier replied, "Simply because I do not believe it is right to do what I

was asked to do. I enlisted to be a soldier and not a bartender."

The major arose quickly, extended his hand, and said, "Young man, you are the kind of man we want. I am glad to see a fellow who has the courage of his convictions. You are not obliged to report at the canteen."

Stephen was such a man. He had convictions which were founded upon the Word of God. He stood true to those convictions.

THE SPIRIT OF STEPHEN

Stephen was one of the seven selected by the church to serve tables. The church had selected him to aid in the distribution of food to the needy that the apostles might not be hampered in their praying and preaching. But "serving tables" was not to be the end of Stephen.

What was there about this layman that the religious leaders were so soundly defeated? The Bible tells us that he was a man of good report, full of the Holy Spirit and of wisdom. The Bible also tells us that he was full of faith and full of grace and power. He did great miracles among the people.

He had evidently overcome the narrow prejudices of Judaism which made it possible for him to see the universal character of Christianity.

Stephen evidenced such wisdom and spirit that those of the synagogue were completely helpless before him. Their only recourse was to bribe men to twist his words and statements into a charge of blasphemy.

THE STANDING OF SON

Stephen made his defense before his accusers. As a hammer drives a nail, every point he made was a truth which cut them to the quick. When they could take no more, they gnashed on him with their teeth.

Knowing that death was upon him, he looked beyond the enraged crowd and saw the glory of God, and Jesus standing at God's right hand. It has often been pointed out that this is the only time we find Jesus standing at the right hand of God. In other references He is seated at God's right hand. Did Jesus stand to welcome His faithful servant home?

Stephen saw heaven opened. He saw Jesus standing on the right hand of God.

THE STONING OF STEPHEN

The crowd now cried with a loud voice, stopped up their ears, and rushed upon him. They cast him out of the city and stoned him. It is here that we first meet a young man by the name of Saul. It was at his feet the coat of the witnesses were laid.

They proceeded to stone Stephen who has now knelt and is praying. His prayer is described as a calling upon God: as a committing of his spirit to Jesus; a plea that this sin will not be charged against those who are stoning him.

With this prayer on his lips, forgiveness and God's peace in his heart, he simply falls asleep. His persecutors have succeeded in silencing another who would be so bold as to claim to know God through Jesus.

Or have they succeeded? Is it true that the blood of the martyr becomes the seed of the church? Is it true that if Stephen had not so prayed and so died that Paul might not have preached?

One thing we do know—from the example of Stephen, many have found the courage to stand faithful to Christ regardless of the consequences. His speech still stands as a testimony to the cutting edge of knowledge and conviction. God is not limited to any land or nation. His Gospel is for all. His challenge is to all men to stand as Stephen stood—faithful even unto death.

Church Basketball Tournament Results

In the opening game of the league tournament Saturday night, March 9th, Walton Methodist, led by Jim Best with 19 points, eliminated New Bethel 84 to 78. Dixon led all scorers with 30.

In the second game of the first round, All Saints defeated Hickory Grove 67-58. Raybourne led the winners with 29 points. R. Bolen had 28 points for HC.

In the third game of the evening, Church of Christ turned aside Union Baptist 65 to 60. D. Stahl led winners with 29 points. Grover Hatton led the losers with 26 points.

In a non-tournament game, Walton Baptist defeated Christian 91 to 75. Poore led the winners with 27 points. Stephens led the losers with 16 points.

On Dean's List At Berea
Layna Cheesman, daughter of Mr. and Mrs. Layna Cheesman of 9 Park Avenue, Walton, has been named to the Dean's Honor List at Berea College for the first semester. Layna is a freshman Mathematics major.

Easter Seal Volunteers

The Kentucky Army National Guard will conduct its third annual Easter Seal campaign for crippled children during the last two weeks in March.

Volunteers from all units of the Guard will be asking the motoring public to contribute to the 1974 Easter Seal Telethon. The Guardsmen will be manning collection points at normal traffic interruptions.

The 1974 Easter Seal Telethon will be broadcast by four television stations on March 30 and 31 in the Kentucky area.

WKRC-TV, Cincinnati, will carry the telecast with Kentucky, Ohio and Indiana Easter Seal societies programming the local 20-minute cut-ins every hour.

The telecast will feature Mike Douglas and more than 50 other well-known movie and television personalities.

The Kentucky Society last year helped more than 6700 Kentuckians with all kinds of crippling disabilities.

"Givers to the 1974 Easter Seal Telethon can be assured that their contribution will be used for direct services for those in need of rehabilitation services," said Tommy Bell, state chairman.

Baseball Broadcasts

WLWT weekend telecasts of Cincinnati Reds games this season will include the pre-game feature "Dugout Dope" and the post-game "Scoreboard."

Avco Broadcasting's color commentator, Woody Woodward, will host "Dugout Dope" this year. In the 10 minutes before the game, he will interview baseball personalities from both teams who will figure prominently in the day's contest.

Escape?

He's escaped the fate of an egg—but what has the chick got to look forward to? The technology that incubated him in twenty-one days now carries him relentlessly toward the roaster.

We, too, often seem trapped on a similar conveyor belt, caught in a cadence which carries us step by step through life. The care-free days of childhood swiftly wane once schooling begins. Then come jobs, marriage, family, a home.

The list—and the responsibilities of mature life—seems endless. No wonder we long to escape—to "get away from it all."

Yet such daydreams little help us to cope with life today. God's love and wisdom give us the guidance and solace we need. His Church—the church down the street—stands ready to meet our needs.

Polygraph Test

(Continued From First Page)

as the conditions under which my client will submit to the polygraph examination on March 15, 1974, as outlined by your resolution:

1. That an independent polygraph examiner is present during all phases of the examination, that he be permitted to evaluate the manner in which the examination is administered, and that he evaluate and certify the test results to me at the conclusion of the test. Said independent examiner would be present at the expense of my client.

2. That a resolution of the City Council of the City of Walton be passed prior to the test, stating, in substance, that upon successful passage of the test on March 15, 1974, my client will be compensated in full for salary due him from the date of his suspension, on or about the 8th day of January, 1974, up to and including March 15, 1974, and that he be immediately restored to his position as chief of Police of the Walton Police Department.

3. That immediately prior to examination upon the proposed scope of examination, as prepared by

Mr. Zeverly, the City of Walton's Council for civil affairs, that my client be examined on an independent series of questions prepared by me; Chief Gady will not have access to these questions and will discuss only general areas of examination with me prior to the test. That fact, specifically that he has not seen or discussed the questions with me prior to examination, can be substantiated by the polygraph examiner. Some of the proposed areas of examination are as follows:

A. Surveillance, sources of information and related reports, concerning the involvement of particular individuals in the City of Walton, relative to their involvement in alleged illegal drug sales in the community.

B. The interference by other law enforcement agencies and officers, and certain city officials, in attempting to prevent the enforcement of law within the City of Walton.

C. Reports, information, threats and subsequent actions demanded by the former mayor, to include the source of allegations concerning the involvement of a law enforcement officer in alleged drug activities in the area, and certain bribes received by the officer.

In order to clarify this entire situation in the minds of the resi-

dents of the City of Walton, my client has expressed his willingness for four disinterested residents of the City of Walton to be present for the examination, which I propose in item 3 above. Two of the individuals would be selected by me, and two would be selected by the City Council to witness the administration of the examination and would have the results of this examination so certified to them.

Gentlemen, my client is entitled to have his rights protected. Having been aware of activities in this community outside the law for some two years, I would submit that even some of you may be surprised at the results of the examination which we propose. Perhaps other individuals in the community would care to volunteer for polygraph examination regarding their alleged illegal activities. In proposing this suggestion, I would like to be the first to volunteer for polygraph examination regarding my term as City Attorney, with the hope that in so doing some sense of normalcy can be returned to this community.

We shall await your response to the conditions herein set forth. Yours very truly, John A. Hartman

Safety Program Tonight

Kenton Elementary PTA will observe Safety Month at their March 21 meeting at 7:30 p.m.

Mrs. Mary Seriveid, safety chairman, will present a safety program and award merits for the safety posters the children have prepared.

Everyone is invited to attend.

On Dean's List At Union

Wilhelmina Magee, daughter of Mr. and Mrs. William Magee, Jr. of R-1, Crittenden, has been named to the Dean's List at Union College for outstanding academic achievement.

Miss Magee is a graduate of Knox Central High School and is a junior at Union, majoring in business.

BIRTH—

Robert (Mike) and Pamela Yates, Ft. Mitchell, a girl on March 12 at 10:01 a.m.

Piner PTA Meets Tonight

The Piner PTA program tonight will be given by the students as they demonstrate some activities they do at school in physics ed.

Mr. Webb will discuss a P.N. program for teachers at the 7:30 meeting.

NOTICE—

TO ALL DOG OWNERS IN CITY OF WALTON
It has come to our attention that there are many stray dogs in Walton.

ORDINANCE NO. 255
An ordinance prohibiting owners or harbors of dogs from allowing such dogs to roam about the city of Walton unattached to a lease; prohibit such dogs to go upon the premises of any other person within said city; requiring such owners or harbors of dogs to keep said dogs confined at all times with certain exceptions; providing that any dogs found roaming about city of Walton in violation of such ordinance shall be taken into custody by the county warden, and providing a penalty for violation.

Any person who violates any provision shall be fined not less than ten (\$10.00) dollars; nor more than one hundred (\$100.00) dollars.

Ordered published March 21, 1974.
ANNA MAE SIMPSON
City Clerk.

PTA Met Monday

The Kenton County Council PTA held its March meeting at the Willard Wade YMCA on Monday, March 18th at 10:00 a.m.

The speaker was Mr. Paul Stigall, director of election of officers. His talk was on the "Bureau of Rehabilitation."

At the January meeting, Mrs. James Auvil was the recipient of the Life Membership.

Ham & Bacon Shoot

The Beechgrove Boosters invite all shooters in their annual "Ham and Bacon Shoot." It will be on March 31 from 1:00 p.m. until dark at St. Barbara's Church grounds on Turkeyfoot Road.

Refreshments will be sold. Proceeds will be used for all the boys knothole and girls softball teams that they have for the children of the area.

Gift To Maplewood

Shown in the above photo are Mrs. Audrey Carroll (left) and Mrs. Catherine Feagan (center) presenting a new set of World Book encyclopedia and the Childcraft to Mrs. Elizabeth Kirtley, library chairman for Maplewood.

These books were given to Maplewood (home for dependent and neglected children in Boone County) by Field Enterprises in the name of Mrs. Carroll of Florence and Mrs. Feagan of Walton. Both are teachers as well as sales representatives for this firm.

These reference books have been placed in the library and are being used by the residents.

Walton-Verona First Grade Pre-Registration

Walton-Verona Elementary School will have pre-registration for all first grade students on April 1, 2, and 3, 8:00 to 3:00 o'clock. Parents are asked to take the child's birth certificate and immunization record.

Children should be six years of age before January 1, 1975 to be eligible to attend first grade.

Keen-Age Club Tours Art Museum And Conservatory

Seventeen members of the Walton Keen Age Club, traveled by auto to the Conservatory in Eden Park, Cincinnati, where they all enjoyed a tour of the breathtaking beautiful plants and flowers — Cineraria, Cyclamen, Primula and some lilies.

They then drove on to the Art Museum where each enjoyed a lunch in the cafeteria.

After spending some time touring the museum and browsing in the gift shop, they returned home.

Those making the trip were: Rev. and Mrs. Robert Sheffield, Mr. and Mrs. William Soden, Mr. and Mrs. Shelby Acree, Mrs. Jesse Hoffman, Mrs. Louise Callen, Mrs. Lela Wasson, Mrs. Fanny Adams, Mrs. Lil Young, Mrs. Mabel Maddox, Mrs. Cleo Vallandigham, Mrs. Lucetta Neumister, Mrs. Treasa Baker, Mrs. Leona Jump, and Mrs. Leo Flynn.

The group plans to entertain the DALI group from Trinity Baptist Church, Lexington, on Tuesday, April 2.

ALTAR SOCIETY MEETS

The Altar Society Meet at St. Cecilia School will be March 31 at 2:00 p.m.

RANDALL WAGNER HEADS CANCER DRIVE

Study And Musical Program At New Bethel Baptist Sun.

New Bethel Baptist Church in Verona is to have a "Study and Musical" Sunday evening, March 31 at 8:00 o'clock.

Charlotte Kemper and Mary Porter are co-chairmen of the study which includes "Baptist Missions USA" and "Evangelism, The Cutting Edge."

At 7:30 the choir will present a musical entitled "Reaching People." The director is Pam Treas; pianist is David Soden.

Auxiliary Officers Elected

The American Legion Auxiliary met March 24th at 2:00 o'clock to initiate and install the Junior American Legion Auxiliary. They had eight members to initiate.

The officers installed were: Terri Solomon, pres.; Laura Abshire, vice pres.; Dana Bone, sec. and tres.; Tonya Ward, chaplain; Lisa Poole, historian; Mary Donovan, sgt. at arms.

Other members present were Dee Ann Doun and Marsha Donovan. Members who could not attend were Anita Spencer, Cassandra Williams and Brenda Webster.

They thank the district president, Mrs. Betty Hammons and district sgt. at arms, Mrs. Thelma Roberts for helping install the members. Also thanks to all the mothers who were present and interested.

Beauty Operators Form New Shop—ARTISTIC

Eloise Ryan, formerly of Eloise Beauty Salon, and Kay Clifton, formerly of Walloette House of Beauty, have combined their beauty talents and are planning a "Grand Opening" of their new shop, to be called Artistic Beauty Salon, April 1 through April 6.

The shop is located at 65 North Main Street, next to the Walton Laundromat.

See their ad in this issue.

DR. WALLER TO SPEAK

The Walton Woman's Club will meet at the Walton Christian Church, April 3rd at 2:00 p.m.

Guest speaker will be Dr. M. Waller, who will use the subject—"Hypertension."

While in Atlanta, Georgia recently, to attend the National Cancer Crusade Kick-Off meeting, Randall Wagner met many of the well known figures who are prominently associated with the cancer crusade.

Shown in the above photo is Mrs. Birch Bayne wife of the U.S. Senator. She is a national vice-chairman of the national cancer crusade drive.

Randall, long time rural mail carrier out of Independence and a member of Simon Kenton High School Boosters Club, has been named to head the drive for the Northern Kentucky Unit.

Mr. Wagner is a living testimony of the advance medical research and technology. Only a few short years ago he was said to have had only a few months to live, being a victim of cancer. By the grace of God and the medical advances to combat this dreaded killer, Mr. Wagner is today able to live a normal, active life in his community.

There will be a Northern Kentucky Fund Raising Dinner on April 3rd at the Rowentown Inn. The 1974 Cancer drive Sunday will be April 28th.

Mr. Wagner and his lovely wife, Patsy, and son, Tim live on Shaw Road. Two other sons, Steve a teacher and Gary a student make up the Wagner family.

They are active members of Brucewood Presbyterian Church.

"We hope to make this the greatest year ever in securing funds for this crusade. So many lives can be saved if we can only secure the needed revenue for advanced treatment and research," he commented.

Talent Show

The Piner PTA is sponsoring a Talent Show for the children at Piner Elementary School on Friday, March 29 at 7:30 p.m.

Admission will be 25c for adults and 10c for children in school, pre-schoolers will be admitted free. Prizes will be given.

You are invited to attend and support the children plus having a Friday night full of fun.

Pathologists To Meet

The Kentucky State Society for Medical Technology in cooperation with the Kentucky Society of Pathologists will hold their annual State Convention April 4, 5, and 6 at the Continental Inn, Lexington. Several top quality workshops will be offered.

The Walton City Council held a special meeting March 26th on the sewage project the following is the bids the council received. Plan A Hill Smith \$453,000.00; Plan A Building Crafts \$478,315.00, Plan A Geller Const. \$504,458.00, Plan A Fennell Co. \$450,000.00, Plan A Adrian Const. \$696,745.00. Plan B only one bid Switzer Const. Co. \$2,110,100.17.

Women's Softball Meeting

The Walton Area Church League Softball will hold a meeting on Tuesday Night, April 2 at 7:30 at Walton Christian Church. All teams that were in the league last year should be present.

Karate Demonstration

There will be a Karate Demonstration this Sunday evening at the Church of Christ, Nicholson.

Gary Boys, Campus Minister, in Toronto, Ontario, will present students of Canada and have the demonstration.

Things will begin at 6:00 p.m. Everyone is invited.

Revival At Wallon

Gary Griesser

Rev. Bob Brown of Trinity Baptist Church in Lexington, Kentucky, will be the evangelist for a revival meeting at First Baptist Church, Walton beginning March 31 at 11:00 in the morning.

Services will be held at 7:30 each evening with Gary Griesser of Hebron Baptist Church leading the music.

Rev. Robert Sheffield host pastor says the public is invited to attend any or all of these special services. A nursery will be provided for parents with small children. Special music with inspirational singing is promised.

The services continue through April 6.

United Clothing Drive

The 23rd annual United Clothing Drive will take place this Sunday. Between 1 and 5 o'clock in the afternoon, thousands of Dan Beard Council Scouts will collect bags of shoes, clothing, and small housewares from the homes of contributors. Families with discarded items to give, are urged to put them in a bag or box and place them in front of their door by noon on Sunday.

Hall At Burlington

Ben K. Hall, a contact representative of the Bureau of Veterans Affairs, will be present on April 3, 8:00 to 11:30 a.m. at the Court House in Burlington, to assist any veteran or their dependent with claims for benefits due them as a result of their military service.

He will be in Warsaw the same day from 1 until 3 p.m.

Turkey And Ham Shoot

The Maverick 4-H Club is sponsoring a Turkey and Ham Shoot (Trap and Still) on Sunday afternoon at 1:00 o'clock on the Boone Lake Club field at the end of Edwards Road, Walton.

Service Men's News

Army Private Samuel D. Yeager Jr., 16, whose parents live at 135 McCullum Road, Independence, completed eight weeks of basic training at Ft. Leonard Wood, Mo. He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Huddleston Writes EPA To Help Walton

Senator Walter Dee Huddleston has written Russell E. Train, administrator of the Environmental Protection Agency, asking help for numerous Kentucky communities—including WALTON—which face problems financing waste treatment facilities.

Specifically, Huddleston urged a review of an EPA legal opinion to allow larger federal grants for such projects.

The Senator told Train that eight Kentucky projects received 55 percent federal grants several years ago "but they have not yet begun construction because of various delays, many due to changing federal regulations and requirements."

Huddleston said many cities with 75 percent grants "find themselves in the same situation—costs skyrocketing, and their original grant no longer representing 75 percent of the actual cost of the project."

Revival Next Week

J. Bill Jones

Grace Baptist Church, 5228 Madison Pike, Independence, is having a Revival beginning on March 31 and continuing through April 5.

Sunday services will be at 11:00 a.m. and evening services daily at 7:30 with Rev. J. Bill Jones as evangelist.

You are cordially invited to attend.

Head Start Enrollment

The Northern Kentucky Head Start Program is now accepting applications for enrollment in the 1974-1975 program year, according to Marilyn Hall, director.

Applicants must be five (5) years old by December 31, 1974, and meet the Income Guidelines of the Office of Economic Opportunity. This program will serve Boone, Kenton and Campbell Counties for a total enrollment of 180 children.

Application forms may be obtained at the Head Start Center, 18th and Holman, Covington, or any of the local Community Action Commission Agencies. For further information call 581-6607, ext. 62.

MSU Alumni Gathering

Morehead State University's annual Northern Kentucky-Southern Ohio Alumni Gathering is scheduled for Friday, March 29 at the Beverly Hills Country Club.

The 7:30 dinner session will be hosted by State Rep. Terry McBrayer, of Greenup, president of the MSU Alumni Association. President and Mrs. Adron Dorn will be special guests.

Entertainment will be provided by the MSU Department of Music.

Split Sessions Voted Down After Lengthy Debate

Split-sessions for next year was voted down by the Kenton County Board of Education, Wednesday, March 6, with a vote of three to two.

Board members debated on the subject for over an hour, weighing out carefully the advantages and disadvantages of split-sessions.

The main argument brought out by teachers and principals, was lack of room. Twenbofel, for example, is so crowded, that Piner was asked to receive seventh graders. Not only has Twenbofel felt the "squeeze" but also Dixie's sophomores, who are attending Turkeyfoot Junior High. This "shifting of students" may help solve one problem in one school but are creating problems in other schools. For example, taking Dixie's tenth graders again, the

library contains books for the junior high level and the depth and variety of courses offered there is very limited compared to courses that would have been offered at a high school, possibly hindering a student's type and amount of education he or she can receive.

Another argument for split sessions was made by Mr. Miller, principal of Whites Tower Elementary, who brought up the point about special education students those students who are disabled either financially or by home life. Slow readers or speech students have to meet out in hallways, libraries, teacher's lounges, et cetera, because of lack of room. In a meeting afterwards with Mr. Barnes, assistant superintendent, it was suggested to use

more portable rooms. "Portable rooms cost greatly to install and are hard to keep repairs up on, the disadvantages," stated Mr. Barnes.

One of the disadvantages brought out by parents, who were present at the meeting, was that if a parent has children attending all three schools, elementary, junior high, and high school, their children would depart and arrive at different times, thus disrupting family life.

Another disadvantage with double sessions is more teachers would be needed and more gas for buses. Children would be leaving earlier and out later on the road, increasing the danger of accidents. With all of this in mind the board voted two for and two against, the deciding vote being

made by the chairman of the board.

Year Round school was also spoken on. Mr. Davis, superintendent, has applied to the state for year round school, so it is really out of the board's hands. The way that it would work is, FOR EXAMPLE, the seniors getting off July, August, September and the juniors October, November, December, et cetera. Students would have different vacation times in order to utilize the school building during the three summer months. The major disadvantage to this, is the temperature in the classrooms during the summer. Air conditioning would be needed which would cost just as much to install as to building a new high school.

—from the Simon Kentonian

Shown in the above photo is the new Cadillac ambulance that the Independence Volunteer Fire Department put into action last Saturday. Life-saving equipment from the old vehicle was used to equip the new \$23,000 ambulance.

Chief Stanley Kahrs said the old vehicle will be sold through sealed bids. The volunteer unit has a 60-man force.

Largely responsible for paying part of the cost of the new vehicle is the ladies auxiliary who made a donation of \$2.00. Chief Kahrs said that rates will be increased in June. At present a \$7.50 pledge from city residents to pay for fire and emergency expenses is collected. A new rate increase is expected in June.

The department also plans to build two new firehouses within the next few years. Sites for the new stations at Cox Road and James Drive and in the Bristol Road-Richardson Road area. The stations, are needed to serve the newly annexed areas of the city.

The phone number for emergencies is 356-8866.

DEATH

MRS. JUANITA SKIRVIN, 66, of Warsaw, died Thursday at St. Elizabeth. She was a former operator and owner of Edgewater Inn.

Services were Sunday afternoon at Hamilton Funeral Home.

MRS. MOLLY ALLPHIN, 91, Crittenden, died at 7 a.m. last Thursday at Grant County Hospital.

She served as postmistress at Crittenden Post Office for 26 years.

Services were Saturday morning at Eckler Funeral Home.

Rev. Charles A. Vaughn, 66, a former pastor of Walton Christian Church, died at 3:15 p.m., Tuesday, February 28, 1974. He came to Walton in 1962.

Death was attributed to an apparent heart attack.

Rev. Vaughn was a native of King in Knox County and had been a minister for 45 years. He was active in many civic activities as well as the ministry. Survivors are his wife, Thelma Short Vaughn; two sons, Stephen Reed of Atlanta, Georgia and Kenneth Wayne of Forest Park, Ga.; a sister, three brothers and two grandchildren.

Funeral services were conducted at Pond Christian Church with Rev. James Blair, Rev. R. M. Mounie and Rev. John Gardner officiating. Burial was in Richmond, Kentucky.

President Of Sorority

Debbie Kinman, Florence junior at Morehead State University, was recently elected president of Gamma Psi Chapter of Sigma Sigma social sorority.

The theme of the Tri-Sigma social service project for this year is "Sigma Serves Children," and funds for the project are being used at the North Carolina Hospital at Chapel Hill.

Debbie is the daughter of Mr. and Mrs. William Snyder of Duncan Drive, Florence.

SK FHA Alumnae**Members Hear Drug Talk**

Detective Robert Robertson of the Covington Police Department was the guest speaker at the FHA Alumnae meeting on March 14.

He told many interesting facts about drugs. He was accompanied by Cadet Emerald who showed films on LSD and marijuana. The ten members and four guests were full of questions.

This Simon Kenton group appreciated the time the officers spent with them on informing the ones present about drugs.

On April 6 the bake sale will be held at Cherokee Shopping Center from 10 a.m. until 2:00. All friends of SK FHA are asked to stop and shop for goodies.

On April 11, an Artex Party will be the program, Shirley Talenz is the demonstrator.

All past FHA members are invited to attend and bring a guest.

LEGAL NOTICE --

Proposed new charges:
Demand Charge:
First 10,000 kilowatt hours of Demand at \$18.00 per kilowatt hour
Next 10,000 kilowatt hours of Demand at \$17.00 per kilowatt hour
Additional kilowatt hours of Demand at \$1.50 per kilowatt hour
Plus or minus the fuel adjustment clause.
Energy Charge:
First 120 kilowatt hours per kilowatt hour of Demand at \$0.8944 per kilowatt hour
Next 120 kilowatt hours per kilowatt hour of Demand at \$0.8444 per kilowatt hour
Next 240 kilowatt hours per kilowatt hour of Demand at \$0.7944 per kilowatt hour
Additional kilowatt hours at \$0.6444 per kilowatt hour
Plus or minus the fuel adjustment clause.

(Fourth Revised Sheet No. 22 cancelling and superseding Third Revised Sheet No. 22)

Proposed new charges:
For kWh up to the maximum shown in tabulation according to size of water heater, but only after balance of energy use (but not less than 800 1,80444 per kilowatt hour)
Plus or minus the fuel adjustment clause.
Minimum: Increased from \$1.00 to \$2.15 per month to be added to the minimum of the standard service rate.

(First Revised Sheet No. 26 cancelling and superseding Original Sheet No. 26)

Proposed new charges:
A. For electricity used during the five month period beginning with customer's initial monthly meter reading taken on or after April 15 of any year:
All kilowatt hours at \$2.1556 per kilowatt hour.
B. For electricity used during the remaining seven months of the year:
The first kilowatt hours equal to 160 percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above, at \$2.1556 per kilowatt hour
The next kilowatt hours equal to twenty percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above, at \$1.6556 per kilowatt hour
All additional kilowatt hours at \$1.4556 per kilowatt hour
Should operation begin without the full five month period described in Section A above, a representative peak month for such period shall be mutually agreed upon between Company and customer for billing purposes.
Plus or minus the fuel adjustment clause.

(First Revised Sheet No. 27 cancelling and superseding Original Sheet No. 27)

Proposed new charges:
A. For electricity used for space heating, during "heating period," \$2.50 per month plus 1,80444 per kilowatt hour for all kilowatt hours used.
Plus or minus the fuel adjustment clause.

(First Revised Sheet No. 28 cancelling and superseding Original Sheet No. 28)

Proposed new charges:
\$2,8444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum: Increased from \$1.00 to \$2.15 per meter per month.

(First Revised Sheet No. 29 cancelling and superseding Original Sheet No. 29)

OPTIONAL RATE
COMMON USE IN APARTMENT BUILDINGS
(Original Sheet No. 32)
Proposed New Rate

APPLICABILITY
Applicable to electric service required for the purposes of heating water, drying clothes, space heating and lighting in areas of common use in apartment buildings. The water heater size and element size must meet with the approval of the Company. Not applicable for all of February-March.

NET MONTHLY BILL
Computed in accordance with the following charges:
First 400 kilowatt hours at \$2.8444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Excess kilowatt hours at \$1.80444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum: \$2.15
A three phase customer will be charged an additional surcharge of \$4.00 per month for the three phase service.

Proposed charges:
No new charge. Change from 2.06 to 2.16444 per kWh reflects change in fuel adjustment base.

(Third Revised Sheet No. 17 cancelling and superseding Second Revised Sheet No. 17)

Proposed charges:
No new charge. Change from 2.06 to 2.16444 per kWh reflects change in fuel adjustment base.

(Second Revised Sheet No. 25 cancelling and superseding First Revised Sheet No. 25)

The fuel cost adjustment clause applicable to certain rates is proposed to be reduced to 5% of the total amount due.
Plus or minus an amount per kWh equal to a pro rata portion of any charge or credit to Company's cost of power in the next preceding calendar month due to the application of the fuel adjustment clause in Company's purchase power agreement. The amount of charge or credit per kWh will be determined by dividing the total fuel adjustment as billed by the Company by the kWh sales in the applicable period. In the event of a revision in the fuel adjustment base of 36.06 per million Btu in the Company's power agreement, the purchased power fuel adjustment will be recalculated at the new rate per million Btu base for calculation of the bill.

All other provisions relating to AVAILABILITY, TYPE OF SERVICE, PAYMENT, TERM OF SERVICE and SERVICE REGULATIONS are the same as stated in other tariff sheets included in Company's electric tariff, S.C.R. No. 3.

The following rates are hereby cancelled:
Fourth Revised Sheet No. 10 cancelling and superseding Third Revised Sheet No. 10
Fourth Revised Sheet No. 11-A cancelling and superseding Third Revised Sheet No. 11-A
First Revised Sheet No. 11-B cancelling and superseding Original Sheet No. 11-B
MUNICIPAL STREET LIGHTING SERVICE

356-8410

LEGAL NOTICE

Pursuant to the order of the Public Service Commission of Kentucky entered March 22, 1974 in Case No. 6952, The Union Light, Heat and Power Company hereby gives notice pursuant to the Commission's Order that it will place in effect ten months from December 21, 1973 proposed revised rates for electric service furnished to customers in Boone, Campbell, Grant, Kenton and Pendleton Counties, Kentucky. Proposed rate schedule increases the rates for electric service by 12.05% to the total number of customers affected of \$3,452,114, a lesser increase than that previously published pursuant to published notification following filing on December 21, 1973 of a Notice to the Commission of Adjustment of Electric Rates in Case No. 6952 by the Commission. This publication is made pursuant to order of the Public Service Commission and to correct the published rates filed with that Notice to conform with the above stated revenue and percentage of increase.

The proposed rates are applicable to the following communities (Twenty-Third Revised Sheet No. 22):
Crestview, Florence, Lakeview Park, Taylor Mill, Walnut Hills, Walnut Park, Woodman
Crestview Hills, Cincinnati, Dayton, Fort Thomas, Fort Wright-Lockport Heights, Grant County, Highland Heights, Independence, Kenton County, Silver Grove
Following is a summary of the proposed changes in condensed form:
(Third Revised Sheet No. 3-C cancelling and superseding Second Revised Sheet No. 3-C)
Reconnection charges increased from \$1 to \$3.
(First Revised Sheet No. 4 cancelling and superseding Fourth Revised Sheet No. 4)
Proposed new charges:
First 100 kilowatt hours at \$14.444 per kilowatt hour
Next 100 kilowatt hours at \$2.8444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Next 500 kilowatt hours at \$2.8444 per kilowatt hour
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

(First Revised Sheet No. 6 cancelling and superseding Fourth Revised Sheet No. 6)
Proposed new charges:
First 100 kilowatt hours at \$14.444 per kilowatt hour
Next 100 kilowatt hours at \$2.8444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Next 500 kilowatt hours at \$2.8444 per kilowatt hour
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

(Sixth Revised Sheet No. 6-A cancelling and superseding Fifth Revised Sheet No. 6-A)
Proposed new charges:
First 200 kilowatt hours or less \$8.89
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$6.88.

(Fourth Revised Sheet No. 7 cancelling and superseding Third Revised Sheet No. 7)
Proposed new charges:
First 200 kilowatt hours at \$14.444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

(Fourth Revised Sheet No. 9 cancelling and superseding Third Revised Sheet No. 9)
Proposed new charges:
First 200 kilowatt hours at \$14.444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

(Sixth Revised Sheet No. 11 cancelling and superseding Fifth Revised Sheet No. 11)
Proposed new charges:
Secondary voltage service:
Demand Charge:
First 15 kilowatts of demand or less \$0.00
Next 35 kilowatts of demand at \$2.00 per kilowatt
Next 50 kilowatts of demand at \$2.15 per kilowatt
Next 80 kilowatts of demand at \$2.30 per kilowatt
Additional kilowatts of demand at \$1.80 per kilowatt
Energy Charge:
First 150 kilowatt hours at \$2.8444 per kilowatt hour
Next 150 kilowatt hours at \$2.8444 per kilowatt hour
Next 300 kilowatt hours at \$2.8444 per kilowatt hour
Next 60 kilowatt hours per kilowatt of demand at \$1.4444 per kilowatt hour
Next 120 kilowatt hours per kilowatt of demand at \$1.4444 per kilowatt hour
Additional kilowatt hours at \$1.4444 per kilowatt hour
Plus or minus the fuel adjustment clause.

A three phase customer whose demand does not exceed 15 kW will be charged an additional surcharge of \$4.00 per month for the three phase service.
Minimum: The demand charge for the billing demand but not less than \$6.00.
Primary voltage service:
Monthly discount per kW billing demand:
(For customers receiving service under this section as of January 9, 1974 at their present location)
Monthly discount per kW billing demand:
(For new customers or customers who move to a different location after January 10, 1974)
1st 2500 kW \$0.15
Over 2500 kW \$0.35

DEMAND
The demand shall be the kilowatt demand derived from the Company's demand meter for the fifteen minute period of customer's greatest use during the month, as determined by the Company, adjusted for power factor, as provided herein. At Company's option a demand meter may not be installed if the nature of the load clearly indicates the load will have a constant demand, in which case the demand will be the calculated demand. A demand meter may be installed on a single phase account when consumption equals or exceeds 1500 kilowatt hours per month for four consecutive months or 3600 kilowatt hours for two consecutive 3-monthly billing periods.
The minimum billing demand will be 1 kW for single phase service and 3 kW for three phase service. When both single phase service and three phase service are supplied each shall be metered separately, and the demand for billing purposes shall be the arithmetical sum of the demand of single phase service and three phase service.
In no event will the billing demand be taken as less than the higher of the following:
(a) 85% of the highest monthly kilowatt demand similarly established during the period from June 15 through October 15, including three days before and after that period when required for meter reading purposes.
(b) 70% of the highest monthly kilowatt demand similarly established for the eight remaining monthly billing periods.
(c) If a customer receives the account, the customer's demand record for the prior 11 months will be re-established for purposes of administration of the preceding clause. If a customer disconnects one of the meters, the customer's prior 11 months of kW demand including the kW recorded on the disconnected meter, will be effective for administration of the previous clause.
(d) 300 kilowatts for primary voltage service.

Power Factor Adjustment
For customers receiving service under this schedule as of January 9, 1974, the power factor to be maintained shall be not less than 85% lagging. If the Company determines customer's power factor to be less than 85%, the billing demand will be the number of kilowatts equal to the kilowatt amperes multiplied by 0.85.
For new customers or customers receiving service at a different location after January 9, 1974, the power factor to be maintained shall be not less than 80% lagging. If the Company determines customer's power factor to be less than 80%, the billing demand will be the number of kilowatts equal to the kilowatt amperes multiplied by 0.80.
Power factor may be determined by the following methods, at Company's option:
(a) Contour measurement
(b) The power factor, as determined during the interval in which the maximum kW demand is established, will be used for billing purposes.
(c) Testing (For customers receiving service under this schedule as of January 9, 1974)
The power factor, as determined during a period in which the customer's measured kW demand is not less than 85% of the maximum kW demand of the preceding billing period, will be used for billing purposes until superseded by a power factor determined by a subsequent test made at the direction of Company or request of customer.
(d) Testing (For new customers receiving service at a different location after January 9, 1974)
The power factor, as determined during a period in which the customer's measured kW demand is not less than 80% of the maximum kW demand of the preceding billing period, will be used for billing purposes until superseded by a power factor determined by a subsequent test made at the direction of Company or request of customer.

BEAVER LICK NEWS

The farmers are about all getting out in the nice marm spring sunshine. Some of the people are even beginning to get a touch of "spring fever."

Shirley Stephenson went to Lexington last Tuesday. She won again the top prize for her speech in the FFA. Keep up the good work, Shirley.

Sam Kite is spending a few days in the St. Elizabeth hospital, but is doing fine after his surgery. He will be back home soon.

The Gospel singing at Beaver Baptist Church last Sunday night was a great success.

The little grandson of Albert Rosensteel (Jeffery Rosensteel) has

been confined at home from school two weeks with chicken pox. Let's hope no one else has to have them. They are not so pleasant keeps one too busy scratching from the effects of it.

Everyone is glad to know Ross Scott is home from the hospital and doing fine. Let's all be much in prayer for our good neighbor of the city of Beaver.

STAFFORDSBURG

Even spring is officially here, we are still having very cold nights. Some people have made a little garden and I see some plant beds being sowed and the canvas put on.

There seems to still be a lot of our friends in hospitals. Mar yKice and Lorena Martin have both had surgery the past week, some others waiting reports of tests.

Hope Keeney of Houston, Tex. has had foot surgery and is slowly improving but not able to return to her work for 6 to 8 weeks. She is the daughter of the late Francis Keeney.

Harry and Jessie Fisk and Alberta Ballinger visited their Aunt Etta Armstrong who is a patient at St. Joseph Hospital in Lexington. She is slightly improved but still receiving blood transfusions. Glad to report that Lena Fruett came home from the hospital last Wednesday.

BIRTHS—

Michael and Margaret Robins, Jimae Drive, Independence, a girl at 10:08 a.m. on March 18.
Larry and Kathy Turley, R-1, Demosville, a boy on March 20 at 1:59 a.m.

OVERCOMING HUMAN BARRIERS—Acts 8

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(Acts 8:18-31)
Most lighthouses are on rocks and dangerous places in the water. Practically every lighthouse seems to say, "Stay away from here. Danger!" There has been one lighthouse known to say just the opposite.

Its message was, "Come." This lighthouse was in the middle of the Arizona Desert. There was no water for over thirty miles in every direction, but just where that lighthouse stood there was a well. There was light there at night to let thirsty people know

where the well of water was. The tower in the daytime and the light at night said, "Here is the water."

Those who hear the good news of the Gospel are like that lighthouse in the desert. Their message is, "If any man thirst, let him come unto Jesus and drink." "Whoever will, let him take the water of life freely." There are barriers which must

be broken down if this message of the Gospel is to be real to all who would come and drink.

MAN'S GREED
Stephen has been stoned to death, but God is not dead. He stirs the heart of another layman whose name is Philip. Philip, like Stephen, is not so prejudiced that he cannot see that God's good news is for all men. He went down to the city of Samaria and preached Christ. Many of the Samaritans believed and were baptized. Among them was a man named Simon. Simon was something of a magician. He had amazed the people with his stunts of trickery. He must have enjoyed the popularity, praise and prestige which accompanied his unscrupulous "business."

But something happened. Attention was diverted from "this great one" to "a Greater One." Philip had been used of God to work miracles of healing among the people. Simon was attracted to Philip and even "believed and was baptized." Whether his belief was genuine or not has been a much debated question. If Peter allowed him to judge the fruits of his life, the weight falls toward profession without possession.

Peter and John were sent by the church at Jerusalem to the city of Samaria to check out the report of revival there. They found baptized believers who had responded to Philip's preaching.

There was no evidence that their experience with Christ was not genuine, but there was evidence that they were without Holy Spirit power to witness.

Peter and John laid their hands on them and they received the Holy Spirit in a manner that empowered them to bear effective witness.

When Simon saw what happened at the laying on of hands by the apostles, he offered them money if they would pass their secret on to him. The greed for money, personal power, and prestige continues to be a barrier to the spread of God's good news.

GOD'S GIFT
Peter's answer was, "thy money perish with thee. The literal meaning of this statement is—Your money be with you for destruction. Such a base request could but evoke Peter's indignation."

Spiritual power is God's unmerited gift to man. It can never be purchased. Money may "talk" in most areas of life, but it can't buy what God wants to give.

Peter saw Simon as a pathetic figure. Simon had missed the point altogether. He was not a partaker in the matter of communicating the Holy Spirit to others. His whole heart was wrong at its center. God could see his heart, as He can see ours, and what He saw was wickedness. He was bound in his own iniquity.

Simon was on his way to destruction but there was still room to repent. We can only hope that he did. Verse 26 turns back to the apostles who on their way back to Jerusalem preached the Word of the Lord in many villages of the Samaritans. The Gospel was overcoming a racial barrier.

It was the Holy Spirit who spoke to Philip and directed him to the puzzled official. It was the Holy Spirit who enabled Philip to look beyond race, religion, and tradition to the spiritual need of a man created in God's image.

The smugness of Ethiopia probably heard long and heated discussions on the streets of Jerusalem concerning the identity of the Sufferer of Isaiah. Philip used that Scripture and preached unto him Jesus.

Was "Try Again" really the name of the boat? Or did some joker point those words on the old hull after the wreck? Either way the irony wasn't wasted.

Lots of people used to sail through life confidently and contentedly. Today they aren't so sure they're on the right course.

There are some who think it's only a matter of time before our whole civilization runs aground.

Christianity has often been called "the religion of another chance." Yes, for Christ teaches that we can rise out of our failures through God's forgiveness and power.

Millions today are rediscovering Christian precepts. It is a new generation which will soon be sailing toward a Christian destiny.

Down through automobile history, advertising has been adhered to, as a vital necessity in bringing before the public all the features and advantages an automobile had over its competitor.

Advertising does a good job of presentation, but pictures and words don't quite fulfill the all important proof of what any particular item is capable of providing.

—DEATHS—

MRS. GERTRUDE WEBSTER, age 61, of U.S. 25, Crittenden, died Saturday at her home following a two-year illness.

She was a member of the Auxiliary of American Legion, Johnson-McElroy Post 277 Walton.

She leaves her husband, James H. Webster; two daughters, Mrs. Peggy McEntire, Independence and Mrs. Sandy Hudson, Florence; five sons, Charles Hon, Covington, Danny, Taylor Mill; Tommy, Verona, Terry, Crittenden, and Jerry with the U.S. Navy; a brother, Raymond Boh of Hebron; 15 grandchildren.

Services were Tuesday morning at Chambers and Grubbs in the Independence Cemetery.

MRS. MABLE ALICE AYLOR STOGNER, 88, of 3522 Glenn St., Ashland, Ky. (formerly of Walton) died at 11:30 a.m. Friday at the residence following a brief illness.

Mrs. Stogner was born October 25, 1885 in Burlington, a daughter of the late W. E. and Lena Percival Vest. She was a resident of Ashland for 30 years, and a member of the Second Baptist Church. Her husband (Leo) died in 1972.

Surviving are a daughter, Mrs. John R. Gilpin, Sr. of Ashland; a son, Wilbur R. Aylor, Ashland; seven grandchildren; 23 great-grandchildren; and a great-great-grandchild.

Funeral services were conducted Sunday afternoon at 2:00 at the Second Baptist Church by the Rev. Earl G. Neal. Burial was in Rose Hill Burial Park.

CARD OF THANKS—

Our sincere thanks to all of those who, in any way, helped to make our bakesale a great success last weekend.

A special note of thanks to Stan Jones of Walton IGA who recently purchased softball jerseys for the team.

—ALL SAINTS
WOMEN'S SOFTBALL TEAM

CARD OF THANKS—

I would like to thank everyone for their thoughtfulness of prayers, gifts, and flowers during the sickness and death of my mother, VIOLA BUIS.

You will always be remembered. God bless each one.

WALTON LOCALS

Mr. and Mrs. Stanley Allen entertained for dinner Saturday evening for Mr. and Mrs. Tom Martin and David of Cincinnati; Mr. and Mrs. James Stone, Kim, Jim, and Tim of Hebron; and Mrs. Sue Gilliam, Tammy and Jerry. Kim remained overnight and her grandparents took her home Sunday afternoon.

We extend sympathy to Mrs. Edward Lay and family of High Street in the passing of her mother, Mrs. Viola Buis of Jerseyville, Illinois.

Sympathy is extended to Mrs. Rosemary Clements in the death of her step-mother, Mrs. Joy Vest Northcutt of Dry Ridge.

CARD OF THANKS—

Many, many thanks to the host of friends who were so kind with calls and cards during my stay in the hospital. The thoughtfulness is greatly appreciated.

—HENRY B. SLEET

Notes of Servicemen

Darrell S. Cooper
Airman Darrell S. Cooper, son of Mr. and Mrs. Darrell D. Cooper of 5409 Madison Pike, Independence, has been assigned to Chanute AFB, Illinois, after completing Air Force basic training. During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations. The airman has been assigned to the Technical Training Center at Chanute for specialized training in aircraft maintenance. Airman Cooper is a 1973 graduate of Simon Kenton High School.

Help The Children Is Plea
POISONING CLAIMS MANY LIVES EACH YEAR
Over 90 percent of all poisoning accidents involve children under the age of five. The Department for Human Resources is helping observe poison prevention week—using the theme "Plan to Stop Poisoning. Prepare for the Unexpected." Drugs are the biggest hazard for adults as well as children. All drugs are dangerous and should not be used except when prescribed by a physician. Overdose of ASPIRIN is the cause of most drug poisonings in children.

Carbon monoxide killed 1,600 people last year. It is an odorless, colorless, and tasteless poison. These deaths can be prevented by never running a car in a closed garage or at a driveway and by leaving a window open in cars on long trips. Fumes from charcoal grills can produce deadly carbon monoxide. NEVER use a charcoal grill indoors for cooking, even in a fireplace, warn the Department's Bureau for Health Services. Mushrooms that you pick yourself may cause death also. There is no way to determine safe mushrooms from the poisonous varieties. And boiling them does not always make them safe to eat. Over 5,000 Americans died of poisonings last year and 95 per

Holy Week SERVICES

Pre-Easter Services will be conducted at The Walton Christian Church beginning Sunday April 7, continuing through Thursday, April 11. Guest speakers from area Christian Churches will bring the messages the first four evenings, followed by a Candlelight Communion Service on Maundy Thursday. Worship will begin each evening at 7:30 p.m. The public is cordially invited to attend by the host pastor, Ira Richard Harris.

Communion Service Wednesday
Rev. Robert Yates will serve a special Holy Communion during prayer meeting service on Wednesday, April 10.

Basketball Results

In the second round of the tournament, Piner won 72 to 57 over Eggleston Methodist. Callen led the winners with 18 points. McCauley led the losers with 16. Walton Baptist, slipped by the Walton Methodist squad 67 to 58. Arlington led the winners with 22 points. Ramsey tallied 19 points for the Methodist team. In th nightcap, All Saints defeated Walton Christian by a score of 72 to 62. R. Raybourn led winners with 24 points. M. Ferguson led Christian with 20.

GOSPEL SINGING

The Gospel Reporters and The Chapel Keys will be singing at the Florence Baptist Church on Saturday evening, April 6th at 7:30 p.m. Everyone welcome.

MEETING DATE CHANGED

The Walton-Verona School Board will have its regular meeting on Monday, April 8th at 7:30 p.m., instead of Thursday, April 11th.

Car Wash, Bake Sale

The youth group of Richwood and Union Presbyterian Churches will have a car wash and bake sale on Saturday, April 6, from 11:00 a.m. to 4:00 p.m. at the Union Presbyterian Church, U.S. 42, Union, Ky. All the jobs are guaranteed to meet with your satisfaction.

1934 Class Reunion

Independence High School Class of 1934 will have a 40th year class reunion on Saturday, May 18th at Rowletown. All members are encouraged to attend except for Dorothy McClain. Anyone knowing addresses of these two, please contact Bill Durr, at Nicholson or Col. Cecil A. Wayman.

RANDALL WAGNER SPEAKS

At OWEN CO. HIGH SCHOOL, Randall Wagner, cancer crusade chairman for Northern Kentucky, will speak at Owen County High School today at 1:00 p.m. during the assembly program. His message will be about the cancer research and how it is and can be beneficial to prevention and treatment of cancer.

EVANGELIST

Rev. Bob Brown

Revival Services continue at the First Baptist Church, Walton, as Rev. Bob Brown, pastor at Trinity Baptist Church in Lexington is the evangelist. Gary Griesser, Hebron, is the song leader. Rev. Robert Sheffield, pastor, invites the public to attend these services which continue through Saturday, April 6.

—CAREER DAY—

The Walton-Verona Yearbook Staff is having a "Career Day" at Frick's in Florence on Highway 42, all day, Saturday, April 6. Local residents are invited to patronize this restaurant and support the students who get a contribution from the sales.

Stockholders Meeting

W. W. Worthington, Kenton County, chairman of the board of Federal Land Bank Association of Dry Ridge, announces that the stockholders will meet April 5, 7:00 p.m. EDT, at the Grant Co. High School in Dry Ridge. A large crowd is expected for this 57th annual meeting. Kline D. Shipp, manager, states that the association now has loans outstanding of over \$7,899,000 in the seven county area it serves. Registration begins at 5:30.

Easter Toys To Be Given

The Forget-Me-Not Florist will be having a drawing for stuffed Easter toys on Saturday, April 13 at 5:00 p.m. A ticket will be given for each \$1.00 purchase. The florist will have all types of flowers for your special needs. They are open daily from 9 to 5 and will remain open until 8:00 o'clock Friday, April 12. See their ad in this issue.

Ham Shoot Planned

At Ryland Heights VFD Department and Life Squad will hold a ham shoot at the fire house on Decourcy Pike, State Route 177, 6 1/2 miles south of Covington, from noon till dark. Refreshments will be available. All proceeds to be used for the operation of the Fire Department and Life Squad.

City Council To Meet

The Walton City Council will meet Saturday, April 6 at 7:00 p.m. at City Hall to decide if Tom Cady will remain as Police Chief. All interested citizens may attend this meeting.

YOUTH ATTEND JAMBOREE

Several youth and adults of the Walton United Methodist Church are planning to attend a "Gym Jamboree" at Wilmore, Kentucky on Friday evening.

IN YOUR LIFETIME . . .

Once again there is a hopeful theme for the American Cancer Society's April Crusade: "WE WANT TO WIPE OUT CANCER IN YOUR LIFETIME." There is substance to this hope? The trend over the last four decades shows that there is a real basis for cautious optimism. In the late thirties less than one in five cancer patients was being saved. Twenty-five years ago it was one in four. And today one of three who get cancer is saved. Medical experts believe that with present methods of treatment one out of two cancer patients could be saved, providing detection and treatment come in time. Advances in the treatment of cancer have come from research and improvement of surgical and radiation therapy. In a slow but steadily-growing number of cancers, drugs have been effective. But there can be little difference of opinion about what is needed for the final conquest of this ancient enemy of mankind. The scientific effort has to be broadened and stepped up. This means more money for brain power and manpower, more equipment and research facilities. When an American Cancer Society volunteer comes to your home this month, remember the goal: "WE WANT TO WIPE OUT CANCER IN YOUR LIFETIME."

CHANT ALLURE... ENJOY Music in Church

The congregations of Richwood and Union Presbyterian Churches will worship together on Palm Sunday, April 7, at the Richwood Church. "The Glory of Easter" a cantata by John Peterson, will be presented by the combined choirs of the two churches for this special service. The choir is under the direction of Mrs. Debbie Nix, of Florence, and are accompanied by Mrs. Peggy Stephenson Union. The church school at Union will meet at 9:30 a.m. and dismiss in time to go to Richwood by 11:00.

Youth-Led Revival

Hickory Grove Baptist Church, Taylor Mill Road, Independence, will sponsor a "Youth-Led Revival" April 6 and 7. A team of young people from Cumberland College will be conducting the service. The speaker, Craig Smith, is a high school All-American football player from Michigan. The time of the service Saturday night will be 7:30. He will be leading the services Sunday morning and Sunday night. These services are to begin at 11:00 a.m. and 7:30 p.m. respectively. This will be the climax of a great week for their young people. The public is invited.

VFW Post Plans Election

The Boone County Memorial Veterans of Foreign Wars Post No. 6099 and Ladies Auxiliary will hold election of officers for 1974-1975 at the regular meeting on April 10 at 8:00 p.m. at the post in Union. Further plans for the V.F.W. Buddy Poppy Sale to help Disabled Veterans will be announced to be held May 2, 3, and 4.

Mrs. Beigle To Host Club

The Walton Homemakers will meet Friday morning, April 5 at 10:00 o'clock. Mrs. Donald Rice will serve as co-hostess as they meet at the home of Mrs. Paul Beigle. The lesson—House Plants—will be taught by Mrs. Frank Penick and Mrs. Gertrude Butler. Visitors are welcome.

New Correspondent

Mrs. David Hocker will be writing the Verona news, so all you folk who have any news of interest in that area, please call her at 485-7378.

Twenhofel PTA Is Monday

Twenhofel Junior High PTA will meet Monday, April 8, 7:30 p.m. in the cafeteria. The program will be Science and Art Exhibits by the students.

WANA CLUB MEETING

WANA Club will meet Thursday, April 4th, 8:00 p.m. at the home of Mrs. E. A. Lauterwasser on Stephenson Mill Road. Dr. T. C. McDaniel will present the program "What's Your Health I.Q.?"

Variety Sale Saturday

Morning View United Methodist Church is having a "Variety Sale" in the church basement on Saturday, April 6, beginning at 10:00 o'clock in the morning. Bakery goods will also be available and lunch served. You are invited to attend and help a good cause.

Student Receives Music Scholarship

Beth Morgan

Beth Morgan, a senior flute player, will attend the University of Dayton in Dayton, Ohio, next fall on a music scholarship. On March 2, Beth tried out for the scholarship by playing "Sonata" by Poulenc, and was informed that she would receive it, although the amount is still unknown. The scholarship will aid Beth in attaining a major in Music Education and Performance. Upon completing college, Beth plans to go into instrument repair, and to possibly teaching music. Besides playing in SK's band, Beth plays in the YMCA Youth Symphonic Band of Cincinnati, which she feels has helped her out a lot. The University of Dayton has approximately 140 students in its music department, and two concert bands. Beth will get to play with the orchestra in the town of Dayton. Mr. Miller is the band director.

Gospel Singing Saturday

There will be a Gospel Sing at the Goshen Christian Church on Sunday, April 7, at 7:15. The "Rock Gospel Singers" featuring Dave and Ruth Worthington, Steve and Arlene Stephenson, and Valerie Dyer will be on hand along with "The Cross Men Trio" and maybe more. You are invited to attend, it will be worth your time.

REPORT . . . from the General Assembly

By SENATOR CLYDE MIDDLETON

The 1974 session of the Kentucky General Assembly came to a close, the House and Senate adjourning "Sine Die" (without a specific day designated to reconvene), well before the midnight deadline. This is the first time during my four sessions in the Legislature that a regular session has adjourned properly, without stopping the clock and working beyond midnight. That alone is evidence of a new spirit of responsibility and I applaud it. At the same time, the comments on the 1974 session which appeared in the newspapers over last week end are generally critical of the session and of its leadership. I suggest that you take some of the commentary with a grain of salt. It is unfortunate, but true, that many of the wire service columnists have their personal opinions of what should pass or should not pass, and they become piqued at any action by the legislators which reflects a different view. Naturally, these personal opinions tend to influence their evaluation of a particular session. The same thing is true of particular interest groups whose legislative goals were not reached.

REFLECTORIZED LICENSE PLATES

A good case in point is the bill which will require reflectORIZED license plates in 1977. It was uniformly referred to by the press as a "sticker bill" one which would be being pushed by commercial interest for their own benefit. I got this reputation six years ago when the "3M Company" was the dominant producer of reflective material. Today there are companies in that field, and their

NEW CERAMIC GIFT SHOP

Open daily, the Anco Ceramic Studio and Gift Shop carries a complete line of African Bisque colors and supplies. Instruction classes available beginning April 9th, at two locations, Union and Dry Ridge. See the ad in this issue.

Bake Sale April 13th

Circle Number Two of Walton United Methodist Women will have a Bake Sale on Saturday, April 13, beginning at 9:00 a.m., in front of Dixie Bank Home. Homemade baked goods will be available.

Easter Flowers Being Sold

The BYKOTA Class of Walton Christian Church will sell Easter flowers and corsages again this year on April 13, all day. To order your flowers early you can call 485-4962 or 485-4967.

TYPO GETS CALLS

Advertisers are always concerned about the many people read their ads. One way is for the customer to say "I saw in your ad . . ." For instance, last week a typographical error slipped by in Benton-Boner's ad which drew a lot of attention. A 30 inch electric stove was listed as being on special. The regular price was \$319.95, listed as a "special" price of \$289.95. Needless to say, no one bought the stove at that price but they did get a lot of comment. Yes, folks do read the ads in the Walton Advertiser, price or no price.

THE LIVE HOUR WITH This Easter Morn' AND EVERYMORN'

The Community Easter Sunrise Service will be held at Walton United Methodist Church April 14th at 6:30 a.m. Malcolm Pugh, Youth Director at the church will be in charge of the service which is planned to be given by the youth of the community. Refreshment sessions are set for Sunday, April 7th at 2:30 and also Saturday, April 13th in the evening. All youth are urged to meet with Mr. Pugh to plan this service. Refreshments will be served following the program.

Napier Girl Is Winner

In Boone Demonstrations Billie Susan Napier, age 12, and a member of Maverick 4H Club participated in Boone County Demonstration Day, held at the Union Presbyterian Church on March 5. She won Championship for her demonstration in clothing. Her topic was "Proper Western Riding Apparel" for Western Show. Billie represented Boone County at Area Demonstration March 30th.

Gospel Singing Saturday

There will be a Gospel Sing at the Goshen Christian Church on Sunday, April 7, at 7:15. The "Rock Gospel Singers" featuring Dave and Ruth Worthington, Steve and Arlene Stephenson, and Valerie Dyer will be on hand along with "The Cross Men Trio" and maybe more. You are invited to attend, it will be worth your time.

REPORT . . . from the General Assembly

By SENATOR CLYDE MIDDLETON

The 1974 session of the Kentucky General Assembly came to a close, the House and Senate adjourning "Sine Die" (without a specific day designated to reconvene), well before the midnight deadline. This is the first time during my four sessions in the Legislature that a regular session has adjourned properly, without stopping the clock and working beyond midnight. That alone is evidence of a new spirit of responsibility and I applaud it. At the same time, the comments on the 1974 session which appeared in the newspapers over last week end are generally critical of the session and of its leadership. I suggest that you take some of the commentary with a grain of salt. It is unfortunate, but true, that many of the wire service columnists have their personal opinions of what should pass or should not pass, and they become piqued at any action by the legislators which reflects a different view. Naturally, these personal opinions tend to influence their evaluation of a particular session. The same thing is true of particular interest groups whose legislative goals were not reached.

NO-FAULT INSURANCE

I reported to you earlier in the session that several bills had been entered providing for changes in the automobile insurance system. The final passage of HB-814, a comprehensive No-Fault bill, was one of the most dramatic I have ever seen. After parliamentary maneuvers during the last three weeks of the session a conference committee report recommended the bill. A final parliamentary issue, which would decide the fate of the bill, was submitted to the Senate by Lt. Gov. Julian Carroll.

He ruled that the matter was not covered by either our own rules or the Parliament or Rules (Mason's Manual) which is our basic guide. The vote on this question was taken around 3:00 p.m. the last Friday and allowed a simple majority (rather than a majority of three elected-30 votes) to pass the bill. The vote was 19-17, which means that a change by one Senator would have tied the vote and left the decision to Lt. Gov. Carroll. The bill itself was then passed by a more comfortable margin and sent to the House where it also passed.

Local & Society

Jack Bertram is in Miami Valley Hospital, Dayton, Ohio, and had surgery on Tuesday.

Mrs. Alice Hight is showing some improvement while a patient at St. Elizabeth Hospital.

Mr. and Mrs. Bernard Jump of Dry Ridge and Paul Alexander were Sunday guests of their sister, Mrs. Alene Dance.

Mr. and Mrs. Lawrence Wilson attended a birthday dinner last Saturday, given in honor of his sixty-seventh year, at the home of his granddaughter, Mr. and Mrs. Pat King and children of Cynthia. Other guest was Mrs. Mary Kaye Rorer of Lexington.

Mr. and Mrs. Charles Neumeister were Saturday guests of his family, Mr. and Mrs. Ray Brewster.

Mrs. Pearl Baker was able to be at church Sunday, after a long stay in the hospital and at home.

Mrs. Russell Groger is a patient at Deaconess Hospital, Cincinnati. She had surgery last week.

Paula Acree and friend, Kieth McFarland of Edwardsville, Ill.; Sgt. Ross Howard and family of Dayton, Ohio, spent the weekend visiting relatives in Walton.

Willing Workers Class Meeting
 Mr. and Mrs. W. W. Rouse were hosts to the Willing Workers Class meeting at their home on March 28. A delicious buffet style

VERONA

JANIE HOCKER Reporting
 Janie Hocker is a new correspondent for local news in the Verona area. Call her to report your social activities.

Mr. and Mrs. Clifford Stephenson spent the weekend in Louisville. They attended the Ohio Valley Charolais Association buffet and meeting. They took along as their guests Mr. and Mrs. Don Rosenstiel.

Mrs. Mabel Readnour spent the weekend with Misses Rona Jean and Greta Jo Stephenson while their parents were away.

Little Joe Resensiel spent the weekend with Mr. and Mrs. Jim Stephenson and Jamie Baker.

Mrs. Linda Robinson has been in St. Elizabeth Hospital this week for an operation. We know Tony and Brian are glad to have her back home.

Mrs. Everett McKenney has also been on the sick list but, glad to know she is some better.

We are going to have new neighbors in the Jim Coyle home. His daughter Eula Mae and family. We welcome them to Verona.

Mrs. Hocker has had as guests this week, her sisters, Mrs. Della Steward from East Bernstead, Ky., and Mrs. Martha Gibson of Corbin, Kentucky.

Mrs. David Hocker enjoyed a visit this week from her sister, Mrs. James Fee of Orlando, Fla.

We wonder how Randall Robinson got away from the store, to take that fishing trip last week, but I'm sure he enjoyed it.

TRAIN WITH FULL PAY

Immediate openings for special training in Mechanical, Electronics, Aviation and Clerical fields in the U.S. Navy. Pay starts at \$238 per month from first day. We furnish quarters, food, and clothing. School guarantees before you sign up.

 Phone 581-5310

pot-luck dinner was served at the noon hour by the hostess. She was assisted by Mrs. Jack Rouse and Mrs. Asa Rouse.

Mrs. Walter Whitson conducted the business session.

The devotion was given by Mrs. Lillian Acree who chose as her subject, the stoning of Stephen—the first martyr of the Christians, as found in the book of Acts. She compared this act to the death of Jesus.

Others present were Mrs. Dan Bodinger, Mr. and Mrs. Hugh Fulton, Mrs. John Gault, Mrs. Lula Huey, Mrs. Wallace Grubbs, Rev. and Mrs. Richard Harris, Mrs. Sam Sleet, Miss Rachel Acree and Miss Mary West.

WOMEN TOUR POTTERY

A group of ladies from Walton Christian Church visited the Bybee Pottery, last week, near Richmond and had lunch at Boone Tavern and visited other points of interest at Berea, Kentucky.

Enjoying the day were Mesdames Dennis Flynn, Paul Groes, Dick Houston, Bob Horn, A. H. Russell, Gayle McElroy, Rueben Hinsdie, Frank Afterkirk, Jack Rouse, Jack Berkshire, Al Reed, David Peebles, Lula Huey, Robt. Eisenschmidt, Walter Whitson, Forrest Eisenschmidt, Bill Gibson, Claude Adams, and Misses Louise Conrad, Helen Richardson, and Rachel Acree.

Flowers Are Topics

The Boone County Garden Club held its March meeting at the Kentucky Federal Savings and Loan, Florence. Mrs. Florence Eades presented the program, "Growing Dahlias." She grows over 200 dahlias each year.

Hostesses were Mesdames W.H. Wesler, Marshall Thomas, J. Clinton Berkshire and A. W. Fullerton.

Mrs. L. L. Franks installed the new officers for the coming year as follows: President, Mrs. Boyd Mahan; vice president, Miss Lucy Grant; recording secretary, Mrs. Hillard Collins; corresponding secretary, Mrs. Leroy McNeely; and treasurer, Mrs. Larry Burcham.

Mrs. Frank presented each of her a lovely carnation and challenged each officer and member to work diligently for a new year.

Mrs. Mahan appointed a Constitution committee consisting of Mesdames L.L. Franks, Roy Nestor, Kirtley Cropper, K.E. Lanter and Edward Smith.

The hostesses provided two lovely spring arrangements and two specimens.

—ORDINANCE NUMBER 19—1974—
AN ORDINANCE EXCEPTING AND CONFIRMING WATER MAIN AND WATER PIPE INSTALLATION ON KENTUCKY HIGHWAY 14 AND 16 AND LEVYING AN ASSESSMENT TAX UPON EACH LOT FOR THE COSTS OF THIS IMPROVEMENT.
WHEREAS, The City of Walton has passed resolutions and ordinances authorizing the construction and installation of a water main and pipe on Kentucky Highway 14 and 16 pursuant to Ordinance No. 1973-6 and other related ordinances and resolutions, and
WHEREAS, pursuant to KRS chapter 94 the City Engineer has furnished the clerk with a certificate of appointment, and
WHEREAS, the City Council has inspected and approved and accepted the work and confirmed the certificate, notice having been given pursuant to KRS chapter 104.
NOW, THEREFORE, the City Council of Walton, Boone County, Kentucky, does ordain as follows:

SECTION I
That the water main and pipe installed on Kentucky Highway 14 and 16 and be the same is hereby accepted, and the letter and report written by the inspecting committee attached hereto is incorporated by reference herein as if the same were herein after set forth.

SECTION II
That ten (10) percent of the assessable funds be retained and held by the city until the major construction set forth in the report in SECTION I above are complete, at which time the Mayor and the City Clerk are hereby authorized and ordered to pay over said retained amount to the appropriate parties.

SECTION III
That the letter from the City Engineer James E. Ransom to the City Council, attached hereto, the same being the "Certificate of Appointment" shall be hereby incorporated by reference as if the same were herein after set forth.

SECTION IV
That the costs for this improvement are hereby apportioned pursuant to said letter, and that an assessment tax is hereby levied on each lot or parcel belonging to the individual party mentioned in said letter to the extent therefore set forth.

SECTION V
That payment pursuant to said assessment tax is to be made in cash within thirty (30) days after the adoption and publication of this ordinance and shall carry a penalty of ten (10) percent of said assessment and bear interest at the rate of six (6) percent per annum if paid thereafter.

SECTION VI
The Mayor and the City Clerk are hereby authorized and ordered to pay pursuant to the contents of this ordinance the appropriate parties for the installation, construction and labor involving said water main and system.

This ordinance shall be in full force and effect when passed and published as required by law.
Done this 26 day of March, 1974.
Sam Gamble
MAYOR

Attest:
Anna Mae Simpson
City Clerk

KENTUCKY HIGHWAY 14 AND 16 WATER MAIN INSPECTION February 23, 1974—10:00 A.M.

PRESENT
Mr. Sam Gamble, Mayor
Mr. Jack Norris, Member Council
Mr. David Peebles, Member Council
Mr. Bill Rowsey, Director Public Works
Mr. Raymond Leonard, Contractor
Mr. James E. Ransom, Engineer
The group started at the beginning of the job and walked the entire length. There were no complaints from abutting property owners, however, the Committee recommends that the following check list be completed before final payment is made.
Unpaved drive to right needs C.M. pipe straightened on both sides and Highway ditch shaped to drain.
First Fire Hydrant needs valve box raised and loose rock placed behind hydrant to prevent soil from caving off bank.
All large rock needs to be picked up along entire improvement and removed from job.
Second drive to right needs culvert entrance cleaned out.
Third drive to right needs C.M. pipe straightened on both sides of drive and ditch shaped to drain through culvert. Stone needs to be added to this drive.
Highway curve sign needs to be reset.
Salem Road needs to be graded immediately to keep water off the surface.
Last hydrant needs final grading so ditch can drain into culvert.
The line is in use and has been tested, we recommend that the job be accepted and assessment ordinance drawn and 10% be held until final restoration can be made.
The Committee recommends that the Salem Church Road ditch be completed as soon as possible.
Respectfully submitted
Sam Gamble, Mayor
Jack Norris, Council Member
David Peebles, Council Member

Farmers Expect Large Crops

by A
DARWIN FOLEY

Kenton County Extension Agent

Most farmers expect their 1974 crop to be the largest in several years. If you are going to need extra barn space in 1974 and are considering building I encourage you to consider blueprint plans from the University of Kentucky. We have descriptions of the plans in our office at the Courthouse in Independence. The cost is 25 cents per blueprint sheet. You can order them or we can order them for you.

Services by Other Agencies
We at the Extension Office often refer people to other agencies when we can not be of help. The following are some of our most frequent referrals.
Question—I want to plant some trees on my land. Where can I obtain seedlings?
Answer—You should contact the District Forester, P. O. Box 37, Stamping Ground, Kentucky. The Division of Forestry operates 3 nurseries from which a dozen or more varieties of tree seedlings are distributed at low cost to farmers and timberland owners. Forms for ordering these trees are also available from the Extension Office and the Soil Conservation Service, but it is best to get the advice of a forester before buying and planting.

Question—I recently bought my first farm and would like to know what my tobacco allotment and corn allotment for 1974 is?

Answer—The 4-H Club of White's Tower School met March 22, 1974. Sean Dougherty, president, opened the meeting; and Beverly Hubbs, vice president, led the pledges. Jay Heilman, secretary, reported the minutes of the previous meeting; and Sheri Fowler, reporter, gave the newspaper account of the meeting.
The 4-H agent, Miss Diana Schneider, showed the posters for the contest. She made announcements relating to 4-H Rally Day at the Independence Christian Church on March 23. Winners will go on to the Area Rally Day at Tuenhofel Junior High, March 30.
There will be a skating party on April 2.
The 4-H Camp this summer will cost \$20.00.
It was reported at the meeting that Mrs. Marshall, a longtime 4-H worker, had died.
Kenton County Agricultural Agent, Darwin Foley, spoke about his life, gave an explanation of the 4-H pledge, and told that he is available to answer questions about farming, gardening, trees, etc. Small white pine trees were given to each 4-H member.
Each group then went to work on their projects.
April meeting will be held on the 19th of the month.
—Sheri Fowler, Reporter

RESOLUTION NUMBER 1974-18
A RESOLUTION TO ADVERTISE FOR AND RECEIVE BIDS FOR THE REPAIR OF THE CITY OF WALTON'S WATER TOWER LOCATED ON RICHLAND COURT, WALTON, KENTUCKY.
WHEREAS, the City of Walton has a continued need for a water tower, and
WHEREAS, the existing water tower is in need of repair, and
WHEREAS, the City desires the repair to be made as soon as practicable;
NOW, HEREOF, the City of Walton, Boone County, Kentucky, does resolve as follows:

SECTION I
That sealed bids will be received by the City of Walton, Boone County, Kentucky, by the City Clerk, City Hall, North Main and Church Street, Walton, Kentucky, until five o'clock P.M. on the thirteenth of May, 1974, for the repairs of the water tower located on Richland Court, Walton, Kentucky.
Specifications for said repairs may be obtained from the office of Willard Rowsey, Public Works Director for the City of Walton, at the office of the City Clerk, North Main and Church Street, Walton, Ky.

SECTION II
Bids will be opened at the meeting of the Walton City Council Tuesday, May 14th, at 7:30 P.M.
SECTION III
The City of Walton reserves the right to reject any and all bids, or to accept the proposal, deemed to be the lowest and best bid and most advantageous to the City. Additionally, the City of Walton reserves the right to require the execution of a performance bond to insure faithful performance of the work required.

SECTION IV
The City Clerk is hereby authorized and ordered to publish this resolution in at least four issues of the Walton Advertiser, Walton, Kentucky, on each of four separate weekly publications of said newspaper.

SECTION V
This resolution shall be in full force and effect when passed and published as required by law.
Done this 26th day of March, 1974.

Cattle from local breeders were consigned by Stu-Mc Farms of Walton and Booneland Farms of Verona. Booneland Farms showed their blue ribbon first place cow who went to be one of the highest sellers of the sale, going for \$2300 to Ryland Farms of Louisville.

485-9133 - 485-7533

Fifth Revised Sheet No. 18 cancelling and superseding Fourth Revised Sheet No. 18)

Proposed new charges:
Demand Charge:
First 10,000 kilowatt ampere of Demand \$10.000.00
Next 10,000 kilowatt ampere of Demand at \$1.70 per kilowatt ampere
Next 20,000 kilowatt ampere of Demand at \$1.50 per kilowatt ampere
Additional kilowatt ampere of Demand at \$1.30 per kilowatt ampere

Energy Charge:
First 120 kilowatt hours per kilowatt ampere of Demand at 0.8844¢ per kilowatt hour
Next 120 kilowatt hours per kilowatt ampere of Demand at 0.8444¢ per kilowatt hour
Next 240 kilowatt hours per kilowatt ampere of Demand at 0.7844¢ per kilowatt hour
Additional kilowatt hours at 0.6444¢ per kilowatt hour
Plus or minus the fuel adjustment clause.

RIDER WHS
(Fourth Revised Sheet No. 22 cancelling and superseding Third Revised Sheet No. 22)

Proposed new charges:
For Kwh up to the maximum energy in tabulation according to size of water heater, but only after balance of energy use (but not less than 200 Kwh) is billed at the applicable standard "Residential Service" or "General Service" Rate:
1.8944¢ per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum: increased from \$1.00 to \$2.15 per month to be added to the minimum of the standard service rate.

RATE EHS
(First Revised Sheet No. 26 cancelling and superseding Original Sheet No. 26)

Proposed new charges:
A. For electricity used during the five month period beginning with customer's initial monthly meter reading taken on or after April 15 of any year:
All kilowatt hours at \$2.3155¢ per kilowatt hour.
J. For electricity used during the remaining seven months of the year:
The first kilowatt hours equal to fifty percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above,
at 2.3155¢ per kilowatt hour
The next kilowatt hours equal to twenty percent of the kilowatt hours used during the peak month of the preceding five month period described in Section A above,
at 1.8055¢ per kilowatt hour
All additional kilowatt hours at 1.4055¢ per kilowatt hour
Should operation begin without the full five month period described in Section A above, a representative peak month for each period shall be mutually agreed upon between Company and customer for billing purpose.
Plus or minus the fuel adjustment clause.

RATE GS-H
(First Revised Sheet No. 27 cancelling and superseding Original Sheet No. 27)

Proposed new charges:
A. For electricity used for space heating, during "heating period", \$2.50 per month plus 1.8044¢ per kilowatt hour for all kilowatt hours used.
Plus or minus the fuel adjustment clause.

RATE C
(First Revised Sheet No. 28 cancelling and superseding Original Sheet No. 28)

Proposed new charges:
1.8944¢ per kilowatt hour.
Plus or minus the fuel adjustment clause.
Minimum: increased from \$1.00 to \$2.15 per month per month.

OPTIONAL RATE
COMMON USE IN APARTMENT BUILDINGS
Original Sheet No. 28)
Proposed New Rate

APPLICABILITY
Applicable to electric service required for the purposes of heating water, drying clothes, space heating and lighting in areas of common use in apartment buildings. The water heater size and element size must meet with the approval of the Company. Not applicable for use during February-March.

NET MONTHLY BILL
Computed in accordance with the following charges:
First 400 kilowatt hours at 1.8944¢ per kilowatt hour
Next 300 kilowatt hours at 0.8444¢ per kilowatt hour
Excess kilowatt hours at 1.8044¢ per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum: \$2.15
A three phase customer will be charged an additional surcharge of \$4.00 per month for the three phase service.

Proposed charges:
(Third Revised Sheet No. 17 cancelling and superseding Second Revised Sheet No. 17).

No new charge. Change from 2.25 to 2.1844¢ per kWh reflects change in fuel adjustment base.

RIDER BP
(Second Revised Sheet No. 18 cancelling and superseding First Revised Sheet No. 18)

Proposed charges:
No new charge. Change from 6.05 to 5.1544¢ per kWh reflects change in fuel adjustment base.
The penalty for late payment of bills is reduced on all rates from 5% to 3% of the total amount due.
Plus or minus an amount per kWh equal to a pro rata portion of any charge or credit to Company's cost of power in the next preceding calendar month due to the application of the fuel adjustment clause in Company's purchase power agreement. The amount of charge or credit per kWh will be determined by dividing the total fuel adjustment as billed the Company by the kWh rated in the applicable period; in the event of a revision in the fuel adjustment base of \$0.01 per million Btu the Company's power agreement, the purchased power fuel adjustment amount will be recalculated.
All other provisions relating to AVAILABILITY, TYPE OF SERVICE, PAYMENT, TERMS OF SERVICE and SERVICE REGULATIONS are the same as stated in other tariff sheets included in Company's electric tariff P. 26, R. 6, N. 8.

The following rates are hereby cancelled:

Garden Soils — Part II

The different elements can be added to the garden soil through both organic and inorganic sources. Well rotted manure or composted leaves will provide limited quantities of both macro- and micro-nutrients. Such materials also help to improve the structure of heavy clay soils and are certainly recommended. A 3" to 4" layer of such organic matter put over the garden and plowed in before the planting is very desirable. An application of well rotted manure that contained an average amount of bedding or litter may yield as much as 10 to 11 pounds of nitrogen, 4 to 6 pounds of phosphorus and 10 to 11 pounds of potash per ton. A 2" to 3" layer of organic matter over the garden is equivalent to about ¼ ton for each 1000 square feet of soil surface area. If the soil tests low in phosphorus and potash, organic matter alone will not add enough phosphorus and potash to meet the plants' needs for maximum yields.

Inorganic nutrient sources, commercial fertilizers, help produce good yields of high quality crops. Commonly available fertilizers for the home gardener have analysis such as 10-10-10, nitrogen (N), phosphorus (P2O5), and potassium (K), respectively. Thus, if the soil test showed low phosphorus and low potash you know that you need to apply 5-7 pounds of actual

phosphorus and 6-8 pounds of actual potassium per 1000 square ft. If you have available a 10-10-10 fertilizer, it means you must put on 50-70 pounds to get 5-7 pounds of potash for each 1000 square ft. When you put on this rate you also are putting on 5-7 pounds of nitrogen, which is usually too much nitrogen for best results with crops such as tomatoes and peppers.

Where the analyses indicates that you need more phosphorus and potash than nitrogen, choose a fertilizer that has a low percentage of nitrogen, such as 5-20-20 analysis.

If the soil tests high in phosphorus and potash, though, an application of 20 pounds of 10-10-10 fertilizer for each 1000 square feet will provide 2 pounds of actual N, 2 pounds of P2O5, and 2 pounds of actual K for each 1000 square feet, which will be a pretty good good fertilizer to make most vegetables in your garden do well.

Altar Society Square Dance

The Ladies Altar Society of All Saints Church of Walton, Needmore Avenue, will have a Square Dance in the school hall on April 20, 1974, 8:00 to 12:00.

Music by Al Lawrence. Everyone is invited—old and young. Admission is \$1.50 each; 50 cents a child. Drinks, sandwiches and snacks sold separately. You are invited.

SERVICE IN SUPERLATIVE ROLES — Acts 9

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 9:16-17, 23-28)
William T. Stigger tells an interesting story of a discouraged young preacher. Everything seemed to have gone wrong with this man. He had built a church for his people, for he had been a

carpenter; but when it was completed his wife, who had worked by his side died. This and other trying experiences left him broken and defeated. Then he heard, over the radio, a sermon by a well-known minister. He felt sure that man could help him, and he went to see him. He was cordially received and stayed in the minister's study for a long time. When he came out there was a new light in his eyes. "What a man he is," he said. "When I went into his office all the stars had fallen out of my skies—but one by one he put them back again."

Something like this needs to take place more often in the Lord's work and world.
A DEVOUT DISCIPLE
When God has a job to be done He selects a man He can depend

upon. It doesn't matter to Him whether the man is famous or forgotten. It does matter that the man be faithful. Ananias of Damascus filled the bill. It is likely that he had experienced much anxiety concerning the news of Saul, the young Persecutor, who was on his way to Damascus.

About the very time that Saul's arrival should have been announced, word came to Ananias from the Lord. He was instructed to go to the house of Judas on Straight Street and ask about Saul of Tarsus. He was told also that Saul was praying and that he had seen Ananias in a vision coming to him.

Though Ananias was a devout disciple it is understandable that he would hesitate to go to Saul. Ananias is obedient as the Lord explains the mission and purpose of this "chosen vessel." God's messenger to Saul goes to the address given him. He finds that God has gone before him. Sure enough, Saul is praying and even expecting Ananias!

Ananias placed his hands on Saul and said, "Brother Saul, the Lord, even Jesus, that appeared unto you in the way, has sent me that you might receive your sight and be filled with the Holy Ghost."

A DESPISED DISCIPLE
The first part of verse 23 is an example of how much a single sentence in the Bible may imply. Luke says, "After that many days were fulfilled." According to Galatians 1:18 this was a period of no less than three years.

Paul's preaching in Damascus was so effective that he came to be despised by the Jews there. They formed a plot to kill him. For such drastic measures against Paul, informed him of the plot.

In those days the wall around a city was often wide enough to drive a chariot or build a house. From these houses windows often projected over the walls. Saul was let down through a window by the wall in a basket. This was only the beginning of the many "things he must suffer" for the name of his Lord.

Some three years after his conversion experience on the road to Damascus, Saul went to Jerusalem. He sought to join the disciples there but they distrusted his motives. They didn't believe he was a true disciple of Jesus. This was a crucial time for both Paul and the Church. Would they turn their backs on him? Would they discourage the one who was destined to become the greatest credentials of the Christian movement? Verse 27 begins with "But Barnabas." Barnabas who was full of the Spirit and the Church discern the ring of truth in this newcomer. Barnabas took him and declared unto them how he had seen the Lord in the way. The Lord had spoken to Saul. Saul had preached boldly at Damascus in the name of Jesus.

Barnabas was one of those precious gems within the fellowship of the church. How helpful these men and women are. At a time when for a lack of information or because of indifference the battle would be lost. Just then God's man of faith, vision, and encouragement steps to the front. He has his say and the work moves on. Both the world and the church are waiting today for the blessed influence of such helpers of mankind. Let us pray more earnestly for people who will find God's will for their lives in the supportive roles of the ministry of Christ Jesus.

DEATH

MRS. GLADYS M. COX, 49, of 54 McCullum Road, Independence, died at 9:30 a.m. Sunday, on arrival at St. Elizabeth Hospital.

Survivors are a daughter, Miss Becky Brann, at home; two sons, David Brann of Florence and Roger Brann, at home; parents, Mr. and Mrs. James L. Piercefield of Falmouth; three sisters, Mrs. Venton Wells and Mrs. Floyd Purdy, both of Falmouth, Mrs. Helen Stigall, Paris; brothers, Arlie and George Piercefield, both of Falmouth.

Graveside services were conducted at Independence Cemetery with Chambers and Grubbs in charge.

—1974 Hunting and Fishing Licenses—

I believe this universe is no accident.
I believe all life comes from God.
I believe He cares about ME . . . and wants me really to care about Him.
I believe I have fallen short of pleasing God . . . yet He still lets me live in freedom. I am not his slave.
I believe that Jesus Christ revealed God's forgiving love when He—the Son of God—sacrificed His perfect life for my imperfect life.
I believe that Jesus rose from death, assuring me that it is God's desire that I, too, may reach eternity.
And because I believe—I want to share with you my Faith . . . and the inspiration I have found as I worship every Sunday in church.

POISONING

(Continued From First Page)
when giving or taking medicine.
6—Refer to medicine as medicine and not as candy.
7—Clean out the medicine chest periodically and throw out all old medicines.
8—Use safety packaging properly—always close the container securely after use.
Much can be done to prevent poisoning. Each person can do something to help this senseless experience which could lead to death.

BIRTHS—

Camden and Martha Webster, Elliston, a girl on March 23 at 11:35 a.m.
Ronald and Glenna Courtney, Rice Pike, Union, a girl on March 25 at 10:31.
Rosco and Helen Perry, R-1, DeMossville, a girl on March 25 at 9:17 p.m.
Robbie and Rachel Thompson, Jimae Drive, Independence, a girl at 3:32 p.m. on March 26.
Kenneth and Nancy Bowen, Box 119, DeMossville, a girl at 2:02 p.m., March 28.

GOP Women To Meet

Boone County Republican Women's Club will meet April 8 at 7:30 p.m. at headquarters building in Florence. The speaker will be William Schnaedecke, Kenton Co. Representative who will speak on the legislature.
The club will also meet April 11 at 8:00 p.m. at the headquarters to hear Louis DeFolais, assistant District Attorney who tried the "Deep Throat Case." This will be most informative and interesting.

—DEATHS—

ERNEST BOBB, SR., 77, of R-1, DeMossville, died at 2:45 p.m. last Friday at Grant County Hospital.
He is survived by several children, including Ernest "Doodle" Bobb, Jr., auctioneer.

Service Men's News

Michael L. Harrell, son of Mr. and Mrs. James Harrell of Independence was among some 250 ROTC Cadets attending the Reserve Officers Association (ROA) mid-winter conference in Washington, D.C. on February 21 and 22.
A junior at Morehead State University Cadet Harrell is a member of the Army ROTC.
The Cadets, about 10 per cent of them women, represented Air Force and Navy as well as Army ROTC campus groups from nearly 200 colleges in 32 states.
They were guests of ROA and the Department of Defense.
Keynoting the conference was an address by Admiral Thomas H. Moorer, chairman of the Joint Chiefs of Staff.
The two-day meet also included briefings on the legislative process and on ROA and its role in national security. Leaders from Congress and the Department of Defense were guests at the conference sessions.

Beechgrove Homemakers

Discuss Mental Health

Sixteen members of the Beechgrove Homemakers gathered at the home of Mrs. Loretta Stirling on March 21, the devotional given by Mrs. Minnie Letcher was entitled "March Time." A delicious luncheon was served by Mrs. Stirling with Mrs. Ann Wolcott as co-hostess.

The lesson, "Mental Health of Children" was superbly given by Mrs. Judy Spegal and Mrs. Pat Blanton. Several discussions by various members were held during the lesson. After the lesson, Mrs. Blanton read a verse entitled "Everybody Does It." This brought the realization that if we want our children to follow in our footsteps, we should only do things that we wish them to do during their life.

Members at the meeting, other than those named above, were Mesdames Ruth Ann Andrew, Joan Ellis, Margaret Dickson, Carrie Hall, Ruth Kelly, Hazel Kumler, Ronnie Mutch, Ruth Powers, Georgiana McHale, Mari-Ann Scherper and Betty Skelton.

The next meeting will be held at the home of Mrs. Faye Powers on April 18. Since this will be after Easter, these club members take this opportunity to say—Happy Easter, everyone!

CARD OF THANKS—

I want to thank everyone for the beautiful flowers, cards, gifts, calls, prayers, visits, letters and food.

A special thanks to Sue Perkins, my co-worker, for her many extra hours in the shop during my absence of convalescing.

God bless all of you out there.

WALTON CITY COUNCIL MET IN A SPECIAL CALLED SESSION APRIL 6, 1974, AT 7:00 P.M. WITH ALL MEMBERS PRESENT. THE PURPOSE WAS AN ADMINISTRATION HEARING ON TOM CADY.

OFFICER CADY WAS SERVED WITH HIS PAPERS ON APRIL 3, 1974. MR. CADY WAS NOT PRESENT BUT WAS REPRESENTED BY HIS ATTORNEY, JOHN A. HARTMAN.

Charges filed against Officer Cady were—polygraph test; removal of pistol; assault at Walton-Verona School grounds; windshield shooting; sending blank water bills; arrests at Brewster auction on High Street; after acquittal of "Doodle" Bobb, throwing rocks and firing shots at buildings; \$315.00 from Certified Station; letters to citizens of Walton of political nature; purchase of gasoline and tuneup for private car; long distance calls charged to city while in Richmond, Kentucky; painting of Sam Gamble's shed.

The hearing lasted five hours.

Among persons subpoenaed were Mark Kriedler; Ken Yaden, Lou Wilson, Glenn Howard, Willard Rowsey, Roy Hoffman, Doug Hensley, William Johnson, Fred Kirtley, "Doodle" Bobb, Nathan Elliott, L.A. Stamper, Joe Hall, Mrs. Dallas Justice, Melvin Collins, Anna Mae Simpson, Col. Tom Schwartz, Wilbur Zevely, James Alphin.

After hearing all this information, council is to consider evidence and make a decision whether to suspend Officer Cady or not. The decision was to have been made at the regular Council meeting on Tuesday night of this week, April 9.

Editor's Note:

From what this Editor heard at the council meeting Saturday night, I feel that the members of the Council will have to let Tom Cady go. From the testimony that was given by those called as witnesses, there could be no other decision.

Easter Church Services

Community Sunrise Service in Walton will be held this year at Walton United Methodist Church at 7:30 Sunday morning. The program will be conducted by the youth of the community, directed by Malcolm Pugh, youth director of the host church. Refreshments of coffee and donuts will be served following the service.

Easter Sunrise Service at 7:15 a.m. will be conducted at Beaver Lick Baptist Church. Sunday School will be at 10:00 o'clock. Everybody welcome. There will not be night services on April 14th.

Candlelight Communion Service will be observed at the Walton Christian Church Thursday evening at 7:30.

A Good Friday service and a Sunrise Service will be held at Stanfordburg United Methodist Church.

Community Good Friday Service will be held in the Walton Area at All Saints Church, Needmore Street, 12:30 until 1:30 p.m. Rev. Ira Richard Harris will be the speaker. The public is invited to attend.

Father Harry Tennhundfeld will conduct a special service at the All Saints Church at 2:00 p.m. Friday.

Communion Service Thursday Rev. Robert Yates will serve a special Holy Communion Thursday evening.

HAPPY ANNIVERSARY SENIOR CITIZENS

The celebration of an anniversary can be a happy event only if one can look back and know, that through some small way, he has become a better person or improved, to some extent, his way of life. Perhaps through experiencing the pleasure of a new acquaintance, some acts of charity or possibly physical aid, or just doing his best in whatever he attempted would certainly help to brighten this special day.

The members of the Boone Co. Senior Citizen Center in Florence are eagerly anticipating a most enjoyable time on this, the first anniversary of their organization. They sincerely believe and have proven that "life is worth living—only when shared with others." This has been the formula of these golden age citizens from their very first meeting in April of '73.

A handful of retired men and women, eight to be exact, braved the elements on a very cold, snowy and windy night in order to meet together at the Florence Christian Church to try to organize a Senior Citizen group in the Florence area. These charter members, together with their sponsors—Mrs. Charles J. Crane and Mrs. Chris Allgeyer—included Mrs. Marcella Dressman, Mrs. Mary Baumgartner, Mr. and Mrs. John Michels, Mrs. Adeline Heuser, Mr. and Mrs. Ed Kampen, and Mrs. Naomi England. Also present to offer any necessary assistance in formulating the group was Mrs. Marian Galen, secretary and director of the Northern Kentucky Senior Citizen Coordinated Agency,

Inc. (with whom the group became affiliated later on), Mrs. John Carroll, chairman of the Boone County Community Action Commission, Miss Ruth Baker, director of the Boone County C.A.C. in Burlington accompanied by Mrs. Anna Poynter and Mrs. Hazel Jordre, members of CAC. Previous to this meeting the members of the Florence Ministerial Association offered their help in establishing publicity in their churches and any other assistance needed. Reverend John Murphy, pastor of the Florence Christian Church offered his church hall as our center and meeting place.

Much discussion, mingled with great enthusiasm and perhaps some hesitation, took place on this memorable night, but as a result the Boone County Senior Citizen Group was born, and like an infant, began to take its first steps, slowly at first, but surely, toward a promising future. Today this group has become one of the more active and growing Senior Citizen Centers in Boone County. It would only be repetitious to (Continued on Page Four).

EVANGELIST

Monte Shinkle

Beaver Lick Baptist Church will have revival services beginning April 29 and continuing through May 5.

The evangelist will be Monte Shinkle, pastor of Clark's Creek Baptist Church, Dry Ridge, Ky. Pastor Walter Shinkle invites the public to attend these 7:30 p.m. services.

Softball Meeting Tuesday, April 16, 7:30

There will be a special meeting of the Women's Area Churches Softball League on Tuesday evening, April 16, at the Walton Christian Church at 7:30 p.m. A representative from each church interesting in entering the league for this season is asked to be present.

Easter Egg Hunt Sunday

The American Legion Auxiliary is planning an Easter Egg Hunt at the Legion Hall on High Street Sunday, April 14th from 2 until 4 o'clock. All children in the neighborhood are invited. Prizes will be given.

Sponsors Paper Drive

The Freshman Class at Walton-Verona is sponsoring a "Paper Drive" on Saturday, April 27 at the high school from 9:00 a.m. until 12:00 noon. Please bring your papers to the school or put them in front of your house. If you have a large amount of papers, call 485-4394 or 485-4613.

Easter Flowers Being Sold

The BYKOTA Class of Walton Christian Church will sell Easter flowers and corsages again this year on April 13. To order your flowers early, call 485-4282 or 485-4607.

WEDDING ANNIVERSARY

Mr. and Mrs. Raymond Ball of New Liberty entertained Mr. and Mrs. Charles Carlisle Sunday at Churchill Manor in Carrollton. The occasion was Mr. and Mrs. Ball's second wedding anniversary.

Staff Says "Thanks"

The Walton-Verona Yearbook staff wishes to thank everyone who ate at Fris's Saturday and helped to make their Career Day a great success.

BOONE COUNTY MAY GET BOOTH HOSPITAL

ACCORDING TO RECENT PUBLISHED REPORTS, BOOTH MEMORIAL HOSPITAL WANTS TO RELOCATE IN BOONE COUNTY IN THE FLORENCE AREA.

A final decision on relocation of the hospital will be made by the Salvation Army Board of Trustees in New York, which operates the 150-bed facility in Covington.

The proposed growth factor and accessibility to major highways are said to be contributing factors in a study has been under way for some time to determine if Boone County needs a hospital.

The report indicates population development and density in the Florence-Erlanger area the Industrial Park and the airport. Only recently St. Elizabeth Hospital broke ground for the first unit of a new 190-bed hospital it plans to build on Dudley-Pike in Edgewood.

With the construction of two new hospital buildings, both Boone and Kenton County would be readily accessible to the units. H. Charles Jones, Kenton Hills,

Property damage may run as high as \$5 million as a result of the tornados that swept through Northern Boone County last Wednesday afternoon and evening.

No deaths were incurred but several businesses were destroyed and many families left homeless. In Bullitsville, a grocery was flattened and at Taylorsport, a boat harbor destroyed. At least 20 dwellings were blown away and another twenty or so heavily damaged.

The storm damaged property from Bellevue through Burlington and along North Bend Road, hitting Bullitsville and Taylorsport very hard. Some half dozen persons were hospitalized with injuries sustained during the storm.

Hebron Fire House was designated as a central point for rescue operations and collection of clothing and food for those who lost their possessions. Volunteers from surrounding communities converged on the little community with power saws, heavy equipment and ambulances. Special recognition should be given to Chief Harvey Pelly and crew for their long hours of salvage endeavors.

To the south into Kentucky, Frankfort's Jett community was hit very hard as well as four industries along Highway 421.

In Stamping Ground every building was said to have been damaged or destroyed with some blown completely away.

Harrison County and Cynthiana also received heavy damage.

The north-eastern side of Louisville from the Fairgrounds to and along 1-71 caught high winds that left that area paralyzed. Water service was cut off for many hours as the plant was in the direct path of the storm. In Brandenburg 28 lives were lost and almost all the dwellings destroyed. The state-wide death toll was set at 71.

Walton residents were recalling the tornado that struck the Beaver Grade section on Friday the 13th, 1956.

On Monday of last week, some minor damage was inflicted in this community by strong winds, not tornados. A large tree was blown upon the McMahan house on Richland Court, and a garage at Walton Lumber Company was blown sideways.

New Business Opens

Walton has a new business! Walton Concrete Company, now being operated by Walter "Buck" Shinkle is located across the street from the office of Walton Lumber Company. They are open five and a half days each week. The phone number is 485-4247.

4-H Bake Sale

And Easter Crafts Display The 4-H-Spur 4-H Club will have its annual Bake and Easter Crafts Sale on April 13th, beginning at 9:30 a.m. until 7 p.m. at Ryan Hardware in Walton. The Easter crafts are on sale now at the hardware store and are hand-made by the 4-H club members.

Walton Lodge To Meet

Walton Lodge No. 719 F&AM will meet Thursday, April 18th at 7:30 p.m. All members are urged to attend and visitors are welcome.

BEE PARTICIPANTS

Local students who participated in the recent Post Spelling Bee are:

Susan Bachert, Piner School; Connie Disney, Walton-Verona; Stephanie Gallaugh, New Haven; Julie Hogger, St. Cecilia; Vicky Kincaid, White's Tower; Shawna Heisler, Taylor Mill; Danny Mullins, Kenton Elem.

Wagner Speaks At Boone County Cancer Mtg.

Twenty-four members and volunteer workers were present at the Boone County Cancer Kick-off breakfast on March 23. Dr. Joseph Daugherty gave a report that 20 clinics were held in 1973 with 112 patients. The clinic has been in operation for 20 years. Randall Wagner told of a treatment for cancer. The problem is an economical one. It is hoped that each person will give generously when a volunteer worker knocks at your door. Let's all help in every way we can to find a cure or a preventive against this disease which takes the lives of more than 975 Americans every day. Last year, more school children died of cancer than from any other disease. Your contribution will help!

Mr. and Mrs. William Jorde are chairman of this year's Crusade. EXTENDED SURVIVAL Research has helped improve the cancer cure from one in five to one in three.

Rev. William Hartung Isadore Childers, pastor of Wil-mington Baptist Church, announces a revival at the church beginning April 14th and continuing through April 21. The evangelist will be Rev. William Hartung, pastor of the Thorn Hill Baptist Church in Frankfort, Kentucky. Paul Mann, music director at Gardnersville Baptist Church will be the singer. Rev. Childers invites the public to attend these 7:30 p.m. services.

GOLDEN WEDDING

Rev. and Mrs. Frank Lipscomb, 215 Hector Road, Morning View, Kentucky, quietly celebrated their 50th wedding anniversary, Friday, April 5th. Both are retired teachers and Mr. Lipscomb is a retired Baptist Minister. Due to Mr. Lipscomb's health, no reception was held. He celebrated his 84th birthday on February 28th.

Bake Sale This Saturday

Circle Number Two of Walton United Methodist Women will have a Bake Sale on Saturday, April 13, beginning at 9:00, in front of Dixie Bank, Walton. Homemade baked goods will be on sale.

Charm School Graduation Highlights PTA Meeting

Kenton Elementary PTA will meet Thursday, April 11 at 7:30 p.m. in the school gymnasium with Mrs. Robert Gibson presiding. Charm School graduation for the fifth and sixth grade girls will be the program for the evening with Mrs. Kearns and Mrs. Holbrook in charge. There will be a bake sale following the meeting. Be sure to get something for Easter Sunday. Everyone is invited to attend.

Collect Clothing For Kentucky Storm Victims

Upon short notice Friday afternoon, several people got clothing together for the Fire Department to send to Brandenburg, Kentucky storm victims via Hebron Fire Department. We are sure that folks will really appreciate Doris Taylor's telephone calling.

KENTON COUNTY 4-H CHAMPIONS

Pictured above, from left to right, back row is Cathy Ashcraft, Jackie Crawford, Tina Sexton, Debbie Schulte, Luellen Wolsing, Marlene Bergman, Gwen Clark.

Middle row is Nancy Hogger, Paula Baldwin, Beverly Hubbs, Jay Hellman, David Norn, Gerry Bergman.

First row is Melinda Burden, Lori Simpson, Patty Lockhart and Joyce Waymeyer.

These 4-H'ers were selected "CHAMPIONS" in their demonstration categories at the March 23 4-H Rally Day held at Independence Christian Church.

Subsequently they represented the county on March 30 at the Area 4-H Demonstration Day and the following are to be congratulated for again receiving champion: David Norn, Lori Simpson, Paula Baldwin, Jay Hellman, Gwen Clark, Joyce Waymeyer, Luellen Wolsing, Debbie Schulte and Jackie Crawford.

They will now represent the county during the summer at the Kentucky State event for 4-H demonstrations.

Local & Society

WALTON LOCALS

Mr. and Mrs. Jim Ellis and family of Erlanger; Bonnie and Connie Greene were guests of Mr. and Mrs. Woodrow Greene on Thursday and attended the revival at Walton First Baptist Church.

Rev. and Mrs. Dan Straw, pastor of Hillsboro Baptist Church were Thursday guests of her parents, Mr. and Mrs. Franklin Breeden and family.

Mr. and Mrs. Stanford Hutton were Friday guests of Mr. and Mrs. Marvin Kendall.

Mrs. Lillie Moore is a patient in St. Elizabeth Hospital.

Mr. and Mrs. Charles Prather entertained with dinner on Wednesday for Rev. and Mrs. Robert Sheffield, Rev. Robert Brown of Lexington and Mr. Gary Griesser of Hebron.

Mrs. Mable Johnson and Betty attended the wedding and reception of her niece, Miss Nellie Marie Armstrong, daughter of Mr. and Mrs. Russell Armstrong, to Mr. Frederick Hill of Ludlow. The wedding ceremony was held in the Church of Christ at Nicholson, where the bride is a member.

Homer Winburn of Jones Road remains a patient in St. Elizabeth Hospital.

Mrs. Joy Harvey of Erlanger, Dorothy Denny and Ruth Glenn spent Saturday at Keeneland in Lexington.

Mr. and Mrs. Clayton Jones and Evelyn of Hilliard, Ohio were visiting friends and relatives in Walton and Verona over the week end.

Mrs. Virginia Kacaba and Richard Howard were visiting his brother, George Howard, of Maysville on Saturday.

Mr. and Mrs. Dale Harness of LaPort, Indiana were recent guests in the home of Mr. and Mrs. Wm. Mastin and family.

Mr. and Mrs. Carl H. Justice of Apopka, Florida recently welcomed to their home, Mr. and Mrs. Louie Kidd of Covington, Ky. Also Mr. and Mrs. Harry Calien of Piner, Ky. arrived on a surprise visit. Their grandson, Sgt. Gerald Justice, and his family, recently moved into their home in the Pine Hills area. They had stayed with Carl and Utha while the home was being readied for

them. Charles and Gertrude Justice also live in Pine Hills. Also going to see them recently were Mr. and Mrs. Henry Willey, who live on Old Apopka State Road. The Willeys had been living in Florida some ten years and did not realize Utha and Carl were here, until the new phone book came out. They are all old friends from Kentucky and it was great being reunited.

VERONA

Janis Hecker, Reporting
 The Ladies Auxiliary will sponsor a bako sale Saturday, April 13 at Robinson's Grocery and Chandler Variety Store. Sale will begin at 11:30 a.m. All proceeds go to the Fire Department. They are also planning a paper drive soon, so start saving your paper.

We had wedding bells in Verona last week. Miss Delores Stepp married George Waters of Florence, Kentucky. They tied the knot on Tuesday, April 2. We wish them the best of luck.

Also, Jimbo Bowling married Charlene Jordan of Mason, Ky. last Friday evening. Best wishes to them both.

Our sympathy goes to the family of Levi Crase who passed away Thursday night, April 4.

Mrs. Jean Crouch celebrated a birthday last week. She isn't telling her age, but we think it is about 45, and I do believe Adline Reed forgot all about it.

There was some damage in the Verona area last week, due to the storm and high winds. A large apple tree was uprooted in the New Bethel Church lot. Most of the roof was blown off of Buck McKenney's house.

David Lee Hocker traded his cycle for a car last week.

Paul Ryan is at home, recovering from a motorcycle accident. A car hit him headon in Covington last Monday. He was cut up and bruised pretty bad, but is getting along fine, according to his wife, Judy.

Three cheers to our fire department who did an outstanding job fighting a fire that destroyed a work shop at Stanley Robinsons Sunday.

Staffordsburg

We are so thankful that none of us in this community had no damage from the severe storm last Wednesday night. We extend our sympathy to those who did.

L. M. Deuser is in Bethesda Hospital with a severe heart attack. He is in intensive care.

Rosemary (Binder) Willoughby of Orlando, Florida is quite ill in a hospital there. She formally lived here.

Mr. and Mrs. Charles Lancaster have returned home after spending several weeks in Florida.

The interior of the Staffordsburg Church is being redecorated. Hopefully it will all be done by Easter, all but the carpeting which they cannot get by then. We will have Good Friday evening service and also Sunrise service Sunday then the regular Sunday School hour and 11:00 o'clock service. Come and join the services.

Visit Keen-Age Club

Walton Keen-Age group was hostess to the RALI group from Trinity Baptist Church, Lexington, Kentucky on Tuesday, April 2. Some thirty members of RALI group were served a bountiful luncheon at the noon hour. This was their second visit to Walton and everyone enjoyed this fellowship.

The Keen-Age group held a short business session to plan a trip to the Bybee Pottery plant

and luncheon at the Boone Tavern in Berea, Ky. on May 20. They will be leaving Walton First Baptist Church at 10:00 a.m. All retired people in this area are encouraged to be a part of this group.

Robert Sheffield and Mr. and Mrs. Shelby Acree.

—ORDINANCE NUMBER 19-1974—

AN ORDINANCE EXCEPTING AND CONFIRMING WATER MAIN AND WATER PIPE INSTALLATION ON KENTUCKY HIGHWAY 14 AND 16 AND LEVYING AN ASSESSMENT TAX UPON EACH LOT FOR THE COSTS OF THIS IMPROVEMENT.

WHEREAS, The City of Walton has passed resolutions and ordinances authorizing the construction and installation of a water main and pipe on Kentucky Highway 14 and 16 pursuant to Ordinance No. 1973-6 and other related ordinances and resolutions, and

WHEREAS, pursuant to KRS chapter 94 of the City Engineer has furnished the clerk with a certificate of appointment, and

WHEREAS, the City Council has inspected and approved and accepted the work and confirmed the certificate, notice having been given pursuant to KRS chapter 42;

NOW, THEREFORE, the City Council of Walton, Boone County, Kentucky, does ordain as follows:

SECTION I

That the water main and pipe installed on Kentucky Highway 14 and 16 be and the same is hereby accepted, and the letter and report written by the inspecting committee attached hereto is incorporated by-reference herein as if the same were herein after set forth.

SECTION II

That ten (10) percent of the assessable funds be retained and held by the city until the minor correction set forth in the report in SECTION I above are complete, at which time the Mayor and the City Clerk are hereby authorized and ordered to pay over said retained amount to the appropriate parties.

SECTION III

That the letter from the City Engineer James E. Ransom to the City Council, attached hereto, the same being the "Certificate of Appointment", is hereby incorporated by reference as if the same were herein after set forth.

That the costs for this improvement are hereby apportioned pursuant to said letter, and that an assessment tax is hereby levied on each lot or parcel belonging to the particular party mentioned in said letter to the extent therefore set forth.

SECTION IV

That payment pursuant to said assessment tax is to be made in cash within thirty (30) days after the adoption and publication of this ordinance and shall carry a penalty of ten (10) percent of said assessment and bear interest at the rate of six (6) percent per annum if paid thereafter.

SECTION V

The Mayor and the City Clerk are hereby authorized and ordered to pay pursuant to the contents of this ordinance the appropriate parties for the installation, construction and labor involving said water main and system.

SECTION VI

This ordinance shall be in full force and effect when passed and published as required by law.

Done this 26 day of March, 1974.
Sam Gamble
MAYOR

Attest:
Anna Mae Simpson
City Clerk

KENTUCKY HIGHWAY 14 AND 16 WATER MAIN INSPECTION
February 23, 1974 — 10:00 A.M.

PRESENT

Mr. Sam Gamble, Mayor
Mr. Jack Norris, Member Council
Mr. David Peebles, Member Council
Mr. Bill Rowsey, Director of Public Works
Mr. Raymond Lonkard, Contractor
Mr. James E. Ransom, Engineer

The group started at the beginning of the job and walked the entire length. There were no complaints from abutting property owners, however, the Committee recommends that the following check list be completed before final payment is made.

Unpaved drive into McDonnell farm needs culvert cleaned out and Highway ditch shaped to drain.

First Fire Hydrant needs valve box raised and loose rock placed behind hydrant to prevent soil from caving off bank.

All large rock needs to be picked up along entire improvement and removed from job.

Second drive to right needs culvert entrance cleaned out.

Third drive to right needs C.M. Pipe straightened on both sides of drive and ditch shaped to drain through culvert. Stone needs to be added to this drive.

Highway curve sign needs to be reset.

Salem Road needs to be ditched immediately to keep water off the surface.

Last Hydrant needs final grading so ditch can drain into culvert.

The line is in use and has been tested, we recommend that the job be accepted and assessment ordinance drawn and 10% be held until final restoration can be made.

The Committee recommends that the Salem Church Road ditch be completed as soon as possible.

Respectfully submitted
Sam Gamble, Mayor
Jack Norris, Council Member
David Peebles, Council Member

Hypertension . . .

The Walton Woman's Club met at the Walton Christian Church on April 3 with Dr. William M. Waller as the guest speaker.

He spoke on "Hypertension" as applied to the arterial type of blood pressure. He stated that there are 25 million people in the United States who have this disease to some degree and only 2.3 million are being adequately treated. The physician cited many reasons for this indifference, such as risk, absence of symptoms, inadequate follow up, expense and side effects. He explained the terms of systolic and diastolic in reference to reading blood pressure.

Dr. Waller said that a stroke, heart attack or kidney disease could result from a long untreated case of high blood pressure and for these reasons, stressed the importance of finding an early treatable cause and a close follow up with your local physician.

Miss Ann Ware, director of the Senior Citizens Center of Boone, Campbell and Kenton Counties made a splendid explanation and purpose of this organization and urged more to attend these meetings which are held Thursday and

Friday from 10:30 to 2:30 p.m. at Walton Christian Church.

An announcement was made of the Arts and Crafts Festival to be held in Louisville on May 6 to 9.

The high school paper collection take place April 27.

Mrs. Cobb reminded the members of the meeting of the General Federation of Clubs to be held in Minneapolis.

The hostesses of this meeting were Miss Rachel Acree, Mrs. John Hetterman, Miss Mary West and Mrs. Eugene Sizemore.

Easter flowers were used as decorations. At the close of the meeting, a dessert course was served to: Mesdames Dan Bedinger, Cameron Brakefield, W. R. Belcher, Jesse Callen, William Brown, James Lee Cobb, Zayda Clore, Carl Conner, John Farrell, Claude Thompson, Bruce Wallace, Melvin Moore, Walter Whitson, L. M. Gabriel, A. H. Gaines, John Hetterman, John Knox, Melvin Moore, D. L. Lusby, Thomas Rodney, W. H. Presser, L. R. Richardson, W. W. Rouse, Sam Sleet; and Misses Rachel Acree, Virginia Beverly, Katherine Scott, Elma Taylor, and Mary West.

Guests were Dr. and Mrs. W. M. Waller, Miss Ann Moore and Mrs. Bessie Lay.

RESOLUTION NUMBER 1974-18

A RESOLUTION TO ADVERTISE FOR AND RECEIVE BIDS FOR THE REPAIR OF THE CITY OF WALTON'S WATER TOWER LOCATED ON RICHLAND COURT, WALTON, KENTUCKY.

WHEREAS, the City of Walton has a continued need for a water tower, and

WHEREAS, the existing water tower is in need of repair and

WHEREAS, the City desires the repair to be made as soon as practicable;

NOW, HEREOF, the City of Walton, Boone County, Kentucky, does resolve as follows:

SECTION I

That sealed bids will be received by the City of Walton, Boone County, Kentucky, by the City Clerk, City Hall, North Main and Church Street, Walton, Kentucky, until five o'clock P.M. on the thirteenth of May, 1974, for the repairs of the water tower located on Richland Court, Walton, Kentucky.

Specifications for said repairs may be obtained from the office of Willard Rowsey, Public Works Director for the City of Walton, at the office of the City Clerk, North Main and Church Street, Walton, Ky.

SECTION II

Bids will be opened at the meeting of the Walton City Council Tuesday, May 19th, at 7:30 P.M.

SECTION III

The City of Walton reserves the right to reject any and all bids, or to accept the proposal, deemed to be the lowest and best bid and most advantageous to the City. Additionally, the City of Walton reserves the right to require the execution of performance bond to insure faithful performance of the work required.

SECTION IV

The City Clerk is hereby authorized and ordered to publish this resolution in at least four issues of the Walton Advertiser, Walton, Kentucky, on each of four separate weekly publications of said newspaper.

SECTION V

This resolution shall be in full force and effect when passed and published as required by law.

Done this 28th day of March, 1974.
Sam Gamble
MAYOR

Attest:
Anna Mae Simpson
City Clerk
(Published April 4, 11, 18 and 25, 1974)

HAPPY ANNIVERSARY

(Continued From First Page)

record the many activities in which these golden age citizens have become involved in the past year since most of them were printed in the newspapers of the area. One of the cherished memories will be the part they played in the Boone County 175th Anniversary Celebration. Are our Sr. Citizens a vital part of the community? They certainly are! Let all of us do our part to see that they continue to be involved.

Add to show their appreciation for all the wonderful opportunities afforded them this past year, and in thanksgiving to God for having the chance to share their time and talents with others, the members of the Boone County Senior Citizen Center are having "Open House" at the Florence Christian Church Hall on Tuesday, April 16.

Senior Citizen Groups and Sr. Citizens from Boone County and the Community Senior Citizen Group from Cranger have been invited to share in the happy event. Members of the Ministerial Alliance of Florence and Walton have also been asked to attend as well as our faithful friends of Boone County CAC and the Northern Kentucky Sr. Citizens. Give us our start in the Florence community.

During the afternoon, Boone County Judge Bruce Ferguson will perform the installation ceremony of the new officers for the coming year. It is hoped that Mayor C. W. "Pete" Dewing of Florence will also attend. It is hoped that all the senior citizens who can possibly do so will come to this important celebration and, perhaps, become a member before leaving.

There will be entertainment for

everyone. Featured will be Les Miller and his entertainers. Refreshments will be served throughout the afternoon by the hospitalities committee, the ladies of Saint Paul's Booster Club, who have offered to cater the gala event.

The coming year holds great promises for the Boone County Sr. Citizens Group with more programs being added to the agenda; something for everyone; closer contacts with those who are aware of many of the federal and state benefits that are available to senior citizens and new outlets for obtaining better recognition. It is our goal for the year of 1974 is to reach the 100 membership mark and with the cooperation of all our friends and neighbors, there is no reason why it cannot be accomplished.

Yes, life is worth living—but only if it is shared with others.

—ELLEN CRANE

LEGAL NOTICE

Pursuant to the order of the Public Service Commission of Kentucky entered March 25, 1974 in Case No. 5978, The Union Light, Heat and Power Company hereby gives notice pursuant to Kentucky Revised Statutes, Chapter 278, that it will place in effect ten months from December 31, 1974 proposed rate schedules for electric service furnished to customers in Boone, Campbell, Grant, Kenton and Pendleton Counties, Kentucky. The proposed rates reflect an increase in electric service charges of 3.25% to the total number of customers affected of \$3,489,114, a lesser increase than previously published pursuant to published notification following the order on December 31, 1973 of a Notice to the Commission of Kentucky Electric Rates which indicated that Case No. 5922 by the Commission. This publication is made pursuant to order of the Public Service Commission and to contact the published rates filed with that Notice to conform with the above stated review and percentage of increase.

The proposed rates are applicable to the following communities (Twenty-Third Revised Sheet No. 25)

Alexandria	Crescent Springs	Fort Mitchell	Kenton	Southgate
Bellvue	Crescentville	Fort Thomas	Lakeland	Taylor Mill
Boone County	Crittenden	Grant County	Lakeland	Union
Bromley	Darwin	Grant County	Lakeland	Walton
Burlington	Dry Ridge	Grant County	Lakeland	Walton
Campbell County	Edgewood	Grant County	Lakeland	Walton
Cold Spring	Edgewood Heights	Grant County	Lakeland	Walton
Covington	Elm Grove	Grant County	Lakeland	Walton
Crescent Park	Elm Grove	Grant County	Lakeland	Walton

Following is a summary of the proposed changes in condensed form.

(Third Revised Sheet No. 3-C cancelling and superseding Second Revised Sheet No. 3-C)

Reconnection charges increased from \$1 to \$3.

(Fourth Revised Sheet No. 4 cancelling and superseding Fourth Revised Sheet No. 4)

Proposed new charges:
First 100 kilowatt hours at \$4.4944 per kilowatt hour
Next 200 kilowatt hours at \$2.9444 per kilowatt hour
Next 300 kilowatt hours at \$2.9444 per kilowatt hour
Next 400 kilowatt hours at \$2.9444 per kilowatt hour
Next 500 kilowatt hours at \$2.9444 per kilowatt hour
Additional kilowatt hours at \$1.9444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE RS-II

(Fifth Revised Sheet No. 6 cancelling and superseding Fourth Revised Sheet No. 6)

Proposed new charges:
First 100 kilowatt hours at \$4.4944 per kilowatt hour
Next 200 kilowatt hours at \$2.9444 per kilowatt hour
Next 300 kilowatt hours at \$2.9444 per kilowatt hour
Next 400 kilowatt hours at \$2.9444 per kilowatt hour
Next 500 kilowatt hours at \$2.9444 per kilowatt hour
Additional kilowatt hours at \$1.9444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE RS-III

(Sixth Revised Sheet No. 6-A cancelling and superseding Fifth Revised Sheet No. 6-A)

Proposed new charges:
First 200 kilowatt hours at \$4.4944 per kilowatt hour
Additional kilowatt hours at \$1.9444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$5.00 to \$6.80.

RATE RS-IV

(Fourth Revised Sheet No. 7 cancelling and superseding Third Revised Sheet No. 7)

Proposed new charges:
First 200 kilowatt hours at \$4.4944 per kilowatt hour
Next 300 kilowatt hours at \$2.9444 per kilowatt hour
Additional kilowatt hours at \$1.9444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE RS-V

(Fourth Revised Sheet No. 9 cancelling and superseding Third Revised Sheet No. 9)

Proposed new charges:
First 200 kilowatt hours at \$4.4944 per kilowatt hour
Next 300 kilowatt hours at \$2.9444 per kilowatt hour
Additional kilowatt hours at \$1.9444 per kilowatt hour
Plus or minus the fuel adjustment clause.
Minimum increased from \$1.00 to \$2.15.

RATE RS-VI

(Sixth Revised Sheet No. 11 cancelling and superseding Fifth Revised Sheet No. 11)

Proposed new charges:
Secondary voltage service:
Demand Charge:
First 15 kilowatts of demand or less \$2.00
Next 30 kilowatts of demand \$2.15
Next 50 kilowatts of demand \$2.30

POINSETTIA
The poinsettia is our traditional Christmas flower, right? Well, not quite. Because this perennial Yuletide favorite is not really a flower at all, but an ornate shrub. What we take for red, pink, or white petals are actually leaves, or more correctly "bracts."

Grown out of doors as a shrub, the poinsettia flourishes in balmy climates like Florida, Bermuda, Central America, or Mexico, where it supposedly originated.

The plant made its American debut in the 1820's when its namesake, Joel R. Poinsett, then U.S. ambassador to Mexico, sent some of the shrubs to his home in South Carolina.

The immigrant took well to its new environment in the States, where its popularity continues to mount. In 1970, wholesale poinsettia sales amounted to \$18.6 million — from 1960's \$4.7 million. According to the last Census, nearly 2,000 firms produce potted poinsettias for the Yule season. Most of these firms grow the plant from cuttings, which are supplied by plant breeders.

Back only a decade ago, a poinsettia given at Christmas could be enjoyed only briefly, as its leaves would begin dropping soon after the plant was placed in a house. But harder varieties introduced after 1962 make today's poinsettia a plant that can be admired well into March.

4-H Club Winners

The Tel-Star 4-H Club met on March 13. Pledges to the American and 4-H flags were given. Roll call was answered by six girls, three boys and one leader.

For one of the club activities, they sent \$5.00 to the Retired Foundation. The members sent Mrs. Works flowers while she was in the hospital.

Members talked about 4-H camp. Junior Camp will be June 24-28 and will cost \$20.00. Senior Camp will be June 7-9 and will cost \$15.00.

Winners of the club record books are:

Sr. Clothing, Susan Campbell, blue ribbon;

Sr. Foods, Sr. Horticulture, Sr. Horse and Pony, and Sr. Veterinary Science was Kim Works, blue ribbon;

Jr. Clothing, Karen Cheek.

4-H Workshop will be April 15 at the REOC building.

For the Horse and one project this year, they must have the EIA test to show in the Kenton County Fair. Even though you are not in 4-H and still want to show your horse, you must have this test made.

Club members will collect for the Cancer Drive on April 28 at 2:30 p.m.

On April 5, the Sr. Achievement went to Butler State Park.

A thank you note was read from Mrs. Works.

Refreshments were served.

Notes of Servicemen

Army Private William J. Rose Jr., 17, whose parents live in Dry Ridge, completed eight weeks of basic training at Ft. Leonard Wood, Missouri.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Verona Fire Runs—

April 1, 8:20 p.m., assist Crittenden, trailer fire on Ky. Hwy. 491, total loss.

April 7, 4:15 p.m., wood work shop of Stanley Robinson, Verona, total loss.

Letter To The Editor:

March 25, 1974

Gentlemen:

We have been getting the Walton Advertiser ever since the first issue was published many years ago. Somehow the one who was publishing it originally failed to keep a copy of the first issue, and in exchange for the one copy that I possessed, he gave me a lifetime subscription.

My mother-in-law, Mrs. Mabel Stogner, (formerly Mrs. E. L. Aylor when she lived in Walton) enjoyed it greatly, but she was buried yesterday at almost eighty-nine years of age.

Sometime ago I suffered a stroke which left my left eye paralyzed so that I cannot read. Since the paper will be of no value to us in view of her death and my paralysis, I am asking that you please discontinue it—thus bringing to an end probably one of the longest subscription records you would have.

Thank you, and may God's richest blessings be upon you.

Very Sincerely,
JOHN R. GLIPIN
Ashland, Kentucky

How Do You Know?

A timely question is being asked in more than 40 million homes this April. It appears on a little leaflet being distributed by American Cancer Society volunteers:

"If you don't know Cancer's Warning Signals; how do you know you haven't got one?"

Time is often the most important defense the individual has against cancer. If you catch cancer in time, the doctors tell us, it is one of the most curable of the major diseases.

One way of enlisting time on your side is to heed the warnings that may mean cancer. In most cases, a warning signal does not mean cancer, but only a doctor can tell after a thorough examination.

Here are the Seven Warning Signals:

- 1—Change in bowel or bladder habits.
- 2—A sore that doesn't heal.
- 3—Unusual bleeding or discharge.
- 4—Thickening or lump in the breast or elsewhere.
- 5—Indigestion or difficulty in swallowing.
- 6—Obvious change in wart or mole.
- 7—Nagging cough or hoarseness.

WOULD YOU BELIEVE IT..?

By "RED"

If someone told you he owned a 2-door saloon, would you know that he owned a 2-door sedan sports car? This is one of the odd terms that sports car owners toss around. In this same line of jargon, a Fixed Head Coupe is a hard top and a Drop Head Coupe is a convertible or roadster.

No matter what kind of car you own, we have the tires for it. Whether it be a sports car or a luxury car. Check your tires—if they're bad come see us. We have everything you need.

Christ's Resurrection And God's Covenant

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 13:16-23, 24-31)
History has always been moving toward a definite and final goal. It is going somewhere and its destiny is determined by deity. The resurrection of Jesus Christ from the dead is proof sufficient that God's power and purpose cannot be defeated.

It is told that once on a stormy night when the wind was blowing extremely hard, a child said to his father, "God must have lost grip of His winds tonight." But God doesn't lose His grip and nothing proves this better than the resurrection of His Son from the dead.

PEOPLE OF DISTINCTION
Paul and Barnabas have arrived in Pisidian Antioch. They entered the synagogue on the first day of the week and sat down. Paul may have asked the leader of the synagogue for permission to speak at the proper time in the services. After the reading of the Law and the Prophets the rulers of the synagogue sent to them permission to speak to the people.

Paul stood up and addressed the "men of Israel" along with others who were "God-fearers." These "God-fearers" were Gentiles who were attracted to the Jewish religion.

God had chosen the people of Israel centuries ago (Genesis 12:1-3). God had exalted them at

a time when they were mere slaves in Egypt. God had bared His arm of strength and led them out of Egyptian bondage. God had destroyed seven nations in the land of Canaan to provide a home for Israel. God had nurtured them in the wilderness for forty years. He had raised up judges to deliver them when they were in trouble. When they desired a king, God allowed them to have their king. Saul, the son of Gish (Kish) was chosen but was not faithful. God then raised up David and promised that through his seed a Saviour would come to Israel and to the world.

This is the story of Israel and God who brought Israel into existence but Israel forgets her Maker. God delivers Israel but Israel continues to be rebellious. Now in God's grace He gave Israel that promised Seed. What happened? They would not recognize Him as God's Anointed One.

A PRISONER OF DEATH
Paul brings good news to his audience. David's Seed, God's Son, has arrived. He has salvation to offer to all who will accept it. As for the rulers and the people who lived in Jerusalem, they refused to acknowledge Him as the Messiah. They failed to see Him as the fulfillment of the prophets.

In their spiritual blindness, they not only refused Him but insisted that He be put to death. Their minds were set. His trials were mock trials. Nothing less than death for this pretense could satisfy them. Even death must be by crucifixion. No other form of execution would be cruel enough.

Having won their way with weak Pilate they crucified Jesus. Then followed the mocking, the spitting, the laughing, the mock worship. When they completed all that had been written about Him they buried Him and sealed the tomb. Death would put an end to His radical teaching. They would not have to try to explain any more of His miracles. He was dead. His life had come to an end.

THE POWER OF DEITY
"But God raised Him from the dead." Paul was not bringing good advice to his audience, he was bringing good news. Men had murdered God's greatest Gift to the human race. Nothing else was left to be done. But even a crime too horrible could find the measure of God's amazing grace. God raised Him from the dead!

Proof of His resurrection is shown by Paul in the fact that He was seen many days by His followers who came up with Him from Galilee to Jerusalem. Many of those who saw Him would have still been alive when Paul spoke these words:

The Cross says that
God is willing;
The Empty Tomb says that
God is alive!

**Problems... Problems**

Saturday
Romans
8:8-11

People chuckle when they see a baby who seems to have the weight of the world on his shoulders. What can he possibly be thinking about that makes him seem so pensive?

His thoughts probably aren't very serious, for babies often strike delightful and comical poses that enliven the family photo album.

But babies grow up and become adults, with real problems and difficult decisions to make.

Don't forget, as your baby matures, to emphasize those things that will enable him to cope with his future. Don't forget love, discipline, understanding—and especially, don't forget the Church!

Complacency . . .

By Clarence M. Kelley
FBI Director

Complacency is always a dangerous foe. For a law enforcement officer, it can be a deadly enemy.

In the past 10 years, more than 860 local, county and State law enforcement officers were slain as a result of felonious criminal acts. Even more troubling is the fact that the yearly number of these murders has more than doubled during the period. This is a tragic loss of lives. It demands that our profession, throughout its ranks, redouble its precautions. While we may never eliminate entirely the wanton killings of police officers, every effort must be bent to hold them to the barest minimum.

How many of these lives could have been spared? We will never know. One thing is certain—to have saved just one of these dedicated officers' lives would have been more than worth any extra effort.

Each law enforcement officer must clearly realize how he appears to many persons. His presence is a symbol of authority. To many this is comforting. To some, unfortunately, it provokes anxiety and fear. These emotions spell danger for a law enforcement officer.

There are many constructive measures that can be taken—and I am sure many have—to protect law enforcement personnel. Training, for example, can wisely balance aggressiveness with restraint in the demeanor of law enforcement officers. It can also concentrate on developing the safest arrest techniques, investigations to apprehend dangerous felons can be intensified. Greater care can be exercised in responding to "disturbance" calls, since these summonses for police services have led to a costly toll of policemen's lives. Better equipment to guard personnel can be utilized where it is prudent to do so. Patrol officers can be fortified in hazardous areas to reduce the risk to any one officer. High-speed communication systems, like the nationwide network of the FBI National Crime Information Center, can be employed to gain quickly vital law enforcement data concerning suspected persons and situations.

But, even with all these safeguards, the stark fact remains that many law enforcement encounters—particularly during patrol—are unpredictable and explosively lethal to the officer. He must constantly remind himself that there is nothing routine in law enforcement duty. He cannot shirk that duty even when it—as it frequently does—propels him suddenly and without warning into the jaws of grave human conflict. At these dangerous times, an officer's only companion is his alertness. It is likely that there will always be ambush assassins, frenzied terrorists, ruthless killers, desperate felons, and emotionally overwrought persons to threaten the lives of law enforcement officers. Our complacency, however, must never be permitted to aid this perilous band of police killers.

Your Food Dollar

Check the snack foods on your grocery list. Many "nibble foods" supply energy but very few nutrients. To get your money's worth in good nutrition, provide such foods as fruits, vegetables, milk, cheese, peanut butter, breads, or cereals for your family's snack-time eating.

PROVOCATIVE QUOTE

"Bodily exercise, when compulsory does no harm to the body; but knowledge which is acquired under compulsion obtains no hold on the mind."

—Plato, 400 B.C.

Basketball Players Honored At Local Athletic Banquet

The Walton-Verona High School held its "Athletic Banquet" on Thursday, April 11, 1974 at the Walton-Verona Elementary School.

Awards were presented to the 7th, 8th, 9th, J.V. and Varsity basketball players; the girls' basketball team; the cheerleading squads; and the cross-country team.

Banklick Projects Gets Final Approval

Congressman Gene Snyder has announced that the House Public Works Committee, upon the recommendation of its Subcommittee on Water Resources, on which he serves, has given approval to the Banklick Creek Watershed Project which covers 37,300 acres in Kenton and Boone Counties.

Mr. Snyder declared, "I'm particularly pleased to be able to announce the approval of this project by the Public Works Committee, since I have been working on it ever since I came to Congress from the Fourth District in 1967."

He pointed out that Banklick Creek Project has as its purposes, watershed protection, flood prevention, recreation, and fish and wildlife. The principal measures involved in the watershed will be soil conservation practices on farms and woodlands, and four physical structures.

These dams will consist of one floodwater retarding structure, a multiple-purpose structure with storage capacity for floodwater and recreation with recreation facilities, and 2 multiple-purpose structures with storage capacity for floodwater and fish and wildlife. Total storage capacity is to be 14,081 acre feet.

The total cost of the project is \$4,930,000 of which \$2,857,000 is Federal and \$2,073,000 is local.

Sponsors of the project are the Kenton County Soil and Water Conservation District, The Boone County Soil and Water Conservation District, and Kenton County Fiscal Court.

Instructor Receives Grant

Robert Ryan, a former resident of Verona, is among approximately 240 college teachers in the nation to be selected for a 1974 summer seminar grant by the National Endowment for the Humanities.

The Ryan family will spend eight weeks in Minneapolis, Minn. beginning June 24. Bob will attend a seminar on "History of Anglo-American Liberties" at the University of Minnesota.

Now in his sixth year at Illinois Central College, Ryan is a history instructor.

TWO COUPLES CELEBRATE GOLDEN WEDDING ANNIVERSARIES

Mr. and Mrs. Gilbert Groger, 12 High School Court, Walton, will celebrate their 50th Wedding Anniversary from 2:30-5:00 p.m. Sunday, April 21, with an "Open House" and reception at Walton Christian Church.

They were married April 16, 1924, at Latonia Christian Church, Covington.

They have two sons, two granddaughters and two great-grandsons.

Friends and relatives are invited to attend.

REVIVAL AT NICHOLSON

Prof. R. J. Kidwell

Professor R. J. Kidwell of the Cincinnati Bible Seminary will be the revival evangelist at the Church of Christ—Nicholson, near Independence, Kentucky, April 19 through 21.

Prof. Kidwell is also minister at the Church of Christ near Sherman, Kentucky.

Many of his friends throughout Northern Kentucky will want to attend and share in the services. Charles Carter and Darrell Moulder are ministers at the host church.

RABID DOG??

Two children were bitten by a Collie dog, believed to be from the Nicholson vicinity.

The children were bitten last Thursday, on Old Lexington Pike. If the dog is not located, the children will have to take rabies shots, starting next Monday.

If anyone has knowledge of this dog, please call Mrs. Wm. Enley at 485-7206.

STORM WARNINGS—

As a precautionary measure during a time of severe storms or unusual emergencies, Walton Fire Chief Ed Berkemeier has issued the following announcement to help local residents become aware of prevailing conditions.

A continuous siren sounding for two minutes means an alert is to be observed.

A continual sounding of the siren in a cycle (up and down) will mean to seek shelter from an approaching storm.

Mr. Berkemeier credits the sounding the civil defense sirens in Cincinnati on April 3 as saving the lives of many people in that area who were able to seek some kind of storm shelter.

Big Gospel Sing Friday

There will be a big Gospel sing at the New Haven Elementary School on Friday, April 26, beginning at 6:00 p.m.

Featured groups will be "The Exhorters," "The Prophets," plus "The Rise N' Shiners" and "The Servants Quartet."

It is stated that emphasis will be placed on youth. Everyone is invited to attend.

The school is located on U.S. 42 two miles south of Union, Ky.

AVAILABLE DISASTER ASSISTANCE

By Dee Huddleston — U.S. Senate

The tornadoes which struck our state last week were truly disastrous. The greatest tragedy, of course, was the death of so many Kentuckians. That is a loss we can never replace. But we can and should move as quickly as possible to help those thousands

of persons who lost their homes or possessions.

I will devote this column to a listing of the various types of federal aid that can be obtained under provisions of the Disaster Relief Act of 1970, as amended. A federal disaster assistance center will be established at the federal building in Louisville, and application for the various types of assistance can be made there. The following is a list of available types of aid:

1—Debris and wreckage can be cleared or removed from publicly and privately-owned lands and waters by the Corps of Engineers or through grants to states and local governments.

2—The Federal Disaster Assistance Administrator is authorized to provide temporary housing, including mobile homes, for twelve months on a rent-free basis. In addition, the President is authorized to provide up to one year mortgage or rental payments to individuals who would otherwise be evicted because of financial hardship.

3—The Small Business Administration and the Farmers Home Administration are authorized to make loans covering disaster damage not covered by insurance.

4—The President is authorized to provide the maximum amount of money for unemployment compensation to be funneled through the state unemployment compensation program.

5—Farmers and farm workers who are not ordinarily covered by unemployment compensation can apply for their unemployment results from the disaster.

6—Low income families that are unable to purchase food can apply for food stamps and surplus commodities.

7—The Federal Disaster Assistance Administrator is authorized to establish emergency communication system and even provide public transportation on a temporary basis.

I would urge all county judges in affected areas to get an assessment of the damage in their areas as quickly as possible, because that is the first and most important step in making application for the disaster assistance that is available. Information should be sent to:

Office of Civil Defense, Room 65, Capitol Building, Frankfort, Kentucky 40601.

WALTON PREPARES FOR MEMORIAL DAY

By Asa M. Rouse

The traditional Memorial Day Parade will be held as usual this year with our VFW boys, band, fire department and all the rest on hand to make it as sincere and important a parade as will be held anywhere on Monday, May 27th. True, the parade is not as big as some others around, that is if you judge by mere physical standards. But, if you have ever been on Walton's Main Street on Memorial Day and watched the finest bunch of veterans, followed by the best small school band, best small town fire department and best kids and the proudest parents in the world go marching and walking and riding by, you know you've seen and felt something well worth remembering.

A fellow who never misses either the parade or the service at the cemetery made a very appropriate remark the other day. He said "You know, I'm toward Walton like I am toward my own kids. Even if they are far from perfect, they are still mine. I love 'em and won't tolerate too much criticism about 'em except from myself. Now that's just the way I feel about my home town."

Our city never looks better than during the parade and services. Community pride is never higher. It's a good feeling.

The Walton Cemetery is the hub of the activities of the day, is always beautifully groomed and seems to be just waiting for the moment of the rifle salute and the echo of Taps. Taps, now there is a sound like no other, sad, touching but so beautiful.

The Board of Trustees of Walton Cemetery is having to work harder than ever this year due to the unfillable void created by the recent retirement of past chairman Mabel Webster. Mabel served with faithfulness, so well and for so many years that it is impossible to replace her. We all hope that the problems of health which forced her retirement are not serious and will not prevent her from assisting in this year's Memorial Day Parades and services to come.

Little bunnies, Barbara Baker, Bobby Briggs, Florence, and Andrew Scott and Cheryl Mosley, Walton. Mrs. Egan wishes to thank everyone who participated.

Snyder Serves On Storm Relief Com.

Congressman Gene Snyder has been named as one of five conferees from the House of Representatives to go into conference with members of the Senate on a Disaster Relief Bill immediately after the Easter recess.

Mr. Snyder said, "I am pleased to be able to take a direct part in resolving the differences between the House and the Senate on this measure which can mean much to the tornado victims in the Fourth District of Kentucky and elsewhere."

The Kentucky Congressman was named as one of two Republican and three Democrat conferees after the House last Thursday, in an unusual manner, expedited action on Federal disaster relief by directly taking up the Senate measure. Mr. Snyder, without its prior consideration by the House Public Works Committee.

The House substituted for the Senate measure's language the Bill approved on Wednesday by the House Public Works Committee which amended the Disaster Relief Act of 1970. It would authorize the President to make a grant to a Senate equal to 75 percent of the total required to enable that State to make grants to meet extraordinary disaster-related expenses or needs of individuals or families in such areas where assistance under other provisions of that act or from other sources is insufficient. If it becomes law, recipients under this provision could receive up to \$6,000 to help meet their emergency needs occasioned by disasters such as tornadoes.

Student Housing, Teacher's Salaries Are Meeting Topics

Piner, Visalia and Ryland Heights Elementary Schools will house seventh grade students during the next school year due to over-crowding at the junior and senior high school level in Kenton County.

Approval of housing plans took place at the April meeting of the Board of Education which also approved fatter pay checks for teachers.

Beginning teachers will start at \$4,000 a year, while those with a Master's Degree begin at \$7,000. Those with 30 hours beyond the Master's Degree get a starting salary of \$8,400.

All salaries at the first level are \$400 above the 1973-74 level. The salary schedule, Don Davis reported to the board, represents approximately 74 percent of the total budget. Of the increase, \$200,000 comes from local funds, \$170,000 from state funds.

Altar Society Square Dance

The ladies Altar Society of All Saints Church of Walton, Needmore Avenue, will have a Square Dance in the school hall on April 20, 1974, from 8:00 to 12:00.

Music will be provided by the Al Lawrence group.

Everyone is invited—old and young. Admission is \$1.50 each; 50¢ cent a child. Drinks, sandwiches and snacks sold separately. You are invited.

FIGHT LUKEMIA

More and more normal living is being won for leukemia patients by better drugs and improvement of treatment.

PTA "Talent Show" Winners

The Piner PTA would like to thank everyone who made the talent show a success. They had a marvelous crowd and were pleased to see the parents out to support their children. Grades one through six participated. Each act was very good and the judges had a hard time picking winners.

The prizes were—first place, \$15.00; second place, \$10.00; and third place, \$5.00.

The contest was divided into two groups—grades 1-3 and grades 4-6. In the first group the winners were:

First place, Mrs. Cummins' 3rd grade produced "Hee Haw." Second place, Mrs. Williams' 2nd grade produced "Famous People of America" and sang about America.

Third place, Mrs. Victor's 1st grade produced "It's A Small World."

The second group winners were: First place, Mrs. Maxey and Mrs. Stahl's 6th grades who sang several songs.

Second place, Mrs. Steinhauser's 5th grade who sang and marched to "32 True Blue Americans."

Third place, Mrs. Drescher's 5th grade produced "An American Bandstand."

The Piner PTA will meet Thursday, April 25 at 7:30 p.m. The program will consist of the Library Contest and the Piner Band.

Big can be bad !

Oversized equipment costs more to buy does not do a better job.

- If your air conditioner is too large, it will cool the area too quickly and shut off before it has dehumidified the space.
- If your water heater is oversized, you'll waste energy by heating unneeded water.
- Since refrigerators and freezers serve you around the clock, oversized units waste money and energy day and night. Ask your rural electric cooperative for help in selecting "sover size" units.

Electricity is too good to waste!

ORDINANCE NUMBER 19-1974-

AN ORDINANCE EXCEPTING AND CONFIRMING WATER MAIN AND WATER PIPE INSTALLATION ON KENTUCKY HIGHWAY 14 AND 16 AND LEVITING AN ASSESSMENT TAX UPON EACH LOT FOR THE COSTS OF THIS IMPROVEMENT.

WHEREAS, The City of Walton has passed resolutions and ordinances authorizing the construction and installation of a water main and pipe on Kentucky Highway 14 and 16 pursuant to Ordinance No. 1973-5 and other related ordinances and resolutions, and

WHEREAS, pursuant to KRS chapter 94 of the City Engineer has furnished the clerk with a certificate of apportionment, and

WHEREAS, the City Council has inspected and approved and accepted the work and confirmed the certificate, notice having been given pursuant to KRS chapter 424;

NOW, THEREFORE, the City Council of Walton, Boone County, Kentucky, does ordain as follows:

SECTION I

That the water main and pipe installed on Kentucky Highway 14 and 16 be and the same is hereby accepted, and the letter and report written by the inspecting committee attached hereto is incorporated by reference herein as if the same were herein after set forth

SECTION II

That ten (10) percent of the assessable funds be retained and held by the city until the minor correction set forth in the report in SECTION I above are complete, at which time the Mayor and the City Clerk are hereby authorized and ordered to pay over said retained amount to the appropriate parties

SECTION III

That the letter from the City Engineer James E. Ransom to the City Council attached hereto, the same being the "Certificate of Apportionment", is hereby incorporated by reference as if the same were herein after set forth.

That the costs for this improvement are hereby apportioned pursuant to said letter, and that an assessment tax is hereby levied on each lot or parcel belonging to the particular party mentioned in said letter to the extent therefore set forth.

SECTION IV

That payment pursuant to said assessment tax is to be made in cash within thirty (30) days after the adoption and publication of this ordinance and shall carry a penalty of ten (10) percent of said assessment and bear interest at the rate of six (6) percent per annum if paid thereafter.

SECTION V

The Mayor and the City Clerk are hereby authorized and ordered to pay pursuant to the contents of this ordinance the appropriate parties for the installation, construction and labor involving said water main and system.

SECTION VI

This ordinance shall be in full force and effect when passed and published as required by law.

Done this 26 day of March, 1974.

MAYOR

Attest:
Anna Mae Simpson
City Clerk

KENTUCKY HIGHWAY 14 AND 16 WATER MAIN INSPECTION
February 23, 1974 - 10:00 A.M.

PRESENT

Mr. Sam Gamble, Mayor
Mr. Jack Norris, Member Council
Mr. David Peebles, Member Council
Mr. Bill Rowsey, Director of Public Works
Mr. Raymond Lonkard, Contractor
Mr. James E. Ransom, Engineer

The group started at the beginning of the job and walked the entire length. There were no complaints from abutting property owners, however, the Committee recommends that the following check list be completed before final payment is made.

Unimproved drive into McDowell farm needs culvert cleaned out and Highway ditch shaped to drain.

First Fire Hydrant needs valve box raised and loose rock placed behind hydrant to prevent soil from caving off bank.

All large rock needs to be picked up along entire improvement and removed from job.

Second drive to right needs culvert entrance cleaned out.

Third drive to right needs C.M. Pipe connected on both sides of drive and ditch shaped to drain through culvert. Stone needs to be added to this drive.

Highway curve sign needs to be reset.

Salem Road needs to be ditched immediately to keep water off the surface.

Last hydrant needs final grading so ditch can drain into culvert.

The line is in use and has been tested, we recommend that the job be accepted and assessment ordinance drawn and 10% be held until final restoration can be made.

The Committee recommends that the Salem Church Road ditch be completed as soon as possible.

Respectfully submitted
Sam Gamble, Mayor
Jack Norris, Council Member
David Peebles, Council Member

BEAVER LICK NEWS

The folk of Beaver want to sympathize with all the tornado stricken people. Most of all of us had friends or relatives that were stricken. Let's be much in prayer for them all.

The wedding of Monte Shinkle and Betty Jean Stephenson was a beautiful candlelight affair. The house (Beaver Church) was running over, and after the wedding, a reception was held in the basement. All seemed to enjoy the ceremony. Bro. "Buck" Shinkle performed it. The couple are now residing in Williamstown. After a short honeymoon, they have both gone back to their regular routine—Monte in school at U.K., Betty Jean working at the industrial park as secretary.

The sick around Beaver are improving. William Wilson is on the sick list. Mrs. Annabelle Stephenson hasn't been feeling very well here of late. Good news so much rainy weather which some make the bones ache with arthritis.

The farmers are really getting their rest.

Mr. and Mrs. Gene Stephenson entertained Saturday night with a delicious Easter dinner. The entertainers were Dr. and Mrs. George Jones and daughter; Rev. and Mrs. Gary Light of Morehead; Rev. and Mrs. Monte Shinkle of Williamstown; Denny French of Warsaw; Shirley and Clint Stephenson; Mr. and Mrs. A. C. Roestel. The dinner consisted of country ham, turkey, salads of various kinds, blackberry pie and ice cream. Everyone enjoyed the meal to the fullest extent.

The Beaver Baptist Church had the Sunrise Service (Easter) Sunday, with a nice crowd present and followed by donuts and coffee. With a large crowd attending Sunday morning. The church has been having an attendance of 100 and slightly over.

Everyone was very sorry to hear of Mrs. Roy Smith and Sonny Rhodes having to go to the hospital. We hope them both a speedy recovery.

STAFFORDSBURG

John P. Riggs's tobacco barn burned last Sunday evening, the usual pattern of all barn burnings. John Klein and daughter, Lorena Martin, remain seriously ill. L.M. Deuser's condition is slightly improved.

Woody Armstrong is in St. Elizabeth Hospital undergoing a series of tests.

Mr. and Mrs. Pat Williams have returned home after spending the winter in Florida.

Mr. and Mrs. James Mann spent ten days with Mr. and Mrs. Russell Sweeney of Phoenix, Arizona.

Robert Porter, who has been quiet ill for sometime, passed away last Thursday.

W-V School Menu

April 22—Hot dog on bun, baked beans, potato chips, celery sticks, chocolate pudding, orange juice, milk.

April 23—Hoagie on bun, creamed peas, pineapple, chocolate cake, tomato juice, milk.

April 24—Refried beans, green beans, tossed salad, peanut butter cake, bread, butter, milk.

April 25—Bar-B-Q on bun, with creamed corn, celery and carrot sticks, coffee cake, peach half, milk.

April 26—Chicken on bun with lettuce, lima beans, potato chips, peach dessert, orange juice, milk.

Kenton County Garden Club

Mrs. Kathryn Guttridge and Miss Alice Jane Williams were hostesses for the March 28 meeting of the Kenton County Garden Club at the RECC near Nicholson, Kentucky.

Mrs. Wesley Hall presided during a short business session. She gave the highlights of the club's 1974-1975 program.

Mrs. Leontine Stephens gave the report of the meeting committee. Officers for 1974-75 are: President, Mrs. William Straw; vice president, Mrs. Ralph Gouge; secretary, Miss Alice Jane Williams; and treasurer, Mrs. Edwin Damon.

Spiritual guidance was given by Mrs. William Straw. Her topic was "This is Still God's World." She used Psalm 119, poetry and comment to give those present a comforting message. She said regardless of today's grave problems, this is still God's world and He is all powerful in the universe.

Jack Lynn, Director Fifth Region, Kentucky Department of Fish and Wildlife, and Paul Oliver, Kentucky State Conservation Officer, Kenton County, were introduced by Mrs. Ralph Gouge. They presented a beautiful Kentucky Wildlife film by Karl Maslowski "From a Sportsman's Point of View." The informative film depicted the need for hunters and fishermen to help control wildlife numbers by harvesting deer, rabbits, fish and so forth. Their hunting and fishing license help to finance the state's conservation program and to provide wildlife refuge areas. The greater threat to Kentucky Wildlife is the destruction of wildlife habitat and the pollution of waterways by construction of housing areas and highways, strip mining, clear fence rows and so forth. A splendid film!

Club members and guests present besides Mr. Lynn and Mr. Oliver were Mr. and Mrs. Chalmers Ballinger; Mr. and Mrs. Edwin Damon; Mr. and Mrs. Wesley Hall; Mr. and Mrs. Clyde Richardson; Misses Helen Richardson; Margaret Stephens; Elma Taylor and Alice Jane Williams.

Also present were Mesdames Ralph Gouge, Sylvia Greenwalt, William Guttridge, Jack Lynn, Leontine Stephens, William Straw, Elmer Tomlin and Alma Yates.

The hostesses served a delicious desert course during the social hour at the close of the meeting.

Miss Williams presented each person present a potted African Violet from her collection. Her hobby is propagating African Violets.

The April 18th meeting of the club will be at the RECC building.

The program—"Life and Legend in Northern Kentucky"—will be presented by Mrs. Martha Brock of Cincinnati Bell. Guest are welcome.

CARD OF THANKS—

To all my friends and relatives who sent cards and flowers while I was in St. Elizabeth Hospital. Thanks to my Mother and Father; Mrs. Eva Waters; Mr. and Mrs. Harold Lushy; Mr. and Mrs. Tom Brewster and my pastor, Rev. Don Howard and wife, who visited me at the hospital.

God bless you all.
—BESSIE REYNOLDS,
37 High St., Walton, Ky.

Day Camps

Easter Seal Societies nationwide own and/or operate more than 100 resident and day camps for handicapped persons. Others provide funds for camperships at camps run by other organizations.

Oak Island Homemakers

The Oak Island Homemakers met April 1, at 1:00 p.m. in Fellowship Hall of Oak Island Baptist Church. A coffee hour preceded the regular business session, conducted by Mrs. Betty Goebel, president.

Mrs. Goebel announced that the Kenton County Homemakers Annual Spring Luncheon will be held at Beverly Hills Country Club on May 1 and that the June 3 meeting of the Oak Island Club will be a covered dish luncheon at her home on Moffett Road.

A tentative date, June 8, was set for the club's annual variety sale.

Mrs. Dixie Dressman, club secretary, reported on the club's work day on "Handicraft" held March 11.

Mrs. Leontine Stephens gave an inspirational devotional on "Time is Mine." She said the tone of the day is determined by the way one begins the day. She used Psalm 51:10, 11:24 and Luke 6:45 as her scripture selections.

The club welcomed Miss Yvette Smith, area extension agent in foods and nutrition. She gave an interesting and informative talk, illustrated with slides, on her work with one day and week end summer camps for children in the area. There is a splendid and needed program.

Mrs. Lydia Huffaker works with

this program also.

Leaders for the months project—"Decorative and Functional Lighting" were Mr. Dressman and Mrs. Glenda Jackson. They discussed general lighting, local lighting, accent lighting, light reflection and quantity of light. They also gave information on types of lamps, bulbs and shades.

Members and guests present were: Misses Yvette Smith and Elma Taylor and Mesdames Elizabeth Barberick, Dixie Dressman, Betty Goebel, Lydia Huffaker, Kathryn Guttridge, Glenda Jackson, Mary Jackson, Nancy Peebles, Margaret Rector, Betty Rucker, and Leontine Stephens. Four children, Dawn Dressman, Laurie Goebel, Danny Peebles and Steve Rucker were also present.

RESOLUTION NUMBER 1974-18
A RESOLUTION TO ADVERTISE FOR AND RECEIVE BIDS FOR THE REPAIR OF THE CITY OF WALTON'S WATER TOWER LOCATED ON RICHLAND COURT, WALTON, KENTUCKY.

WHEREAS, the City of Walton has a continued need for a water tower, and

WHEREAS, the existing water tower is in need of repair and, WHEREAS, the City desires the repair to be made as soon as practicable.

NOW, HEREOF, the City of Walton, Boone County, Kentucky, does resolve as follows:

SECTION I

That sealed bids will be received by the City of Walton, Boone County, Kentucky, by the City Clerk, City Hall, North Main and Church Street, Walton, Kentucky, until five o'clock P.M. on the thirteenth of May, 1974, for the repairs of a water tower located on Richland Court, Walton, Kentucky.

Specifications for said repairs may be obtained from the office of Willard Rowsey, Public Works Director for the City of Walton, at the office of the City Clerk, North Main and Church Street, Walton, Ky.

SECTION II

Bids will be opened at the meeting of the Walton City Council

Tuesday, May 15th, at 7:30 P.M.

SECTION III

The City of Walton reserves the right to reject any and all bids, or to accept the proposal, deemed to be the lowest and best bid and most advantageous to the City. Additionally, the City of Walton reserves the right to require the execution of a performance bond to insure faithful performance of the work required.

SECTION IV

The City Clerk is hereby authorized and ordered to publish this resolution in at least four issues of the Walton Advertiser, Walton, Kentucky, on each of four separate weekly publications of said newspaper.

SECTION V

This resolution shall be in full force and effect when passed and published as required by law.

Done this 26th day of March, 1974.

**Wa-Na Club Group
Hears Dr. McDaniel**

The Wa-Na Club met April 4th in the home of Mrs. E. A. Lauterwasser. The meeting opened with the pledge to the flag, followed by the reading of the club collect.

The program for the evening was given by Dr. T. C. McDaniel, who is an osteopathic doctor. He is not only an osteopathic doctor, as he treats people for all kinds of health problems. He charmed his audience, telling his methods of treatment, including acupuncture in some cases. Dr. McDaniel talked about the problem of overweight people and how he treats them by first making them realize the psychological reason they

overeat. The doctor stated that only fresh vegetables, fruit and meat have real food value. Canned and frozen food do not have real food value, and water is the most healthful liquid a person can drink. He emphasized the importance of vitamins C and E, and daily walking and jogging.

Fay Norris gave an appropriate scriptural guidance with the reading of the 28th chapter of Matthew. The president, Mrs. Asa M. Rouse, presided over the business session.

Club members discussed having a bake sale this spring and also plans were made to have the June dinner meeting at the Quality Inn in Covington.

"Brite of America" notes, place-mats and stationary may be ordered at anytime.

The KFWC 79th Annual Convention will be held in Louisville on May 8th.

Members voted to contribute to the "Easter Seals."

Refreshments were served by the hostesses, Mrs. E. A. Lauterwasser and Mrs. Jerry Treadway, to the following: Mesdames Gayle McElroy, Malcolm Simpson, Robt. Slayback, Willie Mathis, Jr., Jack Rouse, Chester Sturgeon, Jack Norris, David Peebles, George Black, E. A. Lauterwasser, Jerry Treadway, T. C. McDaniel, and Misses Joella Sleet and Louise Conrad.

—DEATHS—

Walter Allen Brooks, 1309 Valley Street, Dayton, Ohio, son of Mr. and Mrs. Thomas L. Brooks of Walton, died at 3:00 a.m. Tuesday, April 16.

Funeral arrangements were not complete at press time. Survivors are his wife, Lucy Marie and six children; also four sisters, Lillian Portwood, Dorothea Portwood, Virginia Holbrook, and Mamie Cooke; two brothers, Russell Brooks and Arthur Brooks.

Funeral services for Raymond Earl Sesser, 69, of 819 Main St., Cincinnati, were conducted at Hamilton Funeral Home, Verona, last Wednesday morning.

He was a War World II veteran and a retired engineer on the Charles Kay tugboat.

PROTECT YOURSELF

Help protect yourself and others you love by having regular medical checkups.

NOTICE—

The City Council of the City of Walton, Kentucky will meet at 9:30 a.m., Saturday, April 20, 1974, at the site of construction of the building of the water line on Stephenson Mill Road and School Road for the purpose of inspecting said construction. Owners of the abutting properties and other interested parties are hereby notified of said inspection and may be heard at that time.

CITY OF WALTON, KY.
ANNA MAE SIMPSON,
CITY CLERK
(Published April 18, 1974)

Letters To The Editor:

Dear Editor:

Enclosed find check for \$4.00 for renewal of our Old Faithful news media.

Thanks,

Mr. and Mrs. Carl H. Justice,
Apopka, Florida.

BRIDAL SHOWER GIVEN

Mrs. Richard Lawrence gave a Bridal Shower Saturday evening at her home in honor of her sister, Miss Kim Underwood.

Those present were the honored guest, Mrs. Katherine Underwood, Mrs. Pat Lewis, Mrs. Jeanne Wasson, Miss Karen McClellan, Miss Vicki Atha, Mrs. Terry Clark and Chesley, Mrs. Lynn Starky, Mrs. Pam Letton, and John Clark Lawrence.

Miss Underwood plans a May wedding.

MAY FELLOWSHIP DAY

The May Fellowship Day celebration of the Tri-City Council of Church Women United will be a combined effort with Campbell and Covington, held on Thursday, May 2 at Trinity Episcopal Church at 3rd and Madison Avenue. Refreshments will be served at 7.

The theme this year is directed at all women — "Explore New Paths" and a group of well informed women panelists from a variety of fields in which women are participating will be present.

Honor Roll Student

Renee Huey of Walton has been named to the honor roll at Transylvania University in Lexington for the recently completed Winter Quarter. Miss Huey, daughter of Dr. and Mrs. Gaines E. Huey, is a freshman student at Transylvania, majoring in elementary education.

ABOUT THE SICK

Mrs. Loretta Kelly of Taylor Mill is in St. Elizabeth Hospital for major surgery.

Homer Winburn of Jones Road returned home from the hospital and is improving.

Mrs. Alice Hight of Roe Street has returned home from the hospital and is some better.

Mrs. Anna Ramsey is a patient in St. Elizabeth Hospital.

Your Food Dollars

Store-hopping for "advertised specials" may save pennies, but unless the stores are close together, this can be costly in time and gasoline or bus fare. Watch newspaper ads for these grocery "specials" and take advantage of those that are real money-savers. But make sure, when you go from store to store for "specials" that you are not spending more than you are saving.

WOULD YOU BELIEVE IT..?

By: Sandy

When we look back through the annals of transportation vehicles we sometimes have a tendency to smile at fragile, even outlandish structures and designs which, from early automobile history, have come and gone. But, every vehicle that has been developed has been, in its own time, a step up the ladder of progress, regardless of how crude it may seem to us today. In our time of chrome, steel and sturdy structures, and each one has more convenience than the natural mode of transportation... walking.

Did you know you can save gas by having your tires inflated properly?

You can also save money by having good tires also. When we say good tires we mean Remington of course. There is none better.

Maverick 4-H Club

The Maverick 4-H Club, with a membership of 22, has accomplished much already in 1974. Two of its members were County Record Book Champions for 1973—Miss Billie Susan Napier, and Sherry Williamson. Five members were County Champions in demonstrations this year—Mr. Dick Ockerman, Steve Cauten, Billie Susan Napier, Sarah Daugherty, and Pam Brooks. Also, Shea Stephenson and Doug Cauten received red ribbons.

At the Area Demonstrations at Twenholfer Junior High School, Dick Ockerman won Sr. Champion and Steve Cauten, Junior Champions in Animal Sciences.

Sarah Daugherty and Pam Brooks received first blues in their division.

Dick and Steve will represent Northern Kentucky Area at Ky. State Demonstrations.

This club, which was organized in 1972 by Miss Paula Dunn, is a 4-H Horse Club, but is one of the most outstanding clubs in the state. Each year it has produced County and Area Champions and last year, had two Kentucky State Fair Champions. Most members came home with blue ribbons.

Their money-making project for the year was a turkey shoot last Sunday, and thanks to many people in the community, and Boone Lake Club, this project also was a big success.

The success of any 4-H club depends on the club members, their families and leaders all working together for these young people—ages 9 thru 19.

LEGAL NOTICE --

VERONA MARATHON
Verona, Kentucky
(Pub. April 4, 11, 18, 1974)

Staffordburg Homemakers

The Staffordburg Homemakers Club met Tuesday, April 2 at the REOC building. Mrs. Chalmers Ballinger, presiding, followed by the pledge to the American flag. Devotions were given by Mrs.

Ethel Mann, using scripture from Psalms 81:10; Luke 9:45; and Psalms 118:24. "What we do with each day" was the main thought. Roll call was answered by ladies telling "The Nicest Easter They Ever Had."

After the business at hand was taken care of, a covered dish meal was enjoyed by all.

The lesson was given by Mrs. Wharton and Mrs. Rapp, entitled "Decorative and Functional Lighting."

Those present were Mesdames Victor Domino, H. L. Faulkner, Bess Hill, Ethel Mann, Harold Nischke, L. J. Rapp, Lydia Rees, John Shaw, Latham Wayman, Morris Wharton, Edith Ware, Nancy Brautigan, Beulah Rider, Jayne Nelms, Marie Rich, Chalmers Ballinger and Miss Amy Brautigan.

The club wishes continued health to one of their most faithful members, Marie Rich and to one of their past members, Gladys Cook.

Walton Homemakers

The April meeting of the Walton Homemakers was held in the home of Mrs. Paul Beighle, with Mrs. Donald Rice as co-hostess.

The lesson on "House Plants" was given by Mrs. Marie Penick and Gertrude Butler.

Officers elected for the coming year are: President, Wilma McMillan; vice president, Gaynelle Flynn; secretary, Sue Gibson; and treasurer, Doris Eischenschmidt.

Members attending the meeting were Gertrude Butler, Pauline Huey, Lillian Acres, Gertrude Henson, Doris Eischenschmidt, Wilma McMillan, Christine Easton, Bessie Lay, Rachel Acres, Gaynelle Flynn, Dorothy Beighle, Sonny Popham, Marie Penick, and Sue Gibson.

Guests were Helen Ruth McElroy and Bonnie Jacobs.

CARD OF THANKS—

I wish to thank all my friends and loved ones who have been so kind and thoughtful during my illness at home and in the hospital. Thanks for the flowers, gifts and cards, and especially to Bro. Bob Sheffield and Bro. Colburn Hooten for their prayers and visits. May God bless each and everyone.

—MRS. FRANCES DIXON

—BIRTHS—

Jerry and Deborah Jackson of Morning View, R-1, a boy at 2:45 p.m. on April 10.

Bobby and Joyce Masters, of Verona, a girl at 9:41 a.m., on April 7.

Taylor Mill Senior Citizens

The Taylor Mill area Senior Citizens met at the Brucewood Presbyterian Church on Tuesday, April 9th at 10:00.

Mrs. Hilda Griffith welcomed the group. A committee of Mrs. Neusom, Mrs. Bruce and Mrs. Ballinger had charge of the program which was in keeping with the Easter Season.

Those present were: Georgia Rapp, Lillie Mossman, Lillian Bridges, Dorothy Ballinger, Flossie Newsome, Ethel Gabbard, Mrs. C. Keck, Miss Ruth Keck, Elizabeth Egger, Ruby Armstrong, Bryan Armstrong, Kenneth Galloway, Alice Dorman, Stella Lloyd, Alma Yates, Stella Webster, Annie Bruce, Charlotte Walls, Chalmers Ballinger, John Bruce, Ervan Hilda Griffith.

Southern Region

AA Knothole Baseball

Anyone from Campbell, Kenton or Boone County who would like to enter a team for the 1974 season, may call Frank Becker at 371-7785 or Vern Duncan at 371-6462. The program is for boys who were born on or after September 1, 1965. Games will be played Sunday in the form from single games or double headers. The season will start the week of May 18th through August 5.

BE ALERT! STAY ALIVE!

The Alcohol Answer Man

One of the most frequently asked questions—What is alcohol and how is it made?

Alcohol is the natural substance formed from the reaction of fermenting sugar and yeast spores. There are many different kinds of alcohol but the kind in alcoholic beverages is called ethyl alcohol. It is a colorless, inflammable liquid that has an intoxicating effect.

Alcohol is classified as a food because it contains calories, but it has absolutely no nutritional value. It is also classified as a depressant to the central nervous system. It is our number one drug problem.

Beer is made from germinated barley.

Wine is made from grapes or berries.

Whiskey comes from malted grains.

Rum is made from molasses. Hard liquors are made from a concentration process called dis-

ferred to as "distilled beverages." The distilled beverages run from 40% (80 proof) to 50% (100 proof) alcohol.

What many people don't know is that any two drinks which contain the same amount of alcohol will have a very similar effect on the drinker. The usual highball, a 12 ounce can of beer or a 4 ounce glass of wine all contain approximately 1/2 ounce of alcohol.

The majority of Americans who drink, drink responsibly. Some do not, and these are the persons who need help. Nine million alcoholics affect 36,000 people and cost our nation over \$24 billion a year. A stiff price to pay.

The Spirit Transcends Established Traditions

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 15:1-12)

Some years ago our nation was shocked by the tragic news that 100 people had perished in a downtown Atlanta hotel fire. Some died from suffocation; others, convinced they would not be rescued, leaped to their death from windows. Though a fire

station was located only two blocks from the burning building many still perished. Why? Because the ladders were too short to reach the people on the upper floors!

The world could not have been reached for Christ in Paul's day by those who insisted that Christianity

was for the Jews only. Their ladders were too short.

THE CONTROVERSY

Some of the believers who were of the Pharisees came down to Antioch from the Jerusalem church and insisted that the new Christians keep the customs of Moses. According to these Judaizers no one could be saved who refused to become a Jew.

This issue was bound to draw fire, especially from Paul and Barnabas. This would have broken the back of Paul's work. Is the Christian message to be confined to one nation or is it a universal one?

Paul and Barnabas had a great dispute and argument with those Judaizers. When the matter could not be resolved between them they made arrangements for Paul, Barnabas, and others to go up to Jerusalem with the matter.

It should be said here that the controversy which sought to divide the early church is still with us today. Is God's good news of salvation for the whole world or for

a select few? Is one's relationship to God achieved by the efforts of man or is it a free gift of God's grace? Can man earn God's favor or must he fall back in humble submission to the grace of God? Is Christianity a religion of works or a religion of grace?

THE COUNCIL

Arriving in Jerusalem, they were welcomed by the church there. The apostles and elders joined in making Paul and Barnabas welcome guests. Paul and Barnabas related to the believers in Jerusalem what God had done through them. At this point certain of the sect of the Pharisees which believed put forth their belief that Gentiles must be circumcised and keep the law of Moses.

The apostles and elders met to consider the issue. After a lot of discussion Peter spoke to the group. He reminded them God some time (about 10 years) ago had chosen to save Gentiles by sending him to Cornelius at Caesarea (Acts 10).

Cornelius and some other Gentiles have received the Holy Spirit even as Peter spoke to them. Peter saw this as the work of God and urged those present not to tempt God by questioning what He had chosen to do. Peter further reminds them that neither they nor their fathers had been able to keep the law. The yoke was such that it proved man's inability to wear it. This means that the law proved to man how helpless he was. This should have led man to fall back on the grace and love of God.

One man declared his dislike for

preaching which stressed the death of Christ. He insisted it would be for better to preach Jesus as Teacher and Example. The minister asked him if he would be willing to follow Jesus as such. He asserted his willingness to do so. The minister said to him, "Then let us take the first step. It is said of him that He 'did no sin' (1 Peter 2:22). Can you take that step?" The man then acknowledged that he could not take that step. The minister was then able to point out that man's first need is a Saviour.

Peter's final statement is his statement of faith, "We believe that through the grace of the Lord Jesus Christ we shall be saved, even as they." It is difficult to improve on this.

THE CONCLUSION

This verse (12) sums up for us the outcome of that early church council. All of the people of the church listened. They were satisfied with what they heard. After James had spoken, the apostles, elders, and the Church gave the decision to send messengers and letters to the Gentile believers.

A great victory was won for the cause of Christ. Faith in Christ is sufficient for all.

THINK ABOUT US FOR

We've been trying for quite awhile to make the point that ours is a multiple-line agency offering a wide scope of coverages in addition to Automobile Insurance.

Maybe it's time, then, to remind you that we do provide Automobile protection plans, for both private passenger cars and commercial vehicles. In fact, you could say we're specialists in this field. We can furnish you with the Auto coverages you need plus the planning and claims services which are as important as the policy itself.

When it comes to Automobile Insurance, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

Clouds . . . and Light . . . and a bold spiral The symbols of man's wondering—his hope—his aspirations.

On a Friday the One they called Christ was dead. The world rolled on . . . nothing seemed changed.

Then it was Sunday: Newness everywhere! He is risen! Men believe . . . gather . . . rejoice . . . promise.

He is Risen! Clouds break. Light shines in darkness. Our faith reaches upward . . . In bold certainty!

FUEL AND GAS

Farmers are now facing some tough conditions that will not only have a major bearing on profits, but will also demand some pressing management decisions. As for gas and fuel, farmers have been named to receive priority. In order to receive priority allocations, they must buy from bulk dealers. This may make it necessary for some farmers, particularly those with small operations, to change their buying procedures. In other words, a farmer cannot drive his farm tractor to a neighborhood service station and demand priority. If he does, he may or may not get the gasoline he needs, depending on the supply which the station has on hand.

Probably every farmer knows this by now, but if there are those who don't, they need to act right away. It is necessary for them to file an application with a bulk dealer in order to qualify for priority allocations. The proper forms are available from most bulk dealers. Assistance in completing forms, or obtaining them, is available from the local ASCS office.

FERTILIZER

Fertilizer is also in short supply—and selling at prices greatly higher than last year. Soil tests taken on an even greater significance this year, because farmers need to know the minimum amounts of fertilizer they can use and still expect to get a good crop yield.

Weed control in another practice that can aid farmers in getting good yields. Weeds can rob crop plants of nutrients, and this can prove costly in light of high fertilizer prices.

Fuel and fertilizer are not the only items for which farmers are paying higher prices. However, they are basic items and every conservation practice which the farmer can use will be to his advantage.

It seems that each year brings new pressures upon the farmer. Last year, for example, the farmer started receiving some increases in the prices for his livestock and crops—which were, for the most part, offset by increased costs of feed and supplies.

CAN YOU CATCH CANCER?

According to the local American Cancer Society, cancer is absolutely not catching—but is one of the questions in many people's minds about this disease. Here are some others:

Q—Can you have cancer without being aware of it?

A—Yes. Until a cancer has grown or invaded neighboring

tissues, symptoms may not appear. But there are seven warning signals, and Boone County society volunteers are telling the people about them as part of this April's educational and fund-raising crusade.

Q—Can one's attitude towards cancer influence the course of the disease?

A—Yes, but only in this special way: the person who notices a warning signal, the person who delays before checking with a physician—the one "afraid" to have an annual checkup including tests, can hurt himself. Why? Cancer is most curable when detected early.

Q—Are any countries free of cancer?

A—No. Cancer knows no boundaries, national or racial. However, some groups are more or less likely to get certain forms.

Q—You mean there is more than one form of cancer?

A—Yes, over 100.

Q—What are the most common cancers among men?

A—Lung cancer, skin cancer, prostate and cancer of the digestive organs.

Q—What are the most common cancers among women?

A—Breast cancer, cancer of the reproductive organs such as uterine cancer; skin cancer and colon-rectal cancer.

Q—They say that breast cancer is the cancer women fear the most—how can a woman protect herself?

A—If a woman practices monthly breast self-examination and checks with a physician if she finds anything unusual such as a lump or thickening, she gives herself a chance of finding breast cancer early when it is most curable.

Walton Sewer Rate Discussed

By John A. Hartman, Attorney For Walton Sewer Project

Monthly rates on the proposed sewer system have become a recent topic of conversation in the City of Walton, and I believe that they should be. At least half a dozen persons have approached me concerning what they understand to be the present plan to establish a minimum monthly sewer bill of approximately Twenty-Five (\$25.00) Dollars. This rumored minimum bill is far outside the range that was proposed in the petition signed by ninety-two percent of the citizens of Walton in late May, 1972.

At the present time, all persons who are working on the proposed system are doing everything to keep the monthly bill as low as possible, and even with the project bids received, we remain confident through increased Federal and State grant funds, the system can be constructed, and at a rate very close to the \$12.60 per month rate stated in the petition in 1972.

Even if local officials chose to proceed to construct the system, and proposed a Twenty-Five (\$25.00) Dollars per month minimum rate, they could not do so, because it far exceeds what the various State and Federal agencies consider to be an affordable minimum rate, and these agencies would not fund a project that was so far outside the feasibility range.

From my conversation with the engineers, and with Farmers Home Administration, I still believe that the sewer project can be completed and that both water and sewer service in the City of Walton, can be received for approximately (\$20.00) Dollars per month.

WALTON-VERONA ALUMNI BANQUET

By Dennis Glacken, President

The annual Walton-Verona Alumni Banquet will be held on Saturday, May 25, 1974. Due to new construction at the High School, we have selected the new Elementary School at Verona as our meeting place.

The Alumni Committee is formulating plans to make this year's Banquet an even greater event. We know that no alumni will want to miss this gala occasion.

Recognition of classes of 1914, 1924, 1934, 1944, 1954, and 1964 will be made. Special honors will go to the classes of 1924 and 1964. A special program will be presented by the class of 1964 who will be celebrating their Golden (50-year) Anniversary. We hope to have Mr. Adolf M. Edwards of the 1924 class in attendance.

Invitations have been mailed to all known alumni and should be returned to the Walton-Verona Alumni Association no later than May 13, 1974.

Make plans to attend this year's Banquet, and enjoy a good meal, entertainment and re-new old friendships.

Suggestions For Storm-Damaged Buildings

If your home or farm buildings were struck by high winds or tornadoes, but the damage is not total, here are some guidelines, as given by Boone County Extension Agent, Joe Claxton, to help you decide what repairs are needed.

Remove enough boards at the eave to check roof anchorage. Make sure that rafters are still securely fastened to the plate. Check all walls for cracked and broken studs—these will show up as broken plaster or wall board.

Inspect all chimneys from top to bottom for cracks and check foundation walls for new cracks. If the foundation has been moved, it will require major repairs.

Local Art Winners Listed

The third annual Northern Kentucky Art Exhibit was recently held at Holmes High School. The event sponsored by the Holmes Senior Art Class and the Holmes Boosters drew approximately 650 pieces of artwork from 14 public and parochial schools in the Boone-Kenton-Campbell Counties area.

A list of local winners in their respective class were:

Graphics, Sr. Division, second place, Alison Gambill, Boone Co.

Sculpture, Jr. Division, third, Jim Hass, Turkeyfoot Jr. High.

Sculpture, Sr. Division, second, Wm. Simpson, Simon Kenton.

Water Colors, Sr. Division, tie for second place, Sandy Browning and Scott Hatfield, both of Simon Kenton.

Mixed Media, Jr. Division, third place, Bill Horton, Turkeyfoot.

Ellis Farm Elected To Angus Association

Ellis Farm, Walton, Kentucky, has been selected to membership in the American Angus Association at St. Joseph, Missouri, announces Lloyd D. Miller, executive secretary.

There were 396 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

Annual Meeting Is May 6

The Bi-County Farm Bureau Cooperative Association will hold its annual stockholders' meeting at the Devon Plant on Monday, May 6, 1974. It's important that all stockholders attend.

SPAGHETTI DINNER SAT.

Piner PTA is sponsoring a Spaghetti Dinner Saturday, May 4th, 5 p.m. till 9 p.m. Prices for adults—\$1.75; children—\$1.25.

SK PTA Meeting May 6

Simon Kenton PTA will meet at the school May 6, Monday, 8:00 p.m. There will be an installation of the new officers for the coming year. They are—President, Mrs. James Arvill; vice president, Mrs. Joseph Gad; secretary, Mr. Kay Kelly; and treasurer, Mr. Morgan Campbell.

BOONE COUNTY MOUNDS

There are many "mounds" in Boone County, most of which are located along the Ohio River.

Wallace Lucas, Florence, has an area on his farm near Petersburg that contains as much as 17 acres. For some 20 years, Mr. Crawford excavated many of the mounds and other special areas. He found, as did many other state archaeologists, that the people who lived here many, many years ago were in this area for an extended period of time. Some of the evidence uncovered indicates that they deposited their "garbage" in a central location. This was discovered to be a great depth of rich, black fertile soil. Also, layers of limestone were found. The nearest source of limestone was some three miles away, so this had to be carried in by small amounts.

Mr. Lucas stated that his property was open to the public for some ten years but local interest was almost nil.

Afterkirks Are Honored By DHHS

Two local Walton-Verona graduates, David and Don Afterkirk, sons of Mrs. Frances Afterkirk, have just received an "Award of the Year."

David, teacher, varsity basketball coach and Dean of Boys, has been voted by the student body of Dixie Heights High School as the "Most Outstanding Teacher of the Year." He is working on his Doctor of Education degree at Xavier University.

Don Afterkirk, teacher, assistant baseball coach and athletic director, also at Dixie Heights was voted the "Best Dressed Teacher of the Year." Don is working on his Masters degree at the University of Louisville. Congratulations!

Monthly expiration dates for mail subscribers of the Walton Advertiser are printed to the right of the name on each paper. We ask each one to take note of this date and to renew their subscription before it is due and there will be no loss of papers.

MISS CORA AYLOR CELEBRATES BIRTHDAY

Miss Cora Aylor of Woodpoint Nursing Home, Florence, observed her 90th birthday on April 19th.

She was the first registered nurse of Boone County and was graduated from Spears Hospital School of Nursing in 1910.

Miss Aylor always wanted to be a nurse and witnessed many rewarding times—such as relieving her niece, Mrs. Catherine Feagon, who is a teacher now at Ockerman Elementary School.

Miss Aylor was a former resident of Walton. All her friends and relatives wish her a happy birthday.

Ladies League Softball Meeting At All Saints

The Women's Area Churches Softball League is holding a meeting tonight (Thursday) at All Saints Church at 7:30 p.m. in the school basement.

Rules, regulations and contracts for the 1974 season will be given to the league's manager and/or coach of each team who is interested in entering the league.

Entry fee is \$30 per team and payable before the opening game. Scheduling of the games for the season will be discussed, so each team should be represented.

Cancer Questions Are Answered

Q—But are all breast lumps cancerous?
A—Absolutely not! Most are found to indicate a perfectly harmless condition but only a physician can make that diagnosis so a woman must see one right away.

Q—Does cancer occur among children?
A—Yes. Cancer takes the lives of more children under 15 than any other disease.

Q—Is it true that women don't get lung cancer?
A—No, that's a myth. Women get lung cancer. Up until recently fewer women have had the disease than men, but now the lung cancer rate among women is climbing as more women smoke cigarettes.

Q—Is cancer increasing?
A—As people live on to an age when cancer occurs more frequently, the amount of cancer goes up. If cancer rates continue, 53 million Americans now alive will get cancer.

Q—What's the 1974 theme of the American Cancer Society?
A—"We want to wipe out cancer in our lifetime."
No question about that!

Auxiliary Geranium Sale

Boone County & Kenton County friends of Booth Memorial Hospital have been promised "no increase in prices" for the Auxiliary's geranium sale May 9 and 10.

The auxiliary has launched its pre-sale mail order campaign and has priced the flowers at 25 cents each or ten for \$2.00. The flowers may be picked up on any of the two days between 10 a.m. and 3 p.m.

The sale is the major fund raising effort of the spring fund-raiser and funds will be used toward paying off the \$20,000 pledge made for the purchase of an isotope scanner, a diagnostic tool used by the medical staff.

Pre-Historic Indians Built Mounds In Kentucky

A farmer turns up a human grave site while plowing a field.

A group of low grass-covered hills shows remarkable symmetry from the air. A field along a stream is littered with arrowheads, animal bones and bits of broken pottery.

Evidence such as this has been fairly common in Kentucky and shows that the commonwealth has been the site of considerable habitation for many centuries.

The first white explorers and settlers found that the Indians they encountered knew little more than they did about the strange artifacts and mounds scattered around the wilderness.

Because the most conspicuous remnants of the existence of ancient people in Kentucky are the mounds of earth often containing skeletons, ornaments, pottery, and weapons, these mysterious people were labeled "mound builders."

Very elaborate myths have arisen to explain where they came from, how they lived, and why their ancestors were in general, they were considered to be a superior race, quite distinct from the modern American Indians.

Gradually, however, the burial grounds and village sites scattered across the state have yielded a few of their long-hidden secrets.

Dr. Lathel Duffield, chairman of the University of Kentucky's Department of Anthropology, says that the term "mound builders" is both inaccurate and deceiving.

Research has shown, he says, that there were at least six separate groups of people with different cultures who inhabited the state during what is known as its "prehistory."

These groups lived in different areas of the state and only three of them built mounds. The term "mound builder" therefore refers to a practice and not a race or group of people.

According to Dr. Duffield, the mound builder myth grew because "the Europeans who settled North America expected to find a civilized society. They knew about the advanced civilizations of the Spanish found in Mexico and South America. When they found mounds scattered about, they immediately imagined them to be the remnants of a great civilization."

Anthropologists say Kentucky was first settled about 13,000 B.C. by the descendants of people who had migrated from Asia to North America during the Ice Age.

No mounds were built for more than 10,000 years. The first prehistoric cultures, the Paleo Indian and Archaic groups, did not build mounds. The Paleo Indians were nomadic and hunted big game. The Archaic culture, which followed, was more broadly based on hunting, fishing, and gathering plant foods.

It was not until 1,000 B.C. with the beginning of the Woodland culture in Eastern Kentucky that the construction of mounds for both ceremonial and burial purposes became important.

These people hunted, fished, cultivated sunflowers, squash, and other plants. Many examples of their mounds still exist in Eastern Kentucky. One just recently discovered near Catlettsburg is a serpent-shaped effigy mound some 900 feet long which was used for ceremonial and religious purposes.

Growing out of the Woodland culture were the Adena. They depended more on agriculture than the Woodland groups although they continued hunting and gathering.

The most important aspects of their culture were the burial and ceremonial mounds they built. In Kentucky, the Adenas were centered in the Bluegrass. Adena Park, north of Lexington, is one of the best preserved mounds from this culture.

"This mound, known as the 'daffodil circle,' was ceremonial, Dr. Duffield says, "At least we assume it was ceremonial. We can't think what else it could be."

The Adenas built a culture centered around the burial of the "honored dead." Most people were cremated, but a chosen few were interred in log tombs within large and often elaborate mounds. Weapons, ornaments, and pottery were often included with the bodies.

Burial mounds are scattered around the central and eastern parts of Kentucky. Mounds exist in Boone, Johnson, Montgomery, Henry and many other counties.

Several books have been published with information on the Boone County, but most of these are now out of print.

Not much is known about what made these cultures come and go, but there is evidence that the Adenas had some very serious problems. Dr. Duffield says, "A very high percentage of the skeletons of the Adena people show serious illnesses."

About 1,000 A.D., the Mississippian Culture arose in the far western part of the state. Almost entirely dependent upon the river bottomland foraging of corn, beans and squash in the northern Bluegrass and along the Ohio River. They developed a great deal on corn agriculture. At first they built burial mounds but later began to bury their dead in pits. The Fort Ancient culture had faded away by 1650, not long before white settlement of Kentucky began.

According to Dr. Duffield, "Kentucky is unique because of the diversity of cultures represented in its prehistory."

Woodland, Adena, Mississippian, and Fort Ancient overlapped and although they existed in different parts of the state there was almost certainly some interaction.

—ORDINANCE NUMBER 19—1974—

AN ORDINANCE EXCEPTING AND CONFIRMING WATER MAIN AND WATER PIPE INSTALLATION ON KENTUCKY HIGHWAY 14 AND 16 AND LEVYING AN ASSESSMENT TAX UPON EACH LOT FOR THE COSTS OF THIS IMPROVEMENT.

WHEREAS, The City of Walton has passed resolutions and ordinances authorizing the construction and installation of a water main and pipe on Kentucky Highway 14 and 16 pursuant to Ordinance No. 1973-5 and other related ordinances and resolutions, and

WHEREAS, pursuant to KRS chapter 94 the City Engineer has furnished the clerk with a certificate of appointment, and

WHEREAS, the City Council has inspected and approved and accepted the work and confirmed the certificate, notice having been given pursuant to KRS chapter 426;

NOW, THEREFORE, the City Council of Walton, Boone County, Kentucky, does ordain as follows:

SECTION I

That the water main and pipe installed on Kentucky Highway 14 and 16 be and the same is hereby accepted, and the letter and report written by the inspecting committee attached hereto is incorporated by reference herein as if the same were herein after set forth

SECTION II

That ten (10) percent of the assessable funds be retained and held by the city until the minor correction set forth in the report in SECTION I above are complete, at which time the Mayor and the City Clerk are hereby authorized and ordered to pay over said retained amount to the appropriate parties

SECTION III

That the letter from the City Engineer James E. Ransom to the City Council, attached hereto, the same being the "Certificate of Appointment", is hereby incorporated by reference as if the same were herein after set forth.

That the costs for this improvement are hereby apportioned pursuant to said letter, and that an assessment tax is hereby levied on each lot or parcel belonging to the particular party mentioned in said letter to the extent therefore set forth.

SECTION IV

That payment pursuant to said assessment tax is to be made in cash within thirty (30) days after the adoption and publication of this ordinance and shall carry a penalty of ten (10) percent of said assessment and bear interest at the rate of six (6) percent per annum if paid thereafter.

SECTION V

The Mayor and the City Clerk are hereby authorized and ordered to pay pursuant to the contents of this ordinance the appropriate parties for the installation, construction and labor involving said water main and system.

SECTION VI

This ordinance shall be in full force and effect when passed and published as required by law.

Done this 26 day of March, 1974.

Sam Gamble
MAYOR

Anna Mae Simpson
City Clerk

KENTUCKY HIGHWAY 14 AND 16 WATER MAIN INSPECTION

February 23, 1974 — 10:00 A.M.

PRESENT

Mr. Sam Gamble, Mayor
Mr. Jack Norris, Member Council
Mr. David Peebles, Member Council
Mr. Bill Rowsey, Director Public Works
Mr. Raymond Lankard, Contractor
Mr. James E. Ransom, Engineer

The group started at the beginning of the job and walked the entire length. There were no complaints from abutting property owners, however, the Committee recommends that the following check list be completed before final payment is made.

Unpeaved drive into McDonnell farm needs culvert cleaned out and Highway ditch shaped to drain.

First Fire Hydrant needs valve box raised and loose rock placed behind hydrant to prevent soil from caving off bank.

All large rock needs to be picked up along entire improvement and removed from job.

Second drive to right needs culvert entrance cleaned out.

Third drive to right needs C.M. Pipe straightened on both sides of drive and ditch shaped to drain through culvert. Stone needs to be added to this drive.

Highway curve sign needs to be reset.

Salem Road needs to be ditched immediately to keep water off the surface.

Last hydrant needs final grading so ditch can drain into culvert. The line is in use and has been tested, we recommend that the job be accepted and assessment ordinance drawn and 10% be held until final restoration can be made.

The Committee recommends that the Salem Church Road ditch be completed as soon as possible.

Respectfully submitted

Sam Gamble, Mayor

Jack Norris, Council Member

David Peebles, Council Member

100% Attendance at Piner

Cleaver Clover 4-H Meeting

The March meeting was held at the home of Janet Bray with perfect attendance recorded. The members answered roll call by giving the first line of some sort of poetry.

Members present were Janet Bray, Dexter LaFollette, Dawn Morehead, Cindy Parker, Chris Parker, Scott Parker, Mark Parker, Cheri Smith and Doug Smith; and leaders Mrs. Bray and Mrs. LaFollette.

The members decided to have a bake sale at Cherokee IGA instead of a candy sale.

The April meeting was held at the home of Dawn Morehead with Dexter LaFollette conducting the meeting. Pledges were led by Doug Smith and two songs were sung: "Shenandoah" and "Dianah, Won't You Blow".

Roll call was answered by something to do on spring vacation.

Members present were Dexter LaFollette, Dawn Morehead, Janet Bray, Doug Smith, and Cheri Smith. Leaders present were Mrs. LaFollette and Mrs. Bray and a guest, Mrs. Morehead.

The Area Achievement Night, which was held at Butler State Park was discussed. Dexter received a blue ribbon.

Members attended an Easter skating party, which was held at Lloyd Skating Rink.

A successful bakesale was held at Cherokee IGA on April 18. Blue ribbons were received by the members in the poster contest. Attending 4-H Camp was discussed.

Cheri and Doug Smith will host the May meeting.

Boone County Garden

Club Discusses "Iris"

The Boone County Garden Club held their April meeting at the Boone Aire Country Club with Madames John Scham, William Conrad, Roy Nestor, Clyde Arnold, and George Smith as hostesses.

Guest speaker was Mrs. Wilma J. Myer who discussed the "Iris". She grows and sells Iris at her home on Longbranch Road near Union.

Each member answered roll call by naming her favorite bulb flower. Mrs. John Riedlase was welcomed as a new member. Those attending were Miss Lucy Le Grant, Madames C. G. Kelly, M. A. Yelton, Grant Maddox, John Schram, Clyde Arnold, George Morith, A. W. Fullerton, Jr., Willis Coleman, R. C. Garrison, W. H. Wesler, Luther Smith, K. E. Lantier, Edward Smith, Frank Dils, Florence Eades, Roy Lockwood, Ralph Vondersmith, Harry Woodsmall, O. F. Hewlett, Roy Nestor, Leroy McNeeley, Hilliard Collins, Boyd Mahan, Larry Burcham, Hollis Gritton, Charles Kelly, and Kay Kelly. Guests were Madames Sara Crace, Irene Walton, Marie Coyte and Wilma J. Myers.

RESOLUTION NUMBER 1974—18

A RESOLUTION TO ADVERTISE FOR AND RECEIVE BIDS FOR THE REPAIR OF THE CITY OF WALTON'S WATER TOWER LOCATED ON RICHLAND COURT, WALTON, KENTUCKY.

WHEREAS, the City of Walton has a continued need for a water tower, and
WHEREAS, the existing water tower is in need of repair; and
WHEREAS, the City desires the repair to be made as soon as practicable;

NOW, THEREFORE, the City of Walton, Boone County, Kentucky, does resolve as follows:

SECTION I

That sealed bids will be received by the City of Walton, Boone County, Kentucky, by the City Clerk, City Hall, North Main and Church Street, Walton, Kentucky, until five o'clock P.M. on the thirteenth of May, 1974, for the repairs of the water tower located on Richland Court, Walton, Kentucky.

Specifications for said repairs may be obtained from the office of Willard Rowsey, Public Works Director for the City of Walton, at the office of the City Clerk, North Main and Church Street, Walton, Ky.

SECTION II

Bids will be opened at the meeting of the Walton City Council Tuesday, May 13th, at 7:30 P.M.

SECTION III

The City of Walton reserves the right to reject any and all bids, or to accept the proposal, deemed to be the lowest and best bid and most advantageous to the City. Additionally, the City of Walton reserves the right to require the execution of a performance bond to insure faithful performance of the work required.

SECTION IV

The City Clerk is hereby authorized and ordered to publish this resolution in at least four issues of the Walton Advertiser, Walton, Kentucky, on each of four separate weekly publications of said newspaper.

SECTION V

This resolution shall be in full force and effect when passed and published as required by law.

Done this 26th day of March, 1974.

The Cadillac, a magnificent
automobile, reigns as a favorite
of those who possess expensive
vehicles in automobiles. This was
the case in the past and still
is today. Most of the truly de-
luxe cars are no longer manu-
factured, but Cadillac has re-
mained steadfast.At one time, a Cadillac
(single cylinder type) sold for
about one-third the cost of cer-
tain Ford models.Would you believe we can cut
your tire cost in half? We can,
and we will if you stop in and
see us when you have a tire
problem.**G & G TIRE CO., INC.**

INSPECTION PERIOD FOR THE PROPERTY TAX ASSESSMENT ROLL

The Boone County property tax roll will be opened for inspection from May 6 through May 10, 1974. Under the supervision of the property valuation administrator or one of his deputies, any property owner may inspect the tax roll to check the assessment of his property and compare it with the assessment of comparable property to determine whether it is equitably assessed. The tax roll may not be inspected for any other purpose.

This is the January 1, 1974 assessment on which state, county, and school taxes for 1974 will be due on September 15, 1974.

The tax roll is in the office of the property valuation administrator in the county courthouse and may be inspected between the hours of 9:00 A.M. to 4:30 P.M.

JOSEPH RYAN
Property Valuation Administrator
Boone County

VERONA NEWS

Harold Vest celebrated a birthday last Thursday with a big supper and all his family present.

Fionnie Edrington spent last Wednesday with Susie Glone and Allie Chandler. Mrs. Glone is visiting a few days; she is from Owen-ton, Kentucky.

Lawrence Farrell entered St. Elizabeth Hospital last Sunday. We all wish him a speedy recovery.

Also, Mrs. Biddle is in the hospital.

Mrs. Mae Sturgeon spent the past week in London, Ky. visiting with friends and relatives.

Mrs. Everette McKenney and Roy have been visiting with relatives in Sadleville, Kentucky.

Mrs. Jean Crouch entertained her entire family last Sunday at her home.

Mr. and Mrs. Buck Washum bought them a new mobile home. It sure is pretty and brightens things up around here.

"Booper" Leek got a new bike last week, she is a little proud of it.

Kenny Brockman Jr. from Hamilton, Ohio has been visiting with

David Lee Hocker during spring vacation.

Mr. and Mrs. Bob Orr celebrated their 50th wedding anniversary last Sunday at the New Bethel Baptist church with many friends present.

slowly improving and able to take some solid food.

We just heard of the sudden death of M. M. "Pete" Mann. He had a heart attack and was dead on arrival at the hospital.

Mr. and Mrs. Dawson Ballinger spent last Wednesday afternoon with Mr. and Mrs. J. W. Brannon of Kelat.

A Strategy For Mission - Acts 15 and 16

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 15:39-16:10)

There is much truth in the statement made by an Anglican bishop many years ago, "If our religion is false we ought to change it, if it is true, we are bound to propagate it."

There can be little room for doubt that Christians ought to carry the good news of the Gospel to the ends of the earth. The story of men who took seriously this very obligation is recorded in our scripture lesson for today.

DIVISION

The Bible tells the plain truth about men. Even the Bible heroes like David, Moses and Paul. If they had weaknesses the writers did not gloss over them.

Here is the account of two great Christian men. In fact, they are men committed to missions to Jesus Christ. They have a disagreement. The contention becomes so sharp that these two men decide they cannot do their best together. They go their separate ways.

But there is not a word to indicate that Paul and Barnabas were unforgiving. Did either of them hold a grudge against the other? Not likely. We do know that Paul later had a good word for both Barnabas and John Mark (I Cor. 9:6; Col. 4:10; II Tim. 4:11).

It is not a test of a man's character or discipline that he should disagree with a brother. The test comes in the way he handles the disagreement. Paul and Barnabas agreed to disagree and two mission teams were born.

Silas was chosen by Paul and approved by the church. The second missionary journey began.

DISCIPLE

Paul and Barnabas went through Syria and Cilicia strengthening the churches. They came to Derbe and Lystra where a young disciple by the name of Timothy lived. This young man had made such an impression upon the brethren in that area that Paul made him a member of the team.

Because of Paul's concern not to unnecessarily offend the Jews, he had Timothy circumcised. Paul felt this necessary since Timothy's mother was a Jewess who had become a Christian. His father was a Greek. One is able to see in this act of Paul something of his greatness. He had deep convictions and stood by them. At the same time he was flexible where there was no great principle to be sacrificed.

Timothy proved to be a tremendous asset to the work of Christ. He became a trusted companion of Paul throughout the remaining part of his life.

As these missionary apostles traveled from city to city, they delivered the decrees (the decision of the Council at Jerusalem) to the churches. The result of their work was that the churches were made stronger and also increased in numbers.

DIRECTION

Having gone through the territory where churches had been established on the first missionary journey, they turned toward Asia. This Asia lay to the west of Antich, Lystra, and Derbe. But the Holy Spirit made them know it was not the time for them to enter Asia. Later Paul would spend three years in Ephesus, a chief city of Asia.

Not being allowed to enter Asia, the missionaries turned to Bithynia which lay to the north and northwest of Galatia. Again the Holy Spirit intervened. One wonders what the apostles thought was happening! Here they were trying to go into needy areas and the Holy Spirit was the One who was stopping them. But they do not give up so easily. They continue to Troas where a vision comes to Paul. A man of Macedonia is beckoning them to come and help them.

No time is lost. They are anxious to carry the good news of the Gospel to those who will hear. They entered Macedonia with the great and glorious assurance that the Lord had led them there.

The Holy Spirit gives direction in these days. Christians need to be sensitive to the leadership of the Holy Spirit. 'Tis a blessed thought that one may labor where the Spirit has led!

The book of Acts covers a period of approximately 3 years.

ONE FRIDAY

When we become mired in the routine of life, one day is like any other. This was just another working-day for most of the people in Jerusalem.

Three men died on Calvary Hill. One of them was the Galilean!

Business as usual in Jerusalem. Unless we understand the whole significance of what is happening we pay little attention...

Do you understand what happened that Friday? Do you realize WHO hung on that central Cross? Do you know WHY He died? And FOR WHOM?

There is nothing more necessary in our lives than the deep, personal knowledge of what happened that Friday... and the Sunday following. Come to Church!

—DEATHS—

Mrs. Anna Mae Truett Burdine, 65, of 70 Alta Vista, Walton, died 4:30 p.m., Friday, April 19, at St. Elizabeth Hospital where she had been a patient for a short time. Her husband, Arthur, died in February of this year.

Mrs. Burdine was a member of First Baptist Church, Walton.

Services were held Monday afternoon at Chambers and Grubbs in Walton.

Survivors are three daughters, Gertrude Parker, Milton; Lillian Parker, Williamsstown, Dean Kimberlin, Middletown, Ohio; and two sons, Jim Burdine, Middletown, Ohio and Gary Burdine, Walton.

There are 12 grandchildren and four great-grandchildren.

Death came to Mabley M. Pete Manna, 79, of Mann Road, Covington at 4:30 p.m., Friday, April 19, upon arrival at St. Elizabeth Hospital from an apparent heart attack.

He was a retired farmer and a lifelong resident of Kenton Co. Survivors are his wife, Ethel Stephens; son James R.; and four grandchildren.

Services were Tuesday morning at Chambers and Grubbs, Ind.

Eugene O. Jump, 44, Orange County, California, died Tuesday, April 16 of burns received in an accident at his home on Saturday. He formerly lived in Covington. Survivors are his wife, Joyce; daughters, Vicki, Christine, both at home; mother, Mrs. Jeanette Glacken, Independence; a sister, Mrs. Gloria Ashcraft, Big Bone, Chambers and Grubbs, Independence, in charge of burial.

W-V School Menu....

April 29—Ham salad with lettuce, mixed vegetables, tomatoes, coffee cake, milk.

April 30—Fried chicken, mashed potatoes, peas and carrots, jello and fruit, hot rolls and butter, milk.

ABOUT THE SICK...
Bruce Cox Sr. has been on the sick list but is better this week. Mrs. Paul Ramsey returned home from the hospital last week and is getting along fine.

Mrs. Kay Kelly of Taylor Mill will return to her home this week from the hospital.

Clarence and Edna Combs of Park Avenue are both in the St. Elizabeth Hospital.

Girl Athletes Are Honored At Banquet

Miss Gwen Hoover presented the following awards to girls who were involved in athletics at Walton-Verona 1973-74 during the banquet at Verona Elementary School recently.

GIRL'S BASKETBALL

Most improved player, Nancy Adams;
Best defensive player, Diane Raybourne;
Team Co-Captains, Patty Raybourne and Dayna Cheesman;
Most points scored, Dayna Cheesman;

Best free throw percentage, Dayna Cheesman;
Seniors on squad, Patty Raybourne, Dayna Cheesman, Connie Carlisle and Charlotte Disney;
Senior Cheerleaders, Sandy Dixon, Michelle Johnson and Dayna Cheesman.

Junior High Cheerleaders were awarded certificates and varsity cheerleaders were awarded letters.

SPAGHETTI SUPPER

The Piner PTA is sponsoring a spaghetti dinner Saturday, May 4, 5:00 to 9:00 p.m. Admission for adults is \$1.75, children, \$1.25.

There will be rides available for the children.

The Piner Firemen will be there to help park the cars.

The Boy Scouts are donating their time in helping to clean the tables. All proceeds will go toward the blacktop fund.

You are invited to attend for a night of entertainment.

Kindergarten Second Class

Due to the interest shown in Kindergarten enrollment, the Walton Kindergarten, First Baptist Church, will have two classes in September.

Should there be others interested, there are still four (4) openings in the class. You may call Mrs. Lucille Maddox at 465-4704 for information.

Sponsors Junior Olympics

The White's Tower PTA recently sponsored a Junior Olympics night at Simon Kenton High School.

The volleyball game between the parents and faculty was the first event. The faculty was in the past were the winners. This was followed by a faculty tunnel ball race, the intermediate teachers versus the primary teachers. The intermediate teachers were the winners and later that evening challenged the men faculty to a match. The men seemed to have the lead in this race until some helpful fathers caught Mr. Miller in the tunnel and carried him off the court leaving the women victorious.

The children's events came next with the First grade tunnel race, Mrs. Teague's room winners, Miss Jehn's Second grade class took the lead in the pin set-up relay. The sack race for the Third grade was won by Miss Power's pupils. Grade Four competition was a cage ball relay, Mrs. Moore's room took this win. The tunnel cage ball relay for the Fifth grade was awarded to Mrs. Stott's class.

The last event was the Sixth grade volleyball game. The winners in both girls and boys division was Miss Chidder's students.

The PTA would like to thank all the teachers, parents and students for their time and work to make such a success of the night's events.

Furadan Not For Burley Tobacco

by

DARWIN FOLEY

Kenton County Extension Agent

University of Kentucky entomologist Wes Gregory says that Furadan (carbofuran) 10% granular insecticide is being sold in Kentucky for use on tobacco. Apparently someone has made an honest mistake since no formulation of Furadan is registered by EPA for use on tobacco, with the exception of the cured. Since flue cured is not grown in Kentucky, Furadan is NOT RECOMMENDED for tobacco in Kentucky. As soon as registration is established on any or all types of tobacco in Kentucky, you will be notified. For information on recommended insecticides refer to ENT-15 entitled, Insecticide Recommendations for Tobacco Fields-1974. It is available at our office in Independence.

SUCCESSFUL PAPER DRIVE

The Freshman Class of Walton-Verona High School conducted a paper drive last Saturday. They said it was a great success, thanks to Jan Ryan, Paul Ramsey and Robert Hammond who drove their trucks for them.

They appreciate all who made contributions.

Farmers Get Long Term Agreement

All farmers have recently been notified of the reinstatement of the 1973 REAP Program and also the new 1974 REAP Program.

New to the Program this year is the "Long Term Agreement."

A Long Term Agreement is an agreement entered into for a period of 3 to 10 years. A farmer wishing to participate under the plan would be required to submit a conservation plan for the coming 3 to 10 year period. The plan must be approved by the Soil Conservation Service. The farmer would then complete one or more conservation practices each year until his total plan of work was complete.

Funds set aside for such a plan would be guaranteed even if the annual program was dropped as it was in 1973.

Any farmer interested in signing a "Long Term Agreement" must do so between May 2 and June 1 of this year.

Further information on this agreement may be obtained at the local ASCS office.

SILVER WEDDING

Mr. and Mrs. Malcolm Simpson

Silver wedding bells will ring for Mr. and Mrs. Malcolm Simpson, 76, High Street, Walton, Kentucky, as they observe their twenty-fifth wedding anniversary on May 8, 1974.

They will celebrate this happy occasion with "Open House" at Walton Methodist Church, of which they are members. Sunday afternoon, May 5, 2-4 p.m. Relatives and friends are invited to attend.

Mr. Simpson, now retired, is former editor-publisher of the Walton Advertiser.

Mrs. Simpson (Anna Mae Sleet) is clerk for the City of Walton. We offer congratulations to this fine couple.

High School Baseball Games

The first annual Boone County Baseball Championship Tourney will be played Sunday, May 5 at the Boone County High School Baseball Field beginning at 1:30.

This championship tournament between the three high schools of Boone County is being sponsored by Boone County Knottville, District No. 24. A trophy provided by Knottville will be presented to the champions.

The purpose of this tournament is to provide interest within Boone County in the baseball programs of the high schools and also to permit Boone County Knottville an opportunity to support the young men that had formerly played in the knottville program.

Job's Daughters Bake Sale

Bethel No. 8 of Independence will have a "Bake Sale" on Friday, May 3, beginning at 2:30 o'clock in the afternoon at Cherokee IGA in Cherokee Shopping Plaza on Taylor Mill Road.

Students To See Cin. Reds Games

Cincinnati Reds home attendance is off and running toward a record in 1974. Through the first 10 dates, the Reds have drawn 223,026, the most ever in the 105-year history of the club.

St. Louis will be at Riverfront for a pair of games May 7 and 8. Houston will be in for a four-game series highlighted by Teen Night and College Night May 10 and 11 and a Sunday doubleheader on May 12.

The Giants make their first visit to Cincinnati on May 13-15. The New York Mets move in for three night games on May 27, 28 and 29.

STRAIGHT A STUDENTS

Expecting to see a lot of great baseball games as guests of the Reds and Enquirer will be the following students who have earned "Straight A Tickets" at Walton-Verona High School.

Nancy Adams, Caille Beach, Lee Ann Scott, Sandy Baker, Danny Bell, David Berkemeier, Melanie Cahill, Toni Blau, Judy Butler, Dayna and Jayna Cheesman, Tim Dunn, Charlotte Disney, Sandy Dixon, Susan Hetterman, Nanette Johnson, Beth and Lynn Kohnen, Karen and Connie Leek, Elaine Losey, Laura McMillian, Alvin Martin, Gwen Milner, Diane Raybourne, Dale and Todd Ryan, Susan Taylor, Diane Schmick, Neil Spencer, Mike Stallard, Lisa Losey, Fannie Thorpe, Sandy Beach, Peggy Stewart, Lee Frost, Mark Stallard, Patricia Brooks, Laura Chipman, Mary Cheesman, Edward Gibson, Mike Marsh, Pam Popham and Lou Ann Leek.

BE KIND TO ANIMALS WEEK MAY 5 THROUGH 11

Friends of Animals, a national humane organization, urges everyone to make "Be Kind To Animals Week" a year-round occasion. And the offer the following advice to pet owners.

WARNING—Leaving your pet in a parked car during the hot summer months, even for a short period of time, can result in the death of the animal.

Even though windows may be open (making the animal an easy prey for the petnapper), a parked car becomes unbearably hot in a very short time, and the animal faces a cruel death from heat prostration. Air conditioned cars are just as likely to become death traps when the cooling system is shut off. For the sake of your pet, do not leave the animal in your car when the weather is hot.

Fisk Is Promoted

Former Northern Kentuckian Bryson M. Fisk has been appointed vice president of sales and marketing for American Hoechst Corporation, Bridgewater, New Jersey.

Mr. Fisk, who lives with his wife and son in Smyrna, N.J., still maintains a farm in the Independence area which is noted for the reproduction of polled registered Hereford cattle.

He also has a partnership in the Readmore Coal and Feed Company in Walton.

Must Take Many Shots

Mary Perkins, age 6, and Kris Denton, age 2, are having to take anti-rabies shots. They were both bitten on the hip as they played in the lawn of their grandmother, Mrs. Geraldine Enaley, Route 2, Walton.

The dog was described as being a collie-type but could not be located for examination.

Officers Are Installed

The Boone County Memorial Veterans of Foreign Wars Post No. 6099 and Ladies Auxiliary will hold their joint installation of officers on May 8th at 8 p.m. at the post in Union, Kentucky.

Installing officers will be Mr. Wilson Lightner, District V.F.W. Commander and Mrs. Anne Butler.

The Simon Kenton FFA Chapter held its yearly "Parent and Son Banquet" on Thursday night, the fourth of April, in the Simon Kenton High School cafeteria. Mark Williams called the banquet to order at 7:00 o'clock. Opening ceremonies were held. There were 190 present.

Principal Robert Abell gave a welcoming address. Mark Williams recognized all that were present. Greg Kidwell gave the invocation and the meal was served.

After the meal, Rick Hamlin, past FFA president, provided the entertainment.

Bud Wiley recognized all the waitresses and cafeteria staff for such a good meal, prepared and served.

HONORARY MEMBER

Shirley Elliott was honored with the Honorary Membership Award for her great tasks for the FFA, school and community.

Mark Wesley of Production Credit Association awarded Mark Williams with the Chapter Star Farmer Award.

VICE PRESIDENT SPEAKS

The chapter was glad to have Denny French, State vice president of regions 6, 7, and 8, as the special guest speaker.

Jeff Gray recognized all of the new 1974-75 FFA officers and also awarded Mark Williams with two awards.

Kathy Deaton recited the FFA Creed.

Gary Riley recognized and honored all of those members for their achievements that they had achieved throughout the school year.

Mike Smith conducted the drawing and presentation of the flowers. Closing ceremonies were conducted and the meeting adjourned.

As one of Kentucky's outstanding festive Park Hill's Oktoberfest has been invited to Frankfort for the statewide Capital EXPO, May 24 through 27.

The invitation to take part has been sent to Danny Hall by Mrs. Paul Westpheling, Executive assistant to the Chairman of the Kentucky Events Celebration Commission.

As a tribute to the rites of man, particularly Kentuckians, our festival of folk life in Kentucky would not be complete without you people from Northern Kentucky," Mrs. Westpheling said.

The Frankfort event will be staged around the New Capital Plaza complex and will be the first time so many of the state's various and unique festivals will be gathered together in one place. Invitations have been extended to festival cities in Barbourville (Daniel Boone), Corbin (Nirbock), Stanford (Dairy Day), Paintsville (Apple), Lebanon (Country Ham), and South Union (Shaker).

Mrs. Westpheling expressed the hope that the Oktoberfest will be represented during the entire four-day run of EXPO, which concludes on Monday, Memorial Day. They will be joined by artists and craftsmen from all parts of the state. Other aspects of folk life will be expressed in song, dance and music; and even food.

The nights will be highlighted by nationally-known entertainers. Nancy Wilson and the Louisville Orchestra will perform in concert on Sunday.

Blues, rock and pop will be represented on other nights in a combination of free and pay performances.

Any person wishing to exhibit a particular art or craft, call or write Gene Hinds, Director, P.O. Box 486, Frankfort, Ky. 40601. A phone number is 502-564-4550.

HEAD START REGISTRATION
The Northern Kentucky Head Start will have Registration Days for the program year 1974-75, on May 2, and May 3, 1974, between 9:00 a.m. and 3:00 p.m.

Junior High Dance Royalty
The annual Junior High Dance at Walton-Verona was Saturday, April 27th. Those present enjoyed dancing to the music provided by the Hobby Horse Revolts. The theme of the dance was "Color My World."

Chosen as Queen was Shauna Lucibbe; King, Reggie Johnson; Princess, Billie Napier; Prince, Randy Coyle.

Last year's king and queen assisted in the ceremonies

Chosen as Queen was Shauna Lucibbe; King, Reggie Johnson; Princess, Billie Napier; Prince, Randy Coyle.

Last year's king and queen assisted in the ceremonies

LETTER TO THE EDITOR:

We at the Walton Advertiser received the following letter recently and would like to share it with our readers. It is self-explanatory, so no other comment need be made.

10 Lake Street, Hyon Green, Nottingham, England

DEAR SIR,

This letter is a desperate appeal for work in your town. We are all four English male students, all over twenty-one, studying mechanical engineering here in Nottingham. This summer we are hoping to come over to the States and live and work during our summer vacation.

Although we are able to get our J.I. working visa's, they do not become valid until we have a definite offer of a job in the United States.

Because we live so far away from America, we are finding great difficulty in knowing where to look for work. We will all be available to work from June/July until the end of the summer season, and we hold driving licenses which are valid in the United States.

It would be greatly appreciated if you could forward any useful information which may help us in our search. Or if possible, place an advertisement in a newspaper on our behalf. Any expenses would be refunded with our thanks.

We trust that our request does not cause you any inconvenience, and we anxiously await your reply.

Yours Sincerely,
Peter Gay

Local & Society

Mr. and Mrs. Walter Kacaba of Akron, Ohio spent a few days last week with Mr. and Mrs. Stanley Kacaba.

Recent visitors in the home of Rev. and Mrs. Robert Yates and Karen were Mr. and Mrs. Edgar Yates of Harrodsburg; Mr. and Mrs. George Simpson of Lexington, Kentucky.

Mr. and Mrs. Joe Lawrence of Monterey visited last week with Mr. and Mrs. Richard Lawrence and John Clark; Mr. and Mrs. James Lawrence and Randy.

Recently in attendance at the WLW 50-50 Club were Betty Lawrence, Karen Lawrence, Frances Wrennan, Cecil Martin, Helen Ruth McElroy, Christine Rich, Katie Lee Jackson, Arveda Stuard, Fay Norris, Thelma Sturgeon, Dorothy and Brian Beigle. Five of them came home with gifts.

Mr. and Mrs. Henry Sleet, Joella Sleet, Mr. and Mrs. Harry Sleet and family, Mr. and Mrs. Raymond Roter entertained Mr. and Mrs. Malcolm Simpson with a dinner at the Heritage House on Saturday.

Warren Stephenson returned home after surgery at St. Francis Hospital.

Mr. and Mrs. Harry Sleet and family of Milwaukee, Wisconsin have been vacationing with relatives and friends here.

The Circle Number One of The United Methodist Women will meet at the church this Friday at 7:30 p.m. Mrs. Alan Gaines and Miss Louise Ciarad will be the hostesses and Mrs. Charles Ammer will direct the program.

Mrs. John Farrell was visiting

BEAVER LICK

All the sick are seeming to be getting better, as the warm sunny days continue. We are always glad for the sick to be improving.

Sonny Rhodes has again gotten home for a heart attack.

Andy Collins, Jim Feagan, Bob Schwenke, Bobby Miller, Shirley Ruth Stephenson and several other members of the FFA went to Lexington last Friday. There they competed with several other FFA Kentuckians in Agricultural contests. All seemed to report on enjoying the day, and seeing the nice stock at UK.

Mrs. Philip Laugh and Mrs. Albert Rosenstiel were in Lexington last Monday on medical care. While there they visited the St. Joseph Hospital where Mrs. Rosenstiel has a brother in serious condition.

The missionary meetings at the Beaver church have been very much enjoyed the past week by the people of the community.

Rodney Rhodes, Clint Stephenson and Jimmie Stephenson, who are on the National Knothole Baseball team of Union, were in Burlington last Friday night playing on the county field. This was their first game for this season and the Union boys won over the other team, 32-7.

Mrs. Jim Stephenson (Greta) was injured with a ball when hit in the face. She is in St. Elizabeth Hospital. May we all be much in prayer for Greta.

 •

her college friend, Mrs. Marshall Mahon, of Louisville, a few days last week.

Mr. and Mrs. Pat Glenn, Betty Tackett, Peggy and Ruth Glenn spent Sunday at Butler State Park. Mrs. Alma Isbell and sister of Russell Springs, Kentucky were visiting Mr. and Mrs. Richard Howard last week.

Mrs. J. C. Benton is at home now after a stay in Hot Springs, Arkansas, and is feeling much improved.

We are glad to report that Estelle Gordon is back home now.

Mr. and Mrs. Shelby Chance of Dry Ridge were Sunday guests of Mrs. Elizabeth Jones.

Mr. and Mrs. Robert L. Benton entertained with a birthday party for Mrs. Lucille Benton on April 21st.

Days and Nadine Cheesman spent Friday night and Saturday with their sister, Layna Cheesman at Berea College.

Mr. and Mrs. Eugene Webb enjoyed a Sunday afternoon family get-together at their home.

Mr. and Mrs. Clarence Combs remain in St. Elizabeth Hospital.

VERONA

Mrs. Colleen (Spicer) Bailey gave birth to an 8 pound, 4 1/2 oz. boy on April 22.

Glenda Hicks returned home last week from a three-day trip to Chicago, Illinois. She won the trip by selling the most magazines for the Post.

Mrs. Frances Wilson enjoyed a week of vacation in Tennessee visiting her relatives.

Mrs. Mae Smith, Dayton, Ohio, visited her sister-in-law, Mrs. Homer Huffman and Mary Jo, for a week.

Mr. and Mrs. Tom Hodge and family were vacationing in Kissimmee, Florida last week with Tom's sister and family. They went on to Orlando and met with the Cliff Stephenson family. Together they visited Disney World, Sea World and many other spots of interest along the way. They also visited the Clinton Rouse family in Deland.

SOFTBALL GAMES
 The Men's Softball League has opened at the Verona Ballpark. There will be four games played

each Sunday, starting at one. We have three local teams, sponsored by Linda's Beauty Shop; Vic's Barber Shop; and Terry Strong. Linda's team won over the American Legion of Walton last Sun.

Cindy Barker has been under the weather and has to stay at home for a while. Let's everyone send her a card, she enjoys mail, her address is Crittenden.

Lawrence Farrell is doing pretty good after his operation.

Bob Orr is in pretty poor condition after a second heart attack Sunday night.

Also Fred Elliott isn't doing too well. He was operated on last week.

John Scott hasn't been feeling up to par these days. Hope this sunshine perks him up some.

Sherry Burgess has been undergoing some tests last week. We hope there is nothing seriously wrong.

David Hocker entered St. Elizabeth Hospital Tuesday for tests.

VARIED RESPONSES TO THE GOSPEL

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 17: 1b-5, 8-10)
T. R. Glover quoted with delight the saying of the child who remarked that the New Testament ended with Revolutions. Whenever the Gospel of Jesus Christ is preached, the result will be revolutionary. Neither men nor

nations ever remain the same once they are confronted with the Gospel. This is true regardless of the response they make to it.

REVELATION
Paul and Silas had been beaten, jailed, and driven out of the city of Philippi. The large, important,

commercial city of Thessalonica lay some one hundred miles from Philippi. This would be a strategic point for the world mission enterprise.

The missionaries arrive in Thessalonica. There are Jews in this city and so there is a synagogue. Every city outside of Palestine with as many as ten Jewish families could have a synagogue. Luke tells us it was Paul's cus-

tom to begin in the synagogue. Being a Jew it would not be difficult for Paul to get an invitation to speak in this place of worship. For three sabbath days, Paul reasoned with them out of the scriptures. The content of his message was what had been revealed through Jewish prophets and leaders. From the scriptures of the Old Testament, Paul showed them the divine necessity, "that Christ must needs have suffered, and risen from the dead; and that this Jesus, whom I preach unto you, is Christ." Paul showed them in a most convincing manner that the scriptures have taught the coming of a suffering Messiah. He further showed them that by the resurrection of Jesus from the dead, God had declared Him to be the Messiah.

The response to the Gospel preached in Thessalonica was mixed. Some of them were convinced and believed. Luke tells us these "consorted" with Paul and Silas. This word means "to assign by lot." They were given to the new movement by God's grace. Many devout Greeks and many of the influential women of the city were saved. But there were Jews who did not believe. They, moved with envy, persuaded some low characters who hung around the market place to stir up the city against the missionaries. The result was that the missionaries had to leave Thessalonica. They went from Thessalonica to Berea, about fifty miles to the west.

RECEIVING

Again they enter the synagogue of the Jews. These in Berea were men of finer character than the people in Thessalonica. This finer character is shown in their serious consideration of the message and their searching of the scriptures daily to find the truth.

One could hope for such readiness of mind and searching of the scriptures in these days. The words "readiness of mind" means "an eagerness, a rushing forward."

The result of the preaching, the eagerness to know the truth, and the searching of the scriptures was that "many of them believed." Also, many women of honorable standing along with many men were saved. The Jews of Thessalonica hear of the success the missionaries are having in Berea and come to stir up trouble. Paul is accompanied to Athens. Silas and Timothy remain in Berea.

REJECTION

Those who conducted Paul to Athens return to Berea with instructions to Silas and Timothy to hurry to Athens. While Paul awaits their coming, his great spirit is stirred within him because of the idolatry. Luke describes it as the city being wholly given to it.

Paul reasoned in the synagogue at the services to the Jews and God-fearers, and also in the marketplace to "them that met with him." Paul was soon noticed by

the philosophers of the Epicureans and of the Stoics. They must hear what this "babbler" has to say. Paul's message to them may be found in Acts 17:22-34. His message was rejected by the majority, but a few believed. Whatever "failure" Paul met here must be attributed to the silent scorn of the intellectual snobs and the cold indifference of the sermon-taster!

FRICITION-THEN RUIN

Packed into every watch are cogs and wheels, levers and springs. Varying in size and shape, each helps keep time. But look more closely. A thin film of oil adheres to many of the moving parts. Without it there is friction—then wear and . . . damage.

Within most towns, you'll find banks and shops, supermarkets and churches. They vary in size and purpose, yet each contributes to an orderly society.

Faith in God is essential to society. Without it there is friction—then distrust and . . . ruin.

In church people find faith that gives greater meaning to life in a complex and rapidly changing world. Is your life running smoothly? Why not attend church this Sunday?

THINK ABOUT US FOR

We've been trying for quite awhile to make the point that ours is a multiple-line agency offering a wide scope of coverages in addition to Automobile Insurance.

Maybe it's time, then, to remind you that we do provide Automobile protection plans for both private passenger cars and commercial vehicles. In fact, you could say we're specialists in this field. We can furnish you with the Auto coverage you need plus the planning and claims services which are as important as the policy itself.

When it comes to Automobile insurance, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

Follow Recommendations When Fertilizing

Burley tobacco growers are finding that fertilizer prices are higher this year than ever before. It is important to follow recommended practices carefully in fertilizing tobacco fields this year. If you have well-drained silt loam or clay soil and you are plowing under a good grass sod or small grain cover crop, 200-250 pounds of nitrogen per acre should be enough for your tobacco crop. If a large cover crop has grown up, it is a good idea to apply some nitrogen before plowing, since nitrogen helps speed up decay of the cover crop after plowing. Otherwise, it is preferable to disk in the fertilizer after plowing. If you are plowing under plover, or have sandy or poorly-drained soil, you should apply 250 to 300 pounds of nitrogen per acre. Also, if you grow tobacco two or more years in the same location, use 50 pounds more nitrogen per acre than when you are starting a new tobacco field. Some farmers may find nitrogen

to be in short supply this spring. If you cannot get all the nitrogen you need for your tobacco field before setting time, you can add more nitrogen later in the season by sidedressing. Most tobacco fields should also be fertilized with phosphorus and potassium, and application rates should be based on soil tests. A farmer should know the pH of the soil in his tobacco field. Soil acidity affects the availability to plants of nearly all nutrients in the soil. Some of the elements which are more available in acid soils, such as aluminum and manganese, may be poisonous to plants. Some elements needed by plants, such as phosphorus and molybdenum, are less available in acid soils. If the pH of your soil is less than 6.2, check with your county extension agent about the amount of lime to apply. When lime is applied in the spring, half should be applied before plowing and half should be disked in after plowing.

Vaccinate Young Cattle For Blackleg Now

All of the cattle on your farm which are under two years of age should be vaccinated for blackleg every year. Blackleg is a disease which is usually fatal to young cattle. A death or lameness of the best young calf in a herd often signals an outbreak of the disease. The most common sign that an animal has the disease is a swelling of the heavy muscles in the hip and shoulder. Blackleg has been around for a long time and seems to show up wherever cattle are raised. It's caused by bacteria which are usually ingested with feed. The infection ends up in the heavy muscles of the animals, where it causes great damage and forms large quantities of gas in the tissues. When pressure is applied to the area, the gas in the tissues makes a crackling sound, like paper being crumpled. The disease can be prevented by vaccination with a bacteria made from the organism which causes the disease. Since animals under 2 years of age are the ones usually affected, they are the ones which should be vaccinated.

FEARLESS FORECAST

May 2—The Moon will be in Virgo until 7:30 p.m. so if you didn't visit your dentist yesterday it isn't too late to get that aching tooth pulled. After supper would be a good time to plant above ground crops, hay, grain, flowers, etc. when the Moon enters Libra. A poor evening for counting as the Moon squares Saturn at 9:23.

May 3—A good time to plant above ground crops while the Moon is in Libra. Set eggs now if you want large chickens. Drive extra careful about 9:00 a.m. as the Moon squares Mars. If you want a favor granted, ask between 10:30 and noon while the Moon is in trine to Neptune.

May 4—A good time to do home baking. Bread and yeast rolls rise especially well at this time. Flowers planted now will grow more beautiful and have more fragrance. A good time to wear some new clothes if you want them to be admired. You should dig some fish bait this evening as the Moon goes in to Scorpio at daybreak Sunday morning and the fish will start to bite.

May 5—After church would be an ideal time to go fishing as the Moon in Scorpio is most full and the fishing will be some of the best of the year. Also a good time to finish planting above ground crops. Flowers planted now will have an abundance of bloom.

May 6—The fishing is still excellent and the Moon goes full at 4:22 a.m. Anybody fishing at this time should set some records. A good day to pour concrete or paint a building. Also an excellent time for pruning, starting seed beds or planting lettuce.

May 7—The Moon goes into Sagittarius at 7:34 a.m. A mutable fire sign barren period for planting and the fish won't bite. A good time for weaning. You will have two weeks to get the job done before the Moon starts to increase in light. Also a good time to go on that diet we have been putting off. The Moon will trine Venus at noon so take a friend to lunch if you want a good meal and an enjoyable time.

May 8—The Moon squares Jupiter at 7:30 this morning so if you get burnt toast don't fuss, just grin and bear it. After lunch Venus will be in opposition to Pluto so don't start any group activities.

Art Exhibit On May 12

The Kenton County Council PTA will sponsor its annual "Art Exhibit" on Sunday, May 12th, from 1:00 to 4:30 p.m. The exhibit will be held at the Covington Art Club, 604 Greenup Street, in Covington. The unit president art teacher or Cultural Arts Chairman will be responsible for getting the art work to the exhibit. The Council's Cultural Arts Chairman will accept entries for the exhibit on Friday, May 10, from 4:00 to 5:30 in the afternoon. Deadline for all entries is 10 a.m. Saturday, May 11th. Entries can be re-claimed from 4:30 to 5:00 Sunday afternoon immediately after the exhibition. Awards and ribbons will be presented by the Kenton County Council and the winning entries will be on display at the Council's May luncheon to be held at the Willard Wade YMCA on May 20.

COUNTY AGENT'S 1/2 ACRE

—by—
Joe Claxton

Our food dollar can be divided into two major components—one to the farmer and the other to marketing agencies. The latter is referred to as the food marketing bill. Marketing agencies are responsible for the processing, transporting, wholesaling and retailing of foods originating on farms—including meals eaten away from home.

In 1973, 55% of the consumer expenditures for farm foods went to firms serving as marketing agencies. The residual, or 45%, went to farmers to cover their expenses and provide a return for their investment, labor and management. Another way to interpret these statistics is that marketing agencies received 55% of each consumer retail dollar spent for food and farmers received the remaining 45% in 1973.

Farmer share of the consumer retail dollar was higher in 1973

than in any of the preceding 30 years. The statistics clearly indicate that farm share over the past ten years has hovered around 40%. The year 1973 was unique in the sense that farm share jumped to 45%. The year 1973 was also unique in that retail food prices increased more than 20%. In times of rapidly increasing food prices, farm share tends to increase. The primary reason for this phenomenon is the relative inflexibility in market agency charges for market services. For example, it costs approximately the same to butcher, cut and process pork when hogs are selling for .60 per hundredweight as when they are selling for \$20 per hundredweight.

The 55% of each consumer retail food dollar going to marketing agencies can be divided into portions going to retailers, wholesalers and processors.

Labor, packaging and transportation are the two main components in the marketing bill. Labor in this sense refers to wage rates and fringe benefits. Packaging includes plastic wraps, metal cans, glass, and so forth. Transportation refers to the expenses incurred as food moves from the farm gate to the supermarket retail shelf. In absolute dollars, the marketing bill has increased by \$30 billion or 62% from 1963 to 1973.

Food prices are expected to increase at an annual rate of 8-12 percent over the 1973 levels. The primary reasons for this increase will be due to:

1—Increases in wages demanded by the 10 million people working in the food marketing system (i.e., the labor component of the food marketing bill will increase.)

2—Increasing energy prices means increased costs of packaging and transporting food.

Anyone needing plans for farm buildings such as tobacco barns, hay storage and so forth may pick up 8"x10" copies at the Extension Office in Burlington.

Elementary PTA Meets; Plan "Kenton Kapers"

Kenton Elementary PTA met Thursday, April 11 at 7:30 in the school gym with Mrs. Robert Gibson presiding.

Randal Wagner, past president of Kenton Elementary PTA spoke about his bout with cancer and his work with the American Cancer Society to help send mice to cancer college so that all of us may be benefited so that cancer may not strike us.

CHARM SCHOOL GRADS

The program for the evening was the graduation of the Charm School girls. Mrs. Kerns, Mrs. White, Mrs. Holbrook and Mrs. Baird gave the girls each a diploma and a basket of items for them to use. These teachers have worked hard with these girls to make them ladies.

KENTON KAPERS

There was a sneak preview of "Kenton Kapers Variety Show" which will be presented May 3 from 7:30 to 9 p.m. at the school. There will be singing, dancing, piano players, gymnastics, pantomime, and many other acts. Be sure to attend. Admission is \$1.00 for adults, 50¢ for grades 1-4, and preschool children will be admitted free.

Herbicide Residue Can Damage Tobacco

Fields which were in corn the past one or two years and which were treated for weed control with atrazine, or some other chemical should NOT be used for growing tobacco this year, according to Ira Masale, UK tobacco specialist.

Many farmers are looking for more land for tobacco this year. With the eight percent increase in quota, plus the unused quota carried forward from last year, most farmers will be growing a much larger tobacco crop in 1974.

Some growers may be thinking about using land which has been in corn and was treated with atrazine or some other weed control chemical. This is not a good idea. The chemical remains in the soil for a long period of time and is likely to be damaging to tobacco.

The UK specialist recommends using land for growing tobacco which has been in grass sod the past two or three years, or else using the same fields which were used for tobacco last year.

Some farmers who use atrazine-treated fields for tobacco may get by, but most will have greatly reduced yields, says Masale.

He points out that tobacco is very sensitive to most weed control chemicals, and especially to atrazine. Only three herbicides are approved for use on tobacco fields. Most other weed control chemicals leave residues which may be harmful to tobacco. Thus,

any field which has been used for another crop and treated with herbicides in the past couple of years should not be used for tobacco.

BELIEVE IT..?

By "RED"

While some ideas that spring from an invention mind develop into practical, useful creations, and are nothing less than a sheer stroke of genius, others are so wild that they border on the ridiculous.

Take the collapsible rim for tires, which had a slight recognition a good many years ago, this was not too far fetched, although it was not one of the more sought after items, but the invention proposed to sweep glass and nails out of the path of the automobile's tire, by means of a small brush attached to the axle, connected in such a way as to proceed the revolving wheel, was rather stretching the imagination, practically and useful probability a little too far.

One of the most sought after tires today is the Remington.

We handle a complete line of Remington Tires here at G & G TIRE COMPANY. We also have service on any new or used tire purchased from us. This includes mounting & balancing.

Staffordsburg

Mr. and Mrs. Russell Klein came up from Florida to attend the funeral of his Uncle, M. M. Mann.

Mrs. James Stephens of Mt. Vernon also came for the funeral and spent a few days with Mrs. Mann who is her sister-in-law.

Howard B. Noel is moving to the Rose Apartment in Owensboro which is his old home town. He came to Kenton County in 1946 and taught at Simin Kenton for 13 years. Then he went to Holmes and taught for seven years. He retired in 1966. Twenty-five of those years he lived with one family, so Kenton County seems like home to him. As we grow older we have to make changes. He will be close to his farm and relatives.

—DEATHS—

Wayne Adams, 48, Route one, DeMossville, died at 3:00 a.m., Friday, April 26 at Grant County Hospital.

He was an 18-year employee of Leveo Company in Covington. His church membership was at Wilmington Baptist.

Immediate survivors are his wife, Virginia; and mother, Mrs. Fannie Adams, Walton.

Services were at the church on Sunday afternoon, directed by Chambers and Grubbs, Walton.

John L. Plummer, infant son of John and Barbara Plummer of Wainsville, Missouri died Sunday, April 21, at Wainsville.

He is also survived by "two brothers, Thomas and Tracy plus three sisters, Deborah Shannon and Rennie, all at home; grandmothers, Mrs. Ruth Stone, Walton and Mrs. Hugh Messer of Cin. O. Services were at Chambers and Grubbs in Walton on Saturday.

Walter "Boob" Redman, 60, of Morning View, died Tuesday, April 23, about noon, at Booth Hospital.

He was a grader operator for Northern Kentucky Asphalt Co.

Survivors are his wife, Edith Fisk Redman; son Walter D., of Morning View; two daughters, Mrs. Laura Bishop, Morning View and Mrs. Kay Pierson of Covington; parents, Mr. and Mrs. Edward Redman, Morning View; 3 brothers, Edward, Bellevue, John and Harry, both of Morning View; three sisters, Mrs. Julia Hammond and Mrs. Helen Kloentrup, both of Morning View and Mrs. Virginia Ishmael of Vovington.

Services were Friday afternoon, directed by Swindler.

Mrs. Ethel Bowling, 66, Lebanon Road, Crittenden, died at 7:00 o'clock, Sunday, Bethesda Hospital in Cincinnati.

Survivors, her husband, Brown Bowling; two sons, Robert B. of Florence and James M., Hebron; brothers, Robert and Jerry Reynolds, both of Canoe, Hugh Reynolds of Lexington and A. B. Burns of El Paso, Texas; sisters, Mrs. Fanny Herald, Mrs. Martha Turner and Mrs. Ann Johnson, all of Canoe, Mrs. Elizabeth Johnson, Hamilton, Ohio; seven grandchildren.

Services were Wednesday afternoon, April 24, at Slith, Florence.

YOUR FOOD DOLLAR

Many kinds of fish are low in price compared to most meats. Frozen fish fillets—perch, cod and whiting, for example—are generally good buys at any time of year. Canned light salmon (pink) and tuna—especially grated tuna—are also economical main-dish foods. And light tuna in chunks is less expensive than solid white tuna.

Read your local newspaper, the Walton Advertiser.

Twenhofel PTA Art Show

The April meeting of the Twenhofel Jr. High PTA was opened with a poem, read by Mrs. Wren, the subject was "Our Lives Being Drawn by the Master Artist." A hymn, Trust and Obey, was sung by Millie Rogers.

Beechgrove Homemakers
Spring housecleaning will no doubt include some remodeling and rearranging of light fixtures after having a lesson "Decorative and Functional Lighting." The lesson was aptly given by Mrs. MariAnn Scherper with a few additional and informative comments by a very welcome guest, Mrs. Paprotta.

The meeting was held April 18th at the home of Mrs. Ruth Powers. She served a delicious luncheon.

The co-hostess, Mrs. Loretta DeWald, was unable to attend but did furnish the dessert.

Fifteen members present were: Ruth Ann Andrews, Pat Blanton, Margaret Dickson, Joan Ellis, Carle Hall, Ruth Kelly, Hazel Kunkler, Minnie Letcher, Alice McFale, Ruth Powers, MariAnn Scherper, Betty Skelton, Judy Spegal, Loretta Stirling, and Ann Wolsing.

Mrs. Letcher read a verse that should make us hesitate about saying unkind things of others. The verse stated that people should refrain from speaking of the sins of others unless they, themselves, are free of sin.

During the meeting it was agreed to send a check to sponsor a child at summer camp.

After the business meeting and the lesson, Mrs. Paprotta showed a number of color slides that pertained to different types of lighting, and decorative ideas, to serve various purposes. The slides were very nice and made the lesson more realistic.

General Mills has just given approval for cash redemption of their coupons for the goal of an outdoor swimming pool for the handicapped or "special" citizens. This pool will be erected on property at the Riverside-Good Counsel School. Members readily agreed to accumulate General Mills or Betty Crocker coupons and forward them to the Riverside-Good Counsel School at Kyles Lane and Sanitarium Road, Ft. Wright, Kentucky 41011.

The next meeting will be held at the home of Mrs. Alice McFale on May 16th. Members are reminded to bring in their coupons.

Life And Legend Of Northern Kentucky Shown
The Kenton County Garden Club met 7:45 p.m., April 18th at the RECC building near Nicholson.

Mrs. Ralph Gouge, vice president, presided during a short business session. Yearbooks for 1974-1975 were distributed to members.

Spiritual guidance was given by Mrs. Leontine Stephens. Her scripture selections were II Cor. 3:16 and Col. 3:16. The theme was "How do you read yourself?" She closed with prayer.

The guest speaker was Mrs. Martha Brock of the Bell Telephone Company. Her home is in Sparta, Kentucky. Her topic was "Life and Legends in Northern Kentucky." She showed pictures, with interesting comments, both of early and modern plus other facts of interest found in Kenton, Boone and Campbell Counties. She said that the Indians used Kentucky a happy hunting ground and considered it a "Land of Tomorrow."

Members and guests present were Meses Margaret Dickerson, Dixie Dreeman, Ralph Gouge, F. M. Powers and Leontine Stephens. Also Mr. and Mrs. Chalmers Ballinger, Mr. and Mrs. Ray Richardson, and Misses Jane McKee, Margaret Stephens, Mary A. Stephens, Elma Taylor and Alice Williams. Three youngsters, Darren, Dean and Dawn Ellen were present too.

Refreshments were served during the social hour that followed the meeting.

The May 16th meeting of the club will be at the RECC building with guest speaker, Mr. Darwin Foley, Kenton County Agriculture Agent.

Golden Rule Class
The Decourcy Baptist Golden Rule Class met April 9 at 7:30 in the church parlor of the Decourcy. Missionary Baptist Church. Mrs. Nieta Everman, the president, conducted the business session which included gifts, cards and prayers for the sick in the hospital. Future activities were discussed, including pick up and delivery of clothing and food for tornado disaster victims.

Lydia Huffaker gave an inspirational devotion on "Let us love one another, for love is of God." She said, "The whole law means to love all three—love of God, love of self, and love for all others (I John 4:7,19 and Matthew 22:37,38)."

The club welcomed Miss Yvette Smith, a professional area foods coordinator, in food and nutrition. She gave an interesting and informative talk on the daily needs of the basic foods in our diet, illustrated with slides of the weekend and summer camp; also the one-day camp for older children at Kenton County Fair Grounds.

She was received with much interest and applause.

Lydia Huffaker, a para-professional, works with this program. Members and guests present were Miss Yvette Smith and Lydia Huffaker; Mesdames Nieta Everman, Alma Walden, Dorothy Hamilton, Martha Morrison, Lucille Schneider, and Mary A. Williams.

This group sent two children to camp last year who had never been to camp from rural Kenton County and otherwise could not have gone.

WELCOME TO WALTON
Mr. and Mrs. Elmo Howell of Williamstown have purchased the house of the Perrys on Edwards Avenue. Elmo is an employee of Ryan Implement of Walton.

Win Many Awards

The Green Road 4H Club met at the home of Melanee and Lori Simpson in February. Melanee led meeting and Gwen Clark had the devotional. All members were present. The members were urged to participate in County Rally Day and to attend the March Skating Party. Mrs. Waymeyer gave a knitting lesson.

MARCH MEETING
During March, seven members and a leader attended the Skating party. They had a knitting lesson on the 21st. Eight persons participating in the Rally Day were Lori Simpson, demonstration and speech, blue and champion on both;

Joyce Waymeyer, demonstration, blue and champion;
Pauline Deters, demonstration, red;
Connie Waymeyer, demonstration, blue;
Susan Waymeyer, demonstration, blue;

Gwen Clark, demonstration, blue and champion;
Melanee Simpson, speech, blue and champion.

The March meeting was held in the Waymeyer home. Lori Brown led the pledges.

AREA DEMONSTRATION
On March 31, three members participated in Area Demonstration Day. Joyce Waymeyer received a blue and champion; Gwen Clark, blue and champ.; Lori Simpson, blue and champ. They will represent their area at the State Demonstration Day during the summer.

Melanee and Lori Simpson will represent the club at the Area Speech Meet on May 3rd at Galatin County.

ENVIRONMENTAL CAMP
Six members attended the April skating party. Joyce Waymeyer and Melanee Simpson represented Kenton County at the Teen Environmental Camp at Cumberland during the week of April 15 thru 19. This trip was sponsored by the soil conservation service.

WA-NA CLUB MEETING
The Wa-Na Club will meet today (Thursday, May 2) in Fellowship Hall of Walton Christian Church at 8:00 p.m.

A program on "Landscaping" will be given, illustrated with colored slides.

Hostesses are Mrs. Gayle McElroy and Mrs. Harry Henson.

Hathaway Road Homemakers Meet

Hathaway Road Homemakers club met at the home of Mrs. Francis Clements on April 9. Mrs. Francis Smith was co-hostess.

Mrs. Gladys Strader reported on the homemaker's "Nite Out" on April 1. She said Mr. L. K. Patton's presentation on "You're Not Superstitious, Are You?" was highlighted by the storm and high winds that passed through, making the program even more interesting. Two Hathaway homemakers and a guest attended.

Mrs. Smith and Mrs. Clements gave the lesson, "house plants." All members were urged to take their contributions for the 4H EFNEP Camp to the May 21st meeting at Mrs. David Beasley's home on Sycamore Dr., Florence.

Letter To The Editor:

Dear Sirs,
Thanks a lot for the enjoyment we got out of reading the paper. We hope it is just as good next year.

—Robert Deatherage
Florence, Kentucky.

Happy Anniversary

and All Good Wishes

Needmore Street Bridge Closed For Repair

ALL OF A SUDDEN The wooden bridge spanning the L&N Railroad on Ky. 16 and Ky. 14 (Needmore Street) has been closed. On Monday of this week, an L&N bridge crew began reconstruction of the structure. A foreman advised a Walton Advertiser reporter on Tuesday morning that the bridge will be closed to vehicle traffic for at least a month.

Small detour signs have been placed on U.S. 25 and Needmore Street designating Beaver Grade-School Road as the alternate route. Without a doubt there will also be an increased flow of vehicular traffic along Alta Vista and Park Avenue. These streets are already in desperate need of repair and one wonders what they will look like after several weeks of increased travel.

The railroad bridge was closed last year for a while as repairs were made following a breakdown caused by heavy truck traffic.

Outstanding Engineer

Ted Richardson

Ted Richardson, Independence, has been named the "Outstanding Engineer in Industry for 1974" by the Kentucky Society of Professional Engineers.

Richardson won the honor at the spring meeting of the state group in Owensboro. He is a graduate of the University of Kentucky where he earned both his undergraduate and master's degree and was elected to the engineering honorary, Tau Beta Pi.

He is president of the Purestream Industries, Inc., manufacturers of water pollution control equipment and a principal in the consulting firm Cardinal Engineering Corp. He also is director of the First National Bank and Trust Co., Covington, and is president-elect of the Northern Kentucky chapter of professional engineers. He and Mrs. Richardson live on a farm near Independence in a pre-civil war home which they are restoring. They have three children.

Clean-Up Day May 19th

Mayor Sam Gamble and City Council has declared Sunday, May 19th as "CLEANUP DAY" on Main Street for Memorial Day and Memorial Day Parade.

They are asking all business people and any other interested citizens for help and cooperation. City truck will be available on that day.

Mayor Gamble and City Council will help in this cleanup. Any help from citizens, business or organizations will be appreciated.

KNOTHOLE MANAGERS CLINIC
Coach Jim Conner of Boone County High School and Coach Bob Young of Conner High School have agreed to conduct a clinic for the managers and coaches of the Knothole program. The clinic will be held on May 18 from 9:00 till 12:00 at Boone County High School Field. This clinic is to instruct the managers and coaches on better methods of coaching and teaching baseball.

Piner PTA Project Is Blacktopping Area

The Piner PTA met April 25 at 7:30 p.m. A devotional was given by Mrs. Victor's first grade students.

The PTA has started a black-top fund to raise money to black-top a play area for the children.

A spaghetti dinner was planned to help raise this money. Any donations would be appreciated. The present fund total is \$161.36.

POSTER CONTEST

A poster contest was held for grades 4-7 to advertise the spaghetti dinner on May 4. The prizes were 50c to the winner in each room and \$1.00 for the best poster in the contest. The winners were:

Fourth—Marty Gossage and Robert Williams;
Fifth—Laura Whaley, Lisa Oliver and Donna Klotz;
Sixth—Tim Kaelin, Jesse Armstrong and Sandra Belew;
Seventh—Jim Kaelin.

Grand Prize Winners—Jesse Armstrong and Sandra Belew.

The PTA voted to offer the tickets to be available for the children to buy for the King's Island outing.

OFFICERS CHOSEN

New officers for the 1974-75 year are:

President, Mrs. Dennis Spegal; Vice President, Mrs. Darius Wolfe; Secretary, Mrs. Kent Mullins; and Treasurer, Mrs. Charles Atkins.

There is reported to be a blood shortage in this area. It was asked for people interested in donating blood to contact the school and donate it in honor of the Piner PTA.

GUEST SPEAKER

Randall Wagner gave a talk on cancer (the disease, medicine, and how he has been helped). The children will be taking home an envelope to help raise money for the cancer fund.

A musical program was presented which was very inspiring. Mrs. Roberta Steinbauer and Mrs. Glenda Mann presented two songs; David Shanfield and Ivin Tucker presented several songs.

Electric Auto To Be Shown

A converted electric car will be demonstrated in the auditorium of Raymond Walters College, UC's community campus at 9555 Plainfield Road at 1:30 p.m., Monday, May 13. The car is a Datsun which has had all its gasoline parts replaced by an electric motor and control system and 16 special six-volt batteries.

The converted vehicle can drive 30 to 50 miles without recharging. Its built-in recharger can simply be plugged into a normal outlet, and rapid rechargers are also available. The program will be followed by informal discussion and refreshments. The public is welcome to attend.

Women's Softball Games Begin May 21 At Verona

Welcomed into the league this year are teams from Zion Baptist, New Banklick and Piner Baptist.

Scheduling of games is now underway with the opening games set for May 21 at 6:30 at the Verona ballfield and also at 6:30 at the Walton High School field. There will be one game at Verona and three games at Walton each week throughout the summer.

It is understandable that no lady is eligible to play softball unless she is a church member and listed on a roster sheet. Responsibility contracts will be given to each member on the team and returnable to the secretary of the league before May 21.

Officials for the Women's Area Churches Softball League are: Rose Raybourn, secretary; and Betty Noell, treasurer. Official umpires are Bob Burgess and Bob Arlinghaus.

Those churches representing the league for the 1974 season are: Zion Baptist combined with Walton Baptist Church (they have entered two teams this year); Walton Christian; All Saints; New Bethel; Christwood Union Presbyterian; New Banklick and Piner.

Most teams have had practice already and are anxious to get started. They are looking forward to a summer of fun, good sportsmanship and spiritual growth.

The public is invited to join them in their activities throughout the summer months.

Send A Mouse To College Program

As a finale to National Cancer Month, the White's Tower Elementary PTA is sponsoring a "Send A Mouse to College" program among all the students.

To begin the program, the first grade class of Mrs. Kay Hiller sang the anti-smoking song.

Mr. Miller, principal, then introduced Mr. Randall Wagner, a local mail carrier and victim of leukemia himself. He told the classes how easy it is to purchase a mouse for 51 cents and have it sent to the research institute who are delving into the mysteries of cancer. He also presented a film about smoking, "The Huffless, Puffless, Dragon" and explained a little about the new discoveries being made in the cancer fields.

The students listened with amazement as Mr. Wagner himself used to keep the leukemia cancer cells from over-comeing his body. However, if the research is to continue and other treatments are to be found, much help is needed and some of this help can come from children who participate in the "Send the Mouse to College" drive.

Cancer strikes one person in every four, so it is essential to educate the young on the dangers of smoking and other preventive measures against cancer.

Mr. Wagner ended his talk with an original poem that went like: I had a dream the other night, I hope my dream comes true, I dreamed of balanced budgets, And a million things to do.

I awakened from that dream To a choir's melodious sound, Singing words to lines of music, A cure for cancer had been found.

Deana Williams is presenting Randall Wagner with a "Send A Mouse to College" Envelope.

CG&E-ULH&P Increase Present Gas Rates

Synthetic gas, now being used to augment natural gas supplies, will increase gas prices about two-thirds of a cent per hundred cubic feet of usage for customers of The Cincinnati Gas and Electric Company and The Union Light, Heat and Power Company, the companies have announced. Based on usage throughout the system during the 12 months ending March 31, the increase will cost residential customers an average of 82 cents a month, or slightly less than \$10.00 a year. Residential gas bills have averaged \$14.07 a month for 12,280 cubic feet of usage during the most recent 12-month period.

With Winning Band

Miss Karen McDaniel

The Hancock County High School Band of Lewisport, Kentucky recently competed in Concert Band competition at the Six Flags Over Georgia Music Festival in Atlanta, Georgia and received second place.

Miss Karen Rae McDaniel is a sophomore at Hancock County High School and a member of the band. She is the granddaughter of Mr. and Mrs. John M. Taylor of Catalina Drive, Walton.

This is a young band (5 years) and they've won several trophies and much recognition in Kentucky, and Indiana. Their director is Mr. Howard Luttrell.

Special Musical Program

There will be a special musical program given by the Green Family at Staffordburg United Methodist Church on Sunday, the 12th of May at 7:30 p.m.

The public is invited, refreshments will be served.

Cincinnati Bell Adds Two New Talks

Cincinnati Bell is adding two new talks to its Speaker's Bureau list of programs available to organizations, clubs, schools and churches throughout the Telephone Company's operating territory.

One of the new programs is "Protecting the Environment—Everybody's Job." This talk and color slide presentation examines the efforts of Cincinnati Bell and the entire Bell System towards improving the quality of life in this planet.

The other program is "Sound—Friend or Foe." Taped illustrations of various sounds are an integral part of this unusual program.

These two additional talks bring to 16 the number of programs Cincinnati Bell has available without charge. For a program, or a program brochure, contact the Speakers Bureau, 397-2766.

Walton Squad Runs

May 1, 1927—Stanley M. Orser, 81, Mayville, N.Y., DOA at Days Inn, apparent heart attack.

May 2, 1985—Diane Payne, 25, and seven others, minor injuries in 2-car collision on Ky. 16 and Ky. 14, all taken to Dr. Waller's office.

May 3, 1925—James Patton, 24, Kenton Hills and Dave Ritchie, eye injury and neck injury from auto accident on Eads Road, to St. Elizabeth Hospital.

May 5, 2130—Kristin Thrasher, 23, Loveland, Ohio, right leg and back injured in motorcycle accident on highway 22 near Williamson, taken to St. Elizabeth Hospital from Dave's Stand-ard Service.

May 3—Camper on fire at 336 Truck Stop, no service.

The higher cost the companies are paying for synthetic gas will be passed on to all customers under approval granted by the Public Utilities Commission of Ohio on April 16, and by the Public Service Commission of Kentucky on March 28. There will be no mark-up or additional cost added by the companies.

The increase will be included in bills mailed to all customers starting the second week in May.

"Our suppliers have notified us that they will be unable to maintain their current level of natural gas deliveries in the future," B. John Yeager, president of CG&E and ULH&P, explained. "Because of these dwindling supplies, all other available sources of gas are being investigated. Synthetic gas is the only source of additional gas available to us at this time." Mr. Yeager added, "Without these additional sources, we will be unable to supply the full present needs of our existing customers."

CG&E and ULH&P have 10-year contracts to purchase synthetic gas from the Columbia Gas System's new plant at Green Springs, Ohio. Deliveries of synthetic gas began April 1, and will account for about four percent of the CG&E-ULH&P gas supply in the next year.

The companies also have 25-year agreements with Columbia to purchase liquefied natural gas imported from Algeria, with deliveries scheduled to begin in November of 1976.

CG&E and ULH&P will use synthetic and liquefied natural gas sources to help maintain supplies to present customers. Regulatory commissions in Ohio and Kentucky approved requests by the companies in 1973 to stop accepting new gas customers. At this time, the companies still are unable to accept new gas customers.

BOCKY'S 50 Dance

Betty Duncan, Ruth Sullivan and Kate Mueller, Ways and Means chairpersons, demonstrating 50's Dance and Fun.

The Boone County Knothole Youth Supporters are sponsoring a 50's Dance on Saturday, May 11, 1974 at St. Paul's Hall from 9:00 p.m. until 1 a.m.

Feature attraction will be WLW star Jim LaBarbera.

Donations are \$2.00 per couple, refreshments included. Tickets are available at the door or for reservations, call Mary Braun, 371-5561.

Wear your old jeans, baggy sweaters, bobby sox, etc., or dress casual and rock around the clock.

Girl's Name Left Out

We regret that the name of Connie Centile was left out of the article last week relating to girl's athletics at Walton-Verona High School. She has been an active participant in sports all during high school and a cheerleader for four years.

Sorry your name was left out, Connie.

WALTON LODGE TO MEET

Walton Lodge No. 719 F&AM will meet Thursday, May 16th at 7:00 p.m. for E. A. Degree work. All members are urged to attend, visitors are welcome.

4-H HORSE SHOW MAY 12

Boone County 4-H Junior Leaders are sponsoring their Fourth Annual Horseshow on May 12 at 1:00 p.m. at the Fairgrounds in Burlington.

A high point trophy will be awarded to both the English and Western high point holder, with a one horse/one rider combination. Ringmaster for the events will be Pat Souder. The judge is Cecil Hiett.

There are about 30 different classes listed on the program.

For further information, call Carol Kline, 689-7504 or Cathy Holladay, 483-5133.

There is no admission charge but any donation will be appreciated.

Fisk Promoted By PCA; Wesley Moves To Casey Co.

Steve Fisk, field representative at the Walton office, will be promoted to manager effective May 15, 1974, reports Edwin Orem, president of First Kentucky Production Credit Association.

Steve will be replacing Mark Wesley who will be taking a position with Cumberland as manager of the Liberty office in his home county of Casey. Mr. Orem states that he's sorry to lose the service of Mark but glad he is remaining in the Farm Credit System.

Mr. Orem also states that the Walton office members will continue receiving the same good service under the management of Mr. Fisk.

KNOTHOLE PLAYER CLINIC

The Knothole program of Boone County is attempting to upgrade its program by holding a clinic for Class "A" and "B" boys, ages 12 thru 15 on May 12th, 1:30 p.m. at Florence Elementary Field.

Class "C" and "D", ages 7 thru 12 will meet on May 18, "D" boys 9:30 to 12; "C" boys 1:30 to 4:30.

Any boy may attend this clinic free of charge. The clinic will be held under the direction of Ed (Doc) Morris, Sam Mosley, and Dave Herring. They will also be assisted by some boys from the high school teams.

Recycling Talk Is Feature At Meeting

Twenty-six members attended the Boone County Club meeting held May 1 at Walton Christian Church. Mrs. Jesse Callen led in the pledge to the flag, followed by the collect.

Mrs. Cobb announced that the meeting of the Federation of Women's Clubs was to be held in Louisville, May 6-9. The Arts and Crafts meeting is also to be held May 8 in conjunction with the above meeting.

A Mental Health program meeting will be held at Thomas More College on May 14 at 7 p.m.

Mrs. A. H. Gaines presented the club an award certificate from the General Federation of Women's Clubs for outstanding work on the Community Improvement Project.

Mrs. Gaines presented a silver charm bracelet to Mrs. Claude Thompson as a token of appreciation of a two years service as president of the club.

Spiritual guidance was given by Mrs. George Knox who read from the 14th chapter of John which was the last scripture of Jesus. She also read a short poem, connected with this scripture.

Conservationist Is Speaker

The guest speaker was Mrs. Leroy Ernst who is the chairman of State Conservation Program and is also first vice president of the Licking River Society. Her subject was "Preserving Waste Products."

She stressed the importance of conservation of everything today since there seems to be a shortage of everything—water, timber, fuel, paper, glass and tin cans. She stated that much money could be saved if the garbage business were converted to prolonging land fills and compost holes through conservation of natural resources and waste products through the recycling program. In her opinion, the greatest problem is the means of transporting waste products. Mrs. Ernst said that many places where these programs have already developed into well organized businesses and many of the schools have formed "Ecology Clubs."

Hostesses Serve Refreshments

The hostesses were Mrs. L.M. Gabriel, Mrs. L. R. Richardson and Miss Elma Taylor. The tables were attractive and unique with an antique motif through candles. A delicious dessert course was served to Mrs. Dan Bedinger, B. C. Bralich, Willie Brown, Jesse Callen, John Campbell, Zayda Cline, James Cobb, Carl Conner, John Farrell, A. H. Gaines, George Knox, D. L. Lueby, J. C. Mayhugh, L. R. Richardson, W. W. Rouse, Thomas Rodney, Sam Stiles, Bruce Wallace, Melvin Wasson, Misses Rachel Acres, Virginia Beverly, Louise Conrad, Katherine Scott, Elma Taylor and Mary West.

Local & Society

Miss Layna Cheesman of Berea College visited with her parents, Mr. and Mrs. Layne Cheesman, Sunday afternoon. She was accompanied on the trip by Melanie Martin, Beth Fletcher and Earl Shook.

Mr. and Mrs. Lawrence Wilson spent Saturday with Mr. and Mrs. Pat King and children at Cynthiana.

Mrs. Elizabeth Jones is ill at the home of her daughter, Mrs. Anna Lynn of Independence.

Rodney Cheesman, son of Mr. and Mrs. Ray Cheesman of Nicholson Road, returned home from the hospital on Sunday, after a minor operation.

Mr. and Mrs. J. D. Burgess have just returned from a vacation at Daytona Beach, Florida. They also visited Disney World.

Mrs. Lacy Horton is confined in St. Elizabeth Hospital.

Mrs. Camden Webster and daughter, Casey and sister-in-law of Glenore and Kayo and Donnie Gamble were Sunday guests of Mr. and Mrs. Lawrence Wilson.

The Bykota Class of the Walton Christian Church wishes to announce their Easter flower sale a success and want to especially thank Frontier Body for use of their building and Nellie Egan for helping to get their flowers that were sold.

Pre-School Breakfast

At White's Tower School
 The White's Tower PTA had their annual pre-school breakfast in the school cafeteria, April 22 at 9:15. Mrs. Mary Lou Able was chairman. Mrs. Jack Scott, PTA president, gave an informative talk and urged all the parents to become involved in their school.

Mr. Miller, principal, presented the first grade teachers—Mrs. Teague, Mrs. Hiller, Mrs. Erion and Mrs. Steppenfenne.

The parents were divided into groups where each teacher explained what is expected of the children and the work they will be required to do. This was followed by a question and answer session and a tour of the first grade rooms and school facilities.

The number of parents present represented a large percentage of the pre-registered children but there are still those who may not have been registered for the up-coming year. Mr. Miller urges that all who can do so to please register their first grader by calling the school as soon as possible. This makes planning for the 1974-75 school year easier for all.

Tel-Star Members

Discuss Summer 4-H Camp
 The Tel-Star Teen 4-H Club held their April meeting at the home of Regina and Becky Wayman.

Kim Works conducted the meeting. Members discussed the reports on Rally Day and the dinner for Senior Achievement.

New business consisted of 4-H Congress and 4-H Camp which are coming up in the summer.

Refreshments were enjoyed by the leader, Mrs. Works and Kim Works, Karen Check, Regina and Becky Wayman, Gene Amerson, and Susan Campbell.

W-V School Menu....

Thursday, May 9 — Creamed chicken, biscuits, peas and carrots, fruit, cookie, milk, butter.

Friday, May 10—Frankfurter and sauer kraut, mashed potatoes, bread, butter, cake with icing and milk.

Ryan Implement welcomes Ray Looby back to their service department.

Mr. and Mrs. Ralph Foltz of Independence have returned from a two-week vacation in various parts of Florida. Both are sporting a good suntan.

Engagement Announced

Mr. and Mrs. Russell Acra of Edwardsville, Ill., announce the engagement of their daughter, Paula, to Joseph Keith McFarland.

Miss Acra is a 1972 graduate of Edwardsville High School and is presently employed at Prairie Farms Dairy Inc. in Granite City.

Her fiancé is the son of Mr. and Mrs. Gordon J. McFarland of Troy, Illinois. He is a 1970 graduate of Triad High School and is presently a senior at SIU-Edwardsville and a member of the SIU Cougars basketball team.

Paula is the granddaughter of Mr. and Mrs. Richard Howard and Mr. Shelby Acra.

VERONA

Kendall Ray Hendricks celebrated his third birthday the 26 of April. A party was postponed due to illness.

Miss Tracey Blackburn from Latonia spent last Wednesday night with her great-grandmother, Mrs. Homer Huffman and Mary Jo. Randall Robinson and friend, Jim Hauley, spent a couple of days fishing last week at the London Boat Dock. They caught about 80 pounds of fish. Randall also visited his mom and dad, Mr. and Mrs. Kellon Robinson.

Miss Judy Drury of Berea, Ky. is now making her home with Mrs. Tilda Hocker.

Mose and Belinda Kinman are the proud parents of a new baby boy.

We are happy to report that Mr. Lawrence Farrell is due to be released from the hospital very soon. Also, Bob Orr is improving.

Mrs. Ollie Robinson is in St. Elizabeth Hospital. We wish her a speedy recovery.

Mrs. Jean Crouch has been very ill last week. She was sure missed at all post office.

Elaine Sturgeon has been a little under the weather for a few days but is some better now.

Service Men's News

U.S. Air Force Sergeant Mark A. Clark, son of Mr. and Mrs. Earl T. Clark, R-1, Walton, has arrived for duty at Wiesbaden AB, Germany.

Sgt. Clark, a cable splicing specialist with a unit of the Air Force Communications Service, previously served at Elgin AFB, Florida. He graduated in 1970 from Simon Kenton High School.

THINK ABOUT US FOR RENTERS COVERAGE

More people than ever before live in apartments or other rented quarters, and all signs point to a continuation of the trend.

If you're among this growing group of renters, you need adequate insurance protection. And, you can get it at very reasonable cost... from our agency.

We offer an attractive Renters Package Policy providing coverage for your furniture and other possessions, along with personal liability protection... and still more features for your financial security.

When it comes to Renters coverage, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

SPRING FLOWERING BULBS IS PROGRAM TOPIC MAY 14
 The Boone County Garden Club will meet Tuesday, May 14, 12:30 p.m. at the home of Mrs. Kirtley

(Isabelle) Cropper in Burlington. The guest speaker will be Mrs. J. C. Lamb, The Garden Club of Kentucky, Inc., horticulture chairman who will present the program "Spring Flowering Bulbs."

When Words Fail Us We Still Have Recourse To The Beautiful Thoughts Of Famous Poets, Philosophers and Writers.

I can not say and I will not say that he is dead, he is just away. With a cheery smile and a wave of the hand, he has wandered into an unknown land. And you, O you who the wildest years for the old time step and thee glad return, Think of him as the same, I say, He is not Dead—he is just away.

THE GOSPEL CONFRONTS CULTURE — Acts 19

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 19: 18-20 and 23-29)

Richard Gibbs wrote a tract entitled "The Bruised Reed." A tin peddler gave it to a boy named Richard Baxter, and it led him to

Christ. He wrote, "A Call to the Unconverted." Thousands were saved through it, among them being Philip Doddridge, who wrote "The Rise and Progress of Religion in the soul."

**Does GOD see the gap?**

Whenever you hear about a generation gap, you can be sure you're getting a human, biased point of view. Each generation is sure!

Yet there is a divine view. It concentrates on the oneness of all generations . . . on all the blessings and opportunities that God continues to bestow. "His truth endureth to all generations," said the Psalmist.

When Great-Grandma holds little Linda in her arms next Sunday, she'll be thinking gratefully of all the gifts they have in common — from the Lord. And she'll be praying that Linda will be brought up to cherish those gifts.

The generation gap—like all differences — disappears when human intelligence grasps God's point of view.

Sunday Acts 4:8-12 Monday John 10:1-10 Tuesday Psalms 100:1-5 Wednesday John 10:11-18 Thursday Revelation 7:9-17 Friday 1 Peter 2:4-9 Saturday John 14:1-12

It fell into the hands of William Wilberforce, the emancipator of the slaves in the British Colonies, and led him to Christ. Wilberforce wrote "A Practical View of Christianity," which fired the heart of Leigh Richmond, who then wrote "The Dairyman's Daughter." Soon four million copies, in fifty different languages were circulated. And who knows the full story? It can never be fully known what influences came from the tract written by Richard Gibbs.

The Gospel of Jesus Christ continues to confront people all over the world. Wherever the gospel goes it leaves its impact.

In the case of Paul's ministry in the city of Ephesus, there was evidence of repentance.

REPENTANCE

Paul had been used of God to cast out demons in Ephesus. When seven sons of Sceva, a Jewish high priest, attempted to use "the name of the Lord Jesus whom Paul preaches," it backfired on them. The evil spirit leaped on them and overcame them. They escaped and fled out of the house naked and wounded.

Following this incident many of the people believed and brought evidence of their turning away from these things. They acknowledged what they had been doing. Those who had been practicing magical arts brought their books and burned them publicly. The word "confessing" shows that they made a clean break with their wrong doing.

This was a tremendous blow to those who followed these evil practices. Multitudes are being taken in today by magic, astrology, fortune-

telling, horoscopes and the like. There is need today to turn back to the word of God and let Him free the mind from these traps. Magic seeks to manipulate God. Miracles are acts of God, not man.

When men refuse to repent they turn to self centered reasoning.

REASONING

The Gospel is not merely a system of rules and regulations. The Gospel of Jesus Christ is a way of life. This way of life is often in direct opposition to the culture that makes no room for Jesus. Jesus teaches that one must give if he is ever to know the true riches. One must give up his own life if he is ever to know what it means to live. One must be a servant to others if he is ever to be a master.

The Gospel Paul preached struck at the heart of a manufacturing business in Ephesus. Demetrius, a silver-smith, made silver shrines used by those who worshipped Diana, a goddess. This was a very profitable business. Paul's message turned many to Christ, the living Saviour, and away from the worship of Diana. Demetrius called the "workmen of like occupation" together and laid the problem before them. He reminded them that their income was being affected by a preacher named Paul. This Paul had persuaded and turned away much people.

Not only was their income at stake but the reputation of their goddess was also on the line.

No two things are so likely to stir the emotions of people as the two Demetrius mentioned. The politician who can convince the people that he will bring about material prosperity has a running chance to win. And it is common knowledge that many wars have been fought in the name of religion.

RESULTS

Demetrius' appeal succeeded. They were filled with wrath. They cried out. The whole city was filled with confusion. They rushed into the theatre. Here is mob action. This is the opposite of what the believers did as shown in verses 18 through 20. Men are bound to make some kind of response when the truth of the Gospel confronts them.

It is not difficult to see what response one ought to make, but it is not easy to make that response. If only we were ready to say with Paul, "Neither count I my life dear unto

myself, so that I might finish my course with joy, and the ministry, which I have received of the Lord Jesus, to testify the gospel of the grace of God." (Acts 20:24).

BEAVER LICK NEWS

The revival held at the Beaver Lick Baptist Church was a real success. There were some decisions for baptism made, and several re-dedications. Everyone would like to express their thanks to Rev. Monte Schinkle and all the others who put forth such an effort to make it a success.

The sick around Beaver still seem to be on the improvement. Isn't that great for once? Annabelle Stephenson has even been able to be taken for a ride to see the beautiful works of God's na-

ture—all the lovely spring flowers and trees in bloom.

REWARD

STAFFORDSBURG

Mr. and Mrs. J. J. Barnett spent the weekend with their son, Howard and family of Lexington. We lost another friend and neighbor—L. M. Deuser. He died last Thursday. That is the sixth death in our neighborhood since Christmas eve. Three of them had adjoining farms.

John Shaw and Dawson Ballinger went to Idewild in Boone County on a little business trip last Friday.

The redecoration of our church is just about complete. Come out and see it. If you don't like it, keep still. If you do, brag on those who have worked so hard to make the big improvement. Inspect the carpenter work. We think George Finnell Jr. has done a wonderful job.

Miss West Hosts Class Meeting The Willing Workers Class of Walton Christian Church met the 25th of April at the beautiful home of Miss Mary West.

A delicious pot luck dinner was served at the noon hour by the hostess. She was assisted by Mrs. David Houston.

The house was decorated in pink and white dogwoods. The devotional was given by Hugh Fulton.

Those present were Rev. and Mrs. Ira Richard Harris, Mrs. Dan Bedinger, Mr. and Mrs. Hugh Fulton, Mr. and Mrs. W. W. House,

Mrs. John Campbell, Miss Rachel Acree, Mrs. Lillian Acree, Mrs. John Gault, Mrs. Lula Huey, Mrs. Walter Whitson and hostesses.

Back in 1951, the Franklin automobile featured many things that were different from competitors, to make it a better car for comfort, luxury and easy riding. The one feature that put the Franklin up front in the automobile industry, was the development of the direct-air cooling system. With this system, there was nothing to freeze and nothing to overheat.

The only thing we have to offer you here at G & G TIRE COMPANY is the lowest prices in town, and we think, the very best service to be found anywhere.

Plan Now For Next Years' Calf Crop

By Curtis Absher
This is the time of year when the 1974 calf crop begins to arrive

on many farms in Boone and Kenton Counties. It is also the time when beef cow owners can help insure a good calf crop for 1975. Each cow in your herd should have a calf every 365 days. This is a difficult goal to reach, but the closer you come, the more money you will make with your beef cow herd.

To get cows to calve every 365 days, they must be rebred within 90 days after calving. And cows must be fed adequately if they are to be rebred that soon. Before calving, they should be getting 17-18 pounds of hay per day, along with supplementary calcium, phosphorus and vitamin A. This will keep the time period between calving and the first estrus period to a minimum.

Feeding the cow adequately after calving is important in assuring a high rate of conception during the breeding season. Cows should be fed enough that they will be gaining weight during the breeding season. For many productive cows, that means twice as much feed after calving as before. The best way to make sure that cows with calves get enough extra feed is to put them in a separate lot from dry cows.

Limited grain feeding may be in order for the cows with calves, and that grain fed to these cows is not wasted.

For a short calving season in 1975, breed replacement heifers 20-30 days earlier than the rest of the herd. Also, heifers should be bred to bulls that have a record of producing a minimum amount of calving difficulty.

To assure good calf crops in the future, vaccinate cows for Lepto, I.B.R. and Vibrio during the period between the end of the calving season and the beginning of the breeding season.

A publication entitled "Feeding and Managing the Beef Female" is available without charge from your local extension office.

FEARLESS FORECAST

MAY 9—The Moon sextiles Uranus at 7:00 a.m. so you may get a nice surprise at breakfast. At 4:00 p.m. the Moon goes into Capricorn so this evening would be a good time to plant potatoes, beets, carrots, onions or any other root crop. The fishing is still poor.

MAY 10—The Moon squares Venus at 6:00 a.m. so get up quietly and go to work. Who needs breakfast every morning? Drive carefully coming home in the evening as the Moon will be in opposition to Mars between 5 and 6 p.m. Life will be more congenial in the evening when the Moon sextiles Jupiter and trines the Sun. Still a good time to plant those root crops if you didn't get it done yesterday.

MAY 11—A good day to set hen eggs, the chicks hatched in the Moon's second quarter of Scorpio will mature quickly. Now is a good time to spray or chop weeds, also plant some more root crops. You may have some unpredictable distractions about supper time when the Moons squares Uranus. But everything will straighten out a couple hours later when the Moon parallels the Sun.

MAY 12—The Moon enters Aquarius about daybreak and trines Neptune about 11:00 a.m. You can expect an exceptionally good sermon this morning and the music and singing will be better than usual. After dinner the Moon will form a trine to Pluto so if you have lost or misplaced something during the week, this would be an ideal time to locate it. The fishing will be good this evening.

MAY 13—The Moon in Aquarius decreasing in light is said to be good time to have teeth filled or impressions made. Also a good time to set fence posts, pour concrete or paint a building. Don't plan to work too much after supper as the fish will bite this evening.

MAY 14—The Moon is still in Aquarius and will be until 5 p.m. when it enters Pisces so the things you didn't get done yesterday you can complete this morning. After supper would be a good time to put in more root crops. Turnips and radishes planted now will give quick tender growth. If you did not catch a good mess of fish last night, try again tonight. The stars indicate they are still hungry.

MAY 15—Don't try to decide on anything at breakfast as the Moon will be square to Mercury and your thinking may be muddled. You may get a disappointment at lunch time when the Moon squares Neptune. Just be patient, there is a good aspect to Jupiter after supper so the day won't be a complete loss. Still a good time to put in root crops, in fact a little better than yesterday and the fish are still biting.

THE PINER-FISKBURG VOLUNTEER FIRE DEPARTMENT AND LIFE SQUAD will have a car wash at the firehouse on Saturday, May 18th beginning at 9:00 a.m. Get your car cleaned up and help the fire department with a donation.

The department is proud to announce their new ambulance will be dedicated for service to the community at 12:00 noon, Sunday, May 19. The vehicle, shown above, cost \$7,000 plus 500 donated man hours of work by the members. Thanks to them and also thanks to those companies and individuals who donated equipment and supplies. Stop by the firehouse on your way home from church to see this new ambulance and equipment on display. Meet the firemen and life squad members. They'll be present all afternoon, so everyone is welcome to go by and visit with them.

Guest Speaker

PCA Spring Fashion Show

Everyone is invited to the free style shows. There will be two style shows; one on Friday, May 17 at the Walton-Verona Elementary School at Butler, Kentucky, and the other on Friday, May 24 at the Pendleton County Elementary School at Butler, Kentucky. Both shows are to begin at 7:30 p.m. The shows will be sponsored by First Kentucky Production Credit Association who extends a special invitation to P.C.A. stockholders.

Mrs. Pauline Schadler will be providing a complete line of spring and summer fashions by Beeline. Local 4-H girls will be modeling outfits which they've made. There will also be a large display of arts and crafts by different Homemakers groups.

Door prizes of needlepoint kits, sewing baskets, scissors, etc., will be given to winners in attendance. Refreshments will be served. Come and bring a friend.

Gospel Singing Sunday

Come one, come all to the Gospel Singing at Kenton Baptist Church at Kenton, Ky. on May 19, at 2:00 o'clock in the afternoon. The feature singers will be the McCullah Singers plus Seven Signs from Banklick Baptist Church. Everyone invited.

Churches Plan Special Services

LAY WITNESS MISSION THIS WEEKEND

Members and friends of Walton United Methodist Church will engage in a relatively new worship experience this Friday, Saturday, and Sunday. A Lay Witness Mission will begin with a 7:00 o'clock covered dish meal at the church Friday evening. Several months of planning and preparation have gone into the Mission, under the able direction of Mrs. Albert Norris, local chairperson.

Hugh Shaffer, an active member of Erlanger United Methodist Church and a team member of the nation-wide Mission group will be the coordinator. He will be assisted by several other lay people from Northern Kentucky and Cincinnati, who come at their own expense to "Share the Good News of Christ's Love." The program is designed for older youth and adults with planned activities for the children.

After the evening meal on Friday and Saturday, a singing and fellowship session will precede a meeting of those present in smaller groups. Here individuals will share their Christian experiences of how God has blessed their lives.

On Saturday morning three coffee hours will be held in the homes of members. A luncheon for men and women (meeting separately) at noon will take place at the church. The youth will travel to Big Bone Park for a picnic lunch and recreation from noon until 5:00 p.m.

Visiting team members will lead in discussions during the Sunday School hour and Sunday morning worship service. A covered dish luncheon at noon will conclude the mission session as the visitors return to their homes and schools.

"It is hoped that this Lay Witness Mission will encourage all our members in their Christian experience. We pray that all members will attend as many sessions as possible. This is a great opportunity for each of us to grow in our relationship to Christ," stated pastor Robert Yates.

Shields Resigns; Waller Appointed

Mrs. Colleen Shields has submitted her resignation as member of the Walton-Verona Board of Education, effective May 9, 1974. She plans to teach high school math here next school term and cannot serve in both capacities.

Her term of office would have expired December 31 of this year.

Appointed to fill the unexpired term of Mrs. Shields was Mrs. Leola Waller, wife of Dr. W. M. Waller, who has also served as member of the W-V Board of Education. Mrs. Waller will begin the duties of a board member immediately.

There are three seats on the school board to be subject to election in November.

NOTE—We are fortunate to have these two well qualified women connected directly with the functions of the Walton-Verona Independent School System.

Boy Scout Activities

May 18 the Boy Scout's yard sale will be from 9 a.m. till 7. It is being held 3 houses north of the RR bridge on U.S. 25 in Crittenden.

Boy Scout Troop 704 of Crittenden will be having their second annual fish fry over the Memorial Day weekend at the Crittenden exit. The fish fry will last from May 24th through the 27th.

Asa M. Rouse On College Of Law Com.

Asa M. Rouse, senior partner in the law firm of Rouse, Mathis and Benson, has been appointed by the College of Law of the University of Kentucky to serve on a Steering Committee.

Rouse met on May 8th in Lexington with fourteen other committee members. Those present included several other attorneys and certain members of the faculty and staff of the College of Law.

Among other matters considered was the planning of scholarship programs.

A LIVING MEMORIAL . . .

In memory of a classmate—Laura Jo Ammer—the students of the sixth grade at Walton-Verona Elementary School have purchased and planted a young flowering dogwood tree in front of the school building.

The idea was promoted by Laura Jo's classmates but contributions came from students and faculty of all the elementary grades.

The untimely death of Laura Jo, 11-year-old daughter of Mr. and Mrs. Charles Ammer, Fairview Court, Walton, came on October 29, '73.

She was a good student in her studies and was well liked by teachers and students. She had dreamed of someday being a teacher.

It is planned for a permanent marker to be placed at the base of the tree.

One student expressed their feelings beautifully as he said, "The blossoms are like she was—pretty"

Clean-Up Day May 19th

Mayor Sam Gamble and City Council has declared Sunday, May 19th as "CLEANUP DAY" on Main Street for Memorial Day and Memorial Day Parade.

They are asking all business people and any other interested citizens for help and cooperation. City truck will be available on that day.

Mayor Gamble and City Council will help in this cleanup.

Any help from citizens, business or organizations will be appreciated.

Revival At Hebron Baptist.

The Hebron Baptist Church will hold a Revival beginning May 18-19. Services begin each evening at 7:30 p.m., with Rev. Henry C. Hedgespeth and Rev. Robert L. Kliper and Gary Grieser, Minister of Music.

Everyone is invited to attend and hear some good gospel music and gospel preaching.

Auxiliary Flea Market

The Ladies Auxiliary N.K. Pharmacist Association will hold their flea market on Sunday, May 19, 10:00 a.m. till 4:00 p.m. at Southern Hills Civic Club House, Henry Clay and Bluegrass Avenues.

Proceeds will benefit Riverside Good Council School.

Everyone is welcome to attend and see what has been collected for your pleasure—old things, new things and in between.

And the prices are right.

Crownsman Quartet Sings At W-V School

On Friday night, May 17th, the Walton-Verona Student Council will sponsor a "Gospel Sing" at the high school gymnasium.

Admission will be \$1.50 for adults and \$1.00 for children.

The featured group will be "The Crownsman Quartet", along with several local groups singing. The gospel singing will start at 8:00 p.m. See ya there!!!

POP CONCERT IS SUNDAY AFTERNOON

The Walton-Verona High School Concert Band will present its Annual Pop Concert on Sunday afternoon, May 19 at two o'clock on the front lawn of the school. The band will play popular songs of the last thirty years in the styles of swing, pop, and rock.

Featured performers include the Walton-Verona Majorettes and Drill Team.

Admission is free, so come and bring your lawn chairs and blankets and hear an enjoyable hour of your favorite music. In case of inclement weather, the program will be held in the W-VHS auditorium.

Walton Squad Runs

May 9, 1920—Susie Rich, 76 of Crittenden from Lawrence Poole residence at Verona, possible right leg and hip fracture, St. Eliaz.

May 12, 2048—Patricia Ann Taylor, 18, Cynthiana, from Walton Exxon to St. Elizabeth, Illinois.

May 13, 0640—Teresa Hamlin, 20, Johnson Street, Walton, auto accident on North Main Street, cut lip, to St. Elizabeth.

May 13, 1400—Robert J. Hellman, 67, Union, possible back injury starting mower, Booth.

May 13, 1850—Everett Bickers, 77, Chambers Avenue, breathing difficulty, administered oxygen at home.

May 14, 0145—Barn fire on Ky. 16 near old stockyards.

May 14, 0700—Deloris Daniels, 25, Green-Road, maternity, St. E.

Rummage Sale

The Walton Volunteer Fire Department and Life Squad plan to have a "Rummage Sale" at the picnic grounds on June 15.

They are accepting donations of any saleable items for this day. If you have good saleable items to donate to this worthy cause, call either of these numbers for information or pickup—485-4351; 485-4359 or 485-4711.

More information will be published as it become available.

Group To Tour Pottery

Walton Keen-Age group will take a tour on Monday to the Bybee Pottery at Richmond. They will lunch at Boone Tavern in Berea. They will depart from the church at 10:00 a.m. and travel by car. Transportation will be furnished for everyone.

Board Studies State Report

The State Department of Education in a 60-page report to the Kenton County Board of Education has recommended improvement in lighting in areas of the Versailles and Piner Elementary Schools as well as similar changes at Simon Kenton High School and Taylor Mill Elementary Schools.

However, the major recommendation was a new high school in the northern portion of the county in the Villa Hills area to relieve current crowding at Dixie Heights High School. A new elementary school was also suggested for the area.

The board has 60 days to adopt, reject in whole or part, or come up with its own recommendations.

Chairman Robert Scott also announced at the May meeting the re-appointment of Supt. Don Davis and Asst. Supt. Robert Barnes to additional one-year terms.

The State Agency, in recommending physical improvements in the school, drew on its months of inspection by a survey team. The last survey was made in 1968.

Women's Softball Season Opens Tuesday

The Women's Area Churches Softball League will open their season on Tuesday, May 21 at 6:30 p.m. at the Verona hall field with Walton Christian Church vs Walton Baptist No. One (Zion Baptist). At the same time at the Walton high school field, Walton Baptist No. Two vs All Saints.

In the second game of play at 7:45 Richmond-Union Presbyterian vs New Bethel Baptist. The nightcap game of the evening will be Piner Baptist against New Banklick Baptist.

The teams encourage everyone to go out for the evening and join them in the fun.

10 games are scheduled for Tuesday, May 28.

KENTON CO. COUNCIL PTA

The Kenton County Council PTA meeting and May luncheon will be held Monday, May 20th at 10:00 a.m. at Willard Wade YMCA.

Main items of business are the installation of officers and the "Peg Kinney" attendance award.

LIONS CLUB DANCE

The Walton Lions Club is having a dance on May 25th at All Saints Church 9:00 p.m. until 1:00 a.m. Admission will be \$5.00 per couple. This will include set-up and snacks (BYOB).

There will be live music and door prizes.

FFA TOMATOES FOR SALE

Mr. Davis' FFA class of Walton-Verona High School is now selling tomato plants. This is their first product from their new greenhouse. So, if you need good tomato plants for your garden, buy from the FFA boys. See their ad in this week's issue.

White's Tower PTA

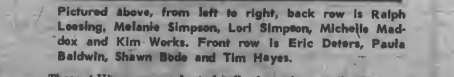

The White's Tower P.T.A. will meet Thursday, May 16, 7:30 pm at the school. The program will be presented by the band under the direction of Mr. Wm George. There will also be an installation of officers by Mrs. Blair Branham, Second Vice-President, Kentucky Congress of Parents and Teachers.

Officers to be installed are Mrs. Jack Scott, president; Mrs. Justin Schneider, Jr., vice-president; Mrs. LeRoy McKinley, Mrs. William Drennon, recording secretary; and Mrs. Dan Childress, corresponding sec.

There will be refreshments served after the band concert.

Kindergarten Registration

Kindergarten registration for the Hickory Grove Baptist Church are now being accepted. For information, call 356-3679.

These 4-H'ers were selected talk champions at the Kenton County 4-H Rally Day on March 23. They were then invited to represent their county at the Area Talk Meet at Gallatin County High School on May 3. On this evening, Lori Simpson, for her third year in a row, and Tim Hayes received champion. They will now represent the county in June at the State 4-H Talk Meet to be held at the University of Ky.

When Words Fail Us We Still Have Recourse To The Beautiful Thoughts Of Famous Poets, Philosephers and Writers.

Mild and gentle as he was brave. When the sweetest love of his life he gave To simple things: where the violets grow Blue as the eyes they were likened to. The touches of his hands have strayed as reverently as his lips have prayed; And he pitted as much as a man in pain a writhing honey-bee wet with rain. Think of him still as the same, I say He is not dead — he is just away.

BEAVER LICK

The farmers sure did appreciate these wonderful showers we have been having. He always send the rain in due time, if only we will just have enough faith in Him.

The Boone County FFA Chapter had their annual banquet last Friday night. Several students and their parents from around here attended. Everyone seemed to enjoy the delicious dinner. The guest speaker was Ardian Smith. The awards program followed.

Several people from the Beaver community attended the Silver Anniversary celebration of Mr. and Mrs. Malcolm Simpson on Sunday. Old man frost got some of the early gardens last week. Gardens, you will just have to learn to wait until the weather gets warm enough to plant gardens. Sorry, but that's just a chance gardeners have to take.

Everyone was very sorry to hear of Ross Scott having to go back to the hospital. We all wish him a speedy recovery and will pray for him.

Mr. and Mrs. Gene Stephenson, Shirley Ruth and Clint Stephenson, Denny French of Warsaw, plus Mr. and Mrs. Albert Rosensteel all attended the graduation services Sunday afternoon at Mrs. Sandy Stephenson Light, at Morehead State University. Mrs. Rosensteel also had two nephews to graduate. They all left home early and enjoyed a wonderful noon meal with the Lights in their home.

Rev. Light graduated last year and plans to enter seminary this fall. Mrs. Ina Jean Webb and daughter helped Mrs. Webb's mother move over the weekend. She and her husband have just bought a new home.

There seems to be several dairymen now going out of business from the sales advertised in papers. But Edna Kennedy still holds up her end of the olden days by milking her cows and churning that good old country butter. Keep up the good work, Mrs. Kennedy.

Staffordsburg

Sorry to report that John Klein and daughter, Lorena Martin, both remain in critical condition. Mr. Klein had to have one of his legs amputated last Thursday.

Henry Hawkins is in St. Elizabeth hospital for tests.

Mr. and Mrs. Dawson Ballinger and Agnes Dorsey spent Mother's Day with Chester and Gloria Ballinger.

Mrs. Lou Ryle flew to Tenn. to spend some time with her daughter, Maude. She is 89 years old and blind but gets around.

The L. J. Green family gave a special musical program last Sunday night here at the church. They are a very talented family. They travel a lot, singing for various church groups.

VERONA

Elmer and Brenda Colston are the proud parents of a baby girl, born Friday, May 3; she weighed 7 pounds and 4 ounces.

Mrs. Tilda Hocker and Judy fixed a big Mother's Day dinner and entertained as their guests—Mr. and Mrs. David Hocker, Mrs. Josephine Robinson, Mr. and Mrs. Lanny Dixon of Walton, Mr. and Mrs. Aron York from Indianapolis, and Mr. and Mrs. Posie Houston of Covington.

Mrs. Allie Chandler enjoyed

Mother's Day by entertaining her daughter and family, Mr. and Mrs. Wen Swearing of Ohio.

Mrs. Susie Rich fell a few weeks ago and broke her hip and leg. She had surgery Monday. We wish her the best of luck.

Lisa Disney has been in St. Elizabeth Hospital for minor surgery.

We are glad to report that Bob Orr is coming along fine. We sure do miss him around here.

Barbara Dixon was in St. Elizabeth Hospital for minor surgery. Fred Elliott is improving this week.

Mr. and Mrs. David Hocker celebrated their 23rd wedding anniversary on Wednesday, May 15. It is real good to have Lawrence Farrell back home from the hosp.

David Hocker is also out of the hospital.

Sorry to report that "Buch" Washum had to return to the hosp. Linda's Beauty Shop beat Vic's Barber Shop in a game played Farrell and Miss Hooper. Leak enjoyed it all as I do believe her team won.

The new Verona Fire Department is in the process of being constructed and the new fire truck is in full swing now.

CARD OF THANKS—

We wish to thank our friends and relatives for the flowers, cards and food and other deeds of kindness shown us during the death of our beloved father and mother who passed away five years ago. We also want to thank the pianist and Chambers and Grubbs for their efficient services and comforting words of Bro. Sheffield and Bro. Johnson.

—Greatly appreciated by:
Eck Wallace Family 11*

CARD OF THANKS—

Thanks to all who made our Silver Anniversary a day to remember. Thanks for all the gifts, phone calls, prayers and cards from so many friends.

—MALCOLM & ANN

FEARLESS FORECAST

May 16—A good time to plant more root crops while the moon is decreasing in Pisces. Also an ideal time for melons, cucumbers pumpkins or any other vine crop. If you are planting bulbs for seed do it today. Mercury will be in opposition to Neptune during the morning hours so do not make any promises you can not keep and don't accept any deals or promises until you check them out. You can take my word the fish are biting. Why not check me out?

May 17—The moon goes in to the fire sign—Aries about day-break so it will be a poor time to plant and the fish won't bite. An ideal time for spraying and destroying weeds. The moon will square Saturn about 10 A.M. and be in opposition to Pluto at noon so don't force your attention on anyone today, be patient until evening when the Moon makes a trine to Neptune about 8:30 p.m. then you may get a pleasant surprise from the opposite sex.

May 18—Moon is still in Aries so the planting and fishing is as poor as yesterday. You can still spray and kill weeds. The moon will conjunct Venus after breakfast so the day will have a lovely start. Better lay a good foundation for affection and sociability during the morning hours to soften the effect of the moon square Mars after lunch.

May 19—The moon goes into Taurus at noon so wear that new dress to church this morning and maybe you will be invited out to dinner after service. You can plant root crops in the afternoon but the fishing will be poor.

May 20th—The moon in Taurus and still decreasing in light. A good time to pour concrete paint a building or put on some new shingles also finish planting root crops. The moon will sextile Jupiter at noon so we should enjoy someone's company for lunch, maybe get a date for this evening and do some courting while the moon trines Mars you will probably be glad you did.

May 21—Sun and Moon both enter Gemini today, the Sun at 6:36 A.M. and the Moon at 3:54 P.M. local time, then forms a conjunction at 4:34 P.M. A bad time to plant seed as they are apt to rot in the ground. Get a haircut sometime today if you want it to be slow growing back. Visit a friend in the afternoon if you want to have an enjoyable conversation.

May 22—The moon trines Uranus at breakfast so you can expect a pleasant surprise. Write letters today or visit with friends. A fine day for any kind of communication. I hate to mention it, but the moon is in the right position again for having teeth pulled.

WALTON LOCALS

Sunday guests of Mr. and Mrs. Pearl Baker were Mr. and Mrs. Dale Gadd and Bees Ann of Florence and Mr. and Mrs. Don Hall of Richmond, Kentucky.

Mr. and Mrs. Don Murray attended the graduation of their son, Donnie Ray, at Northern Kentucky State College last Sunday.

Recent guests of Mr. and Mrs. Dale Gadd were Mr. and Mrs. Pearl Baker; Mr. and Mrs. Don Murray; Mr. and Mrs. Donnie R. Murray—the occasion being Mrs. Zella Baker's birthday.

Mrs. Dan Bedinger spent the Mother's Day weekend with her sister, and husband, Mr. and Mrs. D. W. Latimer of Williamstown.

Mrs. Edna Combs entered the Baptist Nursing Home at Independence on Monday.

CARD OF THANKS—

Words cannot express our appreciation for the many expressions of kindness during the illness and death of our husband and son,

WAYNE ADAMS.

Especially do we want to thank everyone for their cards that he enjoyed so much. To Booth and Grant County Hospitals, to the Doctors who tried so hard to find his trouble and help him. Then after God called him home, we thank those who helped to make the load a little lighter by donations of food, cards and flowers and just stopping by the house to let us know you were there. We want to thank Chambers and Grubbs, our pastors, Rev. and Mrs. Childers and Rev. and Mrs. Sheffield for standing by us in

such a wonderful way; to the pallbearers, and the Wilmington Baptist choir and Mrs. Burkhardt for their music. But the greatest gift of all at this time was your prayers, for without them, the load

would have been more than we could bear. May God bless each of you is our prayer.

—Greatly missed by
Virginia Adams, wife;
Fannie Adams, mother. 11c

—NOTICE OF ELECTION—

The election of two members of the Board of Trustees of the Cemetery of the First Baptist Church of Walton, Inc., shall be held at the Walton Cemetery, Church Street, at 10:00 A.M., o'clock, or as soon thereafter as the ending of any ceremony at said cemetery permits, at which election all those present and eligible to vote may duly vote on May 27, 1974. The nominee for regular re-election is Franklin Breeden to serve for a term of five years as a member of the Board of Trustees of Walton Cemetery. The nominee to fill the vacancy created by the retirement of trustee Mabel Webster will be announced at that time. The owner of each lot in said cemetery shall be entitled to one vote in the selection of the members of the Board of Trustees. In the case of the death of the owner of any of said lots, then the devisees or lawful descendants of said owner shall be jointly entitled to one vote. Proof of right to vote may be required. Any questions should be addressed to Asa M. Rouse, Attorney, Walton, Kentucky, Telephone Number 485-4104.
(Published May 16, 1974)

Reception Given

Mr. and Mrs. Bill Mathis entertained Thursday evening, May 9th, with a reception in honor of Mr. and Mrs. Kyle Hubbard of Louisville. Mr. Hubbard is a candidate for Democratic nomination in the Fourth Congressional District. Those welcoming Mr. and Mrs. Hubbard to this area and enjoying a delicious buffet were: Mr. and Mrs. Blake Collins; Mr. and Mrs. Nelson Popham; Mr. and Mrs. Pete Blake; Mr. and Mrs. Wendell Rouse; Mr. and Mrs. Asa Rouse; Mr. and Mrs. Dick Bachmeyer; Mr. and Mrs. Jack Norris; Mr. and Mrs. Bob Slayback; Mr. and Mrs. John Farrell; Mr. and Mrs. Dennis Flynn; Mr. Dave Peebles; Mr. and Mrs. Nick Benson; Mr. and Mrs. Bryan Rector; Mr. Ernie Bailey; Miss Judy Brown; Mr. and Mrs. Mike Murray; Mr. and Mrs. Gayle McElroy; Mrs. Anna Mae Simpson; Miss Joella Sleet; Mrs. Jane Sleet; Mr. and Mrs. Carlisle Achey; Mr. and Mrs. Bryan Rector; Mr. and Mrs. Wally Wireman; Mr. and Mrs. Ab Ryan; Mr. Maynard Meadows; Mrs. Ruth Glenn; Mrs. Mildred Clegg; Mr. and Mrs. Fred Stallard; Mr. Bill Fleenor; Mr. Bill Schwartz; Mr. and Mrs. Carl Baird; Mr. and Mrs. Dan Kendrick; Mr. and Mrs. Kyle Hubbard, the guests of honor; and the host and hostess.

BLOOD PRESSURE MONTH

Recognizing that some 240,000 Kentuckians are not aware they may be victims of high blood pressure, Gov. Wendell H. Ford has proclaimed May as "High Blood Pressure Month" in the Commonwealth.

Secretary for Human Resources Laurel W. True set an example for all state employees by having his own blood pressure checked on May 1. He urges all Kentuckians to see their own doctors or local health departments for a similar check-up. About one out of every seven adults over 18 years of age have some elevation of their blood pressure.

Cancer Society Meets May 15th

The Boone County Unit of the American Cancer Society will have a regular meeting on Wednesday May 15th, at one o'clock at the Boone County Board of Health Building on Woodspoint Road, Florence.

A committee will be appointed to nominate officers for the coming year, and reports of the Fund

Raising Crusade will be made. All members are urged to attend. Kenton Elementary PTA to Meet

Kenton Elementary PTA will meet Thursday, May 16, at 7:30 p.m. in the school gym.

At the close of this school year there are many things that have taken place and Mrs. Robert Gibson, president, will give her President report for the year. There will be installation of officers, the Science Fair, and Awards presentations will be given to the students. Please plan to attend.

BOLD WITNESS PROVOKES CONTROVERSY

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(ACTS 21:16-14, 17-34a) In response to this suggestion one of the soldiers declared, "I would rather die on my feet than live on my knees." Paul was like that. He had to do what

was to be done. Agabus' Demonstration Paul and his company were on their way to Jerusalem with an offering from the Gentile churches. Paul had high hopes this offering to the Jewish Christians in Jerusalem would aid in bringing the Jews and Gentiles together.

Arriving in Caesarea they spent several days before going on up to Jerusalem. It was during this delay that a prophet by the name of Agabus came down from Judea to where Paul was staying. He took Paul's girdle, a long band of cloth wrapped around the waist to hold loosely fitting clothes to the body and bound his own hands and feet. This he did to symbolize what would happen to Paul if he went up to Jerusalem. Agabus reported this as a message from the Holy Spirit. This is not to say that Paul disobeyed the Holy Spirit. He received the message and made his decision.

PAUL'S DETERMINATION The friends of Paul, deeply concerned for his welfare, begged him not to go on with his plans. Paul's answer to them stands as a challenge to every modern-day disciple of Jesus: "I am ready not to be bound only, but also to die at Jerusalem for the name of the Lord Jesus." The words are from the same man who said in last week's les-

son, "Neither count I my life dear unto myself..."

Any man who has reached that point in life is difficult to surprise. He'll probably go on and do what's right if the heavens fall.

An entry was found in the diary of Jonathan Edwards which read as follows: "Resolved that every man ought to do the will of God." Immediately following those words were these: "Resolved that whether anyone else does the will of God, Jonathan Edwards will." Little wonder that he was mightily used of God.

Once the friends of Paul had been convinced of his determination they left off trying to influence him. The next best thing they knew to do was to resign the whole affair to the will of God. This they did.

LEADER'S DELIBERATION Paul and his friends received a warm welcome in Jerusalem by the brethren. The following day Paul and the others, met with James the leader of the Jerusalem church. James was also the half-brother of Jesus. All of the elders were present.

After the usual greetings Paul carefully declared one by one the things God had done among the Gentiles by his ministry. This pleased the brethren and it caused them to glorify the Lord.

But Paul's presence in Jerusalem presented a problem for the leaders. They reminded Paul of the many thousands of Jews who had become Christians. The great majority of these were still zealous for the law. They knew about Paul and his work among the Gentiles. But false rumors had been circulated concerning Paul's teaching. They had heard that Paul taught the Jews they ought not to be circumcised nor keep the customs of Moses.

Their question was, "What therefore can be done?" Verse 22. After careful consideration their suggestion to Paul was this: There were four men presently involved in the rites of the temporary Nazirite Vow. They probably were unable to bear the expense involved in concluding the vow. Paul should join these in the vows and also pay their expenses. This would be proof to the believing Jews that Paul respected and observed the Law.

—DEATHS—

Mrs. Ruth Clark, 65, Crittenden, Route 1, died at 3:30 a.m., Friday, May 3, at Grant County Hospital. Survivors are three sons, Chester and James, both of Independence, and Clarence of Alexandria; two daughters, Ruby Veland of Fiskburg and Edna at home. Chambers and Grubbs of Walton directed the services Sunday afternoon; burial was at Wilmington.

THE BANK OF CRITTENDEN

CRITTENDEN, KENTUCKY

"THE FRIENDLY BANK"

IT ENDURES!

Man can build skyscrapers and miles of highways—even go to the moon. But he can't create a tree.

A tree withstands the summer heat and the cold of winter. How many windstorms have buffeted it? How many times has it lost its leaves in autumn, only to be reborn the following spring?

A tree like this has much in common with the Church. It too has endured countless storms and has stood the test of time. And like a giant tree, the roots of the Church go deep. Stability—you can depend on it.

Wa-Na Club Meeting

The Wa-Na Womens Club met May 2nd in Fellowship Hall of the Walton Christian Church. The meeting opened with the pledge to the flag followed by the club collection.

Mrs. Willie Mathis Jr. introduced the speaker, Mr. Daniel S. Kendrick. Mr. Kendrick is a landscape designer, and he is employed by F. W. Sullivan Co. of Cincinnati, Ohio. Mr. Kendrick showed slides of various gardens he has designed, and he illustrated why certain plants are appropriate for particular types of gardens. He pointed out that the plants should coincide with the type of outdoor furniture used. He also told what type of outdoor furniture used. He also told what type plants look best used around various sizes of building structures.

President, Mrs. Asa M. Rouse, presided over the business meeting. The Secretaries and Treasurers reports were given. The contests for Awards night at Walton-Vadon School was discussed by club members. Mrs. E. A. Lauterwasser reported that arrangements have been made for the June dinner meeting to be held at the Quality Restaurant in Covington. A committee was appointed to amend the club by-laws.

The KFWC 79th Annual Convention will be held in Louisville May 7th through 9th. Mrs. Pat Dammert from Northern Ky. has been nominated for state president.

Miss Joella Sleet gave the spiritual guidance. Meeting was adjourned, and hostess, Mrs. Gayle McElroy, served delicious homemade candies, banana bread and punch to the following: Mesdames George Black, E. A. Lauterwasser, Daniel Hance, Willie Mathis Jr., Jack Norris, David Peebles, Asa Rouse, Jack Rouse, Malcolm Simpson, Jerry Treadway, Gayle McElroy, Robert Slayback, Chester Sturgeon, Miss Joella Sleet and Mrs. Ira Richard Harris.

CARD OF THANKS—

Thank you so much for your many acts of kindness during my recent illness. You were so very thoughtful to remember me.

CHURCH BELLS TO MARK BICENTENNIAL CELEBRATION

Pastors of all churches in Kentucky are urged to observe Kentucky's Bicentennial by ringing their church bells at noon on their normal day of worship during the State's Bicentennial Sabbath, on May 24 to May 26.

Bicentennial Sabbath is a special observance to remind Kentuckians of the importance of religion in the lives of the pioneers who opened the wilderness for settlement 200 years ago.

The three-day Sabbath, which will be part of the nation's Memorial Day Celebration, will allow all faiths to observe the Bicentennial on their normal day of worship.

A "Committee of Five", made up of representatives of Kentucky's various religious communities, has suggested a theme for the Bicentennial Sabbath sermon of "The Rock Which We Were Hewn" so that all congregations in the state can be unified with the same message.

Along with the ringing of these church bells and the special Bicentennial message, congregations are encouraged to observe the Sabbath in their own ways. Some suggestions are recognition of the oldest member of each congregation, the preparation of church histories, homecomings, open house at the oldest church in each community and other traditional religious observances.

Dr. Herbert Waller of Adeth Israel Temple of Louisville, a member of the committee, says that the underlying theme of the special day of worship is "to have people in all Kentucky's churches and synagogues emphasize the origins, traditions hopes and ideals of the Commonwealth of Kentucky."

Buy A Buddy Poppy

Mayor Sam Gamble has proclaimed Saturday, May 25 as "Poppy Day" in Walton. Girls will be going from house to house selling poppies. This is the way the American Legion Auxiliary members help our disabled veterans or his family or child welfare.

Poppy sales go directly into the rehabilitation fund. Nothing is derived from this fund except to help a veteran or child welfare.

Citizens of this town have been always generous in helping make this project a success. Won't you do the same this year?

When a girl comes to your door or meets you on the street, she'll be glad to give you a poppy for your donation.

Poppy sales days will be May 24 and 25 before Memorial Day.

FHA Elects '74-75 Officers

The May meeting of Simon Kenton FHA was May 15th. The feature of the meeting was the election of officers. They're: Charlotte Deters, president; Ginny Brock, first vice president; Joyce Waymeyer, second vice president; Frances Schneider, secretary; Diana Jump, corresponding secretary; Vickie Hollingsworth, the treasurer; Margaret Collett, historian; Brenda Caldwell, parliamentarian; Jill Rust, reporter; Linda Shipman, recreation leader; and Margie Elliott, song leader.

Junior degrees were given to: Margaret Collett, Kim Painter, Diana Jump, Vickie Hollingsworth, Chapter Degree was given to Charlotte Deters.

Special guests were Mrs. Wellinborg, chapter mother and Donna Kidwell, last years' president.

A Different Place

Soil Stewardship Week May 19-26, 1974

The Soil Stewardship observance takes place during the period May 19 through 26 and is designed to emphasize man's responsibility to protect soil, water and other natural resources. Soil Stewardship Week is sponsored by the National Association of Conservation Districts, composed of 3,019 conservation districts throughout United States, Puerto Rico, and the Virgin Islands.

The various aspects of responsibility in the conservation and wise use of God-given natural resources is aptly summarized in this year's Soil Stewardship brochure, which depicts a church stained-glass window consisting of nine panels,

each panel representing a vital need for mankind. The bottom center panel shows a church roof, steeple and cross, surrounded by a circle. This, of course, indicates Divine Providence. It is so arranged that all the other panels seem to rest on this one.

The panels appropriately portrayed, represent Ecology, Growth, Technology, Population, Agriculture, Energy and Forestry and Water. Each of the panels will discuss the vitality in the overall picture.

Clergymen in many churches customarily preach sermons on Soil Stewardship.

Walton-Verona Graduation

Graduating seniors at Walton-Verona High School will hear Joe Creason, noted columnist of the Louisville Courier-Journal as their commencement speaker on Thursday, May 30 at 8:00 p.m.

Baccalaureate service will be Sunday evening, May 26 at 8:00 p.m. with Rev. Jerel Treas, the pastor of New Bethel Baptist Church, Verona, as the speaker.

Both events will take place in the high school gymnasium.

Local ministers taking part in the Baccalaureate service will be Rev. Wilford Davis and Rev. Ira Richard Harris.

Participating in the Commencement program will be Father Harry Tenhundfeld and Rev. Robert Yates.

Music for these programs will be provided by the Walton-Verona Band. Mrs. Leola Waller, David Soden, and Miss Layna Cheesman. Superintendent John A. Grubbs will introduce Mr. Creason as the commencement speaker.

The class will be presented by Principal Gary Munise with J. E. McCubbins, chairman of the school board, making the diploma presentations.

Walton Parade On On Memorial Day

The Memorial Day Parade will be Monday, May 27th beginning at 9:00 a.m. It is sponsored by American Legion Post No. 277, Earl Abshire, Post Commander.

The line of march is from Walton Christian Church to the Cemetery.

Principal speaker will be Judge Bruce Ferguson.

The local ministers will also participate.

The Legion extends an open invitation to any organization, would like to be in the parade to meet at the church at 8:30 a.m.

Food will be served Monday after the parade, at the Legion Hall, by the Junior Auxiliary.

Everyone is welcome to attend and eat.

Kindergarten Graduation

The Walton Kindergarten will present their program in the sanctuary of the Walton First Baptist Church on Friday, May 24 at 7:30 p.m.

The children will present a review of songs, finger plays, and stories learned during the school year.

The children taking part in the program are: Michael Ousley, Julie Ruark, Jeffery Turner, and Terri Robinson from Crittendon; Sharon Maddox of Verona; Kimberly Bowen and Stephanie Burkhardt from DeMosville; Jo Ellen Duemmes and Cathy Land from Independence; Joey Hicks from Florence; Shawn Anderson, Brian Beighle, Mary Rose Benton, Kevin Brewer, Charles Dixon, Kelly Foley, Beth Gray, Michelle Kohler, Amy Plunkett, David Rolen, Kimberly Taylor, Leslie Watts and Mary Weiss from Walton.

The public is cordially invited.

Winners Are Announced

The Pinor-Flaskburg Ladies Auxiliary announce the winners of prizes awarded during their recent money-making project.

First prize of a McCall Recliner Easy Chair was Chester Mullins of Morning View.

Janice Wallace of Burlington was second prize winner and got a Krauss Early American Hurricane Lamp.

A Spartus Sunburst Clock was awarded to Bob Cooper of Morning View a third prize.

The ladies held their monthly meeting the second Tuesday of each month at 8:00 p.m. They invite all ladies in the community to join them.

The auxiliary thanks those who donated toward this project and also to those who donated items to the auction sale in March.

SAVE TRACTOR FUEL

You can save tractor fuel by using your smaller tractor for light work and your large tractor for heavy work.

SCENES FROM LAST YEAR'S PARADE

Final plans are being made for the Annual Memorial Day Parade at Independence on Monday, May 27th. The parade will be led this year by a U.S. Marine Corps Color Guard, along with the Post 275 American Legion Firing Squad and will be made up of many local civic and scouting organizations with martial music provided by the Simon Kenton High School Marching Band.

Starting at 10:30 A.M., the parade will progress north along Madison Pike to the War Dead Memorial in front of the Kenton County Court House. Wreaths will be placed and prayers said at the Independence Cemetery and St. Cecilia Cemetery along the way. There will also be an address by Independence Mayor, Mr. Marlon Schadler.

Any interested parties or organizations may still participate by making contact with Martin W. Nle at 356-9429 or 356-3931.

Mayor Proclaims Buddy Poppy Day

Mayor Sam Gamble has designated May 25th as Poppy Day 1974 for city of Walton.

WHEREAS: The American Legion and the American Legion Auxiliary adopted the Memorial Poppy as its Memorial Flower in 1919 and

WHEREAS: by wearing the Poppy, Americans everywhere and especially in the city of Walton, Kentucky, both pay tribute to those who lost their lives in Service, and aid the living by assistance to Veterans, and their families in time of need, and

WHEREAS: the Poppy Day program contributions are used solely for the programs of child welfare and rehabilitation in our community and state.

Now therefore, I Sam Gamble, Mayor of the City of Walton, Kentucky, do hereby proclaim the month of May 1974, as Poppy Month and May 25th as Poppy Day in our city and I urge all citizens of our town to join in the wearing of this memorial flower as together we remember the sacrifices of so many in defense of our freedom.

Sam Gamble, Mayor
City of Walton, Kentucky

Cemetery Cleanup Day Set For May 25th

The person who is interested in the Lebanon Presbyterian Cemetery is asked to help clean it on Saturday, May 25th.

Take chain saws, grubbing hoes and axes and everything that is needed to clean with.

They desire to keep what they have in the Cemetery Fund for future up keep. They ask you to please attend and lend a helping hand.

BIKE TO BE AWARDED

This sleek, new 10-speed bike is being given away to the person who secures the most sponsorship for the Boone County 4-H Clubs' Walk-A-Thon, May 25. The Walk-A-Thon is an effort to raise funds for the activities of the 4-H Council to support the work of the overall 4-H program in Boone County. The funds would also be used for scholarships to various 4-H events such as camp or teen programs.

The public is invited to walk and to secure sponsors, although only youth under nineteen are eligible for the prizes. All persons receiving over \$50.00 in total sponsorship will receive a 4-H jacket and all that walk will receive a token of appreciation.

The Walk-A-Thon will originate at the Greenview Baptist Church at 9:00 a.m., Saturday, May 25, and walk to the Boone County Fairgrounds and return. For sponsor forms or information, please call the Boone County Extension Office, 506-6101, extension 17.

Gerald Daniel Straw

Gerald Daniel Straw of Independence, Ky., will be awarded the Master of Divinity degree during the May 1974 graduation exercises at The Southern Baptist Theological Seminary on May 31.

Straw is the son of Mr. and Mrs. William T. Straw of Independence and is a 1971 graduate of Georgetown College in Georgetown, Kentucky. He is married to the former Diana Breeden of Walton.

Mr. Straw is presently serving as pastor for the Hillsboro Baptist Church in Versailles, Kentucky.

Wins Washington Trip

Miss Susan Hetterman

Susan Hetterman, a junior at Walton-Verona High School recently competed in a contest to win an all-expense paid trip to Washington, D.C.

A boy and girl from each high school in the county were given a quiz and then the winners wrote an essay on "Rural Electric Co-ops—Good For All America".

She will represent Owen County RECC and will leave June 8th and return June 14th, along with about thirty other boys and girls from Kentucky. This is a National event and girls and boys from 48 states will be there.

Susan is the daughter of Mr. and Mrs. John Hetterman, Route Two, Crittendon.

Their farm is known as Salem Ridge Farm and is located on Ky. 16.

Banquet Is Saturday

The annual Alumni Banquet of Walton-Verona will be held in the Verona Elementary School on May 25th at 7:00 p.m.

Graduates of classes 1914, 1924, 1934, 1944, 1954 and 1964 will be honored. Be sure to attend and enjoy the evening.

School Expects Large \$\$\$ Return

The Kenton County School System expects a return of \$105,000 this year on its investments.

Supt. Don Davis and the Board of Education received the report from Dan Lancaster, treasurer, who credited the high rate of interest on government securities for the record income.

Last year's return was \$55,000. In 1963 when he was appointed, the return was \$10,000.

Next year, should interest rates continue high, the total collected since 1963 will pass the half million mark.

Davis explained that the bulk of taxes is collected in late fall and early winter and money not needed until later in the school year is invested. The same plan is true for other income.

VFD Paper Drive

The paper drive is on for the Verone Fire Department. It will be held May 31. They will try to pick up your paper in the evening. Place your papers on the porch or front lawn. For more information, call Linda Burgess at 408-5166.

ENERGY CONSUMPTION

The United States, with one-sixteenth of the world's population, consumes one-third of the world's energy.

Mr. and Mrs. Dennis Flynn and family; Mr. and Mrs. Asa Rouse and family spent a few days at Friendship, Indiana last week.

John Hetterman entertained his family, Mr. and Mrs. John L. Hetterman, Judy and Susan with an outing at King's Island on Saturday.

VERONA

Mike Robinson has been off work for a few days due to back injury he received at work in a fall.

Mrs. Jean Crouch had a good scare last Friday when lightning hit her car at the front and played all the way across it, spreading sparks of fire. There was no damage done and no one was hurt.

The New Bethel Baptist Church men folk enjoyed an early morning breakfast at the church Sunday morning. They had a good turnout. Their guest speaker was Mr. George Haun.

Mrs. Josephine Robinson and Lisa spent the past weekend in Laurel County visiting friends and relatives. They also decorated graves for Memorial Day.

The Glendell Hicks family spent Sunday visiting the Bonnie Henderson family.

Mr. and Mrs. Bobby Sturgeon had a cookout weekend and entertained their guests, Mr. and Mrs. Lanny Dixon of Walton.

Mr. and Mrs. John Scott have been enjoying their company for the past few days. They have been the Mr. and Mrs. E. E. Cleveland and children of Smyrna, Georgia. Jo Ann even brought her dune buggy and showed it off. Mr. and Mrs. Lester Estep from Withamsville, Ohio were also visitors in the Scott home.

Mr. and Mrs. Tommy Gardien of Norwood, Ohio were visiting Mr. and Mrs. Jessie (Bo) Henderson and family.

Jay Webster has been sick for a few days.

We are glad to report that Fred Elliott and Mrs. Ollie Robinson are home from the hospital.

We have a new club in Verona according to Miss Booher Leak. But I guess you will have to check with her to find out more about it. I think it is just for little girls.

STAFFORDSBURG

Mr. and Mrs. George, Fimmel, Sr., have returned home after spending the later part of winter in Florida.

Mr. and Mrs. Arthur Earl Armstrong have sold their farm in Ohio and are moving to Florida the first of June. They were visiting friends and relatives here before leaving.

Henry Hawkins returned home from the hospital last week and is slowly improving from very low blood pressure.

Lena Pruett is suffering with foot trouble and is unable to walk. Lorena Martin has been moved to the Baptist Home in Newport. She is not showing any improvement.

Sorry to hear of the death of Mrs. Edna Combs. I was one of her old customers when she had a beauty shop on Main Street in Walton.

CARD OF THANKS

Along with the special joy of being home from the hospital after my operation, I want to thank the people that helped make it possible. To my pastor, Bro. Treas, a special thanks for his prayers, visits and words of encouragement; the flowers, cards and visits from my friends and relatives were appreciated more than words can express; to St. Elizabeth Hospital staff and doctors, a big thank you; also thanks to Dr. Waller for his concern before I went to the hospital and since I came home.

God bless each one
—LAWRENCE FARRELL

CARD OF THANKS

The Boone County Unit of the American Cancer Society met on May 15 at the County Health Building with nine members in attendance.

It was reported that the Cancer Crusade was very successful with \$4,925.85 turned in and still some to be added to this figure.

The goal was \$5,500.00. Steve Ziegler, education chairman, reported 2,500 students and 200 adults have been reached with the education program.

The members say thank you to all volunteers throughout the county for a job well done.

ABSOLUTE AUCTION

FRIDAY, MAY 24th 7:00 to 9:00 P.M.

SATURDAY, MAY 25th Beginning at 10:00 A.M.

In the Eilerman Building and the Liberty Theatre Building.
Pike and Madison Avenue — Covington, Kentucky

The Peoples Bank & Trust Co., owners of these buildings, have contracted with us to sell furnishings (attached and detached) in these buildings on the above date.

THERE ARE FIVE LEVELS TO BE SOLD AND WE WILL START IN THE BASEMENT ON FRIDAY NIGHT, MAY 24th at 7:00. AFTER BASEMENT IS ALL SOLD, WE WILL MOVE TO THE SECOND FLOOR. (Nothing on first, third or fourth floor will be sold Friday evening.)

On Saturday we will sell until finished. (Basement consists mostly of metal shelving, display stands, and some old furniture. Come See, Friday Nite, 7 to 9.)

Have you ever admired some of the old furnishings in this building, such as the 2'x6' oak Tressle tables with pineapple ornate pedestal legs? We have several of these to sell. Also several oak octagon tables with pineapple ornate pedestal legs, several maple captain chairs, lots and lots of shelving, display cases of every kind and description, glass sliding door cases, wood storage chests with glass top cases, lighted display cases, slide-away glass door cases, mirrors of every kind.

Wardrobe material, family room supplies, come see. Office supplies, metal desks, wood desks, office chairs, pull-up chairs, check writer, billing machine, metal filing cabinets, picture machine, aluminum chairs, metal shelving of every kind.

Shoe stretchers, hat markers, box hard hats.

Fireside stool, velvet ropes and pedestal stands out of old Liberty Theatre; also colored light bulbs of all kinds. Light fixtures of every description, all floors, including flood lights, rubber runners, rolls of carpet. Two 35mm movie projectors (theatre size.)

In the Liberty Theatre Building, there are seats, piles of marble, stainless steel pieces, projectors, P.A. system, lights, some desks, counters, many others.

Come Friday night and see, then come back Saturday and buy.

Sale of the above in the Liberty Theatre Building will be at approximately 3:00 P.M. on Saturday, May 25th. Be there. Call us to see.

at the RECC Bldg.

The meeting opened with prayer by the President, Ms. Chalmers Ballinger, followed by the pledge to the American Flag. The devotion was given entitled "Mothers Love" taken from Psalms 103:1-5. Everyday should be "Mothers Day" although Mothers Day is a little different from other holidays and special occasions. It is set aside to express our love honor and respect which we hold for them.

Roll call was answered by 14 members. The usual business taken care of, plans for a possible tour was suggested.

Lesson: "Kentucky Personalities"

ties" was given by Mrs. Georgia Rapp and Mrs. Marie Rich. A delicious covered dinner was enjoyed. Birthdays were recognized with gift and Happy Birthday. Mother, Daughter, Grandmother Poems were read. Favors appropriate to the occasion were given.

Those attending were: Mmes. Victor: Domleo, Chalmers Ballinger, H. L. Faulkner, Bess Hill, John Herron, Ethel Mann, Tom Nitschke, Harold Nitschke, Lyda Rees, Georgia Rapp, Latham Wayman, John Shaw, Morris Wharton, Marie Rich, and Miss Zeniffer Nitschke.

WALTON LOCALS

Mr. and Mrs. George William "Ab" Ryan and Debbie spent Saturday in Lexington for the graduation of their son, Gary Russell, from University of Kentucky.

Mr. and Mrs. James Lawrence were recent guests of Mr. and Mrs. Clayton Jones of Hillard, O., for a Cincinnati Reds game.

Ernie Hight is still a patient at VA Hospital in Cincinnati for tests and treatment.

Evan Hance of South Main is a patient in Holmes Hospital, Cincinnati.

Mr. and Mrs. Richard Lawrence and son were in attendance for the wedding of her sister at Versailles, Kentucky Saturday afternoon.

Mrs. Georgia Brown is in Booth Hospital undergoing tests and treatment.

Mrs. Lucy Thornton is still confined in St. Elizabeth Hospital.

Mr. and Mrs. James Gibson just returned from an enjoyable trip through the west and a visit with their daughter and husband, Mr. and Mrs. Rich Myers of Oklahoma.

Mr. and Mrs. Charles Edward Neumeister of Florence were Saturday guests of Mr. and Mrs. Ray Brewster.

FEARLESS FORECAST

R. W. Lancaster

May 23—You will probably wake up with some kind thought this morning while the moon forms a trine to Uranus. Probably be inclined to visit someone sick or elderly or if you can't visit, write. The moon starts the day off in Gemini then goes into the water sign Cancer at 5:08 local time. After supper would be a good time to plant above ground crops or go fishing.

May 24—A good day of so many things if you want to stimulate hair growth, get it cut today or tomorrow. If you plan on making yeast rolls or baking bread, do it today or tomorrow while the moon is increasing in cancer. Trees planted now will give quick growth. Flowers will have a good bloom and any grafting or budding will do exceptionally well. The moon will trine Jupiter at supper so we can expect a jovial good time this evening, and don't forget the fish are rising.

May 25—A fine day to finish anything you didn't get done on Friday as the moon stays in Cancer until 6:38 p.m. local time then enters Leo, a fixed fire sign. If you have any above ground crops to sow or any fishing to do it will be best to complete it before supper.

Sunday—The moon trines Neptune at 8:29 a.m. local time so we should have spiritual vibrations to start this Sunday off. Probably be a good day to rest and visit as the fish won't bite and the signs are wrong for planting.

May 27—A good day to stretch a wire fence while the moon is in the fixed sign, Leo will also move to a new residence if you want to stay put for a while. Poor day for planting or fishing but a very harmonious day for visiting or taking a drive. The moon goes into Virgo this evening.

May 28—A very discordant day is in the making. Saturn will square Pluto at breakfast. The moon will square the Sun in mid-morning and square Neptune at noon. Best to keep quiet during the morning hours. The afternoon would be a good time to get teeth pulled or maybe shop for some new appliances.

May 29—The moon in Virgo increasing in light is said to be a good time to kill weeds and briars and not too late to visit your dentist if you did not make it yesterday. Not a good time to plant but a good time to get ground ready to plant on Saturday when the moon goes into Scorpio.

Decoursey Road, a girl at 3:20 p.m. on May 6.

Jefferson and Sherry Taylor, 745 Stephens Road, Independence, a boy at 3:06 a.m. on May 11.

David and Carol Gambie, 68 South Main, Walton, a boy at 12:21 a.m. on May 17.

Raymond and Betty Sper, R-1, DeMosville, a girl at 12:14 a.m. on May 9.

Phillip and Marilyn Achmann, Maple Tree Lane, Independence, a girl at 3:05 p.m. on May 13.

Ervin and Delores Daniels, R-1, Walton, a boy at 8:29 a.m. on May 14.

—ORDINANCE NO. 1974—22—

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY, CONDITIONALLY ACCEPTING THE BID OF BECKMAN CONSTRUCTION COMPANY, INC., 3148 CRESCENT AVENUE, ERLANGER, KENTUCKY 41018, DETERMINING THAT SAID BID IS THE LOWEST AND BEST BID RECEIVED FOR CONTRACT "A" RELATIVE TO CONSTRUCTION OF THE CITY OF WALTON'S SANITARY SEWER TREATMENT FACILITY, AUTHORIZING, EMPOWERING, AND DIRECTING THE MAYOR AND CITY CLERK, UPON THE RECEIPT OF THE REQUIRED ADDITIONAL FUNDING FROM THE VARIOUS FEDERAL AND STATE AGENCIES INVOLVED IN SAID PROJECT TO EXECUTE A CONTRACT WITH THE LOW BIDDER.

WHEREAS, the City Council of the City of Walton, Kentucky, having heretofore authorized the advertisement for bids for the City of Walton's sanitary sewer treatment facility and said advertisement being published in compliance with the provisions of Chapter 424 of the Kentucky Revised Statutes, and

WHEREAS, in a continued meeting of the City Council of the City of Walton, Kentucky held on the 26th day of March, 1974, in compliance with the said advertisement for bids, and the bid of Beckman Construction Company, Inc., 3148 Crescent Avenue, Erlanger, Kentucky, being the apparent low bidder for Contract "A" with a bid of \$407,240.00, and

WHEREAS, project counsel, and the project engineers of Kral, Zepf, Freitag and Associates have reviewed said bids to determine that the bids submitted comply with the plans and specifications, and with the conditions established in the advertisements for bids, and

WHEREAS, the City Council of the City of Walton, Kentucky, by the passage hereof determines the bid as submitted to be the lowest and best bid received pursuant to the advertisement for bids:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY:

1. That the bid of Beckman Construction Company, Inc., 3148 Crescent Avenue, Erlanger, Kentucky in the amount of \$407,240.00 for construction of the items covered in Contract A of the City of Walton's sanitary sewer treatment facility plans and specifications is hereby conditionally accepted.

2. That said bid received in response to the advertisement for bids is hereby declared to be the lowest bid so received;

3. That acceptance by the City of Walton of the bids of Beckman Construction Company, Inc. in the amount of \$407,240.00 is conditioned only upon the receipt by the City of Walton of sufficient additional funding from the Environmental Protection Agency, Farmers Home Administration, The Department of Housing and Urban Development, and the Kentucky Pollution Abatement Authority to construct the project.

4. That the Mayor and City Clerk, upon receipt of the necessary additional funding as set forth in Item Three hereof, are authorized, empowered, and directed to execute a contract with the said Beckman Construction Company, Inc. for performance of all work as described in the plans and specifications prepared by the project engineers and covered under Contract A, upon receipt of funding commitments from the agency or agencies set forth in Item Three hereof.

PASSED AND APPROVED BY A VOTE OF FIVE MEMBERS OF THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY THIS THE 14th DAY OF MAY, 1974.

Bible Rated As More Popular Than Sex Or Diets

The best-selling book of the year 1973 was not a sex book. It was not a diet book. It was a Bible: The Living Bible. It was the No. 1 hard-back best seller. Dr. Atkins' diet book and The Joys of Sex ran a poor second and third place.

This is the second year running that The Living Bible has soared into the rarified number one best seller slot.

"One million copies were sold in October, another million went out in November, and half a million by the end of December", according to Dr. Kenneth Taylor, president of Tyndale House,

publisher of The Living Bible. Seven million copies were sold during 1973.

The total Living Bible sales adds up to a staggering 13 1/4 million volumes since it was first published in late 1971, said Dr. Taylor.

The book's popularity stems, in part, from the fact that it is written in easily understandable contemporary language.

"The average person's need to understand the Bible has contributed to the phenomenal sale of The Living Bible," observed Dr. Taylor. "The fact that it's published at this time answers that need and insures continued public acceptance by all faiths."

Besides, more than 13 million people must be right.

— ORDINANCE NO. 1974—23 —

AN ORDINANCE AUTHORIZING THE CITY OF WALTON TO BORROW \$5,000.00 SAID MONEY TO BE USED AS OPERATING EXPENSES FOR THE GENERAL FUND.

WHEREAS, The City of Walton is in need of additional monies for the general fund until continuing projects and improvements have received interim funding to reimburse the general fund for expenditures heretofore made;

NOW, THEREFORE, THE CITY COUNCIL OF WALTON, BOONE COUNTY, KENTUCKY, DOES ORDAIN AS FOLLOWS:

SECTION I

That the Mayor and City Clerk are hereby authorized and ordered to borrow the sum of \$5,000.00 to be added and deposited in the City's General Fund to be used for general expenses for said city.

SECTION II

That the Mayor and City Clerk are hereby authorized and ordered to sign evidences of indebtedness on behalf of the City for said loan.

SECTION III

This ordinance shall be in full force and effect when passed and published as required by law
Done this 14th day of May, 1974.

Agriculture

Wendell P. Butler
Commissioner of Agriculture

"A Different Place" is the theme of Soil Stewardship Week which will be observed May 19-26.

An annual observance, Soil Stewardship Week emphasizes the importance of protecting our soil, water and other natural resources. This year's theme seeks to show how the many changes occurring in the nation affect our continuing responsibility to be good stewards of the land.

As we look at our natural resources, the energy crisis is perhaps of greatest concern to most people. While opinions may vary as to just how serious the crisis is, shortages in the supply of gasoline and fuel are cause for common concern.

Soil is a basic resource and must be given special consideration. Where we can seek out new sources of fuel, or new types of fuels, we cannot manufacture more soil. Thus it is imperative that we use our land wisely. If cultivated, land should be protected by sound conservation practices. Land that is not being used for farming should be considered within the bounds of long-range planning.

Farmers have been pioneers in the conservation of our natural resources. Farmers have long recognized the need for saving their soil, protecting the environment and controlling pollution. Thousand of farmers have

cooperated with wildlife interests in the establishment and preservation of wildlife habitats. I think it goes without saying that more and more demands are being made upon our natural resources. There are more people requiring food, fiber and shelter. These people need schools, supermarkets and various other services and utilities. While a lot is being accomplished in the field of conservation and pollution control, a lot remains to be done. Perhaps Soil Stewardship Week will spark or renew interests in that goal.

THOSE IN SERVICE

Airman Danny T. Parr, son of Mr. and Mrs. Bernard H. Parr, 689 Glendale Rd. Grove City, Ohio, and formerly from Ky., has been assigned to Sheppard AFB, Texas after completing Air Force Basic training. During his 6 weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force Mission, Organization and Customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in the transportation field.

He is the grandson of Mr. and Mrs. Henry Parr and Mrs. Helen Martin of Morning View, Ky.

Early-Cut Hay Is Highest In Feed Value

Don't delay—cut your hay. When hay is not cut early a lot of its value as feed-for-livestock is lost. That is pointed out by J. Kenneth Evans, extension forage specialist at the University of Kentucky College of Agriculture.

Evans explains that as forage plants approach seed stage, their digestibility and protein content go down. Maturity brings an increase in fiber content and a loss of many highly-digestible leaves.

Most of the hay harvested in Kentucky is cut too late for maximum quality, Evans points out. So when is the right time to cut hay? The UK specialist recommends cutting grasses such as fescue, orchard grass and timothy at the boot to early head stage. After the grass plants are all headed out, the crop begins to increase rapidly in fiber content and drop in digestibility.

Red clover is ready to cut when the first few plants in the field show blooms, says Evans. Established stands of alfalfa can be cut by May 5-15, or when the first blooms are noticeable. For alfalfa seeded this year, cutting should wait until about the first week in July.

Evans notes that many farmers have a tradition of not cutting hay until they have finished setting tobacco. However, he says that in most years, hay is ready to cut well ahead of tobacco-setting time.

Spring rains are another problem associated with cutting hay early. Beginning about May 1, the National Weather Service

provides a daily report to radio stations on the advisability of cutting hay—and the expected weather conditions for the several days ahead. Checking this information will help in getting hay harvested between rains.

Taylor Mill PTA To Elect Officers

Taylor Mill PTA will hold its May meeting on Tuesday, May 28, at 7:30 p.m.

The Fifth and Sixth Grade Chorus will perform under the direction of Mrs. Renneker. The Sixth Grade Band will also perform under the direction of Mr. George.

Installation of officers will be following the business session.

New officers are Mrs. Donald Wilson, president; Mrs. Daniel Mislter, vice president; Mrs. Elmer Lea, recording secretary; Mrs. Carl Johnson, corresponding secretary; Mrs. Dennis New, the treasurer.

The Art Exhibit will be held in the school foyer. Winners of Council from Kenton County Ribbons will be announced during the meeting.

New 4-H Club Members

The Brairecrest Briddlers held their monthly meeting on Monday, May 13th at the home of the 4-H leader, Mrs. Keeney.

New members and visitors were introduced. The new members are Susan Pierce and Jimmy Mardis; and the visitors were Tracy Pierce, Stacey Littrell and Trina Wesley.

There was a discussion on the pre-area horse show which will be held on June 16 at the Kenton County Fairgrounds.

Two films on cutting horses and barrel racing were shown. Refreshments were served.

CARD OF THANKS

We wish to thank our friends and relatives for the flowers, cards and food and other deeds of kindness shown us during the death of our beloved father (and mother who passed away five years ago.) We also want to thank the pianist and Chambers and Grubbs for their efficient services and consoling words of Bro. Sheffield and Bro. Johnson.

—Greatly appreciated by:
Eck Wallace Family

"Lavender And Old Lace"

Taylor Mill Area Senior Citizens held a meeting on Tuesday morning, May 14, at the Brucewood Presbyterian Church. Hilda Griffith welcomed the group and introduced Rev. Wayne Rice, Taylor Mill Church of Christ, who gave a devotional. "Lavender And Old Lace" was awarded to Miss Ruth Keck and Alma Yates.

Mrs. Flossie Newsom gave a poem entitled "To Honor Our Mothers."

Tables were beautifully decorated by Mrs. Dorothy Ballinger. Corsages were presented to each mother.

Miss Ginny Hoffman from the Senior Center gave a book review—"Upstairs at the White House" by J. B. West.

Those in attendance were: Ethel Gabbard, Jeannette Dorman, Mrs. Carol Keck, Ruth Keck, Marie Rich, Alma Yates, Georgia Rapp, Genny Hoffman, Florence Hoffman, Kenneth Galloway, Sylvia Greenwall, Stella Lloyd, Alice Dorman, H. R. Hutchins, Stella Webster, Little Moesman, Flossie Newsom, O'Ryan Douglas, Ruby Armstrong, Marion Hockes, Walter A. Wolf, John Bruce, Annie Bruce, Leontine Stephens, Dorothy Ballinger, Chalmers Ballinger, Wayne Rice, Leslie Frazer, Hilda Griffith.

Sgt. Patricia Daniel

Re-enlists With Air Force

Sergeant Patricia K. Daniel, daughter of Mr. and Mrs. Charles Mann of R-1, Walton, has re-enlisted in the U.S. Air Force after being selected for career status.

Sergeant Daniel, an illustrator technician at McChord AFB, Washington, was approved for re-enlistment by a board which considered her character and job performance. She is a member of the Aerospace Defense Command.

The sergeant graduated in 1970 from Grant County High School, Dry Ridge.

Her husband, Sergeant Donald N. Daniel, is the son of Mr. and Mrs. Henry Daniel of 1880 31st Avenue Court, NE, Fuyallup, Washington.

To Graduating Seniors of Boone County:

Graduation! A milestone in your life! Many of you will be going on to college. Others will be seeking jobs and careers. There's always the look to the future... whatever you choose to do, there will lie with it varying degrees of responsibility. Part of that responsibility will be financial responsibility. In that regard we can help, as we have helped thousands of Boone Counties.

To each of you graduating seniors we are offering to set up a checking account free of all service charges for six months. We want you as a customer because you

are a part of a community that we have been a part of since 1904. Come in soon. Let us tell you about our many services. And bring in your proper identification so that we can help you set up an account suited to your needs.

You can BANK on us.

Letter To The Editor:

Dear Editor,
As a young citizen of Walton interested in our city government, I would like to express my opinion about our town.

Over the past few years I have listened to my parents, neighbors, and friends complain about our city government, and I feel with a just cause to do so.

Has our new city council accomplished much if any? We still don't have our sewer system that everyone wants. I believe that if any group of people that want something as bad as they say that they do, eventually, will reach their goal with little or no opposition.

Our roads are as bad as ever; the traffic light is totally unnecessary and is not only a nuisance but a menace to drivers as well. Some days its on and some it isn't. Most of all we have inadequate police protection. Unknown to some citizens, we don't have 24 hour city police protection. We have two policemen in a town that needs at least four. This can result in an increased crime rate, not to mention the possibility of an accident resulting in death or great property loss.

As far as a future for young people in Walton, we have little or no future at all unless some drastic changes start to take place soon, and it has to start with our city government.

Sincerely,
Gregory A. Coyle

Horse Disease Controlled By New Vaccine

Safe and effective immunization against rhinopneumonitis—a costly and highly contagious disease of horses—has been announced by Norden Laboratories, Lincoln, Nebraska.

Rhinopneumonitis strikes two ways: as "viral abortion" among mares and as an upper respiratory infection, commonly called the "snots," in susceptible horses. The National Animal Disease Laboratory estimates that 20 per cent of all equine abortions are caused by rhinopneumonitis. While the mare may not even show signs of fetal infection, the "rhino" virus penetrates to the fetus where it multiplies. Abortion occurs when the fetus can no longer function.

When it strikes as "snots," the disease most often occurs in young horses that have not been previously exposed. The respiratory infection can predispose the weanling to other infections such as pneumonia or infectious bronchitis.

Once the rhinopneumonitis virus infects the animal, it cannot be treated. However, prevention is now possible with Rhinomune, a vaccine introduced in 1973. Rhinomune has had an outstanding safety record because it contains modified (non-virulent) virus propagated on an established equine cell line that has been proved free of contaminating agents. Selected animals or an entire stable can be vaccinated without quarantine or the risk of infecting other horses.

Rhinomune is recommended for all horses three months of age or older. Pregnant mares should be vaccinated with two doses, given 4 to 8 weeks apart, between the second and eighth month of pregnancy. For all horses, the initial vaccination with two doses is followed by annual revaccination with a single dose. The vaccine is

available through licensed veterinarians.

Increases Shown In Appliance Purchases

Purchase of most appliances in the Greater Cincinnati area increased in 1973, according to an analysis compiled by the Cincinnati Gas & Electric Company. The top five categories of appliances sold and their totals were—radios, 72,126; color television sets, 58,233; vacuum cleaners, 46,981; refrigerators, 44,706; and automatic washers, 39,577.

The survey covers Hamilton, Butler, Clermont, Warren and parts of Brown counties in Ohio; Campbell, Kenton, Boone and Grant counties in Kentucky; and part of Dearborn and Franklin counties in Indiana. Room air conditioner sales rose to a peak of 47,891 in 1969 and have declined since, falling to 36,978 in 1973. Central air conditioning has increased in the last three years, following a general rising trend, and totaled 17,020 sales in 1973, almost twice the 8,670 figure in 1970.

Furnace humidifiers have shown increased sales over the past few years. Electric house heating was up 48.2 percent to 3,663 units installed in 1973.

Purchase of electric dryers was up to 23,939; freezers, 13,718; vacuum cleaners, 46,981; automatic washers, 39,577; electric water heaters, 8,050; dishwashers, 15,222; built-in electric ranges, 3,379.

YOUR FOOD DOLLAR

Frozen vegetables with sauce or butter added or those bolt-in-the-bag vegetables are usually more expensive than plain frozen vegetables. If you have the time, season vegetables and prepare sauces for them yourself.

Read your local newspaper, the Walton Advertiser.

Don't Waste Springtime Grass

by

DARWIN FOLEY

Kenton County Extension Agent

The tremendous growth of grass which occurs in Kentucky during May and early June is obvious to anyone who drives through the countryside at this time of the year. Kentucky's ability to produce lush and abundant grass is one of the things the state is most noted for. While grass is very valuable to farmers as a source of feed for livestock, many farmers fail to take full advantage of the tremendous growth which takes place in the spring. A lot of valuable cattle feed goes to waste during this time of year, notes J. Kenneth Evans, UK forage specialist.

Many farmers turn their cattle into large fields which produce much more grass in the spring than the cattle need for grazing. The cattle trample and waste a lot of the grass, and although much is not used, there is usually not enough left for making hay.

What can be done to prevent wasting all this valuable feed? Evans' advice is to fence off part of the field, limiting the grazing area of the cattle. Give the cattle only as much area as they can keep grazed back. Fence off the rest of the field, let the growth accumulate, and harvest this ungrazed area as hay.

This doesn't mean you have to put up a permanent woven wire fence. An electric fence with one strand of wire will do the job. In some cases, closing a gate between fields is all that is necessary to restrict a grazing area.

If pastures begin to dry up during hot summer weather, all of the field area can be opened up for grazing. If feed is especially

short sometime in the summer, the extra hay which was harvested from spring growth can be fed.

If pastures provide adequate summer feed, the extra hay can be kept for winter feeding. The important thing to remember is that this extra hay is not available without the restricted springtime grazing. Evans urges farmers not to let springtime pasture growth go to waste this year.

and pick up two pairs of gloves
FREE

We'd like a chance to let you see for yourself how much better electric power can be. Come on in and Ride A Winner—take a demonstration ride on a New Idea Electric Tractor on the date shown below—and we'll give you two pairs of garden gloves, one "his" and one "hers." There's no obligation. Nothing to buy. Free—while the supply lasts.

You'll be amazed at how easy a New Idea Electric Tractor is to operate. How clean it runs. How quiet. It doesn't run on gas. It's powered by heavy-duty, long-lasting batteries that let you mow up to 4 hours on a single charge, depending on the model. To recharge, simply plug into any standard grounded outlet. The New Idea Electric Tractor is a real winner in every way—including price.

White's Tower 4-H Club

The White's Tower 4-H Club was called to order on April 26, 1974 by Sean Dougherty, President. The flag pledges were led by Beverly Hubbs, Vice-president. The minutes of the previous meeting were read by the Secretary, Jay Hellmann. The newspaper report was given by Sheri Fowler, Reporter.

Mrs. Noem and Mrs. Hellmann made the following announcements: The 4-H Club will have

their exhibit at the PFA Meeting on May 16, and there will be a 4-H Fashion Show at 8:00 p.m. on May 24 at Tynenhof Junior High.

Summer camp will be June 24-26 at a cost of \$20.00 plus \$2.00 transportation fee. After the announcements, the groups went to work on their projects.

This was the last working meeting for this school year. The final meeting will be held on May 17, 1974.

Claxon Offers Landscaping Tips-Fruit Trees

Two major trends give reason to take a new look at the use of fruit trees and small fruits in the home landscaping. The first of these is our new attitude about landscaping in general. Landscaping of the home grounds has progressed beyond the mere ornamental decoration of buildings to a concept of creating outdoor spaces for living and enjoyment much like the rooms of a house. Aside from grilling hamburgers, we must provide events in these outdoor spaces which will maintain our interest. Most fruit trees have an extremely showy flowering period followed by a final gesture of splendid fall coloration for most species. If we are to become more involved with our home landscape, then, certainly, picking a bushel of apples or bringing the pruned branches of a cherry tree indoors for winter deserves consideration.

A second major trend is the rejuvenated interest in gardening. Improved methods of processing have made produce more readily available today than ever before, yet more and more we see vegetable gardens being planted, even to the extent of window boxes for apartment dwellers or potted fruit plants for the patio. Only a few years ago the petunia was the number one selling bedding plant, but today the tomato has become the plant purchased by more homeowners than any other bedding plant. One can only guess at the causes of this drastic concern about the use of pesticides; desire to make more meaningful use of the land around our homes; the therapeutic value of producing one's own food. Whatever the reason, fruits, nuts and berries should certainly be included in home landscape garden plans.

Commercial practices, of course,

are directed at maximum yields. The homeowner, however, should be willing to sacrifice a percentage of the harvest for some aesthetic effect. A good example would be strawberries used as a mass groundcover. Through commercial recommendations strive to keep plants in rows spaced with

clean cultivated aisles, strawberries as a landscape ground cover may be allowed to grow very dense for the sake of appearance. In this situation, increased competition among plants will cause a decrease in production.

If Your Phone Rings . . .

The telephone will ring at least once in 3,000 Kentucky households sometime between May 13 and May 24.

If yours is one of those 3,000 phones, don't hang up when the caller, a woman, asks: "Is there a hunter in your household?" It won't be a prank and there won't be an idiot on the other end of your receiver, either.

The call will simply be a part of the Department of Fish and Wildlife Resources' annual telephone survey, one phase of an effort to determine how much game was harvested by Kentucky hunters during last year's hunting season.

If there isn't a "hunter in your household" the call will thank you and hang up.

Should you answer yes, however, she'll ask you to cooperate with the Department by filling out a brief questionnaire about the number of hunting trips, kinds and numbers of game killed.

The questionnaires will be mailed from the Game Management Division and, according to Carl Kays, wildlife biologist in charge of the project, the information gleaned from them will help biologists in recommending lengths of future seasons and bag and possession limits.

All calls will be made between 5 and 9 P.M.

Big Day At Riverfront

What happens when the Big Band Bash meets the Big Red Machine? Entertainment, that's what, delightful musical entertainment.

Les Elgart and Bob Crosby, two of the biggest names in the Big Band field, will present their own versions of concert in the park (the ball park) at Riverfront Stadium prior to a game between the Cincinnati Reds and Philadelphia Phillies on Sunday, June 16.

This unique music-baseball doubleheader will provide a new outlet for the resurgence of the Big Band sound that has captured the attention of people of all ages across the country.

Elgart and Crosby will provide a field full of talent for the 60-minute band concert on the Astroturf at Riverfront Stadium.

We really give you your dime's worth.

And a dollar more to boot!

Yes, we have ten brand new first class postage stamps for every person who opens a bank by mail account* with us.

It's our way of helping conserve energy . . . so leave the car in the garage and let the U.S. Mail do your banking for you. Naturally, almost any account that can be handled over the counter can be handled by mail. Checking, savings, loans . . . many other services, too.

In addition to the dollar's worth of stamps for opening the account, we'll provide you with postage-paid self-addressed envelopes for each and every transaction.

WHEN IS A MAN REALLY FREE? (Acts 26)

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)
(Acts 24:19-32)
History, both religious and secular, is replete with examples and illustrations of those who

free while Herod was a slave to his passions and his fears. Nero was the slave while Paul was God's free man shouting, "I can do all things through Christ which strengtheneth me," in a Roman prison. King James could imprison the humble linker, John Bunyan for preaching the Gospel, but never was a soul more free.

The lesson today looks at a man bound before others, but its easy to see who are the real prisoners and God's free-man.

THE MANDATE

Paul had been in prison in Caesarea for two years. He had appeared before Felix, the governor of Judea. Although Paul was innocent he was held in prison because of the weakness of Felix. Two years later Felix was recalled by Rome and Festus replaced Felix. Paul appeared before him and though he was still not guilty he was not released. Paul's only recourse was to appeal to Caesar in Rome. This he was allowed to do by his Roman citizenship.

Before arrangement was made for Paul to be sent to Rome, King Herod Agrippa II came from northeastern Palestine to visit Festus.

At the request of Festus, Paul was brought before Agrippa.

Paul related his conversion experience to the King. He also related how the risen Christ had commissioned him to bear witness to the small and great.

Paul's joyously continues, "Whereupon, O King Agrippa, I was not disobedient unto the heavenly vision." Paul had received his mandate from heaven and had been faithful in carrying it out. He had proclaimed the message of repentance and called upon the people to turn to God with works which proved the changed life. This was the message the prophets had preached before him.

Paul also preached that Jesus of Nazareth was the fulfillment of the Old Testament prophet's message concerning a suffering Messiah. The Jews expected a political Messiah and rejected Jesus because He did not meet their desires. Paul preached the resurrection of Jesus.

THE MADNESS

As Paul spoke of heavenly visions and resurrection from death Festus thought Paul mad. His conclusion was that Paul's many studies had turned him into madness.

Paul's answer reveals a calmness and self-control unlike that of a mad man.

This incident makes one want to take a closer look at our world today and ask, "Who is mad?" Who are the self-controlled and who are the ones who have gone mad?

Paul recognizes that the king (Agrippa) has knowledge of these things. The things of which Paul is speaking were not done secret. Wise men came from the East to worship the new King Jesus. Christ was crucified publicly. Following His resurrection He was seen of over 500 at once.

Paul pressed Agrippa to make his decision about Christianity. Agrippa's question was likely in derision. Moffatt is probably correct in his translation, "At this rate, it won't be long before you believe you have made a Christian of me." Paul's answer reveals the sincerity and earnestness and earnestness of their prisoner.

Service Men's News

Army Specialist Four Lloyd W. Whitson, 21, son of Mr. and Mrs. Dallas Whitson, Route 1, Verona, was awarded a certificate of achievement while serving with the 7th engineer brigade in Germany.

He earned the award for his superior military knowledge of driving and maintenance ability of military vehicles.

Spec. Whitson is a mechanic

with the 563rd engineer company of the brigade's 563rd engineer battalion in Kornwestheim.

CARD OF THANKS—

How DOES your garden grow?

The mystery of life and growth was one our daughter took for granted... until last summer when she "adopted" a flower bed all her own. Then she began to ask what makes her garden grow.

I once had a course in botany; I thought I knew all the answers. But none of them seemed to register with Mary.

So my wife took over the answering department. God makes things grow! That made much more sense to Mary.

Is it, after all, a contradiction of science to admit that we live in a world full of mysteries... mysteries that happen before our very eyes... mysteries that reveal the wondrous mind of the creator?

At graduation time, we fully realize that our sons and daughters need a spiritual foundation for all other knowledge. They will find it in the Church.

New Drapes For Stage At Twenhofel Junior High

The beautiful new drapes for the stage were up as the PTA met in the auditorium on May 13th at 7:30 p.m. The drapes were purchased by the PTA and student council.

The program was a 'Style Show' by the Home Ec department under the direction of Mrs. McNeely and Mrs. Wagner. The students had a wonderful display of hand-made articles.

The Industrial Arts Department had a display of woodwork and wrought iron articles. This was under the direction of Mr. Holbrook and Mr. Bromback. These articles were all beautifully done and the students and teachers are to be commended.

New officers installed by Mrs. Joseph Gadd were: Mrs. Gerald Martin, president; Mrs. Robert West vice president; Mrs. Charles Garner, recording secretary; Mrs. Gerald Pinnell, treasurer; and Mrs. Harold Clayton, corresponding secretary.

Simon Kenton Y-Teens Club Banquet

The annual Simon Kenton Y-Teens' Mother-Daughter Banquet was held Thursday, May 9. After the meal was served, new officers were installed. They are: Robin Pettit, president; Diane Cooper, vice president; Patty McClanahan, secretary; Susan Campbell, treasurer; and Diane Gauck, reporter.

Senior members presented a 'fashion show' with clothes which either they or their mothers had made.

The president gave this year's sponsor, Miss Brown, a gift as a token of the girls' appreciation. Miss Brown then gave Jane Hale the 'outstanding member' award.

Notes of Servicemen

Army Private Raymond J. and John E. Sexton, whose parents, Mr. and Mrs. Elmo Sexton, live on Route One, Verona, completed eight weeks of basic training at Ft. Jackson, S.C.

They received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Raymond's wife, Brenda, lives at 828 Limaburg Road, Hebron.

A CRUISE DOWN THE POTAMAC RIVER was to Mt. Vernon, home of the First U.S. President, was part of the week's activities for 252 Kentucky 4-H'er's, adult 4-H leaders, and Extension agents who attended the Kentucky 4-H Older Youth Conference in Washington, D. C., April 13-19. Shown here on the boat are those from Boone County—(left to right) Lisa Bowling, 413 Mt. Zion Road, Florence; Vicki Maddox, Walton-Verona Road, Verona; Steve Wills, Boone County Extension agent for 4-H and Kathy Lanter of Union.

DEATH

Mrs. Edna Fortrieher Combs, 76, of 17 Park Avenue, Walton, died last Wednesday afternoon at the Baptist Senior Citizens Home in Independence. She had been in failing health for some time and entered the home on Monday after a stay in the hospital.

Survivors are her husband, Clarence Combs, stepdaughters, Mrs. Katie Jackson, and Mrs. Virginia Scalf of Covington.

Services were Friday afternoon at Chambers and Grubbs with the burial in Highlands Cemetery.

Theodore G. Broderlow, 73, of 145 McCullum Road, Independence, died Tuesday, May 14 at Butler Rest Home.

He was retired in 1966 from Interlake Steel where he worked as a machinist.

Survivors are his wife, Pauline; a daughter, Mrs. Paul Mathauer, Okeana, O.; son, Paul G., Toronto, Canada; three grandchildren; a sister, Mrs. Jeannie Ackerman of Cincinnati.

Funeral Mass was Saturday morning at St. Cecilia Church. Chambers and Grubbs were in charge of arrangements.

Kathleen Eggleston, 19, died at 4:30 p.m. on Thursday, May 16 at her Cherokee apartment, of a gunshot wound.

Mass was at St. Cecilia Church in Independence with Chambers and Grubbs in charge.

Survivors are her parents, Mr. and Mrs. Howard Eggleston of Independence; brothers, William, Florence, John of Independence; sisters, Mrs. Helen Webster, Erlanger, Mary Jo, Barbara, Frieda, Dorothy, Joyce and Christine all at home; grandparents, Mrs. Helen Schoborg, Independence, and Mrs. Hazel Eggleston of Hebron.

Boone Road Improvement

Transportation Secretary James E. Gray has announced that he has authorized road improvements for the intersection of U.S. 25 and Industrial Road in Florence.

The project calls for the construction of left turn lanes on all four approaches to the intersection. The construction project, which is estimated to cost \$32,550, is to be accomplished by state personnel using Bureau of Highway equipment.

The estimated completion for the project is December, 1974.

Little Miss Kenton County Contest Now Open

Applications are now being taken for the 'Little Miss Kenton County Fair' contest. Girls between the ages of 3 and 8 years old and residents of Kenton County are eligible to enter.

The contest will be held Tuesday, August 13, 1974, at the Kenton County Fair Grounds on Taylor Mill and Harris Pike in Independence, Ky.

There will be six age groups and each girl will be judged individually. She will be judged on beauty, poise and personality. Applications are available now and must be completed and returned by July 22, 1974.

You can get your application by writing to Peggy McEntire, 5925 Wynola Drive, Independence, Ky., phone 356-7785.

Save while you bake and broil!

Cooking is one of the major energy users in most homes so you should know that top-of-the-range cooking costs more than oven cooking in the long run. Surface units are on the whole time they're in use. But an electric oven is on for only part of the time it's used. It uses less energy because it cuts off when the right temperature is reached, and its insulation holds heat in. You also can warm foods and plates in an already heated oven without using more energy.

Electricity is too good to waste!

Announcement

Mellayne Rector Myers

The family of Mellayne Rector Myers wishes to announce his graduation from the University of Louisville School of Medicine. He plans to begin family practice residency at St. Elizabeth Medical Center, Dayton, Ohio in July.

On Dean's List

The following students have been named to the Dean's List at Western Kentucky University: Martha Baker Ferguson, Union; Michael Allen Gray, Florence; Deborah Lynn Love, Walton; and Johnny Lewis McIntosh, Flor.

Bank Honors Seniors

Graduating seniors of Boone County have been offered a six months free checking account by the Florence Deposit Bank. Harold Campbell, Executive Vice-President, noted that students showing proof of graduation shall be entitled to this as part of the community-service efforts of the personnel of the bank believe in and take part in.

"We are all part of the same growing community," he said. "We hope in this way to assist the graduate, whatever his or her future endeavors."

Graduates may either stop in at the bank, 7000 Dixie Highway in Florence, or call 371-0534 for information.

Women's Club To Meet

The June meeting of the Walton Women's Club will be held at the Walton Christian Church on Wednesday June 5th at 2:00 p.m.

Blue Mold In Tobacco Plant Beds

Blue mold was a widespread problem in tobacco beds last year, and is likely to cause damage to some beds this year. Blue mold is a fungus disease which is spread by wind-blown spores, according to J. H. Smiley, extension tobacco specialist at the University Kentucky College of Agriculture.

Smiley says that during dry weather, the first sign of the disease is likely to be the yellowing and stunting of a group of half-grown plants. No other symptoms will appear unless the weather becomes wet. When that happens, the disease may spread to other parts of the bed, causing large yellow blotches on the leaves of plants about ready to be set.

During the cool, damp periods, the leaves may collapse rapidly so that plants appear scalded. A dense, downy, bluish mold appears on the lower surface of the leaves in the scalded areas. In severe cases during wet weather, the leaves rot and make a stinking mass of plant material. However, if the infection is mild and there are no dark areas on the stems near the ground, the plants may be set in the field with little danger of their dying.

Smiley says control measures for blue mold are usually not necessary in Kentucky. However, in areas where severe outbreaks are occurring, blue mold can be prevented by spraying or disk with man's zineb or ferban. Directions for treatment with these materials are available from local county extension agents.

Blue mold sometimes overwinters in tobacco beds which have been infected with the disease. Therefore, Smiley urges growers to disk such beds and sow them with summer legumes, which should be plowed under in the fall.

Visalia Open House

Ms. Beatrice Steinhauer, principal of Visalia School, is retiring at the close of the school year. Mrs. Steinhauer has been an employee in the Kenton county school system for thirty-four years, thirty-three of which she has been at Visalia.

Open house will be held at the Visalia School, on June 2, from 1:00 to 3:00 p.m.

WALTON PARADE SCENES

MEMBERS OF THE JOHNSON-McELROY POST NO. 277 LED THE PARADE DOWN MAIN STREET IN WALTON MONDAY MORNING.

ALSO PARTICIPATING IN THE BAND WAS THE WALTON-VERONA MARCHING BAND.

Other participants in the parade were members of the Legion Auxiliary; Brownie Scouts, Knothole Baseball teams; Walton Volunteer Fire Fighters and Auxiliary; 4-H Club members and their ponies; plus the honored "gold star" mothers; legionaires; and other dignitaries.

Rollo-Webster

Donna Gail Rollo

Mr. and Mrs. Ralph V. Rollo, Edgewood, announce the engagement of their daughter, Donna Gail, to Flmer R. Webster, son of Mr. and Mrs. Lewis V. Webster, Walton.

Miss Rollo is a graduate from Northern Kentucky Area Vocational School of Practical Nursing.

Webster is a graduate of Pittsburgh Institute of Aeronautics and American Flyers in Ardmore, Okla. He is employed by Overseas National Airways, based in Wilmington, O.

The wedding will be June 22 at Immanuel United Methodist Church, Lakeside Park.

Beacats Win In Baseball Tournaments

The Walton-Verona Beacat baseball team played well during the district and regional tournaments and were eliminated from state competition in the final regional game.

The Beacats advanced to the regional play with easy victories in games played at Grant County. Their first victory in regional play in Newport was against Owen County.

In their second game they defeated a strong Boone County squad by a score of 9-5.

The Holy Cross Indians gave them a 7-4 loss and will represent this region in state competition.

Coach John Scherper had much praise for all the team members who played with the display of a well-coached team.

Milk Bottle Memories

The familiar rattle of milk bottles in the milkman's basket became little more than a memory. For not only have the old glass bottles given way to plastic and paper containers, but the neighborhood milkman is fast disappearing from the American scene.

Back in the mid-1930's as much as three-fourths of all fluid milk was delivered directly to consumers' doorsteps — usually from nearby dairies. But by the mid-fifties, milkmen were delivering just over half our milk, as dairy products became more accessible in stores, and the costs of home delivery, compared with store delivery, steepened.

The steady decline in home milk delivery accelerated to an average 2.4 percent per year following 1965. Latest figures show that less than a fifth of our milk now arrives via the milkman.

Stepped-up store sales have accounted for nearly all the decline in sales on home delivery routes. Total sales by all types of stores jumped from a third of the total in the early fifties to nearly two-thirds in the early seventies.

Walton Seeks More Sewer Project Funds

from the Ky. Post

The City of Walton has asked \$800,000 more from the Environmental Protection Agency for its long-awaited sewer project.

EPA has approved a federal grant of \$350,120 for the project. Formal application was made to an EPA office in Frankfurt by William Clark, senior associate with Krsi, Zeph, Freitag and Associates of Cincinnati, project engineers.

Additional increase in construction cost has necessitated the additional funding according to Mr. Clark.

The original project was funded under EPA law which said that they would pay 65 per cent of eligible cost, which includes sewage treatment plant, major lines to plant, most pumping stations and force mains.

Bids submitted in March were \$1.2 million higher than the estimated \$1.3 million cost.

"But the estimate was based on 1971 figures," Clark said, who has talked with EPA authorities at regional headquarters in Atlanta. They have indicated that money is available and pretty well have assured the project will be funded, according to Clark.

Deadline for bids on the \$2 million project to begin is July 26.

Clark said the city has acquired all the voluntary easements and title opinions of life stations.

The city also has gotten approval of a Farmers Home Administration loan of \$1,095,000; \$154,600 grant from Kentucky Pollution Abatement Authority; and \$252,700 grant from Housing and Urban Development Department.

A restraining order against the project in 1971 was dismissed in 1972 and 92 per cent of the \$25 residents signed a petition in favor of a sewer system.

Residents must pay tap-in fees of \$190,000 and the average monthly bill is expected to be under \$13.00.

Ben Hall At Burlington

Ben K. Hall, a contact representative of the Human Resources Veterans Service Section will be present on June 15, 1974, 9:00 to 11:30 a.m. at the courthouse in Burlington to assist veterans and their dependents with claims for benefits due them as a result of their military service.

Wa-Na Club To Meet

Wa-Na Club will meet Thursday June 6 at 6:30 p.m. at Quality Inn in Covington. It is going to be a dinner meeting and officers will be installed for the following year. Reservations are to be made in advance.

Homemaker's Variety Sale

The Oak Island Homemakers Club will hold its Annual Variety Sale, Saturday June 7, 7:30 p.m. at the home of the club's president, Mrs. Betty Goebel, Moffett Road. Friends are invited to attend.

The club's regular meeting will be a covered dish luncheon, Monday June 3, at 11:30 a.m. at the home of Mrs. Goebel. Leaders for the project, "Today's Entertaining" will be Mrs. Mary Jackson and Mrs. Betty Rucker.

Military Graduate

William Williams

Cadet William Williams of Independence is among the 47 seniors and 37 Junior Schoolers who received diplomas at Missouri Military Academy's 85th Anniversary Commencement exercises.

Missouri Military Academy is a school for boys in the 1st through 12th grades. Its program is primarily college preparatory.

Cadet Williams, son of Mr. and Mrs. Charles Carter, Indep., will receive a Junior School diploma.

Captain John Lillard, DAR Hold Meeting

The May meeting of the Captain John Lillard Chapter DAR was held at the Owen County Library Community Room, with Mmes. Paul Blacketer, Kenneth Green, T. A. Perry, Robert Darsie, Kate Barnes, and Miss Mary K. Shipp as hostesses. The decor of the room was beautifully carried out with the luncheon being delicious and artfully served. At this time appropriate Mother's day music was beautifully sung by Mrs. George Stock with Miss Mary K. Shipp at the piano.

Miss Martha M. Blaine, opened the meeting with the ritual, Pledge of Allegiance to the Flag, American's Creed and the Star Spangled Banner.

Mrs. Charles Z. Alphin gave excerpts from "Proclaim 'Liberty Throughout all the Land,'" by Mrs. Henry S. Jones the New President General. Mrs. Jones says that we must renew our faith in ourselves, our history and our country by

'WILLING WORKERS MEET
 The Willing Workers group of the Walton Christian Church met Thursday, May 23, at the home of Mrs. Walter Whitson. Mrs. Ruby Woods served as co-hostess.

Those present were Mesdames: Lillian Acree, Dan Bedinger, Lulu Huey, Ruby Woods, John Campbell, John Gault, Mr. and Mrs. W. Hugh Fulton, Mr. and Mrs. W. W. Rouse, Rev. and Mrs. Richard Harris, Miss Rachel Acree, Miss Mary West and the hostess Mrs. Whitson.

A delicious covered dish dinner was served at noon.

The business meeting and an interesting program followed the dinner.

Mrs. W. W. Rouse gave a very thought provoking devotional from Ecclesiastes on devotion of the family. She read several poems on "What is a Mother?" She depicted a mother as a symbol of sympathy, wisdom, love, trust, and confidence. A father is one often too little understood, but is one who stands as a protection and a bearer of happiness to the family. She stressed the fact that life depends on things we share.

The meeting was dismissed with a prayer by Mrs. Harris.

Elvis Presley at State Fair
 Elvis Presley the King of Rock and Roll has signed to appear in concert at the Kentucky Fair and Exposition Center's Freedom Hall for one show only Wednesday, June 26, at 8:30 P.M.

Officials at the Kentucky Fair and Exposition Center have been working with Colonel Tom Parker, Presley's legendary manager, since Elvis' sell-out appearance in Freedom Hall November 7, 1971, to secure a return date. The return engagement of the most popular and successful Rock and Roll of all time might have come sooner, but the world-wide demand to see Elvis in person bound him with other commitments.

Tickets are priced at \$10.00, \$7.50 and \$5.00. Mail orders will be limited to a maximum of ten (10) tickets. There will be no group sales.

Each mail order must be accompanied by 50 cents for handling, a self-addressed stamped envelope and a certified check or money order. No personal checks will be accepted.

Requests for tickets should be mailed to the Kentucky Fair and Exposition Center, P. O. Box 21178, Louisville, Ky. 40221.

clinging to the moral, spiritual, and constitutional values. Only by this method can we hope to stay on freedom's road. Miss Lou's Flege gave the Flag report. Mrs. Robert C. Hume gave a report on the Bicentennial project.

Miss Blaine announced that the June meeting will be held at Town and County, P. Mitchell on June 8, 1974 at 12:30. Reservations must be in to Miss Blaine by Wednesday, June 4. Guest privileges are extended.

Reports from the 83 Continental Congress in Washington were given by Mrs. Jennie Poor, who highlighted the opening night.

Mrs. Ivan Clements told of the exciting tri-state reception given by the daughters of Kentucky, Ohio, and Michigan.

Miss Laura Dickerson told of her installation as Vice President General, Giving the 15. State Regent Report. States are placed according to the number that they were admitted to the Union. All delegates reported that the highlight of the Congress was President Nixon's address.

Members and guest present were Mesdames: Charles Alphin, J. W. Bennett, Glenmore Bennett, Zayda, Clone, W. O. Blackburn, B. C. Cotton, Ivan Clements, Edward Eskew, Ambrose Feldman, Abrah Hedges, Charles Hudson, Robert C. Hume, O. A. Fields, Roger Lanter, Daniel Lusby, Jennie Poor, Alva Randsall, K. H. Smith, Paul Blacketer, Thomas E. Wilson, Dr. Lenore Chipman, Kenneth Green, T. A. Perry, Misses Mary K. Shipp, Laura Dickerson, Louise Flege, Elizabeth Flege, Martha M. Blaine, Mmes. Robert McMurtrey of Lexington, Robert H. Davis of California, Francis Beverly, Leonard Waincoat, and H. T. Riley of Owenton.

The following officers were installed by Miss Laura Dickerson. To serve the chapter 1974-1977 are Regent, Mrs. Charles Z. Alphin; Vice Regent, Miss Martha M. Blaine; Chaplain, Miss Elizabeth Flege; Recording Sec., Mrs. Ivan Clements; Corresponding Sec., Miss Louise Flege; Treasurer, Mrs. Alva Randsall; Registrar, Mrs. Winston Mason; Historian, Miss Louise Conrad; Librarian, Mrs. Roger Lanter.

Methodist and Boys' State Meet at ECU in June

The Kentucky Conference of the United Methodist Church will return to Eastern Kentucky University for its 104th annual session June 4-7.

About 1,000 ministers and lay delegates are expected to attend the meeting of the Kentucky Conference, composed of 600 churches in the eastern half of the state. The presiding bishop is Frank L. Robertson, Louisville.

Also on the ECU campus, the 88th consecutive session of Blue-

grass Boys State, an operation in simulated government sponsored for high school boys by the American Legion, will be held June 1-7.

More than 450 Boys' State citizens from over the state and their counselors are expected to participate in mock city, county, and state governments, including a boys' state legislature, following elections for high offices.

The 36th Stephen Collins Foster Music Camp for high school musicians will be held at Eastern June 16 to July 13. The camp annually attracts about 150 young musicians from about one dozen states.

A CHURCH'S WITNESS (1 Thessalonians 1)

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

Henry Ward Beecher said, "Some churches are like light-houses, built of stone, so strong that the thunder of the sea cannot move them - with no light at the top. That which is the light of the world in the church is not its largeness, not its services conducted with pomp and beauty, not its music, not the influences in it

that touch the taste or instruct the understanding: it is the Christlikeness of its individual members."

What, then, is it to be like Christ? It is to know that one is on mission from God to a lost world.

The church, to be the church, must bear witness to the way of existence in the world. In other words, she must prove her right to exist. This she does by her witness to the world.

To the Church

I Thessalonians was probably the first book of the New Testament written. It was written by Paul, the Apostle of Christ, about 50 or 51 A.D. or about two decades after the ascension of Christ.

Thessalonica was a great city. It had always been an important city. There is an important city there today by the name of Salonika. East and west converged on Thessalonica. The coming of Christianity to this city was a very crucial day in the making of Christianity a world religion.

Paul and his companions, Timothy, and Silas had great success in this city. They stay in the city was short. Because of jealousy on the part of the Jews, they were forced to leave. They went to Berea and from Berea Paul sent Timothy back to Thessalonica to see how the young converts were holding up under the Persecution.

Timothy and Silas rejoined Paul in Corinth. When Paul received the news of the progress and difficulties the church was having he wrote them this letter.

Paul sees the church in Thessalonica as being in God and Christ. The church there belongs to God and Christ. Paul's greetings are expressions of God's best for them. Grace is God's work in the human heart. Peace is the condition of man's heart when God's grace has done its work. Notice that grace and peace have their origin in "God our Father, and the Lord Jesus Christ."

For the Church

Paul and his companions are thankful to God for all of those in the church. As the apostles to the Father in prayer, it is their habit to make mention of the Thessalonian Christians.

Paul has many compliments for the church there. He remembers their work. Which was produced by their faith. They did not work in order to be saved, but their faith caused them to do good. They also labored as a result of love which God had shed abroad in their hearts by the Holy Spirit. They loved and labored in a patience produced by their sure, steadfast, God-inspired hope.

Paul saw them as people whom God had called and they had made the proper response. "Election" here means that God had taken the initiative in their salvation.

The Gospel had not come to them in word only, but also in power, and in the Holy Spirit, and in deep conviction. The apostles knew the source and the power of the Gospel they preached.

By the Church

The church had gone into action right from the start. They became followers of the Apostles and of the Lord Jesus. They had been persecuted but the joy of the Holy Spirit made them able to bear it.

BIT-N-SPUR 4-H CLUB

The Bit-N-Spur has been very busy the last two months.

In the month of March, we had a paper drive. Also in March, we had four members do demonstrations. Elaine Campbell and Debbie Ryan gave a demonstration on Showtime in the Senior Division of Animal Science and received blue ribbons. John Benton Jr. Animal Science, Beef Records, blue ribbon. Mike Benton, General Facts About a Guitar, blue and champion. Mike Benton gave his demonstration at area and received a red ribbon.

Back in 1951, the Franklin automobile featured many things that were different from competitors, to make it a better car for comfort, luxury and easy riding. The one feature that put the Franklin up front in the automobile industry, was the development of the direct-air cooling system. With this system, there was nothing to freeze and nothing to overheat.

THE BANK OF CRITTENDEN
CRITTENDEN, KENTUCKY
"THE FRIENDLY BANK"

a whole new world

"Hey! Come bicycling with us tomorrow!"
The latest bicycling craze may be sweeping the land, but some aren't so enthusiastic:

"Haven't been on a bike for years!"
"I get all the exercise I want working in the garden!"
"Bikes are for kids!"

These skeptics should try cruising down a country road where the smell of haystacks, hyacinths or magnolias sweetens the air, or experience the warmth of open playgrounds, the coolness of tree-shaded streets, the unblurred faces of neighbors. It's a whole new world.

There's another new world inside the doors of your neighborhood church. But some hesitate here too:

"Haven't been to church in years!"
"I get all the religion I want just communing with nature!"
"Church? That's for women and kids!"

What do you say? Are you ready for a new world, a new life? Then come to church Sunday—and step in.

Kenton County Garden Club

The Kenton County Club members hosted the May 16 meeting, Thursday evening at the R.E.C.C. Building, Nicholson, Ky.

Miss Elma Taylor installed the 1974-75 club officers with appropriate comments and quotations. She presented each officer a small potted plant as a symbol of her interest in flowers and of her officer's duties. The officers are: president, Mrs. Inez Straw; vice-president, Mrs. Audrey Gouge; secretary, Miss Alice Jane Williams; and treasurer, Mrs. Lora Nell Damon.

A devotional was given by Mrs. Audrey Gouge. With biblical quotations and comments, she listed the many untaxable riches of a

Christian. She closed with prayer.

Mrs. Straw introduced the guest speaker, Mr. Darwin Foley, Kenton Co. Agriculture Agent. His informative talk, illustrated with slides and charts, was on gardening. He discussed the preparation of the garden plot, fertilizers, compost pile and weed and insect control. A question and answer period followed his talk.

Members and guests present besides Mr. Foley were: Mr. and Mrs. Chalmers Ballinger, Miss Margaret Stephens, Elma Taylor and Alice Jane Williams. Misses Nellie Damon, Kathryn Guttridge Lucille Hall, Audrey Gouge, Alice Lucas, Flossie Newsum, Mildred Popp, Inez and Alma Yates.

Mrs. Hall and Mrs. Straw

served homemade cake and coffee during a social hour following the meeting.

The June 27 evening meeting will be at the home of Mrs. Straw 47 McCullum Rd., Independence. The topic will be "Roses."

Missionary Society Meets

Mrs. Eula LaFollette was the hostess for the May 1 meeting of the Goshen Christian Missionary meeting at the church.

Mrs. Esther Glenn, president, conducted the meeting with prayer given by Esther.

Roll call was answered by the members giving a Bible verse that contained the word "Baptism" or "Baptize."

The Sunshine report showed 108 cards had been sent out and 18 visits made to the sick.

Discussion and plans were made to send a case of orange juice to summer camp.

A very nice luncheon followed the business session.

The lesson in the afternoon was in the book of Acts with Mrs. Nannie Cliff Fish, as program leader. All ladies took part.

Those present were: Mesdames Esther Glenn, Ruth Worthington, Rachel Daniels, Lillian Elliott, Nannie Cliff Fish, Mary Cook, Eula LaFollette and Miss Ruth Piner.

The program leader for June will be Eula LaFollette with Nannie Cliff Fish as hostess. Answer with the word "fruit."

Special Education Closes

Five schools in southern Kenton County will get special education classes during the next school year according to plans approved by the State Department of Education.

Word was received by Supt. Don Davis who said the state will support the programs financially.

Under tentative plans worked out by George Edmondson, director of curriculum, units will be placed at Ryland Heights, Piner and Kenton Elementary Schools and at Simon Kenton High School.

In all, Kenton County will have 23 special education units, including aid for children with speech on hearing defects.

The federal government also has given the Kenton County system approval to hire two additional remedial reading teachers, thus enabling the system to aid approximately 200 more children. The remedial reading staff will include a total of six faculty specialists.

Les Elgart

THE BIG BAND SOUND comes to Riverfront Stadium on Sunday, June 16 when the Cincinnati Reds present Les Elgart and his band along with Bob Crosby and the Bobcats in a fabulous pre-game entertainment show. The Reds meet the Phillies at 2:15. The two bands will entertain for 90 minutes before the game. Both are leaders in the current revival of the big band sound.

—RESOLUTION NO. 1974—22—

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY, CONDITIONALLY ACCEPTING THE BID OF BECKMAN CONSTRUCTION COMPANY, INC., 3148 CRESCENT AVENUE, ERLANGER, KENTUCKY 41018, DETERMINING THAT SAID BID IS THE LOWEST AND BEST BID RECEIVED FOR CONTRACT "A" RELATIVE TO CONSTRUCTION OF THE CITY OF WALTON'S SANITARY SEWER TREATMENT FACILITY, AUTHORIZING EMPLOYING AND DIRECTING THE MAYOR AND CITY CLERK, UPON RECEIPT OF THE REQUIRED ADDITIONAL FUNDING FROM THE VARIOUS FEDERAL AND STATE AGENCIES INVOLVED IN SAID PROJECT TO EXECUTE A CONTRACT WITH THE LOW BIDDER.

WHEREAS, the City Council of the City of Walton, Kentucky, having heretofore authorized the advertisements for bids for the City of Walton's sanitary sewer treatment facility and said advertisement being published in compliance with the provisions of Chapter 424 of the Kentucky Revised Statutes, and

WHEREAS, in a continued meeting of the City Council of the City of Walton, Kentucky held on the 26th day of March, 1974, in compliance with the said advertisement for bids, and the bid of Beckman Construction Company, Inc., 3148 Crescent Avenue, Erlanger, Kentucky, being the apparent low bidder for Contract "A" with a bid of \$407,240.00, and

WHEREAS, project counsel, and the project engineers of Kral, Zepf, Freitag and Associates have reviewed said bids to determine that the bids submitted comply with the plans and specifications, and with the conditions established in the advertisements for bids, and

WHEREAS, the City Council of the City of Walton, Kentucky, by the passage hereof determines the bid as submitted to be the lowest and best bid received pursuant to the advertisement for bids:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY:

1. That the bid of Beckman Construction Company, Inc., 3148 Crescent Avenue, Erlanger, Kentucky in the amount of \$407,240.00 for construction of the items covered in Contract A of the City of Walton's sanitary sewer treatment facility plans and specifications is hereby conditionally accepted.

2. That said bid received in response to the advertisement for bids is hereby declared to be the lowest bid so received;

3. That acceptance by the City of Walton of the bid of Beckman Construction Company, Inc. in the amount of \$407,240.00 is conditioned only upon the receipt by the City of Walton of sufficient additional funding from the Environmental Protection Agency, Farmers Home Administration, The Department of Housing and Urban Development, and the Kentucky Pollution Abatement Authority to construct the project.

4. That the Mayor and City Clerk, upon receipt of the necessary additional funding as set forth in Item Three hereof, are authorized, empowered, and directed to execute a contract with the said Beckman Construction Company, Inc. for performance of all work as described in the plans and specifications prepared by the project engineers and covered under Contract A, upon receipt of funding commitments from the agency or agencies set forth in Item Three hereof.

PASSED AND APPROVED BY A VOTE OF FIVE MEMBERS OF THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY THIS THE 14th DAY OF MAY, 1974.

ANNA MAE SIMPSON, CITY CLERK

Beechgrove Homemakers.

It was a lovely day when the Beechgrove Homemakers met at the home of Mrs. Alice McHale Thursday May 16th with Mrs. Pat Blanton as co-hostess.

Spiritual guidance was given by Mrs. Leicher, who read a poem entitled "The Great Magician." This poem told of things around us that only God could take care of or change. During the business meeting Mrs. Andres read an article from the May Readers Digest, pertaining to health, on Biofeedback. This is a new technique where the power of the mind is becoming an effective medical tool in "turning off" pain or newing muscle function. After a delicious luncheon the members enjoyed Mrs. Loretta Stierling telling of various things she saw during her recent trip to Hawaii and some of the islands.

The lesson, "Kentucky Personalities" was given by Mrs. Ruth Powers and some additional "tidbits" were given by Mrs. Minnie Leicher. Mrs. Powers showed us a book entitled, "Kentucky's Pictorial History." This book contains many pictures of frontiersmen and early pioneers. Various phases of past and present Kentucky history are also portrayed in this book.

Many members brought in the Betty Crocker coupons to be turned over to Riverside-Good Counsel

School to help pay for a swimming pool for those "special" people. We wish to thank all the people who contacted some of our members and donated quite a number of coupons. Besides saving the Betty Crocker coupons, we have learned that Krogers sales slips are now being saved to benefit those having Cystic Fibrosis.

The nineteen members present were: Ann Wolsing, Ruth Ann Andre, Lovetta Stierling, Pat Blanton, Judy Spegal, Margaret Dickson, Betty Skelton, Joan Ellis, Connie Schneider, Henrietta Endres, MariAnn Scheper, Ruth Powers, Carrie Hall, Georgiana McHale, Ruth Kelly, Hazel Kummer, Alice McHale, Minnie Leicher and Ronnie Mutsch.

After the meeting, a white elephant sale was held with our auctioneer.

The next meeting will be held at the home of Mrs. Ruth Andre on June 20th. Remember to bring the Betty Crocker coupons and your Kroger Company sales slips so we can help two worthy causes.

IS YOUR SUBSCRIPTION PAID?

Comprehensive Care Meet

Elected representatives from each of the eight counties in the Northern Kentucky Comprehensive Care agency have been notified of the annual meeting set for June 10.

Dr. J. E. Willett, executive director of Region Seven, reported the session will be held at the Boone County Club, Route 18, west of Florence. The meeting at 8:30 p.m. will be preceded by a social hour.

In addition to the business meeting, Willett said, there will be an

election of officers for the coming year.

Counties in the region include Pendleton, Grant, Owen, Gallatin, Carroll, Boone, Kenton and Campbell.

Reservations are to be made at the regional office, 430 Garrard Street, Covington, by June 3.

—RESOLUTION NO. 1974—21—

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY CONDITIONALLY ACCEPTING THE BID OF SCHWEITZER CONSTRUCTION COMPANY, INC. 325 CLARK ROAD, CINCINNATI, OHIO 45215, DETERMINING THAT SAID BID IS THE LOWEST AND BEST BID RECEIVED FOR CONTRACT "B" RELATIVE TO CONSTRUCTION OF THE CITY OF WALTON'S SANITARY SEWER TREATMENT FACILITY, AUTHORIZING EMPLOYING AND DIRECTING THE MAYOR AND CITY CLERK, UPON RECEIPT OF THE REQUIRED ADDITIONAL FUNDING FROM THE VARIOUS FEDERAL AND STATE AGENCIES INVOLVED IN SAID PROJECT TO EXECUTE A CONTRACT WITH THE LOW BIDDER.

WHEREAS, The City Council of the City of Walton, Kentucky, having heretofore authorized the advertisement for bids for the City of Walton's sanitary sewer treatment facility and said advertisement being published in compliance with the provisions of Chapter 424 of the Kentucky Revised Statutes; and

WHEREAS, in a continued meeting of the City Council of the City of Walton, Kentucky held on the 26th day of March, 1974, in compliance with the said advertisement, and the bid of Schweitzer Construction Company, 325 Clark Road, Cincinnati, Ohio 45215, being the apparent low bidder for Contract "B" with a bid of \$2,110,100.17; and

WHEREAS, project counsel, and the project engineers of Kral, Zepf, Freitag and Associates have reviewed said bids to determine that the bids submitted comply with the plans and specifications, and with the conditions established in the advertisements for bids, and

WHEREAS, the City Council of the City of Walton, Kentucky, by the passage hereof determines the bid as submitted to be the lowest and best bid received pursuant to the advertisement for bids:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY:

1. That the bid of Schweitzer Construction Company, 325 Clark Road, Cincinnati, Ohio in the amount of \$2,110,100.17 for construction of the items covered in Contract B of the City of Walton's sanitary sewer treatment facility plans and specifications is hereby conditionally accepted.

2. That said bid received in response to the advertisement for bids is hereby declared to be the lowest bid so received;

3. That acceptance by the City of Walton of the bid of Schweitzer Construction Company in the amount of \$2,110,100.17 is conditioned only upon the receipt by the City of Walton of sufficient additional funding from the Environmental Protection Agency, Farmers Home Administration, The Department of Housing and Urban Development, and the Kentucky Pollution Abatement Authority to construct the project.

4. That the Mayor and City Clerk, upon receipt of the necessary additional funding as set forth in Item Three hereof, are authorized, empowered, and directed to execute a contract with the said Schweitzer Construction Company for performance of all work as described in the plans and specifications prepared by the project engineers and covered under Contract B, upon receipt of funding commitments from the agency or agencies set forth in Item Three hereof.

—WE BUILD YEAR ROUND—

ALL-STAR BALLOTING BEGINS

Balloting by fans to pick the starting lineup for the 1974 All-Star Game has begun at Riverfront Stadium. The voting period will continue through July 7.

Ballots will be passed out to fans at all Riverfront Stadium home games during the election period. They may also be obtained at Cincinnati Reds ticket agencies and at most retail outlets where Gillette products are sold. Six Cincinnati players are on the ballot, catcher Johnny Bench first baseman Tony Perez, second baseman Joe Morgan, shortstop David Concepcion, third baseman Dan Driessen and leftfielder Pete Rose.

There is also space on the ballot for write-in candidates, such as Merv Rettenmund who is not listed.

The 1974 All Star game will be played in Pittsburgh on July 23.

Train-Truck Accident Saturday Afternoon Hospitalizes Locust Street Family of Three

A Walton family miraculously escaped death Saturday afternoon as their new Ford pickup truck was struck by a southbound freight on the Southern Railroad at the Locust Street crossing.

Howard Smith, 56, his wife, Lucille, 47, and her daughter, Tracey Alphin, age 10, were hospitalized following the accident which flipped the truck upside down into a drain ditch along the tracks. Mr. Smith was said to have received severe head injury and his wife possible back and neck injury. Tracey was treated for multiple scrapes and bruises and shock. They were all hospitalized at St. Elizabeth where they were taken by the Walton Life Squad members.

The new truck was demolished in the accident.

It was at this same crossing in March of 1967 that Mrs. Smith, then Mrs. William "Jack" Alphin, lost a 10-year-old son, Albert Eugene Alphin when the pickup truck in which he was riding with his father and sister was struck by a train.

Following an investigation by Kentucky State Police at the scene, the freight continued on its journey, the truck was removed from the scene, and friends and spectators returned to their Saturday afternoon chores. The Smiths reside at 28 Locust Street, just four houses down the street from the crossing.

This is one of several crossings in town that has only signs to indicate a railroad crossing.

Local Artist Speaks To Women's Club

Local artist, Anneliese Wahrenburg, was the featured guest speaker at the Owens County Women's Club on Tuesday, May 28. She gave an interesting talk as to how many people look but never truly see. In addition, an exhibition of some of Anneliese's paintings was viewed.

Following this brief presentation, Mrs. Wahrenburg did a complete oil painting while the business meeting was held. Needless to say, everyone, including the president of the club, was more interested in the painting demonstration than club business. The entire group sat spellbound on the edge of their seats or stood along the wall in order to catch a better glimpse of a work of art being created.

At the completion of the club meeting, Mrs. Wahrenburg presented the painting to one of the ladies present.

Bike Inspection June 22

The Boone County 4-H Club and Boone County Knights of Columbus are holding a bicycle inspection and rodeo at 9:30 A.M. to 2:30 P.M. on Saturday June 22nd at Walton-Vernon High School. Prizes donated by Ryan Hardware Co. of Walton.

California . . . Here We Come!

Shown in the above photo with Stan Jones, local IGA manager, are the winners for the "Walton IGA Jet Journey to the Stars", Alexa Johnson, 11, daughter of Mr. and Mrs. Tommy Johnson of 93 North Main, Walton, and Roger Neumeister, 11, son of Mr. and Mrs. David Neumeister, Walton, Route One.

Some of the highlights of their all-expense-paid trip will be Disneyland, a tour to Universal Studios, Marine Land, Japanese Village, Knott's Berry Farm, Cars of the Stars Museum and a major League baseball game. They will leave for California on July 22nd.

Winners of the trip to Kings Island are Margaret Ryan, Leonard Hobbs, David Noel, Darwin Darlington, Pam Warren, Deana Poore, Lyndy Cook, David Beach, Charles Kosturich, and Dale Smith.

Walton Police Force Has New Member, Hines

Hines' newest member of the police force is John Hines, 27, of Florence. He began his duties last week.

Mr. Hines' face will be familiar to many Walton citizens as he was formerly employed at Rinks as a Security Guard.

He is married and has one small son.

Chief Melvin Collins and Patrolman Glenn Howard are happy to be assisted by Mr. Hines.

LOCAL DENTIST

Dr. John I. Gray II, son of Dr. and Mrs. John I. Gray, Moffett Road, Morning View, Kentucky, has returned home following a tour of duty with the United States Coast Guard Public Health Division of Dentistry at San Francisco, California.

Dr. Gray and his wife, the former Donna Jean Stahl, will reside on Donaldson Road in Boone County. Both are former graduates of Simon Kenton High School at Independence, Kentucky.

On June 3, 1974, Dr. Gray entered private practice with a group of dentists at the Florence Medical Arts Building, 7621 Dixie Highway, Florence, Kentucky.

Dr. Gray is a 1973 graduate of the University of Kentucky Dental College.

4-H WINNERS

"LOOK, SEE AND SEW" was the theme of Kenton County's Annual 4-H Fashion Revue on May 24. Above are pictured (left) Gloria Kunkel, 15, and Debbie Schulte, 15, the two models who were selected to represent the county at the State 4-H Fashion Revue in Lexington on July 15-17. Gloria is modeling her advanced dress unit and Debbie her mix-match outfit. Also this evening, Michelle Maddox, 13, was selected 1974 Over-All Clothing Champion on her sewing ability. Four-H Council chairman for the event were Mrs. Mary Lou Kalk, Mrs. Judy Heeger, and Mrs. Virginia Noem.

Art Student Wins At Villa Madonna Exhibit

Suzanne Deters, 16, daughter of Mr. and Mrs. Charles Deters, of Green Road, Walton, recently competed in an Art Show at Villa Madonna Academy.

She won the following divisions in oil painting:

First Place—Landscape;
Third Place—Landscape;
Second Place—Still Life.

Suzanne is presently a student at Anneliese's Art Studio.

Vacation Church School

Daily Vacation Bible School begins Monday morning at The Walton United Methodist Church.

EMERGENCY 2-586-6500

As of June first, Boone County has a new emergency alert system for fire or ambulance service for six of its departments.

A central dispatch system is now being used with headquarters in Burlington.

Members of the six various departments—Walton, Burlington, Bellevue, Hebron, Union and Petersburg—have Piectron monitors, most of them portable, to receive an emergency call for their area.

In preparation for this improved system, Walton Volunteer Fire Department has installed a new set of electrical power cabinets and have purchased 25 monitors which the members are paying for out of their own pockets.

A 24-hour daily dispatch service is provided for all the county.

The new phone number for an emergency call is 586-6500. A tone-alert is transmitted to the monitors which may be set to receive all county calls or just the local demands.

Color-coded phone stickers are to be distributed throughout the participating areas to provide an immediate phone number to use.

Walton area residents will use the prefix "2" in placing an emergency call, such as

2-586-6500

Rummage Sale Planned By Vols

Doing your Spring cleaning? Don't know what to do with those small appliances and old furniture that will be replaced?

Donate them to the Walton Volunteer Fire Department Sale which will be held June 15 at the picnic grounds on High School Court.

This rummage sale will be held in mid-afternoon with Charles Webster as the auctioneer.

Piano Recital Sunday Afternoon

The public is cordially invited to attend a recital program June 9th at 2:30 p.m. at the First Baptist Church, Walton, presented by pupils from the class of Burdette F. Powers.

Those appearing on the program are: Eugene Parsons, Robb Scott, Lisa Oliver, Todd Porter, Louis and Sandy Whaley Marcus Roland, Pam Lockhart, Kim Rul, Lee Royce, Lori Miller Rebecca Rouse, Susie McIntire Barbara Alphin, Christina Atkins, Luann Cook, Debbie Flynn, Cindy Barker, Barry Oliver, Debbie Evans, Debbie Flynn, Lisa Maddox, Lisa Scroggins, Karla Porter, Michele Stephens, Annette Price Dawn Montgomery, Patty Lockhart Julia Glacken, McIlina & Kathy Chance, Carolyn Brewer, Rhonda Rhodes, Rannetta Reed, Shirley Stephenson, and Susan Cooper.

"Like Father - Like Daughter"

Guy O. Carlisle

Connie Jo Carlisle

Most family stories relate to father-son and mother-daughter, but these honors came to a Walton father and his daughter.

In 1945, 29 years ago, Guy O. Carlisle, son of Mr. and Mrs. C. O. Carlisle, was president of his class at Walton-Vernon High School and was named winner of the "I Dare You Award."

Connie Jo Carlisle, daughter of Mr. and Mrs. Guy O. Carlisle, was also president of the senior class at Walton-Vernon High School class of 1974, and has been named recipient of the "I Dare You Award." Congratulations are in order to this father and daughter.

R. V. Lents' Autobiography

The Walton Advertiser printed and Mackie Bros. Cincinnati, bound the copyrighted Autobiography of R. V. Lents, of Florence. The book has 192 pages and about 150,000 words. It is bound with green hard back binding, and the title and the author's name is printed with gold letters on the front cover and spine.

Before the book could be bound with hard binding to Mr. Lents' specifications, thirty-two pages of the book had to be printed on one large sheet of paper, allowing space for his specified amount of margin for each page. Mr. Lents complimented the Walton Advertiser for being the only printers within a radius of fifty miles of Cincinnati except in Cincinnati that had the facilities to print his book so it could be bound to his liking. Mr. Lents was also proud to have given the Walton Advertiser the largest printing contract the publisher ever received.

The history of Mr. Lents' life could be called a Kentucky history, but it goes further than that. He has traveled in Mexico, Africa and Europe, about 100 Kentucky counties, and more than half of the States in the Contiguous United States. He has also taught in Kentucky public schools forty-six years and substituted five more years for absent teachers. He also aided in organizing the Boone County Fair forty-two years ago and has continued on the Fair Council all of that time.

Mr. Lents has accomplished many worthy records, which his book will narrate, that probably will never be bettered. He has been the first in the state to start some projects that have continued for a half century.

Anyone that ever knew or heard of Mr. Lents will want to read one of his books. He has written it in simple language with enough facts and facts to make his book interesting. Once a person begins reading the book, he will want to continue.

The book is educational, as Mr. Lents tells about events that were never in a history book or newspaper. He dug up a lot of facts and published them that you have never heard about.

To receive a copy of the book, send \$6.00 which includes tax, postage, and packing to:

R. V. Lents, Box 4, Florence, Kentucky 40402.

Or get one at his residence at 1 Lloyd Avenue, Florence.

They are not for sale in stores unless a store whose owner is a friend of his and is selling them without profit.

Feed Grain Signup Still Important For 1974

"Although there are no farm set-aside payments, farmers can still benefit from sign-up this year," said Jim Sheldon, CED of the Kenton County ASCS. Farmer sign-ups and certification can be completed in one step. Certifications start immediately (anytime after crops are planted) and must be certified by not later than July 15. If any of the following crops are raised, the Feed Grain Allotment will be preserved by simply certifying to the total cropland devoted to such crops.

(Total crops must equal 90% of the Feed Grain Allotment.)

1. Tobacco
2. Vegetable garden
3. Oats (harvested as grain)
4. Soy Beans (harvested for beans)
5. Hay (being processed)
6. Pasture (if use at present time)
7. Wheat (turned under by May 30th)
8. Corn

Idle farms may sign up and forfeit payments to preserve allotments also.

Acresage certification in the wheat and feed grain makes farmers eligible for benefits that include allotment preservation and eligibility for commodity loans. The program also offers a new disaster payment provision. The Department of Agriculture, under certain conditions, will make payments for prevented planting and for yield losses due to bad weather or other natural disasters. Disaster payments cover wheat, feed grain and upland cotton only.

APPRAISAL & CERTIFICATION NECESSARY FOR CROP DISASTER PAYMENTS

When disaster strikes a program crop, and the farmer chooses not to carry the crop through to harvest, he must first report the disaster to the county office of the ASCS.

Secondly, the farmers must request an appraisal to establish his eligibility for payment under the disaster provisions of the Cotton, Feed Grain and Wheat Programs. The county ASCS office may decide that an appraisal is unnecessary when the damaged or destroyed crop acreage is in excess of applicable allotments.

Mr. Sheldon says once an appraisal completes a damage evaluation, and the acreage is released, the farmer may devote the acreage to other uses. Certification of program crops is still important this year for disaster benefits. Producers who harvest program crops, such as wheat, before certification, will find that crop ineligible for disaster payments.

RABIES CLINIC

A rabies clinic will be conducted at the Walton Fire Department, 11th and Walnut, June 11th by the Boone County Health Department. The time is 2:30 to 3:30 p.m.

Local & Society

Mr. and Mrs. Lawrence Wilson had as guests on Saturday, Mrs. Pat King and children of Cynthiana and Mrs. Mary Rorer of Lexington.

Mr. and Mrs. Charlie Mike Holder of Findlay, Ohio, were the weekend guests of their families, Mrs. Helen Chance, and Mr. and Mrs. Charles Holder.

Mr. and Mrs. Preston Hedges of North Main St. Walton, spent a weekend in Martinsburg, Georgia visiting their daughter and family, Mr. and Mrs. Albert Hatton. They also attended the eighth grade graduation of their granddaughter. Three of the Hatton children are spending a vacation at the Hedges home.

Charlie Brewer, father of Mrs. Mae Farris is home from the hospital and is doing nicely.

Mrs. Georgia Greene spent several days last week with her mother, Mrs. George Henry of Warsaw at Both Hospital where Mrs. Henry had surgery.

Mr. and Mrs. Herman Phillips of E. Lebanon Maine were visiting relatives here over Memorial Day weekend.

Mr. and Mrs. Dennis Smith and sons were visiting his parents, Mr. and Mrs. John Taylor, Sunday afternoon.

Juergen Steinmetz of Daytona Beach, Florida, a former resident of Verona, visited this past week with his aunt and her husband, Ameliese and Heinz Wahrenburg.

Mr. and Mrs. Roy Hale and

HOUSEWARMING PARTY

A surprise Housewarming Party was given Sunday afternoon for Mr. and Mrs. Clarence Sturgeon of Beaver Road.

Guests were Mrs. Agnes Farrell, Misses Pauline & Beatrice Flynn, Mr. and Mrs. Lebus Stephenson; Mrs. Fannie Adams; Mr. and Mrs. Donald Sturgeon and Paul; Mr. and Mrs. Roy Sharpe and children; Mr. and Mrs. Robert Moore and Melissa; Mrs. Elvora Sturgeon; Mr. and Mrs. Carl Alexander and family; Mr. and Mrs. Chester Sturgeon; Mr. and Mrs. Hubert Clemons; Mr. and Mrs. Walter Clemons and family; Mr. and Mrs. Carl Brownfield; Mr. and Mrs. Harold Sampson and Gary; Mr. and Mrs. Foster Straub; Mr. and Mrs. Earl Straub.

Staffordsburg

We see a few pieces of tobacco set but the rainy weather is preventing those who have plants large enough to set. We hear complaints of blue mold in plant beds.

An old saying—the last three days of the month tells what the weather will be like the next month. Should this be true, we will sure have a wet June. Let's watch and see if this is true.

Mr. and Mrs. Russell Dougherty; and Walter Maddox were Sunday afternoon guests of Mr. and Mrs. Dawson Ballinger.

Mr. and Mrs. Kline Gordon were Sunday evening callers at Dawson and Alberta; Chester and Gloria Ballinger. They had been to the cemetery and always stop by when near here.

Mr. and Mrs. Clyde Richardson have moved in their new home. Their son, Clyde Jr., of Elizabethtown visited them one weekend.

BIRTHS

Frank and Angeline Ensminger, R-2, Frogtown Road, Walton, a girl at 12:08 p.m. on May 30.
 Albert and Shirley Hopper, 89 High Street, Walton, a girl at 9:09 a.m. on May 28.

family of Catalina Drive were visiting their families in London, Kentucky over the weekend.

Ernie Hight came home from the VA Hospital Monday afternoon after a months stay for treatment.

Mr. and Mrs. Charlie Allen of Louisville and Helen Duncan of Brookport, Illinois; and Mr. Andrew Henry were Saturday guests of Mr. and Mrs. W. W. Greene.

Miss Rhonda Robinson has been visiting in Florida.

Memorial Day weekend guests of Mr. and Mrs. Richard Howard were Ralph Howard of White's Tower; Mr. and Mrs. Bill Ryan and family; Mr. and Mrs. John Ryan; and Mr. and Mrs. Bill Binder of White's Tower. Saturday callers were Mr. and Mrs. and Blanford of Covington.

Sunday dinner guests of Mr. and Mrs. Chester Sturgeon were Mr. and Mrs. Donald Sturgeon and Paul.

Mr. and Mrs. Harold Banta of Latonia; Mrs. Dorothy Masters of Lexington; and Mrs. Jesse Callen attended the graduation of Mrs. Callen's grandson, Ricky Banta, at Warsaw on Sunday evening.

Neil Masters of Lexington visited his brother and family, Lonnie Masters on Sunday and he also called on Mr. and Mrs. Fred Jones.

**When Words Fail Us We Still Have
 Recourse To The Beautiful
 Thoughts Of Famous Poets,
 Philosephers and Writers.**

Mild and gentle as he was brave.
 When the sweetest love of his life he gave
 To simple things; where the violets grew
 Blue as the eyes they were likened to.
 The touches of his hands have strayed as
 reverently as his life have played;
 And he pitied as much as a man in pain
 A writhing honey-bee wet with rain.
 Think of him still as the same, I say
 He is not dead — he is just away.

THE MESSAGE AND THE MESSENGER

(By Professor Earl Clark, Clear Creek Baptist School, Pineville, Ky.)

(1 Thessalonians 2:1-13)
Hudson Taylor shares with us his experience in this statement: "God said to me, I am going to evangelize inland China, and if

you will walk with me I will do it through you."
The Apostles Paul must have had some kind of an experience like that with God. It seems that

God had decided to evangelize the world and Paul wanted it done through him.

His Manner

Paul calls upon the members of the church in Thessalonica to think back to the time he, Timothy, and Silas had entered their city. Had their entrance been empty and unfruitful? They had only to reflect a moment on this, God's Spirit had accompanied the message and the messengers. Many of the city's leading citizens had responded favorably from the start. Many had been saved and were now bearing fruit.

The apostles had suffered beatings and imprisonment at Philippi. They had been shamefully treated there just prior to their coming to Thessalonica. Lesser men would have abandoned the work. Paul and his companions allowed it to bring the best out in them. They waxed bold in their God to speak the Gospel of God to the Thessalonians.

They had used persuasive speech in their preaching, but it was correct and issued from hearts that were clean and pure. They had been tested and approved of God to carry the good news of the Gospel. This being so, they spoke forth the Gospel as directed and approved by God, with no effort to please men.

His Motive

Paul had no reason to try to impress men. God had sent him and it was God only who could prosper his journey. He reminds the Christians that not one time had the apostles used fair words to gain influence. Nor had they used a cloak of cleverness, which probably refers to a special pretext to conceal their real motive. Paul was willing for God to be witness to the truthfulness of his statement.

His motive was not to seek their approval or the approval of any other man. The apostles could have used their authority as apostles but they refused to do that. They chose rather to be gentle, warm, and affectionate toward them. They respected the right of each individual to be a person created in the image of God. Paul refused to lord it over anyone. Instead, he reminds them that he and his companions were pleased to impart unto them not only the gospel, but also themselves. They did this because the Thessalonian Christians were very dear unto them.

Further proof that the motives of the messengers had been proper was shown in their manual labor. They had worked with their hands night and day so they would not need to take anything from those to whom they ministered.

His Ministry

Again the apostle calls upon them to be witnesses, and God also, how they had carried on their work among the people. They had separated themselves unto God and His service. They had constantly endeavored to do that which was right. They had behaved themselves in an irreproachable manner.

They had ministered to each one separately as a father with his children. They had exhorted them to right conduct. They had encouraged them in words of comfort. They had charged or testified to them the truth of God. Their goal had been to lead them to a worthy walk with God.

The apostles found occasion to rejoice in the way they had been received and in the manner in which their message had been received not as the word of men, but as it is in truth, the word of God, which worketh in you that believe.

Bible Question: "Is it true that the book of Job is the oldest book in the Bible?"

Answer: The setting of the story of the man Job is very ancient but there is very much internal evidence in the book which indicates that it is really one of the later books of the Old Testament.

Would you like to be able to go to a retreat like this when you are worried—a place where you could alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments, and everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

WOULD YOU
BELIEVE IT...

By "RED"

Back in 1951, the Franklin automobile featured many things that were different from competitors, to make it a better car for comfort, luxury and easy riding. The one feature that put the Franklin up front in the automobile industry, was the development of the direct-air cooling system. With this system, there was nothing to freeze and nothing to overheat.

Soybean Planting

Plant full-season soybean varieties. Stick with full-season soybean varieties, even for late planting. That is the advice of extension agronomists at the University of Kentucky College of Agriculture. They say a full-season variety adapted to your area should be used for seeding up to July 1. A soybean variety that is earlier in maturity for your area may be used for extreme late planting.

On ECU Dean's List

Local students named to the Dean's List for the 1974 spring semester at Eastern Kentucky Univ. are; Deborah R. Jacobs, Rosemary A. Henik, both of Walton, and David S. Smith of Independence.

To attain the list, a student must make a scholastic average of 3.5 or better for 14 or more semester hours.

This week the league is honoring the Walton Christian Church Women's Softball team. This team won the 1971 Runner-Up Trophy. The roster consists of the following ladies: Layna, Dayna, Jayna and Mary Cheesman, Hettie Taylor, Nancy Adams, Donna Sparks, Patsy Marsh, Lee Ann Scott, Mary Beth Rouse, Annette Perkins, Elaine Campbell, Fannie Thorpe, Sandy Glenn, Beth Scott, Renee Huey, Karen Denstler, Sandy Berkshire, Becky Gibson and Gwen Milner. Layne Cheesman is the manager and is assisted in coaching by Rev. Ira Richard Harris who is the pastor of the Walton Christian Church.

The league invites the public to join in the fun every Tuesday evening at the Verona and Walton ball fields.

Miss Rice Is Hostess

To Coop. Club Meeting

The Cooperative Club met at the home of Miss Delores Rice, May 13, at Florence, Ky. The club opened by singing "Onward Ever Onward." The club read the Homemakers Creed. The president brought the lesson, "Kentucky Personalities." The people discussed were Simon Kenton, General John-Hunt Morgan and Henry Clay. Mrs. Porterfield led the devotion by reading Matthew 11:28. She also read a reading, "Living Just For Today." There were eighteen members present and three visitors. A nice lunch was served and enjoyed by all.

Airman John Bronkhorst, son of Mrs. Joan A. Muth of 30412 Walton Nicholson Park, Walton, Ky., has been assigned to Chanute AFB Ill. after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Chanute for specialized training in the civil engineering mechanical and electrical field.

Airman Bronkhorst attended Colerain High School, Cincinnati. His wife, Donna, is the daughter of Mrs. Dorothy Singer of 3534 Edvera Court Cincinnati.

Oak Ridge Homemakers

The Oakridge Homemakers met at the home of Mrs. Nieta Everman on Tuesday, May 21. Mrs. Toni Jones, the president, had charge of the business meeting. Mrs. Ron Thompson gave the lesson on "Kentucky Personalities."

Those present were: Doretta Cummins, Lula Slaughter, Alma Yates, Ellen Monson, Bernice Fennell, Shirley Stephenson Patti Delmes, Tonya Jones, Frances Gauck, Theresa Willenberg, Rosie Thompson Sina Kennedy, Eller Everman, Nieta Everman and guest, Virginia Lipscomb.

Protect Your Dog

Protect your dog from distemper. Spring is the time when dogs often visit other neighborhoods and other dogs, and are active in running, playing and fighting. Young dogs may not be accustomed to the strenuous exercise and exposure to other dogs which may be carrying disease. The body resistance of young dogs to infection may be lowered. When they are exposed to older dogs which may be carriers of distemper, the younger dogs may get the disease and die.

Bill Wise, extension veterinarian at the University of Kentucky College of Agriculture, says all dogs over four months of age should be immunized against distemper. He says the best way to get your dog immunized is to contact your local veterinarian.

**Friendship Night
At OES Meeting**

Friendship Night and presentation of twenty-five year pins were presented at a special meeting recently. Those received 25 year pins were: Ruby and Woodrow Worthington, Ruth and Oatsy Worthington, Ruby F. Afterkirk, Georgia Cornelius, William Casey Viola Elliott, Kathryn and Walter Roden, and Gladys Fennell. Presentation was made by Alice Carroll, P.M. of the Chapter.

Fiskburg Chapter No. 334 OES and the Fellow Craft Club of Wilmington Masonic Lodge 262 will sponsor an auction on Saturday, June 8, at the Wilmington Lodge. We extend a welcome to all. Come out, meet all your friends. Lunch will be served. Be seeing you.

**4-H Club Members
Are Active All Year**

The 4-H Club of White's Tower Elementary School has had a very successful program this past year. The classes are held during school in the cafeteria. There were six project divisions chosen by the students. They were—food, bicycle, home furnishings, electric, clothing, and entomology, electric. The fourth, fifth, and sixth grades participate.

The finished projects were exhibited at the May PTA meeting. All those shown received blue ribbons.

The 4-Hers may also enter their projects in the Kenton Co. Fair. The leaders are very pleased with the results of this year's program, for the 4-H provides a great learning experience for all these children who work so hard to complete their projects.

—DEATHS—

EDWARD F. EGAN, 51, died at his home on May 29, shortly after 1:00 a.m. of a cardiac arrest. He had been in failing health for the past two years.

Mr. Egan more recently was employed as a carpenter and was superintendent on the Ida Spence Housing Project in Covington.

Since moving to Walton in 1957 he was an active member of the Walton Volunteer Fire Department and was their "Santa" for several years.

Ed and Nellie, his wife, opened the Forget-Me-Not Florist in 1973. Survivors include: his wife, a son Edward of Covington; three daughters, Miss Alice Lynn Egan of Cincinnati, Mrs. Sue Farrow of Ft. Mitchell, Mrs. Nellie Briggs, Walton and one grandchild; four brothers, Robert of Cincinnati, Tom and Earl of Covington and Ted of Florence.

Services were held at Chambers and Grubbs on Friday evening and at All Saints Church Saturday morning. Burial was in St. Mary's Cemetery, Ft. Mitchell.

MONROE BEN DALLAS, 73, of 5775 Wilcox Road died at 7:15 Monday morning, May 27th at his home.

For 32 years he was employed with Sohio Oil Refinery. He has more recently been a part-time employee of Don Meyers Sanitation Company.

Mr. Dallas was a member of Hickory Grove Baptist Church. Survivors are his wife, Sally Sisson Dallas; two sons, Brian of Elizabethtown, N.J., and Zane; 3 sisters, Mrs. Dollie Bowman, Indianapolis, Ind., Mrs. Ruby Corathers, Lafayette, Ind., Mrs. Maggie Dyer, Lafayette, Ind.; two brothers, Riley of Salem, Ind. and Odie of Lafayette, Ind.; five grandchildren; two great-grandchildren.

Services were Thursday morning at Chambers and Grubbs in Independence.

FEARLESS FORECAST

R. W. Lancaster

June 6—A good day to plant late potatoes, onions, carrots or other root crops. Also a good time for spraying and chopping weeds. Start weeding now and you will have the job done before the moon starts to increase in light. Also good fishing this evening.

June 7—The Moon makes a good aspect to Jupiter this morning so you will start the day off smiling, anything you didn't get done yesterday you can finish today. The morning hours would be especially good to look after any legal matters you have been putting off.

June 8—A good Saturday to get a lot of work done. The Moon goes into Aquarius at noon so the afternoon would be a good time for painting or setting fence posts also pouring cement or shingling. The old folks say if you cut hay in this sign the leaves shatter less. If you get nervous or irritable after lunch just be patient as the Moon is in opposition to Mars and will pass out of orbit in a couple hours.

June 9—This could be the most important day of the year for you. The Moon in the fixed sign Aquarius decreasing in light. The right day to start shedding excessive weight and get rid of bad habits. If a person is sincere about going on a diet or quitting some bad habit like smoking, start today and your chance to succeed in your endeavor will be well above average.

June 10—Moon is still in Aquarius and makes a good aspect to Uranus at noon. You will probably get a shot of ambition to finish what you started on Saturday or Sunday. Today is not too late to start that diet and if you pour some cement or set a few posts, you will be a few pounds lighter today.

June 11—A good morning to buy new shoes if you want a good fit. Plant potatoes, carrots, beets or any other below ground crops and you will reap a good harvest. If you are planting bulbs for seed do it today. The fish will bite today and you will be exceptionally hungry tonight.

June 12—If you have been wanting to buy some particular thing at a bargain, be at that place of business between 11:30 a.m. and noon today. The moon will form a trine to Saturn during that period and the advantage will be on the side of the buyer. Between 9:00 and 10:00 a.m., the seller will have the advantage. The fish are still biting today and it is still a good time to plant root crops.

THINK ABOUT US FOR HOME INSURANCE

Sure, you've heard of the Homeowners Policy. It's been around for years.

What you probably aren't aware of is that our agency can now offer you a Homeowners Policy that's broader and better than ever. For instance, important extra features are now provided without added charge . . . including free \$1,000 of credit Card and Depositors Forgery coverage.

We have available four different package policies for homeowners, and one of them is right for you and your particular protection needs.

When it comes to Homeowners Insurance, think about us. We'll be pleased to talk things over, so just give us a call or mail the handy coupon.

—RESOLUTION NO. 1974-26—

A RESOLUTION PROPOSING A RESURFACING AND WIDENING OF ALTA VISTA DRIVE, TO BE STAGED IMPROVEMENT, IN THE CITY OF WALTON, KENTUCKY.

WHEREAS, it appearing to the members of the City Council of the City of Walton that Alta Vista Drive is in a condition of ill repair, and

WHEREAS, the condition of Alta Vista Drive is deteriorating, and WHEREAS, City Council deems it necessary and in the best interest of the City that Alta Vista Drive be resurfaced and widened; NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WALTON, BOONE COUNTY, KENTUCKY, DOES RESOLVE AS FOLLOWS:

SECTION I

It is hereby proposed that Alta Vista Drive from its intersection with existing paving on Dixie Highway S 58-15 W 204 feet and S 42-51 W 1044 feet be improved by revising the approach to the Median, widening each lane of the existing paving at Medians 18' and resurfacing the entire street with three inches of Bituminous Paving.

SECTION II

This proposed improvement is declared to be a necessity.

SECTION III

This proposed improvement is to be a staged improvement along with the sewer improvement, water improvement, and additional improvements deemed necessary by the City Council of the City of Walton.

SECTION IV

The entire costs of this improvement is to be assessed exclusively to the owners of the benefited abutting property, unless state funding can be obtained to aid in the financing, and in that event, the costs to be assessed abutting property owners will be proportionately reduced.

SECTION V

This resolution shall be in full force and effect when passed and published as required by law.

Done this 23rd day of May, 1974.

**Simon
Kenton
F. H. A.**

Among the 800 Future Home-makers of America members and home economics teachers attending the 29th Annual State F.H.A. Meeting on the Western Kentucky Campus, June 4-6 there will be four from Simon Kenton High School. Those attending are Virginia Brock, Charlotte Detert, Cyndi Willenborg and Mrs. Robert L. Abell.

"F.H.A. In Tune With The Times" will be presented by the ten State Officers as the theme for the meeting at the opening session on Tuesday evening. Special emphasis at this year's meeting will help delegates become familiar with 17 different careers. Local F.H.A. Chapters will present a summary of activities they have carried out for the Bi-Centennial Celebration.

Speakers for the meeting will include Dr. Dero G. Dowling, Western Kentucky University President, Miss Mary Bill Vaughan, former state director of home economics education, Shelbyville and the Rev. Bob W. Brown, Pastor, Trinity Baptist Church, Lexington. The State Homemakers Degree which is the highest degree of achievement will be conferred on 270 F.H.A. members Thursday morning. Receiving degrees from here will be Cyndi Willenborg, who is also a candidate for State Historian.

Awards Are Presented At Kenton PTA Meeting

Kenton Elementary PTA held their last meeting of the school year May 16, at 7:30 p.m.

Awards were presented in all areas. Mr. F. D. Caton presented Spelling awards to Danny Mullins second runner up to Kim Long; Art and Mental Health, April Works; third place in 6th District in Art, Scott Turner; third place in Northern Kentucky Conservation poster contest, Bill Bruckner; and third place in Conservation Essay to John Medley.

Mr. Spaw presented awards in the Science Fair contest, Miss Weaver to Library workers and Mrs. Hillard to students in the President's Physical Fitness awards.

Officers for the coming school year were installed by Mrs. Ray Baldwin, President, Mrs. Jack Land; Vice President, Mrs. Robert Meyers; Recording Secretary, Mrs. Gary Bishop; Corresponding Secretary, Mrs. Terry Barnes; and Treasurer, Mrs. Earl Jones.

Mrs. Robert Gibson gave her presidential report for the year and received her past presidents pin. Mrs. Gibson has worked hard for PTA and we thank her.

Walton Woman's Club Honors Member; Welcomes Visit Of Fifth District Governor

Local Artist Wins State Award

Shown in the above photo (left to right) are Mrs. Wm. Divguid (Fifth District Governor); Mrs. Melvin Wasson, Mrs. Claude Thompson (President Walton Woman's Club); and Mrs. James Cobb (President elect). Mrs. Wasson is being presented with the K.F.W.C. First Place State Award for her water color painting "Along the Creek."

Congratulations!

The Walton Woman's Club met at the Christian Church, Wednesday, June 5.

The meeting began with the Oath of Allegiance followed by the Collect, led by Mrs. John Farrell. After the reports of the Secretary and Treasurer, announcement of the Lexington Tour on June 22 and 23 was made again. The Big Sisters' Program was discussed and Mrs. John Hesterman, chairman of the Conservation Program, reminded all of the necessity of saving old papers. Miss Sally Dluguid, the Fifth District Governor in Kentucky, gave some high points of the Minneapolis Convention of the General Federation Women's Club.

At the close of the business meeting, Mrs. James Cobb presented Mrs. Melvin Wasson with a silver bread and butter plate as an award for the best water color painting in Kentucky, and also first prize at the General Federation held at Louisville. Mr. Meadows, publisher of the Advertiser, took pictures of Mrs. Cobb, Mrs. Dluguid and Mrs. Wasson, holding the painting.

Mrs. John Farrell conducted

Green Road 4-H Club Has Winning Members

Green Road 4-H Club met at the home of Melanie and Lori Simpson for the April meeting.

Joyce Waymeyer and Melanie Simpson gave a report on the Environmental Camp that they had attended.

Lori Simpson read the Publicity Report.

Members were urged to complete their sewing projects and to turn them in for the style review judging.

At the Area Talk meet, the club had two participants. Melanie Simpson received blue and runner-up. Lori Simpson received blue and champion. Lori will participate in the State Talk Meet on June 28th.

Melanie Simpson and Joyce Waymeyer attended the Area 4-H Council at Williamsburg on May 20th and gave a report to area leaders on the Environmental Camp that they had attended at Cumberland.

Susan Waymeyer, Lori Simpson and Joyce Waymeyer completed their sewing projects and turned their articles in to be judged. Joyce and Susan modeled their garments at the County Style Review. In the Play Clothes Division, Susan received blue and third. Joyce received blue and champion in the Three-Piece ensemble division. Her outfit will be entered in the clothing competition at the state fair.

NEW CHURCH AT VERONA. PLAN SPECIAL SERVICES

The Verona Church of Christ, formerly of Crittenden, are now holding services in their building at Verona.

They will have a Gospel Meeting on June 17 thru June 23rd. Everyone is welcome.

Wayne Chappell is the Minister.

Gospel Reporters Sing At Walton First Baptist

The Gospel Reporters Quartet will be singing at the Walton Baptist Church along with the One Way Singers on Sunday evening, June 16, at 7:30 p.m.

Come out for a great evening of fellowship in the Lord.

Firemen's Picnic Coming

The Sixth annual Firemen's Picnic for the benefit of Bellevue-McVie Volunteer Fire Department will be held June 29, 1974.

Activities begin at noon and continue until late in the evening.

The scene of the picnic is six miles west of Burlington, Ky. 1.8.

There will be fish and chicken dinners; rides, games and prizes. A huge fireworks display is also planned.

For a great afternoon, attend this picnic and support the vols.

Nurse Graduate

Patricia Lee Adams, daughter of Mr. and Mrs. Harold C. Adams, 30 Locust Street, Walton, will graduate from University of Cincinnati College of Nursing on June 9th.

She is a member of Sigma Theta Tau, a National Honor Society for Nurses.

Miss Adams is working at the Jewish Hospital in Cincinnati.

FLAG DAY — JUNE 14, 1974

This is the Flag (Our Flag) of our Country. Be proud of it. Old Glory - The Stars and Stripes - The Colors.

The Flag consists of 13 horizontal alternate red and white stripes which represents the thirteen original states, and a union of fifty-five pointed white stars in alternate rows of six and five on a blue field in the upper left corner, which represents all fifty states.

I pledge allegiance to the Flag of the United States of America and to the republic for which it stands. One NATION under GOD, indivisible, with Liberty and Justice for all.

The Flag stands for The Land, The People, The Government, and the ideals of the United States. It is symbolic of the Wars in which our Country fought for its freedom. President Woodrow Wilson declared, "The things that the Flag stands for were created by the experiences of a great people. Everything it stands for was written by their lives. The Flag is an embodiment not of sentiment but of history. It represents the experiences made by men and women who do live under that Flag."

President Harry S. Truman officially designated June 14 as "Flag Day," which is observed throughout the Country.

Hundreds of thousands brave American men and women gave their all "Their Lives" and millions of others have fought for the ideals, Principles, Freedom and Democracy.

Our Flag represents all the lofty ideals which have appealed to men all over the world since this nation was founded: Freedom, Opportunity, recognition of Fundamental Human Rights and Aspirations.

America (USA) our Country right or wrong—May she always be right. But right or wrong, "OUR COUNTRY"

Keep our flag flying high.

Volunteer's Auction Saturday Afternoon

Saturday afternoon, June 15, at 2:00 o'clock, the Walton Volunteer Firemen and Life Squad will conduct a Rummage Auction at the picnic grounds on High School Court.

Many items have already been collected including: two cooking stoves, a camera, electric drill, bed springs (3/4 size), a hobby horse, metal table, couch, pole lamp kitchen cabinet, washing machine, some clothing and many other articles of furniture and miscellaneous.

The auctioneer will be Charles Webster.

If you have anything to donate the fire department for this sale, give any of them a call to arrange a pickup.

Most of all attend the auction and claim your bid on these items that will be sold at bargain prices.

SQUAD RUNS

June 6, 0740, Charles Trapp, 60, Hicks Pike, possible heart attack, St. Elizabeth.

June 7, 0835, Maude Caldwell, 83, North Main, possible heart attack, St. Elizabeth.

June 10, 0210, Earl Bragg, 32, Hill Park Ky., Booth.

June 10, 2150, Patricia Clements, 22, Greenlawn Trailer Court, fell in kitchen, St. Elizabeth.

The fire department would like to use this means to say thanks for all the donations received in memory of Ed Egan.

Zion Baptist Has Anniversary

Walton Zion Baptist Church, located on Church Street, will observe their 102nd Church anniversary Sunday, June 16th, 1974.

Morning Services will begin at 11:00 A.M. with an afternoon service planned for 3:30.

Dinner will be served.

Pastor Rev. Wilfred Davis, Sr., cordially invites the public to attend.

Verona Vols Picnic June 21 and June 22

WHAT—Verona Firemen's Picnic
WHEN—Friday and Saturday nights, June 21 & 22.
WHERE—Verona Ball Park
TIME—5 o'clock until midnight

There will be all kinds of food such as fish plates, barbecue chicken, all kinds of sandwiches, cole slaw, french fries, pie and cakes, soft drinks and coffee.

Booths for young and old.

Plenty of music.

Also on Saturday night, there will be a drawing for some nice prizes. So bring your family and help support your fire department. The new truck is on the way to go up. So your support by attending the picnic will be deeply appreciated.

Court Time Changed

Court has been changed from nights to day. Court will be held, starting June 13, at 11:00 A.M., at the City Hall in Walton.

BIBLE SCHOOL GRADUATION

The Vacation Bible School Students of Walton United Methodist Church will have a graduation program on Wednesday evening, June 19th at 7:30.

A church-wide picnic will be held on Sunday afternoon June 23.

GRADUATING BAND MEMBERS

Thirteen members of the 1974 senior class at Walton-Verona High were also members of the Band. They are: row one—Karen Hamilton, majorette and clarinet; Lois Frederick, Drill Team; Lynn Kohsin, Drill Team Captain; Patty Raybourne, Drill Team; and Pam Dunn, Majorette Captain, Field Commander and oblat. Row two, Connie Carlisle, bassoon; Giesele Stephens, baritone horn; Dayna Cheesman, flute; Michele Johnson, clarinet; and Karen Leek, flute. Row three, Alvin Martin, percussion; Jeff Acree, trumpet; and Gayliss Gaines, trombone.

Linton Golfing Game Puts Team In Third Place

"Stormy" Linton played in the Fifth Annual Thoroughbred Pro-Celebrity Golf Tournament.

"Stormy" won first prize low net amateur, net score of 67.

His team, Professional Bobby Nichols, Paul Hornung and Billy Walters came in third in a field of 20 teams, with a score of 19 under par, (bestball with handicaps.)

This tournament is for charity and the recipient this year is Kosair's Crippled Children's Hospital.

Mr. Linton's caddy for the day was another former local man, G. W. Baker, now residing in Louisville, Kentucky.

Bake Sale Is Friday

Boy Scout Troop 80 is having a bake sale Friday June 14, at Cherokee Shopping Center, from 5 p.m. to 9 p.m.

The public is invited.

OFFICE CLOSED MONDAY

The Kenton County ASCS Office will be closed Monday, June 17th. The office personnel will be attending a regional meeting in Lexington.

NFO Ham Supper

A NFO free ham supper will be held at Grant Co. High School, Saturday June 15 at 6:30 p.m. The speaker will be Erhard Pfingsten at 8:00 p.m. He has been a member of the NFO since its onset. He accepted the post of assistant to the national president in 1972, serving as spokesman for the NFO at important policy meetings.

All farmers come and get your questions answered: why hog prices are 28 cents; why cattle prices are 36 cents for choice steers; why the average age of farmers is 57 years of age; and what will happen when the family farmer is forced off the farm? Come all farmers, consumers and business people.

Attention Young People!

Do you sew for you self, do you sing, dance or have a talent special or would you like to enter the Queen or Mr. Teenage Contest?

The Boone County Farm Bureau Women's Committee is interested in participants to qualify for district competition. If you are interested in any of these categories contact either of the following phone numbers: 586-6142, 586-6753 or 371-9223.

Man From Greece Local Auto Fatality

Alexander Tsiantos, age 35, a native of Greece, was injured in a highway accident last Tuesday afternoon and died a short time later in a Covington Hospital.

Mr. Tsiantos, his wife and four-year-old son had been living in Birmingham, Alabama and were enroute to Michigan to visit with friends before returning to their home in Greece.

It was reported that a tree blew out on the 1971 Ford van Mr. Tsiantos was driving, causing it to turn over on I-71 about a mile north of the Verona interchange.

Members of Walton Life Squad took the family to St. Elizabeth Hospital. Mrs. Amalia Tsiantos, 31, was not injured and the son, Kyriazis, was scratched and cut on most of his body.

Mr. Tsiantos reportedly received a severe head injury and died a short time after being taken to the emergency room.

Denny Taylor Appearing At Newport Travel-Lodge

Denny Taylor, local singer and musician, opened in the Brutus Room of the Newport Travel-Lodge last Friday night.

For the past two and one-half years he has been at Doc's Place in Covington. He will be appearing nightly except Monday and Tuesday. This Friday, June 14th is Grand Opening night and will also feature several WUBE Disc Jockeys. Denny will sing any and all kinds of songs, including country, rock, old standards or anything you want to hear.

For an evening of good entertainment, visit Denny at the Brutus Room.

Few Changes Made In Local Methodist Pastors

Only a few changes were made in pastorates in the Covington District of the United Methodist Church at Annual Conference held last week at Richmond, Kentucky.

The new District Superintendent is Walton Gardner. He replaces Charles Perry who will pastor the Covington First Church.

Adrian Roberts will become DS of the Barbourville District.

Briarcrest Briddlers Horse Show June 16th

The Briarcrest Briddlers are holding a pre-area horse show June 16, at the Kenton County 4-H Fairgrounds.

The show will begin at 2 o'clock and the admission will be \$1.00 per car.
